**CONFERENCE SCHEDULE - Continued**

- 2:00 P. M. - Freshman Football game with Anderson at Lewiston, Mass.

**SPEAK AT FIRST CONVOCATION**

Mrs. Minnie Conover will speak at the first Convocation of the new academic year. She is the widow of President E. L. Simonds, who died last spring. Mrs. Conover is known as a staunch member of the Women's Auxiliary, and has been a constant and loyal support of the University. She is a well-known figure in the community, and has contributed much to the cause of education.

**PAUL DUPELL WINS IN ESSAY CONTEST**

Paul T. Dupell, a sophomore from the College of Arts, recently won first prize in the essay division of the New Hampshire State Library Essay Contest. His essay was entitled "The Importance of Education." It was selected from a field of over 100 other essays, and the judges were unanimous in their decision. Paul has shown a great talent for writing, and his essay was praised for its clear and concise style.

**BUTCH**, N. U. WILDCAT, ADDS COVER TO GAME**

Butch the Wildcat has been added to the team as a cover player. He has been a valuable member of the team, and his addition will strengthen the defense. Butch will be a valuable asset to the team, and his presence will be missed by the opponents. His dedication to the team and his exceptional skills will make him a great addition to the team.

**MASS MIEPPEHNS NEW SMATHTON**

Smith Hall has a new mascot this year in the person of Miss Ellen Phillips. She is a native of Milton, Mass., and comes to us from the Boston University and before coming to us from the University of Pennsylvania as the Assistant Director of Women's Physical Education at Boston University.

**HUNTER AND DALLAS SPEAK AT FIRST CONVOCATION**

123 Candidates Being Considered for Presidency

In his first address to the student body this year, Roy D. Hunter, acting president of the University, talked of campus improvements made during the summer and this fall. Several campus buildings have been completed, and work on the new bridge was carried on.

Through the support and aid of the family, improvements were made in Hood House. Mr. H. H. Long, whose son is a member of the University, said at Harvard. Yet, returning to this campus.

Mr. Hunter continued in his address with a description of the campus and its facilities. He said that the University was proud of the progress that had been made.

THE LISTENING POST

By Donald Meredith

The major parties at the present time are the Republicans and Democrats. It has been said, however, to determine just what the two parties stand for. Lord Byron returns to England without making really clear anybody just what the real Byron was. Roosevelt on the other hand seems to feel that the proper way out is to interpret to a very extreme liberal fashion. As far as Governor Long is concerned about being about a same government is to adhere as strictly as is possible to a strict government. There is no controversy over the fact that the Constitution was drawn up at a time when the Government was a small and weak nation. In the main today that the originators of the Constitution meant for the Supreme Court to have the power to declare an act of Congress unconstitutional. It is foolish to say that the Constitution has served its purpose up to this time and should be scrapped. The Constitution not only has been the greatest of all documents in guaranteeing the individual more individual rights than have ever been granted by any other country, but should continue to guarantee those individual rights of mankind. There is one right that all governments should have, however, and that is the right to legislate for the "human rights" of the people, even if they should interfere with certain property rights. Thus the Government could control monopolies to a greater extent, establish better working hours, reform wages systems, and do many other things all with the purpose of benefiting the people. A liberal interpretation of the Constitution is right to all a certain extent. All ideas truly liberal, however, should be enacted into legislation only through the orderly process of amendment, rather than through the impeachment of the Supreme Court. After all our liberty is too precious to be done away with carelessly and in too short a space of time.

"WRING OUT BILLET DELLES"

"What is the Latin word for wine?" asked a professor at Montana State. "Vinius," was the correct answer of an instructor. "Now define the word," commanded the professor.

ABOUT TOWN

With Doc Henderson

It's a great life if you don't weaken, and it's a terrible life if you do. Don't let those guys dream that you've got to go home to properly relax from Saturday till Monday. It's better to hang around the campus as you ex- from town after classes has been one of the greatest hindrances toward a strong college spirit. Some students under the false impression that their parents want them home every moment not taken up by studies. It might be a pleasant experience to stay in the present day. To the present day, and in this case, the forty-four hours of no class.

Passie Pol and Scissors

By Victoria Bart

When you Started to Read this
You thought it was a poem
But no
You didn’t
It wasn’t a funny
How people
Will continue to read
Something when
They know they’re being fooled
The Flambeau.

A woman’s vocabulary is said to consist of just six words, namely, five formal words and one vulgar word. The verbal: GORGEOUS IDEAL MAGNIFICENT EXQUISITE ESQUIRES

The verb: Read down the first letter of each adjective.

Then there was the Art student who blandly remarked, "You have to hand your Venus de Milo—else how could she eat?" I kissed her tempering ruby lips—That’s quite a dodge.

For since I stole those honeyed lips, I have the painter’s colic.

Everyone and everyone.

Children who will be unsuccessfull in later life can possibly be spotted at the age of six according to a Harvard professor. If the Freshman class becomes larger every year.

A college paper is a great invention; the whole idea of a Freshman; the stuff gets it.

With a north wind blowing in our ears is reminds us that birds of a feather are apt to catch each other.

The college gets all the fame;
The printer gets all the money—

We read somewhere that a group of New England socialites who had been visiting California the other day, had spent several hours following by showers at night. Winds become more strong.

Durham and vicinity—generally fine, with a cold front coming in; generally wind less.

Satur—Increasing cloudiness and winds, with a cold front following by showers at night. Winds become more strong.

Sunday: Clearing and cooler during the day; north and northwest or nor’east before evening.

Doran H. Chapman, Geology Dept.

PHI LAMBDA PHI CHOICES OFFICERS

At a recent meeting of Phi Lambda Phi society, the following officers were elected: President: Alden Wims. Vice President: Ross Emerson. Secretary and Treasurer: Geo. Evan.

GRANITE

Granite belters to meet next Wednesday October 7, at 7:15 in Jackson Ballard Hall.

FALSE TELEPHONE SYSTEM

When the class of 1917 was at college, a long distance telephone call took (on the average) more than ten minutes to be put through. Most of these whistled down gradually, so that now the connection is made in an average of 1.4 minutes—nine out of ten of them while holding the line. But this is only one phase of the relentless effort to make telephone service better today because voice transmission is clearer—interruptions and errors less frequent than ever before.

America demands fast but dependable service—and gets it.

College men and women find after 7 P. M., a convenient time for long distance calling. Moreover, most rates are lowest then.
Lowell Too Weak To Bring Outlook Might Be,” Coach Bill Cowell said this week-end with Bates will show the calibre of competition to tell what the season’s covered the Bates game last week, Coach October 10, should be a hard game as Batesing Maine team and the prospective Maine champion,” concluded Cowell.

FROSH OPEN CROSS COUNTRY SEASON, OCT. 10

With only two experienced men, the frosh cross country teams opened their schedule by meeting Concord High on October 3. Coach Sweet plans to have trials on Saturday to select the personnel of the team. Chances are that he will be able to pick; six or more than were out at the beginning of the season. Of this number there are two, Slater, of New Haven, Conn.; and Worcester, of Manchester Central High, who have had previous experience in track. All other conditions, with the exception of the ten men who have had some experience, are entirely new to both cross country and running.

The past week practice has been devoted to technique and conditioning. At present the men are trying to get a bit of condition. Coach Sweet says, “At this time I am impossible to say how good or bad the team will be, but from the willingness to work and the general team spirit, they will probably be able to give a pretty good account of themselves. They have had no race work at all yet, so it is not easy to prophesy just what they can do. Even the first meet will not give a true indication of their real ability. Probably, I shall use the men in best condition at that time but I will not know until after the first couple of meets just whom will be selected for the squad.”

The freshman team will have plenty of incentive to run as right out of the past eleven frosh men we have won the New England Cross Country Championship, and each of our teams meet is as follows: Concord—October 10, Boscawen; Freeston October 16, at Boston; Manchester Central High on October 21; North Shore; New Hampshire on November 9; and Dartmouth.

Harry Demers is out working on the fresh eleven. As yet not much can be said but after the Andover game, we will probably be able to give a bit of condition. Coach Sweet says, “At this time I am impossible to say how good or bad the team will be, but from the willingness to work and the general team spirit, they will probably be able to give a pretty good account of themselves. They have had no race work at all yet, so it is not easy to prophesy just what they can do. Even the first meet will not give a true indication of their real ability. UNH JUDGING TEAM COMES IN SECOND

New Hampshire Students Rank First in Placing Hogs and Sheep

The University of New Hampshire's livestock judging team far surpassed teams from Cornell, Massachusetts State, and Connecticut last week at the Eastern Exposition, held at Springfield, Mass. The Granite State men were second in the placing of sheep and first in the placing of hogs. The winning riders are open to lady and gentleman riders.

Major George L. Pringle, attached to the university barns, has been made head judge. He comes from the 18th Infantry, Fort Hamilton, Brooklyn, New York. He is a graduate of Connecticut State with the class of 1917. During the war he saw many overseas service. He has had many years experience as an O. R. C. T. instructor.

COUNCIL PRESIDENT ASKS COOPERATION

Each year there are complaints turned in by Porker citizens on the main line made by University students in booming from Durham to Dover. There have been several complaints thus far in the term and students concerned many times will be the forces to avoid them.

These complaints have come, not from one or two students, but from a majority of the home owners along the main road as far down as the town line. If students are allowed to drive long trips for a ride, they should have the decency to do their own driving and collective right in a community. I would like to ask all those students who need transportation to remember that you are representatives of the University and any lack of decency on your part only reduces you.
