COMMENCEMENT PROGRAM.

A Week of Graduation Festivities.

The annual ceremonies of commencement week will begin next Sunday morning when the college battalion will escort the seniors to the church, where the baccalaureate sermon will be delivered by the Rev. Burton W. Lockhart of the Franklin St. Congregational church of Manchester, N. H.

On Monday evening the annual prize drill will be held and on Tuesday morning the seniors and faculty will clash in a battle royal—of baseball. The lineup of the two teams has not yet been announced but a close game is anticipated by both teams.

At the class day exercises on Tuesday afternoon the address of welcome will be delivered by H. R. Tinker, president of the class. Following will be the address to the faculty and undergraduates by O. E. Huse, the class history by P. D. Buckminster, and the class will be by H. C. Holden. The college orchestra will furnish music for the occasion. At the conclusion of the program the class ivy will be planted and the freshman-sophomore baseball game will be played.

At seven o'clock in the evening, weather permitting, there will be a sing-out on the library steps and an hour later the Glee Club and orchestra will give a concert in Thompson hall.

The graduation exercises will be held in the chapel Wednesday morning, where the commencement address will be delivered by Rear Admiral Robert E. Peary the discoverer of the north pole. The degrees will be conferred by President W. D. Gibbs.

The annual alumni dinner will be held in the gymnasium Wednesday noon, Professor C. E. Hewitt, '93 presiding and at four o'clock Pres. and Mrs. W. D. Gibbs will receive the graduates at their home. The senior ball is to be held on Wednesday evening.

THE NEXT ISSUE.

The next and last issue of the New Hampshire will contain a full account of the Commencement Exercises, and will probably include on an inserted sheet the class will, the class history, the address of the faculty and the undergraduates, the address of welcome, and the commencement address. The paper will be in the hands of the post master at 10.30 Wednesday morning, June 12. For students, who are going to leave college before this time, a book in which they may write their addresses, is now in the registrar's office.

BASEBALL LETTERS AWARDED.

The following men have been given their letters in baseball: Captain MePheters, Gowen, H. W. Sanborn, Adams Jones, Swasey, Welch, Brackett, O'Connor, Reardon, Kiley, and Manager Buckminster.

New Hampshire scored a decisive victory over Tufts Saturday afternoon, 71 to 45, in the first dual meet ever held between the two colleges. Three college records were broken, and several new records were established by Tufts runners for the New Hampshire cinder path.

The victory was due to a well balanced team. New Hampshire scored in every event, and made almost a clean sweep of points in the field events. The team scored seven firsts, to Tufts' six; nine seconds to Tufts' four; and nine thirds to Tufts' three.

The majority of Tufts' first places were due to Atwater, who won the two mile, the mile and the 880, in fast times. His times of 10 minutes, 31 seconds for the two mile, four minutes 43 3-5 seconds for the mile, and two minutes, four seconds for the 880, are new records for the track, and considerable faster than has ever been done previously.

T. A. Davis '14, next to Atwater, was the highest individual point winner. He won both dashes and captured second place in the pole vault. H. W. Sanborn '13, Ham '14, were tied for third individual honors with ten points each. Both these athletes established new records for the shot put and the pole vault. Ham cleared the bar at 10 feet, one and one-half inches, bettering his record of nine feet, eight inches, made at Rhode Island last Saturday. H. W. Sanborn, with a put of 35 feet, three inches, broke the record of 32 feet, 8 inches, made last year by B. F. Proud, '11. Captain Beach also was among the record breakers. He ran the low hurdles in 28 2-5 seconds, or 1 3-5 seconds better than the old record, held by C. W. Kemp '11. T. A. Davis equaled the record time, 23 1-5 seconds for the 220 held by C. W. Kemp '11.

The meet, which began shortly after two o'clock, was run off in less than three hours. In the trials of the 100 yard dash, New Hampshire and Tufts each placed two men. Davis easily won the finals with Jones second, and Mansfield of Tufts third. The time was 10 3-5 seconds. The same runners won points in the 220, but Mansfield trimmed Jones for second place in the last ten yards. Davis' time was 23 1-5 seconds.

In the 440 Mansfield of Tufts shot into the lead at the start, and on the back stretch left the bunch behind. He won easily in 52 4-5 seconds, which is a new record for the track. Tucker

was second, and in the last 100 yards Riford trimmed out Mitchell of Tufts for third place.

Tucker gave Atwater of Tufts a hard race for first place in the 880, sticking at his heels all during the race. He did not have the finish however for the last 220 yards, and Atwater won in 2 minutes, four seconds. Tucker was second and Dustin of New Hampshire was third.

In the mile and two mile, Atwater of Tufts had things to his own liking and won handily. In the mile, E. L. Sanborn nabbed second place for New Hampshire, and Fox, third for Tufts. Paulson, however, landed second in the two mile with E. L. Sanborn third.

The points in the two hurdle races were won for New Hampshire by Beach and Reed. Stricker of Tufts won the high hurdles and was second in the low.

The distances in the field events were not so good as the time on the track. With Ham, Blodgett, and Lowd, New Hampshire captured all three places in the high jump, the winner's height being five feet, two inches. H. W. Sanborn, Beach, Davis, J. E. Ladd and Ham captured most of the points in the pole vault, running broad jump, discus throw and shot put. Aldrich of Tufts won the broad jump, while Harmon was second in both the discus and shot put.

H. S. Taylor of the Manchester Union refereed the meet, and there were no disputes. George Connors, the well known Exeter trainer and track coach, handled the revolver at the starts. Bingham and Worthington of Exeter, two well known school boy athletes, were also among the officials. The other officials were members of the faculty and the student body.

The summary:
100-Yard Dash: First Heat—Won by Jones, New Hampshire; Mansfield, Tufts second. Time, 10 4-5 s.

Second Heat—Won by Davis, New Hampshire; Teel, Tufts, second. Time 10 4-5s.

Final Heat—Won by Davis, New Hampshire; Jones, N. H., second; Mansfield Tufts, third. Time, 10 1-5s.

220 yd dash Won by Davis, New Hampshire; Mansfield, Tufts, second; Jones, N. H., third. Time 23 1-5s.

440 Yard Dash—Won by Mansfield, Tufts; Tucker, New Hampshire, second; Riford, N. H., third. Time 52 4-5s.

880-Yard Run—Won by Atwater, Tufts; Tucker, New Hampshire second; Dustin, New Hampshire, third. Time, 2m. 4s.

One Mile Run—Won by Atwater, Tufts; E. L. Sanborn, New Hampshire, second; Fox, Tufts, third. Time, 4m 43 3-5s.

Two Mile Run—Won by Atwater, Tufts; Paulson, New Hampshire, second; E. L. Sanborn, New Hampshire, third. Time, 10, 31s.

120 Yard High Hurdles—Won by Stricker, Tufts; Reed, New Hampshire, second Time 18s.

COMMENCEMENT SPEAKER.

Rear Admiral Peary Will Deliver Address.

The college is to have as speaker at its commencement exercises next Wednesday no less distinguished a man than Rear Admiral Robert E. Peary of the United States Navy. By his discovery of the North Pole, Admiral Peary has become one of the most honored men of the day, with the reputation of the most noted Arctic explorer in history. Since his return from northern regions he has been engaged in lecturing to enthusiastic audiences on all continents.

ALUMNI.

The Business Manager of the New Hampshire wishes that you would remit within the next week for your subscription to the weekly, if you have not already done so. It is important that everything is settled by June 12.

PROF. JAMES HONORED.

Prof. C. James has been invited to become a member of the Royal Societies Club. This club was founded in 1894 for the association of Fellows and Members of the principal Learned Societies, Academies, Universities, Literary, Scientific and Art Institutions of the British Empire, with the object of affording facilities for social intercourse and reunion, while furthering the objects and interests of the Learned Societies.

SENIOR SKULLS INITIATION.

Last Friday evening the Senior Skulls held a dance and initiation at Grange Hall. The following men were taken in: P. C. Gale, P. E. Tubman, V. E. Leavitt, R. M. Sanborn, and R. W. Jenness.

LETTERS IN FOUR SPORTS.

H. W. Sanborn '13 and P. C. Jones '13 won their letters in track Saturday, and now have the distinction of being the first New Hampshire men to win their letters in all four branches of sport, football, basketball, baseball, and track.

BEACH ELECTED.

Last Monday noon R. Beach '13 was again unanimously elected captain of the track team. During the season just ended Beach has been one of the highest scoring men on the team, doing consistent work in the weight events and in the high and broad jump. He also in the Tufts meet proved himself a hurdler of ability by enrolling the college record in the low hurdles.

Although he gets out of all final examinations Captain Beach is vitally interested in all college activities. He is cheer leader, senior member of the Executive Committee of the athletic association and vice president of his class. He is a member of the Gamma Theta fraternity.

KNOCKING.

One of the cardinal sins of this student body is "knocking" During an observation covering several years this has been seen, and rather than becoming of less degree seems more to be on the increase. It may be in athletics that the first game or two is lost!—the coach is knocked; perhaps the system is not quite what the students in their nature and wise minds would use—therefore knock. It may be that in some courses given the student thinks he could do a better piece of work, knock again. It really is peculiar that in a student body of healthy young men and women this should be so. In order that there may be success for us in any way what-so-ever, this attitude must be forgotten—and the sooner the better. Let it be a word from the seniors as they go away from here, that every man be given absolutely a fair show before he is criticised. It may be hard to keep one's mouth shut and say nothing in public when everything seems to be going in and unsatisfactory manner, but give the man at the head a long try—a second if the first fails—before he is condemned. This applies to athletics, to the faculty, to the undergraduate welfare itself. If we are to build up a fine wholesome spirit for New Hampshire College we must make it a desecration to act or to speak in other than in the warmest tone of its affairs, unless by absolute proof from experience, those of whom we have spoken have been "tried and found wanting." Come back with that spirit next fall and keep it uppermost in your thoughts, do away with "knocking."

A FINAL WORD.

With this issue the original board of editors for this sheet goes out of office. A year ago when the "College Monthly" held the periodical stage of the college, very few had a belief that a weekly newspaper could succeed, but under the push and business guidance of Business Manager Twomey, "The New Hampshire" has reached a financial success. We hope and believe that it has been a news success also. There has been pleasure in the work of editing, and there have been difficulties to overcome, such that the sky has not always been blue, but the thought always in the mind of the members of the board has been to give to its subscribers a full account of the happenings at Alma Mater. We have made mistakes as all are likely to do, especially when engaged in a new enterprise such as we have been engaged upon, but when once discovered we

have endeavored to correct them to the satisfaction of all.

We thank all who have aided, in making this venture a large step in advance of what we have ever had before, and ask but one thing, that next year you will support it even better than you have this. Aid in every way possible the work of the board a labor that is anything but the simple task that those on the outside seem to think. With this the retiring board bids you goodbye and wishes the best of success to those who take up the reins with the next issue.

TRACK A SUCCESS.

With the decisive defeat of the Tufts track team on the oval last Saturday the season closed with a larger slice of success than the most sanguine might have been from the outlook in the early spring, led to expect. The defeat of Rhode Island was a welcome thing, even a surprise to many, and the win from Tufts was even more so. It was the fastest meet ever participated in by the college, and so was the more satisfactory to win.

The success of the season proved the value of consistent coaching in bringing out winners from a group of athletes very few of whom are anything more than middle class. The quiet but observant manner of Dr. Reynolds has been of inestimable value in bringing to pass these two victories. The thanks of the men and of the student body are due him in large measures for making the track season the most successful of the year's athletic endeavors.

CASQUE AND CASKET INITIATION.

Last Monday evening the following men were initiated into the Casque and Casket fraternity. W. H. L. Brackett, G. L. Ham, J. E. Davis, R. W. Garland, H. R. McCartney, G. N. Perkins, R. W. Smart, C. J. Dresser, J. R. O'Connor

THE CALL IS TO

"INTENSIFY."

Eliminate waste, conserve energy, grow two blades of grass where one grew before—"intensify" in other words is the call today.

Intensified dairy cleaning yields its percentage of profit the same as intensified farming.

And how easy it is for dairymen to make their work of cleaning "intensive."

altho it requires less work, does dairy cleaning so thoroughly that dairymen do not hesitate to pronounce it the only dairy cleaning agent which really makes the cleaning "intensive."

"Intensive" because Wyandotte Dairyman's Cleaner & Cleanser cleans away every particle of dirt, old milk, and everything a bacteria could possibly thrive upon, thereby reducing the number of bacteria to practically nothing. And "intensive" because it leaves the dairy in a fresh, clean-smelling and wholesome condition.

Every Dairy Inspector in the United States and Canada recommends you to use Wyandotte Dairyman's Cleaner & Cleanser because it "intensifies" your dairy cleaning, less work, and higher quality milk, cream, and butter.

Why not then let Wyandotte Dairyman's Cleaner & Cleanser prove these facts. It costs you nothing if every claim is not met satisfactorily.

Ask your dealer for a sack or write your supply dealer.
