THE BASEBALL SCHEDULE FILLED

Fourteen Games on the List.

Manager Paul D. Buckminster of the baseball team for the coming spring has announced the following schedule of games. The list is very well arranged and includes games with some of the strongest college teams in New England.

There are 14 games in all, of which number only four will be played in Durham. There is a possibility, however, that another match will be arranged to be played in Durham with Middlebury College, during the first part of May. New games appear on the schedule with Springfield Training and Dean Academy.

The team will take two extended trips: one up to Vermont and the other down to Maine. On the Vermont trip, which occurs April 23-25 inclusively, the nine will meet Norwich, University of Vermont and Middlebury; while on the Maine trip, which takes place May 2-4 inclusively, the team will play Fort McKinley, University of Maine and Bates.

The schedule is as follows:-

- April 19, Dean Academy at Franklin, Mass.
- April 20, Rhode Island at Kingston, R. I.
- April 23, Norwich University at Northfield, Vt.
- April 24, University of Vermont at Burlington, Vt.
- April 25, Middlebury at Middlebury, Vt.
- April 27, Boston College at Durham, N. H.
- May 2, Fort McKinley at Portland, Me.
- May 3, University of Maine at Orono, Me.
- May 4, Bates at Lewiston, Me.
- May 8, Phillips Andover at Andover, Mass.
- May 15, Bates at Durham, N. H.
- May 17, Springfield Training School at Durham, N. H.
- May 22, Phillips Exeter at Exeter, N. H.
- June 11, Class Day: Senior-Faculty, A. M., Sophomore and Freshman P. M.

CLASS PARTS ASSIGNED.

On Tuesday and Wednesday of last week meetings of the Senior class were held at noon. At the former, the matter of caps and gowns was discussed and the suggestions of the committee accepted and adopted. Elections of men to make the class day addresses were held at the Wednesday meeting, and are as follows: Address of Welcome, Class President H. R. Tucker; Class Will, H. C. Holden; Class History, P. D. Buckminster; Address to Faculty and Undergraduates, O. E. Huse; F. G. Fisher was elected marshal.

The matter of Ivy day ceremony was voted upon in the affirmative, and upon motion the following committee was appointed to have charge of the arrangements: J. A. Manter, Miss F. V. Cole, P. R. Crosby.

CARROLL S. ADAMS SUCCESSFUL.

Chosen as Varsity Basketball Manager for next Season.

Carroll S. Adams '13 of Marlborough, N. H., is the successful candidate for the position of manager of the varsity basketball team next season. His election was announced this last week by the special committee of the athletic association on elections. Since entering college, he has made a reputation as a ball player, pitching two years on his class team, and being a member of the base ball squad last season. Last year, he held Tufts to a small number of hits and lost the game only by the score of 2 to 1. His election is a popular one. He belongs to the Z. E. Z. fraternity.

INTER-CLASS MEET DATE.

The executive committee of the Athletic association has announced that the annual inter-class games will be held on the oval May 18.

LECTURE COURSE NUMBER.

Chairman Whoriskey of the Lecture Course Committee announces that on Friday evening March 29 the Boston Oetette will appear in Thompson Hall. COL. ROOSEVELT SPEAKS IN DURHAM

Addresses Large Crowd From Train.

While on his way from Boston to Portland last Saturday morning, Ex-President Theodore Roosevelt, made a brief stop of two minutes in Durham and addressed the entire student body, members of the faculty, and townspeople from the steps of the Pullman car, attached to the forward end of the 10.36 train out of Durham to Dover.

Saturday morning, about nine o'clock Pres. W. D. Gibbs sent the following telegram to Col. Theodore Roosevelt, which was delivered to him on the train at South Lawrence, Mass: "Will you speak to the students of the New Hampshire State College from the train as you pass through this morning?" (Signed) W. D. Gibbs, Pres.

Notice was immediately placed on the bulletin board that Mr. Roosevelt would speak that morning from the 10.36 train, and the professors were instructed to dismiss the 10-11 o'clock classes at 10.30 o'clock.

At 10.30 the crowd began to pour out of the class rooms; and a few minutes later, there were fully 500 people collected at the station. Pres. Gibbs, in the meanwhile, had not received an answer to his telegram, and there was some doubt as to whether "Teddy R." had received it. This doubt was quickly dispelled however, when the 10.36 came steaming into Durham, with Col. Roosevelt standing in the vestibule of the Pullman, attached to the forward end of the train.

The crowd had expected Mr. Roosevelt to be on the rear car, and had collected at the end of the station near the bridge. There was a wild scramble for the forward end of the train, when Col. Roosevelt was seen in the vestibule and cries of "Speech" were heard.

Fully a minute was wasted by the crowd in running from the rear to the front end of the train. When it collected in front of the car, bearing Col. Roosevelt, the latter from the car steps had only time to say,

"Friends, it is a great pleasure to meet you and I have only time to say good luck and good bye."

The train started to move as the last words were uttered.

A number of the student body and faculty travelled by the same train, which carried the ex-president, to Dover, where Mr. Roosevelt's first speech of length on his New England trip was made to a large crowd assembled at the station. The train was held long enough for Col. Roosevelt to leave his car and speak from an automobile which was drawn up near the train.

On the trip from Boston to Dover Col. Roosevelt was cheered by crowds at several stations.

In his address he said in part: "It seems to me that what I preach, you in New Hampshire are actually practising under Gov. Bass. All that the progressive movement means is to apply courage, honesty, and common

SENIORS 17, FACULTY 16

Seniors Win in Last Minute of Play.

For hair-raising incidents, excitement, and basketball of a general order, the Senior-Faculty game of last Wednesday would be hard to equal. Football rushes, flying tackles, wrestling clinches, track team springs, shot putting heaves, sliding bases, and straight basket ball all had their share in the evening's entertainment. The seniors won 17 to 16.

"Billy" Skinner of the Seniors had his shooting eye with him, and whenever left uncovered long enough, tossed the ball thro the rim. His total was six baskets for the game. In the football section "Gorham" Sawyer at center for the Seniors excelled all others, but John Robinson was a close second; while the part of the human spider was ably taken by John Bachelder.

Prof. Perley proved that he could juggle the basketball as well as chemicals and through his remarkable one hand heaves succeeded in precipitating the ball four times within the goal. Mr. Hitchcock really showed some of the form he displayed when a few seasons ago he played here on the team from Worcester Tech., which took an extra period to decide the game. He also made four goals. The manner in which Mr. Whitmore guarded his man in the second half was unusually good; he kept him safely within the hook of his arm all the time. The other feature of his play was a diving tackle and slide for home plate in the first half. As for Mr. Steck and Mr. Judkins, both played well and were every minute in the game.

The first half was one in which the 1912 men played their best and were in the lead 11 to 4 when the whistle blew. But in the second half the faculty "came back strong," and soon had the score three in their favor. Play waxed fast and not over gentle. John Bachelder tried shadow boxing, and then later the seniors scored twice, bringing themselves once more into the lead. Again the faculty long-shot, Prof. Perley, let loose one of his heaves and caged the ball. With a minute and a half to play it seemed safe to wager that the Faculty would win, but "Bill" Skinner got free for a moment and scored. Then did the instructing department work for a final chance and just at the whistle blew Prof. Perley once again made a long shot which rolled around the rim and dropped off outside.

The score:

Seniors	Faculty.
Skinner lf	rg Hitchcock.
Berry (capt) Robinson rf.	lg Steck.
Sawyer c	c Judkins
Phillips lg.	rf. Whittemore.
Bachelder, Hadley rg.	lf. Perley.

Score: Seniors 17, Faculty 16, Goals from the floor: Skinner 6, Berry 1, Phillips 1, Prof. Perley 4, Mr. Hitchcock 4. Goals from fouts: Phillips 1. Referee: Holden, '12. Timer: Jones '13. Time 20 minute halves.

CONCORD CLUB.

The usual monthly meeting of the Concord Club was held last Wednesday night. Plans for entertaining Concord High School men at the coming declamation contest and interscholastic meet were discussed; as was also, an annual banquet for the club, to come the latter part of May.

A COMMUNICATION.

The secretary-treasurer wishes to thank the members of the Alumni association for their prompt payment of the annual dues. Many have responded with very little delay to the bills which were sent out with the news letter during the month of January. There are still many more members of be heard from, and he respectfully solicits their assistance and co-operation for the cause of their Alma Mater.

HEARING BEFORE PUBLIC SERVICE COMMISSION.

Pres. W. D. Gibbs and about 25 students appeared before the state public service commission Tuesday morning at the Exeter Town Hall in Exeter, and gave their reasons why the old morning train, arriving in Durham about seven o'clock from Dover and vicinity, which was lately taken off, should be restored. The decision of the commission will be announced at a later date.

The old train was removed about a month ago, and in order to make up for the removal, the St. John's express, which arrives in Durham about 7 o'clock was stopped. The express does not run Monday, and on other days is not to be depended upon. For this reason, students, living in Dover and vicinity have been obliged to catch the 5.48 out of Dover, arrive in Durham at 6.00 a. m., and then wait two hours for college exercises to begin.

A petition, signed by almost the entire college, to have the former train service restored, was refused by the Boston and Maine. Now, the college is trying to have the public service commission compel the railroad to accommodate the college traffic between Dover and the vicinity.

TWO HEADED LAMB.

On March 10th, there was born at New Hampshire College an animal of unusual characteristics. This remarkable creature was a lamb, endowed with two heads. It was a cross bred lamb SeXR, and was the first one of its kind ever born at this institution. It seems unfortunate, however, that a creature of this calibre, gifted with a double set of brains, should be unable to survive. Aside from its two heads, the animal seemed normal in all other respects. The head is now being preserved in Prof. Arkell's office.

EXTENSION WORK.

To show the enthusiastic way in which the Agricultural Reading Courses which were instituted this winter, are being received by the people of the state, the following quotation is taken from one of the many letters received expressing satisfaction with them.

"I think they are grand, and very instructive. Have learned more since taking up this course, than I have found out in two years previous reading from Farm Papers, of which I take a dozen."

There are at present over 200 people taking these courses which are conducted by the various professors of the agricultural department. Another indication of the increasing interest of the people in the work of the college is the fact that 1200 names have been added to the bulletin mailing list since last June.

Among the circulars and bulletins recently issued by the Extension Service are the following: "Variety Tests of Mangels Grown on the College Farm, by C. W. Stone;" Control of San Jose Scale and the Blister Mite," by Prof. W. C. O'Kane; and Analyzing Soils for Fertilizer Needs," by Prof F. W. Taylor.

PROBABLE DATE FOR SPRING HOUSE PARTY.

The dates, May 17, 18, and 19th, have been proposed for the occasion of the annual fraternity spring house parties. Present indications point toward the selection of these dates by Casque and Casket. There will be numerous attractions for the fair visitors, providing the house parties are held on the above mentioned dates. New Hampshire plays Springfield Training School Friday afternoon, May 17, in Durham; that evening, Casque and Casket will probably run an informal dance in the gymnasium; Saturday afternoon, the interclass-meet will be held; Saturday evening, the fraternities will hold private dances of their own, and Sunday will probably be spent on a picnic down the bay.

M. E. AND E. E. TRIP.

The Mechanical and Electrical Engineering departments are planning to take a trip during the spring vacation. The students under Prof. F. E. Cardullo will visit Boston, Fall River, and Quincy Mass., and Providence, R. I. Those under Prof. Putnam, while they will start with the others, will proceed into New York state and inspect plants in Schenectady. At the present time, it has not been decided as to how many will take the trips, but it is probable that a good percentage of both departments will go.

WHY YOU SHOULD INSURE IN THE MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY OF SPRINGFIELD, MASSACHUSETTS.

Because it's a purely MUTUAL COMPANY—and pays dividends ANNUALLY to its policyholders, (Not to stockholders, because we have none.) It's premium rates are low—it's dividends are very large, and its surrender values are extremely liberal—in fact it's "Peerless." Paid up values, cash surrender values, and extended insurance guaranteed after two years premiums have been paid.

It's assets are of the highest class, and it's surplus is ample for all contingencies. Write us, giving date of birth and kind of policy desired, and we will forward a Specimen Policy for your inspection.

DE LAVAL CREAM SEPARATOR

New Automatic Oiling

The most important Cream Separator improvement since the introduction of the present type of De Laval machines.

The new automatic oiling De Laval Cream Separators are now being supplied in all sizes, and this improvement constitutes another great step forward in cream separator construction—the one thing possible in betterment of the previous De Laval machines of the present type.

The new system of De Laval automatic oiling is distinctively different from any other splash or spray system in that there is a constant regulated feed of fresh oil and discharge of used oil. Other splash systems use the same oil over and over, until it soon does more harm than good.

In the new automatically oiled De Laval machines, all gears shafts and bearings practically float in a mist like spray of oil and literally never touch each other during their operation.

De Laval agents will be glad to exhibit the new machines and demonstrate the working of the new automatic oiling system, which more than ever enhances De Laval superiority in every feature of cream separator practicability.

Pittsburg Branch of the Alumni Association.

At the last monthly meeting of the Pittsburg Branch of the Alumni association, the subject, "How Can We Best Serve Our Alma Mater," was discussed. It was voted to hold a theatre party on the evening of April 6th, instead of the regular monthly meeting. Randall '05, Woods '09, Pratt '09, Neal '10, Blake '10, and Boynton '10, were present.

STOCK JUDGING MEETING.

Friday, March 22nd, candidates for next fall's stock judging teams met under Prof. Eckman and discussed plans for next year. The following men were present at the meeting: J. M. Bodwell, A. E. Smith, H. C. Batchelder, C. F. Joslyn, W. P. Davis, R. E. Batchelder, A. E. Robie, H. W. Robie, M. G. Eastman, C. R. Hardy, C. A. Barton, W. W. Wilder, and L. D. Jeseman.

The showing made by the New Hampshire judging teams in past years has been one of great credit to the institution. At Brockton Fair last fall, the team ranked third in the final scores. It also had a "high man" in L. B. Smith in judging Holsteins, and in M. G. Eastman in judging Ayrshires.

A REAL SANITARY CLEANSER.

No imitation of a sanitary cleaner in a dairy can take the place of a real sanitary dairy cleaner. When it comes to protecting the milk from the dangerous enemy, bacteria, and toward warding off contamination by odors and germs, nothing can give the same assurance as a real sanitary dairy cleaner.

has created a place for itself in every dairy, whether large or small, for it is the only cleaner which is both sanitary in composition and sanitary in its cleaning.

Each particle of Wyandotte Dairyman's Cleaner and Cleanser is cleansing. You can depend upon it to clean thoroughly without a trace of injury to the surface to which it is applied. Nor will it leave a slight film of grease or caustic as do soaps, soap powders, sal soda and lye. It is sanitary in every respect.

You buy Wyandotte Dairyman's Cleaner and Cleanser knowing that it has no substitutes. No other cleaner will satisfy after you have once become used to the clean, wholesome conditions so easily attained with its use.

You take the initial step, ask your dealer for a sack or write your supply house for a barrel; we will do our part by guaranteeing complete satisfaction.
