REPORT OF TOWN MEETING
March 13, 1951

A meeting of the inhabitants of the town of North Hampton, qualified to vote in town affairs duly notified and holden in the Town Hall, in said town, the alphabetical list of voters having been posted and subscribed on the back thereof by the supervisors of the Check List, was called to order at one o'clock in the afternoon by the Moderator, Wilbur S. Drew, who declared the polls open for the election of Town Officers. The business meeting to be held at 7:30 P. M., as by vote of the 1950 Town Meeting.

At 7:30 P. M. the meeting was opened by the Moderator who read the Warrant. He also read a letter from Mr. Irving W. Marston, as follows:

North Hampton, N. H. March 13, 1951
To the Citizens of North Hampton, N. H.

As of to-day I am retiring as your Selectman after 35 years of service, and I wish to take this opportunity of expressing my thanks and appreciation to all those who have helped to continue me in office as Selectman and all other Town offices.

I am retiring with the knowledge that I have given to the various offices the best I had to give. I have a clear conscience behind me of 35 years of faithful service given to the people of North Hampton, and your cooperation has been of the best. I have always been proud of our Town and of the people in it, and hope I will always continue that way.

I wish to draw to your attention the Memorial which I am leaving to our Town. In 1935 when you elected me to the General Court, by and with the support of the other members of said court, I was able to get passage of a

House Bill of \$25,0000. to have a break-water built at Little Boar's Head, which was completed in 1936 and stands as a Memorial to all those connected with it.

I am writing this letter because I will not be present on Tuesday evening, which will be the first time I have missed in fifty years.

In closing I wish to all: Health, Happiness and Prosperity in the coming years.

Sincerely,

Irving W. Marston

REPORT OF LIBRARY TRUSTEES

The trustees are pleased to acknowledge the gifts of books and magazines which were given by friends who are listed in the librarian's report. We appreciate the work Mrs. Earl Spear has done in connection with the list of servicemen and women.

The members of the Junior Woman's club are to be congratulated for the fine story-hour they are conducting each week.

The Woman's Club has established a book shelf in memory of deceased members. Some very fine volumes have been presented to the library.

It will be necessary to paint the building and make some minor repairs during the coming year.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of North Hampton:

I herewith submit to you my twenty-second report as Superintendent of your schools.

The Schools of North Hampton began the current year on September 5, 1951 with an enrollment of 163. This compares with the similar figure of 145 last year and of 136 the preceding year. To meet this increased enrollment an additional teacher was employed and the third grade housed in the room above the entrance hall. There are now four grades in separate rooms, with the four upper grades in two rooms. As the lower grades, with their larger enrollments, move up it is probable that additional teachers will be required. Prospective increases in pupil attendance will further complicate our problem.

The effect of the Portsmouth Air Base is uncertain. If large increases are experienced, the federal government should recognize this. In fact, it has already established the principle of recognition, since by Public Law 874, funds are allotted to the school districts in proportion to the number of pupils who are educated by the district and whose parents work in government projects. For North Hampton this means help in the cost of education for children whose parents are employed at the Portsmouth Naval Base. The North Hampton School District has received two checks totaling \$3,467.94 under this law. There is nothing certain about the continuation of the law. However, application for aid during the current year has been made and has been received in Washington. We have received notice that application is being processed.

As an improved service to the children of our school, the Lions Club of Hampton has purchased a Keystone Telebinocular. This is a means of more accurately testing the eyes of the pupils, measuring the sight for different defects, near and far sightedness, color blindness, and other defects. From this machine, defects will be detected and analyzed which we have been unable to find before. This contribution of the Lions club will aid materially in dealing with sight defects.

It is planned to offer a course to teachers at Hampton during the second semester of this year. The work is under the direction of Boston University with Dr. Warren as instructor. It is a regular University course carrying credit toward a professional degree. All teachers of the Union are eligible.

Our lunch program is progressing well. Federal commodities are received regularly as well as checks from the national government to assist in keeping the cost to the children as low as possible. The advantages of a hot lunch are many in terms of health, mental energy and attitudes.

The Parent-Teachers Association is always a valued ally to any school. I bespeak the active support of this organization by all parents, teachers and interested persons. This organization has given valued aid in the purchase of playground equipment during the past year. Its active interest in the welfare of the school is always helpful.

We much appreciate the help of interested citizens of North Hampton in gifts which have materially aided the work of the school. The Grange helped in setting up playground equipment. Our children use this constantly during recess and noon periods. The Women's Club has shown particular interest in the nurse's room, furnishing a much needed table for her supplies and as an aid in making her

work more effective. The Dramatic club is planning the purchase of a projector or perhaps some equally useful project. A check was received from the Pythian Sisters for purchase of recreation equipment. Such purchases are spent where the greatest number of children will benefit the most. The goal and backboard for basketball in our activity room was given and installed by a group of interested citizens. This is in constant use and offers an opportunity for our boys and girls to participate in team work. As such, it is valuable from a social as well as health point of view.

With the use of the new third grade room, it became necessary to construct a fire escape directly from the room. This was done by the Hussey Manufacturing Company of North Berwick, Maine, in accordance with plans approved by the State Fire Marshall and the State Board of Education.

The scholastic standing of our pupils continues to be measured by approved standardized tests. These are recognized as accurate instruments and are used widely throughout the nation. It guarantees our standards.

At the winter meeting of Supervisory Union No. 21, the purchase of a film strip library was authorized. Film strips are strictly teaching aids, made by recognized teachers for presentation of school subjects. Since they are costly, it was felt that an individual district could not afford a library of its own. By the joint purchase of the seven districts, the entire library will be made available to all, the cost being apportioned according to the number of pupils who would be using the films. Pictures are always attractive to children. If arithmetic, geography, science can be presented in picture form, the lessons are learned more easily.

The problem of future housing of an increased enrollment is upon us. The warrant will contain an article to

study the situation and seek the best remedy. This committee should consider various plans possible. It may be that a wing on our present building is the solution. It may be that some agreement can be made with neighboring towns to care for our upper grades. Consolidation of these grades with other schools may be considered. Each plan has its advantages and careful weighing of these will be necessary. At any rate, the committee should come into a special meeting with definite plans to present to the people.

Let me again express my appreciation to the School Board of North Hampton for their advice and help in the duties of my office. To the teachers my most sincere thanks for services rendered. While the present standards of teacher employment are maintained, there need be no fear as to the standing of our schools.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools.
