# Town Report 2010

Commemorating the 250<sup>th</sup> Anniversary of the Incorporation of the Town of Amherst on January 18, 1760

"Falling in love with Amherst is almost like a disease. If you stay here long enough the town really gets a hold of you and you begin to appreciate the history we share, the unique value of the common, the goodness of the people, and the beauty of the land."

> Betty Arnold 1912 – 2005

#### ക്ക DEDICATION ക്ക

#### ROBERT F. JACKSON September 14, 1935 – August 29, 2010

"Bob" Jackson, a longtime resident returned to Amherst in the early 70's from a career in New York City at the architectural office of Edward Durell Stone. Bob returned to Amherst from this promising career because he wanted to spend his life affecting the evolution of this town that he loved so much. In addition to hundreds of homes and businesses. Bob helped design the cemetery, baseball fields, tennis courts and Central Fire Station as his gift to the Town. He was also one of the two local architects who were instrumental in the recent renovations of the Town Hall.

Bob believed that service to the community was an obligation that we all share. He lived that belief with service as a member of the Board of Selectmen for two terms (Chairman 1996), Planning Board (Chairman) and creating Amherst's first Master Plan in 1978. Bob also worked closely with the Sounding Board, the Historic District Commission and as a 38 year member of Rotary.

In essence, Bob jump-started my career. An ideal situation for a MASH high school student, R.F. Jackson offered a program primarily for Amherst residents and business owner clientele. Back then, the architectural reproduction processes were very different from today's technology. We took field measurements, hand-drafted and made blueprints on Vellum and Mylar. I vividly recall the faint smell of ammonia each time upon entering the firm (as with all other architectural firms in those days). Bob would warmly welcome me into his office where I liked to find him seated at his office desk, surrounded by original artwork, including a Picasso. I enjoyed his company so much, that I made a habit of visiting him annually, at the little white office on Limbo Lane, for the following twenty years.

.... Melissa Frydlo ....

Amherst is a better place, due to the luck that Bob chose our town to be his home. Bob would want us all to use his humble example to guide us in the future.

.... Steve Desmarais ....

#### AMHERST TOWN WARRANT The State of New Hampshire March 8, 2011

To the inhabitants of the Town of Amherst in the County of Hillsborough and State of New Hampshire, qualified to vote in town affairs:

You are hereby notified that the Annual Meeting of the Town of Amherst will be held, in accordance with "Senate Bill 2" (NHRSA 40:13). The first session, to transact all business other than voting, is on Wednesday, February 9, 2011 at 7:00 PM at the Souhegan High School Auditorium. The second session, voting by official ballot at the polls is on Tuesday. March 8, 2011 at the Souhegan High School from 6:00 AM to 8:00 PM.

ARTICLE 21: To choose all necessary Town Officers for the ensuing terms as follows:

- 1 Selectman for 3 Years
- 1 Town Clerk for 3 Years
- 2 Library Trustees for 3 Years
- 2 Zoning Board of Adjustment Members for 3 Years
- 1 Trustee of the Trust Funds for 3 Years
- 1 Cemetery Trustee for 3 Years

#### ARTICLE 22: Bridge Replacement Bond

To see if the town will raise and appropriate the sum of two million, one hundred thousand, two hundred sixty dollars (S2.100,260) (gross budget) to reconstruct three bridges red listed by New Hampshire Department of Transportation during annual inspections, more particularly identified as Bridge #109/090 (New Boston Road over Beaver Brook). Bridge #134/100 (Manchester Road over Beaver Brook) and Bridge #060/158 (Horace Greeley Road over Pulpit Brook) and to authorize the issuance of bonds or notes therefore of not more than two million, one hundred thousand, two hundred sixty dollars (S2,100,260) in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes in their judgment. This is a special Article in accordance with RSA 32. 3/5 Ballot Vote Required

(The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee unanimously supports this Article.)

#### ARTICLE 23: Operating Budget

To see if the Town will vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth herein, totaling \$10,299,569. Should this article be defeated the default budget shall be \$10,136,943 which is the same as last year, with certain adjustments required by previous action of the town or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and

XVI. to take up the issue of a revised operating budget only. This operating budget warrant article does not include appropriations contained in ANY other warrant articles. (*The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee unanimously supports this Article.*)

#### ARTICLE 24: Police Union Contract

To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Board of Selectmen and the American Federation of State. County, and Municipal Employees Union (Police Union) and to further raise and appropriate the sum of \$81,988 for the current fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels in accordance with the most recent expired collective bargaining agreement paid in the prior fiscal year. Upon approval of this article, additional estimated increase over 2012 costs are to be transferred to the general operating budget of the Police Department. The cost item increases attributable to the new collective bargaining agreement are set forth as follows:

Fiscal Year	Estimated Increase	Fiscal Year	Additional Estimated Increase
<u>2012</u>		<u>2013</u>	
Wages	\$63,390	Wages	\$28,522
Benefits	\$18,598		
Total	\$81,988	Total	\$28.522

Note: Pursuant to the form of RSA 273-A:12 in place at the time of the drafting of this warrant, this collective bargaining agreement, if approved, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed.

(The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee unanimously supports this article.)

#### ARTICLE 25: Public Health Mosquito Surveillance and Control Program

To see if the town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000) to continue with a Public Health Mosquito Surveillance and Control Program. This program is designed to monitor and help prevent the presence of mosquito borne vector diseases in accordance with the State of New Hampshire Abroviral Surveillance. Prevention and Control Guidelines.

(The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee by a vote of 5-2 supports this Article.)

#### ARTICLE 26: Lease/Purchase of Rescue/Pumper for Fire Department

To see if the Town will vote to authorize the Selectmen to enter into a four year lease/purchase agreement for the purpose of leasing a replacement Rescue/Pumper for the Fire Department, and to raise and appropriate the sum of \$154,223 for the first year's payment for that purpose. This lease agreement will contain an escape clause. (Majority vote required).

(The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee unanimously supports this Article.)

#### ARTICLE 27: <u>Funding for Recreation Land Purchase - Transfer from LUCT Fund</u> to Recreation Fields Acquisition and Construction Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of \$250,000 to be placed into the Recreation Fields Acquisition and Construction Capital Reserve Fund previously established by the passage of Article 10 at the March 2007 annual meeting. Such amount to come from the Land Use Change Tax Fund pursuant to RSA 79-A:25-a. (II). And to authorize the Board of Selectmen to enter into agreements to acquire properties for recreation purposes as they deem appropriate, on terms and conditions acceptable to the Board of Selectmen, provided that no expenditure from said Capital Reserve Fund for any such land acquisition shall occur unless and until the same is approved by a duly warned town meeting in accordance with RSA 32:15, (II) (a).

This is a non-lapsing Special Warrant Article in accordance with RSA 32. (*The Board of Selectmen recommends a yes vote.*)

#### ARTICLE 28: Discontinue Cemetery Capital Reserve Fund

To see whether the Town will vote, pursuant to RSA 35:16-a, to discontinue the current Cemetery Capital Reserve Fund which contained an ending balance as of June 30, 2010 in the amount of S 14.230 with said funds and accumulated interest to date of withdrawal to be transferred to the general fund.

(The Board of Selectmen unanimously recommends a yes vote.)

#### ARTICLE 29: Establish Forestview Cemetery Design Expendable Trust

To see whether the Town will vote, pursuant to RSA 31:19-a, to establish a new expendable trust account entitled the Forestview Cemetery Design Expendable Trust Fund, in which principal and interest may be expended, for the purpose of defraying the cost of the preparation of plans and specifications for the construction design of the Forestview Cemetery on Merrimack Road, and to name the Trustees of the Cemetery to be agents to expend for the purposes for which the trust was created, and to raise and appropriate the sum of S 14,230 towards this purpose, said funds to come from the general fund and deposit the same in said Forestview Cemetery Design Expendable Trust Fund.

(The Board of Selectmen unanimously recommends a yes vote.)

#### ARTICLE 30: Ambulance Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of twenty-two thousand dollars (S22.000) to be added to the Ambulance Capital Reserve Fund previously established.

(The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee unanimously supports this Article. )

#### ARTICLE 31: Communications Center Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5.000) to be added to the Communications Center Capital Reserve Fund previously established.

(The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee unanimously supports this Article. )

#### ARTICLE 32: Town Computer System Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of five thousand dollars (S5.000) to be added to the Town Computer System Capital Reserve Fund previously established.

(The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee unanimously supports this Article.)

#### ARTICLE 33: Souhegan Valley Transportation Collaborative Subsidy

To see if the Town will vote to raise and appropriate the sum of five thousand five hundred dollars (\$5,500) to support the Souhegan Valley Rides bus service which provides subsidized transportation to qualified individuals including persons in the Town of Amherst.

(The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee unanimously supports this Article.)

#### ARTICLE 34: Health and Human Service Agencies

To see if the Town will vote to raise and appropriate the sum of forty six thousand nine hundred and ninety six dollars (S46.996) to support the health and human service agencies which provide service to Amherst residents, the amount of the grant and identity of the receiving organization to be determined by the Selectmen as they, in their judgment, deem appropriate. In the event this article passes, the selectmen intend to include this appropriation in future years as a line item in the operating budget. (*The Board of Selectmen unanimously recommends a yes vote. The Ways and Means Committee by a vote of 5-2 supports this Article.*)

#### ARTICLE 35: <u>Authorize the Amherst Conservation Commission to expend funds</u> to qualified organizations

Shall the town vote to adopt the provisions of RSA 36-A:4-a. I(b) to authorize the conservation commission to expend funds for contributions to 'qualified organizations' for the purchase of property interests, or facilitating transactions related thereto, where the property interest is to be held by the qualified organization and the town will retain no interest in the property?

(The Board of Selectmen by a vote of 4-1 recommends a yes vote.)

#### ARTICLE 36: <u>Authorize the Amherst Conservation Commission to expend funds</u> <u>for land purchases outside Amherst</u>

Shall the town vote to adopt the provisions of RSA 36-A:4-a. I(a) to authorize the conservation commission to expend funds to purchase interests in land outside the boundaries of our municipality, subject to the approval of the local governing body? (*The Board of Selectmen by a vote of 4-1 recommends a yes vote.*)

#### ARTICLE 37: Library Operating Budget (By Petition)

To see if the Town will raise and appropriate the sum of S816.434 to defray the costs of the operation of the library.

# ARTICLE 38: Library Operating Budget as a Separate Warrant Article (By Petition)

To see if the Town will vote to express a 'sense of the meeting' resolution requesting the Board of Selectmen, in future years, to have the library budget presented in the form of a separate warrant article.

Given under our hands and seal this 17<sup>th</sup> day of January 2011.

George Infanti. Chairman Bruce Bowler. Vice Chairman Thomas Grella James O'Mara Dwight Brew

A true copy of Warrant - ATTEST

George Infanti, Chairman Bruce Bowler, Vice Chairman Thomas Grella James O'Mara Dwight Brew

#### AMENDMENTS TO THE WARRANT ARTICLES AS VOTED ON AT THE DELIBERATIVE SESSION FEBRUARY 9, 2011

#### ARTICLE 37: Library Operating Budget (By Petition)

To see if the Town will raise and appropriate the sum of <u>\$816,434\_\$1.00</u> to defray the costs of the operation of the library.

# ARTICLE 38: Library Operating Budget as a Separate Warrant Article (By Petition)

To see if the Town will vote to express a 'sense of the meeting' resolution requesting the Board of Selectmen. in future years, to have the library budget presented in the form of a separate warrant article, and Library Board of Trustees in future years, to schedule a special joint meeting prior to final budget submission in order to facilitate increased communications between these Boards and to provide an additional opportunity for citizens input regarding the overall Library budget and goals.

#### ARTICLE 23: Operating Budget

To see if the Town will vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth herein, totaling \$10,299,569\$ \$10,346,565.00. Should this article be defeated the default budget shall be \$10,136,943 which is the same as last year, with certain adjustments required by previous action of the town or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13. X and XVI, to take up the issue of a revised operating budget only. This operating budget warrant article does not include appropriations contained in ANY other warrant articles. [The Meeting added \$46,966.00 to the Health & Human Service Agencies.]

#### ARTICLE 27: <u>Funding for Recreation Land Purchase - Transfer from LUCT Fund</u> to Recreation Fields Acquisition and Construction Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of \$250,000 \$390,000 to be placed into the Recreation Fields Acquisition and Construction Capital Reserve Fund previously established by the passage of Article 10 at the March 2007 annual meeting. Such amount to come from the be transferred from the existing balance of the Land Use Change Tax Fund pursuant to RSA 79-A:25-a, (II). And to authorize the Board of Selectmen to enter into agreements to acquire properties for recreation purposes as they deem appropriate. on terms and conditions acceptable to the Board of Selectmen provided that no expenditure from said Capital Reserve Fund for any such land acquisition shall occur unless and until the same is approved by a duly warned town meeting in accordance with RSA 32:15. (II) (a). and under the provisions of RSA 41:14-a. This is a non-lapsing Special Warrant Article in accordance with RSA 32.

#### ARTICLE 34: Health and Human Service Agencies

To see if the Town will vote to raise and appropriate the sum of forty six thousand nine hundred and ninety six dollars (\$46,996) one dollar (\$1.00) to support the health and human service agencies which provide service to Amherst residents, the amount of the grant and identity of the receiving organization to be determined by the Selectmen as they, in their judgment, deem appropriate. In the event this article passes, the selectmen intend to include this appropriation in future years as a line item in the operating budget.

# DEFAULT BUDGET OF THE TOWN

OF:	AMHERST	
	For the Ensuing Year January 1,to December 31,	
	or Fiscal Year From July 1, 2011 to June 30, 2012	

RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

1. Use this form to list the default budget calculation in the appropriate columns.

2. Post this form or any amended version with proposed operating budget (MS-6 or MS-7) and the warrant.

3. Per RSA 40:13, XI, (a), the default budget shall be disclosed at the first budget hearing.

#### **GOVERNING BODY (SELECTMEN)**

or

Budget Committee if RSA 40:14-b is adopted

Under penalties of perjury. I declare that I have examined the information contained in this form and to the best of my belief it is true, correct and complete.

### SELECTMEN'S REPORT

What a great year to be a citizen of Amherst. 250 years old and a wonderful year of celebration which was five years in the planning. We would like to thank everyone that was involved in the planning and execution of the events and for a year that will not be forgotten by our citizens and many guests. Beginning in January with an opening afternoon of memories and information about Amherst of old to the town picnic on the green to the closing ceremonies at the anniversary tree in January, this past year has been a great success to be long remembered. The town received a number of lovely gifts to help commemorate its birthday, one being a portrait of town hall painted by Joyce Kingman and a beautiful handmade quilt from a long time Amherst resident, Millie Cunningham. At the closing ceremony we received a large framed collection of memorabilia from the opening ceremony signed by the participants and given by the Quinn and Buchanan families. These will be displayed in town hall for all to see and appreciate.

In March of this year, our citizens voted to support the \$15,000.000 road bond to reclaim and refurbish some of our more critical roads in town. Bruce Berry, our Department of Public Works Director, put together a comprehensive plan, with the help of two University of New Hampshire interns, that reviewed all our roads and the project began in July at the start of our new fiscal year. In an abbreviated first year, the project has been very successful. Spring Road was the first major project and from its inception Mr. Berry worked closely with the local residents, taking their requests and suggestions into consideration before beginning. This personal touch made a difference and anyone traveling this road will concur that it is a great improvement which will last for many years. Sections of Amherst Street were also redone this year, partly from the bond and partly from the highway maintenance budget. The drainage was greatly improved and an overlay will add to its longevity. Both of these major projects were done jointly by our own DPW workers and private contractors and were a great start to improving our roads. We look forward to this coming spring to continue the improvements.

Our town master plan was completed this year and the members of the Amherst Planning Board should be commended for the many hours they put into this project. Two years of meetings and public hearings and input finally came to fruition creating a guide for all of us to follow for the next several years. Our citizens sent a clear message telling us all how they see Amherst today and the direction they would like to see it go in the future. Preserving open and green space is still an important concern as is supporting our local economy and continuing to keep taxes under control while providing the services we are all accustomed to. In these economic times, this is certainly a difficult task not only for the Selectmen, but for all of our citizens. We will strive to adhere to this request as we go through the next year.

Our Town Recreation Commission also completed a master plan of their own done by Gale Associates, which was a very comprehensive and exhaustive study of all phases of that that department and a survey of all our playing fields, their condition and life expectancy. They made a number of suggestions on how to maintain the fields and how much usage was necessary to extend their life. They also looked at a number of possible locations for future expansion that will be necessary in the next two years to replace the fields which will be converted to a new cemetery in 2014. This study will be a critical component which will be used to plan for the future of our town recreation facilities.

Earlier in the year, we interviewed and hired a new Fire Chief after an exhaustive search by a dedicated professional committee, for whom we would like to thank. Their overwhelming recommendation was Mark Boynton who comes to us from Keene, where he was a deputy chief for a number of years. His knowledge and expertise has been a great addition to an already excellent department and he brings with him not only much talent as an instructor and leader, but the foresight to plan for our department's future. He has spent much time working with his staff and has promoted a number of them to positions of authority and responsibility that should make us all, as citizens of Amherst, feel safer today and into the future. We would like to thank all of our firefighters and EMS personnel for the time and dedication they give to us all.

Our police department is up to full staff, also after a very thorough search and interview process to fill two vacancies. Chief Peter Lyon spent many hours, along with others, to find the right people to protect and serve all of us. After a number of months of negotiations, we have finally produced an agreement with the police union that will be presented to the voters this year. We would like to acknowledge both sides of the bargaining table for the many months of hard work put into creating this agreement.

In closing, we would like to thank Gary MacGuire, our Town Administrator for his commitment and dedication to our town, and to our Department Heads that work as one team to get the very most out of our staff and resources. This is a team that we all can be proud of and know that any and all decisions made are for the benefit and good of all our citizens. We would also like to thank the many volunteers that have made Amherst a better place to live. From the Planning Board to the ZBA to the Historic and Heritage Commissions, to the people that make all our holiday celebrations so special, as well as the many, many other volunteers. Amherst is a very special town to live in and with this type of dedication, it will continue to be.

Respectfully submitted, George Infanti, Chairman Bruce Bowler, Vice Chairman Dwight Brew Thomas Grella James O'Mara

### WAYS AND MEANS ANNUAL REPORT

Ways and Means has worked hard over the last year, strategizing with the Town department heads, our Town Administrator, Gary MacGuire, and the Board of Selectmen. During this time, we have continued to emphasize prioritizing the Town budget by our most essential departments, and on having a budget presented to the voters that actually represents the real needs of Amherst.

Over the last several years, the Town budget has become underfunded for various reasons. This has resulted in such examples of serious downstream effects as the S15 million road rebuilding bond that was passed by the voters last year. This is an effort to catch up on years of underfunding road maintenance. And we are still not quite even with keeping up, adding yet more miles of road this year that can no longer be maintained, but instead must be totally rebuilt at tremendous extra expense.

The infrastructure of our town, our buildings, roads, and bridges, and our emergency response services. Police, Fire and EMS, are at the core of what the Town must provide to ensure our safety, health and welfare. Then other services are provided that increase the quality of our lives, and have defined our town as a great place to live, raise our children, and make Amherst such an attractive place to live. We have tried to provide information, and ask questions so that our voters can decide on the appropriate balance between these areas.

Ways and Means has also been engaged with concerned citizens who have brought forth interesting and good ideas for consideration. These include the use of performance metrics to benchmark growth of efficiencies within Town departments, and the budget process between the Town and our Library. We have examined its history, how it affects the other Town departments, and how the process fits into the concepts of governance and transparency in government.

Finally, Ways and Means, along with the Town departments, and the Board of Selectmen, have moved the process into multi-year planning and budget considerations. Strategies are continually discussed and utilized to insure that the Town budget reflects actual Town needs. These are re-analyzed annually to bring planning up to date, and to take into consideration changing revenues and general economic realities. And in so doing, we are committed to keep Amherst as the kind of town we are proud to call home.

### Warrant Article Positions:

For clarification, the votes are listed in sequence for "for-opposed-undecided".

### 22. Bridge Replacement Bond: 7-0-0

a. This is similar to our road rebuilding needs in town; our bridges are failing and need to be repaired. Roads you can travel on regardless of condition, however, bridges can and may well be closed, which can impair access to areas of town effecting safety.
b. Up to 80% of the cost for bridge repair may be reimbursed by the state, although at some point in the future.

c. This requested amount may be reduced by the cost of the bridge on New Boston Road over Beaver Brook. This bridge has already been repaired in-house by our DPW and is awaiting State certification. This process must wait until the water level drops later in the year so the bridge structure can be re-examined..

d. The best example of how critical this article is to be passed is the bridge just down the street from Town Hall, where Beaver Brook goes under Manchester Street. This is a real cross-road between sections of town, and as it stands now, larger vehicles can not

currently cross the bridge. This includes larger snow plows, fire trucks, and so forth which must now detour around to gain access to the Mack Hill area. This is certainly an inconvenience, but for Fire and EMS, could make the difference in saving a house, or a person.

23. Town Operating Budget: 7-0-0 Ways and Means has unanimously voted to support the budget and we urge our citizens to vote for this budget.

The Town budget has been significantly underfunded over the last several years, and has not grown to keep up with the true needs of Amherst. The effects of this were manifested in the approval last year of the S15 million bond to totally rebuild miles of town road. This is a process that is at least 10 times more expensive per mile than just maintaining the roads from year to year. We have been penny-wise and pound-foolish in this area and others. We are reduced to buying used trucks and then throwing good money after bad to try and keep them running. We have no place to pull them inside, to shelter, maintain and wash the salt off them during the winter, and these kinds of problems go on and on.

Ways & Means is charged to work with and advise the department heads and the Board of Selectmen, and then to recommend the <u>best</u> votes for the Amherst voters. Not necessarily the cheapest budget, and certainly not the one that fails to cover the fundamental needs of our Town, but the budget that best balances the true needs of Amherst, both now and across multiple years.

Over the last year, Ways and Means, the Board of Selectmen, and the Town Department Heads have discussed the past underfunded budgets and have mutually resolved to begin correcting this issue. It will take multiple years to bring the budget back to the level that really addresses current Town needs.

Voters could choose alternative paths, including the default budget. But since the budget is not yet up to being fully funded, there will be no fat to cut at our current service levels. We will only add more miles of roads to be totally rebuilt at tremendous cost, or we will have to lay people off because of the reduced size of the default budget, or programs will have to be cut that Amherst citizens have supported for years.

Ways and Means would have preferred a higher budget this year to reduce the budget gap more quickly. The Board of Selectmen, while respecting our priorities for the most critical departments, felt that they had to take a smaller step in these economic times. We might disagree with the timing of this catch-up process, but we do not disagree that it must take place or the Town will continue to suffer large, one-time expenses as a consequence. Above all else, we can not afford a default budget. To slip further into the financial hole will only make it harder, longer, and more expensive to climb out.

We urge the voters to support the Town budget: it is critical to our infrastructure, to our emergency departments, and to the quality of life that we have enjoyed in Amherst.

24. Police Contract: 7-0-0 Ways and Means supports the contract as proposed. Our Police men and women have been working without a contract for the last 4 years, and we fully support this negotiated agreement.

25. Public Health Mosquito Surveillance and Control Program: 5-2-0

a. For

i. EEE and West Nile are serious diseases which have been identified in towns surrounding us. The majority of the committee is concerned and feels that we need to take steps to ensure everyone's safety. One of the first steps in this process is to identify what species of mosquitoes we have locally. If we find the disease carrying variety, then further steps can be taken. We would also encourage all the residents to take ownership of their safety by taking the necessary steps to protect themselves by controlling standing water that can be breeding grounds (in buckets, old tires, wheel barrows, etc.).

ii. Most on Ways and Means support this being part of the budget rather than a warrant article.

b. Against

i. Touted as a safety issue, and promoted under the banner of safety which often obscures the fact of how necessary this program really is. Not convinced there is a serious safety issue. If it is that serious/important, it should be in the town budget.

ii. Even though we had a dry year, we still had mosquitoes and standing water, so the comment about not getting many statistics because of the hot dry summer is not resonating with some.

iii. Doesn't see the validity of spending the money on a "maybe". The Town Health Officer does not support putting it in the budget which diminishes the credibility/seriousness of the issue.

26. Lease / Purchase of Rescue/Pumper for Fire Department: 7-0-0

a. The one we have now is a 1987 Pierce Engine and has passed its documented life expectancy. There are multiple and deep areas of rust which needed attention in order to pass inspection.

b. If this Engine is not replaced, new tires will need to be purchased at a minimum, so why put those dollars into tires for a truck that needs to be replaced.

c. This Rescue Pumper will become more important just about when we will have it delivered. We have several new Firemen volunteers coming aboard and going into training. They will be ready at about the same time as the new truck. This will help support the 101A corridor for auto accident response, EMS support, and Fire calls to our "big box store" area.

27. Recreation LUCT – No tax impact, transfer of funds already identified. Ways and Means has no position.

28. Cemetery Fields discontinue - no tax impact. Ways and Means has no position.

29. Establish Forestview – no tax impact. Ways and Means has no position.

30. Ambulance Capital Reserve: 7-0-0

a. Ways and Means supports this prudent savings mechanism as an effective manner to fund this capital purchase. This helps to spread and minimize the tax impact over time rather than paying a large purchase in one lump sum, which spikes the tax effect into one year.

b. Our EMS Director has changed the way the Town will replace the ambulances now to help spread out the tax impact. Instead of replacing them both at once, the new ambulances will be purchased 3 years apart.

31. Communications Center Capital Reserve Fund: 7-0-0

a. At some point, we will need to replace our existing tower and this funding mechanism will ensure the monies are available at that time.

b. These funds would also help to replace equipment in the dispatch center as needed.

32. Town Computer System Capital Reserve Fund: 7-0-0

This fund is for the replacement of hardware/software in the event of an emergency. Should town technology be affected by a emergency outage related to lighting/flood/or other event, this could require the replacement of hardware leading to software upgrades for compatibility requirements. This kind of emergency expense could require considerable funding.

33. Souhegan Valley Transportation Collaborative Subsidy: 7-0-0

a. This is a regional transportation issue which Ways and Means supports and which needs the support of Amherst voters. Passage will assist in allowing residents to "age in place", allowing residents to live at home longer, help to lessen the need for public funding of long-term care alternatives, and allow older residents and individuals with disabilities to function in our mobile society. This service is equally as important as our library, recreation department, and EMS capability.

b. The SVTC provides wheelchair accessible, non-emergency transportation, primarily for healthcare and social services-related appointments and other essential activities of daily living. The participating towns are Amherst. Brookline, Hollis, and Milford. It is available to any Amherst citizen. It operates three days per week, eight hours per day, to destinations within the participating towns and to Nashua. The goal is to expand the service to five days per week and provide additional destinations. The service is funded primarily by these towns prorated by the number of users in each town. The users also pay a nominal fee. Brookline, Hollis, and Milford have funded this service for the past two years. Amherst funding was provided last year by an anonymous donor. Last year Amherst ridership almost doubled to 189 rides. About 71% of the rides were provided to female passengers. 31% of the riders use some kind of assistance device such as a cane, walker, wheelchair or scooter. The percentage of rides provided to seniors has decreased from about 73% to 68%, suggesting an emerging trend in increased use of the service by younger residents.

### 34. Health and Human Service Agencies: 5-2-0

a. For

i. These services support our residents and we need to do what we can as a town to provide financial support to insure their continued viability.
ii. These services are not the same type of charitable organizations that solicit funds in other manners, and so would not have asked for funds privately.
iii. Historically, this funding has been in the Town budget.
iv. Over the last three years, the Town Administrator has refined the request process to provide justification for the request with regard to financials, number of Amherst residents utilizing the service, among other questions.

Monies are not distributed in the absence of this information and the

information provided is used to distribute the funds as fairly as possible.

b. Against

i. What is the process to distribute the funds to the requesting organizations? ii. Voters should decide for themselves where to contribute their hard earned dollars

iii. Should not be in the budget, but as a warrant article so that the voters have transparency of where their money is being spent

iv. These organizations need to seek volunteers that can assist with fundraising, grant writing, or other funding mechanisms that are available.

35. ACC - no tax impact Ways and Means has no position

36. ACC - no tax impact Ways and Means has no position

37. Library Operating Budget (By Petition): Ways and Means has been in support of the effort by the petitioner to bring more voter transparency to the Library Budget, and more ability for the voters to directly make their wishes known to the Library Trustees. However, our Town Counsel, Bill Drescher, believes that this petition warrant has major technical issues which could leave the Library with no funding. To avoid this expensive legal entanglement, the petitioner has agreed to neutralize this article at the Deliberative Session.

38. Library Operating Budget as a Separate Warrant Article (by Petition) Although this "sense of the meeting" article technically has no tax impact, Ways and Means is generally in support of providing our voters with better visibility to all budgets, and to give them a direct vote on all budgets.

### AMHERST POLICE DEPARTMENT 2010 TOWN REPORT

#### **Department Roster**

Chief Peter A. Lyon Lieutenant Mark O. Reams Lieutenant James R. Brace Sergeant Anthony E. Ciampoli Sergeant Lance T. Hult Officer Ralph J. Marschhausen Officer Matthew R. Saunders Officer Michael J. Knox Officer Patrick A. Webster Office Chad E. Blake Officer John H. Smith Officer James B. Crocker Officer Nathan T. Berry Officer P. Derek Mahoney Officer Sarah D. Arnold Officer Nicholas A. Skiba Officer David P. Audet Officer Justin J. Gerome Sharon Higley – Executive Assistant Officer Ethan Lewis – Part-time Officer Ryan J. Piotrowski – Part-time Officer John Ingemi – Part-time Sally Long – Crossing Guard Carolyn Karnis – Crossing Guard

As always, 2010 was busy for the police department. The department was presented with many challenges: however once again, the officers met those challenges with professionalism and dedication. Foremost among these challenges, was the need to operate short staffed for the year, which necessitated many sacrifices, scheduling, and personnel reassignments in order to prevent any disruption of service to the community.

In August, we hired two full time officers, replacing the two that had left for employment with higher paying communities. Officers David Audet and Justin Gerome were hired after an extensive process. They attended the 14 week police academy, graduating in December and have just recently completed several additional weeks of field training. The officers are now assigned to regular patrol shifts, and the department is fully staffed.

Fortunately, many categories of crime remained low during the year such as fraud & forgery, sexual assaults and thefts. Those categories that had increased rates of occurrence include burglaries for the second year in a row, criminal trespass and drug violations. Burglaries actually climbed a disturbing 40%, many of which were daytime residential burglaries which occurred during the spring and summer months. Similarly, criminal trespass violations also increased for the year. Drug violations rose sharply as well, up 50% over the previous year, but this number is not as alarming as it appears since an increase such as this is more a result of a concerted enforcement effort to address an issue important to the community than it is an actual increase in drug use.

Although incidents of criminal mischief were high during 2009, the numbers returned to a normal rate in 2010, with 106 instances having occurred. However, not surprisingly, the department statistics reveal increasing reports of suspicious activity, increasing applications for pistol permits and increasing security alarm responses, all of which are likely the result of recent events in our ever changing communities.

Last March the department was involved with a homicide investigation involving adult siblings. in which an arrest quickly occurred when the defendant turned himself in to authorities. Although homicides do not often occur in Amherst, we have had our share over the years and in every instance, it has had a profound effect on the community and on department resources. Additionally, last spring, responding to the several burglaries which were occurring in town, the department focused all efforts, investigative and patrol, to stopping and solving the crimes. After many hours of work, several of the burglaries were solved with the arrest of a male subject believed to be responsible. The success is a highlight of the year because it was the result of several important factors, including a town resident reporting important observations that had been witnessed; many hours of preventative patrols; many hours of investigation; good forensic practices; and most importantly, good communication and teamwork between the community and the police department.

Residents are reminded of the increasing numbers of computer and internet based crimes occurring here and across the country. Often times, instances of theft, identify theft, fraud, scams, bullying, and crimes against children, which have been occurring long before the computer age, are now being perpetrated with the use of computers, the internet, and data phones. The prevention of these crimes requires everyone to be aware of the likelihood of being a target of one of these criminal endeavors, to discuss the dangers with your children and to make a call to the police department anytime you have a suspicion of criminal behavior.

For two years now the police department has been using two electronic services to communicate important information to the community. Residents are encouraged to sign up at Nixle.com to receive important newsworthy text and e-mail messages pertaining to police activity and services. Additionally, all of the town's emergency services departments encourage everyone to participate in the CodeRED notification program. CodeRED is used for situations such as weather related emergencies, missing children, evacuation notices, and major roadway issues, to name just a few. Electronic links for both of these services are available via the police department web page, at www.amherstpolice.com

As always, we remind everyone of the importance in reporting all unusual or suspicious activity that you may observe. A well timed telephone call from an observant resident can be the needed information to stop or solve a crime and can save hours of police work. The department has seen several cases in this past year which exemplify the value of an involved community.

Additionally, we encourage everyone to take advantage of the services we provide, such as vacant house checks, the Good Morning Amherst senior citizen call-in program, home security evaluations, and help from the school resource officers with questions related to your child and the internet, to name just a few.

The police department employees thank our residents, business people, community leaders, other town employees and department heads, for your continued help and support over the year in accomplishing our goal of providing the best police service available to our town.

Respectfully submitted.

Peter A. Lyon Chief of Police

### AMHERST PUBLIC SAFETY COMMUNICATIONS CENTER

Since its inception on January 1, 2005, the mission of the Amherst Public Safety Communications Center has been to provide the highest quality, cost effective emergency dispatch services for our public safety agencies protecting the residents of Amherst. In addition to emergency dispatching, the department serves the general public with matters of customer service and provides 24/7/365 access to the police department for matters of safety and security. The Amherst Public Safety Communications Center maintains a variety of in-house records management & system status management data for each of our public safety agencies.

Since 2005 the town has appreciated the cost effective benefits of having its own communications team. We continue to receive positive feedback from the citizens of Amherst in addition to our Police, Fire. EMS and DPW public safety agencies. Direct oversight of the communications center is shared by Amherst Police Chief Peter Lyon who manages personnel, EMS Director Brian Gleason who serves as a community relations liaison and Amherst Fire Chief Mark Boynton who serves as a technical consultant for all radio towers and electronics within the center.

The center is overseen daily by Communication Supervisor Shawn Brewer who supervises a staff of communications specialists. Our center is located at 175 Amherst Street in the Police & EMS Safety Complex and is comprised of two multi-station *"Computer Assisted Dispatch"* consoles, a video surveillance station, and state & county communications. Homeland Security grant- funded enhancements to the center include two independent touch-screen CAD "Computer Assisted Dispatch" consoles and a state of the art digital EOC "Emergency Operations Center" communications radio linking all state, local and regional public safety agencies. The communication center facility is also equipped with an "Emergency Management" roof mounted "HAM" radio antenna for direct communication to the states emergency operations center (EOC) during catastrophic regional power outage or weather related incidents.

The Amherst Public Safety Communications Center cares for our community 24 hours a day, seven days a week. Each Amherst PSCC specialist makes a major commitment to our community and is ready to respond to any emergency. Amherst PSCC specialists undergo regular training in all aspects of emergency dispatch communications and are required to complete continuing education courses in order to meet state and national Emergency Medical Dispatching licensing requirements.

Listed below are the current members of Amherst Public Safety Communication Center Team who care for the people of our community 24/7/365 and whom have played an intricate role in the successful mitigation of many major catastrophic events this year including several major fire incidents, severe motor vehicle accidents, numerous critical EMS calls and the difficulties of the extreme 2009 - 2010 winter snow and ice season. Shawn Brewer Pam McKinney Ryan Piotrowski Rick Gagne Gerry Beland Richard Todd Marsha Pomerleau Danielle Gardiner Kevin Coffey

In light of continual Homeland Security Preparedness, now more than ever the Amherst Public Safety Communication Center specialists would like to thank the citizens of Amherst for their continued support and trust. Your continual support of the communications center and letters of encouragement contribute greatly to the success of our mission. In today's world, our call-to-duty is challenged in so many ways that it is especially meaningful when our efforts are so generously recognized and rewarded by our community.

On behalf of all of everyone at the communications center, thank you for the opportunity to serve you.

Respectfully submitted.

Brian M. Gleason

### AMHERST EMS

The Amherst Department of Emergency Medical Services mission is to provide the highest quality, cost effective Basic and Advanced Life Support Emergency Medical Services, for the communities of Amherst and Mont Vernon. In addition to emergency medical transportation, the department has created the Amherst Academy of EMS. The Amherst Academy of EMS provides a variety of in-house Advanced Life Support and Basic Life Support EMS Education. During this past year the Academy held several formal EMT-refresher training programs and credentialed 4 Paramedics, 12 new EMT-Intermediates, and 8 EMT's, including 3 members of the Amherst Fire Department.

Director Brian Gleason manages Amherst EMS, the Amherst Academy of EMS and is additionally an active member of the Amherst Fire Department response personnel. Additionally, as a member of the Amherst Fire Department, Director Gleason is responsible for providing "cross-training" opportunities for AFD members to become certified EMT's. Amherst EMS is currently made up of 16 EMT's, 14 EMT-Intermediates and 10 Paramedics. All of our paramedics are certified in (ACLS/PALS) Advanced Cardiac Life Support & Pediatric Advanced Life Support, (CPAP) Continuous Positive Airway Pressure administration and the placement of (IO) Intraossious Needle Insertion.

Our station is located on the lower level of Police Headquarters and is comprised of a complete living quarters, academic training center and vehicle storage facility. Our Paramedic Fleet includes two 2001 Ford F-350 4X4 Emergency Ambulances, a 2005 Ford Explorer 4X4 Paramedic Response Vehicle donated by *the Amherst Rescue Squad Association* and a 2005 Ford Explorer 4X4 Incident Command Vehicle which is equipped with Mass Causality Advanced Life Support EMS equipment and Fire Suppression protective gear. Additionally this past summer our "Mobile Emergency Response Vehicle" was used as a mobile field Incident Command Center at the town's 250<sup>th</sup> celebration. This unit includes a conference room, communications center, computer/fax capabilities, complete bath and full kitchenette for on-scene rehab support.

During 2009 - 2010, Amherst EMS responded to the needs of 513 patients. Amherst Police respond to all EMS calls as our 1<sup>st</sup> Responders and have equipped five police units with Automatic External Defibrillators and Oxygen supplies. Amherst Fire responds with Amherst EMS to all motor vehicle accidents, industrial accidents and responds on other medical calls as required to assist Amherst EMS. A new 2011 Ford F-450 (4X4) Type 1 ambulance has been ordered and delivery is expected in late spring of this year. This vehicle will feature many new patient care and safety enhancements.

Amherst EMS cares for our community 24 hours a day, seven days a week. Each Amherst EMS member makes a major commitment to our community, spending on average, approximately 48-72 hours a month on our call department, ready to respond to any emergency. Amherst EMS crewmembers undergo regular training in all aspects of emergency medical treatment and are required to complete continuing education courses in order to meet state and national EMT licensing requirements.

Listed below are the members of Amherst EMS who cared for the people of our communities 24/7 during the 2010 year:

Earlene Calabro	Walter Colby	Daniel Barton	Matthew Conley
Samantha Elich	Lisa Lupo	Mark Hume	John Leonard
John Hurd	Lyn Hurd	Dan Bonefant	Devin Farmer
Sandra Powers	Mark Boynton	Rick Gagne	Richard Todd
Karen Lindquest	Mike Jolin	Carol McEntee	Brian Disco
Brian Gleason	Jeff Milos	Dennis Sheppard	Katherine Lockwood
Shaun Morrissey	Lynn Briggs	Allen Peck	James Lockwood
Kyle Snowdon	Steve Vertigans	Linda Wilking	Mike Steckevicz
Amy Rodier	Darlene Davison	Eric Hunter	Kirk Garland
Jill Dusseault	Sarah Winslow	Erik Thomas	Tim Riddell

During 2009-2010. Amherst EMS was successfully awarded a Federal Emergency Management Agency (FEMA) and the Department of Homeland Security (DHS) FY2008 Assistance to Firefighters Grant in the amount of \$85,000 for the installation of a diesel exhaust extraction system for all three public safety facilities. Installation of the system for the EMS/Police Complex. Central Fire Station and South Fire Station was finished on January 6, 2010 and is currently providing a cleaner breathing environment for our emergency public safety providers. Additionally, an emergency back-up power generator was acquired to power the entire south station during emergency conditions.

Individuals interested in visiting Amherst EMS are encouraged to contact any of our members or call Amherst EMS at 673-7030 to schedule a tour. Please visit our web site at <u>www.amherstnh.gov</u> for additional information.

In light of continual economic difficulties, now more than ever the Amherst EMS membership would like to thank the citizens of Amherst, Mont Vernon and the Amherst Lions Club for their continued support. Your generous contributions to Amherst EMS and letters of encouragement contribute greatly to the success of our mission.

More important than the donations, however, is the appreciation for and faith in our abilities that it represents. In today's world, our call-to-duty is challenged in so many ways that it is especially meaningful when our efforts are so generously recognized and rewarded by our community.

On behalf of all of us at Amherst EMS, thank you for this opportunity to serve you.

Respectfully submitted.

Brian M. Gleason

### AMHERST PUBLIC HEALTH DEPARTMENT

EMS Director Brian Gleason is the appointed Health Officer for the Town of Amherst and is appointed by the State of New Hampshire Department of Health and Human Services. Additionally Director Gleason is Level IV certified in Homeland Security through the American College of Forensic Examiners. Katherine Lockwood, PhD and Charlie Tiedemann, Planning Director serve as Deputy Health Officers and play an instrumental role in the success of the department.

The Health Department works in conjunction with the State of NH to ensure inspection compliance for all food establishments in Amherst. as well as temporary food establishments such as weekend festivals and the Farmer's Market. The department also inspects in-home day cares, daycare centers, residential care facilities, nursery schools and foster homes.

The Health Department also responds to citizen complaints related to local food service establishments, possible food-borne illnesses from these establishments, failed septic systems, sewer back-ups, improperly disposed of trash, unsanitary complaints and improper lead and asbestos abatements.

With overwhelming support of the voters, 2010 became the first year "Dragon Mosquito Control Incorporated" provided a control program for the Town of Amherst. Dragon received a record number of service requests from homeowners who wanted their wetlands checked for mosquito activity. Allowing Dragon access to their wetlands was both helpful and time saving for the crew.

The 2010 mosquito season was quiet and rather uneventful. Dry conditions helped to keep the mosquito population down. New Hampshire didn't escape the year without some arboviral activity. There was one EEE horse in Freedom, one West Nile Virus (WNV) mosquito sample in Manchester and a human case of WNV in Mason, NH. Over the border. Massachusetts was experiencing record levels of disease activity prompting the State to conduct aerial spraying in some counties.

Dragon has identified and mapped 81 larval mosquito habitats in the Town of Amherst. Crews checked freshwater sites 258 times throughout the season. There were 50 sites treated to eliminate mosquito larvae. In addition, 693 catch basin treatments were made to combat disease carrying mosquitoes. Adult mosquitoes were monitored at four locations throughout town. The mosquitoes were collected in light traps, identified to species, and sent to the State Lab to be tested for diseases. None of the mosquitoes collected in town tested positive for disease. Spraying to control adult mosquitoes was not conducted last season since no EEE or WNV was found in Amherst.

The proposed 2011 Mosquito Control plan for Amherst includes continued trapping mosquitoes for disease testing, sampling wetlands for larval mosquito activity, larviciding where mosquito larvae are found, and emergency spraying should a public health threat

exists as declared by the state. The control program begins in April when mosquito larvae are located in stagnant water such as swamps, ditches, and woodland pools. Trapping adult mosquitoes begins in July. The mosquito control program ends in late September or early October when temperatures drop and daylight diminishes.

Community involvement continues to have a tremendous impact on mosquito population as homeowners can significantly reduce the number of mosquitoes in their yard by emptying any outdoor containers that hold standing water such as buckets, trash barrels, and boats. Tires collect enough water for mosquitoes to survive. It is also a good idea to change the water in bird baths every two or three days.

If you do not want your property treated for mosquitoes, then a written request is needed. Please send a letter to Dragon Mosquito Control, P.O. Box 46, Stratham, NH 03885. Be sure to include your name, physical address, phone number, and a description of your property with boundaries. Otherwise, your wetland may be treated. Anyone who sent Dragon Mosquito a written request in 2010 may call the office to reaffirm your request. Their phone number is 964-8400. You may call Dragon's office at any time for assistance regarding mosquitoes, the insecticides used, spray dates, or questions about EEE and WNV.

For more information on Eastern Equine Encephalitis and West Nile Virus, visit the NH Department of Health and Human Services online at <u>www.dhhs.state.nh.us</u> or the Centers for Disease Control at <u>www.cdc.gov</u>

Respectfully submitted.

Brian M. Gleason Health Officer

### AMHERST FIRE DEPARTMENT

The Town is fortunate to be served by a Department that is primarily made up of paid-oncall personnel. Not only does this group of individuals handle emergency response to a variety of fire, rescue, and hazardous material emergencies, they also average two evenings per month for training and meetings - all this is in addition to their full time jobs.

The year 2010 was one of change and transition for Amherst Fire Department. Fire Chief Rick Todd retired after three years as Chief and Captain Edward Hanlon retired after serving for 24 years. Four members were promoted to vacant officer positions and eight new members joined the Department, including myself, as the new Chief.

The Department and its members played a large part in community events such as the 4<sup>th</sup> of July and the 250th celebrations, the installation of lights on the town's holiday tree, and the flooding of the ice rink.

Amherst Fire Department is what the fire service considers a combination Department. The term combination, means the Department is comprised of two full-time and one part time employee that work weekdays while all remaining members are paid-on-call. It also means that neither of the two fire stations are staffed 24/7. The Fire Chief is full-time and is responsible for managing the Fire Department's day-to-day operations, responding to emergencies, and serving as the town's Emergency Management Director for major disasters. The Department has two Deputy Fire Chiefs. The full-time Deputy of Fire Prevention is responsible for all life safety inspections and permitting as required by state law and for all fire prevention education programs. He also responds to emergencies. The second Deputy Chief is a paid-on-call member, who is responsible and assists with some administrative duties and handles all training for the Department. All remaining members of the Department are, what the fire service considers, paid-on-call members. Each paid-on-call member has a full-time career outside the fire service and chooses to serve the community and receives compensation for his/her time. These members received an annual stipend (\$125) and get paid an hourly rate (\$11.58) for the time they spend at emergencies. The average Amherst Firefighter earns less then \$2,000 annually. Although they receive some compensation, these members are essentially volunteers. They are not compensated for the time they spend training, attending Department meetings, maintaining equipment, or performing non-emergency functions such as fire prevention education.

Amherst is one of the few remaining towns in the State of NH with a population over 10.000 that continues to provide fire protection and emergency response to its citizens with a predominantly paid-on-call (volunteer) Fire Department. This is extraordinary and is due to the pride-spirit-tradition and dedication of the Amherst Fire Department members!

In 2010, Fire Department members responded to a total of 466 emergency calls - up from 453 in 2009. On average, members are called upon more then once a day to stop what

they are doing in their personal lives or career, respond to the nearest fire station, and answer an emergency call. These people truly care about the quality of life in Amherst and take pride in helping their neighbors in a time of need.

In the coming year the Fire Department will focus on developing skills. The officers are receiving leadership management training, while the new members are participating in orientation and certified firefighter training. The entire Department continues to train on a monthly basis to maintain basic skills and learn new techniques.

Late in 2010, a nominal group goal setting session was conducted to identify and prioritize the goals of Amherst Fire Department to be accomplished over the course of the next year, three years, and five years. This year's budget takes a couple of these goals into consideration. Firefighter protective clothing is reaching the end of its life expectancy and needs to be replaced. The goal this year is to establish a budget to replace eight sets of gear each year putting the gear on a rotating replacement schedule and eliminating the cost of replacing all of them at once. Also part of this year's budget, is to establish the same budget and replacement plan for the Departments ageing breathing apparatus. Each firefighter uses a Self Contained Breathing Apparatus (SCBA) to protect them when fighting fires and entering hazardous environments. The final goal will be accomplished if town warrant articles are approved. We would like to replace a 1987 Pierce fire engine known to the members as Engine 2. It has served the town well, but is in need of replacement to assure reliability and eliminate the increasing maintenance costs to keep this truck in service.

In closing. I want to express that I am honored to serve as the town's Fire Chief and Emergency Management Director. It is a pleasure to serve the citizens of Amherst and to work with the professional and dedicated staff of the Fire Department.

Respectfully submitted.

Mark R. Boynton, Fire Chief

#### AMHERST EMERGENCY MANAGEMENT

The Emergency Management function of the Town serves to prepare our community to address disasters, both natural and manmade, in a manner that minimizes personal injury and damage. In addition, the Emergency Management team, comprised of key elected and appointed officials in town, opens the Emergency Operations Center whenever necessary to manage events that arise during the year. Fortunately, the center was only activated once in 2010 for flooding of the Souhegan River in the spring. The Emergency Management Director, in cooperation with the public safety department heads, have been meeting throughout the year to discuss different strategies in how to respond in differing types of emergencies.

It is important for every Amherst citizen to know that the town subscribes to CODE RED Emergency Notification system. This program allows your community emergency management to make notifications to its citizens via land-line and cellular telephone. This system will be used to notify you of emergency information such as evacuations due to flooding or provide information such as food and shelter locations. The Code Red system has a data base that it utilizes, but it is only as good as the information entered. Please go to the Town of Amherst Web Site to learn more about this system, sign up for the notification service and update your contact information.

Amherst Emergency Operations Center utilizes a variety of systems to stay in contact with state and federal resources during a major event. Primarily this is done by telephone lines when possible however we also have an amateur radio antenna at the Emergency Operations Center to allow for Amateur Radio Emergency Services (ARES) to come in with their equipment and directly communicate with the EOC in Concord.

The Amherst Emergency Management Agency, along with the Town of Milford, Mont Vernon and Lyndeborough has established a CERT Program (Community Emergency Response Team). This team augments the Emergency Services within the area. Currently we have 28 individuals trained on different basic emergency response functions. We continue to seek out individuals interested in becoming part of the CERT team. These folks will provide assistance not only in a natural disaster, but also assist local officials in community events, such as the 4<sup>th</sup> of July celebration, as well as the Milford Annual Pumpkin Festival. Currently EMS Director Brian Gleason is the CERT Coordinator, if you are interested in more information, please contact Director Gleason at 673-7030 or Fire Chief Mark Boynton at 673-1545.

In 2008, the Town of Amherst had a 28 foot self-contained recreational vehicle donated to the community. Your Emergency Management team had a vision to retrofit this unit into a Mobile Incident Response Unit. This unit has a full kitchen, small command area and a conference room in the rear. Capabilities include: providing shelter to emergency personnel, acting as a mobile command post during a man-made or natural emergency, assisting the Police Department during a major crime or accident or utilization of this vehicle as a first aid station at a community event.

In closing, I would like to recognize and thank the employees who worked so hard to not only prepare us for the emergencies, but to those who actually respond to the emergencies that may take place. This includes our Police, Fire. Emergency Medical Services, the Department of Public Works and our Public Safety Communications Specialists. Deputy Director Don Holden, as well as Town Administrator Gary McGuire, EMS Chief Brian Gleason, DPW Director Bruce Berry. Police Chief Peter Lyon, and the other Department Heads, as well as the Chairman and the Board of Selectman.

The Town of Amherst is very fortunate to have a dedicated team of Emergency Management personnel to serve the community.

Sincerely.

Mark R. Boynton Fire Chief/Emergency Management Director

### 2010 DEPARTMENT OF PUBLIC WORKS

#### **Bridges**

Amherst has fourteen bridges, three of which are red listed. State engineers estimate today's replacement costs to be approximately two million dollars. Each year this work is delayed, they recommend adding an inflation factor of five percent. The town must raise twenty percent of the project cost before we are allowed to apply for state reimbursement.

You are being asked to support a bridge replacement bond article now because the reimbursement of the state's portion is not available for ten to twelve years. Conventional wisdom and their existing condition tell us they will not last that long, and without an accelerated replacement date, there will be road closures.

#### **Bond Work**

Spring Road 8.600 feet

Amherst Street 2,400 feet

#### **Budget Work**

- A. New Boston Road Bridge After careful evaluation, we discovered the approaches were being undermined, necessitating road closure on either side of the Thanksgiving holiday for major repairs. With State approval, repairs were made at an unexpected budget cost of \$28,023.97. After additional repairs are made in July or August (2011) NHDOT bridge inspectors will review the repairs after which, they will determine if its "red listing" classification will be removed.
- B. Reclamation Spring Rd 1,000 ft Amherst St 1,850 ft Broadway 1,000 ft

The following work was done under the supervision of Lead Foreman David Herlihy.

- C. Overlay Spring Rd 1,460 ft Juniper Dr 3,865 ft
- **D.** *Rubberized Chip Sealing* Approximately 3.6 miles (18,973 ft) was completed on the following roads

Beaver Brook Circle	2.207 ft	Brookwood Drive 946 ft
Buckridge Drive	5,644 ft	Cobbler Lane 945 ft
Crocket Lane	903 ft	Flanders Road 491 ft
Limbo Lane	1.246 ft	Old Coach Lane 2,698 ft
Shadow Ln	2.001 ft	Sunset Ave 520 ft
Thatcher Drive	1.372 ft	

E. *Crack Sealing* - Approximately 3.92 mi (20.703 ft) was completed on the following roads.

Old Coach Lane 2,698 ft	Limbo Lane 1,246 ft	Beaver Brook Circle 2,20	7 ft
Monticello Drive 2.150 ft	Fairway Dr 3.987 ft	River Road 2.21	3 ft

- Northfield (Boston Post to Stop sign) 1.500 ft Meadow Lane 1.652 ft Martingale Road (Boston Post to Melendy Hollow) 1,400 ft Cricket Hill Drive from (Boston Post Rd to #7) 1,650 ft
- **F.** *Rotted Culverts* Town forces with the aid of local contractors replaced the following:

Juniper Drive 70 feet @ 15 inch Amherst Street 800 feet @ 15 inch + 4 catch basins and 60 feet @ 18 inch Spring Road (town work) 60 feet @ 24 inch Shadow Lane 80 feet @ 36 inch

**G.** *Roadside ditching* - removed approximately 3.000 yards of loamy/sandy material from shoulders using privately owned rubber tired excavators on the following roads.

Boston Post Road from Wilkins School to Town line	New Boston Road
Spring Road from Upham Road to Town line	Brook Road
Mont Vernon Road to Secomb Road	Broadway (spots)
Walnut Hill to Broadway	Old Mont Vernon Road
Green Road (asphalt shoulder only)	

- H. Brush Cutting A DPW crew of five trimmed Spring Road (scenic road) & Pulpit Run.
- I. *Catch Basins* All 382 catch basins were cleaned at least once during the preceding year using outside hired equipment.
- J. Street Sweeping Approximately twenty-five percent of Town roads are mechanically swept using outside hired equipment and Town dump trucks.
- K. *Patching* A crew of three spent approximately eight weeks on most of our Town roads shoveling 141 tons of hot mix asphalt out of a rented "hot box" trailer.
- L. Assisted in Traffic Control For an outside company who installed 1,200 +/- feet of new guardrail (S32,000) on Amherst Street. Boston Post Road & Corduroy Road.

The following work was done under the supervision of Waste Water Specialist/Light Equipment Operator Richard Keyes.

M. *Phase IV Baboosic Lake* – Construction started in the Spring and by mid summer nine additional homes came on line. This project was partially funded with Federal Stimulus monies and furthers our goal to improve lake water quality.

The following work was done under the supervision of Buildings and Grounds Foreman Perry Day.

### **Town Buildings**

Central Fire Station;

Amherst Painting Company painted the building

M. C. Contracting of Pepperell Ma. reroofed the apparatus bay.

LeBlanc Heating installed a new energy efficient furnace.

Additional insulation was added to Central Fire. South Station, Police Station, and DPW office by Public Works employees.

### Town Commons

Once again. Charlie Duval, Mike Donnelly, and the Hillsborough County workers program made improvements to our grounds, using fertilizer. lime, seed and composted loam.

### **Transfer Station**

*Trash Tonnage* – Each of the last three years, our trash tonnage has decreased. Perhaps it is a sign of the economy. Or, maybe recycling became more user friendly with the renovations.

2008 - 3.367.16 tons @ \$262,705.82 2009 - 3,157.39 tons @ \$253.317.40 2010 - 3.125.5 tons @ \$209,408.50

At any rate, a decrease in trash tonnage (S67/ton) and an increase in recycling, translates into a decrease in taxes.

*Recycling* – totals listed will not include leaf and yard waste, tires, scrap steel, demolition, or computer waste. It will include commingles, newsprint, cardboard (OCC), aluminum cans, mixed paper, mixed glass, steel cans, and opaque plastic at the grand sum of 899 tons for a cost avoidance (or revenue) of S62.337.55. That same tonnage had it all gone in the trash, would have cost the taxpayers S60.233, that's a S122.570.55 swing

*Household Hazardous Waste* – these products come from supermarkets, hardware stores, and gas stations to name a few. By law, these items can not be accepted at our Transfer Station, so over the years we have partnered with the Nashua Regional Planning Commission. Specific information can be found on their webpage at <u>www.nashuarpc.org</u>.

The following 2011 hazardous waste dates are scheduled:

Saturday April 23 8:00AM – 12:00PM, in Nashua Saturday May 7, 8:00AM – 12:00 PM, in Milford Thursday June 2, 3:30PM – 7:30PM in Nashua Saturday August 6, 8:00AM – 12:00PM in Nashua (tentative) Saturday October 1, 8:00AM – 12:00PM in Nashua (tentative) Saturday November 5, 8:00AM – 12:00PM in Nashua (tentative) You should be congratulated! Amherst residents removed approximately <u>5,959 pounds</u> of hazardous materials from the waste stream, fifty-five percent of which was paint products.

Syringes and lancets are **<u>not</u>** accepted at our trash processing plant, and therefore cannot be disposed of at the Amherst Transfer Station. However Southern New Hampshire Medical Center operates a SHARP (Store Household Sharps and Return Property) program. For more information go to <u>www.snhmc.org</u> click on "Community Programs" and then "Sharps Program". For other more regional "take-back" locations, information and instructions can be found at <u>www.nh.gov medsafety</u> or by calling 271-2925.

In closing. I want to thank my staff, crew, other Department heads and Town employees we interact with, the Town Administrator. Board of Selectmen, and you the taxpayers for your understanding and corporation during the preceding year.

Respectfully submitted. Bruce W. Berry, Director

### AMHERST RECREATION DEPARTMENT

Mission Statement:

- To offer diverse cultural community and special event activities for all family members
- To offer a full array of informational services to all leisure activities and organizations
- To provide environmental education and leisure opportunities
- To provide professional leisure department assistance to all community groups
- To provide leisure opportunities in a safe and healthy atmosphere
- To provide a well maintained park system and recreational facilities to be used in an optimal, fair and equitable manner
- To provide a comprehensive master plan

The Amherst Recreation Department began 2010 by filing with the State of New Hampshire, Division of Parks and Recreation our intent to apply for a grant to help fund the acquisition of land to replace Cemetery Fields and Playground.

The Amherst Commission supported petition Warrant Article #24, to acquire property located on Stearns Road. This 47 acre parcel would have provided replacement of Cemetery Fields and playground, allowed for potential expansion of fields space and provided access to nearly 3,000 linear feet of the Souhegan River for passive recreation. The warrant article failed.

Karen Urbanik, a long time supporter of Baboosic Lake's swim team assisted the Department in securing the replacement raft at Baboosic Lake. Karen along with parents of swim team members and high school volunteers manned the concession at the Lake and raised matching funds to purchase and install it in June 2010. Karen also assisted the Director and Administration Committee with a risk management plan that was approved by Primex, the Town's insurance carrier.

The Department was awarded the following grants, donations or gifts:

- <u>USTA Quick Start Tennis Grant</u>. The USTA grant provided the Department with modified equipment and program materials for a "learn to play tennis" program.
- <u>The Amherst JWC</u> \$750.00 grant funded program and equipment improvements at Peabody Mill Environmental Center (PMEC).
- Amherst Recreation was the recipient of the <u>Robert A. Ducharme Memorial Fund</u>. Donations in memory of Mr. Ducharme were made to the Department to provide baseball scholarships where needed. Additionally the funds can be used for

improvements to the baseball equipment needs. We continue to be grateful to the Ducharme family for considering Amherst Recreation as the recipient of these funds.

- <u>Lowe's of Amherst</u> generously donated their time, talent and supplies to upgrade one of the bathrooms and repair the outdoor education screen porch with a new roof and screens at Peabody Mill Environmental Center. Lowe's donation was valued at \$3,000.
- <u>Amherst Garden Club.</u> The Club donated blue stone to be used a walkway to the office at PMEC valued at \$2,000.
- <u>Amherst Family Chiropractics</u> donated \$30.00 to be used for programs and equipment at PMEC.
- <u>Uniroyal Soccer Program.</u> A S100 donation was awarded to the Department to be used for recreation soccer.

New members of the Recreation Commission were appointed by the Board of Selectmen in May: Travis Warren as a regular. Michael Heaney as an alternate. Wendy Rannenberg as a reappointed member. Karen Urbanik was appointed as a regular member to replace a seat created by a resignation. At this time the Commission made a recommendation to the Board of Selectmen to amend the Recreation Commission's bylaws. The recommendations were accepted and approved by the Board of Selectmen.

The Department renewed its partnership with the Amherst School District Extended School Year program (ESY). Approximately 25 Amherst ESY students spent time at the summer Hartshorn program engaging in social and environmental education programs.

Hartshorn was available for nine weeks of half-day or extended day programs. Some of the favorites among many were: Tree Fort Building. Wise Kids Outdoors, Cast Away Fishing, Young Chemists and Become a Student in Archeology. The Hartshorn program attracts area teachers and environmental educators who deliver quality. fun, and educational activities. We were fortunate to have recorded 1,455 hours served by our high school volunteers and 483 kids who spent some portion of their summer at PMEC.

We continued our summer program, SummerScape at the Amherst Middle School and Baboosic Lake. This 6 week, daily program provided over 40 campers a fun full of summer swimming, field trips and activities.

Our Summer Concert Series was well received by Amherst residents. The three evening concerts were held on the Town Green and were so successful that residents can expect performances again in 2011. One of the concerts, the Amoskeag Strummers, was in partnership with the Town's 250<sup>th</sup> Anniversary Committee. Both the Stummers and Beatle Tracks ( all Beatle music) was enjoyed by over 250 residents at each concert followed by our closing concert, T-Bone Tom, a family entertainer who delighted both young and old alike.

In September, the Hillsborough County Correctional Facility, Community Volunteer Program supplied the Department with a work crew of 8-12 men who painted the inside of the entire PMEC building and spruced-up the surrounding grounds. The Commission and Department appreciated the quality work that was completed in approximately 60 hours of volunteer labor.

The annual "Fall Festival" was held at PMEC in early October. Families participated in activities including, scare crow building, a pie eating contest, candy hunt, campfire cooking and much more.

A PMEC open house was held for area school principals and science teacher to visit the Center and meet with our environmental educators and staff. The morning workshop presented the opportunities and programs available at the Center and/or their school. Two home school groups enrolled in environmental programs and activities for the school 2010-11 calendar years.

The Recreation Commission submitted a Volunteer Background Check policy to the Board of Selectmen. The Selectmen submitted it to Amherst's Town Counsel for review. Adoption is projected in early 2011.

After one year of working with nearly 1.000 of Amherst residents (through a community survey), the Conservation Commission and youth sports organizations, the Recreation Commission presented to the Board of Selectmen their completed comprehensive master plan The Board adopted it at their November 29,2010 meeting. Included in the plan was a recommendation to seek property to replace the loss of Cemetery fields and playground. The Selectmen named the following members to serve on the Cemetery Fields and Playground Replacement Committee: Chairwoman, Wendy Rannenberg, Manny Almeida, Peter deBrunkopt, Jim Manning, Bill Wickman, and Randy Chapman.

The Department received notification from the State of New Hampshire, Division of Parks and Recreation that our application for a grant to fund acquisition of land to replace Cemetery Fields and Playground was not awarded this grant round. The Town is eligible to reapply in 2011.

The Recreation Commission presented a warrant article to the Board of Selectmen to raise and appropriate the sum of S250.000, for the purpose of offsetting the cost of location, acquiring and developing property to replace Cemetery Fields and playground and withdraw the funds from the Land Use Change Tax Fund. The Board of Selectmen submitted Article #24 to be placed on the March 2011 ballot.

The Department continued to train volunteer coaches and enrolled 15 coaches in the National Youth Sports Coaches Association training.

As in previous years, we represented recreational and environmental programs at Amherst PTA information night and Milford's Conservation Expo at the Hampshire Dome.

The Department issued three program bulletins outlining community programs and activities and continued to make web based registration possible. Additionally, the

Department posted updated information at <u>www.amherstnh.gov</u>, <u>www.pmen.org</u> and on the Face Book fan page- Amherst Recreation.

The Recreation Commission and the Department's staff holds in high regard the significance and importance volunteers bring to our program. Without the support of over five hundred dedicated volunteers we would be incapable of delivering our programs as well as we do. We are grateful for their time and talent and thank them for their contribution.

Both the Commission and Department strive to uphold our mission. We welcome and encourage your input and feedback. We welcome your comments.

Respectfully submitted, Nancy McMillan Amherst Recreation Director

### AMHERST TOWN LIBRARY www.amherst.lib.nh.us

#### Library Mission

The Amherst Town Library shall strive to provide all community residents with materials and services for their information, education and entertainment needs.

#### Library Vision

The Amherst Town Library is an essential, innovative community service and an accessible resource for people of all ages and backgrounds, enhancing our quality of life and affirming our sense of community.

## 2010 Statistics - Library Activity

Amy Lapointe Library Director

#### 2010 PLANNING AND ZONING DEPARTMENT ANNUAL REPORT

The downward slide in single-family homes on single-family lots has continued in 2010 as it was in 2009. The Building Department continues to receive applications for renovations, additions, remodeling, and including a great number of home generator installations. The Building Inspector reviews and inspects all these applications for Building Permits. The number of new septic designs and repair system applications has decreased slightly from last year. It appears that the decline in construction, both residential and commercial / industrial, reached the bottom of the slide in 2009; however, the return to normal may yet be several years away. During this year the Amherst commercial development on Route 101A has been flat with little major activity. The new Bed, Bath, and Beyond store, where Circuit City was, is now open and a Harbor Freight Tools store is now open.

The Planning and Zoning Office provides support for the Planning Board, the Zoning Board of Adjustment, and the Historic District Commission. The Technical Assistant in the Zoning Office provides consultation to the Amherst Department of Public Works, as requested, for engineering matters.

The Planning and Zoning Office is available for record research, for individual homeowner construction consultation, for planning and regulation / ordinance review for individual homeowners, land developers, and for commercial / industrial development. The Building Inspector is available generally Tuesday and Thursday at the Planning and Zoning Office between 7:30 am to 9:00 am for questions and consultation. Building Permits may be filed between 8:00 am to 3:45 pm any day during the week. The review period is usually about 7 to 10 days with a complete application. Septic test pits are witnessed by this Office usually any day of the week as long as an appointment is called for several days in advance.

Please remember that no construction is allowed to be started without an approved Building Permit and that no disturbance of a wetland buffer is allowed without Planning Board approval.

Here are some statistics from the Building Department: Total all permits: 476 (2009=413)

Total Single Family Homes: **14** (2009=10); **5** condominiums (2009=0) **1** mobile home (2009=0); **2** apartments (2009=0) Residential Additions and Alterations: **142** (2009=145)

New Commercial / Industrial: 0 (2009=0) Commercial / Industrial Additions and Alterations: 15 (2009=19)

 Signs: 22 (2009=12)
 Pools: 15 (2009=0)
 Mechanical: 57 (2009=41)

 Demolitions: 24 (2009=19)
 Septic Systems: 47 (2009=55)

Home Occupations: 7 (2009=5) Electrical: 112 (2009=101) Plumbing: 20 (2009=6)

Respectfully submitted, Charlie Tiedemann, Planning Director

#### MEMORIAL DAY SUNSET PARADE AND OBSERVANCE MAY 28, 2010

The parade formed at 5:30 p.m. and stepped off at 6:00 p.m. Ceremonies followed on the large Common. It was a beautiful day, the sun was shining.

Amherst observances are reflective times when the community comes together in patriotic thanksgiving for the lives given for the preservation of freedom.

Parade participants marched and spectators joined in the walk as one unit, quietly and respectfully to several monument locations. At each site, wreaths were placed by our local Selectmen: Jackie Marshall, DAR representative, a 21 gun salute, taps played, a brief history was read and the raising of the flags by Selectman Tom Grella.

At 7:00 p.m., there were speeches given and awards handed out. The invocation was given by 1<sup>st</sup> Sergeant Mark Foster, Assistant Chaplain National Guard U.S. Army after which he read the names of the deceased Veterans lost in 2008 and 2009. Another invocation was given by Amherst Fire Department Chaplain Tim Johnson. The Pledge of Allegiance was led by Jim Lockwood; our National Anthem was sung by the Amherst Middle School Chorus; "The History of Memorial Day" was read by U.S. Navy Wave Louise Marley; "Flanders Field" was read by Lt. Colonel U.S. Air Force Don Holden: Jim Lockwood presented the Bruce Tarpley Award to his daughter, Meredith Lockwood; Maggie Paul from SHS presented The Patricia Duval/Lyn Riccitelli Award to Alex Lyon, a Senior at Souhegan High School. The History of the first Memorial Day observance dating back to June 1869 was read by Katrina Holman.

Special thanks to the townspeople that helped put out the flags for our Veterans in all the cemeteries: the Amherst Police Department: the Amherst Fire Department Color Guard: our Parade Marshall: the School Bands: the Board of Selectmen and our Veterans.

In the past year, Amherst lost some very special people who have contributed to the Town and its legacy: Arlene Grassett, Richard Carr, Augustus Rice, Marguerite Brockway – we took a moment to remember them.

Respectfully submitted, Marie Theresa Grella, Chairman

#### AMHERST COMMUNICATIONS INFRASTRUCTURE COMMITTE

#### 2011 Annual Report

- We continue to broadcast live and recorded meetings of the selectmen, planning board, and zoning board of adjustment on channel 20 (ACTV20), and the Souhegan school board and Amherst school district board on channel 21 (ACTV21).. An additional outcome of the latest cable contract is the availability of channel 21 (ACTV21) for educational programs. Channel 20 also broadcasts bulletins for community organizations as well as public service bulletins from various town departments. Emergency messages also appear as scrolling messages along the bottom of the tv screen.
- We have a television production studio that will allow any resident of Amherst to produce their own presentation or originate live programming. This studio is located at Souhegan High School but is available to residents as well. This then also becomes a valuable tool for the various video projects of the students. In addition to this new studio we have added the ability to originate live programs from both the town library and the Amherst Middle School. The students of Souhegan are actively engaged in using this facility and classes are held there every day.
- Amherst Community Access Television (ACAT) is actively recruiting volunteers to act as producers of public meetings (selectmen, planning board, zoning board of adjustment, school boards). This involves a simple task of running a camera. If a volunteer would like to learn more they can be trained to run the video and audio controls. ACAT is also able to broadcast locally produced shows by the residents of Amherst.
- The committee website is accessible from the town home page, or directly at <u>www.amherstnh.gov communications</u>. This web page contains daily program schedules for ACTV20, and the assignment schedules for the producers. Additional information such as answers to Frequently Asked Questions is also available.

Questions and comments should be directed to cic@amherstnh.gov

Specific questions regarding content or requests for postings on the community bulletin board should be addressed to <u>actv20@amherstnh.gov</u>

Respectfully submitted. Doug McAllister Chairman

#### **CONSERVATION COMMISSION**

The Amherst Conservation Commission manages town properties acquired by donation and town warrant, then set aside for conservation purposes. We make recommendations on dredge and fill applications to the State Wetlands Board, and on real estate developments to the town Planning Board and the ZBA. We attempt to preserve the rural character of the community by conserving wildlife, habitat and water quality. The ACC meets monthly on the second Sunday of the month at 7:00 PM in the Town Hall. The public is welcome.

2010 was the second year of providing greater Benefits to the Community.

**Trails**: The talents of the entire commission were employed to update and reissue our Amherst Walk Book, now being sold at Town Hall and the Toadstool Bookstore. The Patch Hill Trail through Milford and partway into Amherst was enhanced with a map and kiosk. A Trails Grant for \$3,674 was awarded to ACC from NH Fish and Game Habitat Improvement Program Small Grants Program. It requires \$6,000 in cash and/or pro-rated volunteer hours. The funds are for upgrading signs and entrance kiosks at twelve trails and ACC sites, and to enhance visibility of trail heads.

**Meadows**: Field maintenance grants were obtained from Fish & Game for \$2,000 for mowing Lindabury and Bragdon North, also another \$2,000 grant for edge maintenance on Bragdon north, mowing Lindabury and upper Bragdon, beaver control at Joppa Hill Farm, and fertilizer for meadows. A 'Beaver Deceiver' was installed in Weston Pond on Joppa Hill Farm to lessen the erosion of the class 6 road there. The Scott Farm field was plowed, disked and fertilized to begin the first year of corn rotation. We continue to brush-hog our fields annually.

**Invasive Plants** – Yes, some community benefits have an ugly character. *Have you seen any real cattails in the marshes recently? Do you recognize and see the coverage done by bittersweet vines?* In Joppa Hill Farm and in upper Bragdon Farm we held numerous work parties with loppers, a chipper and herbicides to remove bittersweet vines high in trees and encroaching pines. The invasives were killed back and the meadow margins opened to provide greater wildlife habitat. A senior high school project at the route 122 canoe port removed still more invasives.

**Forest Management:** Our consulting forester. Charles Koch, conducted a selective logging operation in Pond Parish resulting in more open canopy to encourage better tree development.

**Conservation Easement** - 118 acres of the Hammond property on Mack Hill Road across from Free Style Farm and backing up to Joe English Reservation are being purchased by a private owner who has agreed to a conservation easement over a portion of the property for a trail. This action prevents potential subdivision into 18 house lots. It has very high habitat value as it links two existing open space areas.

**Of Equal Importance**: Members of the Department of Public Works, assisted by the ACC, raised and put back together the shed at the top of the Bragdon South sledding hill which a large wind storm blew down.

We continue to upgrade and maintain over 1.200 acres of open space for wildlife habitat, passive recreation and to celebrate the general rural character of Amherst.

Respectfully submitted, John Harvey Chairman

*জন্জক*ক্তক

### **REPORT OF THE CEMETERY TRUSTEES 2010**

**RSA 289:2** <u>Municipality to Provide</u>: Every municipality shall provide one or more suitable cemeteries for the internment of deceased persons within its boundaries, which shall be subject to such regulations as the municipality may establish. The operation and maintenance of all cemeteries owned and maintained by the municipality shall be in the charge of the Cemetery Trustees.

The last section of Meadowview Cemetery was developed in 2002. Lots are still available.

Forestview Cemetery known to most of you as Cemetery Fields was purchased by the Trustees in 1992. Permitting and construction estimates have been completed by our Landscape Architect and have been submitted to the Charitable Trust division of the Attorney General's office for processing. The next step is to go before the Probate Court for cy-pres funding approval and disbursement prior to the September 2014 construction date.

Cemetery rules and regulations are posted on the town web page, <u>www.amherstnh.gov</u> click Department choose Public Works and then select "Cemetery".

The Cemetery Trustees wish to thank Buildings and Grounds Foreman Perry Day. Caretakers Mike Donnelly and Charlie Duval, for their attention to details, and the Hillsborough County workforce for the spring and fall cleaning.

Respectfully submitted.

Peter F. Bergin, Chairman of the Trustees Marie Grella, Trustee William Belvin, Trustee

#### FOURTH OF JULY

Fourth of July 2010 was special—it was the town's 250<sup>th</sup> anniversary and community spirit was high. Volunteers were numerous and energetic, the weather was warm and sunny, and the crowds were large and appreciative. The fireworks, sponsored by the Granite State Credit Union and put on by Jack Reed and his volunteers were spectacular. The Muchachos and the Spartans joined the Amherst Town Band, the New Hampshire Police Association Band, the Hudson Post Band and the Campbell Highlanders to bring music to parade spectators. Souhegan High School cheerleaders carried identifying signs for the many dignitaries including Governor Lynch who was accompanied by the Governor's Horse Guard. The antique autos were numerous and put on an extraordinary display as did the floats. Without the traditional grandstand available. Bob Schaumann announced the parade from the same location.

Special guests included descendents of early Amherst families who met for lunch on the village green following the parade. The art show featured over thirty local artists. Small children once again enjoyed the many animals brought to the green by their generous owners, and everyone was delighted with the old fashioned crafts which this year included volunteers demonstrating weaving, spinning, rug hooking, blacksmithing, beekeeping, and maple syrup making. Many thanks are due the animal owners and craft demonstrators as well as all the other volunteers who manned booths and helped with setup and organization on both July 3 and the Fourth.

Thanks are also due to the many town departments without whom the celebration could not have taken place—EMS, the Fire Department, the Public Works Department, the Police Department, the Administrative Office, and the School Department. Special thanks also go to the Fourth of July Committee that spent months planning the events: Mary Beyers, Doris Boyle, Charlene Carper, George Coddington, Diane Desimone, Lydia Greene, Diane Hirst, Judith Jones, Katherine Lockwood, Meredith Lockwood, Mary Mahar, Louise Marley, Liz Morgan, Chris Nowlan, Jeff Odhner, Bill Overholt, Liz Overholt, Reed Panasiti, Gretchen Pyles, Bob Schaumann, Phil Sellers, Chris Shaver, Paula Schmida, and Peggy Stokes.

Not to be left out of those deserving recognition are the financial supporters: the residents of Amherst, Granite State Credit Union, Bot-L-Gas, REMAX, Atlas PyroVision, Jake's Ice Cream, Sal's Pizza, Bruster's Ice Cream, Good Humor Ice Cream, and Integrity Health Support for Women. In addition, the Amherst Citizen gave plentiful coverage and free publicity to the events for weeks before the celebration.

Thanks to everyone who worked on the celebration and to all those who enjoyed the activities, the Fourth of July was once again a successful Amherst event!

Respectfully submitted. Nancy Head, Chair

### AMHERST HERITAGE COMMISSION

The Amherst Heritage Commission was established in 2002 for the purpose of properly recognizing, using, protecting, and preserving the historic and heritage resources of the town of Amherst that are valued for their historic, cultural, aesthetic or community significance within their natural, built or cultural environments. The Amherst Heritage Commission shall have advisory and review authority to:

- a. Survey and inventory all historic and cultural resources within the town, conduct research and publish finding, assist and advise Amherst boards and commissions in supporting issues which address cultural and historic resources, coordinate activities of local agencies and reviewing matters affecting cultural and historic resources town-wide
- b. Receive gifts of money and property, in the name of the Town, subject to Selectmen approval, and manage such gifts for its proper use
- c. Establish partnerships with individuals, schools, local businesses. Town boards and organizations who share like interests in the preservation and conservation of the town's heritage resources

#### Accomplishments and Project Updates During the Past Year (2010)

- a. Coordinated the activities with over 60 individual town organizations and offices working together for Amherst's 250<sup>th</sup> Anniversary Celebration (1760-2010) in 2010. The year long celebration was kicked off with the lighting of the celebration tree and a special opening ceremony event at the Congregational Church on 17 January 2010. The celebration continued all year long with organizations planning and executing their own activities celebrating the 250<sup>th</sup> anniversary. The celebration was capped with a three-day Heritage Days event on 24-25-26 September 2010. The village green was open for activities during the event, with hundreds of happy faces participating. The closing ceremony took place on 17 January 2011 with the Board of Selectmen and the 250<sup>th</sup> Anniversary Celebration Committee Chair. Carolyn Quinn. giving sincere thanks and appreciation for all of our town residents who participated during the year. The celebration tree lights were extinguished by 15 of our town's youths, thus bringing a close to the celebration.
- b. The Heritage Commission completed the town-wide survey of historic resources in 2010. Data collection started in the spring of 2009 and was completed in January 2010 with delivery of the survey. Over 350 new historic resources have been identified in the town-wide survey. A grant for the project was sourced through the New Hampshire Department of Historic Resources. The Historic Resource Survey identified the areas of possible needs for the town: need for developing a town wide Demolition Delay policy, possible areas within the town for expanding scenic roads, possible homes and structures that could be listed on the State Register and National Register of Historic Places, and possible identification of areas in Amherst that could be designated as Neighborhood Heritage Clusters or possible Historic Districts.
- c. Plans were started in 2010 for drafting a town-wide Demolition Delay Policy for structures of historic value. The Demolition Delay Policy is in line with the Amherst

Master Plan in an effort to maintaining the rural character of the town. Plans are to finalize the policy and prepare it for a vote at the Town Meeting in 2012.

d. Provided minor assistance to the Amherst Police Department in recovering the Walnut Hill Road Granite Mile Marker.

#### Looking Forward to 2011 (Possible Projects for the Heritage Commission)

- a. Complete the Locke Numbering scheme on the Historic Resource Survey
- b. Prepare and present a "briefing roadshow" of the Town-wide Resource Survey.
   Present briefings as a minimum: Board of Selectmen, Conservation Commission,
   Historic District Commission, ZBA, Amherst Planning Board, Roads Commission,
   and entertain a "Historic Amherst" night presentation
- c. Document the recent finding of a foundation believed to be a Powder House at the Old Burial Grounds
- d. Complete the installation of the painted sash for the Corn Crib
- e. Pursue and discuss the proposed renovation/restoration of the Blacksmith Shop adjacent to the Corn Crib
- f. Transcribe the remarks made by all presenters at the 250<sup>th</sup> Anniversary Celebration Opening Ceremony in January 2010
- g. Use the recommendations from the Resource Survey to potentially identify additional "Scenic Roads" and Neighborhood Heritage Clusters"
- h. Document in further detail a town-wide Barn Survey
- i. Potential for adding several Amherst residence or historic resources on the National and NH State Register of Historic Places
- j. Document in further detail the location of stonewalls within Amherst

The Heritage Commission is always looking for volunteers from town to assist or take on ownership of a commission project. All citizens are welcome.

The current members of the Amherst Heritage Commission, appointed by the Selectmen are: Regular Members - Will Ludt (Chair). Bill Veillette, Andy Ouellette, Anne Krantz, Carolyn Quinn, and Tom Grella, ex officio Board of Selectmen. The Alternate Members are: Nancy Spears, Mary Mahar, and Sandy Fraser.

Respectfully Submitted. Will Ludt Chair. Amherst Heritage Commission

### HISTORIC DISTRICT COMMISSION REPORT

The Historic District Commission currently consists of five members and four alternates who are appointed by the Board of Selectmen. In addition, there is one *ex officio* voting member each from the Board of Selectmen and the Planning Board. The Commission meets the third Thursday of every month and is charged by ordinance with the responsibility of reviewing all applications for Certificates of Approval for any exterior changes, demolition, renovations or additions to properties located within the District. Applications to be reviewed by the Commission are due in the Zoning Office at the close of business twenty one days prior to the meeting date. This allows the agenda to be posted, placed on the Town web page, and allows for timely notification of abutters

In early 1991, Historic District Commission "Guidelines" were completed, reviewed by Town Counsel, and placed in the Town Library along with the reference material the Commission used in drawing up the guidelines. This reference material includes the Secretary of the Interior's "Standards for Rehabilitation - Guidelines for Rehabilitating Historic Buildings" as well as "Preserving Community Character" which is published by the New Hampshire Association of Historic District Commissions. Both manuals are excellent sources of information and are especially important if one contemplates making changes to an historic house. Copies of the Commission's Guidelines are also on file in the Town Hall Zoning Office. In addition to these resources the library has books relating to preservation and restoration. A flyer describing the guidelines has been prepared and is now available to citizens to help them understand the process of applying to the Commission. Flyers are available at the Zoning Office and the Library. We encourage all citizens to make use of all these resources. Guidelines and Rules of Procedure are also available on the web site.

Throughout this past year, the Commission has deliberated on applications for new home construction (both single and multi-family dwellings), additions, renovations, window replacement, landscape structures, signage, and tree removal. We continually strive to render fair and reasonable decisions to all Applicants based on regulations, design guidelines, and rules of procedure, all as intended to protect and preserve the characteristics which make our Historic District unique.

Our ongoing review of Design Guidelines and Rules of Procedure is a dynamic process that continues to evolve in our effort to render clear, fair, and consistent decisions. We inform all Applicants, however, that as owners of property within the Historic District, they are required to comply with all rules and regulations as granted to Historic Commissions under authority of the U.S. Department of the Interior, and the State of New Hampshire. As an Historic Commission, we are responsible for enforcement of these rules and regulations and are, thus, possessed of limited flexibility in adjudication of most Applications.

The Historic District Commission maintains continuing effort in suggestion of design alternatives by which Applicants might realize objectives without compromising their role as conservators of historic properties. We do recognize, however, that the Historic District is not a living museum for the benefit of non-residents, and that conveniences of modern living, and exigencies of expanding families suggests modification of historic fabric from time to time. To this end, each Application is reviewed by the Commission in its thoughtful consideration of Applicant objectives, compliance with applicable rules and regulations. "appropriateness" as within guidelines of design precedent, and always toward preservation of integrity with surrounding properties.

To the mutual advantage of both Applicants and the Historic District Commission, a reasonably comprehensive set of guidelines, a growing collection of reference materials, and the collective experience and advice of Commission members is available to all Applicants seeking improvement of their historic homes.

This year, the Commission will be working on a revision of its Application Form in an effort to eliminate ambiguities as identified by some Applicants. Initially, and with improvement(s) when indicated, we seek to simplify the application process beginning with a narrow definition of that which constitutes a "complete application" ... as acceptable to the Commission for review of an Applicant's request. As such, we seek to reduce or eliminate multiple review sessions and, in general, realize more timely and efficient adjudications to the mutual benefit of both the Applicant and the Commission.

As charged by ordinance, the Historic District Commission continues in its effort to allow for each Applicant's enjoyment of their property, but always within parameters of that which ensures thorough and responsible consideration of individual properties, and with focus on preservation of individual properties as elemental within the Historic District as an entirety.

The Historic District Commission maintains close contact with the Heritage Commission and the Department of Public Works on any and all issues relating to the Village.

Respectfully submitted, James M. Ramsay Chairman

#### LIBRARY TRUSTEES' REPORT 2010

As with other libraries across the country, difficult economic conditions lead people to increase their use of the Amherst Library services. The Library's overall circulation was up almost 11% last year. That was the second year in a row with a double-digit increase and the 10th year in a row with an increase (a 68% increase in 10 years).

The Library is more than just a collection of hard cover books. Every year it seems we offer an additional type of circulating material. This year, we began offering a quickly growing collection of 1700 digital books that patrons can download to their compatible reading device (Sony Reader, Barnes and Noble Nook, iPad, etc.) The books are available through the same interface as our downloadable digital audiobooks (Overdrive). The downloadable audios are very popular and have a lower per-circulation purchase cost than books on CD and they do not require any processing, repairs or shelf space.

In addition to using materials from the Amherst Library, our patrons continue to take advantage of our reciprocal borrowing agreement and transit system with 9 other libraries in the GMILCS consortium. Our patrons borrowed almost 21,000 items from other consortium libraries using our web-based library system.

Last year was a banner year for adult programming, breaking all previous records. We offered 80 adult programs, an increase of almost 20% over the previous year, and had 34% more attendees. The offerings were both scholarly and recreational, appealing to a variety of ages and interests. They ranged from "Building Career Connections" to "Winter Salads: cooking and tasting". Last year, funding for adult programs came from the town operating budget, trustee revenue, NH Humanities Council mini grants, and the Friends of the Library.

Despite personnel changes, attendance at children's programming remained strong. An average of 668 children attended a library program each month. The highlight of the year was a terrific Summer Reading Program where 279 children read for a record-breaking 6014 hours. 128 adults read 742 books, and 184 middle schoolers participated. Approximately 250 people attended our 2nd annual End-of-Summer BBQ on the town common and got to see Miss Sue and Miss Emily "get slimed".

Last fall we began distributing an email newsletter twice a month which highlights just 3 to 5 items of interest. We've received rave reviews about the service, and our web site statistics show very solid "open" and "click through" rates from readers of this newsletter. We recently sent out our 31st issue to our 3024 subscribers. If you are not on the email list, you can sign up on the Library web site home page.

According to The Library's door count, patron visits to the Library are over 8000 per month and just under 100,000 per year. The per capita library usage is among the highest in the state. The Library meeting rooms were used over 800 times in the last fiscal year. Meeting room use is a very real community need that is increasing annually and was

articulated in the 2010 Amherst Master Plan. If you use the Meeting Room or the Children's Library on the lower floor you will see the new carpet that was installed this summer thanks to the generous support from a Norwin S. and Elizabeth N. Bean Foundation's matching grant, the Friends of the Library, other community groups and all the residents who contributed to our "Buy a Carpet" campaign which raised over \$19,000.

The Trustees want to thank the Department of Public Works who maintain the Library building and grounds. Our building is in better shape than it has been in many years. We also thank the Amherst Garden Club for providing a wonderful front and back garden areas.

Respectfully submitted. Donald Holden Chairman, Amherst Library Trustees

# ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment (ZBA) heard 21 cases in 2010. This was an average case load for the board, about the same number of cases heard in 2009. The ZBA meets on the third Tuesday of each month to hear and decide upon requests of Amherst citizens and businesses desiring a Variance (V) or Special Exception (SE) from the Zoning Ordinance of the Town of Amherst, NH. The ZBA also hears and decides on Administrative Appeals (AA) to decisions made by officials of the town, or the Planning Board. A copy of the Zoning Ordinance is available on the town's website at: <u>http://www.amherstnh.gov/Regulations/zoning pl-112.pdf</u>. A copy of the Zoning Ordinance can also be viewed or purchased at the Planning and Zoning Office in the Town Hall. Below are all cases heard before the ZBA in 2010, including decision made (if any):

## ANNUAL REPORT OF NRPC ACTIVITIES FOR THE TOWN OF AMHERST

The Nashua Regional Planning Commission (NRPC) was established in 1959 by communities in the Nashua area for the purpose of analyzing and coordinating land use and transportation issues at the regional level. Today, NRPC serves thirteen member communities, among them Amherst.

NRPC embarked on a number of new initiatives and projects in 2010, which promise to have long-term positive impacts for the future of the region and the state. NRPC has played a significant role in the NH Broadband Mapping Program as we began the process of identifying and mapping broadband resources across the state in collaboration with the other eight Regional Planning Commissions. In 2011, we will continue this work. TRANSPORTATION

Traffic Data Collection - Conducted 8 traffic counts in Amherst in the past year. These counts were done at the request of NHDOT to support the Highway Performance Monitoring System (HPMS). All traffic counts are available for use by the Town and NRPC can conduct special counts upon request. The count data is available to anyone through the NRPC website and more detailed data from each count is available upon request.

Strategic Planning for the Souhegan Valley Transportation Collaborative (SVTC) -NRPC is working with the SVTC communities. NTS, and NHDOT to transition this service from a pilot program to a more permanent and sustainable service. NRPC was awarded funding through the New Hampshire Charitable Foundation and the Federal Transit Administration New Freedoms program to develop a strategic plan to develop recommendations for expanding the service, and identifying funding of the service in the future.

Safe Routes to Schools Program - The Safe Routes program encourages children to bike or walk to school through education and incentives that remind children how much fun it can be. The program also addresses the safety concerns of parents by encouraging greater enforcement of traffic laws, and exploring ways to create safer streets. NRPC continues to pursue Safe Routes to Schools funding for regional communities and school districts.

Regional Traffic Model – NRPC is updating the regional traffic model in conjunction with the release of new U.S. Census data and regional employment and journey to work data. This update will allow NRPC to provide morning and afternoon peak hour traffic forecasts, as well as more specific information to the town when assessing the impact of traffic from new development.

#### LAND USE AND ENVIRONMENT

NRPC Energy Program – In 2008, NRPC received a 2 year grant from the US Environmental Protection Agency's Healthy Communities initiative to establish the

Nashua Regional Energy Program. It works with municipalities to understand community needs and resources, assess current energy consumption within municipal buildings, take action to reduce energy consumption and implement renewable energy projects, and evaluate progress.

Over the past year, NRPC held its third Regional Energy Roundtable, where members of the Amherst staff, Planning Board, and Local Energy Committee participated. The goal is to share knowledge, technical expertise, and lessons learned as communities in the Nashua Region take action to address climate change and energy issues. NRPC also organized and facilitated a workshop during the 2010 Local Energy Solutions Conference. The workshop, "Strategies for Effective Partnerships in Local Energy Action", focused on the needs and resources of municipal staff and local energy committees to address energy issues and build stronger partnerships.

Resources and Training – Through the innovative iTRaC (Integrating Transportation and Community Planning) program the NRPC provided resources to town volunteers and staff. Fact sheets were developed on Edible Landscapes, Alternative Landscapes, Dark Skies, Gateways, and Historic Districts to name a few. Large educational posters have been developed on Access Management, Gateways, Traffic Calming and the State's Transportation Planning Process. All of these educational posters are available for our members to borrow.

Souhegan Outreach Kit - NRPC recently distributed an outreach toolkit to ten communities within the Souhegan River Watershed, including Amherst in an effort to focus increased attention on the valuable resource that is the Souhegan River and its surrounding watershed. The ultimate goal of this project is to encourage watershed communities to adopt the Souhegan River Watershed Management Plan into community master plans. For additional information visit <u>www.nashuarpc.org SRLAC-index.htm</u>.

Household Hazardous Waste Program – Household Hazardous Waste (HHW) comes from everyday products used in the home, yard, or garden. By definition, they are corrosive, flammable, toxic, or reactive. Non-latex paint, solvents, oven cleaner, pool chemicals, pesticides, drain opener, and auto chemicals are just a few examples. The NRPC holds HHW Collections each year to allow residents to properly dispose of these products. During these events, participants can also recycle unwanted electronics. Six collections were held during the 2010 HHW season. Five were located in Nashua and one in Milford. A total of 1,368 households participated from across the region; 102 of those households came from Amherst. Six collections are planned for 2011 beginning on April 23. For more information and a complete schedule, visit <u>www.nashuarpc.org.hhw</u>.

#### GEOGRAPHIC INFORMATION SYSTEMS (GIS)

Updated online Google Maps NRPC Traffic Count application. At the end of the traffic counting season, GIS staff uploaded all current data to Google maps web application, showing the latest 24-hour and hourly counts for every location in Amherst and the rest of the NRPC region.

#### AMHERST TOWN WARRANT DELIBERATIVE SESSION February 3, 2010

Moderator Schaumann called the meeting to order at 7PM. 159 voters checked in. Selectman Chairman George Infanti introduced the department heads: Nancy McMillan, recreation, Brian Gleason, EMS, . Peter Lyon, police, Rick Todd, fire department, Charlie Tiedemann. zoning, Gail Stout, tax collector, Nancy Demers, town clerk, Merri Howe. finance director, Sharon Frydlo, executive assistant, Gary Macguire, town administrator. Also, William Drescher, town council was in attendance.

Chairman Infanti introduced the other members of the board. Bruce Bowler. Brad Galinson, Tom Grella, and James O'Mara.

Chairman John Siemienowicz of the Ways and Means Committee introduced Charlene Carper, Peter Eiche, Jack Kunkel, John Maynard, Deirdre Rogusky, Dijon Fasoli and alternates David Chen and Steve Nelson.

Selectman Brad Galinson was presented with a commemorative pewter plate acknowledging his service as a selectman to the town. He chose not to run for another term.

Moderator Schaumann explained SB2 empowering the meeting to discuss each article, maintain original wording, and place the article on the March 10<sup>th</sup> town meeting ballot or amend the dollar amount and place the amended article on the ballot. Guidelines for the meeting as proposed by the moderator were as follows:

Voters would hold up a yellow card when the vote was called.

No amendment to an amendment would be allowed.

Three minute speaking rule.

No voter would be allowed to speak until any other voter had spoken once.

Voter must state his/her name and address.

No new business shall be conducted after 10:45PM unless it is the will of the meeting to continue.

After each article, a motion to restrict consideration was requested.

The voters approved the rules.

Mr. Schaumann then read the Town warrant:

To the inhabitants of the Town of Amherst in the County of Hillsborough and State of New Hampshire, qualified to vote in town affairs:

You are hereby notified that the Annual Meeting of the Town of Amherst will be held, in accordance with "Senate Bill 2" (NHRSA 40:13). The first session, to transact all business other than voting, is on Wednesday, February 3, 2010 at 7:00 PM at the Souhegan High School Auditorium. The second session, voting by official ballot at the polls is on Tuesday, March 9, 2010 at Souhegan High School from 6:00 AM to 8:00PM.

#### Article 22: Road Reconstruction Bond

To see if Town will vote to raise and appropriate the sum of fifteen million dollars (S15,000,000) (Gross Budget) to reconstruct approximately twenty-three miles of roads deemed in need of reconstruction as more particularly identified on the 2010 Proposed Road Reconstruction List derived from the Road Management Study of 2009, which list is dated January 11, 2010 and to authorize the issuance of bonds or notes therefore of not more than fifteen million dollars (S15,000,000) in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon and other conditions of the bonds or notes in their judgment, it being further understood that said bonding authority shall be on the condition that the Selectmen shall NOT issue or negotiate bonds or notes for this appropriation in any given year for more than four million (S4.000,000), it being contemplated that the overall bonding authority will not lapse until the project is completed but that the project will be completed in annual increments, borrowing for which shall not exceed four million in any given year. This is a special Article in accordance with RSA 32. 3/5 Ballot Vote Required

(The Board of Selectmen unanimously recommends a yes vote) This article has an estimated tax impact of \$0.23.

Selectman Grella presented this article. William Overholt of the Road Commission gave an overview of the purpose of this request. Only a certain number of roads can be done in one year. That portion of the road would need to be closed during the reconstruction. A maximum of \$4,000,000 would be spent in any one year. While roads are being reconstructed, general maintenance of other roads would be done, that money coming from the DPW budget. Marilyn Peterman suggested that the entire \$15,000,000 should be requested because interest rates could go up. Mark Vincent made a motion to change the wording by deleting \$15,000,000 and inserting \$4,000,000 and was seconded. He said there was no project plan for the first \$4,000,000 that was requested in the article. He'd like to be able to judge the progress of \$4,000,000 before committing to more money. To ask for \$15,000,000 when \$6,000,000 didn't pass last year was too much. After further discussion a motion was made to call the question and was passed. After a vote, the amendment was defeated. Mrs. Peterman then made a motion to change the \$4,000,000 limitation to \$8,000,000. The Board of Selectmen voted 4-1 in favor of the amendment. Since the town voted last year to reject a road reconstruction article in the amount of \$6,000,000, it was questioned as to whether that would be prudent. Selectman Grella said that the money must be used for road repair and not road maintenance. After further discussion, the amendment failed. The vote was taken on the article as written. Motion to restrict reconsideration passed.

#### Article 23: Open Space Land Bond

To see if the will Town vote to raise and appropriate the sum of three million dollars (\$3,000,000) for the purchase of open space lands or other property interests as determined by the Selectmen and to authorize the issuance of bonds or notes therefore of not more than three million dollars (\$3,000,000) in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and, further, that the

amount raised and appropriated herein may be used to defray the costs attributable to due diligence inspections, title search charges, closing costs and other similar charges associated with any such acquisition. These funds may only be expended to meet conservation and passive recreation needs, except that an amount no greater than 25 percent (or \$750,000) of said \$3,000,000 may be expended to acquire open space lands to meet active recreation needs, if such suitable parcels become available. (*The Board of Selectmen by a vote of 3-2 recommends a yes vote*) *This article has an estimated tax impact of \$0,17*.

Selectman Galinson presented this article. Way and Means support by a vote of 5-2. Bruce Beckley motioned to change consideration of Article 23 to after Article 24. A vote was taken in the affirmative and we proceeded to Article 24. Moderator Schaumann read the Article. After the vote was completed on Article 24, the Moderator then went back to 23. The Ways and Means Committee voted 5-2-0 in favor.

Bruce Beckley made a motion to amend this article as follows:

To see if the Town will vote to raise and appropriate the sum of two million two hundred and fifty thousand dollars (S2,250,000) for the purpose of open space lands or other property interests as determined by the Selectmen and to authorize issuance of bonds or notes therefore of not more than two million two hundred and fifty thousand dollars (S2,250,000) in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon: and further, that the amount raised and appropriated herein may be used to defray the costs attributable to due diligence inspections, title search charges, closing costs and other similar charges associated with such acquisition. These funds may only be expended to meet conservation and passive recreation needs. The authorization to borrow provided hereunder shall not lapse until five (5) years from the date of passage of this article.

The amendment passed. Ted Landon then proposed the following amendment: To see if the Town will raise and appropriate the sum of two million two hundred and fifty thousand dollars (S2,250,000) for the purpose of open space lands or other property interests and to authorize the issuance of not more than two million two hundred and fifty thousand dollars (S2,250,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the Selectmen to acquire such property exercising their authority under RSA 41:14-a, including the requirement for at least two (2) public hearings prior to binding the Town to any such purpose, and, further, that the amount raised and appropriated herein may be used to defray the costs attributable to due diligence inspections, title search charges, closing costs and other similar charges associated with such acquisition. These funds may only be expended to meet conservation and passive recreational needs. The authorization to borrow provided hereunder shall not lapse until five (5) years from the date of passage of this article. 3/5 ballot vote required. George Bower spoke against this amendment saying it ties the hands of the Selectmen and if you want to insure that the process doesn't work, vote for this amendment. Brad Galinson and George Infanti spoke against this amendment. A vote was taken and the amendment failed. With no further discussion the article was placed on the ballot as first amended. A vote to restrict reconsideration passed.

#### Article 24: Recreation Land Purchase Bond (by petition)

To see if the Town will vote to raise and appropriate the sum of six hundred twenty five thousand and 00/100 (S625.000) (Gross Budget) to purchase a land parcel and further develop said parcel to replace Recreation Cemetery Fields, and to authorize said funds to be raised through the issuance of bonds, bond anticipation notes or serial notes therefore in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes in their judgment, and to further authorize the Selectmen to contract for and expend any Federal or State aid that may be available for this project and to further authorize interest earned on this bond to be utilized to pay for costs associated with the parcel purchase. It is contemplated that the amount to be raised by bonds or notes will be offset by available public or private grants, and other sources of donations of which the Board may become aware and in its discretion determine to accept: and the Board of Selectmen is authorized to accept such monies on behalf of the Town.

This article has an estimated tax impact of \$0.04.

The Board of Selectmen did not support this Article by a vote of 1 for, 2 opposed, and 2 abstentions. Ways and Means supported it by a vote of 6-1. Moderator Schaumann recognized the petitioner, Rick Katzenberg who gave a presentation. Cemetery Fields would no longer be available for recreational use by September 1, 2014 and new recreational land would need to be available for new fields. This land is on Stearns Road and runs near the river. Addie Hutchison, chairman of the Recreation Commission said that this was the Brewster property and it was a 52 acre parcel. Dana Redmond said the appraised value was \$300,000. Steve Stepanek said he was familiar with that parcel and that it floods every year. Paul Martin, who lives on Stearns Road opposed the Article and advised that he observed it to be under water every spring. George Bower suggested that it was a good value as the fields were already there and it would cost less to develop. A motion was made to delete the words 'and further develop said parcel' from the Article. Marilyn Peterman spoke against this amendment because it limits the flexibility to develop the fields. Steve Stepanek asked Bill Drescher if this amendment would limit it and no development could occur and Mr. Drescher said ves, it would. After further discussion, the Moderator called for a vote on the amendment and it was defeated. Marilyn Peterman asked about a fund that contained about \$390,000 but was not used because the petitioners did not consider it in this article. There was no further discussion. A vote was taken on the Article as written. Motion to restrict reconsideration passed. It was time to go back to Article 23.

### Article 25: Operating Budget

To see if the Town will vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted

separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth herein, totaling \$9,760,645. Should this article be defeated the default budget shall be \$9,736,214 which is the same as last year, with certain adjustments required by previous action of the town or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. This operating budget warrant article does not include appropriations contained in ANY other warrant articles. *(The Board of Selectmen unanimously recommends a yes vote) This article has an estimated tax impact of \$0.02.* 

The Moderator recognized Selectman Bowler for presentation of this article. Ways and Means supports this article by a vote of 4-3. The Town is operating under a default budget which was determined by the voters last March. This budget addresses priorities. The Selectmen and departments heads had worked hard to keep this budget only three tenths of a percent higher than last year. The town employees' salary scale was frozen at the existing level. The budget is \$31,000 up from last year. The budget maintains the existing level of services. The building inspector's hours were reduced as housing construction had slowed. Ted Landon made a motion to amend the article to delete \$9,760.645 and insert \$9,333,978. The amount of the reduction represents the cost of the debt service for the bond cost of the road bond article. The Selectmen opposed this amendment by a vote of 5-0. Selectman Infanti said that the amendment was ill advised. Others spoke against the amendment. A vote was taken and the amendment failed. There was no further discussion. The Moderator called for a vote on the article as written and was passed. It was placed on the ballot. At vote to restrict reconsideration passed.

### Article 26: Public Health Mosquito Surveillance and Control Program

To see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars (S40.000) to develop a Public Health Mosquito Surveillance and Control Program. This program is designed to monitor and help prevent the presence of mosquito borne vector diseases in accordance with the state of New Hampshire Arboviral Surveillance. Prevention and Control Guidelines.

(The Board of Selectmen unanimously recommends a yes vote) This article has an estimated tax impact of \$0.02.

Selectman Galinson presented this article. The Board of Selectmen unanimously recommend a yes vote as does Ways and Means. EMS Director Brian Gleason gave a presentation on this public health issue. After a short discussion, a vote to place it on the ballot as read passed. Motion to restrict reconsideration passed.

### Article 27: Municipal Lease to Replace Transfer Station Scale

To see if the municipality will vote to authorize the selectmen to enter into a three year lease agreement for S61,785 for the purpose of leasing a replacement transfer station scale for the Highway Department, and to raise and appropriate the sum of S20,595 for the first year's payment for that purpose. This lease agreement contains an escape clause. (Majority vote required).

(The Board of Selectmen unanimously recommends a yes vote)

This article has an estimated tax impact of \$0.01.

Selectman Bruce Bowler presented the article. Board of Selectman unanimously supports it. Ways and Means vote was 3 for and 4 against. Mr. Bowler advised that this scale was 14 years old and would require replacement soon. Bill Wichman said if the scale breaks we would have more complaints. There is money that comes in to offset some of the costs. After further discussion it was placed on the ballot as written. Motion to restrict reconsideration passed.

### Article 28: Submission of Fact Finder's Report Per RSA 273-A:12 (III)(a)

To see if the Town, pursuant to RSA 273-A:12, (III)(a) will vote to accept the findings and recommendation made by the Fact Finder in the matter between the Police Department Employees Union and the Town of Amherst, which findings and recommendation related to the following listed two (2) issues are set forth below: <u>Issue # 1: Wages</u>

Recommendation regarding the appropriate salary schedule to be included in the Successor Agreement:

1. The elimination of the first step of the current salary schedule and the addition of a two percent (2%) step to the upper end of the scale;

2. The inclusion of a provision in the Successor Agreement which would provide that employees who are currently at the maximum step of the existing scale shall receive this two percent (2%) increase retroactive to July 1, 2009; and otherwise continue the contractual practice of allowing movement through the step scale tied to the employee's anniversary date;

- 3. The implementation of the following wage increases on the designated dates: a. 4.95 % Across the Board retroactive to July 1, 2009
  - b. Granting of all earned but outstanding Step increases retroactive to July 1, 2009 pursuant to the contractual practice in effect during the Previous Agreement
  - c. 0% Across the Board increases effective July 1, 2010

d. The inclusion of a contractual provision that the Parties reopen negotiations on the sole issue of the cost of living adjustment for the third year of the contract no later than September 15, 2010.

Issue # 2: Armored Vests:

Recommendation regarding the armored vest issue be included in the Successor Agreement:

That Article 15, Section 5, as it appears in the Parties' Previous Agreement, be modified to read as follows:

"Officers required to wear protective body armor shall be issued body armor which has a warranty period still supported by the manufacturer. Officers will not be required to wear body armor with expired manufacture warranties. Officers who detect possible defects in the body armor shall bring this defect to the attention of the Chief of Police for replacement."

(The Board of Selectmen unanimously recommends a no vote) This article has no tax impact. The Moderator waived the reading of this article and asked the voters to take a moment and read it themselves. The Selectmen recommend a no vote. Selectman O'Mara presented this article. Board of Selectmen opposes this article.

This article asks the voters to either accept or reject the recommendations of the fact finder. If this article is rejected by the voters, the Board of Selectmen will return to negotiate without a mandate from the voters. This article was placed on the ballot as written. Motion to restrict reconsideration passed.

### Article 28: Authorization <u>for Optional Special Town Meeting to Consider Cost</u> <u>Items for Police Employees Union CBA</u>

Shall the Town, if article #28, (above), seeking the acceptance of the fact finders report is defeated, authorize the Selectmen to call one special meeting, at its option, to address article #28, cost items only?

Selectman O'Mara presented this article. The Board of Selectmen unanimously supports this article which would allow them to go back to the bargaining table. After a short discussion it was placed on the ballot as written and a motion to restrict reconsideration passed.

### Article 30: Purchase Ambulance from Capital Reserve

To see if the Town will vote to raise and appropriate and authorize the withdrawal from the Capital Reserve Fund established for this purpose (Ambulance Fund) the sum of One Hundred Fifty Thousand Dollars (S150.000) for the purpose of purchasing one fully equipped replacement Type I Emergency Response Ambulance. (The Board of Selectmen unanimously recommends a yes vote) This article has no tax impact.

Selectman Brad Galinson introduced this Article. Ways and Means were in favor by a vote of 7-0. Article was placed on the ballot as read. A vote to restrict reconsideration passed.

### Article 31: Establish a Bridge Replacement Capital Reserve Fund

To see if the Town will authorize the establishment of a Capital Reserve Fund (pursuant to RSA 35), which will be known as the Bridge Replacement Capital Reserve Fund and raise and appropriate the sum of \$20,000 to be placed in this fund the purpose of which shall be to provide for the orderly replacement of bridges in the Town of Amherst and appoint the selectmen as agents to expend from the fund.

(The Board of Selectmen by a vote of 4-1 recommends a yes vote) This article has an estimated tax impact of \$0.01.

Selectman Galinson spoke to this Article. Ways and Means were in favor by a vote of 6-1. There was no discussion. It was placed on ballot as read. Motion to restrict reconsideration passed.

### Article 32: Recreational Facilities Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of up to two hundred fifty thousand (S250,000.00) from the unexpended fund balance (surplus), to the extent that funds are available in said fund balance, that no additional amounts are raised from taxation, and authorize the deposit of said funds into the Recreational Facilities Capital Reserve Fund, previously established.

(The Board of Selectmen unanimously recommends a yes vote) This article has no tax impact.

Selectman O'Mara introduced this Article. Ways and Means had no comment. There was a short discussion and was placed on ballot as read. Motion to restrict reconsideration passed.

### Article 33: Fire Apparatus Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of one hundred fifty thousand (S150,000) Dollars, to be added to the Fire Apparatus Capital Reserve Fund, previously established, and to further appoint the Selectmen as agents to expend from this fund in accordance with RSA 35:15 II.

(The Board of Selectmen unanimously recommends a yes vote) This article has an estimated tax impact of \$0.08.

Ways and means unanimously support this article. Selectman Bowler presented the article. There was no discussion. Placed on ballot as written. Motion to restrict reconsideration passed.

### Article 34: Ambulance Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of twenty-two thousand dollars (S22.000) to be added to the Ambulance Capital Reserve Fund previously established.

(The Board of Selectmen unanimously recommends a yes vote) This article has an estimated tax impact of \$0.01.

Ways and Means support this article. It was presented by Selectman Bowler. It supports funding of the capital reserve for the future. There were no questions. Was placed on the ballot as written. Motion to restrict reconsideration passed.

### Article 35: Assessing Revaluation Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of thirty-five thousand dollars (S35,000) to be added to the Assessing Revaluation Capital Reserve Fund previously established.

(The Board of Selectmen unanimously recommends a yes vote) This article has an estimated tax impact of \$0.02.

Selectman Galinson presented this article. A revaluation is required every five years according to statute. It did not pass last year. There was no discussion. It was placed on the ballot as written. Motion to restrict reconsideration passed.

## Article 36: Communications Center Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) to be added to the Communications Center Capital Reserve Fund previously established.

(The Board of Selectmen unanimously recommends a yes vote) This article has an estimated tax impact of less than \$0.01.

Selectman Grella presented this article. Ways and Means unanimously support it. There was no discussion. Placed on ballot as written. Motion to restrict reconsideration passed.

### Article 37: Town 250th Anniversary Celebration Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of five thousand dollars (S5,000) to be added to the Town 250<sup>th</sup> Anniversary Celebration Capital Reserve Fund previously established.

(The Board of Selectmen by a vote of 4-1 recommends a yes vote) This article has an estimated tax impact of less than \$0.01.

Selectman Grella presented this article. Ways and Means unanimously support it. The fund was established 3 years ago to prepare for this event. This is the third and final contribution to this year's event. There was no discussion. It was placed on the ballot as written. Motion to restrict reconsideration passed.

### Article 38: Forestview Cemetery Capital Reserve Fund

To see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000) to be added to the Forestview Cemetery Capital Reserve Fund previously established.

(The Board of Selectmen by a vote of 4-1 recommends a yes vote) This article has an estimated tax impact of \$0.01.

Selectman Galinson presented this article. Ways and Means supports it. This capital reserve was established for the purpose of designing a new municipal cemetery. There was no discussion. Placed on ballot as written Motion to restrict reconsideration passed.

#### Article 39: Town Computer System Capital Reserve Fund

T see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) to be added to the Town Computer System Capital Reserve Fund previously established.

(The Board of Selectmen unanimously recommends a yes vote) This article has an estimated tax impact of less than \$0.01.

Selectman Galinson presented this article. Ways and Means unanimously supports it. This fund provides for emergency replacement of significant items. There was no discussion. Placed on ballot as written. Motion to restrict reconsideration passed.

### Article 40: Health and Human Service Agencies

To see if the Town will vote to raise and appropriate the sum of thirty five thousand dollars (S35,000) to support the health and human service agencies which provide service to Amherst residents, the amount of the grant and identity of the receiving organization to be determined by the Selectmen as they, in their judgment, deem appropriate; said agencies to include, but not necessarily be limited to, the following: Court Appointed Special Advocates for Children; American Red Cross; Big Brothers and Sisters: Host Homes; Bridges; Nashua Community Council: Home, Health and Hospice Care; Keystone Hall: Nashua Area Health Center; Opportunity Networks; St. Joseph Community Services: Child Advocacy Center; NH Association for the Blind; Souhegan Valley Transportation Collaborative: and Souhegan Valley Interfaith Housing Corp. *(The Board of Selectmen unanimously recommends a yes vote) This article has an estimated tax impact of S0.02.* 

Selectman O'Mara presented the article. Ways and Means voted 3 yes and 4 no. All existing agencies were included in last year's budget. This article would allow voters to decide if they want to use tax dollars to support these non-profit providers. Marilyn Peterman wanted it to be amended so that this appropriation could be put in the budget. Moderator Schaumann advised it was too late as a vote to restrict reconsideration of that article had passed. Last year this came up before consideration of the operating budget. It was placed on the ballot as written. Motion to restrict reconsideration passed.

#### Article 41: Resolution to Define Marriage (by petition)

Shall the Town vote to approve the following resolution to be forwarded to our State Representative(s), our State Senator, the Speaker of the House, and the Senate President. Resolved: The citizens of New Hampshire should be allowed to vote on an amendment to the New Hampshire Constitution that defines "marriage".

The Moderator recognized the petitioner, David Peters who spoke to this article. A motion was made to amend it to delete all the language except "The citizens of NH should be". A vote was taken on the amendment and it failed. A motion was made to delete all the language and insert " the legally elected representatives of the citizens of NH have already defined marriage". The amendment was voted on and defeated. There was no further discussion. It was placed on the ballot as written. Motion to restrict reconsideration passed.

Article 42: <u>Return to Town Meeting form of Government</u> (by petition) Resolved that the Town of Amherst shall return to the Town Meeting form of government. Reversing the decision to move to the SB2 form of government; this to be accomplished as quickly as the legal and practical realities shall allow.

The moderator recognized the petitioner, Jack Kunkel. This could be accomplished pursuant to RSA 40:14 VII. After a short discussion, it was placed on the ballot as written. Motion to restrict reconsideration passed.

### Article 43: <u>To Create a Capital Reserve Fund for Transportation with an</u> Additional Motor Vehicle Registration Fee (by petition)

Shall the Town vote to collect an additional motor vehicle registration fee of \$2.00 per vehicle for the purpose of supporting a municipal transportation fund for the purposes set forth in RSA 261:153 VI, and further, to vote to establish said fund which shall be a capital reserve fund established for this purpose and governed by the provisions of RSA 35. Proceeds from said fund are to be used to support eligible local transportation improvement projects, specifically public transportation, and furthermore, to appoint the Board of Selectmen as agents to expend from this Capital Reserve Fund.

The funds may be used as matching funds for state or federal funds, and shall be appropriated by the legislative body of the Town of Amherst for purposes stated in the warrant article only. The funds shall not be used to offset any other non-transportation appropriations made by the Town. The additional fee shall be collected from all vehicles, both passenger and commercial, with the exception of all terrain vehicles, as defined in RSA 215-A:1, 1-b and antique motor vehicles or motorcycles, as defined in RSA 259:4.

The Moderator recognized the petitioner. Carolyn Mitchell. The money would be used to fund transportation to doctor's appointments and to do shopping. Since the state added a surcharge on top of the motor vehicle fees and increased other fees related to registrations, the town clerk did not want to add another additional fee. Ways and Means was not in favor of this increase. Bob Heaton mad a motion to delete "\$2.00" and insert "\$1.50." This amendment passed. Was placed on ballot as amended. Motion to restrict reconsideration passed.

The meeting was adjourned at 12:10 AM.

Respectfully submitted. Nancy A. Demers
