DELIVERIES ADDRESS
FOUNDER'S NIGHT
H. L. Boutwell Prominent Alumnus and Trustee

The first Founders’ night celebration will take place in the chapel next Friday night when Hon. H. L. Boutwell will deliver an address upon "The Significance of Land Grant Colleges." In addition to this speech by one of the most prominent alumni of the college, the orchestra will render several selections and there will be New Hampshire songs and cheering. Mr. Boutwell’s biography is briefly as follows:

He was born in Meredith, N. H., April 5, 1860 and when young was brought by his parents to Hopkinton, N. H., where he spent his boyhood and youth, receiving his early education in the district schools. He also attended the Hopkinton and Concord Normal Academies and was graduated from the New Hampshire College in 1882. Afterward he was engaged in teaching, being afterward principal of the grammar school at Claremont, N. H., in 1882-83, a teacher in the Boston Asylum and Farm School, 1884, and principal of the Eliot evening School in Boston for ten years. In the meantime he took up the law and was first with John Y. Mugridge at Concord, N. H., and subsequently in the offices of Wilbur H. Powers of Boston, and was graduated from the University Law School with the degree of L. L. B. in 1886, being admitted to the bar of New Hampshire in 1887. Since then he has successfully practiced his profession in Boston, chiefly in civil cases, his trial work being responsible. He has made 45 baskets from the floor, and 31 from fouls. His average per game was 12.4 points. Jones ’13 was a fair second with 44 baskets from the floor; H. Sanborn ’13, third with 23; and Lowd ’12, second with 21. The other men credited with baskets are S. Sanborn ’13 six; Watson ’12 four; Came ’15 four; Thompson ’15, third with E. Sanborn 2 yr. 7 th, one. Came was second in number of points from fouls, his total being 17, of which eight were shot in the Brown game, S. Sanborn ’13, third with two.

Eight of the 12 Games Won.

A review of the basketball season shows that the greater percentage of the games played resulted in victories for New Hampshire. Of the 12 games, eight were won, and four lost. Only one was received on the home court. Deataks were twice registered by the strong Rhode Island team, once by Brown, and once by Wesleyan. One creditable feature, however, of the games lost to Wesleyan is that New Hampshire scored more points on that team’s home floor, than has been scored by any other five but one. Without doubt, Wesleyan has the strongest college quintet of the country. For the entire season, New Hampshire made a total of 390 points, as compared to her opponents 274.

For almost half of this number Captains H. C. Holden’s accurate shooting was responsible. He made 14 baskets from the floor, and 31 from fouls. His average per game was 12.4 points. Jones ’13 was a fair second with 44 baskets from the floor; H. Sanborn ’13, third with 23; and Lowd ’12, second with 21. The other men credited with baskets are S. Sanborn ’13 six; Watson ’12 four; Came ’15 four; Thompson ’15, third with E. Sanborn 2 yr. 7 th, one. Came was second in number of points from fouls, his total being 17, of which eight were shot in the Brown game, S. Sanborn ’13, third with two.

Of the seven men who made their last season this three, there will be three less in our squad, one less in the graduation in June; Captain Holden, ’12 who has played for three years; Watson ’10 and Lowd ’12. Crosby ’12, a member of the squad, will also leave. For the nucleus of next year’s five, there remain Jones ’13, H. Sanborn ’15, S. Sanborn ’13, Thompson ’15, Came ’15, and E. Sanborn, 2 yr. 7 th. Four of these will be better men, while the other two have participated in at least one varsity game this season. Considering the strong material which will be available, the prospects for another successful season are very encouraging.

The results of the season’s play were as follows:

New Hampshire 36

M. T. 1

Dean 15

Brown 25

Tufts 11

New Haven 15

Andover 9

Came 15

PROFESSOR BROWN SPEAKS.

One of the most unusual and interesting addresses of the year was given by Prof. Henry W. Brown of New Hampshire Literary Institute last Sunday at the meeting of the Christian Association. The professor took for his subject, “The First Chapter of Genesis according to Science.” One upon which his extensive studies enabled him to speak convincingly.

TWO ENGAGEMENTS.

The college orchestra filled two engagements last Friday evening. Catlin ’12, Andrew H. Foster and Tucker, ’12 played at the prize speaking contest, held at Sanborn Seminary, King’s, N. H.; while Towle ’13, Lovell ’12, Sanborn ’13, Dresner ’14, Bruggini ’15, and Weigle 2 yr. ’13, furnished the music for a concert and ball of a popular organization of New Durham, N. H.

WHY SHOULD INSURE IN THE MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY OF SPRINGFIELD, MASSACHUSETTS.

Because our MUTUAL COMPANY pays dividends ANNUALLY to its policyholders. Not to stockholders, because our stockholders are not profiting, but the policyholders, instead of a hand out, receive dividends that increase with every premium paid and the longer the policy is in force. All dividends are paid in cash. There are no surplus values. Payout values, surrender values, and extended insurance guaranteed after five years premiums have been paid.

Times are the highest class, and it’s a matter of pride with us to write policies that have ample security. Write us, giving date of birth and kind of policy desired, and we will forward a specification and policy form.

Concluded from page 1

himself and his committee. In 1896 he took an active part in redistricting the Commonwealth, and the maps and report of his committee were adopted without change. In 1897 he was House chairman of the committee on manu-

factures, which had charge of the vast gas interests, and in that capacity he opposed the Commonwealth gas bill on the ground that it would, if adopted, make possible the consolidation of all gas companies in Massachusetts and therefore create a monopoly. His committee recommended the measure, but he strenuously opposed it, being recorded as dissenting from the report. The bill was rejected by a very large majority. In 1898 he was House chair-

man of the same committee, the second member of the committee on insurance, and a member of the committee from Massachusetts appointed to assist in the delibera-
tions of the soldiers' monument at Antietam, Md., September 17, 1862. During this term he reported from the insurance committee the present act for the revision and codification of all the laws in the Commonwealth relating to fraternal insurance, and also drafted, reported, and carried through a resolution directing the Metropolitan Gas Commissi-
opers to devise and report a plan of consolidation or combination of all gas companies doing business in Boston. This action was approved by the gas commission. During his four terms in the Legislature Mr. Boutwell has taken a leading part in both committee work and debate, and by his ability and in-
uisity has won the respect and confidence of all parties.

He was president of the Malden Delibera-
tive Assembly in 1880 and of the College Alumni Association in 1888, and is still a member of those bodies. He was a representative to the Supreme Commandery of the Golden Cross in 1891 and 1892, and a member of that order, of the Odd Fellows, of the Sons of Veterans, and of the Ancient Order of United Workmen. In June 1898, he was elected by the alumni of the Boston Uni-

versity Law School as honorary vice-

president of the Convocation (the gov-
erning body) of Boston University.

Mr. Boutwell was married, on the 28th of December, 1886, to Miss Nellie C. Booth, of Norwich, Vt. They have two children: Louis Evans and Robert Dewey.

His father, Eli A. Boutwell, was a member of the legislative committee on New Hampshire College in 1870. His brother, Arthur J. Boutwell, was a member of the New Hampshire Senate during the last session. He was elected City Solicitor of Malden in 1907 and has since held that office. He is a member of the Boston City Club, Middletown Club Republican Club of Massachusetts and the University Club of Malden, a member of the Congressional Committee of the Seventh Massachusetts Congression-
al District, a trustee of the Faulkner Methodist Episcopal Church of Malden, a member of the Board of Directors of the Industrial Aid Society of Malden and has been interested and active in the work of very many societies and organiza-

tions. He is a member of the bar of the United States District Court, United States District Court of Appeals and the United States Supreme Court. He has served as a member of the Visiting Committee of the Alumni Association of New Hampshire College for two years. He was elected a member of the Alumni Executive Committee last fall and he is devoting much time and thought to the future welfare of New Hampshire college.

The date of the two-year graduation has been announced as April 17.

ODDS AND ENDS.

Dairy Day will be held March 27.

The regular meeting of Casque and Casket was held Monday evening at the Gamma Theta house.

Last Wednesday night Prof. W. C. O'Kane spoke before the Portsmouth Board of Trade on "The Care of Shade Trees in Cities."

Director Kendall has received an invitation to attend a dinner to be given by the Boston Chamber of Commerce March 7 to observe "New England Agricultural Day."

The Horticultural department has recently received a shipment of nursery stocks from the Shenandoah Nursery in Iowa. There consist of seedling apples, pears and plums for use in laboratory practice in grafting and propagation.

Oscar Huse, ex '12 and recently of Penn. State where he was student sanitant Y. M. C. A. Secretary, has returned to New Hampshire and will graduate with the '12 class.

The artistic display of wooden patterns in the show room of the college work-shop, made by the freshmen engineers, in the last semester, are fine samples of the pattern makers' art, and show what can be accomplished by these students with only the few weeks of instruction which they have received.

Pres. Gibbs, Director Kendall and Prof. Taylor attended the winter meeting of the State Board of Agriculture in Conway recently. Director Kendall spoke on "The Extension Work of the Experiment Station and its Expected Results." Prof. Taylor on "Sources of Fertility and Pres. Gibbs on "The State College."

Director Kendall attended a meeting of the Directors of New England Ex- periment Stations at Springfield, Mass., recently. Chemist Curry was also in attendance at the meeting.

A REAL SANITARY CLEANER.

No imitation of a sanitary cleaner in a diary can take the place of a real sanitary dairy cleaner. When it comes to protecting the milk from the dangerous enemy, bacteria, and toward warding off contamination by odors and germs, nothing can give the same assurance as a real sanitary dairy cleaner.

Wyandotte Dairyman's Cleaner and Cleanser has created a place for itself in every dairy, whether large or small, for it is the only cleaner which is both sanitary in composition and sanitary in its cleaning.

Each particle of Wyandotte Dairyman's Cleaner and Cleanser is cleansing. You can depend upon it to clean thoroughly without a trace of injury to the surface to which it is applied. Nor will it leave a slight film of grease or caustic as do soaps, soap powders, sal soda and lye. It is sanitary in every respect.

You buy Wyandotte Dairyman's Cleaner and Cleanser knowing that it has no substitutes. No other cleaner will satisfy after you have once become used to the clean, wholesome conditions so easily attained with its use.

You take the initial step, ask your dealer for a sack or write your supply house for a barrel; we will do our part by guaranteeing complete satisfaction.
