NEW HAMPSHIRE 6 BATES 6 First Game of Season Results in Tie.

Miss Mable Hodgkins

In the first football game of the season, New Hampshire played Bates to a 6 to 6 tie score last Saturday. Although New Hampshire scored her touchdown in the first half, Bates was the more aggressive team, but the Blue and White came back strong in the last half and would have scored again, but for the interception of the whistle.

Captain Lowd scored the first touchdown on a recovered fumble by Bates and a run of 75 yards, while Bates scored in the second period on a series of end runs and line plunges. New Hampshire's line, although outweighed, was more aggressive than that of the opponents, with the exception of the ends, who were weak on tackling and on breaking up interference. The backfield worked well for the first game of the season. At end, Reed and Jenkins were weak on breaking up interference and tackling, as were Jenness and Jones, who were substituted. Pettengill played a steady and aggressive game at right tackle and Sawyer also played well, as did Williams, who took his place at left tackle. At guard, Davison retained his form of a year ago, while Leach played a hard game.

Perkins at center was especially strong, following the ball incessantly, tackling low and hard. At quarterback, Brackett ran the team well, and proved especially elusive to the Bates tacklers. He would have made longer gains had he been given proper interference.

Captain Lowd was the star of the game, making repeated gains through tackle and proving the mainstay of the team on the defense. Swasey at right halfback made several long end runs and his kicking was exceptionally noticeable. He tackled fiercely and worked well with the rest of the backfield. Haines at fullback was the hardest tackler of the team and a good ground gainer when called upon.

The Game.

Bates kicked to New Hampshire at the start, and on two successive plays, Swasey ran the ball back to the forty yard line. Lowd was unable to gain around end and Swasey punted to Bates' 45 yard line. Bates gained seven yards, but was penalized five. Unable to make first down, she punted to Brackett, who ran the ball back 18 yards. On the next play, Swasey was thrown for a loss. He punted to Bates. New Hampshire threw the opponents for a loss on the next two plays and Bates punted, recovering on our forty yard line.

Lowd's Run.

Bates fumbled; Lowd, Pettengill, Haines, and Perkins broke through, Captain Lowd recovering the ball and running 75 yards for a touchdown. He kicked the goal.

Jones replaced Jenkins at left end. Bates then kicked to New Hampshire and Swasey made 27 yards around end,

but Brackett was unable to gain on a quarterback run. Time was then called. Score—New Hampshire 6, Bates 0.

Bates Scored.

After three minutes, the two teams changed positions and New Hampshire punted to Bates' fifty yard line. Bates made 20 yards around end, but was penalized 15 for holding. Then she began a series of linebucks and end runs, which resulted in a touchdown by Dennis, after which he kicked a goal from a difficult angle.

Jenness was substituted for Reed, and New Hampshire then kicked to Bates, who ran the ball back thirty yards. After three unsuccessful attempts to gain, Bates punted to Brackett who returned the ball ten yards. Bates held for two downs and Swasey kicked. Bates rushed 18 yards and was again forced to punt to Brackett, who ran the ball back 20 yards to the middle of the field. Jenkins here replaced Jones and New Hampshire advanced the ball 24 yards before time was called. Score—New Hampshire 6, Bates 6.

Second Half.

The third quarter opened with Reed back at right end and Bates kicking to New Hampshire's ten yard line. Lowd made ten yards through tackle and Swasey ran ten around the end, but Haines could not gain through center. Swasey then punted fifty yards over the head of the Bates quarterback. New Hampshire forced Bates to kick, but on receiving the ball, was held for downs in the middle of the field, when Swasey again punted. New Hampshire recovered a fumble by Bates, after throwing Dennis back for a loss. Then from a place kick formation on Bates' 15 yard line, an attempted forward pass by Brackett was unsuccessful, the Maine team regaining the ball.

Williams replaced Sawyer at tackle and Bates, again held for downs, punted. Brackett ran the ball back ten yards and Lowd made three through tackle. Swasey kicked to Bates' 20 yard line, and the field judge called time.

On the first play in the last period, Bates gained five yards, but was penalized 15 for holding. On the next three plays, she made 15 yards. New Hampshire then threw the Bates' runner for a loss and Reardon replaced Reed at right end. On the next play, he completely upset the entire Bates' interference, and Bates lost two more yards. The game finished by Bates kicking to her own forty yard line, where New Hampshire was within striking distance of her goal.

Summary.

NEW HAMPSHIRE.	BATES.
Jenkins, Jones, le re.	Thompson
Sawyer, Williams, lt rt.	Bolster
Davison, lg rg.	Hooper
Perkins, c c.	Cole (capt.)
Leach, rg lg.	Jecuseo
Pettengill, rt lt.	Butler
Reed, Jenness, Reardon, re le.	Danahy
Brackett, qb qb.	Rennert
Lowd (capt.) lhb rhb.	Conkling, Eldredge
Swasey, rhb lhb.	Dennis
Haines, fb fb.	Dyer

Score—New Hampshire, 6; Bates, 6. Touchdowns—Lowd, Dennis. Goals from touchdowns—Lowd, Dennis. Referee—Stevens of Exeter. Umpire—Cummings of Bates. Field Judge—David of Harvard. Head linesman—Holden of New Hampshire. Time 4—10-min. periods.

Mr. David Lumsden, Assistant in Floriculture, attended the exhibition of the American Association of Vegetable Gardeners in Boston last week. He read a paper on, "Some of the Unique Methods of Foreign Vegetables Under Glass."

CHANGES AND IMPROVEMENTS.

Made in the Buildings and Offices.

Many changes and improvements have been made in the college buildings this year.

Thompson Hall.

In Thompson hall the old seats in the chapel have been replaced by 320 new iron affairs. The Dean has exchanged offices with Prof. Putnam and the mathematics room has been changed into a modern language class room. Professor Whoriskey occupies Prof. Scott's office and utilizes the latter's class room also for modern language work. Prof. Scott and his assistant, Prof. Smith, have removed to the Library. The book store has been moved from the registrar's office to Prof. Whoriskey's old office and Prof. David uses the old modern language room for English while the old English room is occupied by the mathematics department.

The Gymnasium.

In the gymnasium all the windows of the lower floor have been fitted with window boards to facilitate ventilation, and the college club has new wall paper.

Morrill Hall.

Morrill hall has also come in for its share of changes for Prof. Taylor has moved to the office formerly occupied by Prof. Slate and Prof. Eckman; Prof. Eckman has moved to Mr. Stone's office and the latter now has an office at the extreme end of the corridor while Director Kendall has Prof. Taylor's old office. The agronomy lecture room has been changed to the animal husbandry room and vice versa. On the second floor Mr. Lumsden now has his office in the east end of the corridor and Prof. Arkell occupies the one in the opposite end. The Forestry department will have its office in Mr. Lumsden's former one.

Mechanical Engineering Course.

Some new machinery has recently been installed in the machine shops. In the iron room, a new 14 in. pool makers lathe, equipped with a double friction back gear, which gives 16 speeds. It is also equipped with a quick change gear device that permits the cutting of forty-eight different threads without changing gears.

The wood shop has a new Oliver Universal saw bench, equipped with cross-cut and ripping saws.

The department has set up in the lecture room a Bausch Lomb stereopticon of latest type for the purpose of illustrating class room work.

GLEE CLUB REORGANIZATION.

Last Thursday noon the members of last year's glee club met in the modern language class room and elected the following officers: H. B. Catlin, '12, leader; G. W. Towle, '12, manager; J. E. Robinson, '12, secretary and treasurer, J. A. Manter, '12, librarian.

BULLETIN FOR THE WEEK.

Wednesday—Football practice at 3.30 p. m.

Thursday—Football practice at 3.30 p. m.

Friday—Mass meeting at R. R. station to cheer team off. Orchestra rehearsal at college club at 7.00 p. m.

Saturday—New Hampshire plays Brown. Report of game at college club room at 8.00 p. m.

Sunday—Christian Association meeting in Church Chapel at 5.00 p. m.

Monday—Football practice at 3.30 p. m.

Tuesday—Football practice at 3.30 p. m. Fraternity meetings in evening.

Wednesday—Chapel at 11.45 a. m. "New Hampshire" out at 1.30 p. m.

BASEBALL CAPTAIN.

In June last George A. H. McPheters '13, was unanimously elected captain of the baseball team for 1912. McPheters made his letters in baseball in his freshman year playing third base. Last year he played a fast and consistent game at short and second after straining his arm pitching in a 14 inning game with Exeter. He played on his class baseball and football teams. He is a member of the Casque and Casket and Zeta Epsilon Zeta fraternities.

TRACK MANAGER.

Herbert R. Tucker was elected last spring as the track team manager for the season of 1912. In the year 1910 he captained the first track team at New Hampshire competing in the quarter mile.

Tucker has been president of his class for four years, is president of the Christian Association, a member of the executive committee of the Athletic Association, and a member of the editorial staff of "The New Hampshire" He is a member of the Casque and Casket and Kappa Sigma fraternities.

N. H. PROFESSOR PUBLISHES TEXT BOOK.

The class in Thermodynamics is now using Prof. Cardullo's new book, published by the McGraw Hill Book Co. It is a book of 421 pages, 7x9 in size, profusely illustrated and treats of the theory and designing of heat engines, refrigerating machinery and all kinds of Power plant apparatus.

'85 MAN VISITS COLLEGE.

Phillip G. Biekford '85, was a college visitor last week. He originally came from Lyme, N. H., but on graduation went West and this is his first visit to N. H. C. since graduation. Mr. Biekford is at present in business at Pullman, Washington. The Washington state college is situated at Pullman and Mr. Biekford had considerable to say about the growth of the school and the interest taken in the institution. Among other things he states that the college has increased its registration in 21 years from two to 1,400. He also says the state by recent enactment gives the college the income from a mill tax which at present amounts to between \$300,000 and \$400,000 per year. This latter method of appropriation keeps politics out of the college affairs.

WHAS'S THE MATTER, FRESHMEN?

On more than one occasion the freshman have been called upon by the coach to assist in the hanging up of the tackling dummy or to help in other work about the field. Thus far helpers have been scarce. In fact one man has been seen to hide behind a tree so that he would not have to help raise the dummy into position after each fall. This attitude is entirely wrong. We would have the freshmen know that, though we are very happy to have them here with us, we do not remember them as "prep" school seniors and cocks-of-the-walk, but as college freshmen whose position is one that is not quite so important, but is one in which every man should lend the helping hand on bits of campus work. We of the upper classes have been through the same stage and know what we are talking about. Don't be afraid that you will appear ludicrous while engaged in such labors, but rather remember that you are doing it for the college. You are more honored by doing it and by accepting your position than you are by dodging your responsibility. Get into line and do your duty.

NOTE FROM MISS TOWNSEND.

The following note from our former registrar is self explanatory. We are indeed sorry to have Miss Townsend leave us and hope that, as the years go along, she may still feel that we remember her with pleasure, and with the deepest respect. Here is what she says:

I wish to express my deep appreciation of the beautiful gifts given me last June by the students of New Hampshire College and friends. I shall always have a warm interest in the future of the college and it is my wish that its success may be beyond all expectations.

Yours sincerely,

Mabel E. Townsend.

Rockport, Mass., July 2, 1911.

Have you noticed the change in the atmosphere of everything that surrounds us this fall? Many have spoken of it and have remarked upon "the difference of things." It is surely the gateway to a new era—this opening of the year 1911-1912. There is a something in the air of the place that fills us with a different feeling; the faculty show it, the football squad shows it, the student body at large shows it. Some of us have watched and worked for this moment for a long time, and are overjoyed that our wish has become a reality. Ten years from now all will look back upon this year and remember it as the beginning of greater things.

A rooster on the sidelines asked, "Why is the assistant coach's mustache like a football game? A 'Would-be-wit' replied, "There's eleven on a side." Good guess!

Only those of us who have visited many of the colleges of New England can realize the position in which our own institution stands with regard to natural beauty of surroundings and campus. We know that for these things we are equalled by very few. Not one of our buildings is tumbledown or out of date in appearance. The trees are well cared for as are the shrubs and lawns. All this combines to make us a picture of neatness and beauty.

The showing of our eleven in the first game is a credit to New Hampshire and no less so to Coach McCaa, who has already begun to prove his efficiency. The college is to be congratulated in securing the services of such a man, who is a gentleman, a skillful football player and able in instructing and producing results.

The finish on the window boards at the gymnasium does not appeal to the aesthetic sense of many of us. If they were painted like the window casings we think they would be more pleasing to the eye.

Prof. James, shipwrecked off the coast of Ireland! We wonder if he had time to shout "God Save the King," before he was precipitated into H2O.

That a graduate of the class of two-year '11 can fill a \$1,200 position certainly speaks well for the course.

The gentle hand of knowledge is deftly blending the freshman greenness into New Hampshire blue.

NEW SECRETARY ALUMNI.

F. E. McKone, '09, assistant in mechanical engineering is acting secretary of the alumni association. He succeeds L. A. Pratt '09 who last year was instructor in chemistry here, but who now has a Duncan Fellowship in the University of Pittsburg.

TIME TABLE.

For the benefit of the traveling public it has been suggested that The New Hampshire publish the time of day at which trains leave Durham for both Boston and Dover.

Trains for Dover leave Durham at 8:12 a. m.; 9:23 a. m.; 10:16 a. m.; 2:16 p. m.; 6:00 p. m.; and 7:13 p. m.; on week days. Sundays at 8:12 a. m.; 10:20 a. m.; 11:40 a. m.; and 7:13 p. m.

Trains for Boston leave Durham at 5:58 a. m.; 6:50 a. m.; 8:50 a. m.; 11:58 a. m.; 3:10 p. m.; and 5:27 p. m.; on week days. Sundays at 7:08 a. m.; 2:30 p. m., and 7:47 p. m.

Prof. Graves attended the meeting of the Secondary Schools committee of Educational Council held in Concord last Saturday.

H. W. Neal '10, entered the employ of the General Electric Co., at Lynn this week.

A. P. Woods '09, is with the Westinghouse Engine Co., East Pittsburg.

A PURELY MUTUAL COMPANY.

The policies issued by the Massachusetts Mutual Life Insurance Company, are purely mutual and much more liberal than those of other Companies. The premium rates are LOW the dividends are large, and they are paid annually on the anniversary of the policy. Paid up Insurance, Cash Surrender Values, and Extended Insurance are guaranteed after two years premiums have been paid. If you want THE BEST THERE IS IN LIFE INSURANCE, send us your name and address, date of birth, kind of policy desired, and we will mail you a Specimen Policy of the Massachusetts Mutual Life Insurance Company for your inspection. Compare it with policies issued by other Companies that do business on the Annual Dividend Plan, we feel confident that you will be convinced. THAT IT IS THE BEST.

De Laval

The Cream Separator by which all others are judged

For more than thirty years the DE LAVAL has been acknowledged as the World's Standard.

You may hear it said of some separator that "It's as good as a DE LAVAL;" or if some competing salesman wants to make his argument particularly strong he'll say "It's better than a DE LAVAL." The concern with a cheaply and poorly constructed machine says "Just as good as a DE LAVAL and costs less."

But everywhere the DE LAVAL is recognized by experienced creamerymen and dairymen and even by makers of would-be competing machines as the

World's Standard

The cream separator is more frequently used than any other machine on the farm, and for that reason, if for no other, only the very best should be purchased, and that's the DE LAVAL.

The more you come to know about cream separators the more certain you will be to buy a DE LAVAL.

NEW RULES.

Rules Drawn Up by Faculty and Signed by "Co-Eds."

1. Women students, unless living at home, are required to room in Smith hall, except by special permission from the President.
2. Women are expected to devote their evenings to study. Women may receive calls from gentlemen in the parlors of the houses where they live, and not elsewhere; and on Friday or Saturday evenings only; and not later than ten o'clock.
3. Carriage driving, boat riding, and similar associations with gentlemen, unaccompanied by a chaperone, are forbidden.
4. Attending balls, parties, dances, receptions, and other entertainments, that have not been formally approved, by college authority is forbidden.
5. Women wishing to be away for over night must first obtain permission from the Dean.

The above rules will be applied to those women living at home in so far as the college deems wise.

COMPANY D.

Owing to the large number of two-year men it has become necessary to organize a new military company, Company D. This company will consist of two year men and will be captained by George W. Berry who is promoted from the position of adjutant, C. F. Jarlyn, who comes here from Norwich University has been appointed adjutant.

To fill the vacancy caused by the resignation of 1st Lt. J. A. Manter of Company A, 2nd Lt. N. D. Paine has been promoted to first lieutenant, and Color-Sergeant T. J. Twomey, to second lieutenant.

THE 1915 GRANITE.

This year's Granite will be of a slightly different type from last year's edition. The humorous side will be more prominent, while the old policy of making it a mere catalog of facts and an index of events will be done away with and in its place some material of more original character will be offered. A notice has been placed on the Thompson hall bulletin board requesting that all contribute jokes, cartoons and grinds to the volume and the editor-in-chief, D. B. Keyes, hopes the students and faculty will be generous in their response to his request.

FIRST YEAR, TWO-YEAR RECEPTION.

An informal reception was given the class of two-year '13 by the class of two-year '12, Monday evening in Morrill hall. There were fifty-five present.

W. S. Blaisdell, acting as master of ceremonies, called upon the following speakers: W. P. Drew, H. V. Bent, Prof. Rasmussen took as his subject, "Class and College Spirit." Following refreshments the affair was brought to a close by a "Long New Hampshire." The committee in charge consisted of the following: W. S. Blaisdell, W. P. Davis, B. W. Sherburne, and C. P. Henderson.

FRESHMAN PICTURE.

After the drill period on last Monday the class of 1915, unmolested by the sophomores, walked to Dover in a body, and had their picture taken in front of the city hall.

THE EXHIBIT.

The New Hampshire College Experiment Station's exhibit at the Nashua Fair attracted considerable attention and much favorable comment from the people in attendance. The Dairy department exhibited the most approved apparatus used in handling, testing and shipping dairy products. The Agronomy department showed samples of forage crops, fertilizers, and grains. The Botany department's display of the work of the common fungous diseases, and the Zoological department collection showing various stages in the life cycle of the more common insect pests were very interesting to many. The cup won by the different judging teams added not a little to the attractions of the exhibit.

In connection with the Experiment Station the Engineering department showed patterns and tools made by the students in the wood and machine shops. Bulletins were distributed and registry books for those who wished bulletins and catalogs were provided.

NEW CAR-LOAD OF CATTLE.

The Agricultural department has just received a car-load of sixteen grade Holsteins and grade Jerseys. These cattle came from New York and some were prize winners at the Syracuse Fair. One animal is the sister of a cow that gave 16,000 pounds of milk in one year.

CONVOCATION.

At the convocation exercises, Sept. 20, Pres. Gibbs spoke on "College Fellowship." He said that college fellowship is a bond which should bring the student body into a closer union and more intimate relations with one another. He emphasized the fact that while warm fellowship tends to benefit one materially, its greatest good is the richness which it imparts to our lives.

ORCHESTRA TRIALS.

Last Thursday, H. B. Catlin, '12, leader of the college orchestra held the trials of new material. Of last year's men besides the leader, there are left Lovell, violinist, and Dresser, pianist. The new men who were tried out are; Mr. Cartney, violin; W. S. Bartlett, cornet; Bonardi, cornet; Brogini, cornet; Bodwell, cornet; Vancore, trombone; Emerson, bass viol. There are two more violinists who have not yet had their trials.

We will give you a deal.
Are agents for Granite State and Lewando's.
Respectfully solicit your patronage.

THE WILLARD-ADAMS COMPANY, Members Class 1913.

ALUMNI AND FACULTY WEDDINGS

Leonard E. Pierce '11 of Worcester, Mass., and Miss Laura Swain of Dover were married at the home of the bride in Dover, September 12th. Percy J. Burbeck '11 acted as best man. Mr. and Mrs. Pierce left for Portland immediately after the service.

Prof. T. R. Arkell and Miss Mabel Mahaffey, stenographer for the Experiment Station, were married in Dover on August second.

Clyde Swan '11 and Miss Sarah Rundlett of Durham were united in marriage at the Durham Congregational Church on June 28th. Rev. Telesphore Taisne officiated Mr. Swan who was a former editor in chief of the College Monthly is a submaster in the Amesbury High School.

George F. Roberts '11 and Miss Mary L. Burnham were married at the bride's home on August 28th by the Rev. Telesphore Taisne. The bride's sister, Miss Esther Burnham with Albert H. Brown '11 attended them while Miss Hannah Haines, a friend of the bride played the wedding march. Mr. Roberts has accepted a position as instructor of Agriculture at the Boston Parental School.

Miss Lucia Soule Watson and Mr. Dean F. Smalley were married at the bride's home Wednesday, Sept. 20th. Owing to the illness of Mrs. Watson, mother of the bride, no reception was held.

Mr. Joseph W. Moreton '05 and Miss Jessie A. Dorsett were married in Dorchester, Mass., last Wednesday. They will be at home after Nov. 5 at 4260 Broadway, New York city.

Miss Margaret Collett and Mr. J. H. Pierpont, assistant in dairying, were married in the Episcopal church, Dover Sept. 4, 1911. Mr. and Mrs. Pierpont have gone for a month's stay to Watertown, Conn.

COLLEGE CLUB SMOKER.

In order to arouse enthusiasm for the Bates game the first "smoker" of year was held in the Collego Club rooms Friday night. The cheers and songs were rehearsed and short speeches by Capt. Lowd, Coach McCaa and Prof. David were listened to.

NOTICES.

will be printed in the bulletin for the week if they are placed in the box in Thompson hall or given to a member of the "New Hampshire" staff on or before Saturday of each week.

N. H. C. A. A. MEETING.

At a meeting held after chapel last Wednesday P. E. Tubman, '13 of Portsmouth and Gilbert F. Lane, '13 of Ashburnham, Mass., were elected assistant football managers for the season of '11. Robin Beach of South Natick, Mass., and C. M. Neal '12, of Portsmouth were elected cheer leaders.

NEW FACULTY SECRETARY.

Prof. E. R. Jones has resigned as secretary of the faculty in order that he may put more time into the work of the Publicity Board. Miss Mable Hodgkins, librarian, has been elected to the place.

F. C. Mercer, two-year '11 is superintendent of a farm owned by Judge Cox near Lawrence, Mass.,. He has a salary of \$1,200 per year in addition to house and garden.

The Junior class has elected the following officers: P. C. Gale, president, Robin Beech, vice-pres., J. E. Lodd, treas., and D. B. Koyes, secretary.

The stock-judging team, consisting of M. G. Eastman, J. E. Ladd, Steele, Falconor, Batchelder, W. P. Davis, and L. B. Smith, accompanied by Prof. O. L. Eckman, left Thursday, Sept. 21, on an extended trip to Mass.

Prof. Charles James of the Chemical department was on board the Olympic which was rammed off the coast of Ireland by a British cruiser and as a result will reach Durham considerably later than he expected.

Frank R. Brown, '03, formerly instructor in the shops here and now of the Newton Technical High School was a recent Durham visitor.
