SOPHOMORE'S 12 FRESHMEN 7. Good Game on Muddy Field.

In a game replete with good and bad playing, the Freshman football team was defeated Saturday, Nov. 16, by the Sophomores, 12 to 7.

The muddy condition of the field proved a hindrance to the heavy Sophomore team, and time after time it was thrown for a loss by its lighter opponents.

The two elevens were very evenly matched and luck favored first one and then the other. The Sophomores, however, were greatly assisted by four men from the Varsity team, while Holton was the only Varsity man in the Freshman line up.

The Sophomores were the first to score and this came in the second period. After having recovered the ball twice on Thompson's failure to kick goals from the field, Fernald rushed the ball over for a touchdown. Thompson, however, failed to kick the goal. The Freshmen scored their only touchdown in the third period when Brown intercepted a forward pass, and with excellent interference, ran 60 yards for a touchdown. Bugbee kicked the goal, placing the Freshmen one point in the lead. The Sophomores, however, came back in the fourth period with a grim determination to win, and after a series of linebucking plays, placed the ball on the Freshmen's 10 yard line. Here, the 1916 team in its eagerness to stop the onrush were off side, and as the ball was put in motion, the umpire's whistle sounded. Thinking the ball would be brought back, they stopped playing and Watson went over for a touchdown. The Freshmen were declared off side, but Capt. Corriveau of the Sophomore team refused the penalty and the touchdown was counted. The game ended shortly after with the ball in the center of the field.

For the Freshmen, Manter proved to be the greatest ground gainer while Sanborn and Burbee both played a consistent game.

For the Sophomores, Murdoch, Corriveau, Parker, and Thompson succeeded in ripping up many of the Freshmen's formations before they were under-way.

The game in detail is as follows: the Freshmen won the toss and chose to defend the east goal. Thompson kicked off and Bugbee ran the ball back 10 yards Holton made two yards at left tackle and Manter followed with a five yard gain through center. On a quarter back run Burbee netted a three yard gain. Manter again crashed through the line for five yards. Holton reeled off five yards around right end and Manter made four at center, making first down on the Sophomore's 40 yard line. Holton attempted a forward pass but the ball struck the ground before anyone could grab it. It was brought back and put in play again. Bugbee tried the right end but was unable to gain. He punted to Watson who ran the ball back seven yards. The Sophomores failed to gain and were forced to punt from the center of the field. A little later the period closed with the

ball in the Sophomore's possession on their own 45 yard line.

Second Period.

After a series of plays, the Sophomores succeeded in placing the ball on the Freshmen's 10 yard line. Here Thompson attempted a goal from the field but failed and Watson recovered the ball. He couldn't gain through the line and Thompson again tried for field goal which went into the line, Bartlett recovering. Fernald was then sent over for a touch down. Thompson failed to kick the goal. Period closed with the pigskin in the Freshmen's possession on the Sophomores 25 yard line.

Score: Sophomores 6, Freshmen 0.

Third Period.

Bugbee kicked to Thompson who ran back five yards. Watson was unable to gain but Murdoch made five yards through tackle. Davis was thrown for a loss in his attempt at an end run. Fernald then attempted a forward pass but Brown intercepted the ball and ran 60 yards for a touchdown. Bugbee succeeded in kicking the goal.

Bugbee again kicked to Thompson who ran the ball back seven yards. Watson made seven at left tackle, but Murdoch failed to gain. On a quarter-back run, Fernald netted an eight yard gain. Here the period closed.

Fourth Period.

In this period, Sophomores started off with a jump and soon placed the pigskin on the Freshmen's 10 yard line. Here, the 1916 team held for two downs. As the ball was put in motion, the whistle sounded and the Freshmen stopped playing while Watson went over for a touchdown. The Freshmen were off side, but the 1915 team refused the penalty and were awarded the touchdown. Thompson again failed to kick the goal. The game ended with the ball in the center of the field. Final score, Sophomores 12, Freshmen 7.

The lineup:

| Freshmen | Sophomores. |
|---------------------------|------------------|
| Sanborn, le | re, Corriveau |
| Runnals, lt | rt, Thompson |
| Smith, Wheeler, Swett, lg | rg, Bowden |

Score, Sophomores, 12. Freshmen, 7. Touchdowns, Fernald, 2, Brown. Goal from touchdown, Bugbee. Umpire Willard. Referee, Williams. Head linesman, Annis. Linesmen, Lindquist and Pettee. Time 8 minute periods.

BASKET BALL SEASON TO BEGIN DEC. 1.

Basketball season will begin Dec. 1. Coach "Tod" Eberle is at present at his home in Philadelphia. Before going away, he stated that he would be back about this time and practice would be started immediately on his return.

Manager C. Adams '13 has not as yet completely arranged the best of games for the season. He said, however, that it would be ready for the next issue of The New Hampshire. It is understood that games will be played with Wesleyan, Williams, Massachusetts Institute of Technology, Rhode Island, Cushing, Andover, Springfield Training

SECOND LECTURE OF THE COURSE. Musical Was a Marked Success.

On Monday evening, Nov. 11, the second number of the New Hampshire Lecture Course was given in the chapel at Thompson Hall. The entertainment consisted of a concert, given by Parker's Boston Imperials, led by Evangeline Hiltz, prima-donna soprano.

After a pleasing prelude by the New Hampshire College Orchestra, Prof. Frank C. Moore introduced the artists. He said that the company differed from most opera companies in that it contained a flute, harp and violin.

The program which followed was of the highest kind. It consisted of a harp, flute and violin trio; quartet selections accompanied and unaccompanied; harp and violin solos; a bass solo; and two selections by the entire company.

A very prominent characteristic was the expression that each member put into every note that was played or sung. Especially was this true of the last member, "The Blue Danube Waltze", when the whole audience seemed to sway with the music.

Perhaps the selection that was liked the best, however, was "Old Favorites", sung by the entire company. Such pieces as "Old Black Joe," "When You and I Were Young, Maggie" and "Going Through the Rye" were given in a manner that brought much applause from the hearers.

Many humorous encores were given, which served as a fitting contrast to the more serious and classical listed numbers.

Nearly every seat in the chapel was occupied and it is safe to say that every one that was present will attend the remaining numbers if the high standard set by the past is continued.

LETTERS AWARDED.

According to the constitution of the Athletic Association, the 13 men who play the most number of minutes in the last two games of the season are awarded their letters. The manager of the team is also given the usual manager's N. H.

The list of the successful players, who played the most number of minutes in the last two contests which were against Rhode Island and Massachusetts is given below:

| | R. I. | Mass | total min. |
|---------------------|-------|-------|------------|
| Williams | 48 | 60 | 108.00 |
| Willard | 48 | 60 | 108.00 |
| Brackett | 48 | 60 | 108.00 |
| Bissell | 48 | 53.10 | 101.10 |
| Clark | 38.50 | 60 | 98.50 |
| Corriveau | 38.05 | 60 | 98.05 |
| Holton | 38 | 60 | 98.00 |
| Peavey | 47.30 | 44.30 | 92.00 |
| Woodman | 27 | 60 | 87.00 |
| Jenness | 35.15 | 32.55 | 68.10 |
| Jones | 48 | 11.05 | 59.05 |
| Murdock | | 51.50 | 51.50 |
| Haines | 12.45 | 23.25 | 36.10 |
| Manager G. F. Lane. | | | |

The marriage is announced of Miss Eleanor W. Small of Roxbury, Mass., to Bertram E. G. Silver, N. H., 2 yr. '10.

INITIATION BANQUETS.

The various fraternities and societies of the college held their annual initiation banquets Friday evening, Nov. fifteenth. Initiates and visitors were: Theta Chi Rogers '12, A. H. Sawyer '12, J. D. Lary '16, Guy Chase '16, F. S. Manter '16, E. T. Manning '16, H. S. Kidder '16, N. C. Hurd '16, and L. P. Philbrick '16. L. W. Hitchcock Epsilon, and J. H. Foster Alpha were also present.

Zeta Epsilon Zeta.

Zeta Epsilon Zeta: A. D. Smith ex '13, G. W. Burke, '16; E. F. Sweet, '16, Geo. Arnold, 2 yr '14, P. Flanagan, O. C. Work '06, R. H. Hayes, '16, W. R. Partington '16, F. H. Carpenter '16 and J. R. Christie '13.

Kappa Sigma.

Kappa Sigma Initiates: 1915, Leon Meader Crouch; 1916, Clifford Hardy Burbee, Earle Joseph Carleton, Leland Worthen Davis, Edward Deering Fuller, Charles Swett Pettee, Harold Arthur Steele, Walter Ira Waite, Paul Stanwood Ward.

Guests, D. W. Anderson '10, J. M. Leanordex '10, E. H. Burroughs' 10, H. L. Whittemore '12, G. M. Loomis, J. W. Fullerton '98, G. H. Campbell, Bowdoin '04, C. A. Hunt '01, H. H. Calderwood '01, E. M. Hill Harvard, T. J. Laton '04, Prof. Richard Whoriskey, A. D. Tilton, Bowdoin, E. H. Bigelow, Maine, J. Garland, Harvard, H. W. Hyland, Massachusetts, L. W. Douglas, Vermont, H. C. Holden '12, E. E. Cole ex '13, B. R. Wells '12, C. F. Whittemore '11.

Beta Phi.

D. P. Crockett, W. E. Howard Jr., R. J. Bugbee, J. C. Hadley, A. O. McCartney, R. M. McCartney, R. H. Parker, F. P. Preston, H. R. Runnals, V. H. Smith, V. A. Perkins, W. J. Nelson, O. C. Brown, and F. K. Rand. Visitors: C. E. Peel '09, O. E. Huse '12, H. A. Hardy '10, Osgood, Sherburne, P. M. Phillips '12, R. P. Buxton ex '13, and L. F. Fernald ex '14, G. W. Berry '12, and C. H. Hadley.

Gamma Theta Initiates.

William H. Barr, Ralph H. Bissell, 2 yr '16; Eaton L. Blake, Harold S. Brown, George W. Campbell, Theodore F. Cram, Leon W. Cooley, Bernard H. Dwight, Stephen W. Dyer, Frank D. Ellsworth, Daniel H. Goodwin, Horace G. Holton, George H. Page, Fishel Price, Ralph R. Pitman, Herbert A. Scruton, Joseph A. Sullivan, Harold G. Woodman, 2 yr '14.

Visitors.

John C. Page, '08, Henry B. Philbrook, '10, Harold C. Read, '10, Albert H. Brown, '11, Arthur J. Leighton, '12, George H. Pettingill, Ex, '09, Leland S. Foster, ex, '12; J. Watson Pike, ex, '14; Lewis B. Robinson, Ex, '15.

CORN JUDGING TEAM.

Considerable interest is being shown this year at New Hampshire in "trying out" for the corn judging team, which will represent the college at the New England Cotton Show, to be held in Boston, Nov. 19-20.

Already fourteen candidates have reported. An appropriation of twenty-five dollars has been made for the purchasing of cups and purses, to be awarded the prize winners. A great deal of competition is expected, as teams, from Mass., Maine, R. I., N. H., Conn., are expected to be present.

DURHAM, N. H., Nov. 20, 1912.

The inherent antipathy of engineering cultural courses outside of their own department has often been severely condemned. The following extract from an address by an alumnus, to engineering students of the University of Pennsylvania is worthy of notice: "Engineering is a great profession; the engineer is a professional man. In the old days, there were three so-called learned professions, the legal, the medical and the clerical; and all the remainder of the population were ranked among the uneducated. Practically all the men who obtained a college degree entered one of these three learned professions. This condition, as you know, no longer exists; the colleges and universities have for many years given a liberal education to men who have later gone into business life. There still remains, however, among the members of these three professions, a feeling that they possess a broader culture and are actuated by higher ideals, than belong to any other class of the community. What I now claim for engineering as a profession is that it has earned the right to be ranked with these other professions, as being a learned profession. As a means of exercising and developing the various faculties of the mind, in the preparations for this profession, and as a factor in advancing the civilization of the world, demanding an active imagination and exalted idea, in its practice, the profession of engineering deserves to rank as one of the great professions, or grand divisions of human endeavor. Let me urge upon you to realize this, to view your chosen profession as a thing to be proud of, to look upon yourselves as professional men. Such a point of view will lend dignity to your work and add a distinct value to your lives. But if this great profession is to maintain its high standing, the members of it cannot afford to confine their education too narrowly along technical engineering lines; they must possess that fund of general knowledge that is the heritage of all educated men. The great events of history, the great philosophies of life, the great works of literature and of the fine arts, the origins of our own language,—a general acquaintance with these things is a necessity if the engineer is properly to fulfill his mission, and to hold his own in contact with his co-workers in life. An engineer who knows nothing but engineering is doomed to be a draughtsman or to occupy some subordinate position in constructing work. Probably a large majority of engineering graduates in these days become operating engineers, occupying positions where they assume responsibility for the successful carrying-on of departments in companies, factories or mills, where the processes

are founded on an engineering basis. These positions require the engineer to possess executive ability and to cooperate on an equal with those in charge of other branches of the work. In other words, he must be a successful man of affairs,—a business engineer. One does not need to spend much time in studying the careers of those engineers who occupy positions of great responsibility in public service corporations, or in the great manufacturing companies, to realize that these men are cultured gentlemen, with a large fund of knowledge, and a wide range of interests, underlying their technical engineering ability. The successful engineer is he who dignifies his profession by leading a fully rounded life, measured by the general standards of education and culture."

ALUMNI ATTENTION.

The registrar is compiling the directory of the Alumni, which is issued every two years. With the following exceptions, the correct list of graduates have been obtained. It is requested that any of the Alumni who know the addresses of the names given below, will please forward them to the registrar immediately.

Four year men Ohannes A. Arosian 1911, Henry E. Batchelder 1909, John J. O'Connor, 1908, James D. Cash, 1908, Charles L. Tuttle 1906, Charles S. Batchelder 1906, Neil S. Franklin 1906, W. A. Barker 1904, Ralph H. Rollins 1903, H. P. Andrews 1900, Fred D. Sanborn 1898, Delbert A. Wheeler 1887, Mason Woodruff 1897, John N. Hunt 1897, Linwood C. Gillis 1889, W. N. Hazen 1888, Herbert G. Davis 1888, Arthur W. Hardy 1887, Paul C. Brooks, 1885, Charles M. Woodward 1883, A. C. French 1883, Ezra E. Adams 1878, E. L. Brigham 1876, Frank P. Curtis 1875, Erasmus F. Eldredge 1875.

Two year—F. G. Wear 1912, C. D. Henderson 1912, R. M. Dole, 1911, C. N. Stetson 1911, Leslie C. Martin 1909, George C. Manning 1903, G. R. Brew 1902, T. N. Weeks, 1902, R. E. Whittier 1902, R. H. Pearson 1900, L. C. Stratton 1897.

Basket Ball Season to Begin Concluded from page 1

School, Boston University Law and the Alumni.

There is no reason why New Hampshire should not have a good team this year with material which is available. Captain Jones, who has played forward during the last two season will head the list of players, and he has left from last season's letter men, "Noah" Sanborn, Came, '15 and Thompson '15, an excellent nucleus around which to build a winning five.

For center, Sanborn, who has played for the last three years, will be out. Jones may be relied to hold one of the forward positions. Both Came and Thompson were the extra men of the seven last year, and it is probably that they will make the back positions. There is a chance for a new forward. The material in the entering classes is at present an unknown quantity.

DE LAVAL CREAM SEPARATORS

Are in a Class by Themselves

They cost but a little more than the cheapest, while they save twice as much and last five times as long as other separators.

They save their cost every six months over gravity setting systems and every year over other separators, while they may be bought for cash or on such liberal terms that they will actually pay for themselves.

Every assertion thus briefly made is subject to demonstrative proof to your own satisfaction by the nearest DE LAVAL local agent, or by your writing to the Company direct.

Why then, in the name of simple common sense, should anyone who has use for a Cream Separator go without one, buy other than a DE LAVAL or continue the use of an inferior separator?

N. H. COLLEGE FRUIT JUDGING TEAM WINS SILVER CUP.

At the intercollegiate fruit judging and packing competitions, held last Friday, November 8th, at Horticultural Hall, Boston, in connection with the Massachusetts fruit and chrysanthemum exhibition, the New Hampshire College team secured first place and won the silver cup in fruit judging. The team also secured second place in the apple packing competitions.

The contests were held under the auspices of the Agricultural Student's Federation, and were open to teams from the six New England state colleges. This year only three colleges namely New Hampshire, Massachusetts and Vermont sent teams. Under the Students' Federation rules, each college entered three men in each contest. Each man was required to pack one box and one barrel of apples; twenty-five minutes were to be allowed for a barrel and twenty for a box, and the men were judged on the time, character, and quality of pack.

In almost every instance the packages were finished within the allowed time, G. B. Huse of New Hampshire, packing and heading his barrel in good form in the record time of 11½ minutes. The scores in the packing contest were:—Mass. 281½; New Hampshire 259; Vermont 251½; out of a possible 300.

In the judging contest twenty-five or more plates, of 12 apples each, of the nine most popular varieties, were used. The contest consisted in selecting and placing in order of merit the best five plates of each variety. Three hours time was allowed and nearly all of this was used by each man. The results were N. H. 241; Mass. 235; Vermont 226. W. A. Osgood of N. H. was high man with an individual score of 86.

These contests, especially the box and barrel packing, attracted considerable attention and was watched carefully by commission men, dealers, and fruit growers, present, and was altogether a creditable affair to all the colleges represented.

The Massachusetts team as chosen and trained by Prof. Sears, while the New Hampshire team was chosen by Prof. Wolff and trained by him and Prof. Gourley.

FRESHMEN SQUELCHED AGAIN.

The over-exuberance of the '16 class gave rise, last Tuesday evening, to a situation replete with both humor and pathos. For some inexplicable reason, the worthy knights of '16 suspected that the sophomores were going on their banquet, and so they advanced on a few, found them completely, and deposited them in the Gamma Theta barn for safe-keeping. Unfortunately, however, for the freshmen, word was sent to the upper end of the town in regard to the situation in the business section, and immediately a band of huskies set out for the scene of the conflict. There is little more to tell. A short and snappy "free-for-all" and quietness reigned supreme in the little barn by the block. When the dust cleared away it revealed the vanquished freshmen, including their highest officer, bound hand and foot with the salsame things with which they had only just finished binding their bitter rivals. Good feelings, however, were not ruptured, for the captors soon released their captives, who in their turn replied by organized lusty cheers for 1915.

Prof. Fred Rasmussen speaks on Wednesday Nov. 20, to the "Scientific Society" at St. Paul's School, Concord, N. H. His talk will be on "Milk and It's Relation to Public Health."

Does It Pay To Exaggerate ?

We have been in business for a great many years and we believe we know that it does not. We never believed in selling, as you might say, \$4.98 merchandise for \$4.98 and calling it \$10.00 value. Our stores consider a customer first and itself last—customers' needs—customers' limited purse—customers' ignorance of goods. Then gives good honest measure in every way.

We believe we understand modern merchandise, and say to each and every one of our customers, "If anything you buy at either of our two stores is not satisfactory in every way, meet us face to face and we will make it right." We believe this is the square way of conducting business, and builds onto a business year after year, no matter what its size is. All is anything bought of us that isn't right, do not be afraid to tell us. Let us right any wrong or any imaginary wrong.

Our Customers' Interest is First and Foremost.

ANNUAL TWO YEAR FOOT-BALL GAME.

The 2 yr, 1912 and 1914 foot-ball teams played their annual game Thursday afternoon in a drizzling rain. The second year team sprung a surprise by defeating their opponents 6-0. The victory was largely due to the stonewall resistance of the second year line and the speedy work of its back-field. The lineup:

| | |
|---------------------|-------------------------|
| Graham le | McCarten re |
| Converse (Robie) lt | Paul rt |
| Brown lg | Dodge, R. M. rg |
| Dawson e | Marat e |
| Pascoe rg | Shehy lg |
| Robinson, G. C. rt | York lt |
| Blodget re | Moulton (Brailsford) le |
| Priest qb | Drew q b |
| Smith lhb | Dodge, J. A. rhb |
| Robinson, W. H. rhb | Woodman lhb |
| Huse fb | Mosher fb |

Score, 2yr 1913, 6; 2 yr 1914, 0. Touchdown, Huse. Umpire, Yates. Referee, Brackett. Time, Four seven minute periods.

PICTURE OF THE TEAM.

A picture of the football squad, snapped out on the field on a night of practice before the Manchester game will be published in the next issue of The New Hampshire. With one exception, all of the letter men will be in the group. It is to be regretted that one letter man will not be in the picture, an unfortunate circumstance which could not be helped.

Modern History.

Modern History of the dairy world reveals these facts.

Sanitation is a constant watchword to those who produce the highest quality products.

Correct dairy sanitation cannot be produced by soap compounds, strong caustic or corrosive chemicals, or inefficient cleaning agents.

The height of dairy cleaning perfection is attained only by Wyandotte Dairyman's Cleaner and Cleanser, the one cleaning agent now used by eighty per cent of the Buttermakers, and by thousands of Dairymen, Milk Dealers, Farmers.

makes modern dairy history really and truly modern. In composition and in cleaning results it is as superior to old fashioned cleaning agents as is modern machinery to those types found in ancient history. And like modern machinery it does more work and better cleaning in less time and with less effort than other dairy cleaning materials.

Furthermore, it costs you no more to use Wyandotte Dairyman's Cleaner and Cleanser than what you now use. It is decidedly to your profit to phone or ask your dealer for a sack or to write your supply man for a keg or barrel.

Why not do it today?
