SELECT BOARD REPORT

February 8, 2007

The Select Board would like to extend a warm greeting to all town residents as we begin 2007. We would also like to extend a big round of thanks to our intrepid volunteers, employees, and elected officials for their hard work throughout the past year.

People are noticing that the residents of Troy truly care about the town and work hard to make it a great place to live. Recently at the Senior's breakfast in February a couple from Rindge remarked that "the people in Troy really care about their town". This same sentiment was heard on the town common during the summer arts festival and again and again at public meetings from both visitors and residents alike. The hard work that people have been investing is apparent to everyone and we would like to applaud those efforts and express our appreciation for the continued support by our residents and the hard work received from our employees, volunteers, and officials. Your efforts have made 2006 a splendid year.

As we forge ahead into 2007 we are mindful that we still have a lot to accomplish. The EPA mandated Water & Sewer projects will continue this year and will generate a tax impact in 2008. We were awarded a substantial Community Development Block (CDBG) grant, a STAG (State Assistance) grant, and a loan from the Drinking Water State Revolving Loan fund to help offset project costs. We have been very fortunate that the projects have been managed well and in many instances have come in at a lower cost than originally planned in the engineer's bid documents. Luckily we are finishing up the library bond in 2008 and that will help to offset a little of the W&S bond payments. Other projects include the Troy Redevelopment Group's continued work with the Mill. We realize that as we get closer to construction there are last minute items that need to be resolved, but we are looking forward to signs of construction in the spring. Our Master Plan is nearing finalization and we believe that the Planning Board has been doing a great job working through land use issues for the Town.

Our continued diligence on these items and other issues are at the heart of the Select Board's work in the new year. The major increases in the budget for 2007 are Health Insurance (Overall Premium Increase +13.3%) and the State Retirement (+28.34% and +22.31% for two groups). In several

instances department budgets were static overall year to year (with a 3% Cost of Living increase included for personnel) but the increases in these two line items resulted in a noticeable jump in the department's budget. During the Budget Committee's meetings it was requested that the Select Board's office do a comparison of health insurance and benefits again this year to look closely at the benefit package and costs associated.

We are also concerned about the dollars we are spending on education because of the lack of transparency with those budgets. An increase in our payments to the Monadnock Regional School District and a thirty one cent increase in the County portion of the payments resulted in an increase in the tax rate during the latter part of 2006. Accountability at the MRSD has been a topic in recent newspaper articles and letters from local Select Boards this year and we hope that by working with our town's MRSD school board and budget committee members we can achieve a level of accountability with respect to both the warrant articles and the MRSD operational budgets.

In 2007's budget, warrant articles that are based on taxation are down but our projected revenues are also lower. As a result the Select Board will be weighing these issues carefully as we look to maintain a stable tax rate during 2007. Given that the County and MRSD district budgets appear to be going up we hope that we will be able to achieve this goal.

Last year we plugged for the 50/50 formula in this section of the Town Report and we would like to impress upon everyone that this is a crucial component to lower taxes. In the past the 50/50 formula was the biggest contributor to lower taxes with respect to the school payments compared to any other cost saving measure we could have promoted. In the next couple of years as we wait for the Mill to transform, the 50/50 formula is the best program to support in order to keep our taxes stable.

We have a new volunteer committee overseeing the newly renovated Depot. We received a CDFA grant to help with the finishing touches on the renovations and we hope this well be completed by summer. The Depot Committee is tasked with finding and supporting a continuous self sustainable use for the building and we look forward to their suggestions and accomplishments. We were delighted to find so many railroad enthusiasts willing to participate on this committee.

We are proud of our Town and its residents and encourage you to get involved. Going forward in 2007, the Select Board hopes that we will see some new faces in the crowd when it comes time to help out with projects and programs. Please help us with any suggestions you may have. Please write or sit down with us during our Monday night meetings. The Select Board has worked hard to foster an open environment and we invite you to join in the conversation about our programs and goals. All suggestions are welcome!

Glenn T. Shattler, Chairman

**STATE OF NEW HAMPSHIRE
TOWN WARRANT**

To the inhabitants of the Town of Troy in the County of Cheshire in said State, qualified to vote in town affairs, you are hereby notified to meet at Troy Elementary School, the 13th day of March, 2007, next at 10:00 a.m. in the forenoon for balloting upon matters specified in Articles 1 and 2, listed below, and you are hereby further notified to meet at the Troy Elementary School on Saturday, the 17th day of March, 2007, at 10:00 a.m. to act upon the remainder of the listed warrant.

ARTICLE 1. To bring in your vote for one Selectman for three years and other Town Officers elected by ballot as passed by Town Meeting or State Statute for the specified number of years.

ARTICLE 2. Are you in favor of the adoption of **Amendment No. 1** to the Troy Zoning Ordinance as proposed by the Planning Board and generally described as follows:

Amend the backlot requirements of the Rural District under Article VI Section 2, to clarify that for all lots existing as of the adoption of the backlot ordinance in 1993, only one back lot shall be created from the existing lot. No more than 2 lots shall be created from the existing lot, resulting in 1 back lot and 1 front lot.

Are you in favor of the adoption of **Amendment No. 2** to the Troy Zoning Ordinance as proposed by the Planning Board and generally described as follows:

Amend the backlot requirements of the Rural District under Article VI Section 5, by removing language with regard to the upgrading of the access way to allow for further subdivision, effectively disallowing any future subdivision of both parcels, and only allowing one single-family dwelling on each lot.

ARTICLE 3. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray the following expenditures:

**RECOMMENDED BY
BUDGET COMMITTEE – SELECTMEN**

Office of the Select Board	118,754	118,754
Town Clerk/Tax Collector's Office	60,018	60,018

Tax Anticipation Note Interest	<u>16,800</u>	<u>16,800</u>
TOTAL	1,237,667	1,238,167

ARTICLE 4. To see if the town will vote to raise and appropriate the sum of ninety-one thousand six dollars (**\$91,006**) for the annual bond payment for closing the town landfill, and authorizing the withdrawal of twenty thousand dollars (**\$20,000**) from the Transfer Station/Recycling Center Special Revenue Fund. The balance of seventy-one thousand six dollars (**\$71,006**) is to come from taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 5. To see if the town will vote to raise and appropriate the sum of twenty-three thousand six hundred ninety-three dollars (**\$23,693**) for the care of the cemeteries and authorize the withdrawal of twenty-two thousand seventy-eight dollars (**\$22,078**) proportionately from the Cemetery Maintenance Expendable Trust Fund and the Cemetery Perpetual Care Expendable Trust Fund. The balance of one thousand six hundred fifteen dollars (**\$1,615**) is to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 6. To see if the town will vote to raise and appropriate the sum of twelve thousand dollars (**\$12,000**) for the purpose of retaining consultants to assist the town with planning, economic development, management issues, and legal services. This will be a non-lapsing appropriation per RSA 32:7 VI, and will not lapse until completion or by December 31, 2008, whichever is sooner. Recommended by the Select Board and the Budget Committee.

ARTICLE 7. To see if the town will vote to raise and appropriate the sum of twenty-five thousand dollars (**\$25,000**) to purchase a 2007 Ford Expedition police cruiser and authorize the withdrawal from the Police Department Capital Reserve Fund. The 1998 Dodge Durango will be sold by July 1, 2007, and the proceeds will go into the general fund surplus for the purpose of replenishing the Police Department Capital Reserve Fund. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 8. To see if the town will vote to raise and appropriate the sum of four thousand dollars (**\$4,000**) to purchase five body armor vests for the police officers and authorize the withdrawal from the Police Department Capital Reserve Fund. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 9. To see if the town will vote to raise and appropriate the sum of nine hundred eighty-seven dollars (**\$987**) to be placed in the Police Department Capital Reserve Fund. This is the grant money received from the State of New Hampshire for ATV patrols during 2006. This amount is to come from fund balance (surplus). No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 10. To see if the town will vote to raise and appropriate the sum of six thousand forty-eight dollars (**\$6,048**) for Prevention of Alcohol Abuse in Cheshire County (PACC) details for the Police Department to be funded with anticipated grants from the State of New Hampshire. No funds will be expended unless the grants are received. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 11. To see if the town will vote to raise and appropriate the sum of fourteen thousand six hundred twelve dollars (**\$14,612**) for the first payment over the term of seven years on the lease/purchase agreement on the 2004 HME fire truck. Recommended by the Select Board and the Budget Committee.

ARTICLE 12. To see if the town will vote to raise and appropriate the sum of seven hundred seventy-seven dollars (**\$777**) to be placed in the Fire Department Capital Reserve Fund. This amount is to come from fund balance (surplus). This is the amount received from the sale of the 1977 Dodge pickup truck, September 2006. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 13. To see if the town will vote to raise and appropriate the sum of twenty thousand dollars (**\$20,000**) for sand sealing and repair of town roads. Recommended by the Select Board and the Budget Committee.

ARTICLE 14. To see if the town will vote to raise and appropriate the sum of forty-five thousand three hundred eighty-eight dollars (**\$45,388**) for a 2007 Dodge Ram 3500 dump truck and plow and to authorize the withdrawal of thirty-one thousand three hundred eighty-eight dollars (**\$31,388**) from the Highway Department Capital Reserve Fund. Fourteen thousand dollars (**\$14,000**) to come from the trade-in of the 1999 Ford

F350 dump truck. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 15. To see if the town will vote to raise and appropriate the sum of thirty thousand dollars (**\$30,000**) for construction of a new concrete sidewalk on the western side of School Street. Recommended by the Select Board and the Budget Committee.

ARTICLE 16. To see if the town will vote to raise and appropriate the sum of forty-four thousand five hundred ten dollars (**\$44,510**), that will be received from the Highway Block Grant from the State of New Hampshire during 2007 for the maintenance, construction, and reconstruction of Class IV and V highways. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 17. To see if the town will vote to raise and appropriate the sum of five thousand dollars (**\$5,000**) to upgrade the electric service at the Recycling Center and purchase safety equipment and authorize the withdrawal of (**\$5,000**) from the Transfer Station/Recycling Center Expendable Trust. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 18. To see if the town will vote to raise and appropriate the sum of seven thousand seven hundred dollars (**\$7,700**) for the purchase of transfer station bags and authorize the withdrawal of seven thousand seven hundred dollars (**\$7,700**) from the Transfer Station/Recycling Center Special Revenue Fund. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 19. To see if the town will vote to raise and appropriate the funds listed below to be deposited in the Capital Reserve Funds:

	RECOMMENDED BY BUDGET COMMITTEE – SELECTMEN	
Fire Department	10,388	10,388
Highway Department	15,000	15,000
Police Department	10,000	10,000
Reassessment	<u>10,000</u>	<u>10,000</u>
TOTAL	<u>45,388</u>	<u>45,388</u>

ARTICLE 20. To see if the town will vote to raise and appropriate the funds listed below to be deposited in the Expendable Trust Funds:

**RECOMMENDED BY
BUDGET COMMITTEE – SELECTMEN**

General Government Buildings	10,000	10,000
Samuel E. Paul War Memorial	<u>5,000</u>	<u>5,000</u>
TOTAL	15,000	15,000

ARTICLE 21. To see if the town will vote to raise and appropriate the sum of four hundred eleven thousand six hundred sixty-two dollars (**\$411,662**) for Water/Sewer Department operations. Income comes from collections of water and sewer rents. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

ARTICLE 22. To see if the town will vote to raise and appropriate the funds listed to be donated to each organization as specified:

**RECOMMENDED BY
BUDGET COMMITTEE – SELECTMEN**

Gap Mountain Garden Club	700	700
Helping Hand	2,000	2,000
The Community Kitchen	2,000	2,000
Historical Society	1,000	1,000

TROY AMBULANCE INC.

The ambulance responded to a total of 174 calls in 2006. The calls were a combination of medical emergencies, illnesses, injuries, requests for public assistance, motor vehicle accidents, and mutual aid responses to Fitzwilliam. The membership of the ambulance is currently 16 with four new members joining the squad in 2006.

When they are not responding to calls, responsibilities of ambulance members include attending monthly trainings and meetings, performing maintenance on the ambulance and checking all medical equipment weekly, attending classes to maintain their certifications, and handling the squad's administrative tasks. Active ambulance members spend an average of 30 hours per month participating as a part of the organization. In addition to the monthly requirements, Emergency Medical Technicians (EMTs) must acquire 48 hours of continuing education credit, take a 24-hour refresher course, and successfully complete a practical skill examination every 2 years in order to keep their license current.

Several significant changes occurred over the past year in regards to the general operation of the ambulance squad. The State of New Hampshire introduced a mandatory switch from recording each run on the traditional paper form to a system called TEMSIS that is entirely computer-based. This requires ambulance personnel to go online after each call in order to access the TEMSIS web site and follow the procedure that has been set up. After decades of recording runs on paper, EMTs have had to spend a great deal of time learning the new system.

EMTs are licensed to practice by the State of New Hampshire and they are mandated to follow specific procedures and protocols as determined by the State. In 2006 the State modified the protocols and required all EMTs to participate in a 16-hour transition class, which all of Troy's EMTs have completed, as well as take an online test.

For many years the Keene Fire Department has provided free Paramedic services to Troy. In September 2006 Keene began billing each town they provide Paramedics to \$350 per call. Paramedics are vital to emergency responses as they have a much higher level of training than EMTs and they have the ability to provide advanced life support services. This includes administering lifesaving medications to individuals suffering from

respiratory distress and heart attacks. Paramedic services are not required on every call and of the 174 calls in 2006 they were utilized 43 times.

As of the end of 2006, the Troy Ambulance has invested \$36,000 towards the cost of a new ambulance. The current ambulance is in good condition and we do not anticipate needing to purchase an ambulance for several years.

I would like to thank all the members of the ambulance for their participation, dedication, and service over the past year. We are looking forward to 2007 and continuing to serve the citizens of Troy.

Amy E. Willey
President

REPORT ON INTERNAL CONTROL BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS

In planning and performing our audit of the financial statements of the Town of Troy, New Hampshire as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Town of Troy, New Hampshire's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Troy, New Hampshire's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Troy, New Hampshire's internal control.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Town's financial statements this more than inconsequential will not be prevented or detected by the Town's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town's internal control.

Our consideration of the internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

AUDITOR'S REPORT

This communication is intended solely for the information and use of management, Board of Selectmen, others within the Town and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

Vachon, Clukay & Co., PC

BUDGET COMMITTEE

The Budget Committee has had eight meetings this year, six of them with the department heads and the Select Board. Our basic function is to look over the budgets that the department heads and the Select Board have agreed that they would need to operate with this coming year.

We the Budget Committee have scrutinized it carefully, asked questions, and given the budget much thought. Our job is to give each department enough funds to be able to operation

I conduct an open meeting, like a Grand Jury, we have a so-called Hot Seat for the department heads to sit in and we all ask all kinds of questions, how things went this past year, what do you anticipate for this coming year, do you have a wish list (e.g.: air mask, bullet proof vests, new motor or truck)?

We almost micro-manage the departments we can't RSA. When Town Meeting comes around, the taxpayers are getting their dollar's worth out of each department.

The county with a new jail or a school with a new building is out of our control.

We have two new members and they are young, Tom Wilson and Neal Richardson, and we still have two members that have been on the Budget Committee for over 25 years.

See you at Town Meeting.

Respectfully,

Frank Obuchowski
Budget Chairman

CEMETERY COMMISSION

As I drive through town, one thing I always look for are the cemeteries. Every town has at least one, we have five, and Keene has 15 or more. I look to see how well groomed they are, how well maintained, leaves picked up, hedges trimmed, grass cut.

I see this as the morals of the town, their pride and honor of their forefathers and loved ones, who make it possible for us to look and make judgments of our cemetery and town.

Memorial Day brings out the flags and flowers and visitors, the soul place of a town, "The Cemetery", peaceful, tranquil and serene.

We have finally completed our three stone walls and two terraces. It took seven years from idea to completion but it was really worth the wait.

If you plan to be interred in our cemetery, you must have a grave site or permission to be interred in a grave site from your folk, grandparents or a friend or a Court Order.

Our crew did a first class job this year. Again, thank you Larry and Skip.

Our price for a grave site went up a little this year.

Respectfully,

Cemetery Trustees
Frank Obuchowski, Chairman

CHESHIRE RAILROAD COMMITTEE

The Cheshire Railroad was built in 1840 and provided service between Vermont and southern Massachusetts. It is recorded in our town history that the section of railroad through the Town of Troy was assembled during the years of 1846 and 1847. In 1850 the railroad depot and outbuildings were constructed.

The railroad was the nucleus of transportation during the mid 1800's to the mid 1900's.

Families waved their good-byes from the depot to their loved ones as they left for war. While many were welcomed back home safely, the train also carried back to the depot the coffins of our fallen soldiers.

Many people used the stop at the Troy Depot for a climb up Mt. Monadnock. Famous poets, Henry David Thoreau and Ralph Waldo Emerson took the Cheshire Railroad to the Troy Depot and then climbed to the summit of Mt. Monadnock, each of them writing their own version of Mt. Monadnock poetry.

Milk was carried to Boston in an incredible two hours. The local townspeople bought round trip tickets at the depot for a day of shopping in the City of Keene, while some students bought seasonal passes for the train to attend school in the city. Over a hundred years, the uses of the railroad and its depot were countless.

The Troy Depot is a huge historical focal point of our town's history. Funds were sought for the restoration of the depot and it is very near completion. The Select Board appointed a committee to research various uses that would allow the depot to sustain itself. After much careful deliberation, the committee voted unanimously that the depot be devoted to become a Railroad Museum with a tourist information center and gift shop.

The New Hampshire Land & Community Heritage Investment Program has chosen The Cheshire Railroad Depot Troy as their "Success Story of the Month". Our Committee's goal for the depot is to be a "Constant Success Story" for the town of Troy with your help and support.

Donald S. Austin
Chairman

TROY FIRE DEPARTMENT

2006 saw the department respond to 107 calls. Auto accidents and requests for mutual aid led the list with 21 responses each. The trucks and equipment owned by the department are in good repair and ready to serve your needs.

Thanks to the citizens of Troy, the Budget Committee, and Select Board the department was able to purchase and place in service a new HME fire pumper. The truck was manufactured by HME Incorporated in Wyoming, Michigan and it was sold by Lakes Regions Fire Apparatus Inc. from West Ossipee, New Hampshire. The new truck will give us many years of service and we invite you to visit the station to see the pumper and the other pieces of apparatus.

IT’S THE LAW; fire permits required. Every person, firm, or corporation who kindles or causes to be kindled any fire or burns or causes to be burned any material except when the ground is covered with snow shall obtain a written fire permit from the Forest Fire Warden, or his authorized agent, in the town or city where the fire will be kindled. Should you need a permit or have any questions please call the Forest Fire Warden, John C. Callahan, Jr. at 242-6621 or Deputy Wardens, James Callahan at 242-6649, Robert Hebert at 242-3712, Daniel Lang at 242-7253 or Edward Lang III at 242-6652.

Scott M. Meader, Second Deputy Chief

TROY EXPLORERS

The Troy Fire Explorer Post has been chartered for about a year. The Explorer Post runs through Daniel Webster Council, and is part of the “learning for life” program, which enables teens to experience a job first hand, in this case, firefighting. The Exploring division is open to young adults from the ages of 14 – 21.

The Explorers are able to train, meet, respond to calls, and assist the firefighters in a limited fashion. The post trains and meets with the department once a month. Several of our training sessions consisted of learning about the new engine. We also trained with air packs and hose-lines on more than one occasion. The Explorers are expected to be able to identify each tool on the fire trucks, and locate them in a timely manner.

The post has attended two live burns since the post started in January, 2006. A live burn is controlled fire set to a donated building so firefighters can train. At the scene of a live burn Explorers are able to train with hose-lines fill air packs and retrieve tools.

The Explorers have been fundraising in addition to the training. The post just bought six new pagers, as well as sweatshirts and t-shirts. Explorers have also attended two Manchester Monarch’s hockey games, and the Mud bog. Be sure to keep your eye out for car washes at the fire station on Sunday, from 10-noon, weather permitting. If you are interested in joining the Explorer program, come to the Troy fire station on a Sunday between the hours of 10 and noon.

The Explorers would like to extend their thanks to Explorer advisors, Captain Dan Guay and Lieutenant Amy Willey, as well as Captain Chuck Rocheleau and Captain Bob Crowell for excellent training sessions. A special thanks to Dan Guay for taking the initiative to start the post, and thank for supporting the Troy Fire Explorer Post.

Robert R. Skrocki, Explorer Captain

FOREST FIRE WARDEN & STATE FOREST RANGER REPORT

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests and Lands coordinate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ANY outside burning. A fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at (800) 498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information, contact the Division of Forests and Lands (603) 271-2217, or online at www.nhdfl.org.

Fire activity was high during the first several weeks of the 2006 fire season, with red-flag conditions issued by the National Weather Service and extreme fire danger in many sections of the state. The largest forest fire during this period occurred in late April and burned 98 acres. The extremely dry conditions in spring resulted in over twice the amount of acreage burned than in all of 2005. Our statewide system of fire lookout towers is credited with keeping the fires small and saving several structures this season due to their quick and accurate spotting capabilities. Fires in the wildland urban interface damaged six structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey the Bear, your local fire department and the state's Forest Rangers by being fire smart and fire safe!

GAP MOUNTAIN GARDENERS

The Gap Mountain Gardeners Club was founded in the fall of 2004 to promote the beautification of Troy, a goal of the UNH Troy Tomorrow workshop.

You may have noted how lovely the Common was this summer as each of the lamp posts sported a magnificent display of red petunias. Last year, due to expenses, we were only able to fill six of the baskets. Through the personal efforts of our committee members, we were very pleased to meet our goal of filling all 12 petunia baskets. In March, the committee members met at the Perennial Patch in Winchendon, Massachusetts to plant the many petunia plugs. Thanks to Ann Cook, owner of the Perennial Patch, for providing the nice greenhouse for our little plants to grow and for caring for them until they were ready. As a result, the 12 baskets filled with beautiful petunias were ready in time for the Memorial Day ceremonies on the Troy Common.

We also want to thank Lucy Clark for again donating lilies to our Peace Garden and John Holman for soil and mulch. We appreciate these in-kind donations, in addition to the personal donations of private individuals as the costs of plants and maintenance items are quite high. We put in many hours of our personal time to water and care for all the gardens.

To help defray costs, we ran several fundraising events. We participated in the Troy Arts Festival, selling decorated flowerpots and bird baths made by our members. We also had a very successful Ice Cream Social in late August. It was a lovely event that brought many of our friends and neighbors together for a fun gathering.

We want to thank the town for their support of our efforts.

Theresia Weber-John, President

GAY-KIMBALL LIBRARY 2005 Librarian's Report

In 2006 the library hosted several events including the ever popular Ice Cream Social. This was held as a part of the very successful Summer Reading Program which more than doubled its number of participants from 2005. This was due in part to the ability of adults to participate for the first time. In June the we received more than 90 hardcover children's books from a Children's Literacy Foundation grant. They were presented by the Foundation at the Troy Elementary School during an assembly with most of the school's population.

Many changes have been implemented in the past year to make our materials more easily accessible and up to date. This has included labeling books, re-labeling media, re-arranging parts of the children's area, and purchasing many new non-fiction books. We've added free wireless internet access which anyone with the proper equipment can use either inside or outside of the Library. We are the only place in Troy offering WIFI. A year into using our new automation system it is performing wonderfully. As are our two public access computers which see an average of 115 uses a month.

The Library depends on those generous community members who continue to donate items that we use in our collection and for our book sale. Our volunteers' selfless donation of time allows us to hold two successful book sales a year and helps us improve our library facilities and collection. We cannot thank you enough! Finally, we want to officially recognize our library trustees – Jan Jones, Eileen Breckell and Beth Richardson – who continue to govern the library with a sense of duty and a sense of humor. Thank you for your support.

Health Department

Are You Safe?

Public Health Emergency Preparedness and Response Planning

The Keene All Health Hazard Region (KAHHR) planning group is planning actions so that southwest New Hampshire will swiftly and effectively respond to and recover from a public health emergency. Public Health emergencies differ from more common disasters (i.e. ice storm, flood, fire) in both scope and duration. A public health emergency is defined as an event that affects the public's health: a highly contagious disease, for example, or a natural disaster, or bioterrorism. A public health emergency could last days or months. It might affect only a specific town, or an entire country.

Every community member is equally vulnerable. We might expect worker shortages due to illness or caring for a family member. Ill patients and worried citizens might overwhelm healthcare providers. The region might open an Acute Care Center (ACC) to manage overflow from medical facilities. The region might open Points of Distribution clinics (PODs) to quickly provide medications to citizens. In addition, we might impose isolation or quarantine orders. And we might need expanded morgue facilities to process higher-than-normal numbers of deaths.

The dedicated KAHHR planning group considered each of these issues and customized a response to suit our region's needs. No single municipality has the resources to manage a health emergency by itself. The remedy is advance planning and combining resources from towns, medical, and social service organizations so that the region provides a powerful response.

The Cheshire Public Health Network coordinates the region's preparedness planning with advice from the planning team of representatives from: the Towns of Alstead, Chesterfield, Fitzwilliam, Gilsum, Harrisville, Hinsdale, Keene, Marlborough, Marlow, Nelson, Richmond, Roxbury, Stoddard, Sullivan, Surry, Swanzey, Troy, Walpole, Westmoreland, and Winchester; Cheshire Medical Center; Home Health Care, Hospice & Health Community Services (HCS); local chapters of the American Red Cross and Monadnock United Way; Monadnock Family Service (MFS); Keene State College; SAUs; employees from the NH Departments of

Health and Human Services, and Homeland Security/Emergency Management; and other agencies.

If you have any questions or concerns regarding how the region is preparing for a public health emergency, please contact the Cheshire Public Health Network Coordinator at the Cheshire Medical Center: 354-5454 ext. 2130, or sward2@Cheshire-Med.com

Sarah Ward, MS
Cheshire Public Health Network Coordinator

TROY HERITAGE COMMISSION

During 2006, the Troy Heritage Commission has continued to make available its walking tour guide, "Troy a Mill Town," now in its second printing, "Troy, The Way It Was," and the Troy Village Historic District application document, as well as "The Troy Village Historic Tour", a feature in "The Troy Town News."

Early 2006, the Heritage Commission received news of the acceptance of its grant request. The Preservation Project Development Grant has paid for the Preservation Company study of the Capron Shoe Shop. Their findings are a need for \$24,050.00 to restore the building. We are currently working to solve issues that are of concern.

The Capron project will be made possible by grants and fund raising. On April 2nd we had a very successful raffle at East Hill Farm's Caribbean Night. In October we did "Historic Sites You Won't Want to Miss", a silent auction followed by a musical theater mini-cabaret, also at East Hill Farm. Do join us for these enjoyable events that make restoration possible in our town, which comprises one of New Hampshire's largest National Register Historic Districts.

On July 29th we presented our annual Village Cemetery walk, enabling visitors, through period garbed interpreters, to visit the lives of Abigail Fife, Rebecca Wheeler, Mary Ann Harris, William Barker and William Haskell. The Village Cemetery is listed on the National Register and is deserving of careful stewardship.

A membership change has occurred with Judy Mentzer retiring and Valerie Britton joining the Heritage Commission.

In December the Heritage Commission was notified that its involvement was necessary on the Troy Blanket Mills Project. We welcome this opportunity to be of assistance.

Emily Paulus, DHR Preservation Planner, presented two excellent talks, "Establishing Historic District Commissions" and "N.H. Certified Government Programs" both in December at the Gay-Kimball Library. The Heritage Commission welcomes any opportunity to help with questions of a historical nature.

Marion Austin
Chairman

HIGHWAY DEPARTMENT

2006 was a year for the record books. December ends and still no plowable snow. Rain and in the fifties, Crazy!! Worst part is-water does so much damage to the roads.

We got a lot done this year. The Mackey road project is coming along good. Hope to complete that this year. It's just getting so hard to stay within the price increase of materials with just the block grant. In 1990 we payed\$25 dollars per ton for asphalt with a block grant of 30,000.00 dollars. Today asphalt is \$58 dollars per ton and the block grant is 40,000.00 dollars. The numbers just don't add up. So we just get less and less done. We did get a lot of the tree work done and our regular maintenance. The new trackless really speeds up the mowing of the landfill and ball fields.

In 2007, the Highway Department's plan for the block grant is to complete Mackey Road with an inch and a half overlay and do the shoulders. Also plan to seal the upper part of Richmond Road. We also have a special article to replace the sidewalk on the west side of School Street and in front of the school. Also we have an article to trade in the 1999 Ford F-350 for a 2007 Dodge 3500 plow truck.

Once again I would like to thank my assistant Gary LeBlanc for another year of dedicated service (18 years now); and Rod Page for another year of splitting himself between the highway and recycle center. And we can't forget Peter Mattson and George Fish (Highway Half). Thanks guys. And thanks to all the other department heads and employees for all your support all year long.

James E. Dicey
Public Works Director

TROY HISTORICAL SOCIETY

The Troy Historical Society (THS) appears to have gone from a treading water status to one of floundering. While dues paying membership (60) remains at a respectable level and 36 of those are Life Members, the active work force has fallen to three persons. There is no official president, no secretary, and no treasurer. Scheduled business meetings (the third Thursday of each month save January and February) have not been held for at least three months for lack of attendees. Historical artifacts continue to be donated. Former Troy residents and others continue to make inquiries and historic research continues. School children continue to visit the museum annually where Society members meet them and share their Troy history. The Troy Mills development group has been aided and informed regarding Troy history and three members of the newly formed B and M Depot committee are THS members. Historic programs for the public have not been well attended and the working staff is not sufficient to move the Society ahead at a productive rate. It is unfortunate that the existing historic museum is on the second floor of Kimball Hall, but some artifacts could be moved downstairs for a mini exhibit and recording equipment could be set up at the street level for Oral History gathering. A camcorder scan for the upstairs exhibits could be made available and PowerPoint presentations be made available to any home with a computer. Regular articles regarding new finds in the Troy history annals do appear in the Troy Town News, but a member newsletter has not been published on a regular basis.

What are the band aids or stimulating approaches that need to be applied to a nearly dormant historical society? Are there persons among us who would step forward with new ideas, to accept leadership positions? What is missing from the effort to gather and preserve Troy history? How best can what has been recorded and what might be, be shared with citizens and school children? Cannot the mathematics, geography, and science of Troy's former days be brought to life with hands-on workshops for today's youth? Are we all too busy to spare a few hours each week or month in the effort to preserve that which is being lost as citizen after citizen leaves our midst? Must we wait for condo residents to occupy their new homes in the Mill complex and volunteer for THS workshops on the lower levels of their territory or can we show the way and call upon their creativity and outside expertise that surely will exist in new Troy residents?

Bob Hall

**HOME HEALTHCARE, HOSPICE AND
COMMUNITY SERVICES**

In 2006, Home Healthcare, Hospice and Community services (HCS) continued to provide home care and community services to the residents of Troy. The following information represents HCS's activities in your community during the past twelve months.

SERVICE REPORT

SERVICES OFFERED	SERVICES PROVIDED
Nursing	1183 Visits
Physical Therapy	105 Visits
Occupational Therapy	22 Visits
Medical Social Work	2 Visits
Home and Community Based Care*	568 Hours
Home Health Aide	161 Visits
Homemaker	501 Hours
Adult In-Home Care	1569 Hours
Outreach	89 Visits
Health Promotion Clinics	24 Clinics
Meals-On-Wheels	2409 Meals

Total Unduplicated Residents Served: 105

* Home and Community Base Care is a Medicaid program which offers extended home care services to individuals who are in need of nursing home level care but can be maintained at home for a lower cost.

Prenatal care, wellchild care, adult day care and hospice services are also available to residents. Town funding partially supports these services.

**HOME HEALTHCARE, HOSPICE AND
COMMUNITY SERVICES**

FINANCIAL REPORT

The actual cost of all services provided in 2006 with all funding sources is projected to be \$302,852.00.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town.

For 2007, we recommend an appropriation of \$1,962.00 to continue to be available for home care services and \$1,320.00 for Meals-On-Wheels in Troy.

Thank you for your consideration.

Susan Ashworth
Director of Community Relations

INDUSTRIAL DEVELOPMENT AUTHORITY

The redevelopment of Troy Mills dominates current business growth and change in Troy. The specific plan for conversion of the site to condominiums and associated services has been established and modeled so that approvals may be secured and prospective tenants may appreciate the qualities of the location. An on-site staff now maintains offices at the Mill for management and promotion. Many reservations for condominium space are already in hand, and active negotiations are under way to establish retail businesses that will serve both the tenants and the town of Troy at large. The New Hampshire Department of Environmental Services has made available a revolving loan fund to enable environmental remediation of the site, an essential step in the redevelopment. The Troy Redevelopment Group, Inc., a non-profit agency established by the Town, will continue to retain ownership of the Mill site until individual units of the development are sold and returned to the tax rolls.

Ralph L. Wentworth
Chairman

MEADOWOOD COUNTY AREA FIRE DEPARTMENT

2006 was a different and challenging year for the Meadowood County Area Fire Department and Training Center. In March, Board Member and Fire Mutual Aid Chief Robert Callahan passed away. In December, Board Member, Board President, Life Member, and Chief Calvin Frink passed away.

Meadowood Fire responded to 103 emergency calls this year:

- | | |
|----------------------------|-------------------------|
| Motor vehicle Accidents-38 | Thermal Imager Calls-2 |
| Structure Fires-31 | Cover Truck-2 |
| Water Rescue-19 | LP Gas Leak-2 |
| Chimney Fires-5 | Car Fire-1 |
| Brush Fires-2 | Special Call for Foam-1 |

Towns Responded To:

- | | |
|----------------|-----------------|
| Fitzwilliam-33 | Winchester-2 |
| Troy-21 | Hinsdale-2 |
| Rindge-11 | New Ipswich-1 |
| Marlborough-6 | Wilton-1 |
| Jaffrey-4 | North Walpole-1 |
| Richmond-3 | Alstead-1 |
| Peterborough-3 | Stoddard-1 |
| Charlestown-3 | Temple-1 |
| Winchendon-2 | Chesterfield-1 |
| Swanzey-2 | Antrim-1 |
| Dublin-2 | Orange, Mass.-1 |

Personnel:

Meadowood has approximately 90 members. This includes Board of Directors, Active firefighters and divers, Associate Members, Life Members, and Ladies Auxiliary. We added 5 new firefighters and 4 new divers this year. The roster has been reviewed and those that have not participated in any department activity for the year have been dropped from the roster. Three of our members have become full time fire fighters and 1 has become a full time attendant with an ambulance service. Currently we have personnel certified to the following levels: FF I-34, FF II-15, FF III-2, Haz-mat A/O-32, Decon-5, Technician-2, CO II-3, ICS-13, NIMS-20, EMT-B-17, EMT-I-7, Instructor-4, Swift water Techs.-17, Dive-20.

Training:

Our personnel continue to receive monthly training in SCBA, haz-mat, water rescue (cold water, swift water, and dive), apparatus/equipment operations, and live fire training. This year we did a 10 hour Ladder Company Operations program for our members. 20 members were trained in the Federally mandated National Incident Management System. Members also attended a Radio Interoperability class on the new radios. The Dive Team continues to do their monthly training. We were very fortunate to be involved with Troy, Fitzwilliam, and Rindge Fire Departments in a house/barn live fire training exercise on the Gap Mountain Road. 20 members participated in the evolutions and received some good training. We have trained with other departments in live fire evolutions, ladder/tower operations, SCBA, NIMS, radio interoperability, rescue, pumps, and EMS. The training grounds have been used more this year. The assembly hall, SCBA building and trailer, drill tower, LP field, and dam have had classes held in/on them. We also held our annual May and September Fire Schools.

Equipment/Apparatus:

Maintenance on the equipment/apparatus is ongoing. The Tower had a leaking piston replaced and a leak in the turntable repaired. The Tower was tested and recertified. Ground ladders were tested. Those that failed or are damaged have been taken out of service. The Tanker had a windshield replaced and a broken pipe replaced. The Rescue had some work done on it. The 18 tanks on the cascade system were hydrostatically tested. All of the air packs have been flow tested. The defib has been upgraded to meet current standards. The Dive Team had the Boat re-lettered. All apparatus is currently in good working order.

Community service:

We put up and removed the flags, banners, and bunting at the Troy Town Hall. We filled the water fountain and Garden Club water tank in Fitzwilliam. The Tower was at Troy Schools Vehicle Day. We did an extinguisher class for Tommilas. Tables and chairs were lent out for the Troy Craft Fair and Fitzwilliam Fun Festival. The Pavilion was used by the Senior Citizens for their annual picnic. We filled the sprinkler tank at PLP. We co-hosted with Troy Fire a daylong Compressed Air Foam System demonstration. We assisted Swanzey at the demo derby. We attended parades in Peterborough, Richmond, Swanzey, Fitzwilliam, and Keene.

Projects:

The snack bar roof was replaced. The south wall and door were repaired and painted. New overhead doors were put on the main station. The trim on the annex door was repaired. A new equipment inventory was done and sent to Mutual Aid. Two mobile radios from the Homeland Security Grant were installed in 11C1 and 11C2's private vehicles. 4 new portables from the grant were received and assigned to Chief Crowell, Asst. Chiefs Wright and Tatro, and John Holman. The ground water testing is ongoing and still shows it is taking care of itself. The dam was inspected and deficiencies fixed. Because the dam was reclassified, the Operations Plan and Emergency Plan are being reviewed and updated. The compartments on the Tanker are being removed and sent to Melansons to be replaced. The equipment trailer is in the process of being cleaned and reorganized. Brush is an on going problem and is being cut as time/weather allow. Work is being done on the drill tower. A leak in the Assembly Hall roof was repaired. Lt. Hurme had another successful Apparatus Expo. We held two more dinners. The annual Auction was held. The Solicitation Letter was sent out. We have applied to the Robinson-Broadhurst Foundation for a grant for fire/dive equipment. Board President Fletcher and Chief Crowell have met with various entities to seek ways to improve Meadowood and the Training Center.

This year the New Hampshire Fallen Firefighter Memorial was built and dedicated at the New Hampshire Fire Academy. Meadowood personnel bought a Memorial Brick that was installed in the Memorial Walkway. The Memorial is open to all to view.

2007 will be a busy year for Meadowood. We will continue to assist any department/town that requests our services. We will continue to seek ways to raise funds and apply for any Grants we are eligible for. We will continue to do community service. We will continue to upgrade our training and train with other departments. We will hold our two annual Fire Schools. We have scheduled a NIMS/ICS For the Fire Service class and a Firefighter II class. We will sponsor a Firefighter I class. We will sponsor other classes as we can. We will continue to work with the NH Fire Academy and other Training Organizations to help improve Meadowood and the Training Center. We will continue to work on the projects list to get them done. We will continue to upgrade our apparatus and equipment. We will continue to seek new members for all aspects of the organization.

Jan 1, 2007 new radio designations were given to all the apparatus to conform to State/Federal guidelines. The apparatus is now 11 Tanker 1, 11 Tower 1, 11 Rescue 1, 11 Boat 1.

I thank the Board of Directors, Officers, and Members of the Department for the support given me this year. I sincerely thank the Ladies Auxiliary for all the hard work they have done supporting Meadowood. I appreciate everything they do for us. I look forward to another busy year for Meadowood.

Respectfully submitted,.

Chief Robert S. Crowell

MONADNOCK ADVISORY COMMISSION

The Monadnock Advisory Commission was created by State Statute and is charged to advise and guide the Department of Resources and Economic Development on the management of state lands and leased lands on Monadnock, Gap, and Little Monadnock Mountains.

A new lease agreement was signed in 2006 by the Society for the Protection of New Hampshire Forests and DRED's Division of Parks relative to lands on Monadnock. While the bulk of the document is similar to the previous agreement, some changes are specific to accomplish goals outlined in the Monadnock Master Plan. The most significant change was that profits collected above costs at the Old Toll Road would be placed in an account held by SPNHF dedicated to expenses at other trailheads. Anticipated expenditures are for trailhead improvements, parking lots, portable toilets and trail project as agreed to by DRED and SPNHF in consultation with the Monadnock Advisory Commission.

At the May 11th meeting, Jaffrey Selectman Frank Sterling requested consideration by the Division of Parks for assuming responsibility for the dam which impounds Poole Reservoir within Monadnock SP Headquarters. While expanding recreational opportunities by using the reservoir for such might sound attractive, Director of Parks & Recreation Allison McLean explained the difficulties involved. State acquisition of ownership of existing dams is controversial due to costs of routine maintenance and subsequent liability. Additionally NHDES dam maintenance account has gone unfunded by the state legislature.

Groundbreaking took place on November 22nd at Gilson Pond for the new family campground. Once completed it will replace the family campground at Park Headquarters, where only youth group camping will remain.

State law allows the Commission to accept donations. MAC is a primary funding source for search and rescue supplies and equipment. This year we received a generous donation specified for trail blazing and signage.

Monadnock State Park Manager Andrew Zboray reported annual day use attendance at 68,342 at headquarters, 10,025 at other trailheads. The fall foliage period '06 was near record levels that continued with fair weather right into December, a welcome complement to the much needed revenue stream. Camping levels remain constant.

Respectfully submitted,

Geoff Jones, SPNHF
Andrew Zboray, Monadnock State Park Manger & Secretary

MONADNOCK FAMILY SERVICES

As you know, Monadnock Family Services (MFS) is active in your community providing quality mental health services to residents who need them, regardless of ability to pay.

Once again, MFS is asking for your financial support to help underwrite services we provide to uninsured and underinsured individuals in Troy. Based on the figures from the 2002 population estimates from the NH Office of State Planning, we are asking for the equivalent of \$1.25 per capita, which for the town of Troy, this amounts to \$2,478.75.

We ask for your continued consideration and support of our request. The cost to MFS to serve the uninsured has increased steadily with rising treatment costs and more people seeking subsidized services. The cost of serving the uninsured and under insured residents of the Monadnock Region has averaged a half a million dollars annually for the past four years. United Way funds and town subsidies cover about a third of this significant expense. Our services to uninsured adults are further jeopardized as state regulations prohibit us from supplementing non-funded or under-funded services with state funds.

Your ongoing support of our work is deeply appreciated, and we hope our partnership in caring for the citizens of Troy will continue. We work very hard to keep our costs down, and to identify, whenever possible, alternate sources of funding for this population.

If you have questions, or request more information, a representative from the agency will be happy to speak with you.

With sincere thanks,

Kenneth Jue
Chief Executive Officer

PLANNING BOARD

This past year has been a very busy one for the Planning Board with the Master Plan update as well as the Troy Blanket Mills Condominium multi-use project.

The Master Plan up date has been worked on for over two years from the survey that went out to all the homes in Troy until now. The Planning Board is in the process of reviewing the final draft of the Master Plan update, the Master Plan is very important to the town of Troy this will be our guide for the town's future. With that being said of course the Master Plan can and should be up dated regularly when the need arises for a change to the document.

The Planning Board would like to take this opportunity to thank the Master Plan Steering Committee as well as all the sub committees that volunteered their time to work on this very important project.

The Troy Mill project is another major item that the Planning Board has reviewed this past year with no less than three public hearings on this project it does appear this project is moving forward. The Mill Project when complete will be a welcome addition to town as well as the tax revenue.

The Planning Board would like to thank the all the citizens of Troy for their thoughtful input on the matters facing the town, we look forward to another year with your support.

Respectfully Submitted,

Steve Sawyer
Chairman

TROY POLICE DEPARTMENT

2006 was a busy and productive year and I would like to inform the citizens of Troy on the issues that the members of the Troy Police Department experienced in 2006.

The department members handled 3,324 calls for service resulting in 112 incident reports and 167 arrests. The department responded to and investigated 46 motor vehicle accidents resulting in some serious injuries but no fatalities. Over 700 warnings were issued for motor vehicle violations and approximately 90 summons' for motor vehicle violations, which the operator had to either appear in court or pay a fine by mail.

We have been very aggressive in keeping our roads safe and as a result of this; we had 30 convictions in the Keene District Court of Driving While Intoxicated Alcohol/Drugs. We were fortunate that only one of the DWI cases resulted in an accident with serious injuries. The individual involved had to be flown by helicopter from Cheshire Medical Center to the Dartmouth Hitchcock Medical Center in Lebanon.

We had three major cases worth noting in this report and the first one involved a theft of equipment from Pine Tree Cable's building on West Hill Road. Over 4,000 customers who subscribe to Pine Tree Cable experienced a 2 day outage of internet services due to the theft of equipment. The individual was arrested on a felony charges and he was convicted in Superior Court.

The second major case was one that involved the theft of pocket books from vehicles. The individuals involved committed these thefts in Troy as well as surrounding communities. One case from Troy, the suspect took a pocket book from a vehicle at the gas pumps at the Minute Mart on Marlborough Road. The credit cards taken from this pocket book were used at Dunkin Donuts in Rindge and Fitzwilliam. During the investigation of this crime we visited the Dunkin Donuts in Rindge and Fitzwilliam and made them aware of the situation. Both establishments provided us with video tapes and still photographs. We thank the management and staff at both locations for their cooperation. As it turned out the suspect returned attempting to use another credit card and the staff recognized him and called us. Officer Bobby Newell with the assistance of Officer Sean Cavanaugh of Fitzwilliam Police made the motor vehicle stop and subsequent arrest of a male subject.

The third case involved a “routine” motor vehicle stop, conducted by Officer Bobby Newell, which led to the arrest of a male individual who had a substantial amount of marijuana, needles and syringes, scales, baggies, over 70 pills believed to be ecstasy and over \$1,500.00 in cash. This individual was charged with possession of controlled drug with intent to distribute which is a felony.

We also experienced two cases of unplanned expenses due to criminal mischief. One male individual who was arrested on a warrant felt the need to kick out the rear window to the police cruiser causing over \$900.00 worth of damage. The second case, involved a male subject who was arrested for domestic violence. This individual decided in anger, to put his head through the glass in the door to the police station and then bled all over the carpet. The cost to replace the glass and clean the carpet was over \$700.00. Unfortunately the blood stains did not come out of the carpet and the carpet is being replaced at a cost of \$1,000.00. In the first case restitution was ordered by the Keene District Court. The second case has not been adjudicated yet but restitution will be sought by our prosecutor.

Sgt. Jeff Clark and Officer Dave Ellis conducted a bicycle rodeo at the Sand Dam Recreational area this summer. The officers went over the rules of the road as well as performing an inspection of the bicycles to ensure that the brakes, pedals and tires were in good condition. Through a grant provided by New Hampshire Highway Safety, 25 helmets were received and passed out to those in need during this rodeo.

Many of you already know that Officer Chris Anderson resigned on November 10, 2006 and took a position with the Jaffrey Police Department. We would like to thank Chris for his many years of devoted service to the town of Troy and wish him success in his new position. The process of finding a replacement for Chris is underway and we hope to select a candidate very shortly.

In conclusion I would like to thank Jeff Clark, Dave Ellis and Bobby Newell for their continuing dedication and service in keeping the citizens of Troy safe.

Respectfully submitted:

Howard M. Sheats, Jr., Chief of Police

TROY SENIOR CITIZENS

Members of the Troy Senior Citizens organization participated in three day trips this year. We traveled to Danversport Yacht Club for a luncheon, followed by the show *Celebrate America*, featuring Dan Clark and Mary Colarusso. On our second trip, we spent the day in Maine. Lunch was wonderful at the Blue Star Grille and then we were off to the Ogunquit Playhouse to see *Beehive – The 60's Musical Sensation*. In December, we enjoyed a Christmas party at Luciano's on Lake Pearl in Wrentham. "The Time Machine" presented an exciting musical show after our lunch. As you can tell, the Seniors enjoy fine dining and lively entertainment.

Special programs are presented at our monthly meetings – sometimes just for fun (Yankee swap) – sometimes a timely topic (Medicare news). We have three dinner meetings at East Hill Farm that are very popular with the Seniors. Entertainment after our dinners this year included the Keene Swingers, and Chuck Wilson and the Blue Notes. One of the Steel Drum bands performed at our picnic in July.

Besides our social activities, we were involved in fund raising to support several organizations in town. The Troy Seniors made donations to Helping Hands, Bridge of Joy, and Troy Ambulance Service. We also donated money toward the TROY sign at the train depot. We provided cookies for the annual Christmas on the Common. We assembled and delivered fruit baskets to shut-ins in town at Thanksgiving. We also collected gift in November and delivered them to Maplewood Nursing Home and Genesis Eldercare for the residents Christmas parties.

Our main fundraiser is the breakfast at Kimball Hall on the first Saturday of every month. Although it is a lot of work for the Seniors, it seems gain in popularity every month. It's gratifying to us to witness the laughter and socializing. Thank you to our great cook, Bob Berry. We know we could not do the breakfasts without Bob's expertise in the kitchen. We also want to thank Chief Sheats for helping the Seniors every month at our breakfast. Bob and Chief Sheats give their time and energy unselfishly and the Troy Seniors appreciate the work they do on our behalf.

We thank the Town of Troy for its continued support and for allowing us to use Kimball Hall for our meetings and functions.

TROY SENIOR CITIZENS

The Troy Senior Citizens meet the fourth Wednesday of every month at Kimball Hall. Anyone 50 years of age or older is invited to attend. We'd love to have you join us. Thank you, Troy Seniors, for your support and willingness to serve this past year.

Respectfully submitted,

Lucille Saturley, President

SOUTHWESTERN COMMUNITY SERVICES, INC.

Southwestern Community Services, Inc. (SCS) would once again like to take this opportunity to thank the residents of the Town of Troy for their continued support. Our combined efforts to serve the needs of local communities, such as Troy, count on the support provided by local citizens and the town in which they live.

During the past year, SCS delivered a myriad of social and human services to 747 Troy residents. The total value of these services exceeded \$235,000. Detailed information regarding this assistance has been sent to the town and is available to anyone interested.

Major programs that assisted Troy residents during the past year included Head Start, the Women, Infants and Children Nutrition Program (WIC), Fuel Assistance, Weatherization, Workforce and Senior Affordable Housing, among many others. Additional program information can be obtained by contacting SCS at 352-7512, stopping by our offices located at 69Z Island Street in Keene or by visiting our web site www.scs-helps.org.

Local support is a vital component of SCS entire set of programs and services. The local support provided by the Town of Troy enabled us to continue effective outreach efforts throughout our rural area. SCS welcomes comments and inquiries about our many programs designed to assist the less fortunate of our area. Thank you once again for your generous support.

Sincerely,

Keith F. Thibault
Development Director

SOUTHWEST REGIONAL PLANNING COMMISSION

The Planning Commission, with a service area covering 36 municipalities in Cheshire, Hillsborough, and Sullivan Counties, is one of New Hampshire's nine regional planning agencies established by the State Legislature and the Region's towns. We continue to provide planning-related assistance to member communities and to represent the Southwest Region in state and federal programs. Our diverse work program covers activities including local planning assistance, natural resources planning, regional information systems & mapping. We are funded through multiple sources including local membership dues. For each dollar in local dues, we've succeeded in leveraging nearly eight additional dollars to assist in meeting the needs of the Region and its municipalities. These resources provide the Commission the ability to assemble a professional staff which member municipalities have direct access to. Highlights of Commission activities for the past year include:

- Continued affiliation with the Troy Planning Board through the Planning Board Assistance program;
- Continued assistance in updating the Troy Master Plan;
- Assisted in securing a Community Development Block Grant for the Troy water project;
- Supported and re-enforced the efforts of the Troy Mills redevelopment project through the Commission's Comprehensive Economic Development Strategy for Southwest New Hampshire;
- Assisted in preparing Natural Resource Inventories for several Southwest New Hampshire towns;
- Continued operation and administration of the Southwest Region Brown fields Assessment program;
- Sponsor of several workshops including economic development, transportation, and resource protection;
- Assisted several of the Region's towns with local hazard mitigation and emergency operations planning;
- Secured support for continued monitoring, evaluation and implementation of the Comprehensive Economic Development Strategy for Southwest New Hampshire.

We continue to be available to assist you in your planning related activities – please don't hesitate to contact us if you have a project you would like to discuss. Thank you for your continued support of the Commission. We look forward to working with you during the coming year.

Sincerely,

Timothy P. Murphy
Executive Director

TRANSFER STATION/RECYCLING CENTER

Isn't it funny how we get money for what we once threw away... and how the prices jump up and down? In 2006 the pay per bag program brought in \$13,892.50 dollars and the fees for the white goods and construction materials brought in \$11,896.00, and a whopping \$17,697.20dollars was brought in for recyclables.

In 2006, we purchased a new baler which has helped out a lot in keeping things running smooth. We also had a new furnace installed which runs much more efficient.

I would like to thank the staff at the Recycle Center for another year of dedicated service. Rod Page and his crew, Kevin, Richard, Bob and John do a fantastic job at the center. I would like to send a special thanks to Ray Dicey for taking over for Rod while he was out. Thanks Guys for a great job!!

James E. Dicey
Public Works Director

TROY ELEMENTARY SCHOOL

*The mission of Troy Elementary School is:
to strive to educate every child in a safe and respectful environment where
the school, home and community work together to develop life long
learners.*

For years our district has had as a goal that all children will be known. The staff of Troy has always tried to take the time to get to know students individually to help understand how to approach them educationally. But with the ever growing pressures of state frameworks and testing, No Child Left Behind and all the related paperwork and red tape it has felt as though we were being forced to move in a different direction. Within the past year our state commissioner of education and state school board have piloted Follow the Child, an assessment that gets back to looking at the whole child, getting to know who they really are and providing educational opportunities based on this information. Since our district is one of the pilot districts Troy School has begun the process of designing a program and planning its implementation. This will be no small task for any of our schools, but as we work individually and share our findings and ideas we as a district will grow from it.

Measures of Academic Progress assessment continues to aide in tracking student progress and abilities as well as giving us a snapshot of the effectiveness of our curriculum and instruction. We continue to train staff through seminars and through in house work so that we may get the most from the information made available. We have found this tool to be one of the most useful to date.

Thanks to the support from the district technology team we continue to see growth in student's tech abilities. Many of our students are comfortable with presentations involving tools such as Power Point and preparing projects with web based research and final products using tools such as publisher. Now that the state requires electronic portfolios for all students this knowledge has a very relevant application.

Buildings the age of Troy School can present some unique challenges when trying to comply with current health and safety standards. Our insurance provider offered a walk through of our facilities and provided us with a report including areas we need to be working on. With the help of our school safety team and support from the district we are making strong

headway in all areas we have control over. Air quality and the things that impact it were big on this year's list. We have removed most fabrics, curtains, cloth chairs etc. since these items are known to trap dust and allergens and are almost impossible to keep clean. We have also begun the process of replacing carpets with flooring that is easier to maintain.

I would like to take this opportunity to thank all the parents and community members that are involved with Troy School. Your participation whether at after school programs, working with your children on homework or volunteering in the school is critical to the success of our children. We are constantly looking for input and look forward to continued support from a wonderful community.

David R. Dahl
Principal

TROY WATER AND SEWER DEPARTMENT

In the year 2006 the Troy Water and Sewer Department started construction on two very important projects in terms of meeting future regulatory requirements for the system.

The water project involved construction of a new 500,000 gallon water storage tank to address the State of New Hampshire Department of Environmental Services Order. The tank was placed on line in December. We also were successful in having 800 foot deep bedrock well drilled with a preliminary yield of 60 gallons per minute. This well and tank will replace the Fassett Brook Reservoir which had to be taken off line as a result of the NHDES order requiring that the town obtain a new water source by July 2007 to replace the present surface water supply.

The sewer project involved improvements to the wastewater treatment plant WWTF including removal of the accumulated sludge on the lagoon bottoms and a new aeration system and insulated covers to lagoons 2 and 3 (Lagoon 1 will be taken off line and used for storage during high or winter flow periods). Construction proceeded very well on this project and was performed to address the treatment discharge requirements per an Administrative Order by the United States Environmental Protection Agency. The order by the USEPA requires that the town provide wastewater improvements including a treatment system capable of advanced biological treatment such as ammonia removal by July 2007.

The water supply sources produced an average of approximately 92,000 gallons per day from the three water supply sources meeting state and federal water quality regulations and the WWTF continued to treat the average daily discharge of approximately 88,000 gallons per day from the wastewater treatment lagoons into the Ashuelot River also meeting the requirements of the USEPA NPDES permit imposed under the current administrative order. There are approximately 457 water and sewer customers.

The water improvements project was constructed as part of a \$1,350,000 low interest loan from NHDES with a \$300,000 grant from the New Hampshire Community Block Development Grant, a \$198,000 grant from USEPA and a 30% grant on the balance from NHDES. The wastewater improvements project was part of a \$1,550,000 NHDES low interest loan

which included a 30% grant. Final cost for these two projects will be determined by July 2007.

In the upcoming year 2007 we will proceed to finalize NHDES permitting for the new 60 gpm bedrock well and for a second 40 gpm gravel packed well.

When not performing the operations and testing requirement for the wastewater and water systems, the department's employees have installed new residential water services in town, completed the installation of water meters, performed hydrant flushing, continued working on reducing the number of residences that have to run their water through "bleeders" to prevent winter freezing problems, sent out public information packages to property owners within the wellhead protection areas of the town wells, reviewed a number of proposals from subdivision applications to connect to the water and sewer system, performed general maintenance of the water and wastewater facilities and prepared the annual water quality report and distributed it to all water customers. A copy of the water quality report is available by contacting the office.

The Water and Sewer Commissioner's meet on the second and forth Wednesday of each month at 6:00 p.m., unless otherwise posted. If you have any concerns, problems or questions, you are welcome to attend any meeting and we will try to accommodate you in any way we can. Please call the office at 242-3890 if you would like to be placed on the agenda for any meeting.

Board of Commissioners, Troy Water and Sewer Department

Bert Lang, Chairman

Frank Obuchowski

**TOWN OF TROY
MINUTES OF SPECIAL TOWN MEETING
JANUARY 3, 2006**

The poles opened at 10:00 am, Tuesday January 3, 2006 by Moderator Thomas E. Britton at Troy Elementary School for the purpose of voting on Amendments to the Zoning Ordinance for the Troy Mills property only. The poles closed at 7:00 pm at which time the counting of ballots commenced. No additional meeting required.

PASSED YES 389 NO 12

Due to procedural errors, a Special Town Meeting was held on March 18, 2006 at

10:05 am. The purpose of the meeting was to reaffirm the vote of January 3, 2006. Moderator Thomas E. Britton read the article from the Special Town Meeting held on January 3, 2006. Article 1 passed as presented.

Meeting adjourned at 10:12 am.

Marcy Johnson
Town Clerk

**TOWN OF TROY
MINUTES OF ANNUAL MEETING
MARCH 14, 2006**

The polls opened at 10:00 am, Tuesday, March 14, 2006 by Moderator Thomas E. Britton at Troy Elementary School for the purpose of electing Town Officers and voting on Amendments to the Zoning Ordinance. The poles closed at 7:00 pm at which time the counting of ballots commenced.

The Town meeting convened Saturday, March 18, 2006 at 10:32 am at the Troy Elementary School to act upon the remaining articles in the Town Warrant with Moderator Thomas E. Britton presiding.

Selectman Glenn Shattler recognized every town member who participated in any committee and/or volunteered their time these past years.

Selectman Aaron Patt thanked Edward Thomas for his services to the Town of Troy, he was Selectman and is a member of Troy Redevelopment Group. He is moving to Swanzey.

ARTICLE 1. To bring in your vote for one Selectman for three years and other Town Officers elected by ballot as passed by Town Meeting or State Statute for the specified number of years.

Moderator for two years	Tom Britton
Selectman for three years	Glenn Shattler
Town Clerk/Tax Collector for three years	Marcy Johnson
Supervisor of checklist for six years	Joan E. Obuchowski
Trustee of trust funds for three years	Donald S. Austin
Cemetery trustee for three years	Debbie Priest
Library Trustee for three years	Janice Jones
Fire Dept. 2 nd Deputy for three years	Scott Meader
Welfare Administrator for one year	Cynthia N. Satas
Planning Board for three years	Herbert A. Drugg Jr.
Planning Board for three years	Charles "Gus" McLeavy
Planning Board for one year	William L. Rogers
Water/Sewer Commissioner for five years	Frank Obuchowski
Budget Committee for three years	Neil Richardson
Budget Committee for three years	Frank Swett
Budget Committee for three years	Anthony Chirchella

Budget Committee for two years
Budget Committee for two years
Zoning Board for three years

Joan Dion
Naomi Lafond
Anthony D. Levick

ARTICLE 2. Are you in favor of the adoption of **Amendment No. 1** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the lot requirements of the Rural District under Article VI to require new lot and frontage requirements for both lots and backlots. This amendment would increase the minimum lot size from two (2) acres to four (4) acres and increase the minimum road frontage requirement from two hundred (200) feet to three hundred (300) feet. Backlot development would require the front lot to have a minimum three hundred fifty (350) feet of road frontage?

FAILED YES 139 NO 335

Are you in favor of the adoption of **Amendment No. 2** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the lot requirements and contiguous road frontage requirements in the Mountain District under Article VII to increase the minimum lot size from two (2) acres to four (4) acres and required road frontage from two hundred (200) feet to four hundred (400) feet?

CORRECTED TO READ (5) ACRES INSTEAD OF (4) ACRES (SEE CORRECTION ATTACHED)

FAILED YES 144 NO 321

Are you in favor of the adoption of **Amendment No. 3** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the definition of "Structure" under Article XX to include parking lots and driveways. Additionally, parking lots and driveways will be exempt from meeting front yard setback requirements?

FAILED YES 115 NO 349

Are you in favor of the adoption of **Amendment No. 4** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the definition of "Home Occupation" under Article XX by removing Mountain District as a potential zone to site a home occupation?

FAILED YES 98 NO 363

Are you in favor of the adoption of **Amendment No. 5** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the Troy Zoning Map to downsize six (6) lots from Light Industry to Residential Zoning. The lots are located north of Quarry Road and described as Map 12, Lots 44, 47, 48, 48A, 49, and 50?

FAILED YES 163 NO 297

Are you in favor of the adoption of **Amendment No. 6** to the Troy Zoning Ordinance as proposed by the Planning Board as follows:

Amend the Town of Troy's Floodplain Development Ordinance to comply with the new guidelines stipulated by the Federal Emergency Management Agency (FEMA). The proposed amendments encompass adopting the new Flood Insurance Rate Maps (FIRM), and amending definitions and ordinance language to achieve compliance with FEMA guidelines to continue eligibility in the National Flood Insurance Program (NFIP)?

PASSED YES 271 NO 189

ARTICLE 3. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray the following expenditures:

**RECOMMENDED BY
BUDGET COMMITTEE - SELECTMEN**

Selectmen's Office	113,432	113,432

PASSED AS PRESENTED

ARTICLE 4. To see if the town will vote to raise and appropriate the sum of ninety-one thousand six dollars (**\$91,006**) for the annual bond payment for closing the town landfill, and authorizing the withdrawal of twenty-five thousand dollars (**\$25,000**) from the Transfer Station/Recycling Center Special Revenue Fund. The balance of sixty-six thousand six dollars (**\$66,006**) is to come from taxation. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 5. To see if the town will vote to change the business portion of Town Meeting from Saturday to Wednesday evening, starting March 2007. Recommended by the Select Board.

FAILED

ARTICLE 6. To see if the town will vote to raise and appropriate the sum of four thousand four hundred ten dollars (**\$4,410**) to do a town wide current use forest land assessment rating as required by the Department of Revenue Administration and to authorize the withdrawal of four thousand four hundred ten dollars (**\$4,410**) from the Reassessment Capital

Reserve Fund. No amount to come from taxation. Recommended by the Select Board.

PASSED AS PRESENTED

ARTICLE 7. To see if the town will vote to raise and appropriate the sum of fifteen thousand dollars (**\$15,000**) to complete a study for an Impact Fee Ordinance, to be funded with a grant. No amount to be raised by taxation. No funds will be expended unless a grant is received. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 8. To see if the town will vote to raise and appropriate the sum of twenty-one thousand two hundred three dollars (**\$21,203**) for the care of the cemeteries and authorize the withdrawal of nineteen thousand five hundred eighty-eight dollars (**\$19,588**) from the Cemetery Maintenance Expendable Trust Fund. The balance of one thousand six hundred fifteen dollars (**\$1,615**) is to be raised by taxation. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 9. This article is to clarify the existing Cemetery General Maintenance Trust, established at the March 15, 1989 and amended at the March 9, 1999 annual town meetings. The purpose of this clarification is to change the Cemetery General Maintenance Trust Fund from a trust that does not allow use of the principal balance, to an Expendable Trust that will allow for expenditures from both the principal and interest balances. To see if the town will vote for an Expendable Trust for the maintenance, improvements and capital expenditures of cemeteries, allowing for the principal and interest to be expended, and naming the Select Board and Cemetery Trustees as agents to expend from this trust fund under RSA 31:19-a. Recommended by the Select Board.

PASSED AS PRESENTED

ARTICLE 10. To see if the town will vote to raise and appropriate the sum of six thousand dollars (**\$6,000**) to purchase a commercial 36" cut Z-CAT 19 HP mower and authorize the withdrawal of six thousand dollars (**\$6,000**) from the Cemetery Maintenance Expendable Trust Fund. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 11. To see if the town will vote to raise and appropriate the sum of fifty-four thousand five hundred dollars (**\$54,500**) to beautify and improve the appearance of the cemetery through the construction of (3) 150' fieldstone walls, 3' tall, with two terraces and 20 additional grave sites and authorize the withdrawal of fifty-four thousand five hundred dollars (**\$54,500**) from the Cemetery Maintenance Expendable Trust Fund. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until completion or by December 31, 2007, whichever is sooner. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 12. To see if the town will authorize the Select Board to appoint a committee to oversee the use and maintenance of the Cheshire Railroad Depot. This committee is to be comprised of at least seven people representing a range of interests, and shall be responsible for making decisions about the proper use of the building, how it is to be maintained, and developing any necessary budgets for that maintenance. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 13. To see if the town will vote to raise and appropriate the sum of six thousand forty-eight dollars (**\$6,048**) for Off Highway Recreational Vehicle (OHRV) patrols and six thousand forty-eight dollars (**\$6,048**) for Prevention of Alcohol Abuse in Cheshire County (PACC) details for the Police Department, for a total of twelve thousand ninety-six dollars (**\$12,096**) to be funded with anticipated grants from the State of New Hampshire. No funds will be expended unless the grants are received. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 14. To see if the town will vote to raise and appropriate four thousand dollars (**\$4,000**) for two overhead doors at the Emergency Services Building and authorize the withdrawal from the General Government Buildings Expendable Trust. No amount to be raised by taxation. Recommended by the Select Board.

PASSED AS PRESENTED

ARTICLE 15. To see if the town will vote to raise and appropriate the sum of thirteen thousand dollars (**\$13,000**) to purchase a thermal imaging camera for the Fire Department and authorize the withdrawal of thirteen thousand dollars (**\$13,000**) from the Fire Department Capital Reserve. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 16. To see if the town will vote to authorize the Select Board to enter into a long-term lease/purchase agreement in the amount of \$198,600, and to raise and appropriate one hundred fifteen thousand six hundred dollars (**\$115,600**) for a down payment with this amount coming from the Fire Department Capital Reserve Fund, and with payments of (**\$14,416**) payable in annual payments over the term of seven years against the remaining balance of (**\$83,000**). The first payment of (\$14,416) will be due in April 2007. This fire truck will replace the 1976 American LaFrance that will be sold, with the proceeds from the sale to go back to the Fire Department Capital Reserve Fund. Should the town approve the article and find that this truck is not available, the Fire Department and the Select Board will negotiate for a different fire truck not to exceed the (\$198,600) figure and the annual payment not to exceed (\$15,000) for a seven-year period. Recommended by the Select Board and the Budget Committee. (**2/3 majority vote required**)

PASSED YES 68 NO 19

ARTICLE 17. To see if the town will vote to raise and appropriate the funds listed below to be deposited in the Capital Reserve Funds:

**RECOMMENDED BY
BUDGET COMMITTEE - SELECTMEN**

PASSED AS PRESENTED

ARTICLE 19. To see if the town will vote to create an Expendable Trust under the provisions of RSA 31:19-a, to be known as the Emergency Management Expendable Trust Fund, for Emergency Management operation purposes, in which the principal and interest may be appropriated and expended, and to name the Select Board as agents to expend from this fund. Recommended by the Select Board.

AMENDED TO ADD EMERGENCY MANAGEMENT DIRECTOR AS AN AGENT TO EXPEND FROM THIS FUND

PASSED AS AMENDED

ARTICLE 20. To see if the town will vote to raise and appropriate the sum of seventy thousand dollars (**\$70,000**) for construction of a new sidewalk on the western side of School Street. The town is to be reimbursed for 80% (**\$56,000**) through a grant from the NH Department of Transportation Enhancement Program. The balance of (**\$14,000**) is to be raised by taxation. No funds will be expended unless the grant is received. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until completion or by December 31, 2007, whichever is sooner. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 21. To see if the town will vote to raise and appropriate the sum of twenty thousand dollars (**\$20,000**) for sand sealing and repair of town roads. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 22. To see if the town will vote to raise and appropriate the sum of forty-five thousand seven hundred forty-nine dollars (**\$45,749**), that will be received from the Highway Block Grant from the State of New Hampshire during 2006 for the maintenance, construction, and

reconstruction of Class IV and V highways. No amount to be raised by taxation. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 23. To see if the town will vote to rename the Landfill/Recycling Expendable Trust Fund to the Transfer Station/Recycling Center Expendable Trust Fund. Recommended by the Select Board. **(2/3 majority vote required)**

VOICE VOTE UNOPPOSED

PASSED AS PRESENTED

ARTICLE 24. To see if the town will vote to raise and appropriate the sum of sixty-one thousand dollars **(\$61,000)** to purchase a used MT5 articulated sidewalk tractor with a 14' rotary mower to replace the 1988 trackless and authorize the withdrawal of twenty thousand dollars **(\$20,000)** from the Highway Department Capital Reserve Fund, twenty thousand dollars **(\$20,000)** from the Transfer Station/Recycling Center Expendable Trust, and seventeen thousand dollars **(\$17,000)** from the Cemetery Maintenance Expendable Trust Fund. Four thousand dollars **(\$4,000)** to come from the trade-in. No amount to come from taxation. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

ARTICLE 25. To see if the town will vote to raise and appropriate the sum of four thousand dollars **(\$4,000)** for monitoring/testing wells on Dort Street, as a result of the gasoline spill at the Highway Department on July 17, 2000, to be reimbursed by the State of NH. This will be a non-lapsing appropriation per RSA 32:7. VI and will not lapse until completion or by December 31, 2007, whichever is sooner. Recommended by the Select Board and the Budget Committee.

PASSED AS PRESENTED

PASSED YES 32 NO 24

The meeting adjourned at 1:30 pm

Marcy Johnson
Troy Town Clerk

**STATE OF NEW HAMPSHIRE
OFFICE OF THE GOVERNER**

February 7, 2007

Dear Friends,

It gives me great pleasure to join the people of Troy in expressing my admiration and thanks to the men and women of Troy who are serving in the military. These men and women are true heroes who put their lives on the line to protect our freedom, our families, and freedoms.

These brave men and women accept great personal risk in defense of freedom and I commend them for their dignified service. Their bravery and the hard work that they do every day have earned the respect and gratitude of the people of our great state. We wish you success and pray for your safe return.

I salute all of our service men and women who bear the burden of protecting our country, our state, and our people.

Sincerely,

A handwritten signature in black ink that reads "John H. Lynch". The signature is written in a cursive style with a large, looping initial "J".

John H Lynch

**STATE OF NEW HAMPSHIRE
STATE SENATOR MOLLY M. KELLY
DISTRICT 10**

As your State Senator, I am honored by the opportunity to serve you and wanted to report form the New Hampshire Senate on important state issues affecting you, as residents of Troy.

While this is my first session as your State Senator, I do have some specific issues on which I wish to focus, including defining an adequate education; providing equal access to education for all children; presenting and passing a balanced budget, and raising the minimum wage. I feel I have a full understanding and appreciation of how policies adopted her in Concord affect our citizens locally.

In 2006, the Town of Troy received a total of \$2,171,505.00 in Education Grants, \$45, 142.00 in Highway Block Grants, \$72,954.01 from Meals & Rooms Tax distribution, \$86,889.00 from Revenue Sharing, and \$12,379.66 for Landfill Closure.

As a member of the Senate Capital Budget, Education, Executive Departments and Administration as well as Transportation and Interstate Cooperation Committees, I would be happy to hear from you on issues of concern.

If you wish to contact me about these or any other matters I might help you with, please call me at (603) 271-7803, or email me at molly.kelly@leg.state.nh.us
