TOWN WARRANT STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Peterborough, in the county of Hillsborough, in said State qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the Twelfth day of March next, at eight of the clock in the forenoon (Polls close at 7:00 p.m.) to ballot for Town Officers and other questions required by law to be decided by official ballot. Pursuant to the authority of RSA 39:2-a and the vote of the Town on March 10, 1970, all business other than official ballot questions will be recessed until 10:00 a.m., Saturday, March 16, 1996 at the Town House, to act upon the following subjects:

Article 1. To choose all necessary Town Offices for the year ensuing. (By Official Ballot)

Article 2. To see if the Town will vote to amend the Zoning Ordinance as proposed by the Planning Board and others, or take any other action relating thereto. (By Official Ballot)

Article 3. To see if the Town will vote to raise and appropriate the sum of **Three Million Three Hundred Forty-Four Thousand One Hundred Eleven Dollars (\$3,344,111.00)** which represents the operating budget. Said sum does not include special articles addressed. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 4. To see if the Town will vote to raise and appropriate by user fees the sum of **Five Hundred Eighty-Two Thousand Three Hundred Four Dollars (\$582,304.00)** for the operation of the Water Department. Said amount is supported 100% by user fees, will not be supported by taxes, and is shown as an offsetting revenue. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 5. To see if the Town will vote to raise and appropriate by user fees the sum of **Two Hundred Fifty-Three Thousand Four Hundred Thirty-Three Dollars (\$253,433.00)** for the operation of the Sewer Department. Said amount is supported 100% by user fees, will not be supported by taxes, and is shown as an offsetting revenue. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 6. To see if the Town will vote to raise and appropriate the sum of **Twenty-One Thousand Dollars (\$21,000.00)** for the purpose of purchasing a new police cruiser. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 7. To see if the Town will vote to raise and appropriate the sum of **Five Thousand Three Hundred Sixty Dollars (\$5,360.00)** for Monadnock Family Services. (By Petition) (The Selectmen and the Budget Committee do not recommend this appropriation.)

Article 8. To see if the Town will vote to ratify the July, 1994 acceptance by the Board of Selectmen of a deed dated July 25, 1994 from Stephen M. and Elizabeth M. Thomas to property located on Cunningham Pond Road, the subject property to be used for a "park and recreational area" as more fully described in said deed, and to raise and appropriate the sum of **One Hundred Thousand Dollars (\$100,000.00)** to construct recreational facilities at Cunningham Pond (Gross Budget). Furthermore, said construction to be contingent upon receipt of a grant from the Hazel Goyette Fund in the amount of Twenty-Five Thousand Dollars (\$25,000.00) and receipt of Fifty Thousand Dollars (\$50,000.00) in private donations. The balance of Twenty-Five Thousand Dollars (\$25,000.00) is to come from general taxation. This will be a non-lapsing account per RSA 32:3,VI and will not lapse until the recreational facilities are completed or in two years, whichever is less. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 9. To see if the Town will vote to authorize and direct the Board of Selectmen to sign and deliver to the original grantors, Stephen M. Thomas and Elizabeth M. Thomas, or their assignee, a Quitclaim Deed of all of the Town's right, title and interest in the real property described in a Quitclaim Deed from Stephen M. Thomas and Elizabeth M. Thomas to the Town dated July 25, 1994, consisting of a parcel of land approximately 12 acres, more or less, located on the northwest shore line of Cunningham Pond.

(Explanation: The purpose of this article is to return the Town to its legal position prior to July 26, 1994, of having no rights, duties or any obligations with respect to a parcel of land, approximately 12 acres, more or less, located on the north shore of Cunningham Pond, which has been given to the Town as a gift from Stephen M. Thomas and Elizabeth M. Thomas on July 25, 1994. It is assumed that this Warrant Article will only be acted upon in the event Article 8 fails to be approved by the Town. (The Board of Selectmen recommends passage of this Article in the event Article 8 fails to pass.)

Article 10. To see if the Town will vote to require all gifts of Real Estate to the Town to be accepted only by a majority vote of a

Town Meeting, except properties of less than Five Thousand Dollars (\$5,000.00) which may be accepted by vote of the Selectmen, or take any other action relating thereto. (By Petition)

Article 11. To see if the Town will vote to raise and appropriate the sum of **Sixteen Thousand Three Hundred Thirty Dollars (\$16,330.00)** for the purpose of modifying three pieces of fire apparatus to accommodate rescue equipment. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 12. To see if the Town will vote to authorize the Selectmen to enter into a lease/purchase agreement for the purpose of purchasing an ambulance, and to raise and appropriate the sum of **Thirty-Five Thousand Seven Hundred Seventy-One Dollars (\$35,771.00)** for the first year's payment for that purpose. The subsequent years payments call for the following amounts:

Year	Cost
1997	\$35,771.00
1998	\$35,771.00

Nineteen Thousand Two Hundred Twenty-Seven Dollars (\$19,227.00) of each yearly appropriation will be paid by the other communities served. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 13. To see if theTown will vote to raise and appropriate the sum of **Five Thousand Dollars (\$5,000.00)** for the purpose of supporting the Peterborough Arts Festival. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 14. To see if the Town will vote to raise and appropriate the sum of **Twelve Thousand Five Hundred Dollars (\$12,500.00)** for the purpose of helping to support the continuing efforts of the Greater Peterborough Chamber of Commerce to promote and develop the commercial, industrial, retail and service sectors of the economy of the Town. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 15. To see if the Town will vote to raise and appropriate the sum of **Five Hundred Fourteen Thousand Four Hundred Fifty-Nine Dollars (\$514,459.00)** for the payment of the Town debt and interest. (The Selectmen and the Budget Committee recommend this appropriation.)

Pollution Bond - \$213,078.00 Police Station - \$133,390.00
Town House/Recreation - \$167,991.00

Article 16. To see if the Town will vote to raise and appropriate the sum of **Eight Thousand Dollars (\$8,000.00)** for the replacement of light poles at Ecco Field and authorize the

withdrawal of Eight Thousand Dollars (\$8,000.00) from the proceeds of the Albert W. Noone Fund for this purpose. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 17. To see if the Town will vote to raise and appropriate the sum of **One Hundred Eleven Thousand One Hundred Seventy-Five Dollars (\$111,175.00)**, said amount to be received from the state of New Hampshire in Highway Subsidy moneys restricted to Highway construction or reconstruction. (The Selectmen and the Budget Committee recommend this appropriation.)

Article 18. To see if the Town will vote to discontinue Spaulding Road from Sharon Road to the Peterborough/Sharon Town Line in exchange for the granting of an easement to the Town of Peterborough for the purposes of a foot trail over Spaulding Road as it was originally laid out, and within 400 feet of Sharon Road in the westerly portion of property now owned by Helen M. Land, from property now owned by Upland Farm Inc. to the Peterborough Town Line.

- Cost of granting the easement to be paid by the present owner of the property.
- Cost of construction and maintenance of the trail to be paid by the Town of Peterborough
- Surface of the trail to be determined by the Town of Peterborough.
- The trail and the rights to use the trail shall not interfere with the access to or excusion of any forestry or agricultural operation as deemed desirable by the current owner of the property.

(The Selectmen recommend passage of this Article.)

Article 19. To see if the Town will vote to authorize the Board of Selectmen to lay out and construct a Class V Highway with a right of way 41-1/4' wide and a traveled way 18' wide running from Hadley Road a/k/a Stearns Road, northeasterly across land of the Peterborough Players, Inc., about 495' to land of Richard and Susan Giargiari, provided that the Peterborough Players, Inc. and Richard and Susan Giargiari each contribute One Thousand Dollars (\$1,000.00) to the Town towards the cost of constructing said highway, the approximate route of said highway being shown as a 14' wide traveled way (gravel) on the plan entitled, "Subdivision Plan of Land Located on Hadley Road a/k/a Sterns Road, Peterborough, N.H., Scale 1" = 30', Survey and Plan by

William A. Bean, Jr., L.L.S., July 22, 1988, Surveyed for Peterborough Players” on file in the Hillsborough County Registry of Deeds as Plan No. 23116, Drawer 96. (The Selectmen recommend passage of this Article.)

Article 20. To see if the Town will vote to discontinue that portion of Hadley Road, also known as Stearns Road, that runs easterly and northerly through the property of Robert C. Brown and the Peterborough Players, Inc. approximately 585’ to the land of Richard and Susan Giargiari, meaning and intending to discontinue the entire portion of Haldey Road situated easterly and northerly from a line drawn from Public Service Company utility pole #15/7 northeasterly across Hadley Road to the corner of stone walls, all as shown on plan entitled, “Subdivision Plan of Land Located on Hadley Road a/k/a Stearns Road, Peterborough, N.H., Scale 1” = 30’, Survey of Plan by William A. Bean, Jr., L.L.S., July 22, 1988, Surveyed for Peterborough Players” on file in the Hillsborough County Registry of Deeds as Plan No. 23116, Drawer 96. (The Selectmen recommend passage of this Article.)

Article 21. To see if the Town will vote to create an expendable general fund trust fund under the provisions of RSA 31:19-a to be known as the Cemetery Expendable Trust Fund, for the purpose of unanticipated or and/or extraordinary cemetery maintenance expenses and to transfer the sum of **Fifteen Thousand Dollars (\$15,000.00)** from the sale of deeds for burial lots for this purpose and to further designate the Cemetery Trustees as agents to expend said funds, including principal and interest as they deem appropriate. (The Selectmen and the Budget Committee Recommend this article.)

Article 22. To see if the Town will vote to authorize the Board of Selectmen to submit any and all of its electric accounts for participation in the Retail Electrical Competition Pilot Program currently being developed by the New Hampshire Public Utilities Commission; and, further, if selected for participation, to purchase electricity for the duration of the Pilot Program from the electric power supplier which best meets the interests of the Town and to withdraw from the Pilot Program if it no longer is in the best interests of the Town. (The Selectmen recommend this article.)

Article 23. To see if the Town will vote to authorize the Board of Selectmen to submit a portion or portions of the Town for consideration as Geographic Areas of Choice under the Retail Electrical Competition Pilot Program, it being the understanding of the Town that if such a Geographic Areas of Choice is selected

for inclusion in the Pilot Program, no customer will be required to participate in the program if they choose not to. (The Selectmen recommend this article.)

Article 24. To hear the reports of Agents, Auditors, and Committees or Officers heretofore chosen, and to pass any vote relating thereto.

Article 25. To transact any other business that may legally come before this meeting.

Given under our hands and seal this Twenty-Sixth day of February, in the year of our Lord Nineteen Hundred Ninety-Six.

INDEPENDENT AUDITOR'S REPORT

January 24, 1996

Board of Selectmen
Town of Peterborough
Peterborough, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Peterborough, New Hampshire, as of December 31, 1995, and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Peterborough, New Hampshire, as of December 31, 1995, and the results of its operations and the cash flows of its proprietary and similar trust fund types for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Peterborough. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Respectfully submitted,

January 24, 1996

Board of Selectmen
Town of Peterborough
Peterborough, New Hampshire

In planning and performing our audit of the general purpose financial statements of the Town of Peterborough, New Hampshire for the year ended December 31, 1995, we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated January 24, 1996, on the general purpose financial statements of the Town of Peterborough, New Hampshire.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Town personnel and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

Respectfully submitted,

Mason + Rich P.A.

PRACTICE SECTION

CURRENT YEAR'S FINDINGS AND RECOMMENDATIONS:

GENERAL - We were overall extremely pleased with the quality of the internal control and operating systems in use by the Town's various accounting functions. Such systems are only possible with the cooperation of diligent, hard working, dedicated individuals who are willing to not only do the proper way but are also willing to adopt any changes that will assist in improving individual efficiencies and also produce more meaningful and timely report for management's use in financial and budgetary decision making.

TOWN:

Finding - We noted numerous instances where the Town is not following the gross budgeting requirements of RSA 35:5 III.

Recommendation - All Town appropriations, including the Cemetery Maintenance Fund, Police Grants, appropriations funded partially with donations or gifts, etc., should be budgeted gross "showing anticipated revenues from all sources, including grants, gifts, bequests...which shall be shown as offsetting revenues to appropriations affected."

Management's Comments - The Board of Selectmen concurred with this finding.

Finding - The accounting for the Library (Fund 50), included an account (Trust Fund) that was reported net of revenues and expenditures.

Recommendation - We would recommend that only revenues be reported in this account with any expenditures posted to the corresponding expenditure account.

Management's Comments - The Board of Selectmen concurred with this finding.

Finding - Prior year's encumbrances are basically reported as fund equity accounts on the appropriation reports, i.e. they have a beginning balance from the prior year, which causes available fund balance to be misstated on the general ledger.

Recommendation - We would recommend that prior year's encumbrances be reported at the end of the appropriation reports in a separate department. Rather than reporting a beginning balance for the encumbrances, a budget entry should be made for the amount of the encumbrance. This would retain the correct amount of fund equity intact, and yet also allow comparison of budgeted (encumbered) amounts with the actual expenditures on the line items.

Management's Comments - The Board concurred with this finding and asked Ms. Andrade to work this out with the Accountant.

Finding - Capital projects funds (three in the last two years) are accounted for on the General Fund in a manner that we think is both confusing and also inefficient in that it adds to the time required for reconciling the accounts. Also, it is difficult to tell on a quick review the status of the project.

Recommendation - Future capital projects that are funded with bond issues should be accounted for in separate funds on the computer. This would permit as detailed an expenditure report as needed for the project and also allow the use of detailed budget and actual figures to easily determine the status of various cost items associated with the project. Also, a quick review of the budget and actual reports would show the current status of the project.

Management's Comments - The Board concurred with this finding.

Finding - We noted that the Town Treasurer does not have custody of the Conservation Commission funds as required by RSA 42:29.

Recommendation - We would recommend that the Treasurer have signature authority on the Conservation Commission account and pay out funds upon the direction of the Conservation Commission.

Management's Comments - The Board of Selectmen concurred with this finding.

Finding - We noted instances where disbursements were approved without sufficient documentation from a vendor or supplier.

Recommendation - It is extremely important that documentation from a vendor or supplier be included with any request for payment.

Management's Comments - The Board of Selectmen concurred with this finding and asked that management take this under review.

TRUST FUNDS:

Finding - We noted that the capital reserve funds are commingled in one account, which is contrary to NH RSA's.

Recommendation - We recommend that the capital reserve funds be maintained in individual accounts as required by RSA 35:9 which states that capital reserve funds "shall be kept in a separate account and not intermingled with other funds.."

Management's Comments - The Board of Selectmen agreed to refer both of these items to Bob Ray, Trustee of Trust Funds.

Finding - We noted that the earnings from the common trust funds were being incorrectly allocated based upon the market value of the investments. Rather, the earnings should be allocated, as done prior to last year, based on the beginning principal amount of each trust fund.

Recommendation - The Trustees' reports should be corrected to reflect the proper allocations and this method should be used in the future.

Management's Comments - The Board of Selectmen agreed to refer both of these items to Bob Ray, Trustee of Trust Funds.

Finding - We noted that the Fire/Ambulance Capital Reserve fund had not been authorized at Town Meeting but was established following the approval of the Board of Selectmen.

Recommendation - A warrant article needs to be voted on at Town Meeting to close out the current "capital reserve" fund and to establish an expendable trust fund to be funded by ambulance revenues and to be used to purchase ambulance equipment.

Management's Comments - The Board of Selectmen decided to consult Town Counsel and the Fire Chief to determine what should be done and how to do it.

OTHER ENTITIES:

Finding - We commend the generosity of the citizens of the Town in giving of both their time and funds in their efforts to fund items such as the Friends of the Library and Parks and Recreation Programs and also the Human Services Fund to provide services that the Town currently does not provide.

Recommendation - We noted that both the Library and Parks and Recreation funds, while registered as separate nonprofit entities, may, at times, be acting as an agent for the Town or else using Town revenues as an accounting convenience. We would suggest that both organizations revisit their original charters and also with meet the Board of Selectmen to determine exactly where the dividing line is concerning what is considered by the RSA's to be Town funds, which would need to be remitted to the Town, versus revenues raised by the nonprofit organizations for their own functions. We would also suggest the Human Services Fund immediately register as a nonprofit entity.

Management's Comments - The Board of Selectmen decided to consult Town Counsel and the Fire Chief to determine what should be done and how to do it.

CAPITAL RESERVES:

Finding - We noted that the Town has a limited number of capital reserve funds but has a substantial amount invested in its equipment included in the inventory of its General Fixed Assets.

Recommendation - To assist in maintaining a more even tax rate and also avoid bonding for larger purchases, we would strongly recommend that the Town look at the fiscal and long-term planning benefits of establishing a strong Capital Reserves program that would be funded annually based upon projected future equipment and vehicle capital outlay requirements.

Management's Comments - The Board of Selectmen concurred with this finding.

REPORT OF THE RESULTS OF TOWN MEETING 1995

Article 1. Choose Town Officers. (By Official Ballot)

Article 2. Zoning Ordinance amended as proposed by Planning Board and others. (By Official Ballot)

Article 3. Moved by the Selectmen that the Town vote to authorize the Selectmen to borrow in the name of the Town by issuance of notes or bonds and expend the sum of Nine Hundred Twenty-Six Thousand Dollars (\$926,000.00) at terms deemed by the Selectmen to be in the best interest of the Town all in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) to construct, outfit, renovate, and relocate the Town House office space and other directly related items, and construct a new office building at Adams Playground to house the Recreation Department. (2/3 Majority Ballot Vote Required.) (Votes Cast - 408: Yes - 283 No - 121 Spoiled - 4) *Motion Passed.*

Article 4. Moved by the Selectmen that the Town vote to authorize the Selectmen to borrow in the name of the Town by issuance of notes or bonds and expend the sum of One Million Dollars (\$1,000,000.00) to construct and renovate a building on the PSNH site on Grove Street and enter into a long term lease to the Unified Court System of New Hampshire to house the Peterborough-Jaffrey District Court, provided that the terms of said lease or other such binding agreement require that the Unified Court System pay an amount at least as much as the cost of repayment of the bond plus interest. (2/3 Majority Ballot Vote Required.) (Votes Cast - 420: Yes - 281 No - 137 Spoiled - 2) *Motion Passed.*

Article 5. Moved by the Selectmen that the Town accept the reports of Agents Auditors, and Committees or Officers heretofore chosen as published in the Town Report. *Motion Passed.*

Article 6. Moved by the Selectmen that the Town vote to raise and appropriate the sum of One Hundred Sixty-Seven Thousand Six Hundred Ninety-Eight Dollars (\$167,698.00) for the payment of the Town debt and interest.

Fire/Ambulance	-	\$98,870.00
Pollution Bond	-	\$42,328.00
Police Station	-	\$26,500.00

Motion Passed.

Article 7. To see if the Town will vote to approve granting a contract to the Town Administrator which includes a specific term

of employment and/or compensation other than the usual and normal compensation for the position. *Motion Passed Over.*

Article 8. To see if the Town will vote to authorize the Board of Selectmen to grant an employment contract to John Isham, as Town Administrator, for a period of years expiring on December 31, 1997 at a 1995 salary set at Sixty-Six Thousand Three Hundred Dollars (\$66,300.00), together with other normal Town benefits presently granted. *Motion Passed Over.*

Article 9. Moved by the Selectmen that the Town vote to approve the cost items contained in a labor agreement between the Town and Teamsters Local 633 Public Works employees that are included in the operating budgets of the Highway, Garage, and Recycling said costs totaling approximately Eleven Thousand Nine Hundred Sixty-Three Dollars (\$11,963.00) to fund the additional cost of the labor agreement over 1994 and the additional cost over 1995 will be approximately Eighteen Thousand Thirty Dollars (\$18,030.00) in the 1996 fiscal year, and Nine Thousand Six Hundred Sixty-Six Dollars (\$9,666.00) in the 1997 fiscal year. (Petition for Secret Ballot was presented to the Moderator.) (Votes Cast 399: Yes - 199 No - 194 Spoiled - 6) *Motion Passed.*

Article 10. Total appropriation under this article \$3,327,952.00 for Town Departments. *Motions Passed as Amended.*

Article 11. Moved by the Selectmen that the Town vote to accept and use from the State of New Hampshire approximately One Hundred Eleven Thousand Nine Hundred Twenty-Seven Dollars (\$111,927.00) in Highway Subsidy moneys restricted to Highway construction or reconstruction. *Motion Passed.*

Article 12. Moved by the Selectmen that the Town vote to raise and appropriate the sum of Sixty Thousand Dollars (\$60,000.00) to construct recreational facilities at Cunningham Pond. (Petition for Secret Ballot was presented to the Moderator.) (Votes Cast 350: Yes - 172 No - 177 Spoiled -1) *Motion Lost.*

Article 13. Moved by the Selectmen that the Town vote to transfer and use the sum of Twenty Thousand Dollars (\$20,000.00) from the proceeds of the Albert W. Noone Fund to be used to construct recreational facilities at Cunningham Pond. *Motion Passed.*

Article 14. Moved by the Selectmen that the Town vote to ratify and confirm the action of the Board of Selectmen in appointing the "RIVERWALK" Committee for the purpose of establishing a riverwalk system along either side of the

Contoocook River from the Sharon/Jaffrey Town Lines to the Hancock Town Line and to authorize said Committee, subject to the approval of the Board of Selectmen to determine the location of said riverwalk system, construct the same and specify the trail use restrictions to be applied to it. *Motion Passed.*

Article 15. Moved by the Selectmen that the Town vote to authorize the Riverwalk Committee to expend such sums as are remaining from the appropriation in Article 19 of the 1994 Warrant and to raise sums as necessary and receive gifts for any purpose related to the riverwalk system along either side of the Contoocook River from the Sharon/Jaffrey Town Lines to the Hancock Town Line. *Motion Passed.*

Article 16. Moved by the Selectmen that the Town vote to authorize the Board of Selectmen to acquire by dedication and acceptance, gift, purchase, grant or devise, any interest in land for purposes of establishing a riverwalk system, along either side of the Contoocook River from the Sharon/Jaffrey Town Lines to the Hancock Town Line. *Motion Passed.*

Article 17. Moved by the Selectmen that the Town vote to revise the Charter of the Advisory Budget Committee as printed. *Motion Passed.*

Article 18. To see if the Town will vote to establish a Municipal Act Budget Committee, pursuant to the terms of RSA 32:14 through 32:24 as printed. *Motion Passed Over.*

Article 19. Moved by the Selectmen that the Town vote to raise and appropriate the sum of Seventy-Seven Thousand Dollars (\$77,000.00) provided that the State of New Hampshire contribute Three Hundred Eight Thousand Dollars (\$308,000.00) of bridge aid money to rebuild the Spring Road bridge over the Nubanusit River. *Motion Passed.*

Article 20. Moved by the Selectmen that the Town vote to raise and appropriate the sum of Twenty Thousand Five Hundred Dollars (\$20,500.00) to purchase a new police cruiser. *Motion Passed.*

Article 21. Moved by the Selectmen that the Town vote to raise and appropriate the sum of Forty-Two Thousand Dollars (\$42,000.00) to purchase anew radio base system for the Police Department. *Motion Passed.*

Article 22. Moved by the Selectmen that the Town vote, pursuant to the authority of RSA 154:1, to ratify and confirm the present organizational structure of the Peterborough Fire Department, being a Fire Chief appointed by the Board of

Selectmen, and holding the organizational and administrative control of the Department, with subordinate officers and members of the Fire Department being elected by the members of the Fire Department, and all Fire Department real estate and equipment purchased with funds appropriated by the Town being the property of the Town, and all Town funds appropriated for Fire Department purposes being held by the Town Treasurer and subject to the Town's normal budgeting, appropriation and disbursement authorization requirements. *Motion Passed.*

Article 23. Moved by the Selectmen that the Town determine there exists in Peterborough dwellings which are unfit for human habitation due to dilapidation, dangerous defects which are likely to result in fire, accidents, or other calamities, unhealthy lack of ventilation or sanitary facilities, or due to other unhealthy or hazardous or dilapidated conditions, and adopt a Housing Code pursuant to the provisions of RSA 48-A. (Petition for Secret Ballot was presented to the Moderator.) (Votes Cast 175: Yes - 73 No - 101) *Motion Lost.*

Article 24. Moved that the Town vote to adopt the provisions of RSA 162-G (entitled acquisition, development, and disposal of industrial land and facilities); and to establish an Economic Development Authority pursuant to the provisions of RSA 162-G:15-a, with the members appointed by the Board of Selectmen. *Motion Passed.*

Article 25. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the administration of the Economic Development Authority. *Motion Passed Over.*

Article 26. Moved that the Town vote to raise and appropriate the sum of Twenty-Five Thousand Dollars (\$25,000.00) and authorize the Selectmen to contract with the Greater Peterborough Chamber of Commerce to provide business advocacy, to promote and develop the commercial, industrial, retail and service sectors of the economy of the Town, and should the Town vote to establish an Economic Development Authority, to provide administrative support for the Economic Development Authority. *Motion Passed.*

Article 27. Moved by the Selectmen that the Town vote to amend the motion adopted under Article 35 of the 1994 Town Meeting Warrant by rescinding the same and authorizing the Board of Selectmen to lease a parcel of Town-owned land approximately 10.69 acres in size immediately West of Adams

Playground and fronting on Union Street to The Place To Go, Inc., a non-profit, charitable organization, for a period of 99 years at a rate of \$1.00 per year, for the purpose of building a Community Center, with construction of said Center to start within five years of March 18, 1995, or said Lease will be void, the exact description of said land being identified on Tax Map U-25 consisting of Lots 3.1 (4.41 acres) and 3.2 (6.28 acres), the terms of said Lease to be negotiated by the Board of Selectmen and shall include as part of said Lease that the Town from time to time may use the facility for Town-sponsored functions at no cost to the Town, and although The Place To Go, Inc. may mortgage the premises, in the event of foreclosure of the mortgage, any future use of the premises shall be subject to the approval of Town Meeting. *Motion Passed.*

Article 28. Moved by the Selectmen that the Town vote to ratify and confirm the action of the three Selectmen as Water Commissioners in entering into long-term agreement with Peterborough Retirement Community at Upland Farm, Inc., d/b/a RiverMead, (RiverMead) dated December 20, 1994, a copy of which will be presented to Town Meeting, whereby RiverMead agrees to convey to the Town approximately one-half acre of land with the necessary easements to and from the same for access and utilities, for the establishment of a Town Well and Well House, and the Town in turn, agrees to provide to RiverMead up to 25,000 gallons of water per day at no charge for use at the facility so long as said well is in operation. *Motion Passed.*

Article 29. Moved by the Selectmen to raise and appropriate Fifteen Thousand Dollars (\$15,000.00) to replace or repair the sidewalk from 103 Grove Street to the Shopping Village. *Motion Passed.*

Article 30. Moved to establish the Monadnock Ledger as a newspaper of record for the Town of Peterborough and its department, agencies, boards, committees and other bodies, for the publication of notices, announcements or other matter published or required to be published in a newspaper of record or publication of general circulation in the area. *Motion Lost.*

Article 31. To transact any other business that may legally come before this meeting. Moved that next year's Town Meeting be held in the newly renovated Town Hall. *Motion Passed.*

SELECTMEN'S REPORT

Nineteen ninety-five has been an important year. We were deeply saddened by the loss of some of our most beloved citizens, among them Coburn Wheeler, Walter Jones, and Sandy King, each of whom had greatly contributed to the betterment of our town. We were, however, extremely fortunate to be able to welcome Pam Andrade as our new Town Administrator, and Ed Chase as the head of the Department of Public Works.

The year was also important in terms of improving our community. Following through from the 1994 efforts of Civic Profiles, and under the able direction of Phil Herr, more than 100 citizens participated in the Peterborough Development Plan, defining the kind of town we want and finding ways to keep the qualities we value while increasing our prosperity. The results of this effort are described in the publication entitled Steering Committee Report Development Planning Project, intended to be included with or as a preface to the Master Plan. In addition, we raised money to purchase a property formerly owned by Yankee Magazine in Depot Square so that this important space can be used for public benefit. Under the able supervision of Craig Hicks, we renovated the Town House to preserve this historic building and to ensure that town government remains in a central location, an act which contributes significantly to the strength of the downtown. As an adjunct to the renovation, we created new and better quarters for the police and recreation departments.

Equally important are the improvements in our way of conducting town business, the direct results of last year's landmark study of town government, conducted (in alphabetical order) by Francis "Steve" Carr, Bernie Cutter, Mary Lanthier, Ed Lobacki, and Paul Sullivan. Acting upon the recommendations of this group, this year's budget was determined in joint meetings of the Selectmen and the Budget Committee, so that the budget we now offer is determined by consensus and presented as a single item. The new method will substantially shorten the time spent in presenting the budget to the public which in turn should shorten Town Meeting. It is hoped that a shorter Town Meeting will encourage greater participation.

Much that was splendid in the past about the town remained unchanged in 1995. For excellent and efficient management the Board of Selectmen wishes to thank John Isham, Pam Andrade, and the department heads, employees and volunteers of the Fire Department, the Police Department, the Recreation Department,

the Library, the Code Office, the Health and Welfare Office, the Land Use Office, the Town House, the Department of Public Works, and the Recycling Center. For their dedication and excellent service the Board would also like to express their appreciation to the other elected and appointed officials: the members of the Budget Committee, the Town Clerk, the Library Trustees, the Trustees of the Trust Funds, the Parks Committee, the Cemetery Trustees, the Supervisors of the Checklist, the Ballot Clerks, the Town Treasurer, and the Town Councils, both Mr. Fernald and Mr. Byk. Much appreciation should be given to Town Office workers and the Police Department for their cooperation during construction of the Police Station and the renovation of the Town House.

Much that was accomplished in 1995 was accomplished by volunteers. On behalf of the town, the Board of Selectmen would like to express deep appreciation to these volunteers, especially the members of the Planning Board, the Zoning Board of Adjustment, the Long Range Planning Committee, the Conservation Commission, and the Parks Department. The Board would also like to express its deep gratitude to the many volunteers who worked on the Peterborough Development Plan, on Riverwalk, and on the Town House, and to all the other volunteers who in dozens of ways have given time and energy to serve our fortunate community. A town so rich in public spirit is blessed indeed.

Respectfully submitted,
Elizabeth M. Thomas
Roland A. Patten
Lawrence C. Ross
Board of Selectmen

TOWN ADMINISTRATOR'S REPORT

It is with great pleasure that I submit my first report as your Town Administrator. Each new year begins with renewed ideas and expectations. I hope as the new Town Administrator, we may accomplish and set new goals for the benefit of all who live here in Peterborough. I feel confident in saying that I share a large concern for the welfare and growth of this fine town. All of us who work for the Town wish to provide professional management and I am quite sure that we can gain your confidence in knowing we take our jobs seriously. However, we still want our residents to feel they have a place where they can find assistance or guidance in whatever they need.

Certainly we can give 1995 the title of "the year of change." However, this has allowed town officials to examine more closely Peterborough's economic and strategic position in the State of N.H. and how this might be enhanced in the years ahead. I thank the citizens of Peterborough for their continued willingness to accept a new and vital direction for Peterborough. We are at an exciting crossroad and I too, hope that as citizens you will realize specifically how crucial our direction and vision for Peterborough are. Your support for the efforts and abilities of the elected officials of Peterborough could not be more needed. They have and continue to serve this community with great pride, interests and concern.

Many issues very important to the future of the community lie ahead. Fortunately, the Board of Selectmen has the fortitude to take these much bigger issues on one at a time. We will continue to be active in assuring the new District Court is constructed in Peterborough, attracting new business to town, and maintaining our quality of life. The construction of the new public facilities in town not only show others the commitment of the taxpayers to "Our Town," it also shows it to us the employees. It is a commitment that I do not take lightly. I realize that many taxpayers struggle to pay their tax bills. We are leaving the era of quantity and entering an era of quality. We can no longer afford to repeat the spending of the past. We do not have the money. The Town tax rate is proposed at \$8.80/\$1000 of assessed value, which is a reduction of \$.42 from fiscal year 1995. This will give much needed tax relief to you, the taxpayer.

I must express my appreciation to the employees of the Town who have worked so hard in these changing times during the past year. The volunteers that make up the fabric of Peterborough

must also be applauded for their continued efforts. They are an important thread of what Peterborough is about. The accomplishments of all of us would not be possible without the dedication and willingness of these individuals to serve. On a lasting note, I thank the Board of Selectmen for granting me the latitude to function on a business like basis. I am proud to be part of the Town of Peterborough, and feel privileged and honored to have received their support.

On a lasting note, I enjoy hearing from the citizens of Peterborough. Please do not hesitate to stop in my office or call any time. Your ideas and direction are important to me.

Respectfully submitted,
Pamela L. Andrade
Town Administrator

BUDGET COMMITTEE REPORT

This year has marked a new beginning in the way the town budget recommendations are formulated. Based on the new Budget Committee charter proposed by the Town Government Study of 1994 and unanimously approved at the 1995 Town Meeting, joint sessions of the Board of Selectmen and the Budget Committee were held for the purposes of discussing and deliberating on budget proposals for the coming year. The Board of Selectmen and the Budget Committee began meeting in joint session in October, and continued the process into the month of February. Both the operating budget for the Town and special articles to be presented to voters at town meeting were discussed and deliberated upon in an atmosphere of consensus and cooperation.

The operating budget recommendations being presented to the voters this year represent a flat budget proposal (-\$7,531) as compared to last year. This figure includes the creation of a new department head position and projected salary increases due to step progression and cost of living adjustments. As a time-saving measure, the Selectmen and Budget Committee have agreed to present the operating budget as a total package rather than through individual departmental presentations. This will serve to reduce the time spent by the moderator having to read each departmental budget twice before a vote is taken.

The Budget Committee established a Wage-Benefit Study Committee to examine the long-range budgetary impact of present town policies relating to the progression rate of salaries and personal days off (PDO's). Through the efforts of this study, recommendations were made to, and adopted by, the Selectmen that will, over the years, result in significant savings for the taxpayers of Peterborough.

It is a pleasure to report that through the efforts of both town bodies and the dedication and hard work of the Town Administrator and the various department heads, there is complete consensus concerning the recommendations of expenditures related to both the operating budget for the Town of Peterborough and special articles to be presented to the voters for consideration. Based on careful analysis and deliberations

afforded to the various budgets and special articles presented for review, the joint recommendations of the Selectmen and the Budget Committee represent a 4.4% reduction of the town portion of the tax rate, effectively lowering the rate from \$9.22 to \$8.82 per thousand.

1995 POLICE REPORT

The Police Department this year completed several milestones in its operation. First and foremost was the completion of our new facility on Grove Street. The building affords us the opportunity to have ample office space, meeting rooms, secured evidence area, modern booking and cell area as well as storage. During the construction a new computer system and video system was also installed. The personnel take great pride in this facility and we all extend our thanks to the citizens for funding this project.

We received from the Federal Government a grant to fund another officer for a period of three years. This allowed us to assign an officer to prosecution to save us in overtime and make for a more efficient court prosecution. It also affords us the opportunity to extend our DARE program into the elementary school and increase our crime prevention program throughout the town.

A several year project was finally completed which puts us on course for State Accreditation. We are submitting our program to the state officials and hope to be accredited shortly. This program will assist us in completing our duties and tasks according to accepted National and State standards. It will assist us by insuring everyone in the department are doing everything the same way and limiting our liability. This in and of itself is a great improvement.

We as a department are very proud of these accomplishments.

The year 1995 found the department responding to slightly more calls for service than 1994. Once again we feel it is because the citizens feel comfortable in calling us for assistance. Our criminal investigations are up considerably, mostly due to drug cases which we have taken a more aggressive stance toward. We investigated fifty offenses during the past year. Along with the NH Drug Task Force, we investigated, arrested or indicted individuals for eight different sales of controlled substances. Of these investigations several involved juveniles within the town. We feel that we have to make a concerted effort to attempt to rid this cancer from our town. This is not possible without everyone's cooperation and support. Drug use among our young people is increasing and is behind many of our local problems. This past year saw the successful investigation of a major theft at Maska involving thousands of dollars worth of merchandise that was later taken to Massachusetts and sold by the thieves. A violent rape involving a juvenile girl was investigated and the rapist

found in Ohio. We have successfully indicted this man and are awaiting trial. These are just some of the time consuming investigations the department conducted this past year that accounted for an endless amount of man hours.

Once again we extend our sincere thanks and appreciation to the citizens of this great community for their continued support and cooperation. I would be remiss if I did not thank the Board of Selectmen, fellow department heads, town employees and the surrounding towns' police departments for all of their support this year. Finally to the great men and women of my department who every day give 100% and make the department what it is, I thank you.

FIRE AND AMBULANCE REPORT 1995

The Peterborough Fire Department consists of one Chief, two Deputy Chiefs, one Ambulance Coordinator/Captain, two Lieutenants, and thirty one firefighting and emergency medical personnel. The Department provides fire, rescue, and emergency medical services to Peterborough and Sharon. Emergency ambulance service is also provided on a regular basis to Dublin, Frankestown, Greenfield, and Hancock. The Department also sends and receives mutual aid for fire, rescue and emergency medical services with area communities through the Southwestern New Hampshire District Fire Mutual Aid System.

Operations

The Department responded to 911 incidents in 1995, of which 677 were for emergency medical services, and 234 were for fire/rescue.

Incidents

Fires inside structures (includes chimneys)	12
Vehicle fire	10
Brush/grass fires	7
Other outside fires	5
Emergency medical service	677
Extrication/rescue (motor vehicle accidents)	44
Other rescue	2
Leaks/spills, without fire	10

New Ipswich	1
Stoddard	1
Emergency Transfers	8

Fire Safety and Public Education

The Department continued its fire safety education efforts in schools and day care centers. During Fire Prevention Week members visited the Elementary and Middle Schools to present programs for the students. The Department Open House/Expo that week featured fire extinguisher training, fire safety videos, distribution of fire safety education materials, a coloring contest, and vendors displaying safety goods and services.

Emphasis on properly operating smoke detectors in residential property and sprinklers in larger buildings is a priority of the Department. Construction and renovation projects are reviewed and monitored for fire protection features and fire code compliance from the planning stages through occupancy. Major projects included the Town House, Rivermead, and the Conval Applied Technology Center.

The Department is happy to provide fire safety information to individuals or groups on request by calling 924-8090.

Training and Education

Monthly drills on basic firefighting and rescue techniques were held under the direction of the Deputy Chiefs. Topics covered included construction site visits, rural hitch operations, wildland fires, vehicle extrication, foam operations, and dry hydrant operations. A local fire protection contractor presented a class on sprinkler systems for all members.

In April, the Department conducted an all day program at the Meadowood Fire School burn building in Fitzwilliam. This program provided training for members operating in smoke conditions using self contained breathing apparatus.

A large scale training exercise was conducted in August using a house scheduled for demolition. A series of fires were set and extinguished so that firefighters were able to conduct hands-on training in use of masks, operating hoselines, ladder work, and ventilation under actual fire conditions.

Officer training consisted of additional monthly sessions which included pre-fire walk throughs of larger buildings and construction projects, review of equipment and procedures, and evaluation of rural water supplies.

Emergency medical personnel participated in classes and seminars in-house and elsewhere, in order to maintain their certifications in various medical skills. Monthly training sessions with guest instructors were utilized to provide continuing education credit. Topics covered included patient assessment, cardiac care, packaging of accident victims, and airway management, as well as recertification in CPR. With the assistance of the Monadnock Hospital Emergency Department, medical personnel maintained certification in the use of automatic heart defibrillators.

Many members of the Department spent additional time attending classes and seminars to further improve their skills. Several members achieved Firefighter I certification in accordance with state and national standards after completing a course held in Peterborough for area personnel. A pump operator class was held for members who wished to become qualified as apparatus operators. Other members became nationally registered Emergency Medical Technicians while three more upgraded their certifications from EMT- Basic to EMT-Intermediate. This enables them to provide a higher level of pre-hospital care to those patients who need it.

The Department supports and encourages participation in the Meadowood Fire School and other continuing education programs in fire, rescue, and emergency medical services. These programs enable the participants to maintain and upgrade their skills and to bring knowledge back to their fellow members.

The Department also served as the host site for CPR classes for area personnel.

Apparatus and Equipment

Members of the Department modified the 1950 4 wheel drive Power Wagon to be better utilized as a brush fire unit. It was outfitted with a used water tank connected to an existing pump with storage for backpack pumps and hand tools.

Through generous contributions from the community, older alerting monitors were replaced and uniforms were issued to members as needed. Research is on-going to upgrade the automatic heart defibrillators as new technology is developed. The new units will be purchased through the Ambulance Fund.

Health and Safety

Health and safety of the members continued to be a priority with continued progress toward nationally recommended standards. Replacement of self contained breathing apparatus continued with five new units placed in service. Through the occupational health program at the Monadnock Hospital, medical evaluations of personnel were continued in accordance with national standards and the recommendations of the Town's insurance carrier.

Station

The inside of the apparatus room was painted by inmates from the Hillsborough County House of Correction for the cost of materials and their lunches. Replacement of all overhead doors in the apparatus room was contracted to be completed in early 1996. These insulated doors will reduce energy and maintenance costs as well as improve the inside and outside appearance of the station.

Members of the Department, using money raised from yard sales, partitioned off an unused area in the station for use as a recreation and TV room.

Rural Water Supplies

The Department is evaluating water sources in several areas outside the municipal hydrant district and will be promoting the installation of dry hydrants, cisterns and other water sources. Property owners who have access to water sources such as ponds and streams are encouraged to contact the Department for possible utilization of these in planning. The Insurance Services Office surveyed the Town during the year. Their report is expected to maintain the current insurance grading and provide some long range planning guidance as to developing rural water supplies which may improve insurance rates in the area outside the municipal hydrant district.

Support Activities

The Auxiliary continued to support the Department with many hours of donated time at emergencies, training and other activities. They also sponsored a very successful Christmas party for members and their families.

The Explorer Post was very active with the Department, participating in training, emergency operations, and a variety of other activities throughout the year. The Post completed

updating the Town hydrant map, doing extensive field work to verify their locations.

Future Considerations

The Department, as always, is seeking men and women who wish to serve their community in a most rewarding way and can commit the time required to serve in the fire and emergency medical services.

In 1996 the Department proposes to replace the older of our ambulances which is inadequate for the weight of crew, patients and equipment . The rescue truck also is becoming old and unreliable and rather than replacing it, we propose to modify existing apparatus to carry the necessary rescue equipment. These improvements will enable our personnel to continue to provide quality fire, rescue, and emergency medical services in an efficient manner.

The administrative needs of the fire, rescue, and emergency medical services have increased dramatically in the last few years. Documentation of training, inspections, incident reporting, personnel records, budgeting, etc. have become major issues. As a result, the Department is exploring, with the assistance of the Budget Committee, the use of a part-time volunteer administrative assistant to address this need.

In the coming year the Town will be considering a major change in the way the ambulance service is funded. A number of communities have instituted a fee schedule for ambulance service which reduces or eliminates the tax revenue needed to support the service. The fees, in most cases, are covered by health insurance, Medicare, or Medicaid.

Any change of this magnitude will be thoroughly evaluated with input from members of the Department, the other towns in our service area, as well as the public, prior to implementation. As always, the primary consideration will be the quality of service provided to our citizens.

In closing, we would like to extend our thanks to the many people and organizations who assisted us throughout the year. The help of the other Town departments and officials is most appreciated in day to day business, risk reduction activities, and emergency operations. The support of the citizens of Peterborough , through tax dollars and contributions to our fund raisers, is gratefully received. Community support and pride in the services provided are the greatest motivators for our

members. The cooperation of the businesses who enable their employees to serve the public by responding to calls during work hours is essential to the success of the Department. Last, but certainly not least, we thank the families of Department members. They adjust to the many hours put in, often at inconvenient times, and continue to support the commitment of the men and women of the Department.

1995 REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In calendar year 1995, our three (3) leading causes of fires were Children, Non-Permit fires not properly extinguished and Smoking Materials.

Violations of RSA 224:27 II, the fire permit law and the other burning laws of the State of New Hampshire, are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

1995 Fire Statistics

Forest Ranger Reported Fires:

Number of Fires for Cost Share Payment	465
Acres Burned	437
Suppression cost	\$147,000+

Lookout Tower Reported Fires

Visitors to Towers	26,165
Number of Fires Local Community	7

Fires Reported by County:

Belknap	11	Hillsborough	71
Carroll	50	Merrimack	49
Cheshire	39	Rockingham	106
Coos	17	Strafford	78
Grafton	26	Sullivan	18

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

“REMEMBER, ONLY YOU CAN PREVENT FOREST FIRES!”

Bryan C. Nowell
Forest Ranger

Stephen A. Black
Forest Fire Warden

PLANNING BOARD REPORT - 1995

The Peterborough Planning Board saw an increase in the number of applications this year, from a total of 28 in 1994 to 34 in 1995. The board held public hearings on 16 site plan applications and 19 subdivision applications this year, and often held deliberation meetings in addition to the hearing meetings which are held the second Monday of each month. The only change in the membership of the board was the Ex-officio member, which was Elizabeth Thomas in 1994 and Larry Ross in 1995. Tammie J. Blanchette continued to provide secretarial services, and Karen M. Cullen continued as the Planning Board's planning consultant.

RiverMead, the largest development to be built in Peterborough in many years has been completed and residents are now moving in. The site plan was submitted in March 1994, approved in April 1994, and three additional applications to amend the site plan and off-site agreements were submitted and approved in 1995. This project includes 88 apartment units, 24 cottage units, 30 assisted care units, and 15 nursing home beds for people over the age of 55. This project should be an asset to Peterborough, and we welcome the residents who are new to town.

Other notable applications before the Planning Board this year include a six lot estate subdivision on the side of Pack Monadnock, off Old Mountain Road; a six lot subdivision off Old Street Road and Kaufmann Drive; a three lot subdivision off Windy Row; a three lot subdivision on Old Bennington Road; a site plan at the Well School to add a new arts building; a subdivision and site plan to construct a multi-tenant building in a portion of the sand and gravel pit on the west side of Route 202 South; and a subdivision and site plan to construct a new industrial facility for a small company on Route 202 South, just north of the former NCR building. The subdivision applications approved in 1995 created a total of 21 new building lots for residences, and 2 for industries.

Of the 34 applications submitted to the board this year, 24 were approved the same month they were submitted, 5 were approved the month following the month they were submitted, 3 were approved two months after they were submitted, and 2 have had no action. One of these is currently on hold pending the outcome of a court case, and the other one is in process. It should be noted that under state law, the Planning Board has 90 days (3 months) to act on an application; the board has been successful

at staying well under that deadline for most applications. It should also be noted that there were no denials of any applications this year.

The Town voted on 5 proposed amendments to the Building Code and 9 proposed amendments to the Zoning Ordinance in March 1995, all of which passed. However, the amendment to adopt a Town Zoning District Map was challenged in court; that case is still pending. Most of the zoning amendments were for clarification purposes, one changed the density requirements for cluster developments in the Rural district which included land in the Family district, and one changed the regulations about the number of fuel tanks that could be located on a property in the aquifer district without Zoning Board of Adjustment approval.

The Planning Board started a major re-write of the site plan review regulations this year, but due to the number of proposed zoning amendments, this project has been tabled until 1996. The board expects to be able to complete the new site plan regulations by mid-year. The board also completed an update to the Capital Improvements Program schedule.

The Planning Board spent an enormous amount of time and effort considering the suggestions, ideas, and proposals from the Peterborough Development Planning Project, which was led by Philip B. Herr and Associates. These included proposed changes to the site plan review regulations, subdivision regulations, and zoning ordinance. The Planning Board received information from Herr Associates in June, and held 15 special worksession meetings between July and December to discuss these proposals. These were in addition to the 20 meetings held to conduct the regular monthly business of processing applications, and 2 hearings held in January for the 1995 zoning amendments which were voted on in March 1995. All told, board members attended 37 meetings in 1995.

The proposed zoning amendments for vote in March 1996 are the first phase of the implementation of the suggestions made by the people who worked with Philip B. Herr & Associates during the Peterborough Development Planning Project, which was begun in the Spring of 1994. The amendments include the establishment of two new districts: a Downtown Commercial District and a Commerce Park District. Other significant proposed amendments include establishing thresholds for hazardous materials and wastes for the Aquifer Protection Districts, several changes in the Sign regulations, new regulations to replace the existing regulations on professional home occupations and home

based businesses, new regulations on Off-street Parking, new regulations dealing with pollutants and disturbances, and an amendment to add Criteria for Special Exceptions to the ordinance to help guide the Zoning Board in their decision making on special exception applications.

As always, the Planning Board encourages everyone to participate in the planning process, whether it be attendance at regular monthly meetings dealing with applications for subdivisions and site plans, or at the public hearings on zoning amendments. While the Peterborough Development Planning Project has accomplished a great deal in terms of getting us going in the “right” direction, there is still much to do in regards to growth and land use. We anticipate that the town will be starting a new update to the Master Plan soon; the Long Range Planning Commission will be spearheading this project.

Finally, the board would like to thank Tammie J. Blanchette for all the assistance she has given us during the year. She has done an extraordinary job, taking minutes at the majority of our 37 meetings. She has also borne the brunt of the move out of and back into the Town House, dealing with all the difficulties that go along with such a move. We would also like to thank our planning consultant, Karen M. Cullen, for her valuable assistance in reviewing applications and especially in preparing and guiding us through the many zoning amendments this year. We could not have accomplished so much in so little time without her help.

The Peterborough Planning Board:

Jeffrey R. Crocker, Chairman
Edgar D. Morrow, Vice Chairman
Lawrence R. Ross, Ex Officio
John L. Patterson, M.D.
Lloyd G. Walker, Jr.
George Sterling
Heather D. Peterson
Peter R. Pelletier, Alternate
Leandra MacDonald, Alternate
Tammie J. Blanchette, Secretary

ZONING BOARD OF ADJUSTMENT REPORT - 1995

This year the Board worked on improving its method of doing business in response to the view often expressed that our land use boards are “unfriendly”. We made the following efforts:

- * Anna Aasgaard and Mary Beth Stanek have been serving on the Phil Herr Steering Committee which remains an integral part of the Peterborough planning process.
- * Joe Byk and Mary Beth Stanek were members of the Phil Herr “Friendlier Zoning Committee” which met with several community leaders to assess the present planning process. The Board modified its application process in response to recommendations of the Committee.
- * Board Members attended a seminar in Keene on ZBA law and procedure which was delivered by the New Hampshire Municipal Association.
- * We had our Secretary provide a summary of standard language used in previous decisions over the past several years. We categorized the language used in these decisions and refer to it when drafting our new decisions. This makes our decision making process more efficient by eliminating unnecessary time spent in redrafting standard language (recreating the same wheel). As veteran ZBA watchers can attest, frequently this was a painful process to endure as the Board struggled to find the right phrase. Now we simply refer to our list of previous decisions for language that gets the job done and in a manner that is consistent with previous decisions. This is a small but important step.
- * We allowed applicants regulated by the recently enacted Aquifer Protection Ordinance to consult with our engineer prior to a hearing before the Board. Previously, applicants were required to pay their own engineer, appear before the Board, refer the matter to and pay our engineer and appear again before the Board. We streamlined the process by providing for one stop engineering prior to a single hearing. We requested that the Planning Board request a change in the Ordinance to eliminate additional

approval before the Planning Board for Aquifer Protection Zone applicants. The Boards agreed that it is unnecessary for both Boards to review these applications.

- * The Board initiated a rare meeting with the Planning Board to discuss the Aquifer Protection Ordinance and other land use issues. We hope this starts a tradition!

Most importantly, we worked hard at administering the Town Ordinance in a practical and reasonable manner. We tried to find a way to achieve a fair result within the spirit of the ordinance. We were able to act favorably upon almost all of the applications.

The members welcome your suggestions and comments on our performance and procedure. We meet on the first Monday of each month in the Meeting Room of the Town House at 7:30 PM. All meetings are open to the public and you are encouraged to attend and participate. Applications may be obtained in the Land Use Office.

CODE OFFICE REPORT - 1995

The construction of the RiverMead Retirement Community on Morison Road has been completed. The Community is comprised of two Independent Living Buildings with 44 dwelling units each, 10 two-family dwellings, 4 single family dwellings, a Community Building, and a Health Care Facility

Millard Group, Inc. on Vose Farm Road started construction of their 18,524 square foot office addition this Spring and was ready for occupancy in December of 1995.

Eastern Mountain Sports on Vose Farm Road broke ground in September for their 30,324 square foot warehouse addition that is proposed to be completed in the Spring of 1996.

During the planning stages of the Town House Renovations the Code Office, Planning Board and Board of Adjustment offices were compiled into one central location to better serve the communities present and future needs.

In closing, I would like to express my appreciation to the citizens of the Town of Peterborough for your continued support and understanding this past year.

1995 Permits

<u>Type Construction</u>	<u>No. of Permits</u>	<u>Est. Cost</u>
Single Family	6	\$1,863,137
Multi-Family	1	174,000
Commercial Buildings	2	13,000
Industrial Buildings	1	2,000
Residential Remodeling	61	1,175,366
Commercial Remodeling	18	1,922,900
Industrial Remodeling	2	1,320,000
Totals	91	\$6,470,403
DEMOLITION PERMITS	8	
EXCAVATION AND FILL PERMITS	16	
SIGN PERMITS	46	
TEMPORARY SIGN REGISTRATIONS	20	

The total revenue generated from permits for 1995 was \$14,763.96.

Thomas W. Weeks
Code Enforcement Officer

LIBRARY DIRECTOR'S REPORT

A Year to Be Proud Of...1995

The Trustees and staff of the Peterborough Town Library are proud of the quality and scope of services we were able to deliver during this, our busiest year ever. Circulation librarians Annagreta Swanson and Judy Page checked out 92,637 pieces of library material. This represents an increase of 1.7% over last year, and a 21% increase in circulation over the last five years.

The demand for books and information increased and more people came in to ask, learn, study, work, and find out than ever before. Judy Garabrant, our reference librarian, answered approximately 8,750 of your burning questions. She processed nearly 4,000 of your inter-library loan (ILL) requests and packaged 1,493 pieces of material to send out on the New Hampshire State Library Van. ILL articles included books, films, videos, audiocassettes, and even microfilm from Canada (for a genealogy project). In the Reference Room, popular resources on CD-ROM are American Business Disk, Morningstar Mutual Funds, and NH Works, a job search database.

We're proud of the concerted effort we put into improving our collection this year - weeding, evaluating, and consolidating - to insure our materials are current and responsive to public demand. Assistant Director Linda Tiernan Kepner catalogued 1,814 books, CDs, tapes and videos. To make room for all that new material, Director Ann Geisel weeded 1,821 titles. Some of this year's projects included a complete inventory of the library (conducted by volunteers Harold and Mary Daw), a major overhaul of the record/CD collection, development of the Business-to-Business Direct Marketing Library, and the continued growth of our large print collection (thanks to the generosity of the Grimshaw-Gudewicz Charitable Foundation).

We're proud of our Elizabeth Room, which continues to educate, entertain, and delight our youngest library-goers. This was an especially busy year. Board books for the very young were in demand, as were our ever-popular videos. Joan Butler, our Children's Librarian, gave Storytimes for lap-readers and puppet shows in conjunction with Glori B. Lubberman of the Rec. Department. "Saddle Up a Good Book," the theme for the summer reading program, rounded up an all-time high of 175 eager readers. Even with all this activity, Miss Butler found time to visit the schools and invite them to "come on down" to the library.

We're proud of the wide variety of free entertainment we offer the people of the Monadnock Region. This year there were poetry readings, travel talks, films, and book discussions. Ernest Hebert discussed his work The Kinship in early March as part of the program "What's New Hampshire Reading?". "Different People, Different Places" was a six-week reading and discussion group running through April and May. Betty Jean Steinsouher and Burns Davis shared "Monadnock Memories" in their delightful duet of Edward MacDowell and Willa Cather. All these grants were written by Ann Geisel, sponsored by the New Hampshire Humanities Council, and co-funded by the Friends of the Peterborough Town Library.

We're proud of our newly-renovated Small Hall, the project of the Trustees and the efforts of local craftsmen. Now there are two attractive halls available to the public for nominal fees.

We're proud of the staff who make the library run smoothly behind the scenes. Annagreta Swanson tracks magazines, and Jeannette Baker tracks overdues - this year she spent \$1,002.88 in postage for the recovery of overdue materials. Our Green Thumb worker, Carolyn Carter, organizes all those clever displays, exhibits, and works of local artists. Pages Ann Harrison, Courtney Colaianni, Touch Launh and Catherine Carahello assisted in a variety of tasks on afternoon and weekends. Our Sunday Volunteers allowed over 1,000 people to take advantage of our Sunday openings this year. Altogether, library volunteers logged 1,500 hours in 1995.

We're proud of our Friends of the Peterborough Town Library. Their loyal support and help both personal and financial, makes many library activities possible: the summer reading program, museum passes, Brown Bag Luncheons, and Books On Tape, to name a few. Their yearly Book Sale, with proceeds earmarked for these projects, is an eagerly-awaited fall event.

Finally, we're proud of - and grateful to - the Trustees of the Library for their direction, and to you, our library patrons. We look forward to another year of service.

Respectfully submitted,
Ann Geisel
Library Director

RECREATION REPORT 1995

In reviewing the year 1995 the Peterborough Recreation Department would like to start by thanking Anita Francis and Sue Dunholter for their insight and vision in coordinating the efforts of young children in creating the outdoor wall to wall mural entitled "Children In the Arts". This distinct and impressive painting, depicting the grandeur of youth at play, is displayed on the east side of the Arts & Crafts Building at Adams Playground. This artistic endeavor is but another example of the widespread kindness and generosity that exists in this community.

Though Peterborough's new recreation office building at Adams Playground opened officially on September 5th, "open house" was delayed and held in conjunction with the official opening of the newly renovated Town House Building on Saturday, December 16th.

The many geraniums which adorn the new recreation office are compliments of Dorothy and Irving Duncelman, parents of Jaelyn Bowker of Peterborough. Further gratitude is extended to an anonymous person who generously donated furniture to the board room section of the new recreation office building.

Sincere gratitude is also directed to Dublin's Gerald Wolf, President of Safety Environmental Control Inc., for donating a television, VCR and Digital Satellite System to the Peterborough Recreation Department. This gift is intended to assist coaches with instructional video in youth sport programs as well as enable the elderly in viewing new and classic movies not shown regularly on local television networks.

Indebtedness is further directed to young Jim Hadley who earned his Eagle Scout status via a work project designed to assist the handicap at Adams Playground. His vision and work ethic is a tribute to his mother Kitty, him personally and also to Scoutmaster Carl Bernsten of Boy Scout Troop 8.

Rhonda Bernsten, on behalf of the Magnificent Eight Playground Committee, donated \$799.98 in December to augment playground equipment at Adams' Modern Playground site this coming Spring. The Peterborough Recreation Committee is further indebted to this young mothers' committee for their many past and current kindness' and considerations directed to the Peterborough Recreation Department.

Special thanks are extended to Peterborough's Russell Bowker and Don Rodenhiser, of Digital Equipment and Corporation, for

enabling the Peterborough Recreation Department to purchase modern computer equipment at an affordable price.

The Cunningham Pond Advisory Committee, chaired by Maude Salinger, continued to work diligently with local and state officials on the prospect of having Cunningham Pond become a public beach in the future. This committee is the epitome of true volunteerism within the community.

Through the professionalism of Program Director Kristen Hamill and Children's Theater and Arts Coordinator Glori B. Luebbermann, the PRD continues to offer a wide variety of leisure programs for residents of all ages. Mrs. Hamill and Mrs. Luebbermann are also the reason why hundreds of volunteers step forward, throughout the year, to assist and enhance our year-round schedule of events.

As for the department's all encompassing program offerings, please know that this list of activities would be too numerous to outline at this time. It is important to cite, however, how appreciative the Peterborough Recreation Department is for the continued support from local businesses and civic organizations. They along with the hundreds of unselfish and unheralded program volunteers, are the true recreational leaders of Our Town.

Respectfully,
Roland Jutras, Director

HIGHWAY DEPARTMENT REPORT

It has been a busy year for the Highway Department. The crew worked under the direction of John Isham until June doing 19 miles of our road sealing program. A new section of sidewalk with granite curbing was completed on Grove Street from the intersection to the Shopping Village. Several roads were repaved to include Grove Street Extension to the bridge, Mountain View Drive, Wilder Street from May Street to the bridge, Altemont Street, Overseers Row, Burke Road to Perry's, and Brian Road. One of the side walls to the Powersbridge Road Bridge was rebuilt.

The crew also spent many hours helping with the renovation of the Town Hall and the construction of the new Police Station. Under the direction of Larry Merrifield the crew has done a wonderful job.

Respectfully submitted,
Ed Chase
Director of Public Works

RECYCLING CENTER REPORT

The employees at the Peterborough Recycling Center would like to thank all the residents whose participation and cooperation at the Center made 1995 a banner year.

Revenues for 1995 are the highest that the Center has ever achieved with \$44,857.87 going back to the Town and the cost avoidance of \$57,505.70 makes the total value of the program \$102,363.57, a figure to be proud of.

Recycled Tons	821.51	65.36%
Disposed Tons	<u>435.33</u>	<u>34.64%</u>
Total Tons	1,256.84	100.00%

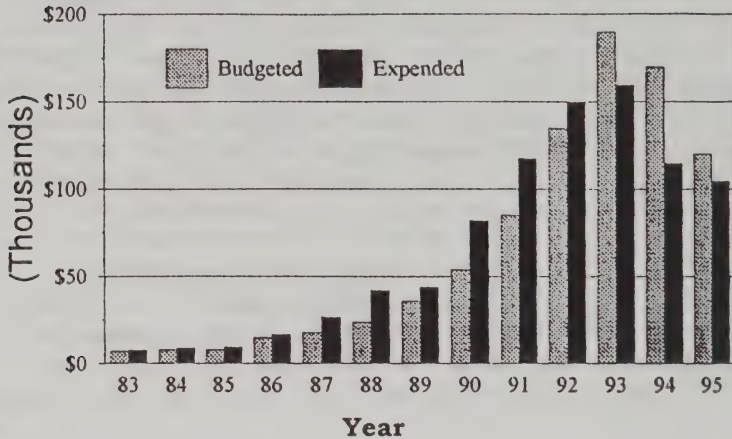

Respectfully submitted
A. Carl Wetherbee
Peterborough Recycling Center

REPORT OF WELFARE ADMINISTRATION 1995

Welfare expenditures have continued to decrease, the largest item of course is Direct Aid.

Direct Aid Budget

1983-1995

Clients have worked 1,184 hours at the Recycling Facility under our Workforce Repayment Program.

The largest percentage of clients continue to be single mothers and their children.

Our Human Services Food Pantry and clothes closet, both funded by donations, has played a great part in our ability to expand aid without going to the direct aid portion of our budget for help, in spite of being hampered by our dislocation as we moved back and forth from temporary to permanent quarters. I feel that our new location will make our pantry and closet even more effective than in the past.

Fuel Assistance from the US Government in 1995 was \$10,000.00 less than in 1994 (down from \$25,000.00 to \$15,000.00). Due to projected lack of funds, it probably will be less in 1996 with a very uncertain future for 1997.

We face radical changes in Public Assistance Laws with no certainty of the effect on local taxpayers. However, as the State and Federal Governments divert themselves of responsibility for

Programs they installed, we may face serious problems in the not so distant future.

I wish to express my gratitude to those individuals and organizations who have donated generously of their time and treasure to this department, among who are:

- | | |
|------------------------------|-----------------------------|
| A&FM Lodge of Masons #26 | Peterborough Lions Club |
| Beta Sigma Phi-Phi Chapter | Peterborough Rotary Club |
| Roys Market | Amy Creedon |
| Nonies Bakery | Isabelle Miller |
| Mr. & Mrs. Jack Farrell | Amy Nichols |
| Richard Holmstead | Norma Whitten |
| Rosamond Crawford | Robert Duhaime |
| Peterborough Fire Department | St. Vincent de Paul Society |
| Peterborough Kiwanis Club | |

Also, all of those fine people who helped as volunteers in the distribution of food and gifts during the Christmas season.

My apologies to anyone I have missed.

I appreciate the fine efforts of my new Budget Committee Liaison, Bertha Harris as we establish the new spirit of cooperation between Town Departments and the Budget Committee, she has been most helpful.

Finally my thanks go to our new Administrator, Pam Andrade for her understanding, also to the Selectmen and my associates on the Town Hall staff whose support and assistance have made my year a pleasure.

James W. Lenane
Human Services Director

WATER AND WASTEWATER REPORT

A water use ban was implemented late last summer because of a combination of the drought and a mechanical failure at one of our wells. With the cooperation of the public, we managed to reduce water consumption by about 100,000 gallons per day thus avoiding additional restrictions.

The Town voted to accept land at the RiverMead site for a supplemental groundwater source. This additional source of water will provide more flexibility in the water distribution system, along with clean, safe drinking water into the next century.

The wastewater treatment plant provided effective treatment for approximately 110 million gallons of flow for the year.

Respectfully submitted,
Ray L. Bates
Water & Wastewater Depts.

THE CONTOOCOOK AND NORTH BRANCH RIVERS LOCAL ADVISORY COMMITTEE

Under RSA Chapter 483 the State Legislature created the Rivers Management and Protection Program. The purpose of the legislation is to protect the State of New Hampshire's river resources through State and Local governments.

Peterborough is represented in the program by James R. Lawn and William S. Austin.

Respectfully submitted,
James R. Lawn

HEALTH DEPARTMENT REPORT

This year I attended two regular and two informational State Health Officers Meetings. Seven day care inspections as well as two foster home inspections and two nursery school inspections were also conducted.

The following complaints were addressed by this department in 1995:

- 1 - Garbage Odor (Corrected)
- 1 - Failed Septic System (Corrected)
- 3 - Insufficient Heat (Corrected)

This department has had notification of four asbestos removals by certified operators this year. New Hampshire has strict regulations for removal and disposal of asbestos which includes siding and asbestos insulation material.

Respectfully submitted,
James W. Lenane
Health Officer

CEMETERY TRUSTEES REPORT

During 1995 fourteen headstones were straightened and given better support in the Street Road Graveyard on Old Street Road in order to preserve them. Due to a strong wind and heavy rain storm in October three large trees snapped and had to be cut down in Lower Pine Hill Cemetery. It was fortunate that no gravestones were damaged when the trees fell during the storm.

There were twenty-eight burials. There were seven deeds to burial lots sold this year.

The Trustees appreciate and thank the people of Peterborough for their support.

Cemetery Trustees
Mary C. Cormack, Chairman
JoAnn Hall
Leonard E. Paradise

HAZARDOUS WASTE COMMITTEE REPORT

In August 1995 an Ad Hoc group approached the Board of Selectmen and received permission to conduct a Household hazardous Waste Collection Day for residents of Peterborough and Sharon. The last Collection held in town was in 1990.

Support funding from the N.H. Department of Environmental Services were sought to augment the town budget; unfortunately that funding proved to be unavailable. Happily, the Peterborough Conservation Commission contributed \$1,000.00 to the collection.

A pre-registration and lottery system was established to determine ahead of time what and how much could be collected within the budget constraints. This was cumbersome, but very helpful and cost-effective.

Household Hazardous Waste Collection Day was held on November 4 with just under 100 households participating. In addition, several town departments were able to clear out a backlog of accumulated materials. With the pre-registration system and the help of Larry Merrifield and the Highway crew, the collection was a great success. No one was turned away.

Two Household Hazardous Waste Collections are planned for 1996, in spring and fall. An improved pre-registration system will be used. In addition, a Paint Swap will be held in the spring, which it is hoped will become an annual event. The town will also participate in paint and battery recycling through the Northeast Resource Recovery Association.

Members of the Hazardous Waste Committee take this opportunity to express again our gratitude to all the town departments and to the many others who helped to make this initiative so successful.

ECONOMIC DEVELOPMENT AUTHORITY REPORT

The Peterborough Economic Development Authority (PEDA) was formed under NH RSA: 162-6 which enables a community to create an Industrial Development Authority as a public entity. The Town of Peterborough voted to create this entity in March of 1995; the first meeting was held on May 4, 1995. The PEDA is staffed through a contract with the Peterborough Chamber of Commerce utilizing the position of business advocate. William Hamilton, Peterborough Chamber of Commerce Business Advocate, provides energetic assistance as we continue to set about our scope of work.

The PEDA chose to collectively educate ourselves and assess our role using a variety of methods: document review, meeting with state agencies and officials, business and industry leaders, and representatives of the many other organizations that influence various economic development initiatives.

It was clearly evident to the PEDA that the most fundamental assistance necessary to enhance economic development in Peterborough would be to change the negative image of the community, persistently follow-up on all leads for current expansion and new business development opportunities and to communicate directly with the many organizations that focus their activities on economic development issues. We realize improvement will come through investment and reinvestment of the current businesses and further improvements will come from public and private initiatives and investment. Cooperation, communication and partnering have become our watch words and is reflected in our mission statement.

The PEDA mission statement grew from this basic definition of economic development: economic development is the process of building a community's capacity for shared and sustainable improvement in it's economic well-being. While we have made much progress, it is clear to the PEDA that much is left to do.

On behalf of the entire PEDA, thank you for your foresight in formulating this entity. We can only continue our work by leveraging all resources within the town of Peterborough. Much that has been accomplished has been done with the direct assistance and staffing from the Peterborough Chamber of Commerce, other organizations and individuals that have given of their time and interest.

Scope of Work and Accomplishments

May 4, 1995 through February 1, 1996

Update and correct the NH database of information about Peterborough through the Department of Resources and Economic Development (DRED).

Establishment of communication and cooperation within the many existing organizations which focus on economic development issues and impact our scope of work. Support initiatives within our scope of work as proposed by other groups.

We continue a focused effort to assist and inform expanding businesses through the regulatory process of town or state regulatory and government permitting approvals.

Provide current data and follow-up to interested or expanding businesses. Leverage state and federal capital resources as useful and necessary.

Establish and maintain an inventory of available businesses and commercial real estate offerings.

New business development opportunities or expanding business discussions have been assisted with regulatory process issues, labor market data and infrastructure information and face-to-face discussions with appropriate elected officials.

Signage for the downtown area is being addressed.

Support of the proposed industrial park includes: securing passage of the zoning change, examining and supporting of acceptable financial package for the development.

Creation of a cultural map to include the greater Peterborough area historic and cultural resources as a critical component to sustaining economic development in this region.

Remaining directly engaged in the national, state and local celebration for the 100th Anniversary of the MacDowell Colony. Explore ways to keep this celebration alive into Peterborough's future.

Support the Applied Technology Center and other secondary and post-secondary institutions which provide our workforce development opportunities.

Stay current on state and regional issues and opportunities effecting economic development initiatives

Mission Statement

The mission of the Peterborough Economic and Industrial Development Authority shall be to foster economic and industrial development of the Town, consistent with the statute under which it has been appointed and with the Town's planning objectives.

Reporting to the Board of selectmen, it is expected to lead business advocacy and, to the extent possible, coordinate the initiatives and interests of the various entities engaged in economic development activity.

The Peterborough Economic Development Authority (PEDA) will:

- Represent Peterborough in dealings with such regional organizations as the Greater Peterborough Chamber of Commerce and Monadnock Business Ventures.
- Encourage economic development activity that can be expected to have a favorable effect on the Town's financial strength and property resources and environment.
- Encourage visitation and educational programs for businesses already here, and actively encourage businesses and industries contemplating establishing a presence here.
- Undertake such financial initiatives as may be desirable to facilitate development.
- Study, recommend and undertake courses of action to enhance infrastructure (transportation, communication, etc.)
- Take a special interest in the expanding educational, cultural, and physical resources of the Town, to help them grow while at the same time assisting them in the essential task of providing our future workforce.

TRUSTEE OF TRUST FUNDS REPORT

The Trustees of Trust Funds met quarterly during 1995 with a representative of the New London Trust Company to discuss the investments held in the various accounts.

At the suggestion of the Town's external auditors, Lehman and Wilkinson, the Trustees modified the method of allocating percentages used in the Common Fund from "Book" to "Market" values. This new method will improve the accuracy of future allocations between sub-accounts.

The Trustees met with representatives from the Selectmen and Library Trustees and discussed a two year plan designed to modify the investments in the Common Fund and Library Account to lessen the accounts' holdings in the Financial and Utility sectors and to increase the investments in the Consumer and other under-weighted areas, while maintaining a stable level of income. We believe that the increased diversification will position the assets for improved future appreciation and dividend growth.

CONSERVATION COMMISSION REPORT 1995

As always, the Conservation Commission has had a lot of projects going this year. Some are new ones and others, ones which turned out to be more time consuming than we had imagined, are left over from the past year.

The trail on the Niemela parcel has been completed, bridges restored, rocks removed, and gravel hauled. This trail has been named the Wheeler Trail in memory of Coburn Wheeler, ConCom Chairman from 1977 til 1989. Now that we have a town engineer, we expect to get a parking area off 101 built this summer.

Our evaluation of all the wetlands in town continues. By now all have been mapped but only about 30 have been inspected and evaluated. With the help of Jeff Osgood, a graduate student from Antioch, and a couple of undergraduates from Franklin Pierce we hope to make a serious dent in this by summer's end.

In the spring and summer we worked successfully with the Harris Center, The Monadnock Conservancy and NH Fish and Game to preserve the 130 acre Dillon Farm in Hancock by means of a conservation easement. This is important to Peterborough because the Dillon property includes over a mile of Contoocook shoreline and almost a mile of abandoned railroad bed. The railroad bed abuts the town owned railroad bed in Peterborough. Now the railroad bed is open as a public footpath from the Scott Mitchell Rd. in Peterborough to Forest Rd. in Hancock.

We've also worked with the Nature Conservancy to protect the old growth forest in West Wilton. We provided and prepared land for the Rotary Club to start a tree farm. We helped finance the Household Hazardous Waste Day. Members have served on The Phil Herr Planning Steering Committee as well as many of the subcommittees. Members have worked with the Riverwalk Committee, the Cunningham Pond Committee and the River Cleanup. In December we sponsored our first public informational hearing on proposed changes to environmental safeguards at the federal level.

In addition, we've tried to manage some 800 acres of town land in an informed and sensitive manner. ConCom members have taken courses in responsible land management and worked with our consulting forester from the New England Forestry Foundation to fine tune our management plans.

With the addition of Richard Pendleton and Dana Wood, the ConCom is up to full strength with talented and enthusiastic members. We welcome input from townspeople. Anyone who

wishes to learn more about our activities, or wishes information about any aspect of conservation in Peterborough, please contact a Commission member. We'll try to help.

RIVERWALK REPORT 1995

The 1995 Peterborough Town Meeting gave the Riverwalk Committee permission to extend our original focus for developing a riverwalk to now include the entire distance from the Jaffrey town line to the Hancock town line. With this in mind our main objective for 1995 was to begin the process of developing a "model" for the Riverwalk. Our efforts focused on the South section of town due to both the safety issue of crossing Rt. 101 and the high population levels that would have easy access to this area of town. We are specifically focusing on the area from Grove Street sidewalk, around the Texaco station, under the Rt. 101 bridge, around the Plaza, crossing over to RiverMead property and ultimately working our way down to Noone Falls and beyond to the Sharon/Jaffrey town lines.

The committee is working with the State of New Hampshire Department of Transportation regarding the feasibility of constructing a walk way under the Rt. 101 bridge. With their initial positive attitude, we began working with an engineering firm to develop specifics for this underpass. In 1996 we will seek approval from the state for the underpass.

We are also continuing to look to the north of town to determine the best route for that section. As a committee, we have walked the entire length of the Contoocook River from the Sharon bridge to the Hancock line in order to best appreciate the beauty and determine the accessibility of our river. Our walks have not only focused on the river banks but the surrounding areas as well.

Having gained a good understanding of the area, it also became very apparent that in order to accomplish this project, major funding is going to be needed. We applied for and received \$25,000 from the Goyette Memorial Fund which we are using towards the planning and engineering of the underpass for Rt. 101. We have also applied for ISTEAF funds from the Federal Government and expect to hear in regards to funding during the spring of 1996.

Despite our steps forward the Riverwalk Committee has suffered a tremendous loss with the death of Sandy King. Sandy was not only a valuable member of our committee but one that was extremely dedicated to the project. The many hours spent walking and understanding the river, the research on legal issues and her enthusiasm for the project will be deeply missed. She will remain in our hearts and thoughts throughout this project.

As we step into 1996, we look forward to the beginning processes of constructing the long awaited Riverwalk.
