DURHAM, N. H., DECEMBER 11, 1912

PRICE 5 CENTS

H. L. BRACKETT ELECTED CAPTAIN.

J. E. Davis, Manager of Football Team.

At a meeting of the football team, Saturday, Dec. 7, William H. L. Brackett, '14 was elected captain for next year. Brackett was the only man nominated and his election was unanimous.

Brackett is one of the most popular men around the college. He is a member of Zeta Epsilon Zeta fraternity and Casque and Casket. Besides this he is captain of this year's baseball team and has played on all his class teams. He is also president of his class. He played quarterback on the 'varsity team his freshman year and held that position ever since. He is an exceptionally fast man and under his captaincy New Hampshire college should produce a team that will be deserving of the college.

Before the meeting the football team had their pictures taken at Cunningham's in Exeter.

John Davis Elected Manager.

The committee on the election of football manager met last Friday and elected John Davis, of Portsmouth, N. H., to that position. Davis is a member of Kappa Sigma and Casque and Casket fraternities and business manager of this year's Granite.

N. H. C. BRANCH A. I. E. E.

The first meeting of the New Hampshire College Branch, American Institute of Electrical Engineers, was held at the College Club on Monday, Nov. 25. N. D. Paine, G. A. Lang, C. W. Work, and R. Beach spoke on several phases of "Electrification of Steam Railways." After an open discussion by faculty members and students, the meeting was adjourned. The next meeting of the branch will be held in the physics lecture room next Monday evening. Robin Beach, '13, will give an address on "Steam Turbines."

COACH EBERLE TO SPEAK.

On next Sunday afternoon at five o'clock, Coach Tod Eberle will speak to the Christian Association on, "Clean Athletics." Every man should endeavor to be present, as this phase of college-life is worthy of thoughtful consideration. Special music will also be secured for the meeting.

CHRISTIAN ASSOCIATION MEETING.

One of the most helpful meetings of the year was held in the church chapel Sunday afternoon, Dec. 8. It was conducted by "Heinie" Lindquist, who spoke upon "A Man's Privilege."

SUITS IN BY SATURDAY.

The manager of the football team has posted a notice that all football uniforms must be handed in by Saturday afternoon, Dec. 14.

REPORT OF THE FOOTBALL SEASON.

The expenditures and receipts of the football department for the season of 1912 are given below. There are some outstanding bills at present and therefore the balance shown is not correct. However, the final balance will not vary much from that given.

From a glance at the report, it is seen that the apparent deficit is \$123.88. This is no discredit, however, to the manager and is the best that could be done under the circumstances. The report also shows that the medical bills were unusually high for the season, the reason being that a number of fellows were hurt. It is also seen that \$274.00 was spent for football supplies, most of which are available for next year. At the first of the season, it was found that there were not enough uniforms for the candidates, and consequently, a new supply of goods had to be bought. Suits were furnished to fifty.

The report is as follows:

Expenditures.

Printing (tickets, advertising, Etc.)	\$91.55
Correspondence	7.75
Traveling expenses	404.01
Guarantees paid	624.10
Medical attendance	64.35
Football supplies	
(Includes Pants 16.50	
Jerseys 43.75, Shoes 66.00,	
Shoulder pads 27.30, stock-	
stockings,	
Nose guards, etc.,	274.00
Miscellaneous expenses	
(Including Training Table	
33.21, Expenses of band to	
Manchester 29.67, and	
Miscellaneous supplies, etc.,	213.87
Coach	500.00
Officials	103.50
Total	2283.13

Receipts.

Gate receipts	969.25
Guarantees	340.00
Apportioned to Football Department by Association	850.00
Total	2159.25
Balance Deficit	\$123.88

Dec. 7, 1912.

PROF. J. FRED SMITH.

One of the recent deaths of a New Hampshire alumnus was that of Prof. J. Fred Smith Principal of Campbell Union High School, of Campbell, Prof. J. Fred Smith was born in Winchendon, Mass., Sept. 8, 1852. At the age of 20, he graduated from New Hampshire in the class of '72. He was awarded the honorary degree of A. M. from Dartmouth in 1883.

His whole life has been devoted to teaching and in 1900, he was made Principal of the High School of Campbell, Cal., a position he held until his death. He also received the degree of A. B. from Leland Stanford University in 1900. Prof. Smith was one of the best respected citizens of Campbell, Cal.

BEN GREET PLAYERS TONIGHT.

Every man out to see the famous Ben Greet Players present Shakespeare's, "Comedy of Errors," in Thompson Hall tonight.

PRES. FAIRCHILD DELIVERS GREETING

Dr. Webster Addressed the Students.

The convocation exercises of December 4 were marked by the presence of Pres. Fairchild in addition to the regular speakers.

Dean C. H. Pettee was the first to speak. After thanking the faculty and student-body for the hearty support, given him during the period in which he had been acting as president, he called upon Pres. E. T. Fairchild. As he arose to speak, the new president was heartily applauded.

He opened his remarks by stating that, as he assumed his new duties, he had a feeling of great responsibility, that the greatest duty which devolved upon him was that of being of greatest service to New Hampshire College.

The president said that the chief reason why he left his duties in the West and came to New Hampshire was because he believed in this type of an institution. He believed in the purposes for which it stood and wished to do all in his power to see those ideals and purposes realized.

His final words were to the effect that he would be ever ready to be of personal assistance to anyone. He hoped that every student would feel perfectly free to converse freely with him at any time. "The doors of my office," said he, "are never locked during the working hours of the day."

At the conclusion of his remarks, the student-body, led by cheer-leader, Robin Beach, responded with strong, lusty cheers.

After the echoes of the cheers had died away, the regular chapel speaker, Dr. Webster, Principal of Holderness School, addressed the students.

The subject of his talk was "Brotherhood." He showed that human society was made up of several individual units, and that each unit was one person. When a single individual, said he, fails to perform his duties, however small those duties may be, the whole system, which we call society, must suffer.

THE ALPHA CHI SIGMA SOIREE.

The Alpha Chi Sigma fraternity, a professional chemical fraternity, was founded at the University of Wisconsin on December 11th, 1902. Alpha Chi Sigma has since flourished and the Mu chapter was instituted at New Hampshire in April 1911. The local chapter in commemoration of Founder's Day co-operated with the college social committee and on Saturday evening Dec. 7th, gave an Alpha Chi Sigma soiree. This affair was one of the most successful of the Saturday night "Informals" of this year and everyone who accepted the opportunity to be a guest of the chemical fraternity enjoyed a most pleasant evening.

The matrons were Miss Miriam Hobbs, Mrs. Hobbs, and Mrs. Perley. The committee was comprised of J. C. Morgan, '13, and G. L. Ham, '14, of Alpha Chi Sigma; Miss Sadie Johnson, '16, and H. Annis, '14 of the social committee.

BASKETBALL PRACTICE OF THIS LAST WEEK.

Basketball is now in full swing with a squad of 35 candidates. Coach Tod Eberle has been putting the squad through a rigid practice and a team is fast rounding into shape. Four of last year's men are back, namely, Capt. Jones, Thompson, Sanborn and Came. There is some exceptionally fast material out and they should push the veterans hard for their places. The men have been divided into various teams every afternoon and short games played.

Manager Carroll Adams is trying to arrange a game for the coming Saturday evening with the St. Anselm's team. If this game is secured it will mean good practice for the team and will show what the various men can do, as St. Anselm's always put an exceptionally fast team onto the floor.

Below is given a list of the men who have reported for practice this past week; Capt. Jones, S. Sanborn, N. Sanborn, J. Sanborn, R. Sanborn, Came, Thompson, Lindquist, Reed, Watson, Price, Goodwin, Torrey, Steele, Burbee, Hoitt, Waite, Arthur, Annis, Cobleigh, Gale, McPeters, Swett, Hooper, Campbell, Crockett, Sellers, Scott, Arnold, Paul and Moulton.

FOUNDER'S DAY.

On Tuesday evening, Dec. 10th, the local chapter of Kappa Sigma celebrated Founders' Day. In connection with this observance an informal reception was tendered. Dr. Fairchild. About fifteen members of the faculty and a few alumni of the chapter joined the members of the fraternity during the evening.

GYM WORK COMMENCED.

Monday noon, Dec. 9th, company A., went through calisthenic and apparatus work on the floor of the gymnasium. This work will continue for the various companies of the battalion until next spring. Second Lt. Jones is acting as physical director with Color Sergeant Paulson as assistant.

ALUMNI NOTES.

Stephen De Merritt, '12, who has been engaged in electrical work in Pittsburgh, Pa., has been compelled to leave on account of poor health. He is now at home in Durham.

D. J. Black Ex-'06, is practicing medicine in Manchester, N. H. Joseph R. O'Connor, Ex-'14, now of St. Anselm's College, was a visitor in town Friday Nov. 29.

"A distinct tendency toward equalization is noted in the selection of major courses at Harvard. Whereas last year economics and history and kindred subjects were far in the lead, with the languages a very poor second, this year's figures indicate that the difference in popularity of the two groups is very small. The natural sciences too have made a considerable gain. Economics has dropped from forty-five per cent of the whole to thirty-seven; the languages have increased from thirty to thirty-two and the natural sciences from three to six."—Boston Evening Transcript.

A petition from the undergraduates, requesting that a chapter of Sigma Si, the honorary scientific society, be established at New Hampshire, has been presented to the faculty. As a result, Professor O'Kane was appointed chairman of a committee to consider the question more fully. The following members of the faculty are entitled to wear the Sigma Si Key: Professors O'Kane, Taylor, Jackson, Hewitt, Katz, Perley, and the assistant botanist, Miss Caroline Black.

DURHAM, N. H., DEC. 11, 1912.

Dr. E. T. Fairchild, the new president of the State College, was in Manchester on Thursday with Trustee W. H. Caldwell of Peterborough who introduced Dr. Fairchild to many Manchester people. The doctor stated that he did not know when he would be inaugurated. He stated that he wished to become well acquainted with the real conditions and work in the state. Manchester Union:—It can be seen that Dr. Fairchild is busily engaged in making preparations to give New Hampshire the best administration possible.

The students of Hobert College have sent a petition to the trustees in which they ask for a business man for president, not a minister as heretofore. With all do respect to the clergy we may feel happy that New Hampshire has secured as president a business man who has shown results in other fields.

What a hearty welcome was accorded to President Fairchild a week ago when he appeared in chapel for the first time! How amply, too, we were compensated for an applause by his kindly smile and his words of deep conviction! His sincere address of introduction impressed students and faculty alike with the admirable purpose which dominates his life. A desire to become of greater service and a firm belief in our type of institution have actuated him in accepting the presidency. In addition, he possesses a noble desire to be of help to us personally.

President Fairchild, we pledge to you our best efforts in the attainment of your purpose. For your interest in us individually we offer you our deepest gratitude.

Congratulations upon your election, Captain Brackett! You have accepted a position of great trust at this time in the history of the college, for football is soon to come into her own here at old New Hampshire. So, in a sense, you are the one man on whom rests the responsibility of a successful season. As "clean football" has ever been your policy, may you inculcate in the team a desire for fair play that shall exhibit itself in a decisive manner. Bill, in you we repose our utmost confidence.

INSPECTION BY MAJOR GALE.

Ho! It is the Ghost of Ceasar that comes with stately tread?
Ah, No! 'tis but Major Gale coming in his stead!

At 11.15 A. M., Friday, Dec. 6th. the Major in most dignified poise prances forth with measured tread from the door of the armory softly humming "Gee! But It Is Great to Wear the Uniform." The very atmosphere is humid, the trees salute, children salam as this rival of Kaiser William paces off the intervals of thirty inches between the gym and the parade ground.

A peal of thunder—"Captain, prepare your company for inspectio-n-n-n!"

Quaking knees, quivering lips and throbbing hearts along the lines (pardon, Major-ranks) —"Open ranks, march! Blankety-Blankety-Blank-Blank! ! X ? X ! Private —, don't you know how to do right dress?"

The major makes a most courageous change, attacks the force alone and unassisted, grapples the erring private and conducts the miserable culprit to the front of the company. A suppressed sigh of admiration sweeps over the entire body of pale, trembling gun-bearers. Then follows a monologue of acetic commands accentuated with awe inspiring contortions by the majestic inspecting officer. The private after having endured the torture of having, through the vigorous administrations of the major, his shoulder dislocated and reset three consecutive times and his head completely revolved on his shoulders, slinks back to the mental throng.

The inspection proceeds, "Captain, report this man for a shine; this man for a shave; Private — for dirty gloves!" is heard along the line. These ejaculations are interspaced with various objurgations and reprimands. Every company is finally inspected with microscopic minuteness and the major stalks off with a complacent smile on his military countenance.

Candidates for the relay team were called out last week by Coach Tod Eberle and about ten men reported. The men are now running a couple of laps daily on the running track to lengthen their stride and to get into condition. The regular call for candidates for the track team will come a little later. With the prospects of much material in the freshman class and the amount of old men back, New Hampshire should produce a fast track team.

"My Old Morris Chair!"

The affectionate tone of the words spoke volumes for the comfort of that chair.

A Morris chair has a personal quality you miss in most chairs. It fits itself to you: seems to take you in its arms on cold evenings, and you sink into it with a sense of restful ease.

Morris chairs are simply built that we can sell them very low. They're the cheapest good chairs we know for easy comfort.

Examine our assortment of chairs and prices. Like everything else here they're priced low.

DE LAVAL CREAM SEPARATORS

Are in a Class by Themselves

They cost but a little more than the cheapest, while they save twice as much and last five times as long as other separators.

They save their cost every six months over gravity setting systems and every year over other separators, while they may be bought for cash or on such liberal terms that they will actually pay for themselves.

Every assertion thus briefly made is subject to demonstrative proof to your own satisfaction by the nearest DE LAVAL local agent, or by your writing to the Company direct.

Why then, in the name of simple common sense, should anyone who has use for a Cream Separator go without one, buy other than a DE LAVAL or continue the use of an inferior separator?

THE CHRISTIAN ASSOCIATION.

During the last two years the college Christian association has been a potent factor in college activities. The outlook is that this year will prove to be no exception. Much good work has already been accomplished and plans are underway for valuable meetings and extension work.

It is essential that such an organization have funds with which to work. This last week a very successful membership fee campaign was conducted under the direction of P. A. Foster, '13, treasurer of the association.

The association was represented by nine delegates at the conference in Manchester. Various members have given talks in Tilton, Union, Concord and Manchester. Quite extensive deputation work will be taken up under the leadership of "Gib" Lane, '13, chairman of the extension work committee. The plan is to send out a good male quartet and musical team with one or two good speakers. It is expected that the committee will receive the support of Dr. Fairchild in this extension work. For in 1900 he was appointed by President Roosevelt to the Country Life Commission. Work in the rural districts embraces attention of the deputation workers for the small towns can be aided to the great extent through the extension work. New Hampshire being a state largely of rural districts, this deputation work carried on by the college Christian Association is a valuable service. On Sunday afternoon, Dec., 8th P. C. Jones spoke in Concord at a meeting of 60 boys on "The Older Christian Boy."

The meetings held by the association thus far have been very helpful. The most held by the association thus far have been very helpful. The most conspicuous example of this was when Dr. Seerley, the noted lecturer on sex hygiene, spoke here under the auspices of the association. The chairman of the Sunday meeting committee has other entertaining speakers in view and every meeting will be well worth attending.

The Bible study committee headed by Brent, '14, has plans well underway to give with the cooperation of the faculty a course more practical and attractive than ever before.

Oscar Huse, '12, who is engaged in county work in Rockingham county will have headquarters in Durham. The college is fitting up an attractive office in the southwest corner of the basement of Thompson hall which will be used by Mr. Huse and the College Christian Association. P. A. Foster, P. C. Jones, '13 will soon be actively engaged in county work. The latest issue of Rural Manhood published photographs of Jones and Foster in connection with an article on New Hampshire County Work.

POOL TOURNAMENT.

It has been formally announced that a pool and billard tournament is to be held in the college club rooms in the near future. Twenty-five point pool and twenty-five points billards will be played, and suitable prizes will be awarded the four who prove most proficient. The final four men will be selected by a process of trials and gradual elimination. The exact date will be announced later, and the tournament will be limited to members of the club in good standing. Those wishing any further details may inquire of "Bo" Jenness, "Smooch" Smart, "Chiper" Parker, or "Ty" Cobleigh.

COLLEGE NOTES.

President E. T. Fairchild of New Hampshire College announces that much of his time this year will be spent in making the acquaintance of the people of the State who are engaged in agricultural pursuits. The president intends to study their interests and to show them how New Hampshire College can contribute to the successful solution of their problems by educating them in the practice as well as in the theory of farming. President Fairchild will speak in Portsmouth at the Y. M. C. A., next week, and he will also make the principal address at the annual meeting of the State grange in Nashua, Dec. 17, 18, and 19. The general subject of his talk at Portsmouth will be "Educational Problems," and of his address at Nashua "The Relation of the State College to the Grange."

FACULTY NOTES.

Prof. J. H. Gourley was in Chester-
shire, Sullivan County, several days
last week. He gave addresses at the
Farmers' Institute, which was being
held in that county.

On Dec. 5, Prof. F. W. Taylor at-
tended the Corn and Potato Festival,
held under the auspices of the Sullivan
County Y. M. C. A. In addition to
giving an address, he also acted as
judge of the corn exhibit.

Professors W. C. O'Kane and J. H.
Gourley attended a meeting of the
New England Alumni Association of
the Ohio State University, held in
Boston, Saturday evening, Nov. 29.

On the 10th and 13th of this month,
Prof. Fred Rasmussen will attend the
State Dairy Conference, where he will
sit as judge of the dairy exhibits, and
in addition, give an address on, "The
Cost of Milk Production."

Prof. Richard Whoriskey Jr., who
has been recently elected President of
the New Hampshire Modern Language
Association, attended the New England
Language Association held in Boston,
Sat., Dec. 7.

Prof. Frank App of the Agronomy
Department has been removed to the
hospital in Dover, and undergone an
operation for appendicitis.

Albert Otis, '03, now employed as an
engineer on the Panama Canal, was a
visitor in Durham last week.

Herbert R. Tucker, '12, who is now
Y. M. C. A., secretary in Bridgeport,
Conn., paid a short visit to Durham on
Dec. 5, 6.

Irving R. Perkins, '12, was in Dur-
ham for the week-end, Dec. 7, 8.

Modern History.

Modern History of the dairy world
reveals these facts.

Sanitation is a constant watch-
word to those who produce the
highest quality products.

Correct dairy sanitation cannot
be produced by soap compounds,
strong caustic or corrosive chemi-
cals, or inefficient cleaning agents.

The height of dairy cleaning
perfection is attained only by Wy-
andotte Dairyman's Cleaner and
Cleanser, the one cleaning agent
now used by eighty per cent of the
Buttermakers, and by thousands of
Dairymen, Milk Dealers, Farmers.

makes modern dairy history really and
truly modern. In composition and in
cleaning results it is as superior to old
fashioned cleaning agents as is modern
machinery to those types found in
ancient history. And like modern
machinery it does more work and bet-
ter cleaning in less time and with less
effort than other dairy cleaning mater-
ials.

Furthermore, it costs you no more to
use Wyandotte Dairyman's Cleaner and
Cleanser than what you now use. It
is decidedly to your profit to phone or
ask your dealer for a sack or to write
your supply man for a keg or barrel.

Why not do it today?
