ANNUAL REPORTS

OF THE

SELECTMEN, TREASURER,

POLICE COURT, PUBLIC LIBRARY,

BOARD OF EDUCATION AND AUDITORS,

OF THE

TOWN OF HUDSON,

FOR THE

YEAR ENDING FEBRUARY 15, 1902.

TIMES STEAM PRESS, HOLLIS.

STATE OF NEW HAMPSHIRE.

[L. S.] To the inhabitants of the Town of Hudson Qualified to vote in Town affairs:

You are hereby notified to meet at the Town hall, in said Town, on the eleventh day of March next, at ten of the clock in the forenoon, to act on the following subjects:

1st. To choose a town clerk, three selectmen, and all other necessary Town officers for the ensuing year.

2nd. To see what sum of money the Town will vote to raise for the maintenance of the poor, for building and repairing bridges and other necessary charges arising in said Town for the ensuing year.

3rd. To see what sum of money the Town will vote to raise for repairs of highways for the ensuing year.

4th. To hear the report of the committee in relation to widening the highway and straightening the southerly line thereof between the Taylor's Falls bridge, so called, and the store occupied by Baker Brothers in said town. Also to see what sum of money the Town will vote to raise for the expense of said widening and straightening and pass any other vote relating thereto.

5th. To see what sum of money the Town will vote to raise for the benefit of the Public Library.

6th. To see what sum of money the Town will vote to raise and appropriate for Decoration day.

7th. To see what provision the Town will vote to make in relation to furnishing the Town with a hearse for the ensuing year.

8th. To see if the Town will vote to allow any discount on taxes assessed for the year 1902, which shall be paid before August first of the same year.

9th. To see if the Town will vote to raise any sum of money to be expended for the observance of Old Home Week.

10th. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes of the ensuing year or in any way act thereon.

Given under our hands and seal this 20th day of February in the year 1902.

ARTHUR S. ANDREWS,
JOSEPH H. LEGALLEE,
JOHN WENTWORTH,
Selectmen of Hudson.

A true copy of warrant, attest:

ARTHUR S. ANDREWS,
JOSEPH H. LEGALLEE,
JOHN WENTWORTH,
Selectmen of Hudson.

NINTH ANNUAL REPORT

OF THE

TRUSTEES, TREASURER AND LIBRARIAN

OF THE

GREELEY PUBLIC LIBRARY,

FOR THE YEAR ENDING FEB. 15, 1902.

BOARD OF TRUSTEES.

HENRY O. SMITH, Term expires March, 1902.

KIMBALL WEBSTER, Term expires March, 1903.

FRANCES M. CUMMINGS, Term expires March 1904.

KIMBALL WEBSTER, President.

HENRY O. SMITH, Secretary and Treasurer.

MAUDE S. ANDREWS, Librarian,

REPORT OF THE TRUSTEES OF THE GREELEY PUBLIC LIBRARY.

During the year just ended, as may be seen by the appended report of the librarian, there has been added by purchase and donation 174 books, making a total of 2,855 volumes now contained in the library.

From the supplementary catalog, following this report, we find these additional books are classified as follows:

Biography,	5
Drama and Poetry,	1
Fiction,	59
Juvenile fiction,	16
History,	12
Miscellaneous,	2
Periodicals,	11
Reference,	56
Science,	5
Theology and religion,	2
Useful Arts,	1
Voyages and travels,	4

174

The monthly average of books loaned, as appears by the report of the librarian, has been 147.25, being an increase over the average of the year preceeding of 7.75.

Various gratuitous gifts of valuable books, magazines and other publications, for the benefit of the library, have been received from generous, public-spirited citizens, summer residents and others. These gifts, collectively, add materially to the usefulness of our library, and are greatly appreciated by its patrons. These kind, thoughtful donations are gratefully received, and we most heartily thank all such donors, residents and nonresidents alike, for their

generosity, kindness and good will.

Hermon F. Dane, a native by birth, gave the History of Odd Fellowship, History of the New Hampshire Odd Fellows' Home, Miscellaneous Poems by Hannah Eayrs Barron, late of Nashua, with a number of others, less valuable, but very acceptable books.

Rev. Carroll M. Davis and his sister, Miss Ella M. Davis, of St. Louis, kindly donated quite a number of valuable books, including the State Atlas of New Hampshire, which books formerly were owned by their late uncle, William F. Chase, one of Hudson's most respective deceased citizens.

By the courtesy and generosity of the Misses R. Souvina and Arvilla Hamblet, daughters of the late Eli Hamblet, we were able to complete a full file of the annual reports of the town of Hudson, commencing with 1846, the first published, and including 1901, covering 56 years.

These reports we have had bound in three volumes and we consider them to be a very valuable acquisition to the library, as we know of but one other full set in existence. They are of especial interest to all interested in our local history.

We have also added to the library ten yearly volumes of the Granite Monthly, which were also donated, unbound, by a friend of the library, and which we have had bound in cloth. We expect to be able to supply the missing volumes since 1882, which will complete the set for twenty years.

The following magazines and periodicals have been generously donated by our citizens and others for the benefit of the library:

The Youth's Companion and Frank Leslie's Magazine by Mrs. W. W. Stearns.

Saturday Evening Post, Literary Digest, Outlook and Medical Times by Dr. Alfred K. Hills, also a native by birth and now a summer resident.

The Century by Miss Mary Pollard.

Peterson's Magazine, six years back numbers, by Mrs. E. C. Davis. Also a large collection of miscellaneous magazines by Mrs. J. W. Leighton of Brookline. Many other of our citizens have contributed odd numbers of various publications.

Our librarian has begun a scrap book which is intended especially to contain clippings relating to the local affairs of our town and its citizens. Any such clippings will be very thankfully received by the librarian.

Miss Maude S. Andrews, who has courteously and faithfully performed the exacting duties of librarian for the past five years now enters upon the sixth year of her service with the full confidence of the trustees, and as we believe, the unanimous respect and approbation of the patrons of the library.

HENRY O. SMITH,
KIMBALL WEBSTER,
FRANCES M. CUMMINGS,
Trustees.

TREASURER'S REPORT.

The treasurer of the board of trustees respectfully submits the following report for the year ending Feb. 15, 1902.

SEVENTEENTH ANNUAL REPORT

OF THE

BOARD OF EDUCATION

OF THE

SCHOOL DISTRICT OF HUDSON,

FOR THE

YEAR ENDING MARCH 1, 1902.

DISTRICT OFFICERS.

CLERK.

HENRY C. BROWN.

TREASURER.

GEORGE W. CLYDE.

AUDITORS.

JOHN J. BAKER,

GEORGE G. ANDREWS.

BOARD OF EDUCATION.

GEORGE W. CLYDE, Term expires March, 1902.

CHARLES L. SPAULDING, Term expires March, 1903.

HENRY O. SMITH, Term expires March, 1904.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the School District of Hudson Qualified to vote in District affairs :

You are hereby notified to meet at the Webster school building in said district, on the 13th day of March, 1902, at two o'clock in the afternoon, to act on the following subjects :

- 1st. To choose a Moderator for the ensuing year.
- 2nd. To choose a Clerk for the ensuing year.
- 3rd. To choose a member of the School Board for the unexpired term of one year, in place of Charles L. Spaulding.
- 4th. To choose a member of the School Board for the ensuing three years.
- 5th. To choose Agents, Auditors, Committees in relation to any subjects embraced in this warrant.
- 6th. To see what money the district will vote to raise for schools in addition to the amount required by law.
- 7th. To hear the reports of Agents, Auditors, Committees or officers heretofore chosen, and pass any vote relating thereto.
- 8th. To see if the district will vote to dispose of what was formerly known as the No. 7 schoolhouse and lot or any other schoolhouse or lots in said district.
- 9th. To see if the district will vote to authorize the School Board to unite with one or more town districts or special districts to form a supervisory district for the purpose of employing a superintendent of the public schools therein, under the provisions of Chapter 77 of the Session Laws of New Hampshire, 1899, and amendments thereto, and to raise money to carry such vote into effect.

10th. To see what money the district will vote to raise for building, repairing or furnishing schoolhouses or other necessary out-buildings, or in any way to keep in repair or improve the school property of the district.

Given under our hands at said Hudson, this 3rd day of March, 1902.

GEORGE W. CLYDE,
CHARLES L. SPAULDING,
HENRY O. SMITH,
School Board of Hudson.

A true copy of warrant. Attest:

GEORGE W. CLYDE,
CHARLES L. SPAULDING,
HENRY O. SMITH,
School Board of Hudson.

SCHOOL REPORT

CONSOLIDATION.

It was stated in the school report of last year that the process of consolidation in our school system which had been in progress for many years had apparently reached its limit. This it seems was an error and contrary to plans then well matured. Although no formal vote was taken at the last annual meeting for the further consolidation of our schools, an appropriation was voted which made it necessary to close one room at the Webster building, and to carry the No. 9 children to the Smith school. This plan made necessary the labor of regrading the Webster school, and the consolidation of four rooms into three.

The attendance at the Webster school has not been so large the present year but that the three rooms occupied were sufficient to accommodate the number of pupils at any one time registered. Although the number in the primary room has been fully as large as should be under the care of one teacher, and the assistant teachers have found the care of their individual rooms sufficient without being able to give a great amount of assistance to the principals in the general management of the children at noons and recesses. An increased attendance at the Webster building would without doubt tax the energy of any three teachers who might be placed in charge, although it will be undoubtedly best to continue the coming year with three rooms at the Webster building.

The No. 9 children were carried as before stated to the Smith school and at an expense of one dollar per day. In all probability your board will be unable to find a suitable person to carry the children from the No. 9 section to the Smith school at the same rate another season, and if there should be an increase in the number of children of school age in this section so that the same could not be carried with two horses conveniently, it will be economy to again open the No. 9 school. If there was only sufficient room to accommodate the No. 9 children at the Webster building the latter place is without doubt the better to convey the children from the

No. 9 section of the town, as one who has had the experience states that his offer for the coming year will be one dollar a week less to the Webster building, and that he can make one-half hour better time on each trip to the Webster building.

The time children are on the road should be carefully considered by your board. Some of the children from the No. 9 section are obliged to leave their homes by 7:30 a. m., and do not return thereto until 5:30 p. m., which is too long a school day for a growing child.

The children in the No. 1 section of the town seemed so situated and of such an age as to render impracticable the conveying of them to any other school, and a school was provided at the No. 1 building during the year. The opening of the No. 1 school lead your board to feel justified in withdrawing the amount heretofore allowed Mr. Coburn on account of the expense of his children attending the Tyngsboro schools.

It is hoped that the opening of the new electric line will make it possible for the Esty and No. 3 children to attend the Webster school at a less expense than is now paid for their transportation to the Smith school.

The matter of the consolidation of our schools with care as to expense, health of pupils and just treatment to all has oftentimes taxed the ingenuity of your board to the limit, but it is sincerely believed, however, that the present system has resulted in all the increased benefits and advantages ever claimed for it. It is hoped no vacillating policy will be pursued in the future in regard to the opening and closing of rooms or schools, but that a sincere effort will be made to maintain so high a standard of grading at both our Webster and Smith schools that when the pupils thereof have finished the courses in these schools they will be able to enter any High School or Academy in our state with ease.

TEACHERS.

All of the ladies who have served in the capacity of teachers for the present year, we sincerely believe have been painstaking and conscientious, trying at all times to do their full duty.

A too frequent change of teachers should, as far as possible be avoided. This can be prevented, to a certain extent, by providing for a sufficient number of weeks of school and by hearty co-operation, liberal and fair judgement on the part of parents, remembering that

all of us here below are but human, school teachers included.

DURATION OF SCHOOLS.

The possibility of opening a school at the No. 1 building at the last annual meeting of the district not having been provided for, although mentioned by your board at the time, rendered it impossible for your board to furnish but twenty-nine weeks for all schools. This amount is hardly sufficient and now that the indebtedness on the new buildings has been practically met it is hoped that the district will see the way clear to provide for not less than 33 weeks of school. Three terms of 11 weeks each are none too many if our children are to cover the courses mapped out for grammar grade work and enter our High Schools and Academies on anything like an equal footing with children from the grammar grades of other towns and cities.

MUSIC.

The innovation of teaching music in our schools has been a success and the money provided therefor well expended. The teaching has been under the charge of Miss Isabelle M. Farley of Nashua who gave entire satisfaction.

Not all are born to become musicians but the love of music is possible for all, and the child that is not musically inclined may be taught to love music and to carry his love of music into the home. Who can say that many future homes in this district will not be made brighter and happier by the small provision made at our last annual meeting for the teaching of music. Good schools may be powerful for making better homes, second only to the church itself. It is hoped that a provision will be made for the continuance of musical instruction in our schools for the coming year.

REPAIRS.

In accord with the understanding at the last annual meeting both the Smith and Webster buildings, together with buildings, Nos. 9, 1 and 2 were painted, the No. 1 building receiving two coats. The painting was satisfactorily performed by Mr. George W. Keyes, the stock provided by your board. No extensive repairs are recommended for the coming year.

It is greatly to be regretted that the earnest effort to procure a water supply for the Smith building should result in so complete a failure after the expenditure reported. This matter should further

receive the earnest attention of the district as a sufficient and pure water supply at all school buildings is imperative.

TEXT BOOKS AND SUPPLIES.

The Ellis history, used in our schools since 1893, was discontinued during the year and replaced by Montgomery's history, a work more complete in many respects and which we trust will meet the approval of all.

As soon as the financial condition of the district will warrant the same our new buildings should be better provided with schoolroom apparatus, in the line of maps, charts etc., for up-to-date teaching.

SUPERVISORY DISTRICT.

An article has several times been inserted in the school warrant, by your board, relating to the formation of a Supervisory District as provided under the Session Laws of 1899. If such a district could be formed by uniting with the adjoining towns of Litchfield, Pelham, Windham and Londonderry and a competent superintendent of public schools therefor be found, we are certain it would result in great advantage and advancement of the educational interests of the entire section named.

Few persons are to be found who can in justice to themselves and their own interests give the time and study, required, as committeemen to the many branches of our school interests. Occasionally a person may be found who enjoys the work as a pastime or recreation from his own business or is so situated that he may carry on the work more conveniently than others, but our school interests, powerful for the well-being of the individual, home and state, should be second to no man's business or profession but should be carefully superintended by some one who is to make it his only business and study and is to receive proper compensation therefor.

ANNUAL MEETINGS.

The majority of your board by reason of many earnest requests to that end from parents living in the west part of the town unprovided with teams, felt justified in calling the coming annual meeting at the Webster building. The large majority of the parents living in the east part of the town who have heretofore been in the habit of attending our annual meetings are provided with means of conveyance and are obliged to use the same for the meetings at the

town hall. It is felt that it will not be too great a tax on their kindness and christian charity to drive a little farther, every other year at least, for the accommodation of their less favored neighbors in the west part of the town and along the electric line who feel a deep interest in the well-being of our schools and who have the larger number of children. For this reason alone the meeting was called at the Webster building. It is trusted that no person will be of so uncharitable a disposition as to attribute any other motive to this action. The retiring members of your board desire to thank most sincerely all who have in any way or at any time assisted them in the performance of their often unpleasant and arduous duties.

PERFECT ATTENDANCE FOR THE YEAR.

Karl Merrill, Cora L. Smith, Herbert D. Smith.

 C. L. SPAULDING,
 HENRY O. SMITH,

Board of Education of Hudson.

REPORT OF COMMITTEE TO PROVIDE WATER AT THE SMITH SCHOOL.

At the last annual meeting of the school district it was voted that the committee be empowered to put in a well near the schoolhouse.

Wishing to have the well ready for use during the spring term, and it being evident that it would have to be sunk for a considerable distance in ledge, your committee at once employed H. C. Crockett & Co. to bore the well at a cost as follows :

Digging in earth, 1 foot,	\$3 00
Digging in ledge, 34 feet,	170 00
Paid H. O. Smith, labor furnished,	1 00
Paid David Clement, labor furnished,	3 00
Paid H. C. Brown, labor and pump,	17 00
<hr/>	
Total cost of well and pump,	\$194 00

The actual depth of the well is 36 feet and it was completed May 2nd.

During the month of August the board of health collected samples of the water used by the children at the different schools in town and sent them for analysis to the newly established state laboratory of hygiene. The chemist reported that the water taken from the well at the Smith school was polluted and unfit to drink.

The well was pumped out three times and another sample sent to the laboratory. The report from the chemist being a little more favorable, your committee employed Mr. Crockett at a cost of five dollars to thoroughly dredge out the well. Another sample of the water was then analyzed by the state chemist, and after a few weeks still another sample together with some of the cement used in the well. The reports of these analyses showing no improvement in the character of the water, and as the accuracy of the reports were questioned by some, your committee thought best to have an analysis of the water made by Prof. Edmund R. Angell of Derry,

which was done Jan. 11th, at a cost of \$3 25. Prof. Angell reported that the water was contaminated and not suitable for drinking purposes. It appeared to be polluted by sewerage or animal matter as shown by the excess of chlorine, nitric acid, and free ammonia. There was a large excess of loss on ignition, showing much volatile and organic matter.

The well has contained at all times about 25 feet of water which enters through two veins within two feet of the bottom of the well, no water entering within 34 feet of the top. Your committee took a great interest in the work and endeavored to have it well done, and no one can be more disappointed than they are at the result.

HENRY C. BROWN,
JOHN WENTWORTH,
DAVID CLEMENT,

Committee.

REPORT

OF THE

TREASURER AND AUDITORS

OF THE

SCHOOL DISTRICT OF HUDSON,

FOR THE

YEAR ENDING MARCH 1, 1902.
