DEDICATION

Carol A. Ross, 61, passed away suddenly on July 10, 2013 leaving her husband Lee of 38 years and three daughters Kathryn, Julie and Christine along with her extended family and friends that seems to include anyone that ever met her, heartbroken.

Carol's dedication and passion for her Faith, family and friends was evident in every aspect of her life. She was truly a lady with class. She was always ready and willing to go above and beyond for anyone and anything that she believed in.

For over 12 years, Carol was the first smiling face you saw in the Selectmen's office. Carol began her employment at the Town in 2000 as deputy town clerk and deputy tax collector. In 2001, she became the Selectmen's secretary where she was the planning board and zoning board secretary, welfare director and bookkeeper. She also served the Zoning Board as an alternate.

Carol was eager to learn and was an intricate part of modernizing the offices into the computer era. She helped develop many processes, which allowed the office to be managed more efficiently. Carol was always pulling new employees under her wing and showing them the ropes since she previously held nearly all the secretarial positions in Town.

Carol's passions were her family and friends. She loved vacationing with her daughters, boating on Spofford Lake, and making new friends. Carol is greatly missed!

Selectboard Report – 2013

People

Places

Things

We are starting our report by recognizing the passing of several people who were associated with the Town. We all miss Carol Ross, to whom this annual report is dedicated. We were saddened at the untimely passing of town employee Doug Rawson, Curt Nowill, who served as Selectmen in addition to many town and civic committees for several years and Richard “Dick” Chickering, a 50 year member of the Chesterfield Fire Department in addition to serving other various committees. Each of these individuals contributed toward the betterment of Chesterfield, which we are eternally grateful.

We welcome Pat Grace as selectmen’s secretary this year. Ruth Van Houten, long time Office of Emergency Management (OEM) Director has resigned and in special recognition, the OEM room was renamed in her honor. Ruth has volunteered in many capacities for the town for over 25 years. Her community involvement will be missed. Renee Fales is the new OEM Director and we thank her for stepping in. This year saw the formation of a volunteer Economic Development Committee. They will be looking at the commercial properties in town to see what options are available to retain current businesses and attract new business. We want to thank all the volunteers who help at the town, school and fire departments for giving of their time and experiences.

The nuclear plant, Vermont Yankee owned by Entergy, has given notice that they will shut down by the end of 2014. The closure will have a big impact on the employees of the plant, many who live in Chesterfield. The shutdown will have a region-wide affect, from emergency service agencies to local businesses to community groups that rely on the generosity of the employees and Vermont Yankee.

There were several positive changes at the Transfer Station. A new free shed was built, with volunteer labor and business donations. We thank everyone who generously contributed. In addition, a baler for the cardboard was installed. This will allow us to sell the cardboard instead of paying to dispose of it and a second trash compactor has been installed.

The Conservation Commission working with the Monadnock Conservancy has approved the California Brook Natural Area Easement (permanent protection of development easement) on 668-acre tract in the towns of Chesterfield, Swanzey and Keene. The Chesterfield portion of easement is 175 acres.

The town-wide revaluation was completed in August. Overall, total taxable property values declined 15%.

In closing, a new Town Hall stage curtain was completed by Oliver Mousseau who made and installed the original in the 1980’s. It looks great!

**TOWN OF CHESTERFIELD
STATE OF NEW HAMPSHIRE
TOWN MEETING 2013**

Proceedings of the Annual Town Meeting of the voters of the Town of Chesterfield, New Hampshire, called at the Chesterfield School in said town on Tuesday, March 12, 2013.

Moderator Pro Tempore Warren Allen called the Town Meeting to order at 10:00 in the forenoon at the Town Hall and declared the polls open for voting by ballot for Town Officials.

Polls were closed at 6:00 pm at the Town Hall and voting resumed at 6:30 pm at the Chesterfield School. Moderator Michael Bentley called the meeting to order at 6:35 and announced that the polls would remain open until 8 pm.

Police Chief Lester Fairbanks led the meeting in the salute to the flag.

ARTICLE 2: Bayard Tracy gave an overview of the budget process and spoke of balancing the needs of the town and consideration of taxpayers. He went over a handout which compared tax rates and amounts if amendments to article 3 were passed.

ARTICLE 3: Bayard Tracy made a motion, seconded by Dan Cotter to see if the Town will vote to raise and appropriate the sum of Two Million Eight Hundred Fifty Thousand Six Hundred and Thirty Three Dollars (\$2,850,633) for the following purposes, or act in any way related thereto. (***\$2,870,633** Recommended by the Selectmen)

TOTAL	2,850,633	2,870,633

Elaine Levlocke made a motion to amend Article 3 by accepting the Selectmen's recommended budget which increases the Solid Waste line by \$20,000 to a total of \$236,845. This would bring the total of Article 3 to Two Million Eight Hundred Seventy Thousand Six Hundred and Thirty Three Dollars (\$2,870,633). Leon Watkins said that the extra money was a cushion for the solid waste budget. Discussion ensued. The amendment passed on a voice vote.

A second amendment was introduced by Jim Larkin, seconded by Susan Newcomer to see if the town would vote to raise the amount of Article 3 by \$24,454.00 for police department salary and on-call pay, specifically increasing item 5, Personnel Administration, by \$4,311.00, and item 12, Police, by \$20,143.00. Duane Chickering addressed the meeting citing the many officers who have left the department in recent times and the high cost (\$90,000.00) of training a new policeman. Many people spoke in support of the police receiving increased pay. In response to a question, it was stated that the base rate for a new officer is \$17.71/hour. Kristin McKeon asked why the town did not ask for a contract if we are spending so much on training. Lester Fairbanks responded that currently he asks for two years from a new hire, that it's done on a handshake. The amendment passed on a voice vote.

A third amendment was introduced by Elaine Levlocke, seconded by Susan Newcomer to increase the amount of Article 3 by \$29,011.00. She indicated that this would provide longevity pay for employees in the following departments:

1. Executive	\$ 2,497
5. Personnel Admin.	\$ 4,554
9. Cemeteries	\$ 217
12. Police	\$ 7,400
18. Highway	\$13,796
20. Solid Waste	\$ 547

Many questions and comments followed. Ruth VanHouten asked what "executive" meant. Jon McKeon responded that it was the selectmen's office. Dan Cotter said he didn't have a problem with the money but doesn't like longevity pay. Susan Newcomer said that although the Budget Committee had had discussions about the issues of police pay and longevity, proposals from the Selectmen did not come to them in time for the regular budget process. Jim VanOudenhove preferred a merit based system, saying that it doesn't pay for good people. Neil Jenness would like a better system for the Cemetery Commission. Karen Guyette stated that the library should have been included in the increases. Richard Aldrich stated that longevity was particularly advantageous in police work. Steve Laskowski said there could have been a better plan with more time. Bayard Tracy asked for a paper ballot. The moderator declined, saying the request had to come before the meeting. The amendment passed on a voice vote.

The Moderator called for a vote on Article 3 as amended. The article passed on a voice vote.

Although not read to the meeting, the amended Article 3 is as follows:

**REPORT ON INTERNAL CONTROL BASED ON
AN AUDIT OF BASIC FINANCIAL STATEMENTS**

To the Board of Selectmen
Town of Chesterfield, New Hampshire

In planning and performing our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Chesterfield, New Hampshire (the Town) as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of management, the Board of Selectmen, and others within the organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTICE

If you own real estate lots that were involuntarily merged by municipal action, you may be able to have those lots restored to their pre-merger status.

Your property may qualify if two or more lots were merged for zoning, assessing, or taxation purposes and the merger occurred:

- During your ownership, without your consent; or
- Prior to your ownership, if no previous owner consented to the merger.

To restore your property to pre-merger status, you must:

- Make a request to the local governing body
- No later than December 31, 2016.

Once restored:

- Your properties will once again become separate lots; however, they must still conform to applicable land use ordinances. Restoration does not cure non-conformity.

This notice must be:

- *Posted continuously in a public place from January 1, 2012 until December 31, 2016, and*
- *Published in the 2011 through 2015 Annual Report.*

Read the full statute at [RSA 674:39-aa Restoration of Involuntarily Merged Lots.](#)

2013 Annual report ---Highway Department

2013 began as a relatively quiet year for the Highway dept. Mud season was almost nonexistent, summer brought us no big hurricanes, fall came and began the demise of a quiet year. Rain in mid-September did excessive damage to Swanzey Road, Castle Road, Bradley Road, and parts of upper Gulf Road. This little storm cost us in excess of \$40,000 and took us two months to recover. We almost got caught up as the cold weather hit. This kept us from our normal fall ditching which we will pay for in the spring of 2014. As winter came barreling down on us, we have had to spend copious amounts of money on salt and sand not to mention overtime. Storms seem to come on weekends or after normal work shifts.

We replaced a 1998 truck this year with a 2013 Freightliner cab and chassis that is outfitted with Everest brand body and plows . We stayed under budget by purchasing this truck that was already set up as a demo.

Ongoing work, which includes culvert replacement, grading, tree removal, dust control, resurfacing etc. has been fairly normal.

We issued 9 driveway permits, and we will be taking on two more roads next year if they are given final approval after they are brought up to Town specs.

So far winter has been pounding us with ice. This is an expensive situation keeping roads passable for emergency equipment.

We all should be aware that mud season is just around the corner, this can be another costly time. Our budget has increased minimally each year for the past few years. We may not be able to hold this slight annual cost increase much longer. Prices for materials and services have risen far faster than our budget.

As always, we invite you all to give us your feedback. Positive or negative we try to improve ourselves with this input.

We strive to keep our roads the best we can with the dollars we have.

Respectfully,

Bart Bevis
Road Agent

CHESTERFIELD POLICE DEPARTMENT

I would like to thank the Town of Chesterfield for the opportunity to present the Chesterfield Police Department's activity over the past year and some of our goals for 2014.

While we do not have any new programs to fund in 2014, I do have several goals. I hope to increase traffic enforcement, targeting speed and stop sign violations. Distracted driving remains a challenge to enforce as the activity the officer can see within a car often does not rise to the level needed to stop a vehicle. I encourage parents to speak with their young drivers to reinforce a zero tolerance of the use of electronic devices while driving.

We need to bring the number of burglaries down. I appreciate neighbors looking after their neighbors. The percentage of burglaries in this town directly related to heroin or other drug addiction has increased dramatically and sadly they are often people you may know, or in many cases, are related to. We also offer a house check program while people are away. Please call the Police Department for more information on this service.

Drugs remain a constant cancer in today's society. This year alone we have confiscated Molly, marijuana, methamphetamine, cocaine, heroin, and a host of unlawfully possessed prescription medication. To see the damage heroin does to lives is disturbing. An overwhelming percentage of crimes investigated revolve around heroin addiction. I know people in this town, who have spent a large portion of their adult lives in and out of prison due to the lure and addictive nature of heroin. Chesterfield is not exempt from this threat and we have seen it march slowly into the area over the past couple of years. From school aged kids to senior citizens no one is immune. We still have a strong community that is fighting the trend, but drugs and addiction does not stop at our borders and Route 9 certainly brings it through town everyday.

Officer Kevin White has restarted the new D.A.R.E. program in the school. The new program has a greater emphasis on anti-bullying and self confidence. With our Detective leaving the force in 2012, Lieutenant Chickering has taken over major case investigations as well as his supervision duties. While we had contracted with Paul Bertolami to assist him part-time with this, he has now retired after 34 years of service. I will continue to monitor this case load to ensure that the most serious crimes get the greatest attention.

In 2013 traffic accidents were down but injuries were slightly up. Of the 18 injuries (including 2 fatal accidents) sustained from 14 motor vehicle accidents, 13 injuries (including 1 fatality) were on Route 9 (9 collisions), 2 injuries were on Gulf Road (2 collisions), 1 on Main St. Rte 9A, Lincoln Rd and Rte 63 (1 fatal). The primary listed contributing factors of the injury accidents were caused by Failing to Yield the Right of Way (5 injuries in 4 accidents), followed by driver inattention/distraction (4 injuries in 3 accidents), excessive speed (3 injuries, in 4 accidents), driver falling asleep (3 injuries in 2 accidents) and 1 injury from road conditions, medical emergency and DWI. Of the 60 accidents reported, 5 took place in parking lots of the local businesses, 43 took place took place on State owned roads such as Rte 9 or Rte 63 and 12 occurred on Town roads. Both fatal collisions occurred on State Roads.

I wish to thank the residents of Chesterfield for their continued support and assistance. I know I speak for my officers when I say that this is a great town to serve. We enjoy the hard working, honest and supportive residents who make this a great place to live and raise a family. Please call us with any concern you have, as it is our goal to provide only the best service to our town. Our business line is 363-4233, Cheshire County Sheriff's Dispatch is 355-2000 and if you need an immediate response call 911.

Thank you, to all the patrons of Chesterfield. Without the help of all of you who separate your trash and recyclables at home, our job would be much harder. Chesterfield's Recycle rate is around 39.84 %. The state average is 24 % which puts us light years ahead of other communities. It is nice to be ahead.

I would like to remind everyone that for every ton of Recyclables that we put in the trash it cost the tax payers \$87.50, or 4.3 cents per pound.

The staff at the Recycle Center works hard to keep the facility clean, neat, odor, and clutter free. All employees are available to answer any questions you have and /or listen to any suggestions for improvement.

We have made a few changes to our facility however; you don't have to worry. There are no changes to your routine. We started selling our paper, when before we would pay to dispose of it. We added a cardboard baler; we will now be able to sell cardboard, before we were also paying to dispose of it. We have also added a second trash compactor; from now on we only are shipping 100% full loads. We also switched vendors for our Household Trash and Demo. As well as switched vendors for our cardboard and mixed paper. With these few changes, it was possible to lower our budget by \$20,916.00 and we anticipate an additional \$15,000.00 in revenue.

The new swap/book shop is up and going. We were able to do this mostly from donation of materials and time. Please stop by to see it, if you have not already done so.

As always if you need assistance with anything at the recycle center or advice on how to dispose of anything we would be happy to help you out, ensuring you get the best possible service. If you go to the Keene Recycle Center, please remember that you need a check; they do not accept cash or debit/credit cards.

If you have purchased a new car or just a new window, remember to allow 5 extra minutes to get a new sticker.

CODE ENFORCEMENT OFFICE 2013 ANNUAL REPORT

The 2013 activities for the Building Inspector / Code Enforcement Office were about equal to 2012. The number of permits issued at 96 was the same for both years however permit fees collected were 20.5% less. This is mainly due the lesser value of commercial projects that were permitted.

We are forecasting a little better year for 2014. There seems to be more interest in building commercial projects. Most of these projects are planned for the west end of Route 9. The continued construction of the McKenna Way housing development will also add to total of new housing units being built.

The most notable commercial project under construction at this time is the new Pete's Tire Barn. It is nearing completion and is scheduled to open in early 2014.

The following is a breakdown of our 2013 activities.

Permit renewals from prior years: 61, Renewal fees collected: \$3050.00

CHESTERFIELD HEALTH OFFICE 2013 REPORT

2013 has been another quiet year for the Chesterfield Health Office. We would like to report that in September the New Hampshire Department of Health & Human Services reported a case of West Nile Virus (WNV) for a resident of Chesterfield. NHDHHS would not release further information to us pertaining to this case for privacy reasons. This was the first human case reported in New Hampshire in over a year.

WNV & EEE are serious illnesses that everyone should be aware of. These infections are carried by mosquitoes that have bitten birds or animals that may have either of these viruses. The best defense against these infected mosquitoes is when outside where mosquitoes are present is to wear clothing that covers as much skin as possible and the use of repellants that contain DEET.

This department is responsible for drinking water testing twice yearly at the Chesterfield Library, North Shore Beach and Wares Grove Beach. We also approve new and replacement septic system designs. We approved 31 of these systems in 2013. We also attended two semi-annual training sessions provided by the New Hampshire Health Officers Association. These training sessions cover a wide range of health topics including everything from septic systems to housing standards.

We wish everyone safe and healthy 2014.

OFFICE OF EMERGENCY MANAGEMENT

EMERGENCY - Police and Fire 911 **NON-EMERGENCY 355-2000**
Office of Emergency Management 363-4133 **Chesterfield Police 363-4233**
Online at www.nhchesterfield.com/OEM_homepage.htm

The year 2013 was a relatively uneventful one in Chesterfield in terms of emergency management. Although town and regional personnel responded to any number of localized emergencies, we got through the year without any major disasters or emergency declarations. Summer storms did wash out several roads, but the extent of damage around the region did not rise to the level required for the state to qualify for federal relief funds.

In conjunction with Entergy and state and federal agencies, the Chesterfield Office of Emergency Management (OEM) took part in a series of drills in 2013 to test and refine our readiness to deal with an emergency at the Vermont Yankee (VY) nuclear power plant. This cycle takes place every two years and consists of two practice drills, overseen by NH Emergency Management, followed by a full-scale exercise involving all towns within the 10-mile Emergency Planning Zone (EPZ). The final exercise is observed, reviewed and graded by the Federal Emergency Management Agency (FEMA).

As expected, the Chesterfield team handled their duties in a very professional manner. In fact, we even had observers from the seacoast region at one of the drills, due to our team's reputation as one of the best in the state. The graded exercise went smoothly and earned the town a passing grade—the highest offered—from FEMA. This year's cycle provided an additional benefit, as both town Fire Chiefs gained experience in taking the lead in running such events.

The team itself saw a transition in leadership in September, as Ruth Van Houten retired as Emergency Management Director—a position she had held since 2001—and turned the reins over to Renee Fales. We thank Ruth for her years of dedication and for making Chesterfield's OEM the excellent organization that it is today. In terms of visibility and recognition throughout the state, and engagement with all of the other entities that work together to deal with emergencies, Ruth has truly left her mark, and left the town better prepared to handle any situation that might arise.

With the cooperation of the state and VY, our office was able to use some radiological planning funds to purchase a badging system for the town. This will be housed and operated by the Chesterfield Police Department, and is intended to provide ID badges to town personnel and volunteers acting in positions of responsibility.

We were also pleased to provide the Chesterfield School with reflective vests for all of their staff. These will be used in any drill or actual emergency to clearly identify school personnel, thereby eliminating confusion in situations requiring quick decisions and

timely action. This move has attracted attention from other towns in the area, several of which have since purchased vests for their own schools.

Our four warning sirens continue to be tested on a monthly basis, to ensure that they are ready to sound the alarm in any type of emergency. All have battery backup in the event of a power outage, and automatically alert Mutual Aid if any one of them fails to operate.

The announced shut down of Vermont Yankee in the fourth quarter of 2014 will likely bring changes to OEM organizations throughout the region. Until Entergy amends their license to no longer support an Emergency Planning Zone, they will be obliged to continue to provide funding to the EPZ communities. Entergy estimates that this license amendment will be completed and approved by the Nuclear Regulatory Commission (NRC) by June of 2016. Currently, Entergy contributes about \$20,000 a year toward the OEM space and utilities in the town office building, as well as additional funding for equipment, training and other purposes, including maintaining the sirens.

Perhaps most important will be the loss of the drilling and training that Entergy currently pays for. Emergency management teams in EPZ communities have historically outperformed their non-EPZ counterparts in both natural and manmade disasters, as a result of the drilling they do for radiological emergencies. In order for the Chesterfield OEM to maintain our current, high level of performance, the town will need to incur the cost of drills and training, or secure other funds for that purpose.

There are no radiological drills scheduled for Chesterfield in 2014.

It is always worth reminding everyone that emergency preparedness is key to surviving and minimizing the impact of all types of disasters. And preparedness is not something we can or should count on others to handle; it is a responsibility for every one of us. Each household should create an emergency plan and a “go-kit” of important items, and make sure that every member of the household knows what to do. There is plenty of information available online, from websites like www.ready.gov, and we'll be happy to work with you and answer any questions you may have.

“Hope for the best and plan for the worst” is not just a slogan for emergency managers. It's good advice for every member of our community.

CHESTERFIELD PUBLIC LIBRARY REPORT – 2013

Chesterfield Library has enjoyed another busy and productive year. Remember to visit our website and Facebook page updated information and activities: www.chesterfieldlibrary.org.

The New Hampshire State Library continues to offer several databases to our library users, at a discounted price. Besides Overdrive Downloadable audio books and e-books, we have available Ancestry Plus, Healthsource, and Ebsco Host Database researching. If you have not yet done so, come in for your library card and obtain the user information and passwords for these electronic services.

Other Library services include: Home delivery service for shut-ins, computers for public use, WiFi connection, a book club geared for adults, meeting space for small groups, interlibrary loan service, a public copier and fax machine, and more.

Services for our younger population begins with Monday morning preschool story hour at 10:30am, and a story time on the last Saturday of each month is at 10:00am. We, also, have passes to the Cheshire Children's Museum in Keene for half-price admission.

Annual Summer Reading Programs for all ages: Preschool, Grades K to 3, Tweens and Teens, offering Performers and Theme related activities cover a six week period.

Other programs are offered throughout the year as opportunity and funding allows.

A generous donation of \$2000 from Chesterfield Lion's Club for large print books has allowed us to purchase 107 additional titles. Our collection of large print books is growing in popularity as well as in size. We now have approximately 1000 LP fiction and non-fiction choices, and in 2013 we circulated 748 of them. Many thanks to the Lion's Club for their wonderful support!

We are grateful for the active support of the Friends of the Chesterfield Library in offering programs for different age groups throughout the year. They depend on their membership drive and fund raising efforts to maintain this level of support. Annually, the Friends sponsor the Chesterfield Author's Contest, for all age groups to share their talents in a variety of formats. They, also, provide performers for the summer reading programs and other programs. The group needs your help and support.

Many thanks, again, to everyone in the community who has donated books, money, silent auction items, baked goods and all manner of generous support. We appreciate all of you.

The Library Trustee sponsored 2013 Silent Auction raised \$2183; \$1000 of which has been deposited in the Chesterfield Library Endowment Fund. The balance has been added to our special projects account for future needs. Brochures explaining the Endowment Fund, and how you can support the effort, are available at the Library.

Parks and Recreation report

The 2013 year was a busy one for parks and recreation. The weather brought high attendance to the beach which required some staff to work the parking area on a few high volume days. Beach goers were met with the new appearance of the facilities, with the trees which were deemed unsafe, removed and cleaned up.

The recreation summer program continued to be a success with the staff always creating fun events for the kids.

Parks and recreation officially adopted the triathlon and soccer program this year. Both programs continued to have good participation.

This year the parks and recreation tried some middle school age programs throughout the summer offering camps in baseball, soccer, basketball, and field hockey. Working with the school, intramural basketball continued at the school as well as the backboard at the tennis court which was refurbished.

All of these programs were made a success with the dedicated efforts of many, from the director, and staff to the many volunteers and supporters. Thank you to all of you.

All indications we have received, as well as information passed on from the selectmen's committee has indicated that the citizens of Chesterfield want more programs offered locally for all ages throughout the entire year. Our goal is to meet this request with minimal overall budget increase. Although many of these programs are run by and will continue to be run by volunteers; it is necessary to have someone all year to start current programs, investigate and initiate new programs, and to ensure that we comply with all regulations, while maintaining continuity to the programs throughout a revolving resource of volunteers.

We are still seeking interested people to be a part of the parks and Recreation commission.

CHESTERFIELD CEMETERY COMMISSION

A great many tasks were accomplished by the Chesterfield Cemetery Crew in 2013. As well as performing 11 burials, and in addition to mowing, trimming and leaf blowing the town's 24 cemeteries and the town properties, the crew repaired and/or straightened 67 gravestones. The removal of non-conforming and over-grown shrubs continued. The good fall weather permitted much needed brush cutting and the removal of several leaning trees. One required professional help.

Other projects included repair to the roof of the Estler Tomb, rebuilding of the holding tomb door in Spofford Cemetery, painting of gates and fences and replacing 4 signs. The 3 wooden turnstile gates at Chesterfield West were repaired.

Our truck was traded for a 2007 ¾ ton GMC. A leaf blower was replaced.

We would like to thank the Highway Department, especially secretary Trish Lachenal, for their help during the year.

Many thanks also to our able crew: Jim Giurza, Gary Montgomery and Cliff Struthers. Jim will be leaving us after 10 years as he enters the next stage of his retirement. He will be missed! Special thanks also to our Sexton, Chris Flagg, for his able supervision and willingness to pitch in when needed.

Conservation Commission Annual Report – 2013

2013 was a busy year for the Commission. Although our activities are outlined here, more detail may be found at our new website, chesterfielddoors.com. Many thanks to Commissioner Jeff Newcomer for his willingness to produce a website that is quite accessible to commission members, several of whom are technological neophytes!

Friedsam Town Forest, managed by the Commission, was the site of several interesting developments. With its five miles of trails, and three parking lots, “Friedsam” is a popular destination for local hikers and dog walkers. Perhaps the biggest news was the official designation of our aged red oak on the Ancient Oaks Trail as the largest red oak in the in Chesterfield! Our trail adopters county. And at roughly 325 years, it is also the oldest living thing have been very busy in Friedsam and hopefully our hikers have noticed improved trail conditions and signage. There are now two benches along trails in Friedsam, one on Audrey’s Meander and one on the Cemetery Loop. The former was installed as part of the rejuvenation of the trail named for former teacher and current Joan’s Pantry volunteer Audrey Erickson. A small group, including Audrey, enjoyed the unveiling of “Audrey’s Bench” (constructed by trail adopter Ray Dunn).

The Conservation Commission has had constructed two kiosks, one at the Town Office and one at Chesterfield Gorge. In the spring these kiosks will be inaugurated with maps containing information about conservation land, hiking sites, and other recreational opportunities in town. These were purchased primarily with funds from a Quabbin to Cardigan grant obtained by Commissioner Lynne Borofsky.

The Conservation Commission serves as informal manager for the Madame Sherri Forest, which is owned by the Society for the Protection of New Hampshire Forests (“The Forest Society”). Both the castle and the hiking trail system, accessible from the parking lot, are very popular as a destination site for hikers, history buffs, ghost hunters, wedding participants and film makers. An example of the latter is the film ***Northern Borders***, released in 2013, which has two scenes from the Madame Sherri Castle.

Once again the Commission has partnered with the Spofford Lake Association to help ensure that the high quality of the lake is maintained. An immediate potential problem is aquatic invasive plant species and we continue to contribute from the Conservation Fund to the Lake Host Program to monitor and prevent such invasives. In the annual expert search for such invasives by Michael Lennon of Aquatic Control Technologies, none were found! A longer run issue involving the lake is the run-off from its watershed. In 2013 Jeff Littleton of Moosewood Ecological completed a watershed inventory, financed by the Commission and the SLA. This will serve as a baseline for monitoring future run-off.

The “trail adopter” program has blossomed and an adopter (or adopters!) has been found for each of our Chesterfield trails, all 15 miles of them. We celebrated our trail adopters and other trail workers (chainsaw operators for example!) with a gathering in the fall.

WELFARE DIRECTOR'S REPORT

2014

With the passing of Carol Ross in 2013, I was appointed to the position of Welfare Director in September. The fuel assistance program was a bit of a challenge, with the brief government shutdown and many families needed fuel assistance during the early start of the cold weather in October and November.

As director, I will help those who are in need and qualify for assistance. I will continue to attend seminars and conferences to grow in this capacity.

I want to thank all the individuals who give their time to volunteer at the Salvation Army, Keene Community Kitchen and Joan's Pantry.

Chesterfield Fire Warden's Report for 2013

The 2013 forest fire season was light once again with no large fires.

Spring came early again. We assisted Hinsdale with 2 brush fires on the same day.

The Town lost a longtime Deputy Richard Chickering, who was a Deputy Warden for about 28 years. He will be missed.

With the help of Deputies Stephen Bevis and Michael Fuller, over 260 permits were issued along with 11 official warnings.

I spent some time working on roads on Wantasiquet Mountain to make it safer and quicker to get to a fire, should one occur.

I remind citizens that all permits expire on December 31st of each year. You need a permit for any fire when there is no snow on the ground. 1-603-256-6358 if you have any questions.

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-1370 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfl.org.

This past fire season started in late March with the first reported fire on March 26th 2013. April, which is the traditional start to our spring fire season, started very dry with little measurable precipitation until the middle of the month. Approximately 70% of our reportable fires occurred during the months of April and May. The largest fire was 51 acres on April 29th. 81% of our fires occurred on class 3 or 4 fire danger days. By mid May, extensive rains began which provided us with a very wet summer overall. We had a longer fall fire season due to drier than normal conditions following leaf fall. Fortunately most of these fires were small and quickly extinguished. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2013 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

ONLY YOU CAN PREVENT WILDLAND FIRE

Rescue Inc.

Rescue Inc. was incorporated in 1966 to provide emergency medical services to the greater Brattleboro area. This cooperative arrangement between the eleven original towns has expanded to include fifteen towns and nearly 500 square miles. Our time tested model has consistently provided high level emergency medical care, community training and specialized rescue services at a reasonable cost.

Rescue Inc operates a fleet of six paramedic equipped ambulances that carry advanced cardiac monitoring equipment and medications, along with a host of advanced airway management equipment. We also operate a transport capable vehicle extrication truck for response to vehicle and machinery accidents as well as transport of patients at the Advanced EMT level. Our two staff vehicles allow us to provide paramedic intercept services to our communities and neighboring areas. These vehicles also serve as tow vehicles for our regional mass casualty incident support trailer and our technical rescue equipment trailer. We also operate two swift water rescue boats for response to water related incidents and flooding. Our staff consists of a combination of fifty six dedicated and highly trained career and volunteer providers, most of which live in the community. Annually our staff responds to nearly five thousand emergency medical calls, specialty care transfers, support and technical rescue calls and conducts dozens of community education programs. Throughout the past forty seven years Rescue Inc. has grown to become an essential regional asset and a leader in the field of emergency medicine and all hazard preparation and response. Our operating costs exceed \$2.4 million with the majority of our annual revenue coming from direct billing for services. Rescue receives subsidies from each of our member towns which helps to offset the financial shortfalls created by decreasing federal reimbursements and uncollectable calls. These funds also help to offset costs associated with support services such as emergency planning, standby coverage and rehabilitation of firefighters at larger fires and emergencies.

This year has been filled with regulatory change and anticipation of the effects of health care reform. This is a huge national issue that has real effects on our daily operation. As an organization we have been working to prepare for some of these changes. Our providers are in the process of transitioning to new state wide protocols and national scope of practice changes. Our operations staff is adjusting to an increased need for specialty care transfers and an ever increasing call volume. Our administrative office has had to make changes in billing practices and adjust to another reduction in federal reimbursements. Our technical rescue team is working with state and local agencies to develop a collaborative response plan. Our training department has expanded community training opportunities and continues to offer educational programs to enhance emergency medical education in the region.

Our staff would like to take this opportunity to remind all our friends, families and local residents that our subscription program is a good, low cost way to protect your entire family from the expense of ambulance transport. As an area not for profit we are always looking for volunteers, donations and bequests to help us guarantee continued service at a low cost. Details can be found on our website at www.rescueinc.org or by contacting our administrative office at 802-257-7679.

Chesterfield Senior Activities
2013 Report

Our Seniors Luncheon is usually attended by 30 to 35 residents, for a home-cooked meal (seconds included) and a social time. We'd like to see more seniors attend.

The meal is served at 12:30 PM at the town hall, nine months a year, the second Wednesday of the month, skipping January, February and August, with the July barbecue held at the wares Grove picnic area.

Attendees may give a small donation and we receive an amount from our town to use for food and supplies.

Home Health Care holds a free blood pressure clinic from 11:30 to 12:30 and give flu shots in October.

The Age In Motion (AIM) program, exercises for seniors, is sponsored by Keene's HHCCS twice a week from 9 AM to 10 AM Mondays and Wednesdays at the Town Hall for ten weeks twice a year. For more information call "Wellness" at Home Health in Keene, 352-2253, Ext. 168.

Many thanks to our town for helping us continue these senior programs.

CHESTERFIELD FIRE & RESCUE PRECINCT

2013

It is the mission of the Chesterfield Fire and Rescue Precinct to provide the highest quality emergency response services. To maintain this commitment, training our members is essential. In the past year, ten of our members attended the National Fire Academy Leadership Series I, II and III, that was held at the Chesterfield Center Fire Station.

The 30 members of the Chesterfield Fire and Rescue answered a total of 213 calls for 2013 consisting of 101 Fire calls, 106 Rescue calls and 6 Hazmat calls.

The Chesterfield Fire and Rescue Precinct members welcomes Frank Underwood back for a three year term as commissioner.

We want to thank the community for their continued support. Special thanks to all of the firefighters and their families for their unselfish dedication in helping us keep our community safe.

We are always in need of personnel. If you are interested, stop into the station any Sunday morning between 9:00 a.m. and 10:00 a.m. to talk about joining our department.

The safety of our citizens is of the utmost importance to us; therefore we ask that your address be clearly marked either on your house or mailbox so that we may respond and provide assistance to you without delay.

It comes with great sadness that we have lost a valuable fifty year member of our Department, Richard G. Chickering. Richard served as an active member for the full 50 years and held the positions of Fire Lieutenant and company treasurer. Richard also served as a Deputy Fire Warden for over 25 years and was a member of the Historical Committee. His quick wit and wealth of knowledge will be greatly missed.

Bob Wheeler moved \$120,265 as read. The motion was seconded by Sarah Finkenstadt and passed unanimously.

Article 5: To see if the Precinct will vote to raise and appropriate the sum of \$11,333 to be added to the already established Chesterfield Fire and Rescue Precinct Small Equipment Capital Reserve Fund, or act in any way related thereto; (Recommended by Commissioners) (Recommended by the Budget Committee) Stephen Bevis moved article 5. The motion was seconded by Bob Wheeler and passed unanimously.

Article 6: To see if the Precinct will vote to raise and appropriate the sum of \$36,000 for the purchase of Self Contained Breathing Apparatus and to further authorize the withdrawal of up to \$36,000 from the Chesterfield Fire and Rescue Precinct Small Equipment Capital Reserve Fund, or act in any way related thereto; This is a special warrant article per RSA 32:10 I (d). (Recommended by Commissioners) (Recommended by the Budget Committee) Sarah Finkenstadt moved article 6. The motion was seconded by Bob Wheeler and passed unanimously.

Article 7: To see if the Precinct will vote to raise and appropriate the sum of \$3,075 for the purchase of Hose and to further authorize the withdrawal of up to \$3,075 from the Chesterfield Fire and Rescue Precinct Small Equipment Capital Reserve Fund, or act in any way related thereto; This is a special warrant article per RSA 32:10 I (d). (Recommended by Commissioners) (Recommended by the Budget Committee) Bob Wheeler moved article 7. The motion was seconded by Penny Cooper and passed unanimously.

Article 8: To see if the Precinct will vote to raise and appropriate the sum of \$32,338 for the purchase of LifePak 15 Cardiac Monitor and to further authorize the withdrawal of up to \$32,338 from the Chesterfield Fire and Rescue Precinct Small Equipment Capital Reserve Fund, or act in any way related thereto; This is a special warrant article per RSA 32:10 I (d). (Recommended by Commissioners) (Not Recommended by the Budget Committee) Stephen Bevis moved article 8. The motion was seconded by Penny Cooper. The defibrillator that will be replaced is a 3 lead monitor. The LifePak 15 is a 12 lead monitor. It can be used by anyone with 10 to 15 minutes of training. The motion passed unanimously.

Article 9: To see if the Precinct will vote to raise and appropriate the sum of \$60,775 to be added to the already established Chesterfield Fire and Rescue Precinct Heavy Equipment Capital Reserve Fund, or act in any way related thereto; (Recommended by Commissioners) (Not Recommended by the Budget Committee) Erik Stoddard moved article 9. The motion was seconded by Penny Cooper and passed unanimously.

Article 10: To see if the Precinct will vote to raise and appropriate the sum of \$175,000 for the purchase of a Pumper and to further authorize the withdrawal of up to \$175,000 from the Chesterfield Fire and Rescue Precinct Heavy Equipment Capital Reserve Fund, or act in any way related thereto; This is a special warrant article per RSA 32:10 I (d). (Recommended by Commissioners) (\$145,000 Recommended by the Budget Committee) Bob Wheeler moved to approve the Commissioners recommendation. The motion was seconded by Alex Winn. The budget committee was unhappy with the increase to taxes primarily caused by the \$11,221 contribution to the small equipment capital reserve fund voted from the general fund in order to

level fund the 2012 budget. Gary stated that if article 12 passes, the amount in this article does not matter because the Commissioners will be authorized agents to expend from the Heavy Equipment Capital Reserve Fund. Will Vogeley discussed reconsidering Article 9. There will be over \$400,000 in the Capital Reserve Fund. Rick Cooper stated that there is a Cab & Chassis for mini-pumper @ the West Station and a body for the Rescue Truck scheduled to come out of the Capital Reserve Fund next year. Bart stated that the price for a new truck was \$359,000. The Moderator stated that the district can only authorize \$83,454 taken into consideration the 10% rule for budgets. Will Vogeley moved to amend article 10 to \$83,454. The motion was seconded by Erik Stoddard and passed unanimously. The article as amended passed unanimously.

Article 11: To see if the Precinct will vote to name the Commissioners as agents to the existing Building Maintenance Non-Capital Reserve Fund; Bob Wheeler moved article 11. The motion was seconded by Jeff Chickering. The balance in the building maintenance non-capital reserve fund is \$13,731.88. The motion passed unanimously.

Article 12: To see if the Precinct will vote to name the Commissioners as agents to the Heavy Equipment Capital Reserve Fund; Erik Stoddard moved article 12. The motion was seconded by Penny Cooper. This can be reversed next year. The motion passed unanimously.

Article 13: To see if the Precinct will vote to name the Commissioners as agents to the Small Equipment Capital Reserve Fund; Bob Wheeler moved article 13. The motion was seconded by Dave Sheldon and passed unanimously.

Article 14: To transact any other business that may legally come before the meeting. There was none.

Penny Cooper moved to adjourn at 8 PM. The motion was seconded by Kevin White and passed unanimously.

Respectfully Submitted,

Amy LaFontaine
Secretary

SPOFFORD FIRE DISTRICT COMMISSIONERS REPORT

For year ending December 31, 2013

2013 turned into another one of those typical years. One of our long-standing Commissioners, Michael Wiggin, stepped down in March. He also served many years as a Spofford Fire District representative on the Chesterfield Budget Committee. He was well respected on this committee for his vast knowledge of the fire service. Last year Mike passed his 40 Years of service to the Spofford Fire Department.

As was mentioned last year, the Spofford Fire Department put into service an off road Ranger. The department bought the Ranger. They also bought a trailer to transport the vehicle and a skid unit that goes in the back for the transport of a patient out from locations not accessible by the average vehicle. This was done at no cost to the taxpayers with monies raised by fundraisers such as the pancake breakfast. There were many hours put into this endeavor by a few of the members.

We continue to encourage Spofford residents to use our multi-function room. This can accommodate small functions of many types. Chesterfield residents are also welcome to use this room. There is a small charge for this room.

The Commissioner worked hard this year to keep the budget to a very minimal increase. As always, there are increases that are dictated to us for products and services that we require that we have little control over. We continue to fund our capital reserve funds with minimal increases to sustain anticipated funds needed for future capital purchases. Our only capital reserve fund withdrawal this year will be for one set of gear.

As always, we seek new members. If you think you may have the skills to be of help to the department, feel free to contact us. If you do not already possess the skills to be a firefighter/EMT, come meet with us and we can provide training.

Thanks to all of you for your continued support of the Spofford Fire District.

Commissioners of the Spofford Fire District

Dave Thomas, Chairman

Wayne Guyette

Stephen Buckley

SPOFFORD FIRE & RESCUE DEPARTMENT
Gordon Rudolph Fire Chief

2013 was a productive year for the Spofford Fire Department. With fund raising the members were able to purchase an off road rescue unit, trailer to tow it, and the needed equipment for it. None of which would not be possible without the support of our great community.

In 2013 Spofford Fire saw its share of emergency calls, from 2nd alarm house fires, major motor vehicle accidents, to the basic of house medical calls. The membership of the Spofford Fire Dept. handled every situation outstanding with utmost productivity.

Spofford continues to use the training from FETC services and has proven this to be a great asset to the department growth. We look forward to 2014 with more advanced trainings to better prepare all our members for any and all emergencies that we shall encounter.

With the closing of Vermont Yankee, Spofford lost two outstanding members, as they moved to another state for employment. I would like to thank Airika and JR White for their many years of service and wish them all the best in the future.

We have added two new members to the Chesterfield explorer program. I would like to welcome Blake Woods and Joe Babcock. I look forward to working with both these young gentleman in learning the emergency services.

In closing I would like to thank all the people of the Spofford Fire District for their support of the many great men and women of the Spofford Fire Department. It is our pleasure to serve you.

We are always looking to add members and help train them to better our community.

Annual Report of the Chesterfield School Board 2013-14

SCHOOL BOARD GOALS 2013-2014

1. To foster a positive and safe environment in which students, staff, and the community are respected and valued.
2. Demand academic rigor resulting in all students making high growth.
3. To monitor the implementation of the new performance review system.
4. Assess the effects of changing enrollment and continue to optimize the use of staff and resources.

Each year as I write this report, I attempt to give direct, focused and thoughtful statements. Everything you need to know in one page or less! This year Principal D'Eon's report covers the staff and administration's implementation of the School Board goals, while Superintendent Woolridge addresses the changes in student instruction and staff evaluations, as well as the introduction of the SAU strategic plan. That leaves me with the daunting task of sharing the challenges and hopes of the school board with the town. We continue to grapple with enrollment, which, despite our best planning, has fluctuated in both directions, though the board is very aware of the gradual decline over the past decade. Education is the key to keeping our community strong, to creating students who become contributors locally and throughout the world, and to ensuring that Chesterfield stays an affordable home for new and existing residents, as well as businesses. The school facility itself is used by the entire community on a daily basis and we strive to maintain it, keeping it clean and safe for all. We were able to remove the portable classroom structures this past year, and are finalizing the internal wiring project, which will allow us to fully utilize our faster internet connection. We continue to balance the needs of the community with the state and federal mandates, making sure that students are still provided a complete education. Our students continuously achieve at top levels at the high school, they represent Chesterfield on many sports teams, in extracurricular clubs and volunteer groups, on student government, and in the top graduating seniors each year. We have much to celebrate as a community, and are proud of our students.

Please join us the second Monday of each month at 5:30 pm in the school library. Meetings have public input opportunities at the beginning, middle and end. Agendas are posted on the school website, at Chesterfield Public Library, Chesterfield Town Offices, Chesterfield Post Office and West Chesterfield Post Office. We encourage the community to learn more about School Board operations and to share with us your concerns, questions, and school successes.

Respectfully submitted,

Ege Cordell
Chair, Chesterfield School Board

COMPLIANCE STATEMENT

This school district receives federal financial assistance. In order to continue receiving such federal financial assistance, this school district will not discriminate in their educational programs, activities or employment practices on the basis of race, language, sex, age, or handicapping condition, under the provisions of Title IX of the 1972 Educational Amendments; Section 504 of the Rehabilitation Act of 1973.

Complaints regarding compliance with Title IX regulations should be submitted in writing to the Title IX liaison for School Administrative Unit 29, the Manager of Human Resources, 193 Maple Avenue, Keene, New Hampshire.

Complaints regarding compliance with Rehabilitation Act of 1973 - Section 504 should be submitted in writing to the Director of Special Education, 193 Maple Avenue, Keene, New Hampshire.

Wayne E. Woolridge
Superintendent of Schools

STATE OF NEW HAMPSHIRE SCHOOL WARRANT

To the inhabitants of the school district in the Town of Chesterfield qualified to vote in District affairs:

You are hereby notified to meet at the Chesterfield Elementary School in said District on the 8th day of March, 2014, at 7:00 p.m. to act upon the following articles:

ARTICLE 1: To hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto.

ARTICLE 2: To see if the District will vote to raise and appropriate the budget committee's recommended amount of \$8,306,317 for the support of schools, for the payment of salaries for the school district officials and agents, and for the payment for the statutory obligations of the district. The school board recommends \$8,306,317. This article does not include appropriations proposed in other warrant articles.

ARTICLE 3: To see if the District will vote to approve the cost items included in the collective bargaining agreement reached between the School Board and the Chesterfield Support Staff Association which calls for the following increases in salaries and benefits at the current staffing level:

<u>YEAR</u>	<u>Estimated Increase</u>
2014-15	\$ 11,770
2015-16	\$ 22,415
2016-17	\$ 24,242

and further to raise and appropriate the sum of \$11,770 for the current fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits required by the new agreement over those that would be paid at current staffing levels in accordance with the most recent collective bargaining agreement. (This article is recommended by the Chesterfield Budget Committee and the Chesterfield School Board)

ARTICLE 4: Shall the District, if article 3 is defeated, authorize the School Board to call one special district meeting. At its option, to address article 3 cost items only?

ARTICLE 5: To see if the District will vote pursuant to RSA 671:22 to elect its District officers by separate ballot at the Town election held annually for the Town of Chesterfield. This action shall be effective upon the Town elections of 2015. The School Board shall post a special warrant for the election of officers as provided in RSA 671:27; or take any other action in relation thereto.

ARTICLE 6: To see if the District will vote to appropriate and authorize the School Board to transfer up to \$25,000 of its unencumbered funds, if any remain on hand at the end of the fiscal year, June 30, 2014, to be deposited in the Capital Reserve Fund established by voters on March 5, 1994, for the purpose of major renovation/reconstruction of the school buildings and related costs, or to take any other action in relation thereto. (This article is recommended by the Chesterfield Budget Committee and the Chesterfield School Board)

ARTICLE 7: To see if the District will vote to raise and appropriate the sum of One Hundred Thirty Thousand Dollars (\$130,000) for the replacement of the school boilers' fuel delivery and storage systems, including conversion to propane, and related expenditures to complete the project, and further to authorize the withdrawal of up to Eighty-five Thousand Dollars (\$85,000) from the Capital Reserve Fund established by voters on March 5, 1994 for such a purpose, the remainder of Forty-five Thousand Dollars (\$45,000) to be raised from general taxation, or to take any other action in relation thereto. (This article is recommended by the Chesterfield Budget Committee and the Chesterfield School Board)

ARTICLE 8: To transact any other business, that may legally come before this meeting.

Given under our hands at said Chesterfield, this 10th day of February, 2014.

Chesterfield School District Meeting

March 9, 2013

The Moderator, Gary Winn, declared the polls for election of school district officials open for voting at 10:00 a.m.

Jamie Card, School District Clerk, appointed the following persons as ballot clerks: Paul Copeland, Nancy Deutsch, Melanie Migneault, Laura Couble, Sherry Shield, Brienne Lincoln, Bruce Lord, Linda Lord, Fran Shippee, Margaret Winn, Judy Idelkope, Traci Fairbanks, Lauren Vermouth, and Beth Fiorello.

Gary Winn, the Moderator, appointed Steve Pfistner.

Gary Winn, the Moderator called the meeting to order at 7:05 pm for the purpose of acting on the articles in the warrant. He led the audience in the Pledge of Allegiance. The Moderator then explained that the polls would remain open until the close of the meeting, except for temporary closures during paper ballots votes. Voting for warrant articles above \$25,000 would be by paper ballot vote unless overwritten this meeting. In the event of any warrant article were restricted for reconsideration, there would be a seven (7) day waiting period prior to holding an additional meeting to reconsider such articles. Any amendments to the warrant articles should be presented in writing for accuracy purposes. He explained evacuation procedures in the event of an emergency.

The Moderator introduced himself; members of the School Board –Ege Cordell, Chairwoman, Bruce Platt, and Jamie Card acting as the District Clerk. He then proceeded to introduce Sharyn D'Eon, the School Principal, Wayne Woolridge, the SAU29 Superintendent, Reuben Duncan, the Assistant to the Superintendent, and Tim Ruehr, the Business Administrator.

Following the introductions, the Moderator proceeded to the consideration of the Warrant articles.

ARTICLE 1:

Bruce Platt moved and Susan Newcomer seconded the motion to hear the reports of agents, auditors, committees or officers chosen, and pass any vote relating thereto. The Moderator asked if there were any reports to bring forward, seeing that there were none, the Moderator then posed the question.

The Moderator declared Article 1 to passed by a voice vote.

ARTICLE 2:

To see if the district will vote to raise and appropriate the budget committee's recommended amount of \$7,722, 655 for the support of schools, for the payment of salaries for the school district officials and agents, and for the payment for the statutory obligations of the district. The school board also recommends \$7,722,655.

Bayard Tracy moved and Bruce Platt seconded. Bayard Tracy introduced himself as the Chairman of the Budget Committee, praised the school board for their good work and efforts on the school budget, and provided the audience with highlights of what they can expect on this year budget. Tim Ruehr, Business Administrator spoke about this year budget and answered questions about the budget and taxes. Ege Cordell spoke to the details of the budget requested. Discussion ensued. The Moderator suspended voting for district officers and asked the audience to vote by paper ballots. The meeting was recessed for the counting of the paper ballots. There were 34 voters present at the meeting.

The Moderator declared Article 2 passed by a paper ballot vote of twenty nine (29) votes (YES) and five (5) votes (NO).

ARTICLE 3:

Susan Newcomer moved and Bruce Platt seconded to see if the school district will vote to raise and appropriate the sum of Sixty Thousand Dollars (\$60,000) for the rewiring of the data infrastructure of the Chesterfield School including switches, new wiring, and wireless routers and related expenditures to complete the project, and further to authorize the withdrawal of up to Sixty Thousand Dollars (\$60,000) from the Capital Reserve Fund established by voters on March 5, 1994 for such a purpose or to take any other action in relation thereto. This article is recommended by the Chesterfield Budget Committee and the Chesterfield School Board).

Ruth VanHouten reminded the audience to be mindful about possible additional costs or additional maintenance when working on repairs. Ege Cordell, School Board Chairwomen spoke to the importance of making sure that everything works properly in the building. She explained that currently there are lots of connections problems that the school is hoping to correct to ensure that all computers can function properly and meet the testing requirements of all students. Discussion ensued. The Moderator suspended voting for district officers and asked the audience to vote by paper ballots. The meeting was recessed for the counting of the paper ballots. There were 34 voters present at the meeting.

The Moderator declared Article 3 passed by a paper ballot vote of thirty four (32) votes (YES) and two (2) votes (NO).

Susan Newcomer moved and Bruce Platt seconded Ege Cordell's motion to restrict reconsideration on Article 3. The Moderator declared the motion carried by a voice vote.

ARTICLE 4:

Bruce Platt moved and Dan Cutter seconded to see if the District will vote to appropriate and authorize the School Board to transfer up to \$25,000 of its unencumbered funds, if any remain on hand at the end of the fiscal year, June 30, 2013 to be deposited in the Capital Reserve Fund established by voters on March 5, 1994, for the purpose of major renovation/reconstruction of the school buildings and related costs, or to take any other action in relation thereto. (This article is recommended by the Chesterfield Budget Committee and the Chesterfield School Board).

Bob Brockmann questioned if \$25,000 would be enough? Ege Cordell spoke about some of the problems that been addressed before such as the driveway, front walkway, the old part of the front lawn and the importance to keep working together to maintain the functionability of the building. Tim Ruehr explained that we have been putting money away for this project. He also answered questions related to the tax rates increase, the oil tanks, and possible costs in the future. Discussion ensued. Ruth VanHouten talked briefly about the rewiring project and asked questions about possible repairs on the roof in the future. Susan Newcomer asked questions about declined funds in adequacy aid and tax increased as a result of limited funding. Tim Ruehr answers questions related to the wiring, taxes increase, roof repairs, and limited funding. Judy Idelkope requested an update on the removal of the portables. Tim Ruehr explained that three people interested in taking the portables down back away. He also explained that we have put away \$8500 to take them down. Tim Ruehr also remained the voters that they are the only people who can put money in or take money out of the account. Discussion ensued. Bob Brockmann moved and Steve Pfistner seconded to amend Article 4 from \$25,000 to \$50,000. Bayard Tracy remained the voters about the already ongoing increased in taxes and encouraged them to do not approve this motion. Discussion ensued. The Moderator encouraged the audience to vote on the amendment to Article 4 by a YES/NO voice vote. The Moderator declared that the amendment to Article 4 failed by a voice vote.

The Moderator then remained the audience that we were back to the original motion on Article 4 and encouraged them to vote by the YES/NO voice vote. The Moderator declared Article 4 passed by a YES voice vote.

ARTICLE 5:

To transact any other business, that may legally come before this meeting.

Susan Newcomer explained that she is a member of the Chesterfield Public Foundation (CPF) and described some of the projects that CPF has funded in the school in the pas adding up to approximately \$10,000. The biggest project was the implementation of IPAD's for the music

ADMINISTRATIVE REPORT

As we arrive at the midway point of the 2013-2014 school year, I am pleased to report that great progress is being made in terms of the strategic planning that has been the focus of our conversations of late. The SAU 29 Strategic Plan (see below) outlines the manner in which we utilize our resources to build our capacity as an organization in a coherent and cohesive manner in order to focus on the needs of our students. We have focused on three clear goals.

- Goal 1: Build & Maintain High Standards for Achievement
- Goal 2: Leverage More & Better Community Partnerships
- Goal 3: Be More Efficient with Resources & Operations

The administration has conducted site visits in classrooms to observe best practices in action and to provide guidance as we build capacity in the areas of curriculum, data, and instruction. A culture of collaboration is being fostered with teachers welcoming visits by administrators and colleagues and embracing the open dialogue that results.

All classroom teachers are creating units that are aligned to the College-and-Career-Ready Standards (CCRS). The units will be reviewed in May in an effort to further develop a culture of collaboration. Teachers are gaining a deeper understanding of the Common Core Standards as a result of creating these units of study. Classroom teachers have discovered through this process that many of the units they are currently teaching are aligned with the standards – a testament to the academic rigor that already exists within our school.

As part of the strategic planning, we are developing systems of support for learners with Response to Instruction (RtI). RtI is an approach to differentiating instruction to meet all students' needs by addressing the following questions:

1. Exactly what is it we want all students to learn?
2. How will we know when each student has acquired the essential knowledge and skills?
3. What happens in our school when a student does not learn?
4. How will we enrich and extend the learning for students who are already proficient?

Response to Instruction is a tiered approach as outlined below:

Tier One: Core Instruction – All students receive high quality, general instruction and positive behavioral support.

Tier Two: Targeted Group Interventions – Some (at-risk) students receive highly efficient rapid response instruction *in addition to* core instruction.

Tier Three: Intensive, Individual Interventions – Individual struggling students receive assessment-based, high intensity instruction, *in addition to* core instruction.

Teachers support the RtI model, although we are finding that the teachers are at different levels of implementation. The administration plans to continue to work on this implementation during the 2014-2015 school year. Professional development will be offered over the summer months to provide further support for our teaching staff in this area. School-wide RtI rubrics are posted on the SAU 29 website.

The Instructional Capacity Committee continues to develop a professional evaluation model based on the work of Charlotte Danielson (The Danielson Framework) with a presentation to be made to the professional staff SAU-wide on March 6. The evaluation model process will continue during the 2014-2015 school year as we combine the professional development work completed by the majority of our teaching staff in the SAU related to “Research for Better Teaching”. I have confidence in the ability of our staff to implement the new professional evaluation system with fidelity, and trust that the system will strengthen our organization while enhancing the quality of the education provided to our students.

Our efforts to achieve outcomes related to goal two, whereby we hope to leverage more and better community partnerships in an effort to create greater efficiencies, have included the following collaborative discussions:

- Monadnock Family Services
- *Ready for Kindergarten*
- Keene State College/River Valley Community College
- C&S Wholesale Grocers
- Healthiest Community Advisory Board
- Senator Molly Kelly and Area Legislators
- Strategic Planning Advisory Committee
- Substance Abuse Task Force
- SAU 93

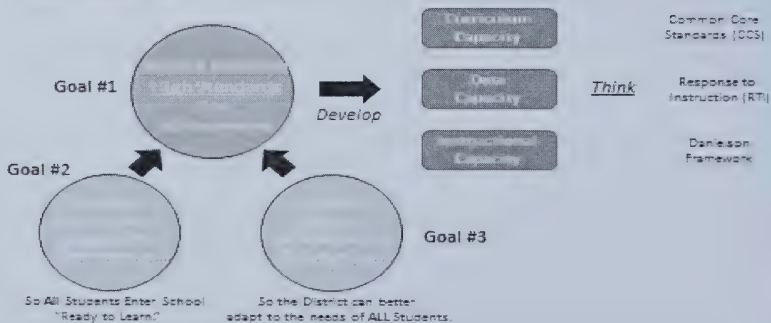

Our strength as a unit is supported by a clear, concise, well-thought out strategic plan designed to serve the best interests of our students. I applaud the involvement of the Chesterfield School Board for their dedicated service to our students. I appreciate the efforts of our school staff members to care for and educate our students and I value the work of the Central Office administration and staff who provide service and support to our school communities. As we travel this journey together I am excited for what the future holds.

Principal's Report

The 2013 - 2014 school year has been filled with many new initiatives. First off the staff has been hard at work aligning curriculum to the common core standards. The SAU has created a strategic plan that allows great teaching through collaboration. Teachers are working with the common core standards and are aligning their units to them. Teams of staff are working on response to instruction. Student assessments are used to develop instructional and behavioral interventions. Interventions and enrichments are developed through the use of data walls. I have been working on a sub committee that is working towards revising the teacher evaluation system. The new system is based on Charlotte Danielson's work. We are currently piloting the entry-level teachers with this new system. Finally the SAU has charged each district with increasing their partnerships with the community. We are exploring having guest chefs work in our school cafeteria as well as maintaining our mentor program for students.

This fall Chesterfield School gave its last NECAP test to it's students. Next year the state will be moving towards a test called Smarter Balance. This test is given nationally and will be used to determine how are students are progressing. The new model is focusing more on a growth model. The Smarter Balance is a test that is given on the computer. It is vital that our computer lab and infrastructure remain current as students work hard on these tests and it is important that our equipment work properly.

Staff has been working with Dr. Carol Tolman on Language Arts skills. A focus has been on the area of spelling and phonics awareness. The training began with an overview on how the brain processes language. Staff are working with grade level teams. We are fortunate to have such a well-known specialist available to work with us. We hope to continue this work into the 2014 - 2015 school year.

Many community members have inquired about how the closing of Vermont Yankee will impact the school directly. We are unsure how the closure will impact enrollment. The community currently has many homes on the market. Once families are transferred we expect to see even more. Vermont Yankee has been a huge support to the school and it's many programs for years. I would like to extend a thank you to their continued support to our school and the community.

Elementary Enrollment

The district's current K-8 enrollment, stands at 289 students. Currently our enrollment is as follows:

SCHOOL BOARD GOALS 2013-2014

The Chesterfield School Board continues to work closely with the staff on the following goals:

1. To foster a positive and safe environment in which students, staff, and the community are respected and valued.
2. Demand academic rigor resulting in all students making high growth.
3. To monitor the implementation of the new performance review system.
4. Assess the effects of changing enrollment and continue to optimize the use of staff and resources.

Special Projects

This past summer staff worked on flooring projects and the removal of the two portable classrooms. Landscaping work is still needed in that area and is scheduled for this spring. Tree trimming occurred as many of the larger trees were becoming overgrown. Some minor repairs were done to the flat roofs.

A major project scheduled for the spring is the school's network wiring. It is imperative that the building be rewiring to accommodate our current and future needs with technology.

Looking into 2014 we see continued work on repairing flooring and repairs to the drainage in the courtyard. We had hoped to complete the drainage work last year but we fell short with our budgeted funds. Therefore it is back in the budget. One major issue the school must address is our current oil tanks. With new state regulations we are unable to pass state inspection. In order to modify our tanks to meet the new standards we would have to put approximately \$60,000 dollars into them. If we fail to meet this requirement the monetary penalty is daily and could result in the closure of the fuel system. With the current age of the tanks we run the risk of leaking or having other issues. The facilities committee strongly endorses the consideration for a conversion from oil to propane. The school board has endorsed the recommendation and you will see this in this year's budget numbers. The conversion is expected to cost approximately \$130,000. It is the most cost effect measure we can take.

Chesterfield School
Food Service Report
February 2014

In April, the Chesterfield lunch program welcomed Heather Garcia as the new Kitchen Manager. Heather came to us from Wheelock School in Keene. She and her staff, Kathleen Joyal and Sharon Stemple, are a fabulous addition to our school.

The cafeteria staff continues to work on increasing the student participation in the program. They offer many of the students' favorite meals and they seem to be enjoying the home-style options. There are many different choices available every day from hot entrées to the numerous sandwich choices, yogurts, and grab & go salads. The students also enjoy the fresh salad bar and the variety of choices that are available.

Everyone takes great pride in providing breakfast and lunch for our students every day. Together, we hope to continue to grow the program and create a place where the students enjoy coming to eat healthy and nutritious food.

CHESTERFIELD SCHOOL HEALTH SERVICES REPORT
February 2014

A student's health status is directly related to his or her ability to learn. Children with unmet health needs have a difficult time engaging in the educational process. The school nurse supports student success by providing health care through assessment, intervention and follow-up for all children within the school setting. The school nurse addresses the physical, mental, emotional, and social health needs of students and supports their achievement in the learning process. The school nurse not only provides for the safety and care of students and staff but also addresses the need for integrating health solutions into the educational setting (National Association of School Nurses, 2011).

Face-to-face health encounters and related communications from August 2013 through January 2014 number over 2,000. Services provided by the Chesterfield School Health Office during my tenure have included:

The assessment and evaluation of the health status of every child entering the Health Office.
Encounters have addressed:

- Provision of first aid for injuries
- Assessment and intervention of acute illness
- Management and support of chronic medical conditions
- Medication administration
- Social-emotional assessment and intervention
- Supplementation of basic hygienic, nutritional and clothing essentials

Collaboration with students, families, staff, health care providers and/or public agencies.
Activities for the purpose of promoting and/or securing student health have included:

- Auditing the immunization status of the entire student body, contacting parents and medical providers as needed, in an effort to insure statutory compliance and submit the annual update to NH Department of Health and Human Services (NH DHHS)
- Conducting health screenings [i.e. height/weight, hearing/vision, scoliosis] as recommended or required by state guidelines and notifying parents of unexpected outcomes or the need for further assessment
- Maintaining a current and accurate electronic health record of every student's school health office encounter, intervention and related parent/guardian communication
- Designing Individual Health Plans (IHP) and general Plans of Care (POC) as well as contributing to the development of 504 Educational Plans for students with specific health concerns that require special attention by school staff [i.e. Anxiety disorder, Asperger's syndrome, Asthma, Attention deficit disorder, Autism, Autoimmune disease, Cancer, Cardiac Disease, Diabetes mellitus, Depression, Fever syndrome, Immune deficiency disorder , Life-threatening allergy disorder, Lyme disease, Migraine disorder, Neurological disease, Orthopedic trauma, Post-concussive syndrome, Post-traumatic stress disorder, Seizure disorder and Traumatic Brain Injury/Concussion (TBI)]

- Providing free community education seminars in the areas of Head Trauma & Concussions and Lyme Disease Awareness
- Facilitating CPR/First Aid certification training sessions for staff members and athletic coaches
- Assisting the Cheshire Smiles mobile dental health clinic to inform parents of students in grades Kindergarten through 3rd of the free dental screening and fluoride treatment program and then delivering the weekly fluoride to classrooms throughout the school year
- Serving as a point of contact for the team in providing referrals and securing community resources for students and families in need of assistance [i.e. new footwear donations from Ted's Shoe & Sport, Christmas gifts from Toys for Kids, C&S Adopt-a-Family, Toys for Tots, Keene Rotary Club, KHS Interact Club, and food, fuel and utility assistance from a combination of staff members and private benefactors]
- Coordinating an annual Flu Shot Clinic for staff members
- Reviewing student health insurance status and connecting parents/guardians of uninsured students with a family resource counselor from the Community Health Partnership of New Hampshire at CMC/DH-Keene
- Collaborating with the NH DHHS to report diseases and obtain current health information and trends, then updating families and faculty via email announcements and newsletter articles
- Addressing concerns and reports of communicable disease [i.e. pediculosis, meningococcal, staphylococcal, streptococcal and varicella infections] and providing pertinent information to families and staff members
- Updating and distributing classroom and athletic team first aid kits as well as customizing first aid kits with IHPs for off-campus field trips and Outing Club adventures
- Insuring continuity of care for graduating 8th graders by forwarding health records to the appropriate high school institution
- Serving as a health consultant to school personnel in health promotion by providing classroom education as needed or requested and developing monthly bulletin boards with an interactive focus on health awareness
- Attending nursing in-services and Grand Rounds, emergency preparedness trainings and health provider conferences to insure the delivery of evidence-based, best practices in nursing and the review and development of school health policies, procedures & emergency preparedness plans

In the words of the former U.S. Surgeon General, Dr. M. Jocelyn Elders, "You cannot educate an unhealthy child and you cannot keep an uneducated child healthy." Keeping students in the classroom and removing health barriers to learning are my professional objectives. Accomplishing this requires the collaboration of our students, families and staff, and this is my personal focus. I am honored to be a part of your child's experience at Chesterfield School and I welcome every opportunity to build community relations. I encourage you to contact me with any concerns or questions you may have.

In sickness and in health,
Traci Fairbanks, R.N.
