PRICE 5 CENTS

DELIVERS ADDRESS FOUNDER'S NIGHT

H. L. Boutwell Prominent Alumnus and Trustee

The first Founders' night celebration will take place in the chapel next Friday night when Hon. H. L. Boutwell will deliver an address upon "The Significance of the Land Grant College." In addition to this speech by one of the most prominent alumni of the college, the orchestra will render several selections and there will be New Hampshire songs and cheering. Mr. Boutwell's biography is briefly as follows:

Harvey L. Boutwell, '82, was born in Meredosia, Ill., April, 5, 1860 and when young was brought by his parents to Hopkinton, N. H., where he spent his boyhood and youth, receiving his early education in the district schools. He also attended the Hopkinton and Contocook Academies and was graduated from the New Hampshire College in 1882. Afterward he was engaged in teaching for several years, being principal of the grammar school at Claremont, N. H., in 1882-83, a teacher in the Boston Asylum and Farm School in 1884, and principal of the Eliot Evening School in Boston for ten years. In the meantime he took up the study of law, first with John Y. Mugridge at Concord, N. H., and subsequently in the office of Wilbur H. Powers of Boston, and was graduated from the Boston University Law School with the degree of L. L. B. cum laude in 1886, being admitted to the Suffolk bar in July of the same year. Since then he has successfully practised his profession in Boston, chiefly in civil causes. His principal criminal case was as counsel for John Ross, who was arraigned for the murder of John W. Willis on the 4th of July, 1895, at East Boston. As a lawyer and advocate he has achieved a high standing at the bar.

Mr. Boutwell is a resident of Malden, Mass., and for many years has been active in the affairs of that city. He was a member of the Malden Common Council in 1893 and 1894, being elected by the citizens' party. In politics, however, he is a strong Republican. He represented the Ninth Middlesex District in the lower house of the Massachusetts Legislature in 1895, 1896, 1897 and 1898, being the only man in that district who has held the office for four consecutive years. His work as a legislator has been conspicuous. In 1895 and 1896 he served as clerk of the committee on metropolitan affairs, and in the latter year was also a member of the committee on constitutional amendments and House chairman of the joint committee appointed to redistrict the Commonwealth into senatorial districts. His committee in 1895 reported and had charge of the bill which authorized the construction of the present subway in Boston, one of the greatest and most successful engineering enterprises ever attempted. Mr. Boutwell was one of the men who favored and voted for this great improvement, and its completion in September, 1898, has amply demonstrated the wisdom and foresight of

Continued on page 3

FOOTBALL SCHEDULE.

Well Balanced List of Games for Next Fall.

Gilbert F. Lane '13, manager of the college football team for next fall has already completed the schedule of games for the season. The list is well arranged, and without an exception, includes games with teams which are in the same class as New Hampshire.

There are new games with Norwich University, Tufts, Worcester Polytechnic Institute, and Lowell Textile. The customary games with Brown and Maine have been cancelled, because they were considered too hard games for New Hampshire to play. The season will end with the usual contest with Massachusetts in Manchester, Nov. 9. Of the seven dates now on the schedule, three will be played in Durham, and one in Manchester. At the present time, there is one open date, Sept. 28, which Manager Lane expects to fill within a short time. A game with St. Anselms College of Manchester had been arranged for this date, but was cancelled by the faculty athletic committee. The schedule is as follows: Sept. 21—Norwich University at Durham.

Sept. 28—Open.

Oct. 5—Bates at Lewiston, Me.

Oct. 12—Tufts at Medford, Mass.

Oct. 19—Worcester P. I. at Durham.

Oct. 26—Lowell Textile at Durham.

Nov. 2—Rhode Island at Kingston, R.I.

Nov. 9—Massachusetts at Manchester.

BASEBALL COACH LOOKS OVER MATERIAL.

Charles A. Bernier of Laconia, the baseball coach for the coming spring, spent Saturday, Sunday and Monday in college, witnessing the basketball game Saturday evening, and addressing the baseball candidates in the gymnasium, Monday afternoon. A large number of candidates listened to his remarks in regard to spring training. He will probably report to take active charge of the squad April 1.

PRIZES FOR TEN MEN.

The Davis prizes, given by T. J. Davis of Duluth, Wis., to the ten week students who rank highest in judging dairy cattle, were awarded the following: First, E. F. Kibbey of Newport, N. H.; second, Dana S. Gilpin of Westfield, Vt.; third, John Beattie of Guildhall, Vt.; fourth, B. Ross of Syracuse, N. H. Prof. Fred Rasmussen presided at the meeting, while Prof. Richard S. Whoriskey presented the medals.

PROFESSOR HONORED.

Professor Charles James spent Friday and Saturday of last week in New York where he attended the annual meeting of the American Chemical Society. He was there awarded the Nichols Medal for proficiency in chemistry which was won by a paper entitled "Some Rare Earth Compounds" which he presented at the last annual meeting of the society. He reviewed what has recently been accomplished with rare earths and explained the work that he is now carrying on at New Hampshire College.

REVIEW OF BASKETBALL.

Eight of the 12 Games Won.

A review of the basketball season shows that the greater percentage of the games played resulted in victories for New Hampshire. Of the 12 games, eight were won, and four lost. Only one defeat was received on the home court. Defeats were twice registered by the strong Rhode Island team, once by Brown, and once by Wesleyan. One creditable feature, however, of the game lost to Wesleyan is that New Hampshire scored more points on that team's home floor, than has been scored by any other five but one. Without doubt, Wesleyan has the strongest college quintet of the country. For the entire season, New Hampshire made a total of 360 points, as compared to her opponents 274.

For almost half of this number, Captain H. C. Holden's accurate shooting was responsible. He caged 60 baskets from the floor, and 31 from fouls. His average per game was 12.6 points. Jones '13 was a fair second with 44 baskets from the floor; H. Sanborn '13, third with 23; and Lowd '12, fourth, with ten. The other men credited with baskets are S. Sanborn '13 six; Watson '12, four; Came '15, four; Thompson '15; three and E. Sanborn 2 yr, '13, one. Came was second in the number of points from fouls, his total being 17, of which eight were shot in the Brown game. S. Sanborn '13, was third with two.

Of the seven men who made their letters this year, three will be lost by graduation in June; Captain Holden, '12 who has played for three years; Watson '12, and Lowd '12. Crosby '12, a member of the squad, will also leave. For the nucleus of next year's five, there remain Jones '13, H. Sanborn '13, S. Sanborn '13, Thompson '15, Came '15, and E. Sanborn, 2 yr '13. Four of these will be letter men, while the other two have participated in at least one varsity game this season. Considering the strong material which will be available, the prospects for another successful season are very encouraging.

The results of the season's play were as follows:

New Hampshire	38	M. I. T.	13
"	21	Dean	16
"	27	St. Anselms	21
"	30	Brown	35
"	17	Rhode Island	29
"	66	B. U. Law	13
"	19	Rhode Island	26
"	22	Andover	20
"	43	Alumni	14
"	31	Harvard Graduates	23
"	18	Wesleyan	56
"	28	Dean	18

Last Sunday afternoon H. R. Tucker, J. A. Manter, G. F. Lane, and H. H. Lindquist, the quartette of the Christian Association Deputation team sang at a men's meeting in the Orpheum Theatre, Dover, N. H.

Glen Loomis of Manchester, H., has changed from Tufts College to the Sophomore Class of New Hampshire College.

Henry F. Judkins recently spoke before the Sunapee public schools on "The Gypsy and Brown Tail Moth."

NEW EDITOR IN CHIEF.

At a meeting of the editorial staff of "The New Hampshire" held last Thursday, the resignation of Alan Leighton as editor in chief was accepted and H. R. Tucker '12 was elected to the position. A. E. Bartlett '15, R. E. Came '15, and H. C. Hill, '15 were added to the board.

FRESHMEN, THE WINNERS.

The Freshman five won the annual basketball game from the Sophomore team, Saturday evening in the gymnasium, by the score of 21 to 11. Due to the faculty ruling, all noise by means of iron pipes, horns and revolvers was abolished, and the two classes were seated on the floor of the gym, instead of the gallery. The game was tame compared to former years, but better to watch from a spectator's view point.

The game brought out the usual intense feeling between the two classes, and both sides were inclined to rough it up. However, Referee Killourhy called most of the fouls and kept the game well in hand. Thirty-three fouls were called, 19 on the freshmen and 14 on the sophomores.

The freshmen, strengthened by the playing of two of the varsity men, Came and Thompson, had the better team; but the sophomores made them work hard in order to win. The score at the end of the first half was 14 to 5, in favor of the entering class. The next half was more evenly contested. The freshmen scored 7 points to the sophomores 6. The former scored on two baskets from the floor and three fouls, while the latter shot three baskets.

Thompson, Came, Reed, and Fernald caged all the points for their team, the former leading with four baskets. Brackett and Annis excelled for the losers. The summary:

1915	1914
Fernald rf	lg Sellers (Annis)
Reed (Watson) lf	rg O'Connor
Elliott c	c Arthur (Reardon)
Thompson rg	lf Annis (Sellers)
Came lg	rf Brackett
Score—1915, 21; 1914, 11. Goals from the floor, Thompson 4; Reed 2; Rernald 2; Brackett, 3; Reardon. Goals from fouls, Came 5; Sellers 2. Referee Killourhy. Timer Reynolds. Scorer Warner. Time 2 .20-minute periods.	

PROFESSOR BROWN SPEAKS.

One of the most unusual and interesting addresses of the year was given by Prof. Henry W. Brown of New Hampton Literary Institute last Sunday at the meeting of the Christian Association. The professor took for his subject, "The First Chapter of Genesis according to Science." one upon which his extensive studies enabled him to speak convincingly.

TWO ENGAGEMENTS.

The college orchestra filled two engagements last Friday evening. Catlin '12, Annis '14, Bartlett '15, and Emerson '15 played at the prize speaking contest, held at Sanborn Seminary, Kingston, N. H.; while Towle '13, Lovell '12, Sanborn '13, Dresser '14, Broggini '15, and Weigel 2 year. '13, furnished the music for a concert and ball of a popular organization of New Durham, N. H.

EDITOR LEIGHTON RESIGNS.

It is with regret that the resignation of Editor-in-Chief Alan Leighton has been received. He has been keenly interested in college news publication during his entire course, and has worked ardently for the old "College Monthly" and for this sheet. With a natural eye for news, descended to him from his father he has spent hours of time ferreting out items of interest to those who have read these two college papers. The New Hampshire wishes him the best of success in his future efforts.

BASKETBALL CAPTAIN.

At a meeting of the college basketball team, held in Exeter, Saturday afternoon, on the occasion of the team's picture, P. C. Jones '13 was unanimously elected captain of next season's team. This makes the second time, he has been elected to lead a New Hampshire team. He is also captain of next year's football team.

Since coming to New Hampshire, he has had an enviable record as an athlete. He has made his letters three years in football, two years in basketball, two years in baseball, and has been a member of the track squad. His all around playing as forward of the basketball team this season made him the natural choice for next year's leader.

"CHEM. FRAT" INITIATION.

At the regular meeting of the Alpha Chi Sigma held in Conant Hall, March 8th, H. C. Holden '12, H. M. Eastman '14 and G. L. Ham '14 were initiated. Following the initiation a lunch and smoke talk was enjoyed.

G. W. FOWLER SPEAKS.

George W. Fowler, managing editor of the Manchester Union, spoke in chapel last Wednesday about the constitution of New Hampshire and its revision by the convention which is to be held next June. His exposition was exceedingly clear and his remarks were such as to give the students a vivid picture of the metamorphosis of the state constitution since its adoption.

Henry M. Shubert, 2 yr. '04, of the farm and grounds at Moses Brown School, Providence, R. I., who formerly had charge of the grounds of Mary Baker Eddy's home at Chestnut Hills, Mass., is writing an article giving his experiences while there in her employ.

ON THE POPULARITY OF DRILL.

The following questions were propounded recently to 44 instructors and professors of the faculty:

1. Are you in favor of the military system of instruction and training here?
2. If so, upon what grounds do you favor it?
3. If opposed, what are your grounds of opposition?
4. If the abolition of the Military Department could be brought about without the loss by the college of the Government appropriation, would you still favor the retention of the department?

5. Would you be in favor of making the college wholly military in organization and discipline, i. e., to have all the male students live and eat in dormitories, under a military organization and system of meals, study, and recreation hours, the various departments to have full control over their courses as present, but all discipline to be maintained on a military basis, with the students always in uniform while in college, and all the penalties for infringements to be awarded by the Commandant except those involving suspensions or expulsion, the latter to be handled as at present?

These questions were answered by twenty-six men as follows:

Question 1, affirmative, 25; negative 1.

Question 2, thirteen think it good for discipline; five think it good for educational training; twelve think it good for exercise; five think it good for use in war.

Question 3, one thinks it a waste of time.

Question 4, affirmative, 22, negative three.

Question 5, affirmative four; negative twenty.

The affirmatives are supported by one vote favorable, but doubtful. The prevailing affirmative idea is that the logical carrying out of military training to produce the best value of it for all all concerned, is here embodied. The overwhelming negative opinion is against limiting of individual freedom, but two fear a decrease of attendance at college, two think army officers unable to enforce discipline (can a duck swim?) and one is opposed to "militarism" whatever that may be.

Geo. Edgerly.

SOCIALISM.

Last Thursday afternoon Professor G. R. Wicker of Dartmouth College addressed an appreciative audience of 250 on "Socialism." His discourse was exceedingly concise and such as to give to all a clear understanding of the real significance of socialism, defined in its true sense.

LONDON ENGINEER.

"The London Engineer," a high grade English scientific periodical, in a recent issue published a criticism of Prof. Cardullo's book, "Thermodynamics," in which the author's statements were heartily confirmed.

B. F. Proud '11, physical director of the Bortentown Military Institute, was a recent visitor to the college.

Carl D. Kennedy '09, on his recent return from an extensive trip to Ecuador, spent a few days at the Kappa Sigma house.

The state entomological department, under the direction of W. C. O'Kane has begun a series of experiments with the breeding of the gypsy moth disease, which will necessitate the rearing of between one and two million caterpillars.

WHY YOU SHOULD INSURE IN
THE MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY OF SPRINGFIELD, MASSACHUSETTS.

Because it's a purely MUTUAL COMPANY—and pays dividends ANNUALLY to its policyholders, (Not to stockholders, because we have none.) It's premium rates are low—it's dividends are very large, and its surrender values are extremely liberal—in fact it's "Peerless." Paid up values, cash surrender values, and extended insurance guaranteed after two years premiums have been paid.

It's assets are of the highest class, and its surplus is ample for all contingencies.

Write us, giving date of birth and kind of policy desired, and we will forward a Specimen Policy for your inspection.

Concluded from page 1

himself and his committee. In 1896 he took an active part in redistricting the Commonwealth, and the maps and report of his committee were adopted without change. In 1897 he was House chairman of the committee on manufacturers, which had charge of the vast gas interests, and in this capacity he opposed the Commonwealth gas bill on the ground that it would, if adopted, make possible the consolidation of all gas companies in Massachusetts and therefore create a monopoly. His committee recommended the measure, but he strenuously opposed it, being recorded as dissenting from the report. The bill was rejected by a very large majority. In 1898 he was House chairman of the same committee, the second member of the committee on insurance, and a member of the committee from Massachusetts appointed to assist in the dedication of the soldiers' monument at Antietam, Md., September 17, 1898. During this term he reported from the insurance committee the present act for the revision and codification of all the laws in the Commonwealth relating to fraternal insurance, and also drafted, reported, and carried through a resolve directing the Metropolitan Gas Commissioners to devise and report a plan of consolidation or combination of all gas companies doing business in Boston. This action was approved by the gas commission. During his four terms in the Legislature Mr. Boutwell has taken a leading part in both committee work and debate, and by his ability and industry has won the respect and confidence of all parties.

He was president of the Malden Deliberative Assembly in 1890 and of the College Alumni Association in 1888, and is still a member of those bodies. He was a representative to the Supreme Commandery of the Golden Cross in 1891 and 1892, and is a member of that order, of the Odd Fellows, of the Sons of Veterans, and of the Ancient Order of United Workmen. In June 1898, he was elected by the alumni of the Boston University Law School as honorary vice president of the Convocation (the governing body) of Boston University.

Mr. Boutwell was married on the 28th of December, 1886, to Miss Nellie C. Booth, of Norwich, Vt. They have two children: Louis Evans and Robert Dewey.

His father, Eli A. Boutwell, was a member of the legislative committee on New Hampshire College in 1879. His brother, Arthur J. Boutwell, was a member of the New Hampshire Senate during the last session. He was elected City Solicitor of Malden in 1907 and has since held that office. He is a member of the Boston City Club, Middlesex Club Republican Club of Massachusetts and the University Club of Malden, a member of the Congressional Committee of the Seventh Massachusetts Congressional District, a trustee of the Faulkner Methodist Episcopal Church of Malden, a member of the Board of Managers of the Industrial Aid Society of Malden and has been interested and active in the work of very many societies and organizations. He is a member of the bar of the United States District Court, United States District Court of Appeals and the United States Supreme Court. He served as a member of the Visiting Committee of the Alumni Association for two years. He was elected as the second Alumni Trustee last fall and he is devoting much time and thought to the future welfare of New Hampshire college.

The date of the two-year graduation has been announced as April 17.

A REAL SANITARY CLEANSER.

No imitation of a sanitary cleaner in a dairy can take the place of a real sanitary dairy cleaner. When it comes to protecting the milk from the dangerous enemy, bacteria, and toward warding off contamination by odors and germs, nothing can give the same assurance as a real sanitary dairy cleaner.

has created a place for itself in every dairy, whether large or small, for it is the only cleaner which is both sanitary in composition and sanitary in its cleaning.

Each particle of Wyandotte Dairyman's Cleaner and Cleanser is cleansing. You can depend upon it to clean thoroughly without a trace of injury to the surface to which it is applied. Nor will it leave a slight film of grease or caustic as do soaps, soap powders, sal soda and lye. It is sanitary in every respect.

You buy Wyandotte Dairyman's Cleaner and Cleanser knowing that it has no substitutes. No other cleaner will satisfy after you have once become used to the clean, wholesome conditions so easily attained with its use.

You take the initial step, ask your dealer for a sack or write your supply house for a barrel; we will do our part by guaranteeing complete satisfaction.
