COACH BERNIER REPORTS.

Baseball Practice Begins Outdoors.

Coach Bernier of the baseball team reported last week and immediately took charge of the squad. To date, the team has been practicing outdoors on the campus beside Thompson, as the diamond on the oval is still too wet for ball playing.

The practice has received a right start and the candidates are beginning to round into condition. It is still, however, too early to predict what the lineup will be in the first game. The team has a little over a week's practice, before it opens the season's schedule with Dean, April 19.

Saturday afternoon, a four inning game was played between two picked teams. Hobbs '15, Kiley '15, and Gowen '12, were among the new candidates who showed up well. The playing of the old players and Captain McPheters needs no comment. The lineup of the two teams was as follows: Hill c, Paulson, Hall, and Bernier p, Blodgett 1b, McPheters 2b, Brackett ss, Jones 3b, Reardon lf, O'Connor cf, Kiley rf.

Hobbs c, Adams p, Gale 1b, Fernald 2b, Yates ss, Squires 3b, Cobleigh lf, Gowen cf, Perkins rf.

TAFT CLUB.

Last Thursday noon a Taft Club was organized with the following officers: Pres., C. M. Neal '13; Sec., G. L. Ham, '14; Ex. Com., L. S. Riford '14, L. N. Barrett '13, D. P. A. Willard '13.

FRATERNITY VACATES HOUSE.

On account of the return of typhoid fever, the Gamma Theta Fraternity, acting upon suggestions of the faculty, has vacated the house which it has occupied for several years. The majority of the men are now rooming in Pettee Block.

GLEE CLUB CONCERT.

On next Monday evening the Musical Clubs will give an informal entertainment in Thompson Hall. The music rendered will be the same as that to be presented in Concord and Manchester on April 25-26.

TWO YEAR GRADUATION

The graduating exercises of the second year of the two-year class will be held on Wednesday afternoon, April 17. There are this year 22 members to receive certificates. The address will be given by Dr. H. J. Wheeler, Director of the Rhode Island Exp. Station.

The medals and the cups to be awarded as trophies at the interscholastic meet to be held this spring are to be made by Dieges and Clust of Boston, Mass.

THE INTERSCHOLASTIC MEET OF MAY 11.

The letters received from the various schools of Maine, New Hampshire, Vermont, and Massachusetts by Manager John H. Batchelder of the track team are very encouraging and indicate that a large number of schools will enter teams in the interscholastic meet to be held May 11. To date, 15 schools have said that they will enter teams, while others have stated that there is a possibility of their entering.

Gold, silver, and bronze medals will be awarded for every race, except the relay, for which a silver cup will be given the winner. The medals are very attractive and unique. They are shaped like a modified shield, suspended from a ribbon. At the top, there is a cut of a sprinter on the mark. Arranged like a triangle, are the three expressions, May 1912, New Hampshire College, and Interscholastic Meet, with the college seal in the center of this device. A silver cup will be awarded to the team winning the largest number of points.

Geo. B. Clark of Boston, who appeared in the college lecture this winter, will referee. It is also to be remembered that Mr. Clark has offered a silver cup for the winner of the mile run in the interclass games.

The following teams have entered: Amesbury High, Arlington High, North Andover High, Somerville High, Chelsea High, Lynn Classical High, of Massachusetts; Dover High, Portsmouth High, Rochester High, Sanborn Seminary, Peterboro High, Brewster Free Academy, Kimball Union Academy, of New Hampshire; Newbury High of Vermont; and Thornton Academy of Saco, Me.

The possibilities are Stevens High, Concord High, Nashua High, Manchester High, Tilton Seminary, Milford High, Lebanon High, Gorham High, Keene High, Holderness School, of New Hampshire; Manning High of Ipswich, Everett High, Clinton High, Newton High, Murdock High of Winchenden, Dedham High, of Massachusetts; and Edward Little School of Auburn, Me.

CURRENT EVENTS.

At the meeting of the Current Events Club Thursday evening April 4, the following officers were elected for the ensuing month. Pres. I. C. Perkins, Secretary, Miss M. G. Gillespie. The program consisted of papers on Drama by Willard, Politics by Brackett, Social Work by Miss Locke and Science by M. S. Watson.

ALPHA CHI SIGMA INITIATION.

At the regular meeting of the Alpha Chi Sigma Fraternity held Friday evening in Conant Hall, the "chem" men initiated G. L. Ham, '14 of Dover.

ODDS AND ENDS.

O. E. Huse '12 spent a few days last week, in Sullivan Co. giving demonstrations of scientific pruning.

At the recent annual meeting of the Durham Improvement Society Dean Pettee was elected president. His associate officers are David Lumsden and C. W. Stone.

H. B. Catlin '12 has been elected class marshal in place of F. G. Fisher who has resigned on account of other duties.

NEW STUDENT COUNCIL.

Reorganization of the Society Effectuated.

At a meeting of the faculty held on March 25 a plan of reorganization of the student council which has been in effect at the college for several years was adopted. Previous to this the Casque and Casket Fraternity had submitted to President Gibbs, after serious consultation with several members of the faculty, a plan for the establishment of a new student council which seemed to the society to answer the discrepancies in the former intermediary body between the faculty and the students of the college. Following is the plan which was adopted by the faculty and which will take effect upon organization:

Section I. The name of this council shall be the Four-year Students Council.

Section II. The object of this council shall be to act as an advisory committee to the four-year students and to the president on general matters concerning student life.

Section III. The council shall consist of nine members: the President of the College, one faculty representative, five representatives from the fraternities and two from the non-fraternity men.

Section IV. The faculty representative shall be appointed annually in June by the President of the College.

Section V. Each of the five fraternities shall elect as its representative to the council one of its four men who are members of Casque and Casket.

Section VI. The two non-fraternity representatives to the council shall be a senior and a junior elected at a meeting of the non-fraternity men called and presided over by the President of the College.

Section VII. Only seniors and juniors in full standing shall be eligible to membership in the council.

Section VIII. Election of members shall be held annually in June for the following year.

Section IX. At the first meeting of the newly elected council called by the President of the College a president and a secretary of the organization shall be elected from the student members.

Section X. A regular meeting of the Student Council shall be held once a month.

ROOSEVELT RALLY.

Colonel Winston Churchill will speak next Friday night at a rally given under the auspices of the New Hampshire College Roosevelt Club. This is the last time Mr. Churchill will appear in the present campaign. The rally will be in Thompson Hall at 8 o'clock.

At chapel last Wednesday the speaker was Mr. Moses B. Mann, N. H. C. Class of 1884. Mr. Mann holds a responsible position with the U. S. Customs Service, at present being the deputy surveyor of the port of Boston. A sketch of his life appeared in a recent issue of the New Hampshire.

ALUMNI SMOKER.

Fifty-eight men from the college thus far, have signified their intention of attending the Alumni Smoker, to be held at Young's Hotel, Boston, on April 16. The assistant secretary treasurer of the association requests that other college men or alumni who intend to be present at the smoker notify him as soon as possible. The men whose names are given below expect to attend: Pres. W. D. Gibbs, Profs. Hewitt, Cardullo, James, Perley '08, Whittemore '11, Hitchcock, McKone '09, Whitman, Judkins '11, Laton '04, Director Kendall '01, Holden, Davis W. E., Rogers, C. H., Quimby, Robinson J. E., Robinson H. A., Elliott, Dresser, Watson, Eastman H. M., Bunker, Lowd, Morgan J. C., Twomey, Loomis, Yaxis, Neal, Fisher, Williams, Batchelder H. C., Lang, Henderson, Jenkins, Beach, Work, Keyes, Brown, Blodgett, Lane, Wood, W. E. Rogers, Gowen, R. H. Tucker, A. W. Jenness, Peavey, Buckminster, Catlin, Brogini, Barrett, Lester, Doyle Robie, Kendall, DeMerritt, A. Watson '07, Hon. Albert DeMeritt.

GRANITE GONE TO PRESS.

The last copy for the 1913 Granite has been submitted to the printer. The date of publication has not been determined but it is expected that it will be about May first.

DR. N. F. SEERLEY.

Next Sunday afternoon Dr. F. N. Seerley will deliver an address on Sex Hygiene, under the auspices of the Christian Association. Mr. Seerley is a man of authority on physiology, anatomy, and psychology, and it is considered that there is no more able man than he to speak on the subject which he has chosen to present.

TWO YEAR COUNCIL.

On March 25 the faculty adopted a plan of formulation of a student council, composed of two year men, and similar to that of the four year men's council.

ORCHESTRA ENGAGEMENT.

Last Monday night the college orchestra played at the Eagles' Easter Monday ball at Newmarket. The following men were taken: Catlin '12, Towle '12; Lovell '12, A. M. Sanborn '13, Dresser '14, Brogini '15, Bartlett '15, Watt '15, Emerson '15, Weigel 2 yr '13.

C. A. MEETING.

At the regular meeting of the Christian Association last Sunday, the Rev. George W. Hinckley of Hinckley, Me., addressed the students on the achievements possible by means of supreme faith. His purpose was to meet and talk with the students, and to show what it is possible to accomplish through faith by telling the story of his own personal experiences in the development of "Good-Will Farm," in Maine. His talk was personal, interesting, and very enjoyable; it was appreciated by everyone present.

At the last meeting of the student Council it was voted to allow the Musical Clubs to wear in all public performances ribbons bearing the letters N. H.

DURHAM, N. H., APRIL 10, 1912.

Never in previous years have so many prominent men lectured at the college as this. The department lectures have been an innovation but will probably become fixtures. It has been thought by many that there should be a series on the subject of personal hygiene. One of the best known educators and lecturers in the country has been secured for one lecture here this week. His work as a teacher prevents his being in town other than at a week end, so on next Sunday afternoon at four o'clock, Dr. F. N. Seerley will deliver an address to the students on a subject of the utmost importance to every young man. It is hoped that everyone will take advantage of this opportunity.

THE NEW STUDENT COUNCIL.

After a very thorough consideration, the Administration Committee of the faculty has accepted the proposed plan for the reconstruction of the Student Council. For two or three years there has been growing in the student body, a feeling that the council was for some cause or other, an organization not to be depended upon, that it was not in practice what it was on paper.

It was conceded by those who thought that one cause of the difficulty was the method of election. Men gathered in mass-meeting at noon; they were hungry. Therefore the first name proposed might be the one elected. Again, the man of most popularity, whose stability as a thinker did not necessarily follow, was the man who would win. These and other reasons, seemed to give us a body that was not as successful as was needed.

Casque and Casket appointed a committee to study the situation and to propose new rules should they see fit. Accordingly, after meeting with several of the faculty and a thorough consideration of all forms of organization, that which is printed in another column of this issue of The New Hampshire was evolved with the following in mind: each fraternity should be represented by one man, and as many of the new movements in student life have originated in the Casque and Casket, a man from this number should be the one to represent his fraternity; two non-fraternity men, one from the junior class and one from the senior class, would give these students a fair representation; these seven with the President of the College and one other faculty man would result in a deliberative body of nine.

As has been stated, the Administration Committee thought this a worse change and incorporated the suggestions into the new rules which will be put into

effect this week. Let no one from now on say that the Student Council is a "dead thing." If he has any matter to bring before the faculty that he considers greater than he can himself manage, let him take it to the council where it can be cared for in the manner best adapted to it; let all matters of mediation between the student body and the faculty and vice-versa be taken there and then grounds for future unfortunate situations of greater or less import may be threshed out and adjusted without further cause for misunderstandings.

Monday: Glee Club concert 8.00 p. m. Agricultural Club meeting 7.00 p. m.

Tuesday: Vacation begins 4.00 p. m.

Wednesday: Two year graduates.

LETTER FROM THE DEAN.

Dean Pettee in a letter written from Decatur, Ill., writes in part as follows: "After passing St. Thomas, Ontario, we began to see the effects of high easter. For miles, as far as the eye could see, the farms were flooded, the inhabitants going about in boats. The railroad fence beside the track was entirely submerged at several points. The flat country through Ontario, Michigan, Ohio, Indiana and Illinois is rather monotonous but I noticed a decided improvement in the average farm house over my last western trip through this section, nearly twenty years ago. The trees through the middle western states are very much the same as in New England, though we miss the white pine and hemlock. Oak predominates; cotton wood is plentiful and the occasional Shag-bark Walnut reminded me of Durham. Decatur was reached just before midnight and I have not yet attempted to do the town."

ENGINEERING TRIP.

The Electrical Engineering Department has arranged for an extended engineering trip for this year. The present plan is to leave Durham on the 8.51 train Tuesday morning, April 16th. In the afternoon of that same day a visit will be made to the lamp manufacturing plant of the General Electric Co. located at Lynn, Mass. In the evening the party will attend the Alumni Smoker to be held in Young's Hotel. Wednesday a visit will be made to the large plant of the General Electric Co. at Pittsfield, Mass. Here transformers and induction regulators are manufactured. Thursday will be spent in the main plant of the General Electric Co. located at Schenectady, N. Y. Friday morning, by special arrangement, the party will visit the private laboratories of Chas. Proteus Steinmetz, A. M. Ph. D. Mr. Steinmetz is considered one of the greatest if not the greatest electrical engineer in the world. Friday afternoon a visit will be made to the works of the American Locomotive Co., at Schenectady. Saturday the party will visit the large Hydro-Electric Development at Schaghticoke and Johnsville, N. Y. on the Hoosic River, which is a branch of the Hudson River. The trip will be in charge of Prof. Hewitt and Mr. Hitchcock.

A very interesting and instructive trip is anticipated. Twenty men have signified their intention to go.

Dr. W. W. Hayes. Dr. E. A. Shorey.

WHY YOU SHOULD INSURE IN
THE MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY OF SPRINGFIELD, MASSACHUSETTS.

Because it's a purely MUTUAL COMPANY—and pays dividends ANNUALLY to its policyholders, (Not to stockholders, because we have none.) Its premium rates are low—its dividends are very large, and its surrender values are extremely liberal—in fact it's "Peerless." Paid up values, cash surrender values, and extended insurance guaranteed after two years premiums have been paid.

Its assets are of the highest class, and its surplus is ample for all contingencies. Write us, giving date of birth and kind of policy desired, and we will forward a Specimen Policy for your inspection.

DE LAVAL CREAM SEPARATOR

THEIR GREAT SIMPLICITY.

De Laval Cream Separators excel other separators not only in thoroughness of separation, sanitary cleanliness, ease of running and durability—but as well in their great simplicity.

There is nothing about the operation, cleaning, adjustment or repair of a modern De Laval Cream Separator which requires expert knowledge or special tools.

Nor are there any parts of which adjustment is frequently necessary to maintain good running or to conform to varying conditions in the every-day use of a cream separator.

There is no need to fit and adjust parts to get them together right. They are so made that they cannot help go together right. All bearings and bushings are easy to replace. There are no complicated springs, keys, ball bearings or other fittings, that only an expert can properly adjust.

A person who has never touched a separator before, can, if need be, unassemble a modern De Laval machine down to the last part within a few minutes and then reassemble it again as quickly. This is something which cannot be done outside a shop with any other separator.

The only way to properly understand and appreciate De Laval superiority to other separators, is to look over, and better still to try, a 1912 De Laval machine. Every De Laval agent is glad to afford prospective buyers the opportunity to see and try a De Laval Separator.

Prominent Alumni.

ZIBA A. NORRIS, '84.

Another successful '84 man is Ziba A. Norris of Boston, Mass. He was born at Westmoreland, N. H., December 29, 1860, but at an early age moved to Lyme, N. H., where he spent his early life upon his father's farm on the east bank of the Connecticut River. His early education was obtained in the district schools of Lyme and at Thetford(Vt.) Academy.

After graduating from New Hampshire College in '84, he became manager of a large stock farm in West Millbury, Mass. About 25 years ago he became clerk in a market in Wakefield, Mass. Two years later he entered the employ of the Omaha Beef Co., then located at 1673 Washington St., Boston, Mass. His ambition and indomitable courage would not permit him to remain in a position of a hired servant for very long. He was without capital. His honesty and industry had won him many friends. With the aid of these friends he succeeded in raising sufficient funds to buy out his employers. He formed a partnership with his brother John L. Norris of New Hampshire '89, and for many years carried on a retail grocery and provision business under the name of Norris Bros. The business prospered. Other grocery and provision stores were opened in Boston and elsewhere. The name of Norris Bros., became a synonym for a "square deal and a fair deal."

About a year ago, owing to failing health, Mr. Norris practically retired from business, having accumulated a comfortable fortune. He is, however, still president of the Dairy Association located at Lyndonville, Vt., of which association his brother John is treasurer and general manager. This association manufactures Kow Kure and other veterinary remedies for which a rapidly growing market is found all over the United States.

Mr. Norris is a member of the Boston Chamber of Commerce, Boston Fruit & Produce Exchange, The Congregational Club and the Masonic Fraternity. He has been actively engaged in the work of the Second Congregational Church of Dorchester, Mass., and is a generous contributor to many charities.

In 1892 he married Nellie B. Kelley, a sister of E. D. Kelley '83. They have three children, all attending Boston schools.

Ziba A. Norris '84 has "made good."

RESIGNS FROM BOARD.

Professor Richard Whoriskey, Jr., has resigned his position as a member of the editorial staff of the "New Hampshire." He terminates several years of energetic and successful work in making New Hampshire College publications worthy of the institution.

ABLE TO DO WHAT NONE OF THE OTHERS CAN DO.

had a beginning no more illustrious
 than hundreds of other cleaning
 materials, but it had the necessary
 qualities to be a success from the
 very start. These necessary qual-
 ities stand out distinctly when Wy-
 andotte Dairyman's Cleaner and
 Cleanser is used.

That is why every non-user of
 Wyandotte Dairyman's Cleaner and
 Cleanser is so thoroughly impressed
 when he gives it a first trial. He
 has been accustomed to a certain
 degree of cleanliness, obtained with
 some other cleaner, but when he is
 brot face to face with perfect sani-
 tary cleanliness such as Wyandotte
 Dairyman's Cleaner and Cleanser
 always produces, it is then he
 realizes that Wyandotte Dairy-
 man's Cleaner and Cleanser is able
 to do what none of the others can
 do.

Wyandotte Dairyman's Cleaner and
 Cleanser has never been likened to
 any other cleaner. It does not admit of
 comparison. And no dairyman can
 truthfully say he has secured as good
 results with some other material as
 can be obtained with Wyandotte Dairy-
 man's Cleaner and Cleanser, because
 Wyandotte Dairyman's Cleaner and
 Cleanser has ingredients wholly unlike
 and vastly superior to any other dairy
 cleaning agent now in use.

All we ask is for you to give Wyan-
 dotte Dairyman's Cleaner and Cleanser
 a trial. It will prove itself to be the
 most economical as well as the very
 best. Ask your dealer for a sack or
 write your supply man for a keg or bbl.
