TOWN FOREST

This year we have purchased another tract of about ten acres, located in the corner made by the Trunk Line and the Fellows Road. The State Forestry Department gave the Town 2000 four year white pine transplants which were set out on this plot. We had twenty-one cords of wood cut which was used by the Town and School District and cleared some brush away.

The first lot of trees set out are doing well and show up so that passers by can readily see them.

In July a tuberculosis clinic was held. Thirty-seven people received a thorough chest examination by Dr. Robert Kerr, T. B. Specialist. A number of these were under-weight children.

Four clinics were held in May to give children the opportunity to take the preventative treatment given for diphtheria. A large number of pre-school children received this treatment.

Assisted with Red Cross membership campaign, also Florida hurricane and flood relief.

GAFNEY LIBRARY

Librarian's Report

The Library has been open the usual week days, throughout the year. It has not seemed necessary to resume the Sunday opening this winter.

The circulation for the year was 6,756. The attendance 5,843 and the number of borrowers 451. These figures, except for attendance, show an increase over our last year's report.

We receive each year a box of books from the Free Public Library of Newark, New Jersey, and we are receiving, for the second year, books from the Car-

negie Endowment Fund. The number of books catalogued for the year was 255. The number rebound, 39.

The magazine tablès have been regularly supplied with 25 of the current magazines. These, the most in fact, were gifts to the Library.

Many of our borrowers are summer people. The resident borrowers from near-by places, not in the village, come from the following localities: Brookfield, Burleyville, Center Ossipee, East Wolfeboro, Effingham, Granite, Madison, Milton Mills, Oak Hill, Province Lake, Stoneham, South Wakefield, Union and Wolfeboro.

We have been able to send a good number of books and magazines to the Carroll County Farm. Also a number of books have been given to the Union Library.

Our assistants, Miss Olive Fogg, and Miss Marjorie Hatch have continued their faithful work throughout the year.

A story hour, for the school children, was started in the Fall, and proved to be a very popular venture.

We would like to take this opportunity to thank all the friends who have helped in any way with the work.

CLARA M. GARVIN

SUPERINTENDENT'S REPORT

To the School Board of Wakefield:

Gentlemen,—At the close of another year I have the honor to submit to you my tenth annual report as superintendent of the schools of Wakefield.

The usual statistics relating to the schools will be found in the table which follows.

ANNUAL REPORTS

STATISTICS FOR THE YEAR ENDING, JUNE 30, 1928

Totals and Averages		214	187.54	179.12	95.51	131

As foreseen a year ago, the per cent of attendance for the year ending June 30, 1928 was not so high as for the preceding year, owing to a greater amount of illness; but it still remains higher than the average throughout the state. It will probably be considerably lower for the current year, as we have had an epidemic of several contagious diseases.

The Roll of Honor, containing the names of those pupils whose attendance for one or more quarters has been perfect follows:

The following pupils completed the work of the eighth grade last June and were given diplomas:

Charles Drew, Lester Joy, Donald Williams, Marion Wentworth, Roy Estey, Henry Brouillard, Harris Chapman, Romeo Jette, Richard Sanborn, Alfred Veno, Arthur Veno, Dorothy Clark, Soffie Paulauska, Dorothy Sibley, Thelma Floyd, Katherine Maleham, Edwin Horne, Philip Wentworth, Florence Stevens, Beatrice Wilkinson, Elizabeth Wentworth.

There is no change in our corps of teachers for the present year. All are experienced teachers and are doing good work.

The expenditure for necessary general repairs this year has exceeded our estimate. This is due to the fact that it was found necessary to replace the boiler in the Sanbornville Primary Building with a new one, thus adding between four hundred and five hundred dollars to the amount that would otherwise have been expended. It will be necessary to appropriate a somewhat larger amount for repairs next year to restore this draught upon our general balance.

The Primary Building at Sanbornville was renovated during the summer vacation. Both buildings at Sanbornville have been wired and equipped with electric lights. All buildings in the district which are in use are now so equipped.

HEALTH WORK

You will note from the report of the school nurse, which follows, that very successful toxin-antitoxin clinics were held last Spring. A large majority of all the pupils received this treatment for protection

against diphtheria. Parents in general co-operated heartily in this work.

The recent epidemic of measles in Sanbornville made it necessary to close the schools there for two weeks. At the time of this report the schools are open again and the pupils from the quarantined families are gradually returning to their school work. It will be necessary to run these schools later into June than usual in order to complete our full school year.

Respectfully submitted
FRED W. DUDLEY,
 Superintendent of Schools

In May 1928 a series of toxin-antitoxin clinics were held under the direction of the State Board of Health. Treatments were given by Dr. Weaver, who is associated with the State Board of Health, and Dr. Alfred Balch. Both doctors have had considerable experience along this line. Nearly all school children received this treatment and many children of pre-school age.

In November a case of scarlet fever developed at East Wakefield. Several children having been exposed were excluded from school. Some of these children received a preventative dose of scarlet fever antitoxin. No more cases appeared.
