RHODE ISLAND
TWICE VICTORIOUS
Wins Relay and also at Basketball.

Rhode Island made its four straight victories in basketball in two years by winning again Saturday evening in the gymnasm of New Hampshire by the score of 20, 16. For the first ten minutes of play, the teams were evenly matched. During the second and third periods, however, Rhode Island took the lead, and held it for the remainder of the game. The visitors were a fast five and played a very well earned victory.

Tully, one of the fastest forwards who has ever appeared on the earth, scored six baskets for Rhode Island. Their speed gave them a well earned cause to remember, caged three and shot two. Coach Newton, the ex-Blue point guard, whom New Hampshire has had no answer for during the six years, played a much better game, but was not standing on his head. Coach Doll made wonderful shots, gave Rhode Island quickly scoring 2 baskets. New Hampshire, who had been able to play because of the absence of their star, scored 1 point in the first five minutes on two clever baskets and a free throw.

The first period opened with Rhode Island in the lead, and lead Hawkins, but with some over a lap to go was easily passed and handed over a bad handtow by Priest. Coleman, the one man for Rhode Island, looked well and increased his lead perceptibly. Blodgett ran third and could not go over the man, so that when Smart started in pursuit of Captain Barlow, eight as he would and did, the lead was too great, and though the curly little runner gained a good hit, Barlow finished an easy winner.

NEW HAMPshire VS. MARYLAND.

The rifle team shot a total of 924 points in the match with Maryland last Saturday night.

A. L. E. E.

At the fourth regular meeting of the A. L. E. E. held Monday night in the Cordova, were held a lecture on "The Man and the Dinner Plate." He told many interesting facts on the history of the dinner plate, in shops but all his talk tended to emphasise the fact that a "hose in in the kitchen" must not only be a good cook, but also a man who can handle men.

DR. EASTMAN LECTURES.

Fourth Number of Course Given Friday Evening.

Oyoun, Dr. Charles Eastman, a full blooded Sioux Indian, addressed a representative assembly of the college in Thompson Hall Friday evening. The Indian was the last stand of the Sioux. Dr. Eastman was in the full costume of his tribe, and dressed entirely in buckskin. He spoke with such eloquence of colored bands arranged in rare designs, presented a picturesquely beautiful appearance.

Truly he told of the life of the Indian previous to the period of American colonisation by the white man. In this he showed the entire different but equally admirable conception of life that was the Indian, as compared to that of the white man. He showed the effect of colonisation by Europeans on the Indians by their inter association during the one hundred and fifty years of what he termed the transition period, and justified many absolutely barbarous acts of his people by explaining the Indian point of view.

In the course of his lecture, Dr. Eastman gave many graphic descriptions. In telling of battles especially he explained and he figuratively portrayed the wonderful work of Crazy Horse, when he defeated Custer so overwhelming. The Indians were not too well attended, and all went away with a better understanding of, and consequent appreciation for, the original American.

Over two hundred were enthralled in agricultural reading courses.

FARMERS WEEK COURSE.

The Fourth Annual Farmers' Week Course at New Hampshire College, week before last was the most largely attended and in many respects the best which has yet been held. The attendance in the round was 273 as against 238 last year. The day time lectures were given for the most part by members of the regular College faculty, while those in the evening were by speakers from adjoining colleges.

Forty-five lectures were given during the five days of the course. The session was especially attended this year and much interest was manifested in the lectures and readings of Mrs. C. F. Jones. From the Domestic Science Department of Ohio State University. Mrs. Poult's lectures covered the whole range of subjects from the cooking of vegetables, cereals and meats to bread making and household economy.

One of the special features this year was the Rural Progress Session held Wednesday afternoon. At this meeting Professor Raasmann spoke upon the subject of Rural Cooperation. Superintendent J. Best of Coosenock school and Mr. Richard Terbush, who had the care of the school for seven years, started in pursuit of Captain Barlow, eight as he would and did, the lead was too great, and though the curly little runner gained a good hit, Barlow finished an easy winner.

In the second half, New Hampshire played a much better game, but was not standing on his head. Coach Doll made wonderful shots, gave Rhode Island quickly scoring 2 baskets. New Hampshire, who had been able to play because of the absence of their star, scored 1 point in the first five minutes on two clever baskets and a free throw.

The Pittsburgh Branch held its annual meeting and dinner at Hotel Birdcage, Friday, Feb. 12. The following men were present: Randall '05, Cone '08, Wentworth '09, Pratt '09, Poole '00, Neal '10, Boynton '10.

After the dinner had been served, an informal discussion of the college and its progress was held. The announcement of the purchase of the land lying between Smith Hall and the Old Theatre was a source of much pleasure. We pictured the campus as we know it, with railroad tracks and blazed by numerous old buildings; an "eye sore" to every alumnus of the college.

Every member present showered the secretary-treasurer with annual dues to the Alumni Association. Let this be a good example to all New Hampshire men.

L. A. Pratt, Sec.

ALUMNI BANQUET.

The New Hampshire College Alumni will hold their banquet at Hotel Birdcage, 645 Beacon Ave., Boston, on Saturday, Feb. 11, 1912, at 8 o'clock. Members, should take a beacon street car at Park street station. The principal address of the evening will be given by E. R. Groves, professor of Psychology and sociology, on the subject, "The Significance of the Land Grant College." Every alumnus of New Hampshire College should hear this address. It is sure to give him a new line of thought and make him a better and more active member of the Alumni Association.

ATHLETIC ASSOCIATION MEETING.

At an athletic association meeting held Wednesday Gordon E. Fisher was unanimously elected Basketball Manager of the New Hampshire College. An agreement was also voted to send a vote of thanks to eXeter for the use of that institution's board track by the relay team.
BUONIL.

Wednesday—Basket ball game at Andover.

Friday—8 p.m. Sophomore hop at the gym.

Saturday—3:00 p.m. Basket ball game with Alumni at the gym.

Monday—7:00 p.m. Agricultural club's meeting at Merrill Hall.

POTASH

In available form. Supplement the manure and phosphate with 50 to 100 pounds of Muriate of Potash, or 200 to 400 pounds of Kainit, per acre, and you will raise big corn and fine clover after the grain and at the same time improve the fertility of the soil.

Try Potash only alone on the swamp land pasture and note the closer and good grasses crowd out the wild hay.

Write us for prices of Potash, one bag up.

DEPUTATION TEAM MAKES SUCCESSFUL VISIT.

The Christian Association deputation team spent the first part of the mid-year vacation at Somersworth, doing evangelistic work under the auspices of the Federation of Churches of that town. The trip occupied five days, was the longest and most successful ever undertaken, and included occupying the church pulpit on Sunday, informal talks to the pupils of both the grammar and high schools of Somersworth and Berwick, selections by the quartette before the employees of two of the manufacturing industries, and a 20 minute sketch in connection with a moving picture show at the Somersworth Theatre.

The secretary of the association reports that the team reached 2,000 adults and 100 boys.

Wednesday evening, the deputation opened its program with an entertainment in the Methodist Episcopal church, consisting of quartettes and mandolin selections. Thursday and Friday, Tucker, Foster, Jones and Martin spoke before the grammar and high schools of Somersworth and Berwick on such topics as “Clean School Life,” and “Clean Athletes.” The speeches were interspersed by selections by the quartette. When C. A. Clark secretary of the Concord Railroad Y. M. C. A., addressed the employees of the Houghton and Warren Shoe Co., and the Great Falls Manufacturing Co., the quartette also entertained.

Saturday afternoon, accompanied by 75 boys the team took a five mile “hike” into the country. In the evening, men in connection with the moving picture show at the theatre, the college men gave a 30 minute sketch. The quartette sang four comic pieces, L. E. Brown played a mandolin solo and P. C. Jones spoke on “Roasting the Umpire.”

This first appearance of the team on the stage was vociferously applauded by an audience of 800 people. That same evening, at a “camp fire meeting,” the members of the team related their camping experiences.

Sunday morning, H. R. Tucker occupied the pulpit of the Free Baptist Church; G. F. Lane, the pulpit of the Baptist; P. C. Jones, the pulpit of the Congregational and P. A. Foster, the pulpit of the Berwick Methodist.

The members of the deputation team were H. R. Tucker, J. A. Manter, G. F. Lane, P. A. Foster, P. C. Jones, L. E. Brown, and H. Lindquist. The quartette consisted of Tucker, Manter, Lane, and Lindquist; the mandolin trio, Brown, Foster, and Lindquist; bass soloist, Manter.

HIS is the season of the year when you can pick up Bargains from broken lines from our entire store. Overcoats, Suits and Trousers, and in our Furnishing department, Caps, Sweaters, Underwear, and in our Shoe Department, high and low and medium cut Shoes and Slippers; in fact most any kind of footwear. Where lines are broken, prices will be reduced in proportion to the stock on hand.

We wish to call attention to the fact that we carry at all times right in stock, all sizes in Dress Suits for sale or to let, and patrons will find that our line of Suits to let is newer and more up to date than the majority of houses furnishing suits to let can offer. They are not as old and of course look a good deal nicer than the majority of to let suits. Prices right for what you get.

PROF. JAMES HOST.

On Thursday evening Prof. James Reed of the chemical faculty and senior electrical students gave a most enjoyable sleigh ride and lobster supper. The party left at 7:30 p.m. and went to Dover via Five Corners and Madbury. At Dover the eleven members of the party enjoyed a like number of lobsters following which the home trip was made over the regular Dover-Durham road.

CHAPEL.

At the convocation exercises, Wednesday February 7th, Mr. Frank French of Manchester addressed the students on "Wood Engraving and Portrait Painting." He outlined his career which began as a portrait painter, and also went somewhat into the details of wood engraving. The samples, which he had with him were of especial interest.

The Electrical department has made a number of improvements in the laboratories which not only improve their appearance but greatly facilitates the ease with which experiments may be carried on.

Miss Elizabeth Patee is visiting Dean and Mrs. C. H. Pettee at their home.

Would You Board a Dual Purpose Cow if you Could Get a Dairy Cow for the Same Money...

Wyandotte Cleaner and Cleanser is not a cut rate dairy cleaner, but does give you a double value at the same or often times a less price than you pay for the washing material you are now using.

How does it give you double value? Simply by doing all the cleaning that other washing materials do and all that others leave undone.

Most any washing material will clean milk, utensils, separators, churns, pans, bottles, etc., so that they look clean. But after using such materials if you give them the perm or bacteria at it will more often than not show that such containers contain sufficient bacteria to thoroughly seed with bacteria the whole of the new milk with which you subsequently fill them.

Apply the same test to these same containers after washing them with Wyandotte Dairyman's Cleaner and Cleanser, which has often been done, and the number of bacteria found is so small as to be almost negligible quantitatively.

The fewer the bacteria, the cleaner and the better the milk, consequently, milk worth more as milk, as butter, as cheese and for all food purposes.

That it pays to use Wyandotte Dairyman's Cleaner and Cleanser you have but to ask the Dairy Colleges or any one of the thousands of dairymen who use it, or better still—use it yourself.
