THE BASEBALL SCHEDULE FILLED

Fourteen Games on the List.

Manager Paul D. Buckminster of the baseball team for the coming spring has announced the following schedule of games. The list is very well arranged and includes games with some of the strongest college teams in New England. There are 14 games in all, of which number only four will be played in Durham. There is a possibility, however, that another match will be arranged to be played in Durham with Middlebury College, during the first part of May. The schedule with Springfield Training and Dean Academy.

The schedule is as follows:
April 19, Dean Academy at Franklin, Mass.
April 20, Rhode Island at Kingston, R.I.
April 23, Norwich University at Northfield, Vt.
April 24, University of Vermont at Burlington, Vt.
April 25, Middlebury at Middlebury, Vt.
April 27, Boston College at Durham, N. H.
May 2, Port McKinley at Portland, Me.
May 3, University of Maine at Orono, Me.
May 4, Bates at Lewiston, Me.
May 11, Phillips Andover as Andover, Mass.
May 15, Bates at Durham, N. H.
May 17, Springfield Training School at Durham, N. H.
May 22, Phillips Exeter at Exeter, N. H.
June 11, Class Day: Senior-Faculty, A. M.; Sophomore and Freshman P. M.

CARROLL S. ADAMS SUCCESSFUL

Chosen as Varsity Basketball Manager for next Season.

The selection of Carroll S. Adams '13 of Marlborough, N. H., as the successful candidate for the position of manager of the varsity basketball team next season, was announced by President Theodore Roosevelt, which was delivered to him on the train at South Lawrence, Mass. "I will speak to the students of the New Hampshire State College from the train as you pass through this morning!" (Signed) W. D. Gibbs, Pres.

While on his way from Boston to New York, President Theodore Roosevelt, made a brief stop of two minutes in Durham and addressed the entire student body, members of the faculty, and townspeople from the steps of the Pullman car, as titled to the forward end of the 10:30 train out of Durham to Dover. Saturday morning, about nine o'clock, Prof. W. D. Gibbs sent the following telegram to Col. Theodore Roosevelt, which was delivered to him on the train at South Lawrence, Mass. "I will speak to the students of the New Hampshire State College from the train as you pass through this morning!" (Signed) W. D. Gibbs, Pres.

At 10:30 the crowd began to pour out of the class rooms, and a few minutes later, there were fully 500 people collected at the station. Pres. Gibbs, in the meanwhile, had not received an answer to his telegram, and there was some doubt as to whether "Teddy R." had received it. This doubt was quickly dispelled however, when the 10:36 came steaming into Durham, with Col. Roosevelt standing in the vestibule of the train, and the professors were instructed to dismiss the 10-11 o'clock classes as ordered.

SENIORS 17, FACULTY 16

Seniors Win in Last Minute of Play.

For hair-raising incidents, excitement, and basketball of a general order, the Senior-Faculty game of last Wednesday is unlikely to be surpassed. The team was in the lead 11 to 4 when the whistle blew. But in the second half the faculty "came back strong," and soon had the score three in their favor. Play was quick and fast and not without some roughhousing. After being knocked down by both teams the faculty tried shadow boxing, and then later the seniors scored twice, bringing the score to 17. The seniors then turned the lead back to the faculty. But this did not last long, and the faculty long-shot, Prof. Perley, let loose one of his heaves and the ball was in the air longer than he had hoped. Again the seniors "came back strong," and with a minute and a half to play it seemed safe to wager that the Faculty would win, but "Bill" Skinner of the Seniors had another idea. He also made four goals, The manner in which Mr. Whitemore guarded his man in the second half was consummately good. He kept him safely within the hook of his arm all the time. The other feature of his play was a diving tackle and slide for home plate in the first half. As for Mr. Stock and Mr. Judkins, both played well and were every minute in the game.

CONCORD CLUB.

The usual monthly meeting of the Concord Club was held last Wednesday night. Plans for entertaining Concord High School men at the coming declamation contest and intercollegiate meet were discussed, as was also, an annual banquet for the club, to come the latter part of May.

BULLETIN.

Wednesday—7:00 p.m. Olea Club rehearsal at College Club
Thursday—4:10 p.m. Lecture on "Lord Tax" by Mr. Fellebrown of Bos­ton, Pres. of the Single Tax League, 8:00 p.m. Intercompany gymnastics meet.
Friday—Boston octette at Thompson Hall.

EXTENSION WORK.

To show the enthusiastic way in which the Agricultural Reading Courses, which were instituted this winter, are being received by the people of the state, the following quotation is taken from one of the many letters received expressing satisfaction with them.

"I think they are grand, and very in­structive. Have learned more since taking up this course, than I have found out in two years previous reading from farm papers, The which I take a dozen."

There are at present over 200 people taking these courses which are conduct­ed by the various professors of the ag­ricultural department. Another indication of the increasing interest of the people in the work of the college is the fact that 1200 names have been added to the bulletin mailing list since last fall.

Among the columnists and bulletin recently issued by the Extension Ser­vices are the following: "Yard Trees of Mangels (grown on the College Farm, by C. W. Stone); Control of San Jose Scale and the Blister Mite," by Prof. W. C. O'Kane; and Analyzing Sol's for Fertilizer Needs," by Prof F. W. Taylor.

PROBABLE DATE FOR SPRING HOUSE PARTY.

The dates, May 17, 18, and 19th, have been proposed for the occasion of the annual fraternity spring house par­ties. Present indications point toward the selection of these dates by Casque and Casket. There will be numerous attractions for the fair visitors, pro­viding the house parties are held on the above mentioned dates. New Hamp­shire plays Springfield Training School Friday afternoon, May 17, in Durham; that evening, Casque and Casket will probably run an informal dance in the gymnasium; Saturday afternoon, the college will be held; Saturday evening, the fraternity will hold private dances of their own, and Sunday will probably be spent on a picnic down by the bay.

M. E. AND E. E. TRIP.

The Mechanical and Electrical En­gineering departments are planning a trip to take a trip during the spring vacation. The students under Prof P. E. Cardillo will visit Boston, Fall River, and Quincy Mass., and Providence, R. I. Those under Prof. Putnam, while they will start with the others, will proceed into New York state and inspect plants in Schenectady. At the present time, it has not been decided as to how many will take the trips, but it is probable that a good percentage of both depart­ments will go.

E. R. Gray 2yr. '12 has accepted a position in market gardening work at North Andover, Mass.

R. W. Randall '07 is associated with the engine house department of the Hudson Light and Power Co., Cleveland, Ohio.

DE LAVAL CREAM SEPARATOR

New Automatic Oiling

The most important Cream Separator improvement since the introduction of the present type of De Laval machines.

The new automatic oiling De Laval Cream Separators are now being supplied in all sizes, and this improvement constitutes another great step forward in cream separator construction — the one thing possible in betterment of the present De Laval machines of the present type.

The new system of De Laval automatic oiling is distinctly different from any other splash or spray system in that there is a constant regulated feed of fresh oil and discharge of used oil. Other splash systems use the same oil over and over, until it soon does more harm than good.

In the new automatically oiled De Laval machines, all gears, shafts and bearings practically float in a mist-like spray of oil and literally never touch each other during their operation.

De Laval agents will be glad to exhibit the new machines and demonstrate the working of the new automatic oiling system, which more than ever enhances De Laval superiority in every feature of cream separator practicability.

PRELIMINARIES OF INTER-COMPANY MEET.

Finals To Be Held Thursday.

The trials for the inter-company indoor meet were held Monday during the drill period. With the exception of the real races, each company qualified about the same number of men for the finals, which will be held Thursday evening.

In the fourth, six and 11 lap relay races, Co. A qualified in all three events, while Co. C qualified in the six lap, and D in the four and 11 lap. For the 600 yard and 1000 yard runs, the pole vault and high jump, Co. D and Co. C qualified 5 men each, and Co. B and Co. A four men each.

The results of the trials were as follow:

The following men qualified for the finals in the pole vault: Ham, Co. C; Welch, Co. C; T. A. Davis, Co. B; Pinkham, Co. C.

The following are left in the high jump: Ham, Co. C; Blodgett, Co. D; Hadley, Co. B; C. W. Davis, Co. A.

Relay teams which won their races Monday will compete against each other in the finals Thursday. The men who made places in the 600 and 1000 yard run, are also let for the finals.

The program Thursday evening will start promptly at 7,30 o'clock, and the events will be run in the following order. The contestants should notice the order, as there will be no change made the night of the meet.

Order of events: Butts manual by squads with music; 25 yard dash; calisthenic and dumbell exercises with music; individual apparatus work; shot put; running high jump; pole vault; 4 lap relay; 1000 yard run; 11 lap relay.

The following are the officials: referee, Reynolds; starter, Tucker; timers, Prof. Taylor, Whoriskey and Davis; measurers, Captains Leighton, Morgan, Berry, and Lieuts. Crosby, Jolynn, Rogers and Andrews; judges, G. L. Atwood of Manchester, Prof. H. Sweet of Exeter, and Capt. Evans D. Murphy of the 1904 U. S. Infantry, announcer, Lieut. Twomey; clerk of course, Capt. Holden; assistant clerks of course, lieuts. Castlin, Keayes, and Bennett.

A. E. E. MEETING.

At the meeting of the A. E. E. last Monday evening, Prof. C. H. Peabody of M. I. T. gave a most interesting lecture on the subject, "Some Types of Ships, Ancient and Modern." Mr. Peabody is professor of Naval Architecture and Marine Engineering at M. I. T. and is an authority on this subject. The lecture was illustrated with pictures of vessels, ranging from the ancient Roman galleys to the huge warships of the present day.
