

BATES 19. NEW HAMPSHIRE 14

Hard Battle After the First Period.

New Hampshire lost to Bates Saturday afternoon at Lewiston by the score of 19 to 14. Outweighed 15 pounds to a man, the Blue and White eleven gave the Lewiston team a hard battle and after the first part of the struggle, and the better of the game. There was only one period, however, played of the second half, because, by previous agreement, the contest was called at the end of the third period in order to allow New Hampshire to catch the four o'clock train for Durham.

Bates' superiority was evident in the first half, for during this time its team made three touchdowns and kicked one goal, while New Hampshire only scored once, Woodman recovering a fumble and running 16 yards for a touchdown. Twice by consecutive rushes, the representatives of the Maine state carried the ball half the length of the gridiron over the goal line. The third touchdown was the result of a recovery of a fumble on the 30 yard line, and a series of line plays.

New Hampshire came back in the third period, and gained five times as much distance as did Bates. Brackett, on an end run, aided by good interference, ran 65 yards for New Hampshire's second six points. It was the most spectacular play of the game. The team had the staying powers, which the opposing eleven lacked in this period.

The excellent playing against Bates was due to the fact that the team has been strengthened since the Norwich game by the addition of several new men. Clark and Kiley, varsity ends of experience, have reported and played Saturday. Peavey was at left guard, Williams was given an opportunity at right tackle, and Woodman, at fullback. Peavey and Jenness were stars at their positions. The backfield worked better together, and Jones, Bissell, Brackett, Woodman and Haines, all gained ground. Haines played a hard game when he was given a chance in the second and third periods.

The development of team play has proved costly. The attempts at the forward pass, also, were failures. The pass was tried eight different times, and did not succeed once.

The Game.

Bates won the toss and choose to receive the kickoff. Jones worked successfully a short kick, on which Bissell recovered the ball on the 30 yard line. On formations which followed, Woodman failed to gain, a forward pass was incomplete, Jones made eight yards around right end, and then the latter player punted over Bates' line. The ball was placed in scrimmage on Bates 20 yard line. In three downs, the Maine backfield netted eight yards, and then Dennis fumbled, New Hampshire recovering on the 40 yard line. Woodman ripped off 20 yards in three rushes and Brackett added two

more on an end run. Two more line-ups yielded no gain. Woodman essayed a drop kick, but since the Maine line came through, he tried a forward pass, which was intercepted on the three yard line. Three plays gave Bates 13 yards and then Dennis fumbled, Woodman picking up the ball on the dead run and running over the line for a touchdown. He kicked the goal. Score—New Hampshire 7, Bates 0.

New Hampshire kicked off to Bates and the latter team soon punted. After two downs, the punt was returned, a Bates player catching the ball on his own 40 yard line. From here, with a series of rushes, mostly by Dennis, Bates carried the ball over the line for a touchdown. Dennis kicked the goal. Score—New Hampshire 7, Bates 7.

Bates kick-off to New Hampshire, and Woodman ran the ball back ten yards. Brackett failed to gain and Woodman punted to the center of the field. It took Bates three rushes to place the pigskin on New Hampshire's 35 yard line. Time was called at this point.

Second Period.

In the second period, from the 35 yard line, Bates carried the ball over for its second touchdown. Two successful forward passes advanced it over half the distance gained. Dennis failed to kick the goal. Score—Bates 13, New Hampshire 7.

Bates again kicked off to New Hampshire. Haines ploughed through tackle for six yards. On the next formation, Holton made a poor pass to Haines, and a Bates player obtained the ball on New Hampshire's 30 yard line. Dennis in four plunges, secured the desired touchdown. Thompson failed to kick the goal. Score—Bates 19, New Hampshire 7.

Bates kicked off to New Hampshire, Jones receiving and running the pigskin back 30 yards to Bates, 40 yard line. Haines gained five yards at tackle, failed to gain the next time, and then Bates was penalized five yards for offside. Three forward passes were attempted, all being incomplete, and on the fourth attempt, Bates intercepted the pass on its own five yard line. The half ended a second later.

Third Period.

Bates kicked-off to New Hampshire for the third time. Bissell ran the ball back 16 yards to the 25 yard line. After two unsuccessful attempts to gain Jones punted to Bates 40 yard line. That team after carrying the ball to the 35 yard line, lost it to New Hampshire on downs. Haines ripped up the line for a couple of yards, and then Brackett, aided by good interference skirted the end for a 65 yard run and a touchdown. Haines kicked the goal. Score—Bates 19, New Hampshire 14.

Bates kicked off to New Hampshire. One buck by Haines, and a series of rushes by Bissell and Jenness placed the ball on Bates' ten yard line, where Bissell fumbled, and a Bates man fell onto it. Bates punted past the middle of the field, and Jones returned the punt, the ball going outside on Bates 35 yard line.

Continued on page 4.

FRESHMEN.

All freshmen, desiring to "try out" for "The New Hampshire" board will report to the managing editor for work and instructions.

DR. E. T. FAIRCHILD ELECTED PRESIDENT.

At Meeting of Trustees, the Supt. of Public Instruction of Kansas was Unanimously Chosen as New Head.

The New Hampshire College of Agriculture and Mechanic Arts is no longer without a President. At a meeting of the Board of Trustees, held this noon in the President's office in Thompson Hall, Dr. E. T. Fairchild, Ph. D. and L. L. D., superintendent of public instruction of the state of Kansas, was unanimously elected to the office of President. It is almost certain that he will accept.

Biography.

Dr. E. T. Fairchild is a native of Ohio. He was educated at the Ohio Wesleyan and Wooster University, and received the honorary degrees of Ph. D. and L. L. D. His whole life has been devoted to teaching and educational work. He taught in a Normal School in Ohio and also served as superintendent of Schools in that state. Later he was city Superintendent for a number of years in Kansas and for eight years a member of the Board of Regents of the Agricultural College. He has served for three terms as state Superintendent of public instruction in Kansas, an honor which has come to no other occupant. During his administration state aid for high schools operating and maintaining courses in agriculture and domestic science was secured with the result that 160 high schools have such courses. He secured the adoption of a uniform course of study for the public schools of the state, including the rural schools, the village and graded schools, and the high schools. Agriculture was made one of the regular required branches of instruction in the rural schools and an optional branch in graded and high schools. As a result agriculture is being taught in practically every rural school in the state. Candidates for county teacher's certificates of the first grade must pass an examination in

elementary agriculture. State aid for weak school districts to the extent of \$75,000 may be secured.

Recommendations.

In speaking of his work, one of the authorities in the state says: "that State Superintendent Fairchild has made remarkable contributions to human uplift in Kansas. He has formulated workable and up-to-date courses of study in every rural, grade and high school in the state, which has resulted in untold good to the rural schools."

Dr. Fairchild is chairman of a committee of the National Educational Association on Rural Schools, having associated with him such men as Dr. Bailey of Cornell and Dr. Elliott of Wisconsin. He is also president of the National Educational Association. He has the endorsement of many of the foremost men of the country. One of these, writing said: "My experience with him has created in me a growing admiration for him, as a gentleman, a manly man, a scholar of particularly well informed in educational problems a man of unusual graciousness and tact in handling administrative problems."

Mr. Fairchild has a wife and four children. His oldest son is a graduate of Kansas state university in the mechanical engineering course, and his oldest daughter is a sophomore in the same institution. The younger son is in the graded school in Topeka, and the other daughter is not yet old enough to enter school.

TRAINING TABLES BEGINS.

A training table for the members of the football team has been established at the Utopian Boarding Club. It is the first in the history of the institution. Sixteen men beside the coach, were taken on last evening. These are Capt. Jones, Bissell, Woodman, Haines, Brackett, Reardon, Kiley, Foster, Jenness, Thompson, Williams, Corriveau, Clark, Peavey, Williard and Holton.

GAME WITH TUFTS SATURDAY.

For the first time in a number of years, the football team will play Tufts at Medford, Saturday afternoon. To date, Tufts has trimmed Amherst by the score of 20 to 0, and won from Maine, lost to the University of Maine last Saturday, 14 to 0. The New Hampshire team will probably leave for Medford Saturday morning.

The team has been given a hard practice this week, and has been especially drilled in the use of the forward pass. It is expected that the consistent work this week will give results Saturday.

"Entered as second-class matter September 20, 1911, at the post office at Durham, N. H., under the act of March 3, 1879."

DURHAM, N. H., OCT. 9, 1912.

The trustees are to be congratulated on their choice of president. Dr. E. T. Fairchild has an unequalled experience and record along educational lines. His many years of association in state instructional work has qualified him for the important position as president of New Hampshire College. The college is the highest of the state educational system and needs such a man as Dr. Fairchild to maintain the prestige and high standing, which it now has.

THE BATES GAME.

Again the fighting qualities of New Hampshire's gridiron warriors has been demonstrated. Outplayed in every department of the game in the first quarter of last Saturday's contest, our team held its own in second period, and in the third, rushed the heavy Maine team twice the length of the field only to lose the ball by fumbles.

New Hampshire's line, outweighed fifteen pounds per man, at times impenetrable by the husky opposing backfield; the determined aggressiveness of our backfield men even in the face of nineteen to seven score: these are evidences of the spirit of our team.

Fumbles within sight of victory; occasional poor tackling; inability to break up the opponents' forward passes; poor interference; and lack of time prevented New Hampshire from returning victorious. Her aggressive line and her fighting spirit will make the team invincible on the defence. The overcoming of the existing in team play will make the team into a powerful scoring machine.

LECTURE COURSE:

Since the institution of the college lecture course, its history has been one of continual improvement. Its inception was a series of entertaining and instructive addresses by prominent men who in the past have made the lectures famous.

The faculty committee which has made possible this remarkable series of entertainments deserves our sincere appreciation of its efforts.

RECEPTION BY AGRICULTURAL CLUB.

On Thursday evening, the agricultural club of the college held the annual reception to the new men in the college-club rooms. During the early part of the evening, the college orchestra furnish

ed music, after which refreshments, consisting of ice cream and cake, were served. At the conclusion of the "feed" the assembly was called to order, and Secretary H. V. Bent introduced the following speakers, P. A. Foster, Prof. Fred Rasmussen, Prof. J. H. Foster, Supt. Hayden of the Middleborok Farm, Dover, N. H., Prof. H. J. Gourley Prof. F. W. Taylor, and A. G. Davis '12. After the speaking, the crowd gathered together and gave some enthusiastic yells, and then assembled around the piano to sing a few college songs. The affair, as a whole, was a most gratifying success, there being the largest attendance of any similar meetings in the history of the club.

STOCK JUDGING TEAM MADE CREDITABLE SHOWING.

New Hampshire Won Third Place at Brockton Fair.

The stock judging team, representing New Hampshire College, competed at Brockton Fair last Thursday with teams from all the State colleges in New England. New Hampshire was represented by John E. Ladd, Wendell P. Davis, and Benjamin B. Bean. Although New Hampshire failed to win first place, the team rendered a very good account of themselves by beating out Massachusetts, Vermont and Maine. Rhode Island was first, Connecticut, second, New Hampshire, third; Vermont fourth Massachusetts, fifth; and Maine sixth. One of the satisfactory features of the results from New Hampshire's point of view, was the fact that the team easily defeated Massachusetts, who were forced to accept fifth place. Last year Connecticut was first, Massachusetts, second, and New Hampshire, third.

Prof. O. L. Eckman, who has been coaching the team, accompanied them. Prof. Eckman has had charge of the college judging teams since he came to New Hampshire, and during that time he has turned out teams that have compared favorably with the best in New England.

COLLEGE SOCIAL COMMITTEE

At the beginning of the college year, the social committee elected the following officers: President, Gilbert F. Lane, '13; Treasurer, Prof. Foster; Secretary Harriet Locke '13. This week the representatives of the different class will be around to collect twenty-five cents from each student. This is a small sum and should be gladly paid by everyone, for it is the only means of support which the social committee has.

The next informal is to be given October 12th.

DE LAVAL CREAM SEPARATORS

Cheapest As Well As Best

Every sensible person wants the **best** of everything, but in many things the best is beyond their means and they must necessarily be content with something less.

In the case of the Cream Separator, however, the **best** is fortunately the **cheapest** as well, and it is of the greatest importance that every buyer of a separator should know this.

Moreover, the **best** is of more importance in the case of the Cream Separator than in anything else, since it means a saving or a waste **twice a day every day in the year** for many years.

It is true that the DE LAVAL Separators cost a little more in first price than some inferior separators, but that counts for nothing against the fact that they **save their cost every year over any other separator**, while they last an average twenty years as compared with an average two years in the case of other separators.

And if first cost is a serious consideration a DE LAVAL machine may be bought on such liberal terms that it will actually **save and pay for itself**.

These are all-important facts which every buyer of a Cream Separator should understand and which every local DE LAVAL agent is glad to explain and demonstrate to the satisfaction of the intending buyer.

If you don't know the nearest DE LAVAL agent please simply address the nearest of our main offices as below.

LECTURE COURSE.

Season of 1912-'13 To
Begin Soon,

The lecture course committee is this year planning to present a program, which in some respects, will be unprecedented. The course will include prominent speakers of rare calibre, instrumental musicals, and also the famous Boston Octette, including the Shuberts. Owing to the increased cost of securing the various speakers and entertainments, the price of the season tickets will be \$1.00 instead of 75c. There will be five members in all.

The first number will be Oct. 16; it will be a lecture by John Kendrick Bangs the famous humorist. He has chosen as his subject, "Salubrities That I have Met." This will be an impersonation of various characters and a narration of humorous incidents. The second number will occur Nov. 11, and will consist of vocal and instrumental music, entitled, "Parker's Boston Imperials." This will be the first concert in the course, and will include the famous soprano singer, Miss Hiltz, who traveled with Signor Victor's Italian band last year.

Among the other numbers will be "The Ben Greet Players" in Shakespear's Comedy of Errors." This will be an elaborate affair, presented in costume with stage settings, and will be one of the leading features of the course.

Another number will include a lecture by Thoms Brooks Fletcher, the celebrated orator, who will speak on, "A Martyrdom of Fools."

Tickets are already on sale in the hands of students. The regular price is \$1.50 with the special price of \$1.00 for students.

ORCHESTRA AND GLEE CLUB PROSPECTS.

With the increased total enrollment of students in college, it has been found that there is also a marked increase in musical talent. The prospects for an excellent orchestra and first-class glee club are exceedingly bright. At the present time, there is a larger orchestra than last year, with several new men, who are proving themselves of the right calibre, on the list. It is hoped that this year rehearsals will be held every week. This is something that has never been done heretofore, and it should aid greatly in improving the efficiency of the organization. It is also hoped that short concerts will be given in the gymnasium before each informal.

Although the Glee Club has not had many rehearsals as yet, it is expected that there will be even a larger and better combination than the one last year. After the club becomes better organized, trips will be taken thru out the state, similar to the ones taken to Concord and Manchester last year. This year, it is probable that Manchester, Concord, Nashua, Laconia, Dover and other places will be visited.

CONVOCATION EXERCISES.

On Wednesday, October 2, Prof. Fred Rasmussen gave the address in chapel. He spoke upon "His Recent Trip to Denmark." His discourse was full of humor and was exceedingly interesting as well as instructive. He emphasized the feeling of patriotism which every Dane feels for his country, and also told how good a feeling existed between Denmark and the United States.

Always ready to write at the first stroke without shaking.

That is a vital point which is lacking in ordinary fountain pens. You can readily understand how this is made possible in a Moore when we explain that the pen when not in use lies submerged in ink which keeps it moist and prepared for instant writing, positively eliminating the necessity of shaking.

But that is not all of its strong features. The Moore can be carried in any position without the least fear of leaking. Has a large ink capacity. Always writes freely and evenly, and is easily filled.

Every Moore Non-Leakable Fountain Pen carries with it the most unconditional guarantee.
