NEW HAMPSHIRE SUCCESSFUL.

Basketball Team Plays Strong Teams.

During the mid-year recess the basketball team took a trip through the northern part of New York where they played games with three of the strongest basketball teams in the United States. New Hampshire lost the first game with Clarkson College at Potsdam, N. Y., by the score of 27 to 16. This game would have undoubtedly have been a victory had not the fellows been about all in after riding for a day and a night. The team did not arrive in Potsdam until 7.30 P. M., and the game was started at 8.15.

The following night they defeated the strong St. Lawrence University team at Canton, a team that has not been defeated for four years, on its own floor.

The game with the "40th" Separate at Ogdenburg the next evening was lost by the score of 29 to 21. The rules used in this game were not inter-collegiate and no one was allowed to shoot after dribbling, but was obliged to pass.

Assistant Manager Reed accompanied the team and looked after the business end.

The summaries:
New Hampshire Clarkson College
Thompson, lf rf, Olson, Capt.
E. L. Sanborn, rf, lb, Reynolds
H. W. Sanborn, c lb Bassett
Bissell, rb c, Maley
Watson, rb rf, Jacob
Came, lb lf, Barclay
Score:—Clarkson College 27, New Hampshire 16. Baskets from floor, Barclay, 6; Jacob, 3; Reynolds, 2; H. Sanborn, 2; Thompson; E. Sanborn, Came.

Goals from fouls, Barclay, 5; H. Sanborn, 6. Referee, Dullea. Timer, Reed.

New Hampshire St. Lawrence University
Thompson, lf rb, Morgan
E. L. Sanborn, rf lb, Wheeler
H. W. Sanborn, c c, Clement
Bissell, rb c, McGinness
Watson, rb lf, Canfield, Capt.
Came, lb rf, Roundy

Score—New Hampshire 18, St. Lawrence 14. Baskets from floor, Thompson, 4; Wheeler, 3; E. Sanborn, 2; H. Sanborn, Bissell, Roundy, McGinness. Baskets from fouls Roundy, 4; H. Sanborn, 2. Referee, Green. Timer Reed.

New Hampshire "40th Separate"
Thompson, lf rb, Johnson
E. Sanborn, rf lf, Powell
H. Sanborn, c lb, Chilton
Watson, lb c, Smith
Bissell, rb rf, Ladouceur
lf, Moroney

Score—"40th Separate" 29, New Hampshire 21. Baskets from the floor, Ladouceur, 5; Smith, 4; Thompson, 3; E. Sanborn, 3; Moroney, 2; Sanborn, 3; Johnson. Baskets from fouls—Smith, 5; H. Sanborn, 3. Referee, Bentley. Timer, Reed. Scorer, Came.

Ralph A. Littlefield, '07, is principal of the High School in Jefferson, N. H.

RHODE ISLAND DEFEATED. New Hampshire Wins Relay Race At B. A. A. Meet.

For the first time in history the New Hampshire College relay team defeated Rhode Island at the B. A. A. Meet held in Mechanics Hall, Boston, last Saturday evening. The time for the race, 3.19 4-5, is the fastest time that has been made by either team in the previous three years.

The race proved exciting from start to finish with New Hampshire finally winning by a scant three yards. On the toss-up for the pole position Clark of Rhode Island drew the coveted place with Riford of New Hampshire as his opponent. Riford, however, got off with a flash at the crack of the pistol and passed Clark on the first corner. He continued to draw away from his opponent and handed Mosher a lead of about nine yards. To this distance Mosher, by brilliant running, added a couple more yards while Heath held his man about even. Captain Smart with a lead of about 12 yards was not obliged to sprint on the last stretch although Coleman succeeded in cutting New Hampshire's lead down to three yards.

Each man on the team received a beautiful silver cup. Much credit for the victory is due to Coach Adams who worked hard with the men in preparation for the event.

Owing to Saturday's blizzard the hockey game scheduled to be played on the College rink between New Hampshire and Lowell Textile was called off.

The basketball game which was to have been played at 3 o'clock Saturday afternoon between New Hampshire and Springfield, Y. M. C. A. College was cancelled on account of the visitors not being able to reach here.

The New Hampshire College hockey team defeated the Exeter A. A., last Tuesday on the college rink by the score of 2 to 1. The game was fast and sensational throughout. Hobbs starred for New Hampshire while Welch showed well for the visitors.

MANUAL TRAINING CLUB MEETS.

Professor Cardullo and the Senior manual training class, left last Saturday to attend the meeting of the Manual Training Club at Nashua. The party inspected the various factories of the city and also the machinery in the schools. A short meeting was held at the high school, Pres. Brown of Manchester presiding and Prof. Cardullo gave an address on "The Use of Teaching Manual Training."

The engineering committee of the board of trustees paid a visit to the college last Friday. They inspected the new building and expressed themselves well pleased with the rapid progress of the work.

College exercises began last Friday with a full attendance in nearly all of the courses. By Monday of this week the school will be once more in full swing and the home stretch of the college year will have been started.

Lawrence A. Carlisle, '08, has resigned the principalship of Jefferson High School to engage in extension work for the experiment station at New Hampshire College. He will make his home in Exeter, having bought the old homestead.

NEW MODIFICATION OF CUT SYSTEM.

1. Students are expected to attend all convocation exercises and all meetings of the classes in which they are enrolled.

2. A student may absent himself without explanation from as many exercises in each subject as there are credit hours in that subject, provided such absences shall not be taken from preliminary or final examinations. This rule will be interpreted as allowing two absences from military drill and one from chapel each semester.

3. Cuts beyond the allowed number will be considered unexcused, unless the student presents to the instructor an acceptable excuse not later than the first exercise after the close of the absence period.

4. A cut shall not be counted against a student under the following conditions:

A. When he is absent on a properly arranged instruction trip.

B. When he has been given permission by the Athletic Committee or the Student Organizations Committee to take a trip, provided the student shall arrange with the instructor immediately upon his return for making up the lost work.

5. The following will be considered acceptable excuses, provided the student arranges with his instructors immediately upon his return for making up the lost work.

A. Sickness.

B. Faults of transportation service.

C. Legal summons and elections.

D. Absences previously authorized by the proper division committee upon written request.

6. If a student takes an unexcusable cut he shall receive a zero for that day's work and shall be warned at once that he is in danger of probation.

7. If a student takes a second unexcusable cut, he thereby immediately places himself on probation, official notice of which will be sent him at once by the dean.

8. A student registering late must count such absences as allowed cuts, unless he has been excused by the president.

9. For each unused allowed cut in any semester the student shall receive one "credit." For every fifteen such credits he shall be allowed one credit hour toward graduation.

INSTRUCTOR AT WELLESLEY.

(Concord Daily Patriot.)
New Hampshire College, Durham, Feb. 15.—Miss Margaret DeMerritt of Durham a graduate of the class of 1911, has just been appointed an instructor in botany at Wellesley. Miss DeMerritt since graduation has been studying at Washington University at St. Louis for the doctor's degree in botany. Miss DeMerritt is a daughter of the late Albert DeMerritt a former trustee of the college and the representative from this district in the legislature. She will begin her work in Wellesley next September.

Work on the new engineering building is progressing rapidly and the roof is now being constructed. The front wall will be finished soon, after which interior work will be started.

Russell E. Skinner, '12, is principal of the High School in Walpole, N. H.

SOPHOMORE HOP.

The annual Sophomore Hop, conducted by the class of 1916, and held in the College Armory last Friday evening, proved to be the finest ball that has ever been held.

The spacious dance hall was tastily decorated with colored bunting, and banners of various colleges of the country which produced a rare effect by their rich oriental hues. Conspicuous among them were two large inverted dome composed entirely of richly colored felt pennants and suspended from the ceiling near each end. Tropical plants and evergreen formed a veritable forest in the north east corner of the hall where the patronesses were ensconced. The gun racks and the sides of the running track also showed the results of the decorators art.

While the guests were arriving from eight until nine o'clock the Pentucket Orchestra of Haverhill, Mass., under the direction of J. K. Nichols, rendered a pleasing and carefully selected concert program which was as follows:

March "National Spirit" Hager
Overture "Morning, Noon and Night" Suppe

Caprice "Echoes of Seville" Moret
Trombone Solo, Selected Mr. Lyons
American Sketch "By the Swanee River" Myddleton

Finale "The Joker" Lake

At nine o'clock the grand march was started led by class President. About 150 couples in line. This was followed by a carefully arranged order of 26 dances, neatly arranged in a program enclosed within engraved mother-of-pearl covers.

In connection with and following the hop the various fraternities of the college held house parties and social dances. Saturday's blizzard caused the scheduled athletic events to be cancelled and kept people well within door, but did not, however, interfere seriously with festivities as previously arranged.

The patronesses for the hop were Mrs. E. T. Fairchild, Miss Helen Thompson, Mrs. O. S. Bugbee, Mrs. C. H. Pettee, and Dean C. H. Pettee was patron.

Fred S. Manter was marshal, and the aids were Harold A. Steele, W. J. Nelson, H. S. Brown, R. A. Doeg, E. F. Sweet and N. R. Hurd. Much credit is due to the following committees for their skill and pains in carrying out even the smallest detail. Executive committee: R. J. Bugbee, F. S. Manter, D. P. Crockett, C. A. Weigel, C. S. Pettee, W. I. Waite, W. J. Nelson. Invitations and orders: C. S. Pettee, J. D. Lary, E. D. Fuller, E. L. Blake, Miss M. G. Dudley, Miss M. R. Jenness. Music: C. A. Weigel, P. S. Ward, J. C. Hadley, Miss N. L. White. Refreshments: W. I. Waite, S. N. Morse, H. S. Brown, H. S. Kidder. Floor: D. P. Crockett, D. H. Goodwin, C. H. Burbee, E. L. Sanborn, E. F. Sweett, F. D. Ellsworth, R. S. Yeaton, V. H. Smith, W. R. Partington, P. W. Watson, I. L. Hawkins. Decorations: F. S. Manter, Miss G. A. Charbonneau, Miss B. Reed, W. J. Nelson, W. H. Barr, G. W. Chase, H. A. Steele, W. T. Tapley, E. H. Kelley, N. C. Hurd, K. E. Sawyer, S. G. Johnson.

Among those present were:
Miss Helen I. Monaghan, Exeter;
Miss Barbara Paine, Durham; Miss Mollie L. Schantz, Manchester; Miss Blanche L. Fiske, Dover; Mr. and Mrs.

THE RELAY TEAM.

Although it is rather late to be commenting upon the success of the relay team, owing to the fact that it was not possible in the last issue of 'The New Hampshire, it seems only proper that we should insert a word in commendation of the first successful relay team ever developed at New Hampshire College. The victory is all the more gratifying from the fact that the time made by this year's team was faster than any ever made by teams that have defeated us in the past. Another point to be considered is the fact that this victorious four were all men who had not won their letters. Such a victory shows itself to be the result of hard, consistent effort. The victory at Boston does not show the hours of untiring work and the sacrifices, made necessary by the members of the team.

Great credit is also due to Coach Arthur Adams, who carefully directed the efforts of the men and unceasingly watched over their needs. Many a sore muscle has been soothed and cared for by his painstaking efforts.

If ever a man was deserving of his letters, it seems that a member of a winning relay team is one.

THE HOP.

The eighth annual Scribner Hon was another fitting manifestation of the talent and efficiency represented in the class of nineteen hundred and sixteen. Every department was most ably conducted and the whole affair was managed like clock work. The occasion reflects great credit to President Busbee, Marshall Minter, members of each committee, and in fact to the

entire class. The decorations were fully up to the standard of former years; the floor was never in more excellent condition; and the excellent music and attractive guests all conspired to render the gala affair one of the most brilliant and successful occasions in the history of the event. Such a success, however, represents something more than ability and executive ability; it represents good class spirit. However, much talent there may be present in a class or in any organization, without sufficient spirit and good-will among the members towards one another and towards some common interest, such talent is of little value in bringing about great results.

MEETING OF HORTICULTURAL CLUB.

Last Monday evening the new horticultural society, whose organization was undertaken last semester, held its second meeting at Prof. Davis Lumsden's home. Steps were taken towards organizing the society into a permanent association, and various suggestions and theories were discussed for bettering and stimulating new interest in horticulture throughout the students of the college. It is hoped that in a short time the society will be organized on a permanent basis and be of great value to the college and to the members themselves. The next meeting of the organization is to be held at Prof. Wolff's home on Feb. 25th.

On last Friday night at about eleven forty five the people of Durham were awakened by the wild ringing of the fire alarm, for a fire in the gymnasium. The fire was discovered by Mr. Magoon, the night watchman in the southwest corner of the College Club room.

The students responded to the call immediately and ran a line of hose from Morrill Hall getting a stream on the blaze in a very short time. Some of the boys went to the Pettee Block and got the town Chemical Cart with which they did very efficient work.

The repairs, the estimated cost of which is between one and two thousand, will be commenced at once.

DE LAVAL

CREAM SEPARATORS

Their Great Simplicity

THE DE LAVAL SEPARATOR EXCELS ALL OTHERS not only in thoroughness of separation, sanitary cleanliness, ease of running and durability, but as well in its great simplicity.

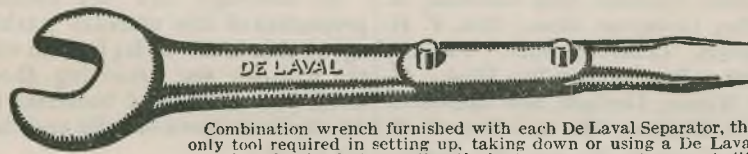

There is nothing about the operation, cleaning, adjustment or repair of a modern De Laval Cream Separator which requires expert knowledge or special tools.

Nor are there any parts which require frequent adjustment in order to maintain good running or to conform to varying conditions in the everyday use of a separator.

There is nothing about the machine that cannot be taken apart, removed or replaced by any one who can use a wrench or screw driver. In fact, the only tool which is needed in the use or the operation of a De Laval Cream Separator is the combination wrench and screw driver illustrated below, which is furnished free with every machine. Visit the local De Laval agent and see for yourself its simplicity of construction.

Complete gearing of the De Laval Separator as it would appear if removed intact from the frame of the machine. Note the remarkable simplicity of construction.

the frame of the machine. Note the remarkable simplicity of construction.

Combination wrench furnished with each De Laval Separator, the only tool required in setting up, taking down or using a De Laval machine, the simplest as well as the best cream separator ever built.

The Unseen

Nine Tenths

Bright, shiny utensils with a sweet, wholesome smell is but a small part of the real proof of the cleaning properties of

So thorough are the cleaning properties of this unusual washing agent that it cleans far beyond what the eye can see, removing thousands, yes millions of bacteria, the deadly destroyers of milk and butter quality.

It is because of this extra cleaning, doing what other washing agents can not do, that has given Wyandotte's Dairyman's Cleaner and Cleanser the unanimous support of Dairy Colleges and scientific Dairy experts.

In estimating the value of a dairy cleaner they do not forget the "unseen nine tenths."

Ask your dealer for a sack of "Wyandotte" or write your supply house for a keg or barrel.
