City of Dover, New Hampshire

OFFICE OF THE CITY MANAGER

January 19, 2023

To the Honorable Mayor and members of the City Council:

City Charter Section C6-12, Independent Audit, requires an annual independent audit of all City accounts at least annually. This Annual Comprehensive Financial Report (ACFR), including the opinion of the independent auditor, is published to fulfill that requirement for the fiscal year ending June 30, 2022.

The ACFR covers all funds of the City of Dover that by law, City Charter, or other fiduciary obligation, the City has become obligated to administer in connection with its responsibility for providing services.

This report consists of management's representations concerning the finances of the City of Dover. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making the representations, management has established a comprehensive internal control framework that is designed to both protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the financial statements in conformity with generally accepted accounting principles. Because the cost of internal controls should not outweigh their benefits, the framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

The City's financial statements have been audited by Melanson CPAs, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements for fiscal year ended June 30, 2022, are free of material misstatement. The independent audit involved performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The independent auditors concluded, based on their audit, that there was reasonable basis for rendering an unmodified opinion that the

financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with generally accepted accounting principles (GAAP). The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of the federal grantor agencies. The standards governing Single Audit engagements require the independent auditors to report not only on the fair presentation of the financial statements, but also on the audited City's internal controls and compliance with federal funding requirements, with special emphasis on internal controls and requirements involving the administration of federal awards. These reports are available in a separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). Users of this ACFR are encouraged to read this Letter of Transmittal in conjunction with the City's MD&A section found immediately following the report of the independent auditors.

Profile of Government

Geography Dover, New Hampshire is located ten miles from the Atlantic Ocean in southern New Hampshire and is 48 miles south of Portland, Maine and 68 miles north of Boston, Massachusetts. Situated at the confluence of the Cochecho, Salmon Falls and Bellamy Rivers, Dover is a major New Hampshire industrial, employment, and distribution center for the seacoast. Dover provides a gateway to both the Maine coast and the White Mountains of New Hampshire. The City of Dover occupies an area of 29 square miles. According to the U.S. Census Bureau, the April 2020 census reports the City having a population of 32,741, a 9.2% increase over the last official census of April 2010 number of 29,987.

The City of Dover, settled in 1623, is the oldest continuous settlement in New Hampshire and the seventh oldest in the United States. It was incorporated on June 29, 1855. The City Charter adopted on March 9, 1977 remained in effect until a new charter was passed on November 8, 2005 and effective January 1, 2006. Only minor changes were made versus the old charter. On November 6, 2007, the charter was amended establishing a limitation on annual budget increases. On November 10, 2010, the New Hampshire Supreme Court ruled that the November 6, 2007 charter amendment is invalid since it is contrary to state law. In the 2011 session of the State legislature, authorization for municipalities to adopt charter amendments for budget or tax levy limitations was enacted. On November 8, 2011, the charter was amended to change the language establishing the limitation on annual budget increases to a limitation on annual property tax levy increases. Dover operates under the council-manager form of government. Dover is the seat of Strafford County.

Services The City of Dover provides a full range of services, including police and fire protection, the construction and maintenance of streets and other infrastructure, sanitation services, such as solid waste disposal and recycling, water distribution, wastewater collection and treatment,

recreational and cultural events, and education from kindergarten through grade 12 with a regional vocational center and alternative high school opportunities.

Governing Boards The City Council, consisting of nine members, is the legislative body elected in non-partisan elections every two years, with one representative from each of the six wards, two elected at-large, and a Mayor. The City Council is responsible, among other things, for passing ordinances, adopting the annual budget, adopting a six-year capital improvements program, adopting bond authorizations, appointing committees and boards, and hiring of the City Manager. The City of Dover is empowered by state statute to levy property taxes on real property located within its boundaries to fund operations.

The Dover School Department is a dependent school district. The City Council has bottom line appropriation authority for the School Department budget. The seven member Dover School Board is elected in non-partisan elections every two years and has authority to allocate and move appropriations within its budget.

Administration Administrative functions are carried out by the City Manager. The City Manager is responsible for: carrying out the policies and ordinances of the City Council, maintaining compliance with State and Federal laws, overseeing the day-to-day operations of the City, appointing the heads of the various departments, negotiating with the various bargaining units of the City, and making recommendations to the City Council on various issues.

Administrative functions of the dependent School district are carried out by the School Board. The Board is responsible for carrying out policies and procedures, maintaining compliance with State and Federal laws, overseeing the day-to-day operations of the dependent School district, negotiating with the various bargaining units, making appointments of school personnel, establishing curriculum, and addressing various issues.

Fiscal Year and Budget The City's fiscal year begins on July 1st of each year and ends the following June 30th. The City's budget process commences in the fall of each year with the Capital Improvements Program budget. All capital spending of \$25,000 or more for items with useful lives of 3 years or longer are included in this budget. Based on City Council financing policy, items are identified for bonding, appropriation in the annual operating budget, or other type of financing.

Items identified for the annual operating budget are included in the next City Manager's proposed annual budget. Departments are responsible for submitting their annual budget request to the City Manager. After reviews with the departments, the City Manager makes any final adjustments to his proposed budget. The City Manager's proposed annual budget for the next fiscal year, which includes the School Board request, is due to the City Council by February 15th of each year.

The City Council may add to, or cut from, the Manager's proposed annual budget by majority vote; however, the City Council must pass the budget by June 15th after separate public hearings

for the City and School budgets, and the budget becomes effective July 1. If the City Council does not adopt the budget by June 15th, the City Manager's proposed budget takes effect July 1.

After the original budget is adopted, the City Manager may make appropriation transfers within a non-school department or transfer between non-school departments with City Council approval. After initial adoption, the City Council may amend the budget by two-thirds vote.

Factors Affecting Financial Condition

Local Economy The local economic environment, which was impacted by the restrictions imposed during the onset of COVID-19, was improving steadily through the summer of 2022. Staffing retention and attraction has remained a concern for most, if not all, sector employers, as they have seen retirements and shifts in the workforce as a result of the required shutdowns and social distancing. Hospital preparations for the pandemic eliminated elective procedures and reduced hospital staffing requirements and revenues significantly.

As easing of COVID-19 began in 2021 and continued into 2022, the Governor rescinded emergency orders and there were some elements that the City Council wished to consider in support of creative solutions initiated by City departments. This included allowing use of public spaces previously unused by resilient businesses, including outside table service, and other trends. As occurred in 2020 and 2021, we may see this increased capacity diminish as the weather turns cold and snowfall limits available spaces.

Outside the retail and restaurant sectors, several economic activity areas have remained at a high level of activity and employment such as engineering, construction, and property development in both the residential and industrial sectors. Federal, City, and State stimulus packages in the form of grants, loans, repayment deferrals, eviction moratoriums, unemployment bonuses, and food pantries have kept most of our businesses viable and our unemployed citizens housed and fed. Advanced manufacturing clusters, computer and staffing services, mixed use/multi-unit residential construction, and healthcare related businesses have expanded and continue to be attracted to Dover.

Economic development activity continues to support local business retention and expansion. Financing for small businesses and startups, though challenged with increased banking regulations, are now experiencing lower interest rates.

Through consistent outreach efforts, supported by pro-business attitudes within the City, convenient services for businesses and developers, and Dover's enhanced quality of life, over 100 new or expanded businesses have been attracted to Dover with 800 employees during the past seven years. The most recent (July 2022) data analytics from the Bureau of Labor Statistics reported that the unemployment rate for Dover fell 0.1 percentage points to 1.7%. For the same month, the metro unemployment rate was 0.3 percentage points lower than the State of New Hampshire rate. The unemployment rate in Dover peaked in April 2020 at 14.4% and is now 12.7 percentage points lower.

Dover has benefited by geographic factors, which create a positive location for Dover to prosper economically. Dover is halfway between Portland, Maine and Boston, Massachusetts, thirty minutes from the ocean and an hour from the mountains. From a transportation perspective, Dover is close to the I-95 corridor and serviced by the AMTRAK Downeaster transit system. The regional proximity to UNH, Pease Tradeport, and the Portsmouth Shipyard add stability and diversity to the region's economic mix and enhances Dover as a viable business location and tourism destination.

Between 2000 and 2020, Dover continued to see population growth. This is especially true when attracting a younger median age of population, and with families. Dover continues to show a 10.1% growth rate in households with children under the age of eighteen. The labor force of Dover has continued to grow about 1% per year with slight variations above and below that trend line.

Mixed use, manufacturing, and residential, development has continued to be growing sectors during the fiscal year. The Pointe Place development, off Dover Point Road, continues to attract businesses and residents. The main three mixed use buildings are occupied with an additional building under construction in the summer/fall 2022. The 2 residential only buildings permitted for Pointe Place are permitted, but construction has not begun. Similarly, the final building is expected to be constructed with all buildings occupied in mid-2024. At the same time, the townhouse style buildings have been constructed and are close to fully occupied.

As part of this project, the City Council also approved a Land Development Agreement. The public-private partnership included the construction of two multi-use ball fields, the donation of park land to the City, and public access to conservation land located off Dover Point Road. Both multi-use fields have been completed and donated to the City. The Pointe Place roadway was completed in 2021 and accepted as a "Public" road. The tax guaranteed value of the project is required to be \$7,000,000 in tax year 2019, and \$17,000,000 in a tax year to begin 5 years after the mixed use building is completed. For tax year 2021, the townhouses and three mixed use buildings have reached a \$31,000,000 valuation, three years ahead of schedule. The projected overall assessed value for Pointe Place/Thornwood Commons was presumed to reach \$50,000,000, and is approximately \$94,000,000.

Since the spring of 2020, the Orpheum at 104 Washington opened and since then has been fully occupied, as is Dover Station at 10 Fourth Street. Both provide residential above commercial spaces. Per the development agreement on 104 Washington Street, the Council reviewed and approved an application for use in the Community Revitalization Tax Credit district for this project. The pre-redevelopment value of the property was valued at \$2,100,000. Post development value is guaranteed to reach a minimum of \$11,000,000, five years after the issuance of the Certificate of Occupancy. The residential uses in the approved Third Street redevelopment have fully occupied units, with the commercial portion tenanted and fit out planned. The same can be noted for the mixed use building off Chapel Street and Mechanic Streets.

Following the work by the Cochecho Waterfront Development Advisory Committee (CWDAC), the Planning Board has approved the site plans for the City and Developer for the waterfront. This includes 8 buildings with associated infrastructure. The buildings will house approximately 400 residential units and 27,000 square feet of non-residential uses. The City is actively seeking a contractor to construct the public roads, utilities, and park area.

Phase 1 of the First Street development, a \$10,100,000 mixed use development, is completed with full residential occupancy. The second phase was finished early in 2021, and the residential is fully occupied. The commercial spaces are being tenanted and built out over the summer/fall of 2022. Close to this site, the Old Courthouse, between First and Second Street, was approved for rehabilitation and expansion. Currently, 9,000 square feet of non-residential and 58 residential units structure is being created on the site. Rooted in a land development agreement with the City, twenty percent of the residential units will be identified for HUD rental rates.

Early in the summer of 2022, the Planning Board approved a mixed use building located at 47 Chestnut Street. This is a redevelopment of a former shopping plaza, constructed in the late 1970s, which has been vacant for 2 years. The redevelopment proposal brings the site into compliance with the zoning in the downtown, with a mixed use multi story building created at the back edge of the sidewalk, as opposed to the current layout. The approved site plan includes 173-unit residential units with first floor commercial. There is public gathering space on the site overlooking the Cochecho River. The project timeline looks to demolish the site in 2022, and construct between 2023 and spring 2024. The Planning Board similarly approved a mixed use building at 14 Broadway. This 24 unit residential/commercial building is located across the street from the Central Fire Station and replaces a blighted electroplating facility which closed in 2019.

Additionally, construction is ongoing at a mixed use redevelopment of a building at Third and Grove Streets. This project will have a combined 45 residential units and first floor commercial, with the intention of attracting retail and restaurant users. Adjacent to the Grove Street project, a former railroad yard was approved for 87 residential units. This parcel has been cleared and site work has been scheduled for the winter of 2022/2023. In 2022, the Planning Department received plans for the redevelopment of 42/44 Third Street. This mixed use project with commercial space, under building parking and up to 58 residential units, is conceived along with two symbiotic projects on other land owned by the same development team. The Planning Board should review these projects during the remainder of fiscal year 2023 and these downtown infill projects will continue to expand the City's vibrant core.

The Dover Business and Industrial Development Authority (DBIDA) continues to attract users for Enterprise Park. In the past year, seven new businesses have worked with the Authority. Two (Index Packaging and American Durafilm) have received Planning Board site plan approval for their construction and are under construction. Que, located at the corner of Venture Drive and Quality Way, has successfully repositioned the manufacturing facility it took over. The other corner of Quality Way and Venture Drive has a project in technical review with Planning Board review that occurred in the fall of 2022.

The City Council approved the sale of two lots on Quality Way in January and August 2022. Weave Filtration has been actively working through the Planning Board approval process and expects to construct a facility in 2023. Mezzanine Catering seeks to construct a 10,000 square foot facility on an adjacent lot. Finally, DBIDA has approved the sale of the final lot on Quality Way, and the City Council reviewed in the fall of 2022, and a lot off Venture Drive has been approved by DBIDA for sale and should also be presented to the City Council in 2022. This will leave one available lot within the park.

The Exit 9 corridor off the Spaulding Turnpike, in addition to the 100,000 square feet medical practice building in full occupancy, now has a large dental facility and a dialysis center in operation, both with significant business success and full employment. This corridor, anchored by Liberty Mutual, continues to attract larger commercial and industrial users to the City and continues to be a benchmark for economic development activities. The former Measured Progress property is under new ownership, which is investigating repositioning the 50+ acre parcel, and is working with City staff to review potential scenarios for redevelopment.

The City Council approved a Land Development Agreement for the former McIntosh College property at 181 Silver Street. This public-private partnership allowed for the development of roadway infrastructure in association with a \$30 Million development incorporating a high-end assisted living facility, rehabilitation of a hotel, a medical practice building, a branch bank and a restaurant/ coffee shop on the site. A site plan was approved by the Planning Board in 2016, and the assisted living facility, hotel, and restaurant have opened. A 15,000 square foot retail space was approved in 2020 as part of phase 2 of the project. This project was completed in August and is open. The public roadway improvements were completed and are improving traffic flow on Silver Street.

The real estate sales activity in Dover for FY2022 was 1,059 transactions, a decrease of 133 from FY2021. This decrease in activity was due primarily to the limited inventory available in Dover during the year. This level of activity represents transfers of 10.2% of taxable parcels during FY2022, a decrease of 1.3% over the FY2021 level of 11.5%. In conjunction with this activity, the number of taxable parcels increased from 10,306 in FY2021 to 10,366 in FY2022, a less than 1% increase. The volume of taxable parcels in combination with an increase of property values has resulted in the estimated equalized property value per capita changing from \$127,472 for FY2021 to \$150,610 in FY2022, an increase of 18.1% for fiscal year 2022.

The City's full value property tax rate remained stable in comparison to the NH State median. The median reflects the mid-point of all rates in the State. Because Dover remains approximately at the median, this means that about half of the tax rates in the State are

higher than Dover’s and about half are lower. This is a good measure of tax burden as all municipal assessed values are brought to full market value and tax rates equalized.

Full market value as determined by the NH Department of Revenue Administration increased 19.57% during the fiscal year. Assessed value as a ratio of full market value was 90.9%. In fiscal year 2022, the City’s assessed property values appeared to have increased based on sales data. As of April 1, 2022, the City’s overall assessed values demonstrated a 13.8% increase in value over the prior year.

The percentage of uncollected taxes for the current tax levy at the end of fiscal year 2022 was 1.8% (the actual amount changed from \$1.9 million to \$1.7 million). There were 171 parcels from the current tax levy with outstanding taxes that had a lien placed, less than 178 for fiscal year 2021. The actual amount of the lien decreased from \$776,623 to \$714,432.

The number of motor vehicle registrations have increased with 33,737 in FY2022 as compared to 34,236 in FY2021. The number of building permits decreased from 606 in FY2021 to 546 in FY2022, and the average permit value increased from \$94,125 to \$158,491.

Financial Position The City's General Fund ended Fiscal Year 2022 with an increase to its Unassigned Fund Balance of \$4,112,334 to \$27.2 million. The General Fund unassigned fund balance at June 30, 2022 was 19.5% of the FY23 budget (15% is the minimum requirement of the City Financial Policies). The Water Fund saw an increase in

Unrestricted Net Position		
Fund	FY22	FY21
General	27,210,706	23,098,372
Water	2,672,781	(1,193,862)
Sewer	15,646,781	9,762,492
Total	45,530,268	31,667,002

unrestricted net position of \$11,611,021 from a deficit balance of \$(1,193,862) to a positive balance of \$10,417,159. The change in unrestricted net position of the Water Fund is the positive result of operations, financing the system wide upgrades through the use of a state revolving loan program and the funding of certain capital asset additions through the use of capital reserves instead of by debt. The City's water infrastructure is in Phase II of a three-phase system wide upgrade. The Sewer Fund saw an increase in unrestricted net position of \$5,884,289, from a balance of \$9,762,492 to a positive balance of \$15,646,781. A portion of the change in unrestricted net position of the Sewer Fund is the positive result of operations. Investments in capital assets financed through the use of a state revolving loan program and contributed infrastructure assets and state grants received during the current fiscal year had a positive impact on the Sewer Fund's net position.

The liquidity of the General, Water and Sewer Funds is good and continues to show a favorable trend. This is based on the quick ratio, which is a measure of current assets (excluding inventories) divided by current liabilities. The General Fund had a quick ratio of 1.95 with Water and Sewer Funds of 0.86 and 3.75, respectively. A ratio of 1 is considered satisfactory.

The amount of debt incurred by the City remains below the State statutory limits as set forth in RSA 33:4-a for the City and School District, and RSA 33:5-a for the Water Fund. There is no statutory debt limit for the Sewer Fund. The State statutory limit for the City is 3% of Base valuation as determined by the New Hampshire Department of Revenue Administration (NH DRA), the statutory limit for the School District is 7% of Base valuation as determined by NH DRA, and the statutory limit for the Water Fund is 10% of base valuation as determined by NH DRA. As of June 30, 2022, the City had utilized 40.8% of its statutory debt limit, the School District utilized 23.8% of its statutory debt limit, and the Water Fund had utilized 13.1% of its statutory debt limit.

The City Council established self-imposed policy limits that are significantly lower than those set by State statute. As of June 30, 2022, the percent of the City's more conservative debt policy used was 62.8%, the School District is at 84.94% of the City Council self-imposed policy limit as a result of debt financing a new high school in FY2016. General Fund net debt per capita is at \$3,712. The General Fund's net debt to equalized value is 2.8%. The General Fund's net debt service as a percent of budget is 8.4%. This measure is close to the 10% limit recommended by policy, it is partially as a result of a higher rate of debt pay down resulting in a favorable reduction in the cost for debt and structuring the debt repayment incurred for the new high school at a steady level each year to provide budget stability.

The Water fund is at 262.6% of the City Council self-imposed policy limit. The Sewer fund remained within the City Council self-imposed policy limits with 27.3% being utilized. Net debt service to budget in the Water Fund is 28.9% and 20.8% within the Sewer Fund, within the 40% set by policy.

In June 2019, Standard & Poor's reaffirmed the City's November 2017 AA+ rating. Moody's Investors Service reaffirmed the City's Aa3 rating in their July 2021 Issuer Comment Review.

Policy Monitoring, Long Term Financial Planning, and Responding to Economic Impacts

In April 2011, the City Council adopted a resolution to implement a set of 32 financial policies. These adopted policies include maintaining all of the existing policy statements adopted in 1996 with updates to several of the benchmark indices. In addition, several new policy statements were also included reflecting the most current best practices identified by the Government Finance Officers Association and the National Advisory Council on State and Local Budgeting. On an annual basis, the City Council is provided with a Financial Policy Scorecard documenting the City's compliance with benchmarks established in the policies.

The City Council routinely adopts fiscal initiatives to respond to the changes in the economy that have resulted in impacts such as declines to non-property tax revenues and the community's tolerance for tax increases. The City Council continues to limit the adoption of bonding authorizations to be consistent with the annual amount of debt being retired by the City's tax supported General Fund. The objective of this initiative is to move the City away from recurring debt financing and funding capital through reserves and the annual operating budget at an appropriate level to move from debt financing certain capital outlay. These actions are consistent with the City's Debt Issuance and Management financial policies.

In Fiscal Year 2016, the City Council amended the City's financial policy relative to maintaining a minimum 8% unassigned fund balance in the General Fund to a level of 15%. A copy of the financial policies adopted by the City Council is available on the City's website.

The City Manager and City Department Directors conduct an on-going evaluation of fiscal operations to ensure that expenditures are managed in relation to revenues to ensure General Fund Balance is maintained consistently with the City policy limit of 15%. In FY2022, the City complied with the General Fund Balance policy by achieving an Unassigned Fund Balance of 19.5%. In response to past U.S. economic declines, the effects of the COVID pandemic, and the national rating agencies placing importance on municipalities increasing operating reserves, the City managed fiscal operations to ensure the operating reserves for the major funds remained stable in FY2022.

In FY2022, the City was successful in contributing 30% of the calculated OPEB Actuarial Determined Contribution to an established OPEB irrevocable trust. This action is consistent with the City's financial policy objective for managing and prefunding the City's OPEB obligations. FY2022 represents the eleventh year in a row that the City has funded a percentage of the OPEB

Actuarial Determined Contribution. As of June 30, 2022, \$13.7 million was in the OPEB Trust. In Fiscal Year 2023, the City anticipates contributing \$1.1 million into the OPEB Trust.

In FY2022, the City, consistent with financial policies, maintained sufficient annual contributions into the General Fund Capital Reserve, Parks Improvement Capital Reserve, Cemetery Improvements Capital Reserve, Water Fund Capital Reserve, and Sewer Fund Capital Reserve.

The City recognizes the importance of a formal process for long term financial planning and forecasting. The City continues to utilize a formal forecasting software application to aid in financial planning. The City utilizes this tool to provide insight to evaluating policy recommendations. The software is utilized to provide formal fiscal forecasting reports complete with national, regional, and local economic overviews and a 5-year projection of both General Fund operations and tax levy impacts as part of the budget process. The City utilizes a structured capital budgeting process to establish a 6-year plan for capital outlay requirements for the City. This capital improvements plan is updated annually with a focus on funding capital through the City's annual operating budget and reserves, thereby reducing the City's need to issue debt. The funding requirements identified in the capital improvements plan are incorporated into the City's formal forecasting software.

Acknowledgements

This report continues to refine the financial reporting of the City. This is the eighteenth year the City has produced an annual comprehensive financial report (ACFR).

This report includes the continuing implementation of Governmental Accounting Standards Board's (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. An actuarially determined liability of the City cost of medical benefits provided to retirees and employees that will be eligible to receive such benefits upon retirement from the City, is incorporated into the financial statements and the footnotes.

This report includes the continuing implementation of Governmental Accounting Standards Board's (GASB) Statement No. 87, *Leases*. This statement redefines a lease as a right to use another entity's asset over a definitive period of time.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded seventeen consecutive Certificates of Achievement for Excellence in Financial Reporting to the City of Dover, NH for its Annual Comprehensive Financial Report beginning for the fiscal year ended June 30, 2004 through June 30, 2021. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

This recognizes the City's Finance Department's efforts for full disclosure of the financial information of the City. An ACFR is a much more detailed reporting of the City's finances, as well as providing historical information in the statistical section of this report.

The Certificate of Achievement is valid for a period of one year only. The City believes that the current ACFR continues to meet the Certificate of Achievement Programs' requirement and it will be submitted to the Government Finance Officers Association to determine its eligibility for another certificate.

The publication of the ACFR requires many staff hours to accomplish and would not have been possible without the dedication of the entire staff of the Finance Department. Credit must also be given to the Mayor and City Council for their continued support of the highest standards of professionalism in the management of the City's finances.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council
City of Dover, New Hampshire

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dover, New Hampshire (the City), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dover, New Hampshire, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Merrimack, New Hampshire
Andover, Massachusetts
Greenfield, Massachusetts
Ellsworth, Maine

800.282.2440 | melansoncpas.com

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the budgetary comparison for the General Fund, and certain pension and OPEB schedules be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Dover, New Hampshire's basic financial statements. The accompanying combining statements and budgetary comparison schedules for nonmajor governmental and proprietary funds appearing on pages 116 through 168 are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining statements for nonmajor governmental and proprietary funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements for nonmajor governmental and proprietary funds are fairly stated, in all material respects, in relation to the basic financial statements as a whole. The budgetary comparison schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on them.

Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report (ACFR). The other information comprises the introductory and statistical sections but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express

an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 19, 2023 on our consideration of the City’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City’s internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Melanson".

Merrimack, New Hampshire

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Dover, New Hampshire (the City), we offer readers this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2022. We encourage readers to consider the information here in conjunction with additional information that we have furnished in our letter of transmittal.

A. OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Dover's basic financial statements. The basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The statement of net position presents information on all assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether financial position is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include general government, public safety, public works, culture and recreation, education, and public welfare.

The business-type activities include water and sewer utilities, and Dover Business and Industrial Development Authority (DBIDA) activities.

Fund financial statements A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund

accounting is used to ensure and demonstrate compliance with finance-related legal requirements. Funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Annual appropriated budgets are adopted for the General Fund and certain nonmajor governmental funds. Budgetary comparison statements have been provided for these funds to demonstrate compliance with adopted budgets.

Proprietary funds Proprietary funds are maintained as follows:

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Specifically, enterprise funds are used to account for water and sewer utilities, and DBIDA operations.

Internal service funds are an accounting device used to accumulate and allocate costs internally among various functions. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Internal service funds are used to account for central data processing, fleet management services, and workers' compensation administration and claims provided to other departments on a cost reimbursement basis.

Proprietary funds provide the same type of information as the business-type activities reported in the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for water and sewer utilities, both of which are considered to be major funds.

Fiduciary funds Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial

statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, which is required to be disclosed by the Governmental Accounting Standards Board.

The combining statements in connection with nonmajor governmental funds, including budgetary comparisons for certain nonmajor special revenue funds, are presented immediately following the required supplementary information. Proprietary budgetary comparisons are presented, as well as combining statements for internal service, custodial, and private purpose funds.

B. FINANCIAL HIGHLIGHTS

- As of the close of the current fiscal year, the total of assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$152,769,426 (i.e., net position), an increase of \$26,306,425 in comparison to the prior year.
- As of the close of the current fiscal year, total assets and deferred outflows of resources of governmental activities exceeded liabilities and deferred inflows of resources by \$61,062,348 (i.e., net position), an increase of \$18,223,108 in comparison to the prior year.
- At the end of the current year, total assets and deferred outflows of resources of business-type activities exceeded their liabilities and deferred inflows of resources by \$91,707,078, an increase of \$8,083,317 in comparison to the prior year.
- As of the close of the current fiscal year, governmental funds reported combined ending fund balances of \$61,001,823, an increase of \$16,517,171 in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$27,210,706, an increase of \$4,112,334 in comparison with the prior year.
- Total bonds and loans payable at the close of the current fiscal year were \$185,699,852, an increase of \$9,449,255 in comparison to the prior year.

C. GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, change in net position may serve over time as a useful indicator of the City's financial condition. At the close of the most recent fiscal year, total net position was \$152,769,426, an increase of \$26,306,425 from the prior year.

Financial Position The following is a summary of condensed government-wide financial data of net position for the current and the prior fiscal year.

Amounts presented in thousands	<u>NET POSITION</u>					
	<u>Governmental Activities</u>		<u>Business-Type Activities</u>		<u>Total</u>	
	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>
Assets						
Current and other assets	\$ 82,165	\$ 62,337	\$ 40,668	\$ 24,978	\$ 122,833	\$ 87,315
Capital assets	<u>288,872</u>	<u>286,217</u>	<u>114,245</u>	<u>106,175</u>	<u>403,117</u>	<u>392,392</u>
Total Assets	371,037	348,554	154,913	131,153	525,950	479,707
Deferred Outflows of Resources	26,021	33,137	1,189	3,489	27,210	36,626
Liabilities						
Other liabilities	18,076	14,455	19,020	8,674	37,096	23,129
Long-term liabilities	<u>287,840</u>	<u>302,857</u>	<u>43,940</u>	<u>45,102</u>	<u>331,780</u>	<u>347,959</u>
Total Liabilities	305,916	317,312	62,960	53,776	368,876	371,088
Deferred Inflows of Resources	30,080	12,766	1,435	1,142	31,515	13,908
Net Position						
Net investment in capital assets	147,049	145,120	71,094	69,279	218,143	214,399
Restricted	10,696	13,123	-	-	10,696	13,123
Unrestricted	<u>(96,683)</u>	<u>(106,630)</u>	<u>20,613</u>	<u>10,445</u>	<u>(76,070)</u>	<u>(96,185)</u>
Total Net Position	\$ <u>61,062</u>	\$ <u>51,613</u>	\$ <u>91,707</u>	\$ <u>79,724</u>	\$ <u>152,769</u>	\$ <u>131,337</u>

By far, the largest portion of net position, \$218,143,047, reflects the City's investment in capital assets (e.g., land, buildings, machinery, equipment, infrastructure, and right to use assets), less depreciation and any related debt net of cash held that is used to acquire those assets that is still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net position, \$10,695,574 represents resources that are subject to external restrictions on how they may be used. The remaining net balance (deficit) represents unrestricted net position at the end of the fiscal year of \$(76,069,195).

The unrestricted net position balance consists of a deficit of \$96,682,602 for governmental activities and a positive balance of \$20,613,407 for business-type activities. The governmental activities net position includes the reflection of major liabilities of bonds and loans payable of

\$146,814,761, the Tolend Road Landfill mitigation of \$22,921,088, compensated absences of \$4,023,167, OPEB (other post-employment benefits) obligations of \$38,455,153 as reported in accordance with the Governmental Accounting Standards Board’s Statement 75, and net pension liability of \$70,561,113, representing the City’s estimated portion of the New Hampshire Retirement System’s pension liability.

The \$22,921,088 (30-year estimated costs) for Tolend Road Landfill mitigation represents the post mitigation maintenance and monitoring costs. These costs are expected to be financed within the annual operating budget, as needed.

The \$4,023,167 for compensated absences represents the accrued employee leave benefits, payable as taken or at termination. This is a decrease of \$(234,196) from the prior year. The City and School has funded \$108,190 of the liability.

The \$38,455,153 OPEB liability represents the portion of the liability accrued to the governmental funds. This liability is based upon implementation of Governmental Accounting Standards Board (GASB) Statement No. 75. The purpose of the statement is to reflect the liability of health care or other post-employment benefits provided to separated or retired employees. In accordance with GASB Statement No. 75, the liability reflected in the financial statements is the actuarial determined total liability. The OPEB liability reported for the governmental funds reflects \$31.7 million liability for City provided retiree health care costs and \$6.8 million liability for New Hampshire Retirement System provided medical insurance subsidies provided to eligible City retirees. City employees hired before specific dates may receive all or part of their health care benefits paid for by the City. City employees hired after the cut-off date are eligible on a self-pay basis only but impact the premiums of the health plans of all City employees. School employees are self-pay basis only but impact the premiums of the health plans of all School employees. The table below shows the number of eligible individuals involved in the calculation for both the City and School and the average total liability.

<u>Group</u>	<u>Eligible Employees and Retirees</u>	<u>Average Total Liability per Persons</u>
City	409	\$ 91,933
School	<u>375</u>	<u>2,279</u>
Combined	<u>784</u>	<u>\$ 94,212</u>

In FY2014 the City established an irrevocable OPEB trust to pre-fund the City’s actuarial determined liability. The City transferred an amount equal to 30% of the OPEB Actuarially Determined Contribution (ADC) to the OPEB Trust during FY2022. As of June 30, 2022, the City has \$14,471,234 in assets in the OPEB Trust. The City plans to contribute \$1,145,420, representing 30% of the ADC, to the OPEB Trust in FY2023.

Please refer to the Financial Statement Note 17 and Required Supplementary Information for more on the OPEB liability.

At June 30, 2022 the City reported a liability of \$72,543,244 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the New Hampshire Retirement System pension plan relative to the projected contributions of all participating employers, as actuarially determined.

Financial Results The following is a summary of condensed government-wide financial data of changes in net position for the current fiscal and prior fiscal year.

<u>CHANGES IN NET POSITION</u>

(2) (as restated)	<u>42,839</u>	<u>42,877</u>	<u>83,624</u>	<u>76,486</u>	<u>126,463</u>	<u>119,363</u>
Net Position - End of Year	<u>\$ 61,062</u>	<u>\$ 51,613</u>	<u>\$ 91,707</u>	<u>\$ 79,724</u>	<u>\$ 152,769</u>	<u>\$ 131,337</u>

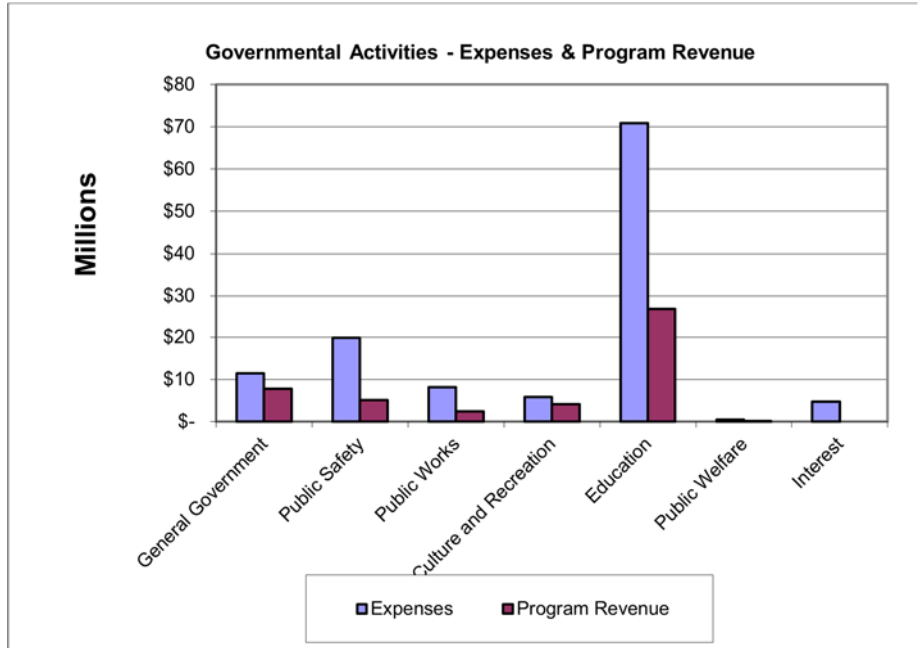

(1) Excludes interest on long-term debt reflected separately.

(2) See Note 26 for more information regarding beginning net position restatement.

Fiscal year 2021 amounts were not restated because the application of Governmental Accounting Standards Board Statement No. 87, *Leases*, to prior amounts was not practical.

Governmental activities Governmental activities for the year resulted in an increase in net position of \$18,223,108. Governmental activities realized the following significant transactions:

- General Fund excess of revenues over expenses of \$8.2 million.
- Acquisition of capital assets of \$13.4 million.
- Expenses in excess of revenues of \$5.2 million for the capital project funds.
- Revenues in excess of expenses of \$32 thousand for special revenue funds.
- A decrease in the OPEB liability of \$1.5 million.
- A decrease in the net pension liability of \$30.3 million.
- Property tax increased \$2,875,427 or 3.0% from the prior year. Although the tax rate decreased by 12.7% on all classes of property, there was an increase of approximately 17.8% in the taxable property values driven by new growth and increased local real estate market values.

Business-type activities Business-type activities for the year resulted in an increase in net position of \$8,083,317 or 9.7%. Key elements of this change are as follows:

- The Water Fund had an increase in net position by \$6.4 million or 17%. This consists mainly of capital contributions of \$5 million and an operating income of \$1.7 million.
- The Sewer Fund had an increase in net position of \$1.3 million, or 2.9%. This consists mainly of capital contributions of \$751 thousand and an operating income of \$1.5 million.

D. FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds The focus of governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources.

Such information is useful in assessing financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, governmental funds reported combined ending fund balances of \$61,001,823, an increase of \$16,517,171 in comparison with the prior year. The General Fund change consists of an increase in the unassigned fund balance of \$4,112,334 and a decrease in committed balances of \$(1,113,378). Nonspendable and assigned fund balances increased by \$3,804,047.

The General Fund is the chief operating fund. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$27,210,706, while total fund balance at end of current fiscal year was \$37,039,303. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 19.5% of the total fiscal year 2023 expenditure budget, while total fund balance represents 26.5% of that same amount.

The unassigned fund balance of the General Fund increased by \$4,112,334, or 17.80%, during the current fiscal year. Key factors in this change are as follows:

- The difference between the final amended budget and actual results is a positive variance of \$1,747,856 with revenues exceeding estimated budget by \$1,740,921 and expenditures less than the estimated budget by \$814,193.
- Positive variance of \$420,147 in taxes and tax interest is mainly attributed to \$125,262 for Property Tax levy being greater than budget, \$43,885 for Payment in Lieu of Taxes greater than budget, and \$13,818 for Boat Tax greater than budget.
- Positive variance in licenses and permits of \$365,251 is mainly attributed to an excess of \$156,314 as a result of an increased number of motor vehicle registrations, and \$180,840 for building permits greater than budget.
- Positive variance in Miscellaneous of \$688,006 is mainly attributed to insurance premium rebates from prior fiscal year.
- Positive variance of \$402,283 for School department revenues attributed to receiving \$332,696 in unanticipated State education aid, and \$53,717 in tuition revenues greater than budget.
- Positive variance of \$814,193 for unencumbered appropriations consisted mainly of \$226,619 for public safety and \$289,610 for public works. These unencumbered appropriations resulted from vacancies and postponed travel and training.

Proprietary funds Proprietary funds provide the same type of information found in the business-type activities reported in the government-wide financial statements, but in more detail.

Unrestricted net position of the enterprise funds at the end of the year amounted to \$28,357,785. This amount consists of the Water Fund with \$10,417,159, the Sewer Fund with \$15,646,781, and the Dover Business and Industrial Development Fund (DBIDA) with a balance of \$2,293,845.

Other factors concerning the finances of proprietary funds have already been addressed in the entity-wide discussion of business-type activities.

E. GENERAL FUND BUDGETARY HIGHLIGHTS

The difference between the original budget and the final amended budget resulted in an overall increase in appropriations of \$4,111,258. This consists of City Council adopted appropriations of \$112,149 for tax abatements, \$20,000 for Community Services – Facilities & Grounds tree program, \$650 for Public Library, an appropriation of \$1,561,230 for School department operations, and appropriation of \$730,000 for an operating transfer to the Tolend Road Landfill Closure Fund, \$1,984,297 for operating transfers to close out five capital project funds, and a decrease of \$297,068 for intergovernmental payment to the county.

Unspent General Fund appropriations were due to several factors, including consistent monitoring and managing of expenditures, particularly to ensure the City was able to respond to the impacts of the COVID-19 pandemic.

F. CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets Capital assets for governmental and business-type activities at year-end amounted to \$403,116,883 (net of accumulated depreciation), an increase of \$10,724,600 from the prior year. This investment in capital assets includes land, buildings and improvements, machinery, equipment, furnishings, right to use assets, infrastructure, and construction in progress. The following yearly comparison shows net capital assets by category:

	<u>Capital Assets (000s)</u> (net of depreciation)					
	<u>Governmental</u> <u>Activities</u>		<u>Business-Type</u> <u>Activities</u>		<u>Total</u>	
	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>
Land	\$ 18,161	\$ 15,990	\$ 1,951	\$ 1,949	\$ 20,112	\$ 17,939
Buildings and improvements	155,764	161,730	25,747	26,897	181,511	188,627
Right to use - equipment	1,215	1,707	-	-	1,215	1,707
Machinery, equipment, and furnishings	11,275	11,683	5,712	3,732	16,987	15,415
Infrastructure	57,255	41,909	60,272	51,840	117,527	93,749
Construction in progress	<u>45,202</u>	<u>54,905</u>	<u>20,563</u>	<u>20,483</u>	<u>65,765</u>	<u>75,388</u>
Total	\$ <u>288,872</u>	\$ <u>287,924</u>	\$ <u>114,245</u>	\$ <u>104,901</u>	\$ <u>403,117</u>	\$ <u>392,825</u>

Major capital asset events during the current fiscal year included the following:

- Additions to Buildings and Improvements for governmental activities this year were a new energy efficient heating, ventilation and cooling system for the indoor pool, expansion of the Multi Use Community Trail along the old Newington Branch railroad. New Street acceptances by the City Council were Shore Lane, Pear Drive and the final phase of Emerald Lane.
- Purchases of Machinery and Equipment included a new Zamboni for the arena. Public Safety records management system for use by the Police and Fire departments. Permit and Inspections records management system for use by the Community Services, Planning and Fire Departments.
- The governmental activities infrastructure change includes additions for the construction, and reconstruction to several roads, Broadway, Spur, Elm, Summer, Belknap, Keating and Birchwood streets.
- The governmental activities construction in progress is comprised of new facilities and improvements at the Pine Hill Cemetery, Cocheco Riverfront Stabilization, Street reconstruction and Traffic signalization projects, Tolend Road Landfill post-closure and mitigation projects, as well as the Cocheco Dredge Cell Project.
- Increases to the Business-type activities infrastructure category include replacement of Water meters City-wide, Water Main replacements on Spur Road, Washington Street, Elm Street and Upper Central Avenue. Continued Sewer Pump Station equipment improvements, wellhead protection, exploration for public water supply interconnections, including inflow, infiltration, mitigation and the containment and treatment of storm-water runoff.
- The additions to the Business-type activities Construction in Progress Improvements are for Water System Treatment Facilities and the Waste Water Treatment Plant for the EPA/NH Department of Environmental Services nitrate reduction and discharge-permitting project. Water and Sewer Mains on Central Avenue and the Pudding Hill Aquifer remediation.

Additional information on capital assets can be found in Note 9 of the Notes to Financial Statements.

Long-term debt At the end of fiscal year 2022, total long-term debt outstanding for the City was \$185,699,852, a net increase of \$9,449,255 over the previous fiscal year end. All long term debt was backed by the full faith and credit of the City.

Long-term Debt (000s)

	Governmental		Business-Type		Total	
	2022	2021	2022	2021	2022	2021
General obligation bonds	\$ 133,386	\$ 134,045	\$ 16,209	\$ 12,137	\$ 149,595	\$ 146,182
Unamortized bond premiums	9,531	9,108	2,379	1,450	11,910	10,558
State revolving loans (direct borrowing)	<u>3,898</u>	<u>976</u>	<u>20,297</u>	<u>18,535</u>	<u>24,195</u>	<u>19,511</u>
Total Long-term Debt	<u>\$ 146,815</u>	<u>\$ 144,129</u>	<u>\$ 38,885</u>	<u>\$ 32,122</u>	<u>\$ 185,700</u>	<u>\$ 176,251</u>

In November 2017, the City defeased a November 2008 general obligation bond and an April 2010 general obligation bond. The proceeds from the new issuance of general obligation bonds were used to purchase U.S. government securities, and those securities were deposited in an irrevocable trust with an escrow agent to provide debt service payments until the refunded bonds mature. The November 2008 general obligation bond matures in December 2028 and the April 2010 general obligation bond matures in April 2030. As of June 30, 2022, there are no outstanding defeased debt obligations for both the November 2008 and April 2010 general obligation bonds.

Additional information on long-term debt can be found in Note 14 of the notes to Financial Statements.

G. NEXT YEAR'S BUDGETS AND RATES

The budget, tax levies, and tax rates of the General Fund for the subsequent fiscal year have been formalized. The following table reflects the budget amounts, at the time of tax rate setting, for each year for the General Fund.

<u>General Fund Budget</u>	<u>FY22</u>	<u>FY23</u>	<u>Increase (Decrease)</u>	<u>% Change</u>
City	\$ 51,280,600	\$ 55,697,886	\$ 4,417,286	8.6%
School	69,685,360	74,228,580	4,543,220	6.5%
County	<u>9,548,144</u>	<u>9,848,433</u>	<u>300,289</u>	<u>3.1%</u>
Total Budget	\$ <u>130,514,104</u>	\$ <u>139,774,899</u>	\$ <u>9,260,795</u>	<u>7.1%</u>

The following table reflects the property tax levy amounts for each year.

<u>Property Tax Levies</u>	<u>FY22</u>	<u>FY23</u>	<u>Increase (Decrease)</u>	<u>% Change</u>
City	\$ 34,810,613	\$ 35,506,280	\$ 695,667	2.0%
School - local	44,409,622	48,960,527	4,550,905	10.2%
School - state	<u>7,093,652</u>	<u>5,076,041</u>	<u>(2,017,611)</u>	<u>-28.4%</u>
Total School	51,503,274	54,036,568	2,533,294	4.9%
County	<u>9,548,144</u>	<u>9,848,433</u>	<u>300,289</u>	<u>3.1%</u>
Total Tax Levy	\$ <u>95,862,031</u>	\$ <u>99,391,281</u>	\$ <u>3,529,250</u>	<u>3.7%</u>

The following table reflects the property tax rates for each year. The tax rate is stated per \$1,000 of assessed value.

<u>Property Tax Rates</u>	<u>FY22</u>	<u>FY23</u>	<u>Increase (Decrease)</u>	<u>% Change</u>
City	\$ 8.02	\$ 7.22	\$ (0.80)	-10.0%
School - local	9.93	9.66	(0.27)	-2.7%
School - state	<u>1.62</u>	<u>1.02</u>	<u>(0.60)</u>	<u>-37.0%</u>
Total School	11.55	10.68	(0.87)	-7.5%
County	<u>2.13</u>	<u>1.94</u>	<u>(0.19)</u>	<u>-8.9%</u>
Total Tax Rate	\$ <u>21.70</u>	\$ <u>19.84</u>	\$ <u>(1.86)</u>	<u>-8.6%</u>

The budget and user fees of the utility funds for the subsequent fiscal year have been formalized. The following table reflects the original adopted budget amounts for each year for the Water and Sewer Funds.

<u>Utility Funds</u>	<u>FY22</u>	<u>FY23</u>	<u>Increase (Decrease)</u>	<u>% Change</u>
Water Fund	\$ 6,458,828	\$ 7,052,364	\$ 593,536	9.2%
Sewer Fund	<u>9,000,677</u>	<u>9,936,229</u>	<u>935,552</u>	<u>10.4%</u>
Total Utility Funds	\$ <u>15,459,505</u>	\$ <u>16,988,593</u>	\$ <u>1,529,088</u>	<u>9.9%</u>

The following table reflects the utility rates per one hundred cubic feet (HCF) of water consumption for each year. (1 HCF = 748 gallons):

<u>Utility Rates</u>	<u>FY22</u>	<u>FY23</u>	<u>Increase (Decrease)</u>	<u>% Change</u>
Water Fund	\$ 5.95	\$ 6.41	\$ 0.46	7.7%
Sewer Fund	<u>9.64</u>	<u>9.81</u>	<u>0.17</u>	<u>1.8%</u>
Combined Rates	\$ <u>15.59</u>	\$ <u>16.22</u>	\$ <u>0.63</u>	<u>4.0%</u>

Discussions of other financial and economic factors are included in the Transmittal Letter.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City of Dover, New Hampshire’s finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

Finance Director, City of Dover
Municipal Building
288 Central Avenue
Dover, New Hampshire 03820

RECONCILIATION OF TOTAL GOVERNMENTAL FUND
BALANCES TO NET POSITION OF GOVERNMENTAL
ACTIVITIES IN THE STATEMENT OF NET POSITION

JUNE 30, 2022

Total Governmental Fund Balances	\$	61,001,823
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.		288,871,693
Tax revenues are reporting on the accrual basis of accounting and are not deferred until collection if not received within 60 days of year end.		2,113,156
Deferred outflows/inflows of resources represent a consumption/acquisition of net position that applies to a future period, therefore will not be recognized as an expenditure or revenue until then, and therefore, are not reported in the funds.		(4,059,120)
Internal service funds are used by management to account for Dover Net, Central Stores, Fleet Maintenance, and Workers' Compensation activities. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.		1,113,168
In the Statement of Activities, interest is accrued on outstanding long-term debt, whereas in governmental funds interest is not reported until due.		(536,358)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds:		
Bonds and loans payable		(137,284,436)
Bond premium		(9,530,325)
Compensated absences		(3,813,582)
Leases		(1,276,317)
Net pension liability		(70,561,113)
Other post-employment benefits (OPEB) liability		(38,455,153)
Liability for hazardous waste-site cleanup		(22,921,088)
Environmental liability		<u>(3,600,000)</u>
Net Position of Governmental Activities	\$	<u>61,062,348</u>

The accompanying notes are an integral part of these financial statements.

CITY OF DOVER, NEW HAMPSHIRE

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED JUNE 30, 2022

Net Changes in Fund Balances - Total Governmental Funds \$ 16,517,171

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital outlay purchases	13,402,309
Depreciation	(12,414,030)
Net effect of loss on disposal of assets	(41,054)

Deferred outflows/inflows of resources represents a consumption/acquisition of net position that applies to a future period, therefore will not be recognized as an until then. (26,316,622)

Revenues in the Statement of Activities that do not provide current financial resources are fully deferred in the Statement of Revenues, Expenditures and Changes in Fund Balances. Therefore, the recognition of revenue for various types of accounts receivable (property taxes and long term receivables) differ between the two statements. (352,392)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the financial resources of governmental funds. Neither transaction, however, has any effect on net assets:

Repayments of debt	9,412,055
Bond proceeds	(11,675,297)
Bond premium	(1,249,700)
Bond premium amortization	826,756
Repayments of leases	430,950

In the Statement of Activities, interest is accrued on outstanding long-term debt, whereas in governmental funds interest is not reported until due. This amount reflects the change in accrued interest. (171,991)

Certain expenses reported in the Statement of Activities, do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:

Decrease in liability for compensated absences	204,213
Decrease in OPEB liability	1,489,138
Increase in liability for hazardous waste-site cleanup	(2,436,556)
Decrease in liability for pension expense	30,339,812

Internal service funds are used by management to account for Dover Net, Central Stores, Fleet Maintenance, and Workers' Compensation. The net activity of internal service funds is reported with governmental activities. 258,346

Changes in Net Position of Governmental Activities \$ 18,223,108

The accompanying notes are an integral part of these financial statements.

CITY OF DOVER, NEW HAMPSHIRE

Notes to Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the City of Dover, New Hampshire (the City) conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental and financial reporting principles. The following is a summary of significant policies:

Reporting Entity

The City is a municipal corporation governed by an elected mayor, an eight-member council, and an appointed City Manager. In evaluating the City as a reporting entity, management has addressed all potential component units for which the City may be financially accountable and, as such, should be included within the City's financial statements. In accordance with GASB Statement No. 14, as amended by GASB Statement No. 61, the City is financially accountable if it appoints a voting majority of the organization's governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City. Additionally, the City is required to consider other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the reporting entity's financial statements to be misleading. It was determined that no entities met the required criteria to be included as a component unit.

Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include

(1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Financial Statements

Governmental funds financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received. Expenditures generally are recorded when liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The City reports the following major governmental funds:

- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The ARPA Fund accounts for all financial resources related to the American Rescue Plan Act grant.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of an enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The City reports the following major proprietary funds:

- The Water Fund accounts for the operation of a water treatment plant, City wells and water system.
- The Sewer Fund accounts for the operation of a sewer treatment plant, pumping stations, and sewer lines.

The Dover Business and Industrial Development Authority Fund (DBIDA), a nonmajor proprietary fund, accounts for the economic development projects of the DBIDA, which operates under RSA 162-G.

The City also reports internal service funds, which account for data processing, fleet management services, and workers' compensation administration and claims expenses provided to other departments on a cost reimbursement basis.

Additionally, the City reports fiduciary funds, which employ the same economic resources measurement focus and accrual basis of accounting as do proprietary funds. The City reports following fiduciary funds:

- The OPEB Irrevocable Trust Fund is used to account for assets held by the City in a trustee capacity to provide for funding of the City's OPEB liability.
- The Private-Purpose Trust Funds are used to account for trust arrangements, under which principal and investment income exclusively benefit individuals, private organizations, or other governments. Private Purpose Trust Funds held by

the City include trust arrangements for cemetery general care, parks and recreation program scholarships, welfare benefits, and school scholarships.

- The Custodial Funds account for fiduciary assets held by the City in a custodial capacity as an agent on behalf of others are not required to be reported elsewhere on the financial statements. Custodial Funds includes taxes and fees collected on behalf of other governments, fees collect on behalf of students, and performance bonds.

As a general rule and per the City's policy, the effect of interfund activity has been eliminated from the government-wide financial statements. Reimbursements from other funds included in internal service funds revenue are eliminated on the government-wide level to remove the "doubling up" effect of internal service activity whereas charges for services in internal service funds are not eliminated.

Cash and Investments

The City considers all highly liquid investments in money market accounts, demand deposits, and repurchase agreements as short-term investments, which complies with Rule 2a-7 under the Investment Company Act of 1940, as amended. For the purposes of the statements of cash flows, investments with original maturities of three months or less from the date of acquisition are considered to be cash equivalents. The City also invests in the New Hampshire Public Deposit Investment Pool (NHPDIP). NHPDIP operates in accordance with appropriate state laws and regulations and is under the control of the New Hampshire Banking Commission. In accordance with GASB Statement No. 79, NHPDIP investments are valued at amortized cost. Participation units of the NHPDIP are considered short-term investments for financial presentation purposes. Investments are reported at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the City uses various methods, including market, income and cost approaches. Based on these approaches, the City often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The City utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the City is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 – Quoted prices for identical assets and liabilities traded in active exchange markets, such as the New York Stock Exchange.
- Level 2 – Observable inputs other than Level 1 including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.
- Level 3 – Unobservable inputs supported by little or no market activity for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In determining the appropriate levels, the City performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

City Funds

Under New Hampshire RSA 48:16, the City Treasurer may invest excess funds which are not immediately needed for the purpose of expenditure, in obligations of the United States government, in participation units in the public deposit investment pool established pursuant to RSA 383:22, in savings bank deposits of banks incorporated under the laws of the State of New Hampshire, or in certificates of deposits and repurchase agreements of banks incorporated under the laws of the State of New Hampshire or in banks recognized by the State Treasurer. At least yearly, the City Council shall review and adopt an investment policy for the investment of public funds in conformance with the provisions of applicable statutes. The significant sections of that policy are disclosed in Note 3.

Trust Funds

Under New Hampshire RSA 34:5, capital reserve funds of the City shall be invested only by deposit in savings banks or in the savings department of a national bank or trust company, or in the shares of a cooperative bank, building and loan association, or federal savings and loan association, in this state or in bonds, notes, or other obligations of the United States government, in bonds or notes of this state, in such stocks and bonds as are legal for investment by New Hampshire savings banks, or in participation units in the public deposit investment pool established pursuant to RSA 383:22 by the trustees of the trust funds.

Under New Hampshire RSA 31:27, the City trustees of trust funds may establish, maintain, and operate one or more common trust funds, in which may be combined money and property belonging to the various trusts in their care, for the

purpose of facilitating investments, providing diversification and obtaining reasonable income; provided; however, that said, common trust funds shall be limited to the investments authorized in RSA 31:25; provided further, that not more than \$10,000 or more than 10% of the fund whichever is greater of any town or city common trust funds shall be invested under RSA 31:25 in the obligations of any one corporation or organization, excepting deposits in any federally or state-chartered bank or association authorized to engage in a banking business in this state, in credit unions in this state, or in obligations of the United States and of the state of New Hampshire and its subdivisions; or in participation units in the public deposit investment pool established pursuant to RSA 383:22, or in shares of open-ended mutual funds selected by the trustees for investment under RSA 31:25.

Under New Hampshire RSA 31:25, at least yearly, the trustees of trust funds shall review and adopt an investment policy for the investment of public funds in conformance with the provisions of applicable statutes. The significant sections of that policy are disclosed in Note 3.

Post-Employment Benefits Irrevocable Trust Fund

The City is the trustee, or fiduciary, for assets set aside and held in an irrevocable trust arrangement for post-employment benefits. The City's contributions to this fund are expensed to the OPEB Irrevocable Trust Fund.

Under New Hampshire RSA 31:19-c, the legislative body of a municipality that created an actuarial liability to pay other post-employment benefits (OPEB) to employees or officers after their termination of service may establish an irrevocable trust to pay those benefits. Deposits to any fund under such a trust and any earnings on those deposits shall be irrevocable and shall be held in trust for the exclusive benefit of the retirees and their beneficiaries in accordance with the terms of the plan. The trustees of any trust created pursuant to this section shall have the full power to invest, reinvest, and manage the assets of the trust. The trustees shall also diversify such investments so as to minimize the risk of larger losses unless under the circumstances it is clearly prudent not to do so.

Leases

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The leased asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the leased asset is amortized on a straight-line basis over its useful life. The following assumptions are made:

The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged is not provided, the City uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease, including renewal terms reasonably certain to be exercised. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price, if the City is reasonably certain that it will be exercised.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability. Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the Statement of Net Position.

Interfund Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due from/to other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans).

Any residual balances between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Inventory

Inventories held for resale are valued at the lower of cost or market and inventories of supplies are recorded at cost using the first-in/first-out (FIFO) method. The costs of inventories are recorded as an expense when consumed rather than when purchased.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial individual cost of more than \$25,000 and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. When applicable, donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. Any significant construction commitments are encumbered at year-end in the City's capital projects funds.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property, plant, and equipment is depreciated using the straight-line method over the following estimated useful lives:

Buildings	20 – 40 years
Building improvements	40 years
Building systems	15 – 24 years
Infrastructure	20 – 40 years
Water/sewer infrastructure	24 – 50 years
Vehicles	8 – 15 years
Office equipment	7 – 20 years
Computer equipment	5 – 10 years
Right to use equipment	5 – 10 years
Land improvements	15 – 20 years
Machinery and equipment	5 – 15 years
Books and collections	5 years

Compensated Absences

Depending on the union agreement, employees may be compensated for unused amounts of sick leave earned prior to June 30, 1993, ranging from 25% to 75% of accumulated time. Effective June 30, 1993, all non-education employees are awarded sick leave at a rate of 10 days per year, which lapses at year end.

Employees earn vacation leave as they provide services. Employees may carry over earned vacation days with some limitations up to 300 hours and upon separation/termination with some limitations, unused balances up to 240 hours (up to 300 hours for Fire Department) will be compensated.

All vested sick and vacation pay is accrued when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

During fiscal year 2002, the City began funding the current vested portion of vacation and sick time for non-enterprise fund employees by establishing a capital reserve fund. The vested portion attributable to enterprise fund employees has been recorded in the respective fund.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and is not recognized as an outflow of resources (expense/expenditure) until then. The City has three items that qualify for reporting in this category. The City has deferred outflows related to the pension liability and the OPEB liability, as is more fully disclosed in the related notes, and the other item is the deferred charge on refunding reported in the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two items that qualify for reporting in this category. They are the deferred inflows related to the pension liability and the OPEB liability, as is more fully disclosed in the related notes. Also, the City has two items which arise under a modified accrual basis of accounting that qualifies for reporting in this category; unavailable revenue from property taxes and unavailable revenue from long-term receivables, which is based on a recognition period adopted by the City. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position.

Fund Balances

In the governmental fund financial statements fund balance is reported in five classifications.

Nonspendable Nonspendable fund balance represents fund balance amounts that are not in spendable form, such as inventories and prepaid items, or are legally or contractually required to be maintained intact.

Restricted	Resources with constraints placed on the use of resources are either a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.
Committed	Resources which are subject to limitations the City imposes upon itself at its highest level of decision-making, and that remain binding unless removed in the same manner. The City Council is the highest level of decision-making authority for the City that can, by adoption of a resolution prior to the end of the fiscal year, commit a fund balance.
Assigned	Resources neither restricted nor committed for which the City has a stated intended use as established by the City Council or a body or official to which the City Council has delegated the authority to assign amounts for specific purposes. These funds, which include encumbrances, have been assigned for specific goods and services ordered but not yet paid for at year end. The City Council has by resolution authorized the City's management (the City Manager) to assign fund balance amounts for a specific purpose. This account also includes fund balance authorized by provisions of the City Charter to be used in a subsequent fiscal year.
Unassigned	Resources which cannot be properly classified in one of the other four categories. The General Fund should be the only fund that reports a positive unassigned fund balance amount. When fund balance is negative the amount is reported as unassigned.

The City's fund balance policy establishes that an amount equal to at least 15% of the City's most recent approved operating budget shall be established as a minimum unassigned fund balance.

Fund Balance Flow Assumptions

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements as flow assumption must be made about the order in which the resources are considered to

be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure for contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of the revenues and expenditures/expenses during the fiscal year. Actual results could vary from estimates that were used.

2. Stewardship Compliance and Accountability

Budgetary Information

The City Manager submits his proposed operating budget to the City Council on or before April 15. The operating budget includes proposed expenditures and the means of financing them. Annual budgets are legally adopted for the following funds: general, parking activity, residential solid waste, library fines, tuition programs, school facilities, McConnell Center, police DHA, and school cafeteria. Proprietary funds with annually adopted budgets are water and sewer funds. Public hearings are conducted to obtain comments on the proposed budget. The final budget must be adopted by June 15, but not earlier than 7 days after a public hearing. A separate public hearing is held on the portion of the budget submitted by the School Board.

The City Manager may make intra-department (non-school department) budgetary transfers; inter-department (non-school department) budgetary transfers require the approval of the City Council. The Superintendent of the School Department may make budgetary transfers within the School Department, as needed. The City Council may, after public hearings, appropriate additional amounts. The City Council must designate the source of such funds, except for

emergency situations. All unencumbered appropriations, except those for capital expenditures or dedicated funds, lapse at the end of the fiscal year. Appropriation for capital expenditures remains in force for three years or until their purpose has been accomplished or abandoned.

Budgetary Basis

The General Fund’s final appropriation appearing on the Budget and Actual Required Supplementary Information represents the final amended budget after all transfers and supplemental appropriations.

Deficit Fund Equity

The individual projects within the following funds had deficits as of June 30, 2022:

Major ARPA Fund	(12,827)	(A)
Nonmajor Governmental Funds		
Special Revenues Funds:		
Community Development	\$ (501,652)	(A)
Police DOT Fund	(21,540)	(A)
National Endowment for the Arts Fund	(2,246)	(A)
School Federal Aid Fund	(436,087)	(A)
Recreation Field Maintenance Fund	(14,746)	(A)
Capital Project Funds:		
CIP FY23	(200,110)	(C)
CIP FY22	(1,270,313)	(C)
CIP FY20	(728,327)	(C)
CIP FY18	(464,716)	(B)
CIP FY13	(11,973)	(B)
Tolend Road Landfill Closure	<u>(161,477)</u>	(B)
Total Nonmajor Governmental Funds	<u>(3,813,187)</u>	
Total	<u><u>(3,826,014)</u></u>	

- (A) The deficits in these funds will be eliminated through future grant reimbursements.
- (B) The deficits in these funds will be eliminated through future departmental revenues and transfers from other funds.
- (C) The deficits in these funds will be eliminated through future issuance of debt.

3. Cash and Investments

Custodial Credit Risk

Custodial credit risk for deposits is the risk that in the event of a bank failure, deposits may not be returned. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the City will not be able to recover the value of its investment or collateral securities that are in the possession of another party. None of the City's deposits or investments were exposed to custodial credit risk. The City had the following deposits at June 30, 2022:

Insured by FDIC	\$ 814,774
Collateralized	90,614,920
NHPDIP state pool	<u>7,957,063</u>
Total deposits	<u>\$ 99,386,757</u>

The City had the following investments held by the counterparty's agent in the City's name at June 30, 2022:

Fixed income securities:	
US Treasury bonds and notes	\$ 389,779
Government agency bonds and notes	448,497
US Corporate bonds and notes	495,271
Fixed income mutual funds:	
Corporate bonds mutual funds	1,072,902
Mortgage backed funds	502,780
Other taxable funds	<u>6,300,694</u>
Total fixed income	9,209,923
Equities	<u>8,438,372</u>
Total investments	<u>\$ 17,648,295</u>

City Funds

The City's Investment Policy requires the use of security broker/dealers be based on credit-worthiness (a minimum capital requirement of \$100 million and at least 5 years of operation). Permitted investment per state law and the City's policy are U.S. Government Obligations, New Hampshire Public Deposit Investment Pool (NHPDIP), certificates of deposits in New Hampshire banks, and overnight repurchase agreements whose underlying securities consist of U.S. Government Obligations, U.S. Government Agency Obligations, or State of New Hampshire Obligations. Financial institutions where funds are kept on deposit, in CDs or Repurchase Agreements must meet the following criteria: minimum total assets of

\$100 million, minimum of an average rating by a bank rating service, minimum ratio of equity capital to total assets of 5%, and maximum ratio of non-performing assets to equity of 20%.

Full collateralization is required on non-negotiable CDs or overnight repurchase agreements. Repurchase Agreement collateral must consist of U.S. Government Obligations, U.S. Government Agency Obligations, or State of New Hampshire Obligations.

Trust Funds

The Investment Policy of the City's Board of Trustees of Trust Funds permits deposits and investments in:

- Deposits in savings banks or the savings department of a national bank or trust company in the state of New Hampshire or in the NHPDIP.
- Shares of a building and loan association or cooperative bank, incorporated and doing business under New Hampshire law.
- Shares of any federal savings and loan association, located and doing business in New Hampshire.
- Certificates of deposits in New Hampshire.
- Bonds, notes, or other obligations of the U.S. Government or the state, county, town, city, school district, or water and sewer district.
- Stocks and bonds as are legal for investment by New Hampshire savings banks.
- Shares of mutual funds or money market mutual funds.
- The Board of Trustees of Trust Funds' standard for investing Common Trust Funds is the Prudent Investor Rule in accordance with RSA 31:25-d. To comply with the provisions of the Prudent Investor Rule, the Board engaged the services of an investment advisor.

Credit Risk

The City's Investment Policy and the Board of Trustee's Investment Policy minimize credit risk by limiting investments to the safest types of securities as listed above, pre-qualifying institutions, and diversifying the portfolio. In addition, they do not permit investments made with leveraging techniques, margin purchases, or trading involving short selling. The fixed income asset class may comprise individual securities, mutual funds, and other pooled assets portfolios that are invested principally in fixed income securities rated investment grade or better (rated in one of the four highest rating categories by a National Recognized Statistical Rating Organization (NRSRO) at the time of purchase), or, if not rated, are determined to be of comparable quality by the investment advisor or a mutual fund manager. The benchmark for the fixed income investments is the Barclays Aggregate Bond Index.

The City's investment in debt related securities were rated as follows at June 30, 2022:

	<u>AAA</u>	<u>AA-A</u>	<u>BBB-B</u>	<u>Below B</u>	<u>Unrated</u>	<u>Total</u>
Fixed income securities	\$ 838,276	\$ 495,271	\$ -	\$ -	\$ -	\$ 1,333,547
Corporate bonds mutual funds	642,239	228,743	200,311	1,609	-	1,072,902
Mortgage backed funds	397,649	18,804	35,697	503	50,127	502,780
Other taxable funds	<u>3,777,272</u>	<u>804,434</u>	<u>1,194,261</u>	<u>212,865</u>	<u>311,862</u>	<u>6,300,694</u>
Total	<u>\$ 5,655,436</u>	<u>\$ 1,547,252</u>	<u>\$ 1,430,269</u>	<u>\$ 214,977</u>	<u>\$ 361,989</u>	<u>\$ 9,209,923</u>

Concentration Risk

As of June 30, 2022, other than investments in mutual funds, the City did not have investments in any one issuer that exceeded 5% of total investments.

City Funds

The City's Investment Policy limits its exposure to concentration credit risk by limiting the types of investment securities that it holds to U.S. Government Obligations and by splitting its short-term deposits between financial institutions that fully collateralize them and the NHPDIP.

NHPDIP shares of the pool are available to be redeemed upon proper notice, as outlined in the Pool's Information Statement, without restrictions under normal operating conditions. There are no limits to the number of redemptions that can be made as long as an investor has a sufficient number of shares to meet their redemption request. The Commissioner, or the Program Administrator if designated by the Commissioner, may suspend the right of withdrawal or postpone the date of payment if the Trustees determine that there is an emergency that makes the sale of the Pool's securities or determination of its net asset value at \$1 per share.

Trust Funds

It is the policy of the Trustees that common investments shall be diversified to eliminate the risk of loss resulting from over-concentration of assets in a specific maturity, industry or specific issuer. The Board of Trustees' Investment Policy also addresses specific ratio analysis and financial parameters for investments in stocks, bonds and mutual funds. Trust investments authorized to be managed by the Board's investment advisor. The Equity asset class may comprise individual securities, mutual funds, and other pooled asset portfolios that are invested principally in equity securities of U.S. or international companies that have a proven record of earnings, growth, strong fundamentals and good valuations. These securities may be listed on registered exchanges, or actively traded in the over-the counter market, or considered to be restricted securities (provided that the percentage of the fund's assets invested in such securities conform to the investment instrument's prospectus). Benchmarks for the equity investments will be: 75% S&P 500, 10% S&P 400, and 15% MSCI EAFE.

The Trustees' concentration of credit risk policy is as follows:

Approved Allocation Guidelines for Common Trust Assets

Cash	0% - 10%
Fixed Income	30% - 60%
Equities	40% - 70%
Inflation Hedge	0% - 10%

The fixed income allocation shall consist of 15% or less of high-yield bond funds.

Common Trust Accumulated Income Assets

Cash	25% - 100%
Fixed Income	0% - 75%
Equities	0% - 35%

The fixed income allocation shall consist of no investment into high-yield bond funds. Investment into Fixed Income and Equities investments is only at specific direction of the Board of Trustees of Trust Funds.

Capital Reserve Funds

Cash	5% - 100%
U.S. Treasuries	0% - 60%
AAA Government Agencies	0% - 60%

Additionally, capital reserve funds allocation is limited to the following:

- No more than 10% of the portfolio (cost basis including cash and investments) shall be invested in the obligations of any one entity, corporation, or organization exclusive of U.S. government or agency obligations. A mutual fund will be considered one entity.
- No more than 20% (market value basis) shall be invested in any one sector.
- About 10% of the portfolio should be kept in more liquid money market accounts.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

City Funds

The City minimizes the risk that the market value of securities will fall due to changes in general interest rates by structuring the portfolio so securities mature to meet the cash requirements for on-going operations, thus, avoiding the need to sell securities on the open market prior to maturity. The policy also provides for investing primarily in shorter-term securities including the local government investment pool. Maximum maturity for an investment of City funds is 6 months.

Trust Funds

The Trust Funds recognize that investment risks can result from issuer defaults, market price changes or various technical complications leading to temporary loss of liquidity. Portfolio diversification is to be employed as a way to control risk. The Trustees' investment advisor is expected to use prudence in the selection of securities as a way to minimize default risk. No individual investment transaction shall be undertaken that jeopardizes the total capital position of the specific issuer. The Trustees' investment advisor shall review and, if appropriate, proceed to liquidate any securities having comparable credit risks.

The City's total investments in fixed income had the following average effective duration at June 30, 2022:

	<u>Amount</u>	<u>Effective Duration</u>
Fixed income securities	\$ 1,333,547	2.00
Corporate bonds mutual funds	1,072,902	7.12
Mortgage backed funds	502,780	4.16
Other taxable funds	<u>6,300,694</u>	4.42
Total fixed income	<u>\$ 9,209,923</u>	

Foreign Currency Risk

Specific investment in foreign securities is not permitted by either the City or Board of Trustees Investment Policies. Mutual funds held by the Board of Trustees may have insignificant holdings in foreign securities.

The City and Board's policies also outline other specific investment criteria and are available for review at www.dover.nh.gov.

Fair Value

In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The City's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgement. Accordingly, the degree of judgement exercised in determining fair value is greatest for instruments categorized in Level 3.

Equity securities classified in Level 1 are valued using prices quoted in active markets for those securities.

Debt securities classified in Level 2 are valued using either a bid evaluation or a matrix pricing technique. Bid evaluations may include market quotations, yields, maturities, call features, and ratings. Matrix pricing is used to value securities based on the securities relationship to benchmark quote prices. Level 2 debt securities have non-proprietary information that was readily available to market participants, from multiple independent sources, which are known to be actively involved in the market.

Investment in land classified in Level 3 is valued using the market approach by obtaining relevant information generated by market transactions that occurred shortly after year end involving equivalent sales data from similar lots of land.

Fair values of assets measured on a recurring basis at June 30, 2022 are as follows:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
<u>June 30, 2022</u>				
Debt securities:				
US Treasury bonds and notes	\$ 389,779	\$ 389,779	\$ -	\$ -
Government agency bonds and notes	448,497	-	448,497	-
US Corporate bonds and notes	495,271	-	495,271	-
Fixed income mutual funds	7,876,376	-	7,876,376	-
Equity securities	<u>8,438,372</u>	<u>8,438,372</u>	<u>-</u>	<u>-</u>
Subtotal	17,648,295	8,828,151	8,820,144	-
Investment in land	<u>2,269,045</u>	<u>-</u>	<u>-</u>	<u>2,269,045</u>
Total Investments	<u>\$ 19,917,340</u>	<u>\$ 8,828,151</u>	<u>\$ 8,820,144</u>	<u>\$ 2,269,045</u>

4. Property Taxes Receivable

The City bills property taxes semi-annually, in November and May of the following year. Property tax revenues are recognized in the fiscal year for which taxes have been levied to the

extent that they become available, i.e., due or receivable within the current fiscal year and collected within the current period or within 60 days of year-end for fund basis and on accrual basis for government wide basis.

Property taxes are due no earlier than December 1 and June 1 of the following year and must be due at least 30 days after bills are mailed. Delinquent accounts are charged 8% interest. At the time of the tax lien, which the City usually places within 60 to 90 days after the second due date, a lien is recorded on the property at the Registry of Deeds. Liened accounts are charged 14% interest. If the property taxes are not paid (redeemed) within two years and one day of the tax lien date, the property could be conveyed to the City by deed and subsequently sold at public auction or sealed bid.

The City annually budgets an amount (overlay for abatements) for property tax abatements and refunds. All abatements and refunds are charged to overlay. Management has reviewed accounts receivable for collectability and has determined that an allowance for uncollectable accounts is necessary based on history and aging of individual accounts.

Taxes receivable at June 30, 2022 are comprised of:

Unredeemed taxes:	
Levy of fiscal year 2022	\$ 1,712,426
Levy of fiscal year 2021	326,144
Levy of fiscal year 2020	224,616
Levy of fiscal year 2019	105,047
Levy of fiscal year 2018	63,427
Levy of fiscal year 2017	64,321
Levy of prior years	103,233
Allowance for uncollectibles	(557,200)
Other miscellaneous taxes	<u>127,410</u>
Total	<u>\$ 2,169,424</u>

5. Departmental and Other Receivables

Departmental and other receivables at June 30, 2022 consist of the following:

	Impact Fees	Ambulance	School Cafeteria	Conservation	Other	Total
Gross	\$ 4,801,746	\$ 1,072,463	\$ 427,747	\$ 135,169	\$ 431,492	\$ 6,868,617
Less allowance for doubtful accounts	<u>-</u>	<u>(310,865)</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>(310,865)</u>
Total fund basis	<u>\$ 4,801,746</u>	<u>\$ 761,598</u>	<u>\$ 427,747</u>	<u>\$ 135,169</u>	<u>\$ 431,492</u>	<u>\$ 6,557,752</u>
Dover Net Fund						20,069
Fleet receivable						15,722
Government wide						<u>\$ 6,593,543</u>

Management has reviewed accounts receivable for collectability and has determined that an allowance for uncollectable accounts is necessary based on history and aging of individual accounts.

6. Intergovernmental Receivables

The balance reported in the nonmajor governmental funds represents amounts to be received on various expenditure driven grants.

The New Hampshire Department of Environmental Services annually reimburses the City for a portion of the principal and interest payments on Sanitary Sewer Funds bonds. The reimbursement is based upon the amount of the State's participation in the original sewer project. The amount due from the State in future years is as follows:

Fiscal Year Ended June 30,	Reimbursement For		
	Principal	Interest	Total
2023	\$ 222,933	\$ 91,047	\$ 313,980
2024	220,020	83,358	303,378
2025	222,847	78,206	301,053
2026	225,732	72,987	298,719
2027	218,944	67,705	286,649
2028 - 2032	1,141,002	252,619	1,393,621
2033 - 2037	1,139,274	111,758	1,251,032
2038 - 2039	<u>356,627</u>	<u>10,735</u>	<u>367,362</u>
Total	<u>\$ 3,747,379</u>	<u>\$ 768,415</u>	<u>\$ 4,515,794</u>

In the Sewer Enterprise fund, the City has accrued \$91,047 of interest due in fiscal year 2022, along with all principal, as intergovernmental receivables at June 30, 2022.

7. Loans Receivable

Loans receivable in nonmajor governmental funds represent the uncollected balance of community development, CDBG - CARES, and housing rehab loans net of an allowance for uncollectable accounts. Management determines the allowance on an annual basis. For fiscal year 2022 there is no amount recorded as an allowance for uncollectible accounts since existing loans are deemed fully collectible.

8. Interfund Fund Receivables, Payables, and Transfers

The City maintains self-balancing funds; however, most cash transactions flow through the General Fund. In order to obtain accountability for each fund, interfund receivable and payable accounts must be utilized. The following is an analysis of the June 30, 2022 balances in interfund receivable and payable accounts:

<u>Fund</u>	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
General Fund	\$ 1,250,319	\$ 31,757,367
Major ARPA Fund	6,893,025	-
Nonmajor Governmental Funds	16,288,300	7,698,698
Proprietary Funds:		
Enterprise Funds:		
Water - Major	6,545,515	-
Sewer - Major	7,718,038	-
DBIDA	24,800	-
Internal Service Funds	1,311,074	184,233
Fiduciary Funds:		
OPEB Irrevocable Trust fund	166,106	589,574
Private Purpose Trust Funds	798,870	847,671
Custodial Funds	<u>99,276</u>	<u>17,780</u>
Total	<u>\$ 41,095,323</u>	<u>\$ 41,095,323</u>

The following is an analysis of the June 30, 2022 interfund transfers:

<u>Governmental Funds:</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ 4,152,145	\$ (5,523,957)
Nonmajor Governmental Funds	4,914,950	(3,343,138)
Enterprise Funds		
Water	87,500	-
Sewer	-	(287,500)
Total Interfund Transfers	\$ <u>9,154,595</u>	\$ <u>(9,154,595)</u>

The majority of transfers out of the General Fund represent the City's practice of funding certain capital projects with capital reserve funds included in committed fund balance, including the \$3,037,822 transfer into various fiscal year capital project funds and \$1,250,000 transfer into the Tolend Road Landfill Closure Fund.

9. Capital Assets

Capital asset activity for the year ended June 30, 2022 was as follows (reported in thousands):

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental Activities				
Capital assets, being depreciated:				
Buildings and improvements	\$ 221,284	\$ 2,023	\$ (70)	\$ 223,237

Business-type activities capital assets, net	<u>\$ 104,901</u>	<u>\$ 20,826</u>	<u>\$ (11,482)</u>	<u>\$ 114,245</u>

Depreciation expense was charged to functions of the City as follows:

Governmental Activities	
General government	\$ 1,373,086
Public safety	1,455,841
Public works	4,852,723
Culture and recreation	3,607,558
Education	1,075,233
Public welfare	<u>49,294</u>
Total depreciation expense - governmental activities	<u>\$ 12,413,735</u>
Business-Type Activities	
Water	\$ 1,470,279
Sewer	<u>2,519,455</u>
Total depreciation expense - business-type activities	<u>\$ 3,989,734</u>

10. Accrued Liabilities

Accrued liabilities in the general fund represent salaries earned but unpaid to City and School employees and other related payroll liabilities at year-end.

11. Unearned Revenues

Unearned revenue represents grant funds received by the City from the American Rescue Plan Act (ARPA). These funds will be used for COVID-19 related expenditures or negative economic impacts of COVID-19 over the next several years.

12. Short-Term Notes Payable

Governmental Funds

In fiscal year 2021, the City drew down \$29,946, \$28,740, and \$9,905 on new state revolving loans for Stormwater Asset Management System, Catch Basin Spoils Facility, and Stormwater Illicit Discharge Detection. In fiscal year 2022, the City drew down \$18,302 and \$28,726 on new state revolving loans for Cocheco River Outfall Stormwater and Catch Basin Spoils Facility. These projects are scheduled for completion in fiscal year 2023.

Business-Type Activities

Water

In fiscal year 2017, the City received funding authorization for a Water Facilities Improvement Phase II project from the State of New Hampshire through a revolving renovation loan fund for which up to 15% of the amount drawn by the City will be covered by a federal grant. As of June 30, 2021, the City has received \$5,786,187 of reimbursements related to the water project and drew down additional \$371,526 in fiscal year 2022, resulting in outstanding balance of \$6,157,713 at June 30, 2022. Interest rate is accruing at 1.96% during construction. The Water Facilities Improvements Phase II is scheduled for completion in fiscal year 2023.

Sewer

As of June 30, 2021, the City has received \$1,060,135 of reimbursements related to a sewer state revolving loan for Varney Brook improvements. In fiscal year 2022, the City had an additional draw down of 1,939,865. The project was completed in fiscal year 2022 and the outstanding principal balance of \$3,000,000 was forgiven.

As of June 30, 2021, the City has received \$175,340 on state revolving loans for the catch basin and the collection system. In fiscal year 2022, the City had an additional draw down of \$87,620 on the Collection System, resulting in an outstanding balance of \$90,000, and had a draw down of \$1,476,288 for the Catch Basin, resulting in an outstanding balance of \$1,649,248. The Catch Basin and Collection System is scheduled for completion in fiscal year 2023.

As of June 30, 2021, the City has received \$66,196 on state revolving loans for Dover Downtown and Stark Ave Sewer Rehabilitation. In fiscal year 2022, the City had an additional draw down of \$833,119, resulting in an outstanding balance of \$899,315. The project is scheduled for completion in fiscal year 2023.

13. Lease Payable

On December 24, 2020, the City entered into a 5 year lease with Trafera Financial Services for the use of school laptops. The City is required to make annual fixed payments of \$431,640. The lease has an interest rate of 0.73%. Future lease payments are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 422,361	\$ 9,279	\$ 431,640
2024	425,431	6,209	431,640
2025	428,525	3,115	431,640
Total	\$ <u>1,276,317</u>	\$ <u>18,603</u>	\$ <u>1,294,920</u>

14. Long-Term Liabilities

Long-Term Debt Supporting Activities

General obligation bonds, issued by the City for various municipal projects, are approved by City Council and repaid with property taxes recorded in the General Fund and user fees recorded in enterprise funds. Compensated absences are repaid from the funds that the costs relate to, mostly the General Fund, but also water, sewer, internal service, and other special revenue funds. The net other post-employment benefit liability and net pension liability are liquidated by the proportional share of the liability by the General Fund, Water Fund and Sewer Fund.

General Obligation Bonds and Loans

The City's general obligation bonds and loans are used to provide funds for the acquisition and construction of major capital facilities. General obligation bonds and loans have been issued for both governmental and business-type activities. The City has not issued any revenue bonds. All bonds and loans outstanding were used in calculating the net position invested in

capital assets net of related debt. General obligation bonds and loans currently outstanding are as follows:

<u>Description</u>	<u>Original Issue Amount</u>	<u>Interest Rate(s) %</u>	<u>Maturity Date</u>	<u>Amount Outstanding as of 6/30/22</u>
Bonds Payable				
Public improvements refunding 2003 & 2004	\$ 17,530,000	2.3433%	6/15/2032	\$ 4,420,000

The City's business-type fund future debt service is partially funded by the State of New Hampshire as described in Note 6. The governmental future debt service relating to school construction is partially funded by the New Hampshire Department of Education School Building Aid, which is annually appropriated by the State of New Hampshire.

Bond Authorizations

Long-term debt authorizations which have not been issued or rescinded as of June 30, 2022 are as follows:

Purpose	Amount
Public improvements – FY16	\$ 2,163,385
Public improvements – FY17	12,508,000
Public improvements – FY18	10,662,500
Public improvements – FY20	3,500,000
Public improvements – FY21	10,450,000
Public improvements – FY22	37,947,930
Public improvements – FY23	<u>18,150,000</u>
Total	\$ <u>95,381,815</u>

The City is subject to state law which limits debt outstanding to a percentage (depending on how funds will be used) of its last full state valuation. Debt incurred for state required sewerage systems is not subject to the limit. The following is a summary, by purpose, of the outstanding debt of the City at June 30, 2022, and related limitations. These limits are based on the tax year 2021 base valuations for debt limits of \$5,043,137,307 provided by the State Department of Revenue Administration.

<u>Purpose</u>	<u>Percent of State Assessed Value</u>	<u>Maximum Debt Limit</u>	<u>Applicable Bonds Outstanding 6/30/22</u>
Municipal	3%	\$ 151,294,119	\$ 41,727,497
School	7%	353,019,611	82,784,132
Water	10%	504,313,731	14,916,336

15. Self-Insurance

Effective July 1, 2014, the City is insured for workers' compensation through the Public Risk Management Exchange (Primex). Any claims incurred prior to July 1, 2014 are covered under the City's self-insured worker's compensation program. Under the terms of that insurance coverage, the City was liable for \$500,000 per incident. The insurer's limit of liability was \$1,000,000. The City did not carry any aggregate insurance. Funding of the workers' compensation internal service fund is through charges levied to the general, special revenue and enterprise funds.

Claims Liability

The following represents changes in the workers' compensation claims liability:

	Year Ended <u>June 30, 2022</u>	Year Ended <u>June 30, 2021</u>
Unpaid claims, beginning of year	\$ 201,834	\$ 61,950
Claims incurred (including IBNRs)	68,164	227,928
Claims paid	<u>(82,003)</u>	<u>(88,044)</u>
Unpaid claims, end of fiscal year	<u>\$ 187,995</u>	<u>\$ 201,834</u>

The City's policy is to maintain 100% funding for an actuarially determined claims liability based on a 65% confidence level. Out of the \$187,995 claims liability as of June 30, 2022, \$77,078 is estimated to be due within one year.

16. Pension Plan

The City follows the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, with respect to the State of New Hampshire Retirement System (NHRS).

Plan Description

Full-time employees participate in the State of New Hampshire Retirement System (the System), a cost-sharing, multiple-employer defined benefit contributory pension plan and trust established in 1967 by RSA 100-A:2 and qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan provides service, disability, death, and vested retirement benefits to members and their beneficiaries. Substantially all full-time state employees, public school teachers and administrators, permanent firefighters, and permanent police officers within the State of New Hampshire are eligible and required to participate in the system. Full-time employees of political subdivisions, including counties,

municipalities, and school districts, are also eligible to participate as a group if the governing body of the political subdivision has elected participation. The plan covers 467 participating employers.

The New Hampshire Retirement System, a Public Employees Retirement System (PERS), is divided into two membership groups. State or local employees and teachers belong to *Group I*. Police officers and firefighters belong to *Group II*. All assets are held in a single trust and are available to each group. Additional information is disclosed in the System's annual report publicly available from the New Hampshire Retirement System located at 54 Regional Drive, Concord, New Hampshire 03301-8507.

Benefits Provided

Group I members at age 60 or 65 (for members who commence service after July 1, 2011) qualify for a normal service retirement allowance based on years of creditable service and average final salary for the highest of either 3 or 5 years, depending on when their service commenced. The yearly pension amount is $1/60$ or 1.667% of average final compensation (AFC), multiplied by years of creditable service. At age 65, the yearly pension amount is recalculated at $1/66$ or 1.515% of AFC multiplied by years of creditable service.

Group II members who are age 60, or members who are at least age 45 with at least 20 years of creditable service, can receive a retirement allowance at a rate of 2.5% of AFC for each year of creditable service, not to exceed 40 years. Members commencing service on or after July 1, 2011 or members who have a nonvested status as of January 1, 2012 can receive a retirement allowance at age 52.5 with 25 years of service or age 60. The benefit shall be equal to 2% of AFC times creditable service up to 42.5 years. However, a member who commenced service on or after July 1, 2011 shall not receive a retirement allowance until attaining the age of 52.5, but may receive a reduced allowance after age 50 if the member has at least 25 years of creditable service where the allowance shall be reduced, for each month by which the benefit commencement date precedes the month after which the member attains 52.5 years of age by $\frac{1}{4}$ of 1% or age 60.

Members of both groups may qualify for vested deferred allowances, disability allowances and death benefit allowances subject to meeting various eligibility requirements. Benefits are based on AFC or earned compensation and/or service.

Plan Membership

Employee membership data related to the Plan as of June 30, 2022 was as follows:

Retirees and beneficiaries	39,612
Inactive, non-retired members	16,421
Active members	<u>48,479</u>
Total	<u><u>104,512</u></u>

Contributions

Plan members are required to contribute a percentage of their earnable compensation to the pension plan, which the contribution rates are 7% for employees and teachers, 11.55% for police and 11.80% for fire. The City makes annual contributions to the pension plan equal to the amount required by Revised Statutes Annotated 100-A:16, which is 13.75% for employees, 19.48% for teachers, 30.67% for police and 29.78% for fire. The City's contribution to the System for the year ended June 30, 2022 was \$9,276,695, which was equal to its annual required contribution.

Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the NHRS and additions to/deductions from NHRS's fiduciary net position have been determined on the same basis as they are reported by NHRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pension

At June 30, 2022, the City's proportionate share of the net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was based on the June 30, 2020 actuarial valuation. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At the most recent measurement date of June 30, 2021, the City's proportion was 1.637%, which was an increase of 0.014% from its previous year proportion.

For the year ended June 30, 2022, the City recognized pension expense of \$6,255,582. In addition, the City reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Differences between expected and actual experience	\$ 2,031,316	\$ 759,477
Net difference between projected and actual earnings on pension plan investments	-	20,288,683
Changes in assumptions	7,576,733	-
Changes in proportion and differences between contributions and proportionate share of contributions	1,608,582	-
Contributions subsequent to the measurement date	<u>9,276,695</u>	<u>-</u>
Total	<u>\$ 20,493,326</u>	<u>\$ 21,048,160</u>

Deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense, as follows:

<u>Year Ended June 30:</u>	
2023	\$ (1,040,917)
2024	(950,517)
2025	(1,375,552)
2026	<u>(6,464,543)</u>
Total	<u>\$ (9,831,529)</u>

Actuarial Assumptions

The total pension liability in the June 30, 2020 actuarial valuation was using the following actuarial assumptions:

Price inflation	2.00% per year
Wage inflation	2.75% (2.25% for teachers) per year
Salary increases	5.60% average, including inflation
Investment rate of return	6.75%, net of pension plan investment expense, including inflation

Mortality rates were based on the Pub-2010 healthy retiree mortality tables with credibility adjustments for each group (police and fire combined) and projected fully generational mortality improvements using scale MP-2019.

Certain actuarial assumptions used in the June 30, 2020 valuation were based on the results of the most recent actuarial experience study, which was for the period July 1, 2016 to June 30, 2019.

The long-term expected rate of return on pension plan investments was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return net of investment expenses by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major class are summarized in the following table.

<u>Asset Class</u>	<u>Target Allocation Percentage</u>	<u>Weighted Average Average Long- Term Expected Real Rate of Return</u>
Large Cap Equities	22.50 %	6.46%
Small/Mid Cap Equities	<u>7.50</u>	1.14%
Total Domestic Equities	30.00	
Int'l Equities (unhedged)	14.00	5.53%
Emerging Int'l Equities	<u>6.00</u>	2.37%
Total International Equities	20.00	
Core US Fixed Income	<u>25.00</u>	3.60%
Total Fixed Income	25.00	
Private equity	10.00	8.85%
Private debt	<u>5.00</u>	7.25%
Total Alternative Investments	15.00	
Real Estate	<u>10.00</u>	6.60%
Total	<u><u>100.00</u></u> %	

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. For purposes of the projection, member contributions and employer service cost contributions are projected based on the expected payroll of current members only. Employer contributions are determined based on the pension plan's actuarial funding policy and as required by RSA 100-A:16. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the collective total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 6.75%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (5.75%) or 1 percentage-point higher (7.75%) than the current rate:

1% Decrease <u>(5.75%)</u>	Current Discount Rate <u>(6.75%)</u>	1% Increase <u>(7.75%)</u>
\$ 103,745,138	\$ 72,543,244	\$ 46,515,770

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separately issued NHRS financial report.

17. Other Postemployment Benefits Plan

The City has two OPEB plans which employees participate in for which separate disclosure information is provided below.

City of Dover Retiree Group Health Insurance Plan

Plan Description

The City pays toward the cost of health care benefits for certain qualified retirees enrolled at the time of retirement and their eligible dependents (Retiree Group). The City will also pay toward the cost of health care benefits for certain current employees and eligible dependents upon retirement. The City provides post-employment health care benefits for retired employees through the City's single employer benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by NH RSA 100-A:50. The City has contracted with an actuarial consultant to provide the actuarial valuation of the City's OPEB liability under GASB 75. The Plan does not issue a separate audited financial report.

Benefits Provided

The City provides medical, dental, prescription drug, mental health/substance abuse and life insurance to retirees and their covered dependents who meet certain eligibility criteria.

Current retirees have their health care benefit cost paid by the City if they retired while enrolled in the City's Group Health Insurance program and had a minimum of 20 years of continuous creditable service with the City. Current employees are eligible for City cost participation when they retire only if they meet the same enrollment and service criteria and were hired on or before May 30, 2000, depending on the bargaining unit.

Employees who retire from the City under the New Hampshire Retirement System (NHRS) and participated in the City's Group Health Insurance Program at the time of retirement, but who are not eligible for any City retiree health care benefit cost coverage, may also join the Retiree Group. Coverage will continue for themselves and their eligible dependents at their own expense in accordance with state statute (NH RSA 100-A:50).

Covered Employees

At June 30, 2022, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefit payments	161
Active plan members	<u>623</u>
Total plan members	<u><u>784</u></u>

Funding Policy and On-Behalf Payments

The City's policy is to pay for the pay-as-you-go costs as incurred from the general fund and contribute a flat dollar amount of \$1,253,900 to the trust each year.

The retiree health care benefit cost to the City is lessened by subsidies received by retirees from the NHRS. Health care benefit costs are reduced significantly upon a retiree or their dependents attaining the age of 65, at which time they become eligible for Medicare and are changed to a Medicare supplement plan.

For the fiscal year ended June 30, 2022, \$610,211 was recorded as revenues and expenditures in the general fund relative to on-behalf payment received from the state.

OPEB Trust assets have been set aside by the City and are invested in common with the other trust funds maintained by the City, to pre-fund the City's portion of the OPEB liability; the SAU (School Department) has not set aside any funds to pre-fund the SAU's portion of their liability.

Net OPEB Liability

The City's net OPEB liability was measured as of June 30, 2022; the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2020.

The components of the net OPEB liability as of June 30, 2022 were as follows:

Total OPEB liability	\$ 48,325,064
OPEB plan fiduciary net position	<u>13,715,552</u>
Net OPEB liability	<u><u>\$ 34,609,512</u></u>
Plan fiduciary net position as a percentage of the total OPEB liability	28.38%

Actuarial Assumptions

The total OPEB liability at June 30, 2022 was based on June 30, 2020 actuarial valuation and was determined using the following actuarial assumptions:

Inflation	3.00%
Salary increases	3.00%
Discount rate	5.25% City and 4.09% School
Healthcare cost trend rates	7.50% for 2023, fluctuating 0.50%, to an ultimate rate of 4.50% as of 2029 and later years
Participation rate	50% for most City employees and 25% for most school employees
Retirees' share of benefit-related costs	100% for most retirees

Mortality rates for general employees were based on the SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2021. Teachers were based on SOA Pub-2010 Teacher Headcount Weighted Mortality Table fully generational using Scale MP-2021. Police and Fire Employees were based on SOA PUB-2010 Public Safety Headcount Weighted Mortality Table fully generational using Scale MP-2021. Surviving spouses were based on SOA Pub-2010 Contingent Survivor Headcount Weighted Mortality Table fully generational using Scale MP-2021.

The long-term expected rate of return on Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
US Large Cap Equity	33.75%	5.75%
US Mid Cap Equity	4.50%	6.75%
Developed International Equity	6.75%	7.00%
Commodity	5.00%	4.00%
Fixed Income	45.00%	2.50%
Cash	5.00%	1.25%
Total	<u>100.00%</u>	

Discount Rate. The discount rate used to measure the total City OPEB liability was 5.25%. This is based on a projection of cash flows which assumed the City would continue to pay the annual pay-as-you-go cost and contribute \$1,253,900 to the OPEB Trust each year. Based on the funding and investment strategy, the Trust is not expected to be depleted. The 4.09% discount rate for SAU is based on the S&P Municipal Bond 20-Year High Grade Rate Index as of June 30, 2022.

Changes in the Net OPEB Liability

Changes in the City's net OPEB liability were as follows for the year ended June 30, 2022:

	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Liability (a) - (b)
Balances, beginning of year	\$ 46,934,681	\$ 11,427,462	\$ 35,507,219
Changes for the year:			
Service cost	499,034	-	499,034
Interest	2,413,772	-	2,413,772
Changes in assumptions	895,193	-	895,193
Differences between expected and actual experience	(520,291)	-	(520,291)
Contributions - employer	-	3,067,031	(3,067,031)
Net investment income	-	1,191,446	(1,191,446)
Benefit payments	(1,875,627)	(1,875,627)	-
Benefit payments - SAU	(21,698)	(21,698)	-
Administrative expense	-	(73,062)	73,062
Net Changes	<u>1,390,383</u>	<u>2,288,090</u>	<u>(897,707)</u>
Balances, end of year	\$ <u>48,325,064</u>	\$ <u>13,715,552</u>	\$ <u>34,609,512</u>

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate. The following presents the City and SAU's net OPEB liability, as well as what the City and SAU's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (4.25% and 3.09%) or 1 percentage point higher (6.25% and 5.09%) than the current discount rate:

	1% Decrease	Current Discount Rate (5.25%/4.09%)	1% Increase
Net OPEB liability City	\$ 40,171,696	\$ 33,754,795	\$ 28,467,377
Net OPEB liability SAU	\$ 917,193	\$ 854,717	\$ 795,799

Sensitivity of the Net OPEB Liability to Changes in Healthcare Cost Trend Rates. The following presents the City and SAU's net OPEB liability, as well as what the City and SAU's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (6.5% decreasing to 3.5%) or 1 percentage point higher (8.5% decreasing to 5.5%) than the current healthcare cost trend rates:

	1% <u>Decrease</u>	Healthcare Cost Trend Rates (7.5% decreasing to 4.5%)	1% <u>Increase</u>
Net OPEB liability City	\$ 28,427,774	\$ 33,754,795	\$ 40,168,994
Net OPEB liability SAU	\$ 765,843	\$ 854,717	\$ 958,798

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the City recognized OPEB expense of \$447,094. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Difference between expected and actual experience	\$ 56,881	\$ 9,816,883
Change in assumptions	4,969,659	102,051
Net difference between projected and actual earnings on plan investments	-	<u>462,017</u>
Total	<u>\$ 5,026,540</u>	<u>\$ 10,380,951</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense, as follows:

<u>Year Ended June 30:</u>	
2023	\$ (735,671)
2024	(935,220)
2025	(1,765,437)
2026	(1,580,696)
2027	(316,375)
Thereafter	<u>(21,012)</u>
Total	<u>\$ (5,354,411)</u>

State of New Hampshire Retirement System Group Health Insurance Plan

Plan Description

The City also participates in a second other post-retirement benefit (OPEB) plan that provides health insurance (Health Plan) to retiring employees. The Health Plan is a cost-sharing multiple – employer OPEB plan administered by New Hampshire Retirement System (NHRS). Benefit amounts and eligibility requirements for the OPEB Plan are set by state law (RSA 100-A:52, RSA 100-A:52-a, and RSA 100-A:52b) and members are designated in statute by type.

The New Hampshire Retirement System, a Public Employees Retirement System (PERS), is divided into two membership groups. State or local employees and teachers belong to *Group I*. Police officers and firefighters belong to *Group II*. Additional information is disclosed in the System's annual report publicly available from the New Hampshire Retirement System located at 54 Regional Drive, Concord, New Hampshire 03301-8507.

Benefits Provided

The OPEB Plan provides a medical insurance subsidy to qualified retired members. The medical insurance subsidy is a payment made by NHRS to the former employer or its insurance administrator toward the cost of health insurance for a qualified retiree, his/her qualified spouse, and his/her certified dependent children with a disability who are living in the household and being cared for by the retiree. Group I benefits are based on creditable service, age and retirement date. Group II benefits are based on hire date, age and creditable service. The OPEB plan is closed to new entrants. The monthly Medical Subsidy rates are:

1 Person - \$375.56
2 Person - \$751.12
1 Person Medicare Supplement - \$236.84
2 Person Medicare Supplement - \$473.68

Contributions

Pursuant to RSA 100-A:16, III, and the biennial actuarial valuation, funding for the Medical Subsidy payment is via the employer contributions rates set forth by NHRS. Employer contributions required to cover that amount of cost not met by the members' contributions are determined by a biennial actuarial valuation by the NHRS actuary using the entry age normal funding method and are expressed as a percentage of earnable compensation. The City contributed 0.31% of earnable compensation for Group I employees, 1.54% for Group I teachers and 3.21% of earnable compensation for Group II fire and police department members. Employees are not required to contribute. The State Legislature has the authority to establish, amend, and discontinue the contribution requirements of the Medical Subsidy plan.

Actuarial Assumptions

Actuarial assumptions are the same in the Retirement System footnote.

Net OPEB Liability, Expense, and Deferred Outflows and Inflows

The City's proportionate share of the net NHRS Medical Subsidy (net OPEB liability) as of the measurement date of June 30, 2021 was \$6,767,842.

For the year ended June 30, 2021, the City recognized an OPEB expense related to the NHRS Medical Subsidy of \$388,353. At June 30, 2022, the City reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Net difference between projected and actual earnings on OPEB investment	\$ -	\$ 84,542
Difference between expected and actual experience	-	1,412
Changes in proportion and differences between employer contributions and share of contributions	449	-
City contributions subsequent to the measurement date	<u>708,262</u>	<u>-</u>
Total	<u>\$ 708,711</u>	<u>\$ 85,954</u>

The amount reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the net OPEB liability in the year ending June 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ended June 30:</u>	
2022	\$ (20,301)
2023	(17,763)
2024	(19,911)
2025	<u>(27,530)</u>
Total	\$ <u>(85,505)</u>

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

1% Decrease (5.75%)	Discount Rate (6.75%)	1% Increase (7.75%)
\$ 7,357,177	\$ 6,767,842	\$ 6,255,083

Healthcare Cost Trend Rate

Healthcare cost trend rates are not applicable given that the benefits are fixed stipends.

Consolidation of Net OPEB Liabilities and Related Items

	Net OPEB <u>Liability</u>	Total Deferred Outflows of <u>Resources</u>	Total Deferred Inflows of <u>Resources</u>	Total OPEB <u>Expense</u>
City OPEB Plan	\$ 34,609,512	\$ 5,026,540	\$ 10,380,951	\$ 447,094
Proportionate share of NHRS Medical Subsidy Plan	<u>6,767,842</u>	<u>708,711</u>	<u>85,954</u>	<u>388,353</u>
Total	\$ <u>41,377,354</u>	\$ <u>5,735,251</u>	\$ <u>10,466,905</u>	\$ <u>835,447</u>

18. Commitments and Contingencies

Outstanding Lawsuits

There are several pending lawsuits in which the City is involved. The City's management is of the opinion that the potential future settlement of such claims would not materially affect its financial statements taken as a whole and any liabilities incurred would be substantially covered by insurance.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

County Assessment

The City's property tax assessment is approximately 27% of Strafford County's total assessment. Strafford County has \$1,218,427 unassigned fund balance per their December 31, 2021 ACFR.

Encumbrances

At fiscal year-end, the City's commitments for encumbrances in the General Fund were \$4,253,540.

19. Landfill Closure and Postclosure Care Costs

The City owned and operated a 55-acre landfill on Tolend Road from 1960 to 1979. On September 10, 1991, the Environmental Protection Agency (EPA) issued a Record of Decision (ROD) on the closure of the site, including the City as a Potentially Responsible Party (PRP). The City is responsible for 42.68% of the costs for closure and post closure maintenance for the landfill site and responsible for 69.8% of the costs for the Southern Plume. Thirty-two PRPs made final settlement on all costs related to the closure with EPA. The City established an initial estimated \$11 million liability for its share of the capping and management of mitigation costs for the former landfill.

The City entered negotiations with the EPA and the State of New Hampshire Department of Environmental Services to implement a cost savings alternative to the closure capping. The City received approval for a pilot program to determine the effectiveness of an air sparging trench along the down gradient edge of the landfill which will treat contaminated ground water. As a result, the City received a four-year deferral of the capping requirement from EPA.

An Amended Record of Decision (AROD) from EPA was issued on September 30, 2004 to change the closure method. The City's new liability was estimated to be \$8 million for the alternative closure method using the same cost sharing percentage of 42.68%.

In January 2012, the construction of the source control remedy was completed for the landfill source control area. This construction consisted of two separate components, the groundwater extraction system, and the sewer conveyance system. The groundwater extraction system is designed to intercept contaminated groundwater emanating from beneath the former landfill; the groundwater is then conveyed to the City's wastewater treatment plant for treatment. The groundwater extraction system has been operational for eight years.

In 2019, the EPA completed a Five-Year Review, which had five specific recommendations for additional work at the former landfill including the Eastern Plume, and additional monitoring work for the Southern Plume. Two new contaminants have become a national concern for EPA and sampling is being required for these contaminants in the landfill and in the two extended plumes. The annual operations and maintenance costs for 2023 for the groundwater extraction system for the landfill source control area, to include the Five-Year review costs, is estimated at \$1.2 million, with the City being responsible for 42.68% or \$574,878. On the Southern Plume, monitoring costs are estimated at \$250,000 for 2023 with the City's 69.80% share being \$174,500. In the fall of 2020, the EPA determined a groundwater extraction system is required for the Southern Plume. The cost estimate for the groundwater extraction system is \$630,000 for 2023, with the City's share being \$439,740.

Therefore, as of June 30, 2022, the City is reflecting an estimated \$22.9 million landfill closure liability for 30-year estimate of post closure operations of the groundwater extraction and sewer conveyance systems for the Eastern Plume, the sampling costs and implementation of a groundwater extraction system for the Southern Plume. The City is expecting to fund its share of post closure costs through the annual operating budget. The total current cost of landfill closure and post-closure care is an estimate subject to changes resulting from inflation, deflation, technology, or changes in applicable laws and regulations.

20. Environmental Liability

In the early 2000's the US Army Corps of Engineering wanted to make the Cocheco river deeper and began a dredging project. It was determined that the soil being removed was hazardous and needed to be stored separately. The City built a site to store the hazardous material; however, that site is not capped. The design of the site is required for it to be full before it can be capped. The City is currently in the process of working towards adding additional material to the site. The estimate for capping the site is currently assessed at \$3,600,000. Actual costs may differ depending on the timing of completion.

21. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. There were no significant reductions in insurance coverage from the previous year and have been no material settlements in excess of coverage in any of the past three fiscal years.

22. Deferred Outflows of Resources and Deferred Inflows of Resources

The following is a summary of deferred outflows of resources and deferred inflows of resources as reported in the Statement of Net Position as of June 30, 2022:

	Governmental <u>Activities</u>	Business-type <u>Activities</u>
Deferred outflows from the pension plan	\$ 19,933,378	\$ 559,948
Deferred outflows from OPEB	4,614,069	412,471
Deferred outflows from OPEB NH Group Healthcare	708,711	-
Deferred outflows from deferred loss on refunding	<u>764,469</u>	<u>216,955</u>
Total deferred outflows	<u>\$ 26,020,627</u>	<u>\$ 1,189,374</u>
Deferred inflows from the pension plan	\$ 20,473,052	\$ 575,108
Deferred inflows from OPEB	9,520,741	860,210
Deferred inflows from OPEB NH Group Healthcare	<u>85,954</u>	<u>-</u>
Total deferred inflows	<u>\$ 30,079,747</u>	<u>\$ 1,435,318</u>

23. Net Position

Net Position Invested in Capital Assets

Net position invested in capital assets consists of capital assets, net of accumulated depreciation, reduced by the net debt related items (outstanding balances of bonds and loans payable, deferred amount on refunding, unamortized bond premiums and discounts) adding back any unspent proceeds.

Restricted Net Position

Net position is reported as restricted when there are external restrictions imposed by creditors, grantors or contributors, or laws or regulations of other governments.

24. Governmental Funds - Fund Balances

The following is a schedule of fund balance classifications for governmental funds as of June 30, 2022:

	General Fund	ARPA Fund	Nonmajor Governmental Funds	Total Governmental Funds
Nonspendable				
Inventory	\$ 2,059	-	\$ 117,313	\$ 119,372
Total Nonexpendable	2,059	-	117,313	119,372
Restricted				
Special revenue funds:

25. Restricted Net Position

The City's restricted net position at June 30, 2022 are comprised of the following:

<u>Purpose</u>	<u>Governmental Activities</u>
Grants	\$ 650
Housing and community development	430,312
Cemetery perpetual care	4,708,810
Public safety	1,513,706
School department	590,734
Public works	257,821
Planning	696,874
Conservation	1,313,198
Recreation	215,817
Library	480,400
Welfare	<u>487,252</u>
Total	\$ <u>10,695,574</u>

26. Tax Increment Financing Districts

The City has created two tax increment finance districts (TIFD) as authorized by the State of New Hampshire statutes for municipal economic development and revitalization districts. These districts have been designated by the City to improve infrastructure development, marketing and promotion of the district, and encourage new development.

The Downtown Dover TIFD creation is intended to help provide downtown parking for various users and support infill and economic development by providing public parking facilities and other public infrastructure improvements. The Downtown Dover TIFD is owned by the City and any revenue that is earned from this TIFD is used to pay debt service or will be accumulated in a special revenue account to be used for bond debt payments in the future. Property taxes are not being foregone or retired to a specific taxpayer but remain with the City for debt service payments that relate to this TIFD. For the fiscal year ended June 30, 2022, the Downtown Dover TIFD had a total tax captured of \$1,360,913 that will be used for the purposes previously noted.

The Waterfront TIFD creation is intended to create a clean and readily developable site along the Cochecho River and other public infrastructure improvements to support development of the site. The Waterfront TIFD is owned by the City and any revenue that is earned from this TIFD is used to pay debt service or will be accumulated in a special revenue account to be used for bond debt payments in the future. Property taxes are not being foregone or retired to a specific taxpayer but remain with the City for debt service payments that relate to this TIFD. For the fiscal year ended June 30, 2022, the Waterfront TIFD had a total tax captured of \$182,642 that will be used for the purposes previously noted.

27. Beginning Net Position Restatement

The beginning (July 1, 2021) net position of the City has been restated as follows:

Government-Wide Financial Statements:	Business-Type Activities			
	Governmental Activities	Water Fund	Sewer Fund	Total
As previously reported	\$ 51,613,702	\$ 34,943,523	\$ 42,904,160	\$ 77,847,683
Restatement of net pension liability and related deferred inflows and outflows	(5,174,462)	2,405,208	2,769,254	5,174,462
Restatement of capital assets	-	-	(1,274,897)	(1,274,897)
Restatement of environmental liability	(3,600,000)	-	-	-
As restated	\$ 42,839,240	\$ 37,348,731	\$ 44,398,517	\$ 81,747,248

28. Beginning Fund Balance Reclassification

The City’s major governmental funds for fiscal year 2022, as defined by Governmental Accounting Standards Boards Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, have changed from the previous fiscal year. Accordingly, the following reconciliation is provided:

Fund Basis Financial Statements:

	<u>ARPA Fund</u>	Nonmajor Governmental <u>Funds</u>	<u>Total</u>
As previously reported	\$ -	\$ 14,230,352	\$ 14,230,352
Reclassification of major funds	<u>3,973</u>	<u>(3,973)</u>	<u>-</u>
As reclassified	<u>\$ 3,973</u>	<u>\$ 14,226,379</u>	<u>\$ 14,230,352</u>

29. Subsequent Events

Subsequent to June 30, 2022, the City issued a tax anticipation note for \$10,000,000. The note matures on January 12, 2023 with an interest rate of 5.00%.

The City has evaluated subsequent events through January 19, 2023 the date after the financial statements were available to be issued.

(This page intentionally left blank.)

REQUIRED SUPPLEMENTARY INFORMATION

(This page intentionally left blank.)

General Fund

The General Fund is established to account for all resources obtained and used for those services commonly provided by the City which are not accounted for in any other fund. These services include, among other items: general government, public safety, public works, culture and recreation, education, public welfare, intergovernmental, and debt service. The primary sources of revenue of the General Fund are property taxes, unrestricted state revenue sharing grants, certain restricted grants, and fees for services rendered.

**Notes to Required Supplementary Information
for General Fund Budget**

Budget/GAAP Reconciliation

The budgetary data is based upon accounting principles that differ from GAAP. Therefore, in addition to the GAAP basis financial statements, the results of operations of the General Fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison with budgetary data. The following is a summary of adjustments made to the actual revenues and other sources, and expenditures and other uses, to conform to the budgetary basis of accounting.

<u>General Fund</u>	Revenues and Other <u>Financing Sources</u>	Expenditures and Other <u>Financing Uses</u>
GAAP Basis	\$ 127,654,202	\$ 120,869,199
Reverse on-behalf payments	(610,211)	(610,211)
Add end-of-year appropriation carryforwards from expenditures	-	8,492,965
Less expenditures from prior year reserves and carryovers	-	(4,689,829)
To gross up county tax	9,548,144	9,548,144
Capital reserve fund activity	(1,478,616)	(253,906)
To gross up for loan forgiveness	(874,997)	(874,997)
Other adjustments	<u>(55,808)</u>	<u>(46,507)</u>
Budgetary Basis	<u>\$ 134,182,714</u>	<u>\$ 132,434,858</u>

Notes to Required Supplementary Information

Valuation Date: Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine Contribution Rates:

Actual cost method	Entry age normal level percentage of salary
Amortization method	Level dollar
Remaining amortization period	20 years
Asset valuation method	Market value of asset
Inflation	3.00%
Healthcare cost trend rates	7.5% initial, decreasing 0.5% per year to an ultimate rate of 4.5%
Salary increases	3%, average, including inflation
Investment rate of return	7%, net of Plan investment expense, including inflation

Combining Financial Statements

(This page intentionally left blank.)

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are established to account for resources obtained and expended for specified purposes and restricted by law or local action.

Special Revenue Funds are established for the following purposes:

- **Community Development Fund** – To account for grant proceeds received from the U.S. Department of Housing and Urban Development under the Community Development Block Grant (CDBG) program and the related program and subgrant expenditures.
- **CDBG Recovery Fund** – To account for the ARRA grant proceeds related to the CDBG program.
- **Dover Main Street Fund** – To account for the expenditures related to the Main Street Program, reimbursed by Dover Main Street, Inc.
- **Housing Rehabilitation Loan Fund** – To account for loans given to low- and moderate-income individuals for the purpose of improving their private dwellings.
- **Economic Development Loan Fund** – To account for loans given to small business for the purpose of business establishment or expansion.
- **Police DOJ Fund** – To account for grant proceeds from the U.S. Department of Justice for various drug and alcohol awareness and prevention programs.
- **Homeland Security Fund** – To account for grant proceeds from the U.S. Department of Homeland Security for equipment purchases.
- **Police DHA Fund** – To account for funds received from the Dover Housing Authority for payment toward funding a police officer presence at their housing area.
- **Police DOT Fund** – To account for grant proceeds from the U.S. Department of Transportation for various driving safety programs.
- **DHHS Assistance Programs** – To account for grant proceeds for at-risk youth in the community passed through Department of Health and Public Welfare.
- **Police Youth Tobacco and the Alcohol Awareness Fund** – To account for grant proceeds of various tobacco and alcohol awareness and prevention programs.
- **Emergency Management Fund** – To account for grant proceeds from the U.S. Federal Emergency Management Agency for preparation for major disasters.
- **Radiological Emergency Response** – To account for grant proceeds related to emergency preparedness for Seabrook radiological response.

- **DOI Fund - National Park Programs** – To account for grant proceeds from the U.S. Department of the Interior for various programs.
- **EPA Fund** – To account for grant proceeds from the U.S. Environmental Protection Agency for various programs.
- **NEA Fund - National Endowment for the Arts** – To account for grant proceeds from the National Endowment of the Arts for various programs used to develop and maintain partnerships with state and jurisdictional art agencies.
- **School Cafeteria Fund** – To account for cafeteria operations of the Dover school system, including reimbursement from the U.S. Department of Education and receipt of U.S. Department of Agriculture food commodities.
- **School Federal Aid Fund** – To account for grants received from the U.S. Department of Education for various programs supporting school operations.
- **School Special Programs Fund** – To account for the Healthy Universal Beginnings program and ancillary education programs supported by the Dover school system and funded mainly by non-federal grants.
- **Planning Improvements Fund** – To account for the funds received pursuant to Planning Board conditions for approval and held for related offsite improvements or other expenditures.
- **Police and Fire Detail** – To account for police and fire outside detail activity.
- **Parking Activity Fund** – To account for revenues of all parking lots, leased parking spaces, and metered parking, and expenditures of enforcement, lighting, and snow removal.
- **Police Special Fund** – To account for forfeiture proceeds and special investigative expenditures.
- **Fire Special Projects Fund** – To account for special purpose grants awarded to the Fire Department.
- **Conservation Fund** – To account for the proceeds of current use (land change) penalties and the purchase of land or easements for conservation purposes.
- **Residential Solid Waste Fund** – To account for revenue from the sale of garbage bags and waste tags to local outlets for resale to the public and the expenditures or residential solid waste pickup and disposal.
- **McConnell Center Fund** – To account for the operations and maintenance of the McConnell Center facility and revenues from the leasing of space to 501(c)3 organizations and City and State organizations.
- **Recreation Programs Fund** – To account for the revenue and expenditures of self-supporting recreational programs.
- **Recreation Field Maintenance Fund** – To account for 10% of the proceeds of the sale of City gravel for use to maintain recreation fields.

- **Library Fines Fund** – To account for revenue assessed on late return of books for use to purchase books, periodicals, etc. for the Dover Public Library.
- **Tuition Programs Fund** – To account for the revenue and expenditures for Dover school supported Dover Adult Learning Center and summer sessions.
- **Vocational Center Fund** – To account for revenues and expenditures of minor programs of the Dover High School Regional Vocational Education Center.
- **School Facilities Fund** – To account for gate receipts used toward the cost of facility maintenance and upgrades.
- **City Facilities Fund** – These funds have been established in accordance with NH RSA Chapter 34 to account for revenues to finance infrastructure, equipment, and facility improvements as identified projects, pursuant to future growth of the City, in the Planning Board’s recommended Capital Improvements Plan for the Police Department, Fire and Rescue Department, Recreation Department, and School Department.
- **Other Special Revenue Funds** – To account for revenues and expenditures associated with various special revenue funds, formally classified as trusts under the “Pre-GASB 34” reporting model.

Capital Project Funds

- **CIP FY23** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2023 of the Capital Improvements Program.
- **CIP FY22** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2022 of the Capital Improvements Program.
- **CIP FY21** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2021 of the Capital Improvements Program.
- **CIP FY20** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2020 of the Capital Improvements Program.
- **CIP FY19** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2019 of the Capital Improvements Program.
- **CIP FY18** – To account for the revenue from bond and loan proceeds, capital reserve transfers, and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2018 of the Capital Improvements Program.
- **CIP FY17** – To account for the revenue from bond and loan proceeds, capital reserve transfers, and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2017 of the Capital Improvements Program.
- **CIP FY16** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2016 of the Capital Improvements Program.
- **CIP FY15** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2015 of the Capital Improvements Program.
- **CIP FY14** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2014 of the Capital Improvements Program.
- **CIP FY13** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2013 of the Capital Improvements Program.
- **CIP FY12** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2012 of the Capital Improvements Program.

- **CIP FY11** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2011 of the Capital Improvements Program.
- **CIP FY10** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2010 of the Capital Improvements Program.
- **CIP FY09** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2009 of the Capital Improvements Program.
- **CIP FY08** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2008 of the Capital Improvements Program.
- **CIP FY07** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2007 of the Capital Improvements Program.
- **CIP FY05** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2005 of the Capital Improvements Program.
- **CIP FY04** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2004 of the Capital Improvements Program.
- **CIP FY01** – To account for the revenue from bond and loan proceeds, capital reserve transfers and federal and state grant funding and the related expenditures for authorized projects contained within Fiscal Year 2001 of the Capital Improvements Program.
- **Tolend Road Landfill Closure** – To account for the revenues from bond and loan proceeds, insurance proceeds, and federal and state grant funding and the related expenditures for the design and construction costs of the closure of a landfill containing hazardous waste.
- **Cochecho River Dredge** – To account for the revenue from bond anticipation note proceeds and revenue from the placement of dredge spoils and the related expenditures for the design, construction and closure costs of a dredge spoils cell for the Cochecho River.
- **Recreation Field Construction** – To account for the revenue from the sale of gravel and the related expenditures for authorized recreation or other qualified projects.

(This page intentionally left blank.)

Debt Service Funds

- **Downtown Dover TIF Fund** – To account for funds collected in accordance with the tax increment financing plan established in March 2014 for repayment of bonds issued for construction of the Orchard Street Parking Garage and other capital improvements within the district as approved by City Council.
- **Waterfront TIF District Fund** - To account for funds collected in accordance with the tax increment financing plan established in February 2015 to facilitate development of a City-owned parcel off River Street by funding improvements and utility work, as approved by the City Council.

Enterprise Funds

Enterprise Funds were established to account for activities that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the activity be self-supporting based on user charges.

The City of Dover has the following Enterprise Funds:

Water Fund: To account for the operation of a water treatment plant, City wells, and water system.

Sewer Fund: To account for the operation of a sewer treatment plant, pumping station, and sewer lines.

DBIDA Fund: To account for the economic development projects of the Dover Business Industrial Development Authority (DBIDA), which operates under RSA 162-G.

No annual budget is adopted for the DBIDA Fund.

Fiduciary Funds

Fiduciary Funds account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and other funds.

Custodial Funds:

- Student Activities – To account for funds received from other organizations for activities administered by the Dover School Department.
- Taxes and Fees – To account for collection and payments of taxes and fees collected on behalf of the county and State of New Hampshire.

Private Purpose Trust Funds:

- Cemetery – To account for private donations left in trust to maintain graves and provide flowers.
- Parks and Recreation – To account for private donations left in trust to assist individuals attending various recreational programs.
- Welfare – To account for private donations left in trust for the benefit of low- or moderate-income individuals.
- School – To account for private donations left in trust mainly for the benefit of providing scholarships to high school graduates.

STATISTICAL
SECTION

(This page intentionally left blank.)

City of Dover, New Hampshire

Statistical Section

The City of Dover’s Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about the City’s overall financial health.

	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the City’s financial performance and well-being have changed over time.	173 - 182
Revenue Capacity These schedules contain information to help the reader assess the City’s most significant local revenue source, the property tax.	183 - 188
Debt Capacity These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future.	189 - 191
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the City’s financial activities take place.	192 - 193
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.	194 - 199

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

Data Source:
NH State Department of Revenue Administration

Notes:

⁽¹⁾Reflects the decrease to the City rate as a result of the City Council voting to use a portion of Fund Balance to finance the budget. This is calculated by the City of Dover for informational purposes.

⁽²⁾Debt service is included in the City and Local School rates.

⁽³⁾The NH State Legislature revised Education funding in Fiscal Year 2000, establishing a State Education Property Tax. Although warranted by the state, the taxes are collected by the City and spent for local school purposes. This rate does not apply to utility assessments. Utilities are billed directly by the State of NH.

City of Dover, New Hampshire

City of Dover Budget and Budget Resolutions

Notes:

⁽¹⁾ Amount to be raised by rate equals the net budget, i.e., appropriations less other revenue sources.

⁽²⁾ Billable Volume is the estimated billable water consumption in hundred cubic feet units (HCF).

⁽³⁾ Sewer charges are based on the amount of water consumed.

⁽⁴⁾ One hundred cubic feet (HCF) equals 748 gallons.

Notes:

⁽¹⁾In Fiscal Year 2009 the Arena Enterprise Fund was dissolved into the General Fund.

⁽²⁾Base Value for Debt Limits computed by the NH Department of Revenue Administration.

⁽³⁾Legal debt limit percentage rates set by NH State statute.

⁽⁴⁾Dover Business & Industrial Development Authority - Industrial Parks. Limit set by special legislation. New statute adopted by City Council February 9, 2005 effective for new debt authorizations.

⁽⁵⁾Dover Business & Industrial Development Authority - Industrial Park Buildings. Limit set by special legislation. New statute adopted by City Council February 9, 2005 effective for new debt authorizations.

⁽⁶⁾Dover Business & Industrial Development Authority - Bond Limit of general obligation of 8% of local assessed value.

⁽⁷⁾Debt exempt from limits consists of Sewer debt, debt for hazardous waste remediation included in City Departments and debt for Public Parking Improvements and Tax Increment Districts as set per NH State statute.

City of Dover, New Hampshire

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council
City of Dover, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dover, New Hampshire (the City), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated January 19, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Merrimack, New Hampshire
Andover, Massachusetts
Greenfield, Massachusetts
Ellsworth, Maine

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Melanson".
