## THE STATE OF NEW HAMPSHIRE

---

*To the Inhabitants of the Town of Weare, in the county of Hillsborough, in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said Weare, on Tuesday, the eleventh day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To choose by separate ballot one Trustee of the Trust Funds for three years.
4. To choose by separate ballot one Trustee of the Library for three years.
5. To see what sum of money the Town will vote to raise and appropriate for the repairs of highways and bridges, reserving 50% for winter roads; and also to take any other vote relating thereto.
6. To see what sum of money the Town will vote to raise and appropriate for the observance of Memorial Day.
7. To make provision for the collection of taxes.
8. To see if the Town will vote to allow a discount on taxes.
9. To see if the Town will vote to raise and appropriate the sum of \$1,573.00 to be used with the sum of \$6,310.52 to be furnished by the State for construction of Class V Highways.

10. To see what sum of money the Town will vote to raise and appropriate for the Weare Fire Department.

11. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.

12. To see what sum of money the Town will vote to raise and appropriate for the support of the Weare Library.

13. To see if the Town will vote to authorize the Selectmen to administer and dispose of any real estate acquired by the Town through Tax Collector's deeds.

14. To see if the Town will vote to raise and appropriate the sum of \$1,350.00; the State to furnish \$15,000.00 to be used for the construction of State Aid roads. And take any other vote relating thereto.

15. To see what sum of money the Town will vote to raise and appropriate for the care of neglected cemeteries, especially soldiers' graves.

16. To see what sum of money the Town will vote to raise and appropriate for band concerts.

17. To see what sum of money the Town will vote to raise and appropriate to retain a resident physician. Also take any other vote relating thereto.

18. To see if the Town will vote to raise and appropriate a sum of money to complete the repairs on the Town Hall.

19. To see if the Town will vote to raise and appropriate the sum of \$105.00 to continue the Town's membership in the Merrimack Valley Region Association.

20. To see if the Town will vote to petition the State Tax Commission to have an audit by the Division of Municipal Accounting and make appropriation to cover the expense of such an audit.

21. To see if the Town will vote to raise and appropriate a sum of money for the extension of street lighting in Town and take any other vote relating thereto.

22. To see if the Town will vote to raise and appropriate the sum of \$400.00 for White Pine Blister Rust Control.

23. To see if the Town will vote to raise and appropriate a sum of money for the eradication of poison ivy.

24. To see if the Town will vote to raise and appropriate a sum of money to purchase the Johnson Cemetery.

25. To see if the Town will vote to close the road leading from the Edgar Breed Place to the Henry Clough Place, subject to gates and bars.

26. To see if the Town will vote to accept a gift of \$2,500.00, or more if necessary, from Harold V., Franklin, Edwin, and Howard R. Flanders, to be used to tar and surface the road running from Weare Center to Clinton Grove, (approximately two miles,) as a memorial to members of the Flanders family, deceased; said road to be dedicated and known as the Flanders Memorial Road, and to be maintained by the Town after completion.

27. To see if the Town will authorize the Selectmen to secure the assistance of the State Tax Commission in re-appraising the taxable property in the Town in order to secure greater equality as between taxpayers, and to insure the assessment of all property in the Town on the same standard of value, and to raise and appropriate money to pay for the same.

28. To transact any other business that may legally come before this meeting.

Given under our hands and seal; this fifteenth day of February, in the year of our Lord nineteen hundred and forty-seven.

GORDON W. PORTER,  
GEORGE A. WATERMAN,  
J. HARDY LEGGE,  
*Selectmen of Weare.*

## ANNUAL REPORT OF THE WEARE VOLUNTEER FIRE DEPARTMENT

---

The year 1946 was one of the most successful, from the standpoint of keeping the fire loss at a low point, in the history of our department. 34 alarms were answered with a total loss for the year of about \$750.00. This record for 1946 is certainly proof of the efficiency of the department.

Alarms answered included 4 building fires, 13 chimney fires, 12 brush and grass fires, 4 car and tractor fires and 1 rubbish fire. Defective chimneys caused half of the building fires, again proving the need of having defects in chimneys and flues repaired at once. Don't take chances. This is our most serious cause of fires.

Only one brush fire of the 12 reported was of serious proportions. The others were kept to small size and little damage. Prompt reports and quick action enabled them to be quickly extinguished. Most of these brush and grass fires started along the highways and were no doubt caused by the careless throwing out of lighted matches or cigarettes. Use your ash tray and prevent these preventable fires.

Don't burn brush, rubbish or grass without a permit from the Forest Fire Warden.

Equipment added during the year included, 400 feet of 2½ inch hose with 2 shutoff nozzles for the same. By having this large size hose we can take advantage of the full capacity of our pumpers where we have a good supply of water. Also added were 2 fog nozzles for 1½ inch hose and 1 fog nozzle for booster size hose with applicators for the same to use on oil fires.

Hose racks and a heating stove were installed in the East Weare fire station which greatly increases our facilities for drying hose and caring for the equipment.

Our water hole program was curtailed by the lack of available men. The dam at South Weare was partly repaired. It is hoped that more can be done this coming year to improve our water supplies.

The department held 12 monthly meetings and several drills during the past year. An extensive program of controlled burning was carried out in the spring which provided excellent training for our members and the auxiliary. The cooperation of the members of the department and the auxiliary is excellent and both meetings and drills were well attended.

Two chopping bees were organized and the members of the department, with the assistance of other interested persons, cut, yarded out, hauled to mill, and stuck up for future use, some over 8,000 feet of pine and hemlock to be used in building a new fire station at Weare Center. The only cost to the town for this lumber was the sawing. It is hoped that further progress will be made this year in making this station a reality.

The department appreciated the cooperation and support it has received and hopes to continue to render even greater service to the community.

Respectfully submitted,

GERALD H. HIGHT, *Chief,*  
*Weare Volunteer Fire Department.*

## TOWN CLERK'S REPORT

---

### Automobile Permits

To cash received for 676 automobile permits issued from January 1, 1946 to January 1, 1947		\$1,460.99
Over remitted		6.83
To cash received for 155 dog licenses	\$438.00	
Less fees for 155 licenses	\$31.00	
Less amount paid for lic. tags	9.53	
	40.35	397.65
Total		\$1,865.47
Paid Henry T. Osborne, Treasurer		\$1,865.47

## FOREST FIRE WARDEN'S REPORT FOR 1946

---

I have received from the town for forest fires	\$326.20
The State has reimbursed the town	158.41
I have collected from parties burning unlawfully and paid the men direct	6.25
Leaving the forest fires for 1946 costing the town	167.79

We have had 14 forest fires during 1946, but by prompt action, ready response and good cooperation, we have been able to keep a small acreage burned over and a very small property loss.

The prevention of forest fires is the most important and difficult part of the work of your Forest Fire Warden who heads the local organization to set up primarily for the security of your community's forest property. Appointed by the State Forester, upon recommendation of the Selectmen, he is charged by law with the responsibility of local administration of forest fire laws, fire prevention and suppression. In his work he is aided by Deputy Forest Fire Wardens, who, in an emergency, may assume his power and authority. The warden is guided in his work by instructions received from the State Forester and by the District Fire Chief, who represents the State Forester.

Comply with requirements on the use of fire in and near woodland when the ground is not covered with snow, secure written permission to burn from the Forest Fire Warden.

I wish to thank the citizens of Weare for their splendid cooperation and especially the boys of Weare High School assigned to that duty.

I trust that we may receive the same cooperation in 1947.

C. F. EASTMAN,

*Warden.*

## RECORD OF SCHOOL MEETING, 1946

---

At a meeting of the inhabitants of the School District in the town of Weare, qualified to vote in district affairs, holden at the Town Hall in said district on the 13th day of April, 1946, at two o'clock in the afternoon.

The meeting was called to order by Charles F. Eastman, Moderator, and proceeded to the transaction of business as follows:

Art. 1. Charles F. Eastman was nominated for Moderator. On motion of Frank H. Peaslee voted that the Clerk cast one ballot for Charles F. Eastman for Moderator which was done, and the said Charles F. Eastman was declared elected Moderator, and in open meeting took the oath of office prescribed by law.

Art. 2. Gertrude W. Osborne was nominated for Clerk. On motion of Fred C. Jones voted that the Moderator cast one ballot for Gertrude W. Osborne for Clerk, which was done, and the said Gertrude W. Osborne was declared elected Clerk, and in open meeting took the oath of office prescribed by law.

Art. 3. Clarence S. Still and John H. Connell were nominated for a member of the School Board. Number of ballots cast 55, upon which there was 1 blank, Gerald Hight had 1, Leona M. Batchelder had 1, Gordon Boynton had 2, John H. Connell had 21, and Clarence S. Still had 29, and the said Clarence S. Still was declared elected a Member of the School Board for three years.

Art. 4. Bert O. Sawyer was nominated for Treasurer. On motion of Theodore W. Flanders voted, by a rising vote, that the Clerk cast one ballot for Bert O. Sawyer for Treasurer, which was done, and the said Bert O. Sawyer was declared elected Treasurer.

Art. 5. On motion of Frank H. Peaslee voted that we pay the officers of the School District the same as the Town officers are paid.

Art. 6. On motion of Arline Porter voted that this article be dismissed.

Art. 7. On motion of George Sawyer voted that the Town auditors audit the school books.

Art. 8. On motion of Fred C. Jones voted that we raise \$23,149.00 for the support of schools for the ensuing year.

Art. 9. Moved by George Sawyer that we authorize the School Board to sell the Friends school house, so called. Amendment moved by George Gunn that the sale be properly advertised and the school house sold at public auction. Amendment carried and motion carried.

Art. 10. On motion of Theodore W. Flanders voted that we authorize the School Board to sell the Sugar Hill school house, so called, sale to be properly advertised and school house sold at public auction.

Art. 11. On motion of George Sawyer voted that we give the School Board authority to contract for carrying scholars for 5 years, if they so desire.

Art. 12. On motion of Theodore Flanders voted that we raise \$400.00 for lunches in the elementary schools.

Art. 13. On motion of Alfred Osborne voted that this article be dismissed.

Art. 14. On motion of Frank H. Peaslee voted unanimously by rising vote that a committee be appointed to investigate and report on a building suitable for a gymnasium, report to be made at the next annual meeting; this committee to be appointed by the Moderator and School Board.

Art. 15. The following resolution was offered by Gordon F. Boynton, that the retiring member of the School Board

remain on the platform during the meeting. Resolution carried.

The minutes have been read.

On motion of Alfred Osborne voted that we now adjourn.

A true record. Attest:

GERTRUDE W. OSBORNE,  
*Clerk of District.*

## SCHOOL MEETING WARRANT, 1946

---

*To the Inhabitants of the School District in the town of Weare, qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the 13th day of April, 1946, at 2 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.
9. To see if the district will vote to authorize the School Board to sell the Friends school house, so called.
10. To see if the district will vote to authorize the School Board to sell the Sugar Hill school house, so called.

11. To see if the district will vote to authorize the School Board to contract for the transportation of school pupils for a period of five years.

12. To see if the district will vote to raise and appropriate a sum of money for School Lunches in the Elementary Schools.

13. To see if the district will vote to petition the State Tax Commission to have an audit by the Municipal Accounting Division and to make an appropriation to cover the expense of such audit.

14. To see if the district will vote to raise and appropriate a sum of money for the construction of a building suitable for an auditorium and gymnasium.

15. To transact any other business that may legally come before this meeting.

Given under our hands at said Weare this 25th day of March, 1946.

GORDON F. BOYNTON,  
MABELLE C. JACOBS,  
ELSIE PURINGTON,

*School Board of Weare.*

**FINANCIAL REPORT  
OF THE WEARE SCHOOL DISTRICT  
For the Fiscal Year Beginning July 1, 1945  
and Ending June 30, 1946**

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

*To the School District of Weare:*

I herewith submit my annual report as Superintendent of Schools.

The current school year opened with but two changes in our teaching staff. In the High School Miss Alberta Johnson of Derry, a graduate of Keene Teachers College in 1946, replaced Miss Barbara Joyce, who resigned to be married, as teacher of Home Economics. Miss Charlotte Heidenblad of Newport, Barnard College 1946, replaced Miss Marion Clark, who also resigned the previous June. Miss Heidenblad had been assigned part of the English and Social Studies curricula. I am happy to report that these replacing teachers have made a fine contribution to the life of the High School in the months they have been with us.

Our elementary staff suffered no changes, all of the teachers of the prior year returning to the several elementary schools.

During the summer months the High School was insulated. In previous winters it was often difficult to keep the building comfortable. We feel that the heating problem has been materially reduced at a financial saving to the district in the cost of fuel.

This school year saw the introduction of the noon lunch program in all of our schools. (You will recall that the district made a direct appropriation at the annual meeting last spring). We were able to receive reimbursement from the Federal Government for a certain amount of equipment, making the actual cost to the district very small. Dishes, cooking utensils and forks and spoons have been purchased. I strongly urge the district to continue the program and continue to give necessary financial aid.

I can not help but feel that the youngsters of Weare have been fortunate in having experienced and capable teachers

in our schools, particularly at the elementary level. In these difficult post-war years, many of our youth have been subjected to inexperienced teaching. This is indeed an unfortunate condition throughout our state and nation, and the next five or ten year period fails to promise any relief. With industry offering far more attractive remuneration, the supply of teachers continues to be insufficient to meet the demands of our schools.

The obvious answer lies in the payment of salaries sufficiently high to attract desirable teachers into the field and to retain them thereafter. The problem is more acute in our small towns where our elementary teachers are called upon to teach from three to six grades, and our high school teachers to teach subjects in several fields. In addition to the payment of higher salaries, consolidation may be forced upon the smaller districts in order to satisfactorily meet the problem. Only as long as the taxpayers are willing to pay the increasing costs of education can the present organization of schools be continued; if they are not willing to meet the added expense, then the natural conclusion is consolidation. It is no longer a discussion of the relative merits of the consolidated school versus the district school; it is entirely a discussion as to the costs of education,—a question as to whether or not a community can raise sufficient funds to maintain worthy schools for its children under the existing organization, or whether other arrangements are necessary to insure adequate education for its youth.

Respectfully submitted, .

LEWIS F. FOOTE,  
*Superintendent of Schools.*

February 21, 1947.

## REPORT OF HEADMASTER WEARE HIGH SCHOOL

---

Mr. Lewis Foote,  
Superintendent of Schools,  
Goffstown, New Hampshire.

DEAR MR. FOOTE:

I have asked each of the faculty members to write a report of their special fields and feel that these reports which I am sending to you cover that part of the school program very well.

Reporting briefly on agriculture, the boys are again getting some practical work at school through their poultry project. They had nearly 500 chicks last spring most of which were sold at cost to the boys. This fall the project consists of 75 hens and six roosters. Hatching eggs are being produced and some experiments are being conducted. Two boys were elected to the State Farmer Degree and a local member was elected vice president of the State Association. Four boys made the trip to Kansas City to the National Convention, the Chapter furnishing \$160 as about one-half their expenses.

In the field of administration, I can report that our enrollment was 52; three over last year's.

The attendance has been excellent.

The thing that I would most like to emphasize in this report is my deep appreciation for the faculty I have had to work with this year. Their influence as noticed through the students' attitude toward their studies and the other problems coming to my attention has been an asset which any school can consider itself very lucky to have. I could not wish the students of Weare High (junior and senior) anything more favorable than that they may continue to have the opportunity of working with these same four teachers. No teachers however can do a good job without the coopera-

tion of these groups; the parents, the school authorities and the students themselves. I think the job these teachers have done reflects the quality of cooperation they have received from each of the groups. Thank you, Mr. Foote, for your part. It has been considerable and extremely beneficial.

Sincerely,

JOHN A. DODDS,  
*Headmaster.*

### **Social Studies**

This year Sociology has been offered very successfully as a half year course. The upper classes are very interested in such topics as education, juvenile delinquency, divorce, crime, etc., in fact they agree that more of this type of course should be introduced into high school. A very worth while project was carried on by the class, the renovating of toys to be given to less fortunate children, at Christmas time. These toys were received with pleasure and appreciation by children at the Hillsborough County General Hospital and the Daniel Webster Home at Franklin.

Two business courses are offered—Junior Business Training and Bookkeeping. These give pupils an insight into business dealings, records, etc., and prove beneficial. These are practical courses which should interest more students.

It seems less noise before school in home rooms and halls would be more conducive for studying and less annoying to many. Preparation for regular classes should come before extra curricular activities. Students should not be absent or excused from classes unless there is a very good reason—too much valuable class time is lost in this way and no attempt at making up this lost work is made by some.

PEARL L. LAMBERT.

## English

It is our intention to make the study of the English language enjoyable as well as profitable for students with wide differences in their interests and abilities. The first great need on the part of many students is for assistance in improving their silent reading methods. This is work which is best done on an individual basis, of course, and in a number of cases a marked improvement has been noticed. Another weakness which is common to nearly all of our students is that of limited vocabulary accompanied by poor ability in spelling. In all classes we have attempted to give words and their usage a proper degree of importance, often looking into their origins and histories as well as into their meanings.

Instead of making a study of English grammar as such, we have worked as much as possible with English usage. We usually turn to discussions and grammatical structures only when it is necessary to clarify the reasons for certain usages. On the whole, this seems to be a satisfactory approach to the students' problems in spoken and written English.

In our study of literature we have all managed to find some pieces of writing to appreciate and enjoy. These choices vary, of course, from individual to individual, but it is testimony to the riches which exist in our language and literature that even those most hardened against *English* do find something which they can enjoy. The various works which we have studied so far have not appealed to all in an equal manner, but through intensive class discussions and individual assignments we have attempted to get as much as possible from all of our reading. We have made it a practice to look into the historical aspects of our stories, poems and plays as well as into the lives and achievements of their authors.

We feel that the study of English in the high school should provide our students with the fundamental tools for intelligent oral and written expression. Beyond this, it

should give them a background knowledge of an appreciation for some of the worthwhile writings in the English language. This third purpose is advanced not only in our class studies of literature but also in the home reading program. For this program we have compiled a list of acceptable books which are owned by the Weare Public Library. The list seems to fulfill a need which many students felt strongly; the need for some guidance into the world of books.

CHARLOTTE B. HEIDENBLAD.

### **Home Economics**

The Home Economics classes of Weare High School are having a busy, enjoyable, and very successful year. The Juniors-Seniors are studying family, consisting of child care and development, marriage, home nursing and personal grooming for school, dates and the job. For projects they have made a child's garment and stuffed toy. They plan to set up a sick room, make hospital beds and make a garment for themselves.

The freshman-sophomores are taking a course in foods and nutrition. They started out in the fall by preserving foods for the school lunch program and since have planned prepared and served breakfasts, luncheons and dinners. A very interesting unit was one on school lunch. The girls took over the school lunch program for a week. They planned, prepared, and served the lunch and then figured the costs. They have been preparing food for the school lunch whenever possible throughout the year. The girls also served the meal for the district meeting of P. T. A. and prepared and served a tea for the Christmas party at P. T. A.

The Junior High Girls studied a unit on food preservation for the school lunch and made one clothing project. The seventh grade girls made peasant aprons while the eighth grade girls made blouse, cotton dresses, skirts and wool suits. They are now planning, preparing, and serving

luncheons and toward the end of the year will carry on another project in good grooming and clothing.

The High School Girls are all required to carry on home projects in connection with their class work. The family girls are required to do 60 hours of outside work while the foods girls put in 120 hours. The girls enjoy their projects and gain skill in this way. The parents have written very helpful comments on the final project reports. These comments help to evaluate the worth and success of the project. Home visits will be made to as many homes as possible in connection with the home project work.

ALBERTA A. JOHNSON.

### **Report of Junior High School**

This past year the Junior High has had about the same membership as that of the preceding year which has brought about the same problems as I mentioned in my previous report.

I do think, however, there was an improvement in the attendance record with only a few cases of absence which might have been avoided. It should be borne in mind that each day lost from actual class activity cannot ever be wholly made up, though we require as much of the work made up as can be done. This helps to fill in the gaps made through absence so that the pupil can carry on the work with his class.

I still feel that I should emphasize the need for home work for practically all pupils in Junior High. They do not have enough study periods in school to satisfactorily do all of their work.

A discovery I have made is the correlation between penmanship and other work. Those who are careful about their penmanship are generally those who do the best in all kinds of work. The *habit* of painstaking, neatness and careful penmanship is infiltrated into other work so that to be efficient in penmanship is a means toward success and higher

attainment of all knowledge. This can be traced along through Senior High School, those who do slovenly work in Junior High are the same who continue to do it, with the result—poor grades and possible failures. With this in mind and realizing that my opportunity lies in correcting the poor habits of penmanship I have been putting special emphasis upon it. I am happy to say that I feel the time has been well-spent for in most cases I find quite a noticeable improvement and I am hoping we can make the better habit a permanent one which will show more efficiency in all lines of work. Then we shall have the better equipped student and future citizen of our town.

I ask for the parents' continued help in seeing that the children get the proper amount of sleep and rest to fit them for each day's work. Only those who do get this needed rest can carry on their work as they should and very rarely is there a disciplinary problem except among the pupils who come to school too tired to study.

I gratefully appreciate the cooperation of parents in these things and sincerely hope that this can be a more successful year than any before.

LEONA M. BATCHELDER.

## REPORT OF SCHOOL NURSE

---

The school nurse submits the following report for the school year September, 1945 through December, 1946.

About two hundred pupils were examined in September 1945, the beginning of the school year. Dr. Gillander examined all those in the High School building giving special attention to those who wished to play basket ball. The following figures show the number of children affected at that time:

Defective vision 25. Number of defects corrected 20.

Defective teeth 150. Number of defects corrected 93.

Diseased tonsils 14. Number of defects corrected 0.

In the fall of 1945, seventeen children had mumps.

In the fall of 1945 and spring of 1946, thirty-seven children had measles and forty-five had chicken pox.

There were nine school children at South Weare who had jaundice in November of this year.

The Patch test was given March 14, 1946 to one hundred and four school children and three pre-school children. Four showed a positive reaction. These tests are for the purpose of finding children who may be presenting early symptoms and signs of tuberculosis. Should there be a positive reaction to the test, it should be followed by a chest X-ray in order that prompt treatment may be properly prescribed. We are to give the Patch test again in January to those who were not in school to take it a year ago.

A toxoid clinic, an immunizing treatment for diphtheria was given January 10, 1946. Forty school children, those from the first through the fourth grade, and twenty-four pre-school children received the treatment.

At the baby clinic in June, six school children took their second treatment.

All of the Weare schools are serving hot noon day lunches this year.

EDITH G. WALKER,  
*School Nurse.*
