DEDICATION TO 2005 TROY EMERGENCY SERVICES

Our sincere thanks
to all who have been of assistance
to our town during the past 12 months.

Thanks also to all the families and loved ones who have
sacrificed time and special days when the Emergency
Services are called upon for duty.

SELECT BOARD REPORT

The Select Board would like to welcome new residents to town and current residents back for another Town Meeting after a very interesting year. For those of you who have just moved to Troy, our Town government is based on several crucial boards that oversee zoning, land and use planning, the Town's budget, our history and heritage, our cemeteries and numerous other important functions and roles in the community. In addition to these programs, we are very lucky to be supported by a fine group of employees who work hard to make the Town an outstanding place to live. We hope that if you are new to Town that you will think about volunteering your time to help out. If you would like to get involved but don't know how, you can visit the Town Hall during the week and leave your name and interest.

Many of the functions in Town depend on volunteers and the year 2005 was really set apart by the hard work of a handful of dedicated volunteers. We would like to take a minute to thank everyone who participates and volunteers his or her time. The heart and soul of the accomplishments we have achieved over the past few years has been a direct result of our volunteers who have given us a tremendous effort. As we roll into 2006 we are pleased to note that we have experienced a lot of progress with the Mill complex at the center of town. We have the Troy Redevelopment Group (TRG) to thank for countless hours of dedicated service to the Town and to the idea of redeveloping the sprawling 380,000 sq. foot facility in order to get it back on the tax rolls. The Select Board would like to acknowledge the hard work and the hours that the TRG poured into this project and the indefatigable and resolute manner in which they bucked the odds to help the Town tackle a project that looked nearly insurmountable at times. The Principle members of this Board are Don Upton, Ralph Wentworth, Gary Sheldon, George Tremblay, Dave Adams, and Ed Thomas. Our hats are off to these fine gentlemen who devoted so much time to this project.

Another group that deserves recognition, the Gap Mountain Gardeners club, has quietly but tenaciously persevered with their goal of beautifying Troy despite the complexities of obtaining insurance to meet the Town's mandated policy. This non-profit organization's efforts really took hold in 2005 and people were very impressed with their work. We were delighted with the appearance of the town common and islands, this past year, where the Club's expertise was in full display.

2005 was a solid year financially. We kept our tax rate steady through the year and are pleased to see that it is still in the State's mid-range with the town's portion of the property tax rate on the low side. As we head into 2006 we are very concerned about the recent budget voted at the Monadnock school district, potential bonds at the Water and Sewer Department -in 2007 and beyond, and the rising costs of petroleum, health care, and insurance. We are bedeviled by numerous tax pressures and mandated projects that threaten to drive the tax rate up over the next few years. As a result we would like to point out that a major factor for lowered taxes was the community support for the 50/50 formula, which was a great accomplishment. If we hope to keep our taxes down we need to support the 50/50 article again when it comes up for vote in 2007/2008. You might think it a bit early for us to plug for this program but we have to acknowledge that the 50/50 formula was the biggest contributor to lower taxes compared to any other cost saving measure we could have promoted. In the next couple of years as we wait for the Mill to transform, the 50/50 formula is the best program to support in order to keep our taxes from careening skyward. Speaking of cost savings, we would like to note that the Department Heads and Town government, working together, turned in over \$57,000 dollars to surplus from the appropriated budget in 2005. While some of this money came from unforeseen places that we can't count on in 2006, it certainly is a great accomplishment to have this amount to add to surplus at the end of the year. A particularly bright light was Chief Sheats' return of over \$30,000 dollars and shoestring-magic streamlining of the police departments network and IT infrastructure, which now allows his staff to complete paperwork in half the time and, we hope, spend more time on the road. Lastly, we met the State's minimum surplus threshold at the end of the year which was a huge jump up from 2004. For those of you who are new to Town, we have been struggling with the bankruptcy at Troy Mills complex, and one of the things that happened was that we have been climbing out of a budget deficit for the past 3-4 years. Having achieved this surplus level in 2005 was a huge accomplishment.

We hear that the Master Plan for the Town of Troy is nearing completion. We have had numerous committees working with the Planning Board over the last year. The help and dedication of people who have been working with the Master Plan Steering committee is greatly appreciated. There are so many issues for the future development of Troy: land use, zoning,

transportation, recreation, smart growth, and planning. Working together these volunteers are making our town a better place for our children.

Did we mention our volunteers enough? Probably not, and we wish we could list everyone here who took up the community banner and helped hoist it high in 2005. Going forward in 2006, the Select Board is focused on teamwork amongst the employees and volunteers and we hope we can see some new faces in the crowd when it comes time to help out with projects and programs. Get involved!

Please help us with any suggestions you may have. Please write or sit down with us on a Monday night. The Select Board has worked hard to foster an open environment and we invite you to join in the conversation about our programs and goals. All suggestions are welcome!

Glenn T. Shattler, Chairman

**STATE OF NEW HAMPSHIRE
TOWN WARRANT**

To the inhabitants of the Town of Troy in the County of Cheshire in said State, qualified to vote in town affairs, you are hereby notified to meet at Troy Elementary School, the 14th day of March, 2006, next at 10:00 a.m. in the forenoon for balloting upon matters specified in Articles 1 and 2, listed below, and you are hereby further notified to meet at the Troy Elementary School on Saturday, the 18th day of March, 2006, at 10:30 a.m. to act upon the remainder of the listed warrant.

ARTICLE 1. To bring in your vote for one Selectman for three years and other Town Officers elected by ballot as passed by Town Meeting or State Statute for the specified number of years.

ARTICLE 2. Are you in favor of the adoption of **Amendment No. 1** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the lot requirements of the Rural District under Article VI to require new lot and frontage requirements for both lots and backlots. This amendment would increase the minimum lot size from two (2) acres to four (4) acres and increase the minimum road frontage requirement from two hundred (200) feet to three hundred (300) feet. Backlot development would require the front lot to have a minimum three hundred fifty (350) feet of road frontage?

Are you in favor of the adoption of **Amendment No. 2** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the lot requirements and contiguous road frontage requirements in the Mountain District under Article VII to increase the minimum lot size from two (2) acres to four (4) acres and required road frontage from two hundred (200) feet to four hundred (400) feet?

Are you in favor of the adoption of **Amendment No. 3** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the definition of "Structure" under Article XX to include parking lots and driveways. Additionally, parking lots and driveways will be exempt from meeting front yard setback requirements?

Are you in favor of the adoption of **Amendment No. 4** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the definition of “Home Occupation” under Article XX by removing Mountain District as a potential zone to site a home occupation?

Are you in favor of the adoption of **Amendment No. 5** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the Troy Zoning Map to downsize six (6) lots from Light Industry to Residential Zoning. The lots are located north of Quarry Road and described as Map 12, Lots 44, 47, 48, 48A, 49, and 50?

Are you in favor of the adoption of **Amendment No. 6** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the Town of Troy’s Floodplain Development Ordinance to comply with the new guidelines stipulated by the Federal Emergency Management Agency (FEMA). The proposed amendments encompass adopting the new Flood Insurance Rate Maps (FIRM), and amending definitions and ordinance language to achieve compliance with FEMA guidelines to continue eligibility in the National Flood Insurance Program (NFIP)?

ARTICLE 3. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray the following expenditures:

**RECOMMENDED BY

TOTAL	1,181,583	1,181,583

ARTICLE 4. To see if the town will vote to raise and appropriate the sum of ninety-one thousand six dollars (**\$91,006**) for the annual bond payment for closing the town landfill, and authorizing the withdrawal of twenty-five thousand dollars (**\$25,000**) from the Transfer Station/Recycling Center Special Revenue Fund. The balance of sixty-six thousand six dollars (**\$66,006**) is to come from taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 5. To see if the town will vote to change the business portion of Town Meeting from Saturday to Wednesday evening, starting March 2007. Recommended by the Select Board.

ARTICLE 6. To see if the town will vote to raise and appropriate the sum of four thousand four hundred ten dollars (**\$4,410**) to do a town wide current use forest land assessment rating as required by the Department of

Revenue Administration and to authorize the withdrawal of four thousand four hundred ten dollars (**\$4,410**) from the Reassessment Capital Reserve Fund. No amount to come from taxation. Recommended by the Select Board.

ARTICLE 7. To see if the town will vote to raise and appropriate the sum of fifteen thousand dollars (**\$15,000**) to complete a study for an Impact Fee Ordinance, to be funded with a grant. No amount to be raised by taxation. No funds will be expended unless a grant is received. Recommended by the Select Board and the Budget Committee.

ARTICLE 8. To see if the town will vote to raise and appropriate the sum of twenty-one thousand two hundred three dollars (**\$21,203**) for the care of the cemeteries and authorize the withdrawal of nineteen thousand five hundred eighty-eight dollars (**\$19,588**) from the Cemetery Maintenance Expendable Trust Fund. The balance of one thousand six hundred fifteen dollars (**\$1,615**) is to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 9. This article is to clarify the existing Cemetery General Maintenance Trust, established at the March 15, 1989 and amended at the March 9, 1999 annual town meetings. The purpose of this clarification is to change the Cemetery General Maintenance Trust Fund from a trust that does not allow use of the principal balance, to an Expendable Trust that will allow for expenditures from both the principal and interest balances. To see if the town will vote for an Expendable Trust for the maintenance, improvements and capital expenditures of cemeteries, allowing for the principal and interest to be expended, and naming the Select Board and Cemetery Trustees as agents to expend from this trust fund under RSA 31:19-a. Recommended by the Select Board.

ARTICLE 10. To see if the town will vote to raise and appropriate the sum of six thousand dollars (**\$6,000**) to purchase a commercial 36" cut Z-CAT 19 HP mower and authorize the withdrawal of six thousand dollars (**\$6,000**) from the Cemetery Maintenance Expendable Trust Fund. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 11. To see if the town will vote to raise and appropriate the sum of fifty-four thousand five hundred dollars (**\$54,500**) to beautify and improve the appearance of the cemetery through the construction of (3)

150' fieldstone walls, 3' tall, with two terraces and 20 additional grave sites and authorize the withdrawal of fifty-four thousand five hundred dollars (**\$54,500**) from the Cemetery Maintenance Expendable Trust Fund. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until completion or by December 31, 2007, whichever is sooner. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 12. To see if the town will authorize the Select Board to appoint a committee to oversee the use and maintenance of the Cheshire Railroad Depot. This committee is to be comprised of at least seven people representing a range of interests, and shall be responsible for making decisions about the proper use of the building, how it is to be maintained, and developing any necessary budgets for that maintenance. Recommended by the Select Board and the Budget Committee.

ARTICLE 13. To see if the town will vote to raise and appropriate the sum of six thousand forty-eight dollars (**\$6,048**) for Off Highway Recreational Vehicle (OHRV) patrols and six thousand forty-eight dollars (**\$6,048**) for Prevention of Alcohol Abuse in Cheshire County (PACC) details for the Police Department, for a total of twelve thousand ninety-six dollars (**\$12,096**) to be funded with anticipated grants from the State of New Hampshire. No funds will be expended unless the grants are received. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 14. To see if the town will vote to raise and appropriate four thousand dollars (**\$4,000**) for two overhead doors at the Emergency Services Building and authorize the withdrawal from the General Government Buildings Expendable Trust. No amount to be raised by taxation. Recommended by the Select Board.

ARTICLE 15. To see if the town will vote to raise and appropriate the sum of thirteen thousand dollars (**\$13,000**) to purchase a thermal imaging camera for the Fire Department and authorize the withdrawal of thirteen thousand dollars (**\$13,000**) from the Fire Department Capital Reserve. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 16. To see if the town will vote to authorize the Select Board to enter into a long-term lease/purchase agreement in the amount of

\$198,600, and to raise and appropriate one hundred fifteen thousand six hundred dollars (**\$115,600**) for a down payment with this amount coming from the Fire Department Capital Reserve Fund, and with payments of (**\$14,416**) payable in annual payments over the term of seven years against the remaining balance of (**\$83,000**). The first payment of (\$14,416) will be due in April 2007. This fire truck will replace the 1976 American LaFrance that will be sold, with the proceeds from the sale to go back to the Fire Department Capital Reserve Fund. Should the town approve the article and find that this truck is not available, the Fire Department and the Select Board will negotiate for a different fire truck not to exceed the (\$198,600) figure and the annual payment not to exceed (\$15,000) for a seven-year period. Recommended by the Select Board and the Budget Committee. **(2/3 majority vote required)**

ARTICLE 17. To see if the town will vote to raise and appropriate the funds listed below to be deposited in the Capital Reserve Funds:

**RECOMMENDED BY
BUDGET COMMITTEE – SELECTMEN**

Police Department	5,000	5,000
Fire Department	25,000	25,000
Highway Department	15,000	15,000
Reassessment	<u>5,000</u>	<u>5,000</u>
	50,000	50,000

ARTICLE 18. To see if the town will vote to raise and appropriate the funds listed below to be deposited in the Expendable Trust Funds:

**RECOMMENDED BY
BUDGET COMMITTEE – SELECTMEN**

General Government Buildings	10,000	10,000
Samuel E. Paul War Memorial	<u>5,000</u>	<u>5,000</u>
	15,000	15,000

ARTICLE 19. To see if the town will vote to create an Expendable Trust under the provisions of RSA 31:19-a, to be known as the Emergency Management Expendable Trust Fund, for Emergency Management operation purposes, in which the principal and interest may be

appropriated and expended, and to name the Select Board as agents to expend from this fund. Recommended by the Select Board.

ARTICLE 20. To see if the town will vote to raise and appropriate the sum of seventy thousand dollars (**\$70,000**) for construction of a new sidewalk on the western side of School Street. The town is to be reimbursed for 80% (**\$56,000**) through a grant from the NH Department of Transportation Enhancement Program. The balance of (**\$14,000**) is to be raised by taxation. No funds will be expended unless the grant is received. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until completion or by December 31, 2007, whichever is sooner. Recommended by the Select Board and the Budget Committee.

ARTICLE 21. To see if the town will vote to raise and appropriate the sum of twenty thousand dollars (**\$20,000**) for sand sealing and repair of town roads. Recommended by the Select Board and the Budget Committee.

ARTICLE 22. To see if the town will vote to raise and appropriate the sum of forty-five thousand seven hundred forty-nine dollars (**\$45,749**), that will be received from the Highway Block Grant from the State of New Hampshire during 2006 for the maintenance, construction, and reconstruction of Class IV and V highways. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 23. To see if the town will vote to rename the Landfill/Recycling Expendable Trust Fund to the Transfer Station/Recycling Center Expendable Trust Fund. Recommended by the Select Board. (**2/3 majority vote required**)

ARTICLE 24. To see if the town will vote to raise and appropriate the sum of sixty-one thousand dollars (**\$61,000**) to purchase a used MT5 articulated sidewalk tractor with a 14' rotary mower to replace the 1988 trackless and authorize the withdrawal of twenty thousand dollars (**\$20,000**) from the Highway Department Capital Reserve Fund, twenty thousand dollars (**\$20,000**) from the Transfer Station/Recycling Center Expendable Trust, and seventeen thousand dollars (**\$17,000**) from the Cemetery Maintenance Expendable Trust Fund. Four thousand dollars (**\$4,000**) to come from the trade-in. No amount to come from taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 25. To see if the town will vote to raise and appropriate the sum of four thousand dollars (**\$4,000**) for monitoring/testing wells on Dort Street, as a result of the gasoline spill at the Highway Department on July 17, 2000, to be reimbursed by the State of NH. This will be a non-lapsing appropriation per RSA 32:7. VI and will not lapse until completion or by December 31, 2007, whichever is sooner. Recommended by the Select Board and the Budget Committee.

ARTICLE 26. To see if the town will vote to raise and appropriate the sum of ten thousand dollars (**\$10,000**) for Silica Pond access resolution. Recommended by the Select Board and the Budget Committee.

ARTICLE 27. To see if the town will vote to allow the Select Board, after completing due diligence, to transfer ownership or control of a portion of Tax Map 1, Lot 12, for the purpose of alleviating the town's responsibility for maintenance and repair of the dam located at Perkins Pond. Recommended by the Select Board.

ARTICLE 28. To see if the town will vote to raise and appropriate the sum of four thousand dollars (**\$4,000**) for the purchase of transfer station bags and authorize the withdrawal of four thousand dollars (**\$4,000**) from the Transfer Station/Recycling Center Special Revenue Fund. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 29. To see if the town will vote to raise and appropriate the sum of four thousand dollars (**\$4,000**) to replace the furnace at the Recycling Center and authorize the withdrawal from the Landfill Capital Reserve Fund. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 30. To see if the town will vote to raise and appropriate the sum of twelve thousand dollars (**\$12,000**) to replace the baler at the Recycling Center and authorize the withdrawal from the Landfill Capital Reserve Fund. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 31. To see if the town will vote to discontinue the Gay Kimball Library Capital Reserve Fund created in 1993. Said fund, with accumulated interest to date of withdrawal, are to be transferred to the general fund. Recommended by the Select Board.

ARTICLE 32. To see if the town will vote to create an Expendable Trust Fund under the provisions of RSA 31:19-a, to be known as the Gay Kimball Library Expendable Trust Fund, for the purpose of building maintenance, repair, and equipment for the library, in which the principal and interest may be appropriated and expended, to name the Select Board and Library Trustees as agents to expend from this trust fund, and to raise and appropriate up to the sum of four thousand one hundred fifty dollars (**\$4,150**) from surplus from closing the Capital Reserve Fund in Article 31. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 33. To see if the town will vote to raise and appropriate the sum of twelve thousand nine hundred fifty-eight and 13/100 (**\$12,958.13**) to be placed in the Water Department Expendable Trust. This sum to come from fund balance (surplus), the amount received from the sale of timber at the Troy Reservoir property located on Mountain Road in Jaffrey, NH, (**\$16,352.97**) less the timber tax paid by the Town of Troy (**\$3,394.84**). No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 34. To see if the town will vote to raise and appropriate the sum of four hundred four thousand ninety-six dollars (**\$404,096**) for Water/Sewer Department operations. Income comes from collections of water and sewer rents. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 35. To see if the town will vote to raise and appropriate the funds listed to be donated to each organization as specified:

**RECOMMENDED BY
BUDGET COMMITTEE - SELECTMEN**

Gap Mountain Garden Club	700	700
Helping Hand	2,000	2,000
The Community Kitchen	2,000	2,000
Historical Society	1,300	1,300
Meadowood Fire Department	2,500	2,500
Senior Citizens	500	500
Southwestern Community Services	<u>2,500</u>	<u>2,500</u>
	11,500	11,500

ARTICLE 36. To see if the town will vote to raise and appropriate the sum of one hundred thousand dollars (**\$100,000**) to reclaim and base Mackey Road with two inches of binder. Not Recommended by the Select Board or the Budget Committee. **(BY PETITION)**

GIVEN UNDER our hands this 10th day of February in the Year of Our Lord, Two Thousand Six.

Rhonda Simmons, Secretary Clerk

TROY AMBULANCE INC.

This has been a fairly busy year for us at the ambulance. We had 190 calls this year. For an ambulance company with only 13 active members, I think we did a very good job of meeting the town's needs.

The training program that we started last year has been continued with steady attendance. It keeps our skills sharp and introduces us to new skills.

Once again, we visited the elementary school during Emergency Medical Services week and hosted an ice cream social for the students. Many of the students remembered what we had talked about in past years and posed excellent questions for our members this year. At the Arts Festival we were present to give tours of the ambulance, pass out the File for Life packets and give blood pressure checks to anyone who requested it. At Halloween we teamed up with the Police Department to pass out candy, safe trick or treating tips and glow sticks.

We look forward to meeting the needs of our neighbors in the coming year.

Respectfully Submitted,

Jan Jones
President

ANIMAL CONTROL

The members of the Troy Police Department understand that animal complaints affect the quality of life to the residents of Troy. I believe we have an understanding Animal Control person in .Sonny Grimshaw. There are times that Sonny is not available to respond to animal complaints so George Fish has been added as an assistant to him.

Having both Sonny and George on board will ensure that animal complaints will continue to be handled swiftly. As in the past, if either Sonny or George are not available the Police will respond to the complaint.

As I have stated before, I am amazed with Sonny's knowledge of the dogs here in Troy and who the owners are. Sonny's knowledge of dogs and their owners has been key to keeping the number of dogs taken to the Humane Society to a minimum, thus saving the town from having to pay for them.

Recently I have been approached by several town residents asking that I remind everyone that the Town of Troy does have a leash law and that we all should be mindful of it and obey it.

Respectfully submitted:

Howard M. Sheats, Jr.
Chief of Police

Vachon, Clukay & Co., PC

Certified Public Accountants

REPORT ON INTERNAL CONTROL BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS

We have audited the basic financial statements of the Town of Troy, New Hampshire, as of and for the year ended December 31, 2005, and have issued our report thereon dated February 1, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

The management of the Town of Troy, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of the Town of Troy, New Hampshire for the year ended December 31, 2005, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide an opinion

AUDITOR'S REPORT

on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors and irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Troy, New Hampshire in a separate letter dated February 1, 2006.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record, and its distribution is not limited.

Vachon, Clukay & Co., PC

BUDGET COMMITTEE

The Budget Committee had their first meeting this past spring and one mid summer and seven this fall. This year we had Gus McLeavy come back onto the committee and two new members, Mimi Lafond and Anthony Chirichella.

We have a good responsible board, acting in behalf of the taxpayers and still knowing that each department must have funds to operate.

Each department is only a part of the overall tax picture. The Select Board and the Budget Committee are probably the only two groups that work with the overall picture of Troy's needs and cost of needs.

The voters at Town Meeting have the final say on how to spend their tax dollars and we hope that they, the voters, will be influenced by the direction that the Select Board and the Budget Committee have tried to guide them. The Budget Committee had their yea's and nay's on all the articles; the majority of yea's or nay's carry the vote on the value of the article. We had a difference of opinion on some of the articles and strong opinions on other articles. At some of the meetings, we had all three members of the Select Board voicing their opinions and thoughts. The Select Board has one vote and the Budget Committee has nine votes.

The Budget Committee has listened to the department heads and committees and the recommendations of the Select Board and we have compiled a warrant for the taxpayers to vote on at the Town Business Meeting. We feel this warrant is in the best interest of the taxpayer and department heads.

When we spoke of the Police Department, we spoke of Chief Johnnie Koski and four people out of 13 at the meeting knew who he was. Troy residents are migrating.

Frank Obuchowski
Budget Chairman

CEMETERY COMMISSION

We, the Cemetery Trustees are still working on beautifying the cemetery. Our small project turned out to be a larger project than we anticipated. We will spread the project and cost over three years. We will start in the spring of 2006. This should be the last of our major projects. We had the project out for bids. The cemetery costs are paid by our Trust Funds, no tax dollars.

The weather was with us this year – plenty of rain at the start. The grass had a good start. The cemetery again this year really looked great, and no complaints from the people we work over.

Skip Mason has gone back to his real job and Larry Taylor is wrapping up this year's cleanup. With no snow early, he has a good start on the yearly spring mess of leaves and branches.

Our crew has been cutting and trimming the lawn at the Library, the Town Hall, the Marlborough Road Ball field and Sand Dam, but we are being reimbursed for these odd jobs.

We are planning to purchase a new mower, a commercial type (Z-cat 36-inch cut 19 HP) and should double the life expectation of a regular type mower.

We are planning on the same crew back in the spring of 2006.

Frank Obuchowski, Chairman

Debbie Priest

Jim Dicey

TROY FIRE DEPARTMENT

To the membership of the department: your dedication to serve the Town of Troy is outstanding and has kept many emergency situations from becoming major losses to our community. Your willingness to get involved, train, work as a team has made Troy a good place to live and work. Thank you.

Our equipment is in good repair and ready to serve your needs.

2005 was a busy year for the department, answering 111 calls. The last time we had over 100 calls was 1999 and we answered 106 calls. No one category was to blame. Just a small increase across all the categories. Our growing community is placing more demands on the department.

We would like to thank Dan Guay and Amy Willey for their leadership in starting up the Troy Fire Department Explorer Program. Ten teenagers have joined the group. The Explorer Program is run with the help of the state's scouting programs and subject to their rules. These young men and women will learn about fire fighting and will be working one on one with members of the department. In the past, Explorer scouting programs have given us some of the best and most dedicated members of the department. Some have gone on to find full time careers in the fire service and in law enforcement. If your teen is between the ages of fourteen to eighteen years old and would like to join the Explorers, please feel free to call the Troy Fire Department at 242-7759, Dan Guay at 242-9716 or Amy Willey at 242-6444 for more information.

During the year Dan Guay wrote up a request for a defibrillator. The defibrillator was being offered free by the State of New Hampshire. It will be placed in service as soon as members of the department are trained on it. Defibrillators are used to restore heart rhythm after it has stopped.

Dan has also made out a request for an off road 6-wheel drive vehicle, one of 50 to be given away by the Phillip Morris Company. Hope his luck holds.

Deputy Chief Charles Rocheleau will not seek re-election to the Board of Engineers. Chuck, as he is known to most of us, has been a very important part of the board. His knowledge and service to our community will be greatly missed. Chuck was the department's training officer and worked

on many projects that helped to improve the effectiveness of the department at fire scenes. Bob and I thank him for his help over the past years.

As always, you can visit the department most Sunday mornings between 10am and noon. Members will be glad to show you our equipment and our station.

Should you be interested in joining the department, come see us on Sunday, too.

FOREST FIRE WARDEN & STATE FOREST RANGER REPORT

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests and Lands coordinate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ANY outside burning. A fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at (800) 498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information, contact the Division of Forests and Lands (603) 271-2217, or online at www.nhdfl.org.

Fire activity was high during the first several weeks of the 2005 fire season, with red-flag conditions issued by the National Weather Service and extreme fire danger in the southern and central portions of the state. This period of increased initial activity prompted a 5-day ban on open burning, the first such ban in several years. Despite the dry conditions, the state's largest wildland fire was contained at 29 acres. Our statewide system of fire lookout towers is credited with keeping the fires small and saving several structures this season due to their quick and accurate spotting capabilities. Fires in the wildland urban interface damaged 10 structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey the Bear, your local fire department and the state's Forest Rangers by being fire smart and fire safe!

GAP MOUNTAIN GARDENERS

The Gap Mountain Gardeners Club was founded in the fall of 2004 to promote the beautification of Troy, a goal of the UNH Troy Tomorrow workshop.

In 2005, we started out rejuvenating the existing gardens on the Town Common, the Hawkins Memorial Garden, and the flowerbeds around the War Memorial. We created two new gardens: the triangle by the Library and the Peace Garden by the Town Hall. The Peace Garden is dedicated to the 9/11 victims and consists of different lilies and daffodils. The approximate expense for mulch, soil, manure and flowers for this triangle was approximately \$1,200. This entire sum was covered by fundraising and donations. The mixture of flowers in the Library triangle came from our members' own gardens. In addition to creating the new gardens we purchased 12 hanging baskets with hand forged iron brackets for each lamppost around the common. To start, six baskets were sparsely filled in 2005 and the watering was done by the members of the club. The expense for the baskets and brackets was \$1,359.96 – all paid by fundraising and donations. Fully planted, each of those baskets can hold up to 42 plants. The goal for 2006 is to plant all 12 baskets and start them in different greenhouses so they are in full bloom by June. Another goal for 2006 is a new garden in front of the Town Hall.

We have established a scholarship fund of \$500.00 for a Troy student pursuing a higher education program after High School. However, we could not offer it this year, because we were unsure about the financial support of the Town of Troy and we needed to have enough money to purchase the plants for those 12 hanging baskets. The scholarship fund will be offered again in 2007.

We have a lot of fun with our special fundraiser events. We had a Valentine's party with elegant desserts, an Ice Cream Social with home made ice cream and live chamber music, a "Bean Hole Bean Suppa" where beans are cooked in the ground overnight. The "suppa" ended with live music tall tales. And we not only ate beans, but also a gourmet dinner with desserts. We have fun with event planning, gardening, and getting to know each other. Isn't this something you would like to participate in? We would like to thank everybody who has supported us so far. We are grateful for all donations and support from local businesses, and individuals.

Theresia Weber-John, President

GAY-KIMBALL LIBRARY 2005 Librarian's Report

In 2005, the library had special events for children, including class visits and story and craft sessions. The summer reading program, "Camp Wannaread," featured a performance by Alexander, King of Jesters, who delighted the audience with medieval language, stunts and sight gags. In July, Dr. Traniello lead an "Insect Trek" along Mill Brook sponsored by the library. The Trek encouraged children to explore the natural world around them by viewing local insects through microscopes, discussing their behavior and the local ecology. Adults enjoyed monthly book discussions, and the third annual "Poetry" event.

The end of the year saw the implementation of our new automation system that replaced our homegrown system that we had out grown. Our new automation system will make the "behind the scenes" work of the library go much more smoothly and allow us to focus on meeting the community's needs instead of dealing with technical issues.

Our two updated public access computers now allow community members not only access to the Internet but also a place to type word documents, scan items, make spreadsheets, power point presentations and databases, and access a myriad of information available through the NHewLINK Databases.

The library depends on those generous volunteers who continue to donate items that we use in our collection and for our book sales. Their selfless donation of time allows us to hold two successful book sales a year and helps us improve our library facilities and collection. We cannot thank you enough! And the library trustees – Jan Jones, Eileen Breckell, and Steve Jones – continued to govern the library with a sense of duty and a sense of humor. Thank you for your support.

TROY HERITAGE COMMISSION

The Troy Heritage Commission continues to meet on the second Tuesday of each month at the Gay-Kimball Library.

We have four publications available relating to Troy history. "TROY, NEW HAMPSHIRE, A New England Mill Town Walking Tour"; "TROY, The way it was", a collection of stories about Troy's past (\$3.50); "TROY VILLAGE CEMETERY DIRECTORY", a guide to the Village Cemetery (\$10.00). The "NATIONAL REGISTER of HISTORIC PLACES REPORT", over 500 pages long, is available at Gay-Kimball Library.

On May 22, the Heritage Commission sponsored a TOUR OF TROY'S EARLY HOMES" including the Wheeler Homestead, Tolman House, Ball Tavern, McCarley Place, Green Farm, Goddard-Caverly House, Cutting Brick House, and the Amasa Aldrich House. Dinner at East Hill Farm followed.

On July 30, during the Craft Festival, Heritage impersonators offered us the opportunity to visit the 1700's grave sites of Abigail Fife, Rebecca Wheeler, Mary Ann Harris, and William Barker. During a Cemetery Walk through the Village cemetery we learned of life during this early period.

On October 30, we sponsored a very successful Antiques Appraisal/Silent Auction followed by an Octoberfest dinner, all at East Hill Farm. Kerry Shrives, Skinner Appraiser, returned by request for a second time. Many exciting items added to the Silent Auction.

The Heritage Commission was awarded a Preservation Project Development Grant for the Capron Shoe Shop. The NH Division of Historical Resources notes "Troy has an extraordinary resource in the Capron Shoe Shop; it is irreplaceable and deserves careful stewardship. With the approach of spring, we hope to resume restoration efforts.

Marion Austin
Chairman

HIGHWAY DEPARTMENT

Another year has passed, and with the strange weather patterns the roads sure do show signs of wear. Winters seem to be more liquid than frozen precipitation. But just wait a minute it will change. We had a pretty good year all around. The sign project went good, and I must say I think they look good! The paving of Richmond Road didn't fly at town meeting, so we put what you call "grindings" on the dirt portion of Richmond Road and then sealed it along with three miles of town. It should be a good base on that road. We also repaired the back side of the salt shed and replaced one of the overhead doors in the highway garage. And we did our regular maintenance.

In 2006, the Highway Department's plan for the block grant is to pave the remaining portion of Richmond Road as we planned last year. We put in a special article for a complete reclamation of Mackey Road. This means to grind the asphalt in place, pull rocks, change culverts and add gravel if needed. Grade, compact, and pave it with two inches of asphalt, then to top it in 2007. We also put in a special article to replace the 1988 trackless sidewalk tractor with another used tractor that will do more jobs faster.

Once again I would like to thank my full-time and part-time crew for another year of dedicated service to the town. First, my assistant, Gary LeBlanc, the "super" at the transfer station, Rod Page, also Peter Mattson, Ray Dicey, and George Fish (highway half). And thanks to all the other department supervisors and employees, and the townspeople for all their support.

James E. Dicey
Public Works Director

TROY HISTORICAL SOCIETY

The Troy Historical Society got its start in 1993 and just maybe this 13th year of operation may turn out to be a lucky one. The driving force behind the Redevelopment of the Troy Mills complex has expressed an interest in Troy history and in particular the history of Troy Mills. The Fuller Ripley slide collection will be digitalized (as will other historical documents) and citizens can hope to see more historical presentations. While the Society does maintain a paid membership list, any town resident is welcome at the business meetings and educational programs presented from time to time. A March “ Music of The Wartimes “ has been discussed and details will appear in forthcoming Troy Town News. A very fine presentation on basket weaving was held in November on a very rainy night so attendance was poor. This program may be repeated as it should be seen by more people. Business meetings have been suspended for January and February, but will resume in March.

The Society is “treading water” at this writing (January) for lack of sufficient volunteer help to carry out the ongoing projects at the museum and take on those of their choice. There are many areas of Troy research that need attention and the formation into forms the general public can share in. No volunteer need take an office or feel the need to attend the business meetings. At present the Society is without an official president or treasurer. Bob Hall serves as vice president and all around gofer person. Citizens wanting information can contact any of the four active volunteers, namely, Ralph Wentworth, Kathy Marrotte, or Judy and Bob Hall. There are four sets of keys to the second floor museum/workspace should citizens choose to visit or drop off artifacts.

While the Society is grateful for the use of the second floor in Kimball Hall, it is not handicapped accessible, unfortunately. Rumors and questions circulate about a move to the Mill complex, but there are too many unknowns at this time. Suggestions, ideas, contributions (financial and archival) are always accepted, needed, and welcome.

Bob Hall
Vice President

**HOME HEALTHCARE, HOSPICE AND
COMMUNITY SERVICES**

In 2005, HCS - Home Healthcare, Hospice and Community Services continued to provide home care and community services to the residents of Troy. The following information represents HCS's activities in your community in the past twelve months.

SERVICE REPORT

SERVICES OFFERED	SERVICES PROVIDED
Nursing	864 Visits
Physical Therapy	169 Visits
Occupational Therapy	24 Visits
Medical Social Worker	25 Visits
Outreach	46 Visits
Homemaker Hours	564 Hours
Adult In-Home Care	794 Hours
Home Health Aide	132 Visits
Home & Community Based Services*	563 Hours
Meals-On-Wheels	1,818 Meals
Health Promotion Clinics	12 Clinics

*Home and Community Based Care is a Medicaid program that offers extended home care services to individuals who are in need of nursing home level care but can be maintained at home for a lower cost.

Total Unduplicated Residents Served: 101

Prenatal care, wellchild care, adult day care and hospice services are also available to residents. Town funding partially supports these services.

**HOME HEALTHCARE, HOSPICE AND
COMMUNITY SERVICES**

FINANCIAL REPORT

The actual cost of all services provided in 2005 with all funding sources is \$241,878.00.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding sources have been supported by your town. In 2005, town support totaled \$1,962.00 for home care and \$1,524.00 for the Meals-On-Wheels program.

For 2006, we request a total appropriation of \$1,962.00 to be available for home care and \$1,025.00 for the Meals-On-Wheels program.

Thank you for your consideration.

Susan Ashworth
Director of Community Relations

INDUSTRIAL DEVELOPMENT AUTHORITY

The prospects for business development in Troy became promising in 2005 as arrangements were concluded to place Troy Mills in the hands of a committed developer. The plans for redevelopment of the Mill property build on an anchor of 60% residential occupation. Market study has confirmed the demand in this area, and a goal has been set to establish 100 or more condominium units in a three-year period. Retail conveniences to serve these units, the Town and our neighbors will follow. The balance of the space is expected to be devoted to services ranging from professional services to storage support. The broader reach to new and established businesses in Troy is a desirable extension of this activity. Details of the planning and concepts for Troy Mills redevelopment may be found at the web site: www.troyblanketmills.com. The project is a private development promoted by the non-profit, Troy Redevelopment Group, Inc., established by the Select Board. No funds have been devoted to the project by the Troy Industrial Development Authority.

Ralph L. Wentworth
Chairman

MEADOWOOD COUNTY AREA FIRE DEPARTMENT

2005 was an extraordinary year for the Meadowood Country Area Fire Department. We ended the year with 119 emergency calls, a 29% increase from last year. Fire School celebrated its 50th year. We assisted the City of Keene and surrounding communities during the flood. We were involved in the final phase of the Troy Mills Landfill closing. We got some projects done, and we continued our Public Relations activities to area towns. We added some new members to the Fire Department, Dive Team, and Board of Directors. We did interdepartmental training with various towns.

Emergency Calls:

		Winchendon	4
We responded to 119 emergency calls:		Swanzy	4
Structure Fires	33	Winchester	3
Motor Vehicle Accidents	37	Baldwinville	2
Water Rescue	25	Jaffrey	2
Carbon Monoxide	7	Dublin	2
Thermal Imager	3	Richmond	2
Chimney Fires	5	New Ipswich	2
Brush	2	Hancock	2
Cover Trucks	4	Chesterfield	2
Other	3	North Walpole	2
Towns responded to:		Peterborough	1
Fitzwilliam	35	Harrisville	1
Troy	28	Roxbury	1
Keene	8	Royalston	1
Rindge	7	Langdon	1
Marlborough	5	Alstead	1
		Rockingham	1

During the 2005 flood, members of the Fire Department and Dive Team rescued/evacuated over 100 people from the flood waters in Keene. A crew manned the Tower, covered the Keene station, and responded to a 2nd alarm fire. The Swift Water Rescue Team was dispatched to Antrim to rescue a kayaker in the Black River, but was turned around because the person disappeared and as of yet has not been found. Members volunteered to return to Keene in the days following the flood to assist in pumping cellars and anything else they could do to help.

Training:

Besides the Department's monthly training, members did interdepartmental training with Fitzwilliam, Rindge, Troy, Winchester, Jaffrey, Swanzey, Franklin Pierce College, Hinsdale, Marlborough, and Troy Ambulance in live fire training, EMS, Haz-Mat, rescue from heights, NIMS, SCBA, and search and rescue. Some of our members took other outside training and received certification in these classes. Meadowood has personnel certified as follows: 32 FF I, 6 Career, 12 FF II, 2 FF III, 30 Haz-Mat Operations, 8 Haz-Mat Decon, 2 Haz-Mat Technicians, 11 Incident Command, 3 Fire Officers I & II, 4 State/Staff Instructors, 14 EMT-B, 4 EMT-I, 17 Swift Water Rescue Technicians, 17 Divers, 5 Rapid Intervention, and 2 Crash/Rescue Firefighters. We also held our two Fire Schools.

Equipment:

The apparatus and equipment has been kept up to date and in good repair. Two new saws were placed in service. We received a grant from the Robinson-Broadhurst Foundation and seven sets of gear were purchased. Accountability tags are on order. An Automatic External Defibrillator was obtained through a state grant and placed in service at the main fire station. Ten 5-gallon buckets of foam were donated by Gleason Fire Equipment. Two Stoke stretchers, blankets, and a sled were obtained through the State and Troy Fire. A portable pump was donated by Curt Bullard and is currently being worked on and will be placed in service soon. Other small equipment has been donated by various departments. The Ladies Auxiliary has donated various items.

Projects:

The members worked on various projects this year. The Assembly Hall was done. The Pavilion is being painted. Classroom 3 and the area around the pavilion were cleaned of junk. J. Holman fixed some problems with the dam after the flood. The PLP sprinkler tank was filled (30,000 gallons of water). The Fitzwilliam Inn sprinkler tank was filled (10,000 gallons of water). Tommila's boiler tank was filled. Three radio antennas were taken down. Props at the training grounds were worked on. Water tanks were filled, culverts unplugged, and the grass was watered at the Troy Mills Landfill. The annual Auction was successful. A spaghetti dinner was held. The Solicitation Letter was sent out. We assisted Swanzey Fire at the Cheshire Fair Demo Derby.

Community Service:

We continue to do Community Service for the communities we serve. The annual fire extinguisher class was done for Tommilas. The Rescue provided lighting and the Tower provided coverage at the Fitzwilliam Fun Fest/Fireworks. A Fire Prevention program was put on for Troy Day Care. The banners/flags were put up and taken down at the Troy Town Hall. Assisted Troy Fire in taking down some wiring/insulation in the square. Assisted Fitzwilliam Fire in putting up Christmas lights. Filled the water tank for the Fitzwilliam Flower Committee. We attended parades in Fitzwilliam, Troy, Richmond, and Swanzey.

As you see, 2005 was an extraordinary and busy year for Meadowood. I am proud of the professionalism and dedication shown by the members of Meadowood in being there and getting the job done, no matter what it was and showing that Meadowood County Area Fire Department is the best. I am extremely proud of the way the members conducted themselves and worked with the various City, State, and Federal Agencies in saving lives and protecting property during the flood of 2005. Again, they proved that Meadowood is the best.

Our goal for 2006 is to obtain new members, upgrade equipment, and training, and to continue to make Meadowood County Area Fire Department the best.

My sincerest thanks to the Board of Directors, the Officers, Membership, and Ladies Auxiliary for the support they have given Meadowood and me throughout this past year.

Chief Robert S. Crowell

MONADNOCK ADVISORY COMMISSION

The Monadnock Advisory Commission was created by State Statute and is charged to advise and guide the Department of Resources and Economic Development on the management of state lands and leased lands on Monadnock, Gap, and Little Monadnock Mountains.

The Commission met on August 31, 2005 at the Jaffrey Civic Center. N.H. Division of Parks Bureau Chief of Design & Development, Tom Mansfield presented an update on the implementation of the Gilson Pond Campground construction in accordance with the goals of the Monadnock Master Plan. Wetland mapping and delineation, identification of endangered and exemplary plant communities and approval from the Jaffrey Conservation Commission, requirements of the Bureau of Public Works, have been completed. A new well was drilled 495' in July providing 30 gallons of water a minute. Major construction of the new family campground will begin May '06 with its opening slated for May '07.

Commissioner of DRED, R. Sean O'Kane, commended the amount of cooperation between the various agencies and the commission members in order to bring this project to fruition. One of his major goals as Commissioner is to see similar efforts to join mutual interests and resources to accomplish shared goals even when multiple government agencies are involved.

State law allows the Commission to accept donations. MAC has always been and continues to be the primary source for funding for search and rescue supplies and equipment at Monadnock State Park. Trail maintenance materials have also been donated to the park.

Andrew Zboray, Monadnock State Park Manager, reported an overall decrease in attendance for '05 due to poor weather during traditionally busy weekends. However, revenue has exceeded last year slightly due to the increased fee rate set by the Division of Parks. Combined day attendance at Headquarters and the Old Toll Road as of 8/30 was 40,938.

The Commission unanimously approved and signed the following statement: "The Monadnock Advisory Commission played an important role in the formation and approval of a Mountain Zone Ordinance (an Overlay District) within the towns surrounding Grand Monadnock –

Dublin, Jaffrey, Marlborough, and Troy. The Commission strongly defends the integrity of that Mountain Zone.”

Respectfully submitted,

Ann L Royce, Chairman, Jaffrey

Frederick Richardson, Jaffrey

David Adams, Troy

Don Upton, Troy

Robin Haynes, Fitzwilliam

R. Sean O’Kane, Commissioner of DRED

Allison Mclean, Director, Division of Parks and Recreation

Ken Desmarais, Division of Forests and Lands

Geoff Jones, SPNHF

Andrew Zboray, Monadnock State Park Manger & Secretary

Dan Leary, Fitzwilliam

David Knight, Marlborough

Ernie Linders, Marlborough

Ed Germain, Dublin

Betsy Harris, Dublin

MONADNOCK FAMILY SERVICES

As you know, Monadnock Family Services (MFS) is active in your community providing quality mental health services to residents who need them, regardless of ability to pay. This past year, we celebrated our 100th Anniversary and look forward to continuing our mission of inspiring hope in our community. During our last fiscal year, MFS provided services to 127 individuals who reported Troy as their home. 82 were adults, 38 children and 7 elderly. Many of these clients were uninsured and required as a group more than \$15,000 in support from MFS. We are confident that these numbers represent a good approximation of the expected service utilization for this current fiscal year.

MFS is again requesting financial support to help underwrite services we provide to uninsured and underinsured individuals in Troy. We are asking for an amount equal to \$1.25 per capita. For Troy, this amounts to \$2,500.

The support you have provided to MFS in the past is deeply appreciated, and we hope our partnership in caring for the citizens of Troy will continue with the incorporation of this request into your town's budget. Please do not hesitate to contact me if you should have further questions.

With sincere thanks,

Kenneth Jue
Chief Executive Officer

PLANNING BOARD

It seems like every year the Planning Board's responsibilities increase along with the amount of subdivisions we receive, which has more than doubled this year. So we are proposing some zoning amendments to help preserve the rural character of Troy that we all appreciate so much. We are also working on entering into a regional Mountain District with Dublin, Marlborough, and Jaffrey. We are proposing to add an Impact Fee Ordinance that will help lower taxes by collecting a fee when new homes are constructed to offset the amount we pay for schools, water/sewer, roads and other town services. Now we are faced with what to do with Troy Mills. It will be up to you to make this decision and whatever it is, the Planning Board will be committed to get the best possible result for the town.

The Master Plan is scheduled to be completed this summer and we would like to thank all of our Steering committee and sub-committee members for all their hard work and dedication. We would also like to thank the Southwest Regional Planning Commission for their guidance and expertise and Kevin Russel, our representative, who is currently scheduling all of our business meetings.

To schedule a meeting, you may call Kevin at 357-0557 or if you have a question or you would just like to sit in, feel free to join us on the first and third Wednesdays at 7:00 pm.

George R. Maattala
Chairman

TROY POLICE DEPARTMENT

2005 was the completion of my first year as your Chief of Police and I am very pleased with the amount of support shown to me during this past year. 2005 was a difficult year for the Troy Police Department. For those of you who may not know, the Police Department had an Officer suspended on a misdemeanor level offense for over eleven months. During this time with a great deal of sacrifice and effort by the members of the Police Department we were able to maintain the same level of service and professionalism the town is accustomed to. I would like to thank the members of the Police Department and their families for the personal sacrifices they had to endure this past year.

I believe that out of every bad thing that happens something good always comes from it. In this case the suspended officer was found **Not Guilty** after a trial in Superior Court and was allowed to resume his law enforcement career.

There are several other good things that the Police Department experienced this past year and I would like to share them with you. There were two promotions within the Police Department in 2005, Jeffrey Clark was promoted from Master Patrolman to Sergeant, and Bobby Newell was promoted from Patrolman to Master Patrolman. It was an honor for me to recommend these two officers for promotion as they were well deserved. I would like to extend congratulations to Officer Chris Anderson for successfully completing the 138th Session of the New Hampshire Police Academy on November 18, 2005.

The Police Department took part in several fundraisers for the new playground at the Troy School. First a benefit basketball game was held in April featuring Police and Fire Departments. The Police team was made up from members of Troy Police, Swanzey Police and NHSP Troop C and the Fire team was made up from members of the Troy Fire Department, Troy Ambulance Department and members from the Swanzey Fire Department. The game was held at Monadnock Regional High School and I must say the Police gave the Firefighters a sound beating.

Second, during the summer a Benefit softball game was scheduled between the Police and Fire Departments. Several civilians were added to the Police team which consisted of Troy, Swanzey, Marlborough and NHSP Troop C and the Fire Department's team was made up from

TROY POLICE DEPARTMENT

members of the Troy Fire and Ambulance along with Swanzey Fire Department. The outcome of this game was quite different than the basketball game as the Fire Department team really thrashed the Police team. Oh well wait til' next year.

The Police Department took Officer Bear to the Troy School where Officer Bear spoke with the young children on the equipment the police have at there disposal and the dangers of speaking or going with strangers.

The Police Department also took part in Child Safe Day which consisted of finger printing and taking photographs of young children and placing the finger prints and photographs in a folder and then given to the parents for safe keeping.

Halloween night members of the Police, Fire and Ambulance Departments were at the station handing out glow bracelets, reflecting bags and candy to the many trick or treaters that were out.

The basketball and softball games, the Child Safe Day and Officer Bear were arranged by Melissa Lambert and I would like to thank her for taking the time to arrange these events. The Town of Troy is very fortunate to have individuals like Melissa in town who have young children's welfare at heart. Once again Melissa thank you for all you have done this past year.

The Police Department handled 3,058 calls for service, 53 accidents, 141 incident reports, made 118 arrests and assisted in the execution of three search warrants looking for drugs and stolen property.

Respectfully submitted:

Howard M. Sheats, Jr.
Chief of Police

TROY SENIOR CITIZENS

The Troy Senior Citizens organization had a busy year. Besides our social activities, we were involved in fundraising to support several organizations in town. The Troy Seniors made donations to Helping Hands, Bridge of Joy, and the Troy Ambulance Inc. We provided cookies for the annual Christmas on the Common. We assembled and delivered fruit baskets to shut-ins in town at Thanksgiving. We collected gifts in November and delivered them to Maplewood Nursing Home for the resident's Christmas party.

Members participated in three day-trips this year. We traveled to Hyannis, MA for a train ride on the Cape Cod Central while we enjoyed a midday meal. Our second trip was a cruise on Lake Winnepesaukee aboard the M/S Mount Washington. After the cruise, we had lunch at Hart's Turkey Farm. We journeyed to Buzzards Bay, MA for a day at the Bourne Scallop Festival and a cruise on the Cape Cod Canal. Our festival meal of scallops was scrumptious and the craft booths and entertainment were outstanding.

Special programs are presented at our monthly meetings. For example, Ralph and Margaret Heald presented a fun and informative program on their trip to Egypt. It made us all want to travel to Egypt (perhaps to take a ride on a camel). We have three dinner meetings at East Hill Farm that are very popular with the Seniors.

Our main fundraiser is the breakfast at Kimball Hall on the first Saturday of every month. Although it is a lot of work for the Seniors, it seems to be quite a social event. Thank you to our great cook, Bob Berry. We know we could not do the breakfasts without Bob's expertise in the kitchen. We also want to thank Police Chief Sheats for helping the Seniors every month at our breakfast. Bob and Chief Sheats give their time and energy unselfishly and the Troy Seniors appreciate the work they do on our behalf.

We thank the Town of Troy for its continued support and for allowing us to use Kimball Hall for our meetings and functions.

The Troy Senior Citizens meet the fourth Wednesday of every month at Kimball Hall. Anyone 50 years of age or older is invited to attend. We'd love to have you join us. Thank you, Troy Seniors, for your support and willingness to serve this past year.

Respectfully submitted,

Lucille Saturley, President

SOUTHWESTERN COMMUNITY SERVICES, INC.

Southwestern Community Services would like to thank the residents of Troy for your continued support of our efforts to serve the needs of our local communities.

During the past year we have delivered a variety of direct services to 824 citizens of the Town of Troy. The value of these services totaled \$294,732.

These were comprised of Head Start, Women, Infants and Children (WIC), Fuel Assistance, Weatherization, Electric Assistance, Homeless Service, and our Housing Program.

It is due to the local support that we receive that we are able to conduct the outreach necessary to deliver these services. SCS welcomes any comments and inquiries and invites you to call and schedule a visit to our offices to learn more about what we are all about.

Thank you again for your consideration.

Sincerely,

David W. Osgood
Deputy Director
Southwestern Community Services, Inc.

SOUTHWEST REGION PLANING COMMISSION

The Planning Commission, with a service area covering 36 municipalities in Cheshire, Hillsborough and Sullivan Counties, is one of New Hampshire's nine regional planning agencies established in 1972 by the State Legislature and the Region's towns. As a municipal membership organization SWRPC provides community planning assistance and represents the Southwest Region in state and federal programs. For each dollar of municipal membership dues paid in 2005, SWRPC leveraged six additional dollars from State and Federal sources to support a professional staff and a diverse work program that includes local planning assistance, natural resources planning, regional information systems & mapping, transportation planning, community & economic development, and emergency management planning.

SWRPC activity in 2005 specific to Troy included:

- Provided technical assistance to the Troy Planning Board;
- Assisted Troy's Master Plan Steering Committee with the ongoing update of the Troy Master Plan (completion date: June 2006);
- Assisted Troy with the submission of an application for Community Development Block Grant (CDBG) funds from NH's Community Development Finance Authority for mandated improvements to the Troy wastewater treatment plant ;
- Prepared a Smart Growth Audit of Troy's Master Plan and land use regulations;
- Updated Troy's Capital Improvements Program (an analysis of past and planned capital spending); and
- Assisted Troy with the submission of an application for funding from NH's Transportation Enhancement Program to reconstruct School Street sidewalks.

Highlights of SWRPC's activity on behalf of the Southwest Region in 2005 included:

- Participated in the ongoing statewide effort to update NH's Long Range Transportation Business Plan;
- Continued the Southwest Region Brownfields Assessment Program with assessment and clean-up planning activity on three properties, and successful application for continued funding from U.S. EPA;

- Completed the first edition of “A Comprehensive Economic Development Strategy for Southwest New Hampshire,” which was also approved by U.S. Economic Development Administration;
- Assisted town’s work to develop Hazard Mitigation Plans and Natural Resource Inventories;
- Continued building a state-of-the-art information system for Southwest New Hampshire; and
- Responded to hundreds of requests for information and consultation from municipal officials and the general public.

We continue to be available to assist you in your planning related activities - please don’t hesitate to contact us if you have a project you would like to discuss. Thank you for your continued support of the Commission. We look forward to working with you during the coming year.

Sincerely,

Timothy P. Murphy
Executive Director

TRANSFER STATION/RECYCLING CENTER

Things seem to be running pretty smooth at the Transfer Station. The markets are up one day and down the next. In 2005, the pay per bag program brought in \$14,189.50 and we brought in \$9,646.00 in fees for white goods and construction materials. \$12,061.08 was brought in for recyclables. The amounts are down a little from a year ago, which is all the more reason to recycle. The more recycling we do the more we save.

I would like to thank the staff at the Recycling Center for another year of dedicated service. Rod Page and his crew do a great job with the center. Keep up the good work guys.

James E. Dicey
Public Works Director

TROY ELEMENTARY SCHOOL

The mission of Troy Elementary School is to strive to educate every child in a safe and respectful environment where the school, home and community work together to develop life long learners.

We are into some challenging but exciting times in education. With revised curriculum in hand, we have continued to work toward district and school goals with reading and language arts as a main focus. According to the fall's standardized testing we are making progress, especially in the intermediate level. As "No Child Left Behind" places more and more demands on the core academics, we will continue to strive for excellence but we don't want to lose sight of all the other important aspects of a quality education. The Second Step program continues to be an important piece of what we do. It will always be important to our students to be able to deal with others in a positive way and know how to deal with situations when the other person may not. Students at the fourth grade level study the country through the States Expo project and presentation and they are introduced to hobbies and careers through the Hobby Fair project. Our sixth grade Lake study, biodiversity projects at Camp Takodah and Channel 58 continue to offer opportunities to apply knowledge gained in the classroom.

Once again, we had the opportunity to visit with over 100 grandparents that were able to attend the annual Grandparent's Lunch. Troy supports its school in many ways; it's nice to be able to offer programs to help them. In an effort to support and assist parents and families, we now offer an early drop-off beginning at 8:05am and an after school program of academics, physical activity and crafts from 3:15 until 5:00pm any day school is in session. Thanks to our PTO we have upgraded our playground to provide a better, safer facility for recreation both during school and for the community outside of school hours.

A continued thank you to all that volunteer their time and knowledge helping us to offer Troy's children the best education possible.

Troy School currently has 192 students. That's up from a low of 163 two years ago. We have nine regular classrooms for grades K-6 and we are home base for the district autism program.

TROY SCHOOL GOALS

- All children at Troy School will be known and respected as individuals.
- Each child in Troy School will be engaged in a dynamic, relevant curriculum.
- Each child in Troy School will expand his/her use of technology.
- Each child in Troy School will be provided with a safe, clean, effective facility in which to learn.
- Every child's education at Troy School will be enhanced by family, school, and community involvement.

Dick Dahl
Principal

TRUSTEES OF TRUST FUNDS

During 2005, the Trustees made a thorough review of securities held in trust funds. As a result, we sold under performing stocks and replaced them with investment grade stocks paying higher yields. This resulted in an increased income for the funds.

Our second happening was in September when we assumed jurisdiction over the Water/Sewer Department Expandable Trust as mandated by the State of New Hampshire.

We meet on the 3rd Monday of each month in the Town Hall at 3:00pm. A copy of our meeting schedule is posted at the Town Hall.

Donald Austin, Chairman

Normand Dion

Donald Upton

WAR MEMORIAL RECREATIONAL PROGRAM

Have you been down to Sand Dam lately? Every year it seems to get better and better! Not only do we have the beautiful marker and sign that greets everyone as they enter the park, we also added a pavilion and picnic tables down by the water thanks to the generous donations from Peter Paul. Now, if we only could get rid of the geese!

The Summer Program ran almost 7 weeks with about 40 children registered. Among the many activities that the program itself has to offer we are pleased to announce that the 5-Day Club once again joined us and we were able to work with the Big Brother/Big Sister Program by providing them an opportunity to meet with their Little Brothers/Little Sisters. We would also like to thank the Conservation Committee, which sponsored an Environmental Education Program that ran for three weeks during the program.

This is my last year being on the Recreational Committee, after 9 years I feel it is time to move on. The job of the committee is to plan the season, prepare Sand Dam and hire the personnel to oversee the program. The committee is a volunteer organization made up of parents and other residents concerned about the future of our children. The continued success of our program is dependent upon the support of the community. If anyone would like to become a member of the War Memorial Program contact the Select Board's Office.

Respectfully submitted,

Ronda Fish
Secretary

TROY WATER AND SEWER DEPARTMENT

The year 2005 was another busy and productive year for the department. We produced an average of approximately 91,200 gallons per day from the three water supply sources meeting the water quality regulations and also continued to treat the average daily discharge of approximately 103,800 gallons per day from the wastewater treatment lagoons into the Ashuelet River also meeting the requirements of the USEPA NPDES permit imposed under the current administrative order.

We continued to work towards the objective of meeting the demands that have been imposed on us by the State of NH Department of Environment Services and the United States Environmental Protection Agency for both the water and wastewater systems. The order by NHDES requires that the town obtain a new water source by July 2007 to replace the present surface water supply, which is the Fassett Brook Reservoir. The order by the USEPA requires that the town provide wastewater improvements including a treatment system capable of advanced biological treatment such as ammonia removal also by July 2007.

The town successfully voted in favor of funding water improvements for \$1,350,000 and wastewater improvements for \$1,550,000 at the March town meeting. The understanding at town meeting was that the town boards would pursue all available grants to offset the project loan amounts. As of the end of this year we have secured \$198,000 in a USEPA STAG grant and a NHDES low interest loan with a forgiveness grant up to 30% for the water project costs. In 2006 it is hoped that the town will obtain an additional \$350,000 grant from the Community Development Block Grant program and wastewater funding from NHDES for a low interest loan with a 30% grant.

The departments consulting engineering firm, Tata and Howard have been proceeding with the design of water and wastewater improvements including a new 500,000-gallon water storage tank and wastewater lagoon improvements including covers and new aeration equipment. Both of these projects are expected to be completed by the end of 2006.

This year we expect to receive a permit for the second gravel packed well and also to start to perform well exploration to locate a new bedrock well that will replace the existing 40,000-gallon per day Fassett Brook Reservoir source for the town.

When not performing the operations and testing requirement for the wastewater and water systems, the department's employees have installed 4 new Residential Water Services in town, completed the installation of the remaining 226 water meters throughout the town, installed 2 new aeration blowers at the wastewater treatment plant, performed general maintenance of the facilities, repaired the fencing around the wastewater treatment facility (WWTF), seal coated the paved parking lot of the WWTF and the prepared the annual water quality report and distributed to all water customers. A copy of the water quality report is available by contacting the office.

The Water and Sewer Commissioner's meet on the second and fourth Wednesday of each month at 6:00 p.m., unless otherwise posted. If you have any concerns, problems or questions, you are welcome to attend any meeting and we will try to accommodate you in any way we can. Please call the office at 242-3890 if you would like to be placed on the agenda for any meeting.

**TOWN OF TROY
MINUTES OF ANNUAL MEETING
MARCH 8, 2005**

The polls opened at 10:00am, Tuesday, March 8, 2004 by Moderator Thomas E. Britton at Troy Elementary School for the purpose of electing Town Officers and voting on Amendments to the Zoning Ordinance. The poles closed at 7:00pm at which time the counting of ballots commenced.

The original meeting scheduled on March 12, 2005 was cancelled at 10:40am due to inclement weather and rescheduled for March 26, 2005.

The meeting convened Saturday, March 26, 2005 at 10:10am at the Troy Elementary School to act upon the remaining articles in the Town Warrant with Moderator Thomas E. Britton presiding.

ARTICLE 1. To bring in your vote for one Selectman for three years and other Town Officers elected by ballot as passed by Town Meeting or State Statute for the specified number of years.

Selectman for Three Years	Lynda Cutts
Trustee of Trust Funds for Three Years	Donald A. Upton
Trustee of Library for Three Years	Eileen Breckell
Fire Chief for Three Years	John C. Callahan Jr.
Cemetery Commissioner for Three Years	James E. Dicey
Administrator of Public Welfare for One Year	Cynthia N. Satas
Planning Board for Three Years	John Satas
Planning Board for Three Years	Steven Sawyer
Water/Sewer Commissioner for Five Years	Bert Lang
Zoning Board of Adjustment for Three Years	Beth Richardson
Zoning Board of Adjustment for Three Years	David Rollins
Zoning Board of Adjustment for Two Years	Todd Carter
Budget Committee for Three Years	Ralph Wentworth

ARTICLE 2. Are you in favor of the adoption of **Amendment No. 1** as proposed by the Planning Board for the Troy Zoning Ordinance, as follows:

To repeal Article XIII, Subsection D.1 to no longer allow Conversion Apartments as a Special Exception use within the Town of Troy.

PASSED AS PRESENTED

ARTICLE 3. To see if the town will vote to raise and appropriate the sum of one million five hundred fifty thousand dollars (**\$1,550,000**) for the construction of wastewater system improvements in such a manner as to bring it into compliance with the NHDES and USEPA Administrative Order, and further to authorize the Board of Selectmen to apply for and accept any grants that may become available, and further to authorize the Selectmen to issue and negotiate the balance of money required for the project in the form of bonds or notes, to determine the rates of interest thereon and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes up to the sum of one million five hundred fifty thousand dollars (**\$1,550,000**) as shall be in the interest of the Town of Troy, in accordance with the provisions of the Municipal Finance Act (RSA 33). (2/3 Ballot Vote Required). Recommended by the Selectmen and the Budget Committee.

PASSED YES 43 NO 7

ARTICLE 4. To see if the town will vote to raise and appropriate the sum of one million three hundred fifty thousand dollars (**\$1,350,000**) for the construction of water system improvements in such a manner as to bring it into compliance with the NHDES and USEPA Administrative Order, and further to authorize the Board of Selectmen to apply for and accept any grants that may become available, and further to authorize the Selectmen to issue and negotiate the balance of money required for the project in the form of bonds or notes, to determine the rates of interest thereon and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes up to the sum of one million three hundred fifty thousand dollars (**\$1,350,000**) as shall be in the interest of the Town of Troy, in accordance with the provisions of the Municipal Finance Act (RSA 33). (2/3 Ballot Vote Required). Recommended by the Selectmen and the Budget Committee.

PASSED YES 42 NO 8

ARTICLE 5. To see if the town will vote to rescind Article 3. of the 2004 Town Warrant as written: ‘To see if the town will vote to raise and appropriate the sum of one million five hundred fifty thousand dollars (**\$1,550,000**) for the construction of wastewater system improvements in such a manner as to bring it into compliance with the NHDES and USEPA Administrative Order, if and only if the Board of Selectmen is able to successfully apply for, negotiate, receive and accept special grants from the Office of State Planning for a Community Development Block Grant (maximum of \$700,000 over two years), from the New Hampshire

Department of Environmental Services State Aid Grant Program (a maximum of 30% grant or \$465,000), from the United States Rural Development (a maximum of 75% grant or \$1,162,500) and any other grants that may become available, and further to authorize the Selectmen to issue and negotiate the balance of money, not more than \$155,000 (One Hundred Fifty-five Thousand Dollars) required for the project in the form of bonds or notes, to determine the rates of interest thereon and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the interest of the Town of Troy in accordance with the provisions of the Municipal Finance Act (RSA 33). (2/3 Ballot Vote Required). Recommended by the Selectmen and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 6. To see if the town will vote to rescind Article 4. of the 2004 Town Warrant as written: ‘To see if the town vote to raise and appropriate the sum of one million three hundred fifty thousand dollars (**\$1,350,000**) for the construction of water system improvements in such a manner as to bring it into compliance with the NHDES and USEPA Administrative Order, if and only if, the Board of Selectmen is able to successfully apply for, negotiate, receive and accept special grants from the Office of State Planning for a Community Development Block Grant (maximum of \$700,000 over two years), from the New Hampshire Department of Environmental Services State Aid Grant Program (a maximum of 30% grant or \$405,000), from the United States Rural Development (a maximum of 75% grant or \$1,012,500) and any other grants that may become available, and further to authorize the Selectmen to issue and negotiate the balance of money, not more than \$135,000 (One Hundred Thirty-five Thousand Dollars) required for the project in the form of bonds or notes, to determine the rates of interest thereon and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the interest of the Town of Troy in accordance with the provisions of the municipal Finance Act (RSA 33). (2/3 Ballot Vote Required). Recommended by the Selectmen and the Budget Committee’. Recommended by the Selectmen and the Budget Committee.

PASSED WITH BUDGET COMMITTEE FIGURES

The meeting adjourned at 1:35p.m.

Marcy Johnson, Troy Town Clerk

JAFFREY

TROY

NEW HAMPSHIRE

To Honor

SGT David Catani (Army)
SGT Michael Cumings (Army)
L/CPL Steven Daniels (Marine Corps)
SSGT Stephen Murphy (Marine Corps)
SGT Jonathan Pride (Army Reserve)
SPC Alden Satas (Army)
AS1 Raymond Woods (Navy)

Your honorable and dedicated service exemplifies New Hampshire's long history of commitment to the military, and demonstrates your understanding of the ideals our Country represents. You have willingly and courageously accepted the personal risks and dangerous assignments that are necessary to protect those ideals for all United States citizens, that makes you a true American hero.

The attacks on September 11, 2001 united us and re-energized our patriotism, but the war in Iraq has given a newfound appreciation of the skill, acumen, and bravery of our men and women in uniform. You have earned the heartfelt gratitude and respect of Granite Staters for all you have done on behalf of our great Nation, and I know your hard work in continuing the Armed Forces' tradition of excellence has brought a lot of pride to your family.

I salute you and all American soldiers who collectively assume the tremendous cost of freedom.

Sincerely,

John E. Sununu
United States Senator
