## ANNUAL REPORT OF THE WEARE VOLUNTEER FIRE DEPARTMENT

---

The Weare Department answered 28 calls during 1943: 23 chimney fires; 4 building fires; and 1 brush fire. All fires were small and the resulting damage slight. As always chimney fires made up the big majority. The few fires which involved buildings all resulted from defective chimneys or from sparks coming from chimneys while burning out or from stacks of mills.

Owners or occupants of buildings are urged to have all defective and dangerous chimneys repaired without delay. Keep your chimneys clean and have all unused flue openings cemented up. Have a clean out door at the bottom and keep it cleaned out.

Investigate at once any smoke or smell of burning soot or creosote. Buildings are frequently set on fire from soot in the base of the chimney smoldering for long periods and heating the brick through.

Don't delay in calling aid when you have a chimney fire.

During 1943 the Department held twelve monthly meetings and several drills. The Auxiliary Fire Department has been active holding several meetings and drills during the year. Valuable assistance was given on several fires by the Auxiliary. We appreciate the assistance and interest of these Auxiliary members.

This past year a compressed air horn was installed on the garage at South Weare which makes us a quite satisfactory alarm for that village. A booster tank holding 60 gallons of water was installed on the South Weare truck also 150 feet of booster hose and a shutoff angle nozzle.

The East Weare fire station was painted and it is hoped that this building may be completed at some future time.

We purchased 4 additional firemen's coats and the unexpended balances of our appropriation were used in part to purchase a much needed power well pump.

The water holes throughout the town were brushed out and fences repaired. The water holes are in quite good condition.

We hope that the exceptional record of 1943 may be continued and that the strength and efficiency of the department may be further increased during 1944.

The fine cooperation the department has received during the past year is deeply appreciated.

Respectfully submitted,

GERALD H. HIGHT, Chief,

Weare Volunteer Fire Department.

## FOREST FIRE WARDEN'S REPORT

---

I have received from the Town for Forest Fire Work \$23.60 and the Town has been reimbursed by the State Forestry Department \$11.80.

The Dunbarton Fire of \$50.70 was paid direct to the Town and the Amherst Fire of \$17.00 was also paid to the Town.

Leaving Forest Fires costing the Town of Weare \$11.80 for 1943.

Again I wish to thank the Citizens of Weare for their splendid cooperation in keeping our Forest Fires at such a small figure during this trying period and shortage of manpower. I hope that we may receive this same cooperation in 1944.

## HOME FOOD PRODUCTION

---

Patriotism, prudence, and protection of health combine to urge that in 1944 every family produce and preserve for home consumption as much of the family's yearly food supply as possible. Home food production will assure our own food supply, will release more foods for the armed forces and lend-lease, will help meet the national goals, and will relieve transportation, labor and equipment shortages.

To help families with their plans for food production and preservation at home, the University of New Hampshire Extension Service lists the following free bulletins for your use:

Hotbeds and Cold Frames	Ext. Circ. 214
The Home Vegetable Garden	Ext. Circ. 170
Vegetable Storage	Ext. Circ. 140
Tomatoes for Good Health	Ext. Circ. 220
Control of Insects and Diseases in the Home Garden	Ext. Circ. 253
Strawberry Culture	Ext. Circ. 211
Red Raspberry Culture	Ext. Circ. 103
Blackberries for New Hampshire	Ext. Circ. 104
Grape Growing in New Hamp- shire	Ext. Circ. 173
Improved Blueberries	Ext. Circ. 215
The Home Poultry Flock	Ext. Circ. 250
Home Canning Guide	Ext. Bull. 57
Appetizing Pickles and Relishes	Ext. Circ. 130
Canning of Fruits and Vegeta- bles	Ext. Circ. 137
Canning of Meats	Ext. Circ. 175

List the titles of the bulletins which you would like on a penny post card and mail it to: Extension Service, Room 211, Thompson Hall, University of New Hampshire, Durham, New Hampshire.

Town Chairman, Home Food Production.

## RECORD OF SCHOOL MEETING 1943

---

At a meeting of the inhabitants of the school district in the Town of Weare, qualified to vote in district affairs, holden at the Town Hall in said district on the 10th day of April, 1943, at 2 o'clock in the afternoon:

The meeting was called to order by Charles F. Eastman, Moderator, and proceeded to the transaction of business as follows:

The warrant was read by the Moderator.

Art. 1. Charles F. Eastman was nominated for Moderator. On motion of Arlene Porter, voted that the Clerk cast one ballot for Charles F. Eastman for Moderator, which was done, and the said Charles F. Eastman was declared elected Moderator, and in open meeting took the oath of office prescribed by law.

Art. 2. Gertrude W. Osborne was nominated for Clerk. On motion of Wilbur W. Kamp, voted that the Moderator cast one ballot for Gertrude W. Osborne for clerk, which was done, and the said Gertrude W. Osborne was declared elected Clerk, and in open meeting took the oath of office prescribed by law.

Art. 3. Nominations for member of the School Board were Clarence S. Still and Gordon F. Boynton.

Number of ballots cast, 35, of which Doris Eaton had 1, Clarence S. Still had 10, and Gordon F. Boynton had 24, and the said Gordon F. Boynton was declared elected a member of the School Board for three years, and in open meeting took the oath of office prescribed by law.

Art. 4. Bert O. Sawyer was nominated for Treasurer. On motion of Clarence S. Still, voted that the Clerk cast one ballot for Bert O. Sawyer for Treasurer, which was done, and the said Bert O. Sawyer was declared elected Treasurer.

Art. 5. On motion of Clarence S. Still, voted that the salary of the school officers be the same as that of the town officers.

Art. 6. On motion of Arlene Porter, voted that this article be dismissed.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Weare :

It is with pleasure that I submit my annual report as Superintendent of your schools.

Schools opened last fall with eight new teachers. In Weare High School Miss Catherine Chace of Southbridge, Massachusetts, a graduate of the New Jersey College for Women, replaced Miss Lunt who left to assume a position in Brattleboro, Vermont. Miss Joan Hall was engaged to teach Home Economics after Miss Dunbar resigned. Miss Hall is a graduate of Keene Teachers' College. Miss Rosella Smith, also a graduate of Keene, with previous teaching experience and graduate study at the University of Vermont, assumed the position of mathematics and biology.

At South Weare, Mrs. Helen Gutterson of Goffstown, a graduate of Keene with teaching experience, replaced Miss Charas on the latter's resignation.

At Weare Center, Mrs. Frances Gaffney, a graduate of Keene with teaching experience in Weare, succeeded Miss Kendall who left for another teaching position.

In North Weare, Miss Margaret Walsh of Medford, Massachusetts, a graduate of the Leslie Kindergarten School and Boston University, replaced Miss Miller who resigned to teach in Exeter.

In East Weare, Mrs. Eunice Drewry, a graduate of the University of New Hampshire with teaching experience in Weare, succeeded Miss Peary who resigned to enter the armed services.

At Sugar Hill Mrs. Nellie Perrigo, a graduate of Keene with teaching experience in Weare and Beverly, Massachusetts, replaced Miss Conway who left to teach in Auburn.

The enrollment last year, as will be seen by the table accompanying this report, was 235 as compared with 239 the year before. It is gratifying that the usual high school enrollment is being maintained at a time when many high school students in other communities are leaving school for employment.

Through the encouragement of the Parent Teacher Association and cooperation of others, lunch programs are being maintained at Weare High School and the Center. These are financed in part by the Food Distribution Administration.

The age for entrance to Grade I is five years and eight months September 1, or six years on or before the following January 1. This is a standard generally recommended in New Hampshire and followed by most school districts.

Headmaster Dodds describes details of the work carried on in Weare High School. I commend it to your attention. The addition of another teacher to the high school faculty has brought about a distinct improvement in the work of the school.

Teachers and pupils have cooperated in a fine manner to meet the increased demands of war and to prepare our students for the peace which will follow. The aims and objectives of instruction have been the training of youth for the immediate tasks at hand as well as to equip them with the knowledge and experience needed to live in the world of the future as worthy citizens.

Immediate demands for assistance in the war effort have been efficiently and cheerfully met in our own and in neighboring schools. These include help in planting and harvesting farm crops, sale of war stamps in an ever increasing volume, issuance of Ration Book Four, Junior Red Cross activities, salvage collections and the like.

Teaching of the basic skills is the essential task of the schools and it is our policy to see that the job is thoroughly done by means of the best accepted methods. In

order for pupils to succeed in school work it is necessary that they possess a good foundation in reading habits and abilities. For this reason the major part of book expenditures has been to equip elementary grades with a good reading system supplemented by workbook exercises for reading growth with correct language habits in writing and speaking.

We as citizens owe our gratitude to the teachers who have remained loyal to their profession of teaching and to the married women who have assumed teaching positions which otherwise could not have been filled. Like their sisters in the armed forces, the Wits, our Women in Teaching Service, are protecting our social structure from danger. What our civilization may be tomorrow depends in large measure upon what the present generation becomes.

The future offers a great challenge. The shortage of teachers was acute last year; now it is alarming. It will remain serious even after the war, because new teachers are being trained in smaller and smaller numbers. Teacher college enrollments now are the smallest in many years. Consolidated schools and better salaries are measures which will be adopted in the most progressive towns to provide better advantages for children and to secure the best of available teachers.

The cooperation of parents, other citizens, and members of the school organization is greatly appreciated.

Respectfully submitted,

HARLAN E. ATHERTON,  
Superintendent of Schools.

**REPORT OF HEADMASTER  
WEARE HIGH SCHOOL**

Mr. Harlan Atherton,  
Superintendent of Schools,

Dear Mr. Atherton:

As I make this report I am more aware than ever before of how much effect the education, supervision and guidance of young people has upon their lives and upon the type of citizens we will have in the future. Within the last year and especially the last few months I have repeatedly heard and read reports of the increased number and severity of our youth problems. In each of these reports the thing which seems to stand out is the influence of the home or, as is so evident in these times, the lack of that influence. Reviewing the problems that we encounter at Weare High School, I am sure this loss of home guidance enters into very few of our cases. The people of Weare are fortunate in that they can exert their full share of effort in the war without making this sacrifice and we at the high school realize that our problems would be much more frequent and severe if it were not for the good home life that our students have in their out of school hours.

Our school has been effected by war conditions but not to the extent of many schools. Our enrollment is about the same and the percentage of students lost to the armed forces or to war industry has been small. Walter Turner a member of the class of 1944 was inducted into the army in January to become our only loss to these causes thus far.

Attendance seemingly is suffering compared with a state average which I notice has not dropped below 93% during the last nine years. Our average last year was slightly over 89%; for the first half of this year it is

91.4%; not including absence due to agricultural labor. I know that many of our students have been unable to get the most possible out of their classes because of the frequency of their being absent.

The most marked improvement in our high school this year is without question I think our addition of three basic courses in mathematics to the curriculum. Over 90% of the high school students are enrolled in at least one of them and the help these courses are and will be can not be over estimated.

I feel that the faculty of our school is making a determined effort to attain a high standard of scholarship and citizenship so that the young men and women leaving Weare High may be compared on any basis and found to possess the abilities and character to make him or her, not a future problem but a future asset to any community.

I feel especially indebted to you, Mr. Atherton for the help and inspiration you have been and to the others who by their cooperation have helped to make a successful school year.

Respectfully submitted,

JOHN A. DODDS,  
Headmaster Weare High School.

## REPORT OF THE SCHOOL NURSE

---

Every child should make a regular annual gain; therefore, each pupil is weighed and measured at the beginning of the school year, then several times before the close of school in June, so that we may ascertain their rate of growth according to the scale prepared by the State Board of Health. The normal weight is judged according to the height and age of the child.

About 225 pupils were examined the first of the school year, and the parents notified of any weakness or defect found.

Frequent use of the clinics affords an opportunity for an early diagnosis, treatments and corrections without any or but little expense.

Due to the shortage of doctors in the fall of 1943, we have been unable to take advantage of the heart clinics usually held once a month at the Elliot Hospital.

This same condition exists in the dental profession, and we regret that we have been unable to hold our usual dental clinics this year.

We have been more fortunate with the orthopedic clinics for treatment by appointment only was given to several of our physically handicapped children in this Union,

This fall we have been unusually free from any kind of an epidemic, whereas in the fall of 1942 there were 18 cases of chicken pox and 12 cases of scarlet fever.

Record of annual examination and follow-up work from September 1942 to December 1943.

Defective vision—45; number of defects corrected 32.

Defective teeth—150; number of defects corrected 58.

Diseased tonsils—26; number of cases corrected 22.

Cardiac disease—4; Pupils receiving treatment, 4; deceased, 1.

Hernia operations—2.  
 Appendectomy—2.  
 Orthopedic cases—3.

### Communicable Cases

Chicken pox—18.  
 Measles—2.  
 Whooping cough—6.  
 German measles—17.  
 Scarlet fever—12 (Fall of 1942); 1 case November, 1943.  
 Diphtheria—1.

The audiometer test was given in February, 1943.

Toxoid treatments were given by Dr. Reiner to 31 school children and several pre-school children November, 1943.

Dr. Fraser examined all of the high school, giving special attention to those who were to play basketball.

I gave a demonstration on the blood bank to the High School at the time the Red Cross was asking for blood donors.

One hundred fifty-one home visits were made during this school year.

The school lunch program will reach all of the pupils in the High School and the Center School this year. This is especially beneficial to the children who cannot go home for a noon meal or who would have very little lunch if they did go home. This means better health records and better scholastic records, because their lunch will include at least one square meal a day.

EDITH G. WALKER,  
 School Nurse.
