TOWN WARRANT

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Fremont, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at the Town House in said town on Tuesday, the eleventh day of March, at ten (10) of the clock in the forenoon, to act upon the following subjects:

1. To choose a town clerk.
2. To choose one selectman for three years.
3. To choose a treasurer, auditor, one Library trustee and one trustee of Trust Funds.
4. To choose two or more highway agents, one of which shall have the care and maintenance of the trunk line road, under the supervision of the State Highway Department.
5. To choose all other necessary officers.
6. To raise and appropriate such sums of money as may be necessary for the following purposes; to defray town charges; for repairs of highways and bridges; for care of cemeteries; and for Memorial Day.
7. To raise and appropriate such sum of money as may be necessary to obtain State Aid for building State road, and designate on what road said joint money shall be expended.
8. To raise and appropriate such sum of money as may be necessary for maintenance of State road.

9. By petition of Bertha H. Stevenson and 22 others: To see if the town will vote to screen the windows in the town hall and raise and appropriate a sum of money sufficient to do the same, such screens to be properly taken care of by the Janitor of the hall.

10. To see if the town will vote to instruct the next representative to the next legislature, to endeavor to procure an act prohibiting the use of rifles in the town of Fremont.

11. By request of State Forester: To see if the town will appoint a committee to investigate the feasibility of establishing a town forest and make recommendations at the regular town meeting in March, 1925.

12. To transact any other business that may legally come before the meeting.

Given under our hands and seal this 23rd day of February, in the year of our Lord nineteen hundred and twenty-four.

EUGENE D. SANBORN,
LYMAN S. HOOKE,
GEORGE A. BASSETT,

Selectmen of Fremont.

A true copy of warrant. Attest:

School Board of Fremont.

AUDITOR'S REPORT

This is to certify that I have examined the books and financial records of the school board and those of the treasurer of the school district of Fremont, of which the within is a summary, and find them correctly cast and properly vouched.

ELMER S. GEORGE,

Auditor.

The total of the budget for 1923-24 was \$6,887.00, which was raised by taxation and paid to the School District Treasurer; also \$74.30 collected from dog licenses and \$930.40 received from the State on the State Aid Plan. This last amount was something that we could not plan on at the last School District meeting in March 1923, so to protect our School year we had to raise the total amount of the budget, for the estimated cost of the Schools for the full year by taxation, which made the following amount available for school purposes.

Paid by Town by taxation	\$6,887.00
Paid by Town dog licenses	74.30
State equalization fund	930.40
On hand June 30th, 1923	410.02
Interest	17.00
	<hr/>
	\$8,318.72

Approximate cost of schools based on expenditures to date	6,778.00
	<hr/>

Estimated balance June 30, 1924	\$1,540.72
---------------------------------------	------------

You will note in budget for 1924-25 that we have applied \$1,000 to the out of town tuitions, cutting that sum down from the last budget. This will leave us an estimated balance of \$540.00 in our treasury to start the new school year.

The budget for 1294-25 is \$5,568.00 that the school district is to raise against \$6,887.00 in the 1923-24 budget, or a saving to the taxpayers of \$1,320.00. Do not get the idea that the cost of schools is any less, we are simply giving the taxpayers the benefit this year of a large balance on hand.

EFFIE L. HOOKE, *Chairman,*
CLARA A. TOWLE,
HAROLD L. JONES.

School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

February 6, 1924.

To the School Board and Citizens of Fremont:

This is my fourth annual report and is for the year beginning July 1, 1922, and ending June 30, 1923. Although the statistical portions cover only that period, this verbal report extends into the present school year.

EXCELLENT ATTENDANCE.

Reference to the attendance statistics given below show these two facts: 1. In spite of the fact that last winter was one of great severity and much snow the percentage of attendance, 96.2%, is the highest record ever made in this town. This means that each pupil was absent 13 half-days; the State average was 21 half-days.

2. Tardiness was only half as much in Fremont as in the rest of the State, and the unexcelled record of last year was again equaled.

Good attendance is the cheapest way of increasing the efficiency of our schools. Both parents and teachers deserve the credit.

1846 COMPARED WITH 1923.

A set of examination papers was discovered which were written by the 9th grade pupils of Springfield, Mass., in 1846, in arithmetic and spelling. The same arithmetic test and an equivalent spelling test were given to all 8th grade pupils in November, 1923, with the following results in Fremont:

Spelling	1846.....41%	1923.....65%
Arithmetic	1846.....29%	1923.....48%

The age and grade of these pupils were as follows:

Springfield	Fremont
Grade 9	Grade 8
Age 15½	Age 14

In 1846 there was no compulsory attendance law, and the over-age and dull pupils dropped out of school and were not present to take the test in 1846. In 1923 that class of pupils were required by law to remain in school, and their scores are included in the results given. What are your conclusions in regard to school progress?

THREE YEARS OF PROGRESS.

We have been giving standard tests in our schools for three years now, and it is possible to show accurately the progress made in the various subjects. A few typical figures are given here. The arithmetic shows the number of problems in fractions solved correctly in 3 minutes from the Cleveland Tests; letter writing shows the number of errors per hundred words; language shows the number of sentences from Charter's Diagnostic Language Test, Misc. B, rightly corrected.

Arithmetic Gain of 75%

<i>Feb. 1921</i>		<i>Feb. 1 24</i>	
VIII	6.2	VIII	9.2
VII	2.7	VII	8.
VI	3.4	VI	5.
V	$\frac{1}{2}$	V	1

Letter Writing. Gain of 47%.

VIII	18	VIII	6
VII	25	VII	15
VI	25	VI	18
V	37	V	15

Language Gain of 60%

VIII	22	VIII	28
VII	22	VII	26
VI	13	VI	24
V	6	V	23

GAIN IN EFFICIENCY 61% IN 3 YEARS; 100% IN 5 YEARS.

The figures given above show an average gain in efficiency in 3 years of 61%. If this rate of gain existed during the two preceding years, and there is no reason for not believing so, the total gain in the 5 years is a full 100%. This gain will continue into the future and totally eclipse the percent of increase in school costs.

FIVE YEARS OF PROGRESS IN THE STATE.

The figures given here will indicate the progress that has been made throughout the State during the past five years.

1919	1923	
12,087	17,023	Number of pupils attending high schools.
290	617	Students going to Keene and Plymouth Normal Schools.
188	513	Teachers attending summer schools to improve.
24	36	Number of weeks of school in poor towns.
91	93	Percentage of attendance.
540	180	Mid-year changes in teachers.
41%	70%	Efficiency of rural schools compared with city schools.

Therefore: 41% more pupils go to high school.

142% more teachers are receiving training.

50% longer school year is given in poor towns.

2% This is the increase in regularity of attendance.

67% of the mid-year changes in teachers have been eliminated.

70% Rural schools are this much nearer equal to city schools.

And in spite of these great gains, school costs have but kept pace with the increased cost of living, and this would have been equally true under earlier laws.

Only 8 other states have as small a state tax for education as does New Hampshire.
