PRICE 5 CENTS

FOOT BALL SEASON BEGINS

First Game to be Played Saturday.

The football season for another college season has begun. The first call for candidates was issued by Captain P. C. Jones '13 last Wednesday. Coach Tod Eberle, Swathmore'll reported Monday, about 40 have reported.

Although New Hampshire will have practically a new team this year, the prospects of a successful season are bright. Six of the thirteen letter men of last year were lost by graduation last June. They were Captain Lowd and Swasey, backfield men; Perkins, Crosby, Morgan and Pettengill, line men.

There remains for a nucleus Captain Jones, who played end last year; Brackett '14 quarterback; Jenness '13 tackle; Willard '13 guard, Foster '13 and Kiley '15 ends, and Hines '15 fullback. In addition to these, Clark who played end on the varsity team of 1910, is going to enter the Sophomore class and will be available. The experience he had last year on the Dartmouth freshman team should make him a valuable addition. It is being regretted that both Clark and Kiley will not return to college until October 1.

All of the old men have reported for practice which was held every day since Wednesday of last week, with the exception of Clark and Kiley. Captain Jones was in charge, until coach Eberle arrived on Monday.

Several promising candidates reported last week, and there seems to be plenty of material in the entering classes. Among these are Holton, '15, who played halfback on the Dartmouth freshman team last year; Woodman last year's center at Exeter; Dodge, a big 200 pounder of Lawrence high; and Price, Captain-elect this year at Brewster. Holton and Woodman are out for the backfield, Price for end, and Dodge for center.

In addition to these, there are several men of last year's squad who may make good this year. They are Davis and Thompson of the sophomore class, stars of the class game last year; Williams, '13, Reardon, '14, Reed '15, Hobbs '15, McCartney '14, all of whom played in some games last year.

The first game of the season will be played against Norwich on Saturday. It has been a number of years since New Hampshire has played Norwich. The time of practice has been so short that it is impossible to forecast the line-up of the team in the first game.

The schedule this year is entirely different from what it has been in the past. All of the larger colleges have been dropped. New games are arranged with Norwich, Tufts and Worcester Polytechnic Institute.

Manager G. F. Lane has arranged one of the best schedules New Hampshire has ever had, and there is no reason not to expect a very successful season.

The schedule is
Sept. 21—Norwich University at Durham.

Sept. 28—Open.

Oct. 2—Bates at Lewiston, Me.

Oct. 12—Tufts at Medford, Mass.

Oct. 19—Worcester, P. I. at Worcester.

Oct. 26—Lowell Textile at Durham.

Nov. 2—Rhode Island at Kingston, R. I.

Nov. 9—Massachusetts at Manchester.

The following men have received suits from the manager and are out for the team: W. H. Pascoe, G. B. Huse, R. E. Haines, J. F. Thompson, J. Hobbs, E. L. Sanborn, P. C. Jones, P. C. Gale, J. B. Yates, A. L. Murdoch, H. L. McCartney, H. G. Holton, R. M. Dodge, H. S. Brown, H. B. Nelson, R. S. Bugbee, P. A. Foster, A. Smith, A. W. Jenness, W. H. Brackett, Priest, Parker, Story, Corriveu, Willard, C. S. York, A. McCartney, Leavitt, G. W. Drew, M. J. Reardon, R. H. Moore, W. B. Barnes, J. R. Dodge, G. A. Wheeler, H. J. Woodman, E. F. Swett, R. H. Bissell.

THE NEW FOOTBALL COACH.

Tod Eberle of Swathmore, an All Round Athlete.

Tod Eberle of Philadelphia, Swathmore 1911, one of the best all round athletes to graduate from that institution has been secured as the coach of the football team for the coming season. Coach Eberle comes to New Hampshire with many excellent recommendations, and it is anticipated that he will turn out a winning team.

Coach Eberle graduated from Pennington Seminary located Pennington, N. J., in 1907. At that school, his athletic career was very noticeable. He made his letters in football, baseball, basket ball and track.

He entered Swathmore in the fall of 1907, and although only a freshman had no difficulty in making the football team, playing that season at half back. He also shone in the track games of the next spring, making his letter. His specialties were the sprints and the hurdles.

Athletics were abolished at Swathmore for the college year of 1908-09, and accordingly he could not take part. During the college year of 1909-10, he made his letters again in football, also in base ball, and basketball. He played guard on the basketball team and second base on the nine. His all around ability, and general leadership resulted in his election for captaincy of the football team for the next year. The team during the fall of 1910 had a very successful season under his leadership. He again played in the backfield. Eberle also made the basketball, baseball and track teams that year.

Last fall, he acted as assistant coach at Swathmore under head coach George Brooks, who was once all America full back from the University of Pennsylvania.

Coach Eberle is a member of the Kappa Sigma fraternity, and belongs to the Swathmore senior society, Book and Key.

CHRISTIAN ASSOCIATION.

The N. H. C. A. held its first meeting of the year in the church chapel Sunday Sept. 15. The work of the coming year was outlined by the several committee chairmen; also Catlin and Huse, both of '12 class, gave interesting and helpful talks. An unusually large attendance was present, several of whom were new men.

COLLEGE WITHOUT A PRESIDENT.

Successor to W. D. Gibbs Not Yet Elected.

Pres. William D. Gibbs announced to the board of trustees at their regular meeting that he intended to resign, and on July 1, presented his official resignation, to take effect Sept. 1.

At that meeting, Hon. John G. Tallent, who was later succeeded by William H. Caldwell, Hon. Edward H. Wason 84 of Nashua, Judge George H. Bingham of Manchester, Hon. Warren Bown of Hampton, and Pres. Gibbs, himself were appointed as a committee to secure a new president.

A meeting of the board of trustees was held July 30 in Durham, and voted on the names recommended by the committee, Hon. Henry C. Morrison of Concord, and the Rev. Thomas Chalmers of Manchester, each received six votes for president. As it requires seven votes to elect, and there was no chance for agreement, further action was postponed until the regular meeting of the board in October.

Since that time, the committee has held several personal interviews with other men, who are being considered for the office.

Dean Charles H. Pettee, who has served the college so long and faithfully, is now the acting President.

Business opportunities, which appealed to the president, are his reasons for resigning at the time. His letter follows:

July 1, 1912.

Hon. Warren Brown, president board of trustees, New Hampshire College.

Hampton Falls, N. H.

Dear Mr. Brown:

The position of president of New Hampshire College which I have held for the past nine years, I herewith formally resign, respectfully requesting that I may be relieved from duty by September first.

The presidency while meaning responsibility has carried with it many compensations and the college and its continued prosperity will always be a source of great interest to me.

Business opportunities which particularly appeal to me have influenced me to my decision, although I regret to sever associations which have brought to me much pleasure.

It has been a great satisfaction to see the college grow in number and efficiency and at this time I wish to express to the trustees faculty, alumni, students, and people of the state, my appreciation for each and every word or act which has helped towards progress.

During these nine years the number of students has increased from 111 to 320, the faculty, from 20 to 48, the number of the experiment station staff from 13 to 23, courses of studies offered from 120 to 226, the number of buildings from six to 15, the value of the college plant from \$135,000 to \$500,000, volumes in the library from 9,000 to 30,000, private gifts to the college have amounted to \$51,500; expenditures have

Continued on page 4

WATCH THE CLASS OF SIXTEEN.

Entering Class Largest In History.

Although it was not predicted that the entering classes would be unusually large this year, the registration shows that the enrollment will be the largest in the history of the college. This is due largely through the number of new students. There are at present over ninety four year freshmen and about fifty new two year men registered. There are also several o.d students who have not yet returned; so that the entire registration will be about three hundred and fifty, which is a creditable gain over last year. The new students, already registered, and their addresses are as follows:

Four Year Freshmen.

DURHAM, N. H., SEPT. 18, 1912.

FRESHMAN CLASS.

Notwithstanding the resignation of President W. D. Gibbs the total registration of new four year and two year men is the largest in the history of the institution. If the size of the entering class is indicative of the energy with which its members support undergraduate activities the future success of student organizations is assured. The present duty which confronts new men is to be ever ready to answer the call of the football manager. A cheerful willingness to comply with his requests is an exhibition of fine New Hampshire spirit.

FOOTBALL.

Football now holds the attention of the student body and is again calling forth the latent enthusiasm of the three hundred and more sons of the Granite State who are enrolled in New Hampshire College. The dull thud of the printer's toe upon the much abused pigskin is indeed sufficient nectar to revive our lagging spirits.

The perspiring man in uniform who is trying to remove ten pounds of superfluous weight, the coach who is doing his utmost to produce a winning eleven, a manager who gladly gives time and energy in order to perform his duties, has no greater part in the success of the team than has the strongest freshman or the busiest professor connected with the institution.

Every man in New Hampshire College has a part to play in every game and it is his duty in Progressive terms, "To hit the hide hard!"

RESIGNATION OF PRESIDENT.

Exceptional financial opportunities in the executive office of a cooperation with western business interests, offered a year ago, induced William D. Gibbs to tender to the trustees his resignation as chief administrator of the college. The rumor that his action was caused by the student insurrection of last year has been proven to be absolutely false; his resignation was voluntary and it was regretfully accepted by the trustees.

The increase of 209 in the number of students, the addition of 28 men new to the faculty, the erection of nine buildings, the \$365,000 increase in the valuation of the college, and the raising of the entrance requirements and the scholastic standard of the institution are striking testimonies to the efficiency of William D. Gibbs during his nine years of service. In their quest for his successor, may the trustees find his

equal in culture, administrative ability, and loyalty to the institution.

THE NEW HAMPSHIRE.

With this issue the New Hampshire ranks the beginning of its second year. The transition from the College Monthly to a weekly newspaper met with favor among the alumni and a large majority of the students. This year it is the purpose of the board of editors to publish a still more newsy and attractive sheet than was issued last year and to this end it is sincerely hoped every student and every alumni will lend his aid. The success of the New Hampshire rests its readers.

NEW TRUSTEE.

Succeeded Hon. John H. Tallant.

At a meeting of the governor and council of the state of New Hampshire, held in Concord July 29, William H. Caldwell of Peterboro was appointed trustee of the college in the place of Hon. John G. Tallant whose term expired on July 20 after a service of 20 years.

Mr. Caldwell is admirably qualified for the position. He is a graduate of the Massachusetts Agricultural college at Amherst, where he served as assistant professor at the experiment station there. Later, he went to Penn. State, where he was engaged for six years, as assistant professor and a like period as assistant agriculturist. He is a resident of Peterboro, and is secretary of the American Gurnesey cattle association.

REPORT OF BUSINESS FOR 1911-1912.

A report of business of the New Hampshire for the first year is only encouraging in that the expenses and the receipts are about even. The expenses were \$837.17 and the receipts, \$836.45, leaving a small deficit of .74.

It is to be regretted that about 150 of the Alumni and also a large number of the student body have not as yet paid their subscriptions for the year. It is anticipated, however, that a majority of these will be paid in time. There is also about \$10.00 in advertising still due.

The average expense of each issue was about \$20.00 and incidentals, including stationery, stamps and trips amounted to considerable. It is interesting to note that the New Hampshire cost almost three times the amount to publish that the old College monthly did. The yearly expenses for the monthly were generally in the neighborhood of \$300.

A brief report is as follows:

Receipts.	
Subscriptions	\$441.52
Advertising	\$394.91
	\$836.43
Expenditures.	
Printing, Stationery, stamps, etc.	\$837.17
Defecit	.74
	T. J. Twomey, Bus. Mgr.

FRESHMEN RECEPTION.

On Saturday evening, Sept. 14th, the College Christian Association, assisted by the ladies of the faculty, tendered the annual reception to the new men. The speakers were Dean Pettee, P. C. Jones, G. F. Lane, J. H. Annis, C. J. Dresser, T. J. Twomey, J. E. Ladd, O. E. Huse, R. Beach, and Prof. E. E. Hewitt, Chairman R. W. Smart of the social committee introduced the speakers. After the speaking, ice cream and cake were served, and the college orchestra furnished music for dancing.

DE LAVAL CREAM SEPARATORS

Cheapest As Well As Best

Every sensible person wants the **best** of everything, but in many things the best is beyond their means and they must necessarily be content with something less.

In the case of the Cream Separator, however, the **best** is fortunately the **cheapest** as well, and it is of the greatest importance that every buyer of a separator should know this.

Moreover, the **best** is of more importance in the case of the Cream Separator than in anything else, since it means a saving or a waste **twice a day every day in the year** for many years.

It is true that the DE LAVAL Separators cost a little more in first price than some inferior separators, but that counts for nothing against the fact that they **save their cost every year over any other separator**, while they last an average twenty years as compared with an average two years in the case of other separators.

And if first cost is a serious consideration a DE LAVAL machine may be bought on such liberal terms that it will actually **save and pay for itself**.

These are all-important facts which every buyer of a Cream Separator should understand and which every local DE LAVAL agent is glad to explain and demonstrate to the satisfaction of the intending buyer.

If you don't know the nearest DE LAVAL agent please simply address the nearest of our main offices as below.

Rope Pull.

On last Friday, Sept. 13th, the first annual Freshman Sophomore rope-pull took place on Oyster river, just above the falls. This contest has been substituted for the cane-rush of former years, and being an innovation here, attracted hundreds. It was however, very one-sided and the entering class won a speedy victory.

Always ready to write at the first stroke without shaking.

That is a vital point which is lacking in ordinary fountain pens. You can readily understand how this is made possible in a Moore when we explain that the pen when not in use lies submerged in ink which keeps it moist and prepared for instant writing, positively eliminating the necessity of shaking.

But that is not all of its strong features. The Moore can be carried in any position without the least fear of leaking. Has a large ink capacity. Always writes freely and evenly, and is easily filled.

Every Moore Non-Leakable Fountain Pen carries with it the most unconditional guarantee.

You Must Have Your Laundry Done!

Let the LAKE CITY LAUNDRY do it! Note the reasonable prices: Plain Work 30c per doz. Flannel Shirts 5c each. Starch Work at Regular Prices.

SATISFACTION GUARANTEED.

Collections Sunday evenings. Delivery Fridays. We solicit your patronage.

RIFORD & TUBMAN,
ZETA HOUSE

Watch the Freshmen.

Concluded from page 3

Excitement was intense when at the appointed hour twenty picked men from each of the competing classes appeared on the scene. The freshmen won the toss, thereby gaining a decided advantage in the side. The hemp was an inch in diameter, and spanned the water measuring sixtyfeet from shore to shore. Then the men lined up on opposite sides preparatory to the struggle. At 4.30 the pistol was fired. Slowly at first, then rapidly, the sons of 1915 descended into the floods, and coursed steadily across to the other side. In five minutes it was over. The freshmen won.

1915

W. S. Bartlett, R. C. Bowden, J. M. Braggini, R. E. Came, P. E. Corriveau, L. M. Crouch, C. W. Davis, J. S. Elliot, J. I. Garside, A. J. Grant, J. F. Hobbs, R. H. Kinder, L. L. Langley, H. H. Lindquist, A. L. Murdoch, W. T. Parker, W. R. Pattee, C. A. Reed, J. F. Thompson, E. E. Watson.

Without a President.

Concluded from page 1

not exceeded income and the old debt, incurred prior to 1903 has been reduced from \$18,000 to \$10,000. Moreover, entrance requirements and scholarship standards have been raised, courses of study revised and strengthened and higher ideals of college life and work established.

I feel sure that the formative period for the institution is in the past and that with the loyal support of all forces a new president will be able to guide the college to still greater successes.

I am,
Most respectfully yours,
(Signed) W. D. Gibbs.

FRESHMAN POSTERS.

On the same night of the Minstrel show, after the excitement had subsided, the Sophomores secured their posters from Dover and began immediately to put them up for exhibition. There was not much excitement during the early hours of the proceeding, but before morning several attempts were made to tear them down, resulting in the capture of about thirty freshmen. These were peacefully quartered in the chambers of Dr. Grant's barn and kept until seven o'clock, while the Sophomores celebrated their first victory of the new year.

IN COURT

A witness must be sworn, not only to tell the truth, but the whole truth and nothing but the truth.

In household and dairy

is sworn not only to wash away the dirt and grease, but the whole of the dirt and grease, and nothing but the objectionable matter.

That is, it will easily, thoroughly and harmlessly loosen and dissolve everything that is termed "dirt," but it will not injure your hands, tinware, clothing or anything you wash. It makes no suds but softens even the hardest water. It cleans, sweetens and purifies dishes, clothes, floors and tables, pots, pans, milk cans, and every unclean thing without injury.

The drudgery of cleaning is the only thing Wyandotte Dairyman's Cleaner and Cleanser ever destroys.

INDIAN IN CIRCLE

IN EVERY PACKAGE.

Ask your dealer for a sack or order a barrel or keg from your dairy supply house.

THE J. B. FORD COMPANY,
SOLE MFRS. U. S. A.
WYANDOTTE, MICH.,

This Cleaner has been awarded the highest prize wherever exhibited.
