SUMMARY OF FINDINGS AND RECOMMENDATIONS

January 17, 1968

Board of Selectmen

Allenstown, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Allenstown for the fiscal year ended December 31, 1967, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Municipal Court, Trustees of Trust Funds and Library.

FINANCIAL STATEMENTS

Comparative Balance Sheets - December 31, 1966 - December 31, 1967: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1966 and December 31, 1967, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by \$2,190.65 in 1967.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1967, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of \$5,147.14, less a net revenue surplus of \$3,837.79, resulted in a net budget deficit of \$1,309.35.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1967, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1967, is indicated in Exhibit B-2.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of records. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus - (Deficit):

The current financial condition of the Town changed from a current surplus (excess of total assets over current liabilities) of \$481.75, to a current deficit (excess of current liabilities over total assets) of \$827.60 in 1967, as shown herewith:

	<u>December 31, 1966</u>	<u>December 31, 1967</u>
<u>Total Assets</u>	\$69,512.81	\$63,456.65
<u>Current Liabilities</u>	<u>69,031.06</u>	<u>64,284.25</u>
<u>Current Surplus - (Deficit)</u>	<u>\$ 481.75</u>	<u>(\$ 827.60)</u>

Overdraft of Appropriations and Application of Municipal Budget Law:

It is noted that there was a net overdraft of appropriations in the amount of \$5,147.14 - in other words, total expenditures exceeded total appropriations by this amount as indicated herewith:

Overdrafts of Appropriations	\$11,674.91
Unexpended Balances of Appropriations	<u>6,527.77</u>
Net Overdraft of Appropriations	<u>\$ 5,147.14</u>

On November 20, 1967 a certificate of emergency was issued by the Tax Commission authorizing the expenditures of \$10,000.00 in excess of the appropriations in the following accounts:

Town Maintenance Highways
Town Construction of Streets
Forest Fires
Interest on Loans

Thus it may be stated that the Board of Selectmen stayed within the provisions of the Municipal Budget Law while incurring a net overdraft of appropriations of \$5,147.14 during the fiscal year ended December 31, 1967.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Allenstown for their assistance during the course of the audit.

Yours very truly,

O. Maurice Oleson

Dear Mr. Letendre:

This is to offer my sincere personal appreciation and commendation to you and those who joined with you in the shelter stay exercise conducted at the Dole-Suncook Public Fallout Shelter on January 27, 28, 29, 1967.

I am sure that the people of Allenstown have benefited greatly in your increased knowledge of shelter living. Your experience will certainly prove invaluable to you in the future.

Speaking for myself and every member of this staff, congratulations on a good job well done.

CIVIL DEFENSE REPORT
ALLENSTOWN, N. H.

For the past several years, I have been reporting to the people of Allenstown, the importance Civil Defense plays in our community. I have attended several instruction courses made possible by the Office of Civil Defense, Concord, N. H. Reading material is made available to me, but experience is also the best teacher as I found out at the "Shelter-Stay" of last January.

Friday night, January 27, 1967, at 5:30 P.M., a group of local residents assembled at the fire station to participate in a nuclear-age experiment. At exactly 6:00 P.M. we entered the basement of the Dole-Suncook plant.

We kept busy Friday night getting our allotted space liveable. We swept the floor, cleaned the lavatory, arranged our cots and set up a kitchen because this would be our home for the next 46 hours. Our only contact with the outside world was via a two-way radio with the Allenstown Fire Station. We were also visited by a watchman of the Dole-Suncook factory, and a reporter from a local newspaper just before the test ended.

Some of the minor ill effects of the "Shelter-Stay" were headaches, toothache, a cut finger and one had a stomach ache. Being supplied with many remedies, these ills were taken care of.

All the bunks were located in one section. After we were accustomed to the noises of our surroundings, sleeping was found to be satisfactory, under the circumstances.

The entire group agreed that the C-D biscuits were OK, but not for a steady diet. We were allowed to bring in a few food supplies, so we had biscuits with jam and peanut butter. We also had canned soups and canned beans, and of course a pot of coffee was always ready. The children had Kool-Aid for their beverage.

During the recreation period, the adults played scrabble, checkers and cards. The children were allowed to bring one toy, but after a while sharing came as quite an effort to them. After a few hours, the kids were out from running around. To ease the tension, movies that had been supplied by the Office of Civil Defense were shown. The movies were in cartoon form and showed the children what to do in the event of a nuclear attack. After showing a few of these films the projector broke, and we had to make the best of the few games and toys we had brought.

A mounted tandem bike with a fan in front was supplied by Civil Defense. As the adults pedaled for exercise, they also kept the air circulating inside the walled room.

The group had several comments about their "Stay", such as missing family and friends, favorite TV programs, shaving and showering, visiting the fire station, and even a regular bottle of

beer. I must admit that we were all glad to see 3:00 P.M. Sunday afternoon come.

I found this "Stay" to be very helpful in my personal study. Many conditions arose which were not mentioned in the manuals. Even though a small group participated in this exercise, I feel that I have somewhat of an idea of the different problems that might arise, should the shelter be filled to its capacity of 4,900 persons.

In concluding, I would like to take this opportunity to thank everyone who gave up their week-end to participate in this experiment.

Respectfully submitted,

Roger A. Letendre

Dear Sir:

In anticipation to questions which might arise at the upcoming town meeting, we would like to submit the following information regarding our ambulance service to the community. The ambulance travelled a total of 3,680 miles since it was purchased last March 1967. A total of 140 calls were answered during this period broken down as following;

Hooksett	40
Pembroke	68
Allenstown	32

In order to speed up and improve this ambulance service, we have recently installed a two-way radio which is integrated with the FD and state police. I hope the above has been helpful and in closing, our organization would like to thank everyone for past donations towards the Community service project.

Very truly yours,

Aubrey Viar
Ambulance Chairman

TO THE CITIZENS OF ALLENSTOWN:

At the March, 1967 Town Meeting, a committee of eight men plus the Board of Selectmen was appointed to inspect and evaluate the existing fire station on Ferry Street.

After careful inspection of the building, it was the unanimous decision of the Committee that we should build a new fire station, since the cost of repairing the old building would be excessive.

Very truly yours,

TOWN MEETING RECORD OF ANNUAL

Election - March 14, 1967.

The Polls were opened at 10 o'clock by the Moderator, Frank Noel. After the Polls were open a motion was made that the reading of the warrant and the Budget be put off until Saturday, March 18, 1967 at 7 P.M.

On Saturday the 18th, the Meeting was opened at 7 o'clock by the Moderator, Frank Noel.

Article 1 was taken care of on Election Day.

Article 2 - A motion was made and seconded to act on the Budget after the warrant. Motion carried.

Articles 3, 4, 5, and 6 were adopted as read.

Article 7 - There was an amendment to this article that the Chairman of the Board of Selectmen name a committee of 8 and report to the Fire Chief at the end of 30 days. The Committee named was as follows: Jesse Welch, Fire Chief Robert D. Chevrette, Herve Verville, Raymond Gagne, Treffe Noel, Albert Petit, Michael Chroniak, and Louis Gagne.

Article 8 - The town council told the voters that any article not approved by the budget committee cannot be acted upon, therefore this article was dismissed.

Article 9 - Was dismissed for the same reason as Article 8.

Article 10 - Was adopted as read.

Article 11 - Was dismissed for the same reason as Articles 8 and 9.

Articles 12, 13, 14, and 15 - Adopted as read.

Article 16 - Was dismissed.

Articles 17 and 18 - Adopted as read.

Article 19 - On this article the subject of last year on article 17 came up. To see if the town will vote to have the Planning Board draw up a set of Ordinance for the town within the next year, so that they can present them to the voters at the 1967 Town Meeting. There was a lot of misunderstanding on this article. The Fire Chief was waiting for the Planning Board and the Planning Board was waiting for the Fire Chief. After a lot of discussion they finally came to some understanding.

When the budget came up, the Fire Department was raised \$2,500.00. Town dump and garbage removal was raised \$1,500.00. Town Maintenance - summer - raised \$1,000.00. Town Maintenance - winter - raised \$1,000.00.

Total Budget - \$84,428.86.

REPORT FROM DECEMBER 16 TO JANUARY 25

To the Residents of Allenstown:

I am pleased to report that 1967 saw eleven less fires in town than we experienced in 1966. Your Fire Department earnestly hopes this trend will continue into 1968.

I am also happy to report that the revised "Red Phone" system we arranged last year has proven to be effective. We now feel we have good coverage throughout the town and that this will speed the response when a fire does occur.

We initiated a "Fire Prevention Program" in 1967 and believe it is contributing to the betterment of our community. Lieut. Donald Connor was assigned responsibility for the program and has received excellent cooperation in carrying it out. He arranged participation in parades and other demonstrations to bring the need for fire prevention to your attention and the good reception has contributed to the morale of the department.

We continued to stress training in the past year and were able to arrange to take part in several joint training sessions with other departments. We participated with Pembroke on one occasion and on another went to Concord and worked with that department in a house fire training situation.

I recommend that we continue the practice of purchasing new equipment as this will contribute to the effectiveness of the department. Equipment that can be relied upon to do its job is a must for any good fire department. It was necessary to carry out major repairs on the tanker when the pump broke last year. Members of the department contribute their time and work toward keeping the vehicles in repair but a planned program of purchase and replacement should be continued.

The station floor and furnace required repair this year. If we are to remain at the present station, we have been advised that it will be necessary to replace the furnace in the near future.

I am sure all the members of the department join me in expressing my appreciation to you for the vote of confidence given the Department by your approval of the pay raise at the last Town Meeting. We appreciate it and will continue to try to provide Allenstown with good fire-fighting service.

Respectfully submitted,

Robert D. Chevrette, Chief

Dear Sir:

To you and your men we extend our most sincere appreciation for the fine work during our recent fire at our plant.

We marvelled at the endurance and dedication of all your men. Their work was exemplary and all are to be commended.

We were sorry that some were overcome by the intense smoke, and that others were injured by nails. We hope they did not suffer any further effects and that they have recovered completely.

Again our sincere thanks.

SUPERINTENDENT'S REPORT

With an ever-increasing number of pupils to be accommodated, local school districts are confronted with the problem of trying to provide quality education in the face of a teacher shortage destined to continue for at least a few more years. Because it is nation-wide, the matter of attracting competent teachers to a community has had to assume a new dimension in recruiting. Compared with an era when teachers applied directly for a position, the school superintendent now must spend much time and energy in directing a campaign designed to focus the attention of teachers on a particular community. Failure to go to sources of supply leaves a town with little choice but to fill its classrooms with individuals who are teachers in name only.

In the spring of 1967, the superintendents of New Hampshire were in the process of attempting to fill nearly 1900 vacancies, over 800 of which were at the elementary level. These vacancies represented a 44 per cent increase over 1965, when it already was apparent that the supply of teachers was critical. The problem was further compounded with relatively small classes of teachers being graduated from New Hampshire colleges; only 132 elementary teachers were granted degrees by the state colleges at Keene and Plymouth in 1967.

Never before has it been as imperative that an entire town bend its efforts in the

quest for capable teachers. School boards and administrators need sympathetic support in staffing, equipping and maintaining schools. Additionally, teachers are sensitive to community attitude; they have little inclination to seek employment in a district where there is only minor regard for education. In the final analysis, all of the inhabitants of a community exert a direct influence on the kind of an educational program that is offered. Failure to render support will lead to inferior instruction in the school system. Ultimately, society in general will be the real loser, for those children who have been short-changed in school will be unable to make contributions in keeping with what was their potential.

Assistant Superintendent
