PRICE 5 CENTS

REBECCA'S TRIUMPH.

Co-ed Actresses Score Huge Success.

Before a full house the Woman's League with the assistance of the Girls Glee Club presented "Rebecca's Triumph" in Thompson Hall, Tuesday night, March 3rd.

Under the able direction of Prof. Richards and with the valuable assistance of Dr. Fisher and Mr. Philbrick, the play was artistically staged. The effect was captivating.

Miss Marion Chase appeared charmingly as Rebecca, while Mrs. Edith Onderdonk as Mrs. Rokeman, handled a seemingly hard part in an easy and graceful manner. Mrs. Annie Morgan as Miss Delaine, acted her part to perfection. Miss Mary Murphy as Meg, a demented woman, was carried out in Miss Murphy's usual charming style. Miss Myrtle Johnson as Gyp, Miss Alice Coffin as Clarrisa Codman and Miss Alice Hoitt as Katie Connor furnished the comedy for the play and kept the audience in a continuous uproar. The cast also included: Misses Gladys McKone, Marion Dudley, Florence Dudley, Rosina Diettrich, Mildred Flanders, Lou Crandall, Mary Worcester, and Beatrice Reed.

Candy made by members of the home economics department was sold between the acts.

The proceeds from the play will contribute toward a larger rest room for the women.

AGRICULTURAL NOTES.

A publication of the greatest interest to every farmer in New Hampshire is now ready for distribution here and it is free to any resident of the state. This is the new bulletin on poultry by Prof. R. V. Mitchell.

Prof. Mitchell is an expert who knows the poultry business from beginning to end and in this bulletin he tells the farmer how to fatten and how to kill his poultry so that he may get the best prices for his birds.

Professor Michell explains a method of killing which is sanitary and which allows dry picking. He demonstrated this method for the benefit of those who attended the poultry day exhibition here recently.

The bulletin discusses fattening, killing, picking, and cooling.

The dairymen of the state are just now getting the benefit of Prof. Fred Rasmussen's expert knowledge of their business. Prof. Rasmussen, who heads the dairy department here, is also secretary of the Granite State Dairymen's Association, which recently had its annual show at Concord. Prof. Rasmussen has just written a letter to each exhibitor at that show, sending him the score card of his product as made out by the judge and explaining to him what the faults disclosed are and how they may best be remedied.

EDWARD AMHERST OTT.

Clever Orator Scores a Success on "Sour Grapes".

Last Saturday evening in Thompson Hall in accordance with the regular schedule of the Lecture Course, Edward Amherst Ott spoke to a large audience in an address entitled "Sour Grapes". Mr. Ott is a very clever speaker, and was exceedingly interesting from start to finish of the lecture. He touched upon a few of the social problems of today in a very skillful manner, and outlined in some cases a way to meet them. He emphasized the importance of heredity in its effects on the character and characteristics of the individual, and therefore recommended highly certain principles of eugenics. To summarize the points touched upon would not do justice to the speaker, only let it be said that all who attended the lecture were pleased and profited by hearing Mr. Ott.

N. H. C. C. A.

Another one of the vocational talks arranged for the College Christain Association was presented last Sunday afternoon at the church chapel when Principal Wellman of Colby Academy discussed "Teaching" as a profession. His talk could not but prove an inspiration to all who heard it. He enumerated the advantages and disadvantages of the profession, principal among them, the former being the great opportunity for service to others, which the teacher possesses. He divided teachers into two classes: those who teach for selfish motives, as fame or salary, and those whose prime motive is a desire to walk in the footsteps of the great Teacher, and obey His command. If the vocational talks to come maintain the high standard set so far, the student body will be very much the losers if they neglect to hear them.

GRADUATION COMMITTEES AND OFFICERS.

The 1914 committees have been appointed and are as follows:

Executive Committee, Class Officers: W. H. L. Brackett, C. J. Dresser, G. L. Ham, L. S. Riford, G. N. Perkins, H. M. Eastman, R. W. Garland.

Address of Welcome, Class President
Address to Faculty and Undergraduates
L. S. Ryford

Ivy Oration, J. H. Annis
Writer of Class Will, G. L. Ham
Class Historian, F. C. Smith
Marshall, R. W. Smart

Cap and Gown Committee: Chairman D. W. Bissell, Key, Blake.

Printing Committee: Chairman of Whole, R. W. Garland.

Invitations and Dance Orders, Chairman, J. N. Perkins, Miss Nudd, Sellers, Dresser.

Programmes: Chairman W. R. Place, Tufts, Halvorsen.

Work on the new engineering building is proceeding rapidly, and the entire front is now finished. The walls of the third story are now under construction.

The catalogue list of students is posted on the bulletin board for purposes of revision and it is expected that the new catalogue will be out in the course of the next couple of weeks.

1916 WINS ANNUAL GAME.

Sophomore's Played a Better Game.

The Sophomore class easily won the annual basketball game with the Freshman team at the gymnasium last Friday evening by the score of 25 to 9. All the points made by the Freshmen were from fouls. The 1916 team had it all over the 1917 quintet, both in passing and shooting.

The game was rough throughout and both sides had a large number of fouls called. Both classes were lined up on opposite sides of the hall with all manner of noise making instruments. Metal casks, pipes, siren whistles, cow bells and other things, constantly hammered upon, made a noise that could be heard for a mile.

Captain Sanborn and Torry starred for the Sophomores while Morgan and Brown showed up well for the Freshmen.

The summary:

1916	1917
Goodwin, lf	rb, Weston
Sanborn, rf	lf, Stevens
Torry, c	lb, Graham
H. Brown, lb	lb, Brown
Watson, rb	c, Sussman
McDuffee, rb	lf, Ross
	lf, Morgan
	rf, Wentworth

Score:—Sophomores 25, Freshmen 9. Baskets from the floor, Sanborn 6, Torry 2, H. Brown. Baskets from fouls, Wentworth 2, Ross, 2, Morgan 2, Sussman 3, Torry 2, Sanborn 3, Goodwin, H. Brown. Referee, Killoughry. Timer, Riford. Scorer, W. S. Bartlett. Time, two twenty minute periods.

BASEBALL SCHEDULE.

Below is given the unapproved baseball schedule as arranged by manager Clarence J. Dresser for the coming season. The schedule includes six home games besides the annual class game with trips to Rhode Island, Connecticut, Massachusetts, Vermont and Maine. The season opens April 22 at Providence and ends with Sophomore-Freshman game on June 9. In all there are 16 games. The schedule is as follows:

April 22—Brown at Providence.
April 23—Open.
April 24—Springfield at Springfield.
April 25—Rhode Island at Kingstown.
April 30—Norwich at Durham.
May 2—Worcester P. I., at Durham.
May 8—Middlebury at Middlebury.
May 9—Norwich at Northfield.
May 16—Exeter at Exeter.
May 21—Boston College at Durham.
May 23—Bates College at Durham.
May 26—Un. of Maine at Orono.
May 27—Bates College at Lewiston.
May 28—Bowdoin at Brunswick.
May 30—St. Anselms at Durham.
June 4—Springfield at Durham.
June 9—Sophomore vs Freshman at Durham.

At a meeting of the freshmen class last week, C. W. Fitch, '17 was elected freshman baseball manager.

GLEE CLUB CONCERT.

If "variety be the spice of life" then the public will get a great deal of spice Friday night for the concert which the College Glee Club and Orchestra is to present is especially noteworthy for its variation. The admission is only 25c, therefore it behooves every loyal New Hampshire student to support this important student organization by his and her presence in Thompson Hall, Friday night at 8 o'clock. Pete Murdoch needs no introduction. Fernald and Brown, the well known comedy artists will be there and the Floradora Sextette will exhibit the latest styles in feminine apparel.

Glee Club Program.

1st Part.

- Overture, Calif of Bagdad
A. Boildieu
Orchestra.
- Glee Club on Board the Derelict.
- Mandolin Quintet Selected
- Solo, Good Bye, Tosti
Mr. Bishop.
- Glee Club (a) Annie Laurie
(b) Camp Meeting
Richards
- Quartette, Dinah Richards
- Solo, The Door of Hope
Mr. Blake.
- Fernald and Brown
- Glee Club, Boogaman Richards

2nd Part.

- Harlech Brewer
- A 3 durham college paper
Roma
- Solo, Faded Rose, Roma
Mr. Knight.
- Quartette, Rollin Eyes, Richards
- Mandolin Quintet Selected
- Cornet Solo, Selected
Mr. M. J. Broggini
- Murdoch
- Violin Duet, Selected
Mess'rs Batchelor and Weigel
- Floradora Sextette
- Glee Club, Winter Song, Bullard
College Quartette, R. A. Knight,
1st tenor; C. C. Bishop, 2nd tenor; E. L. Blake, 1st base; R. J. Bugbee, 2nd bass.

FACULTY IN BOSTON.

Several members of the faculty went to Boston last Thursday to Saturday to attend the meetings of the New England Federation of Rural Progress. Mr. Kendall spoke at the meeting of the extension service department at the State House in the afternoon on "Preparation and Adoption of Projects Outlining Extension Work." There was also a meeting of the directors of New England state experiment stations in Boston Friday and Saturday. The members of the faculty were Professors Taylor, Rasmussen, Gourley and Vice Director Stone.

DEMONSTRATION WORK.

Professor Wolff will give the first pruning and spraying demonstration of the season at Fremont, Thursday afternoon, March 12 at 1 o'clock. In a few days Mr. Kendall will issue a schedule showing when and where the others will be given. The service aims to show the grower how to prune his trees for all purposes and how most effectively to fight off the myriads of insects with poison spray.

Professor Wolff will use the college sprayer and will with him have sets of the best pruning instruments and spray nozzles.

GLEE CLUB CONCERT.

Next Friday night occurs the annual concert of the College Glee Club. If we may judge from the amount of time, and labor that has been expended in perfecting and polishing the club for this and subsequent events, the concert is well worthy of the support of the entire student body, faculty and townspeople. Except for the commencement entertainment, this affair will be the only opportunity for the student-body to hear the Glee Club and Orchestra in Durham. Not only should the students consider this a most profitable way to invest the small price of the concert, but it will afford a most excellent opportunity for supporting this important organization. The management has already arranged for a trip to be taken during the spring vacation. In order that the club may be successful in a financial as well as musical way, it is highly essential that some money, be secured for promoting and perfecting the organization to the highest degree of efficiency. Like all activities of such a nature, this organization requires funds, and to secure these funds, the student-body should contribute its share by supporting the concert which is to be rendered in Thompson Hall next Friday evening.

DEBATING CONTEST.

The "try outs" for the debating contest, the finals of which will probably be held during commencement week, have been begun under the supervision of Dr. A. E. Richards. These debates afford an excellent opportunity to acquire practice in public speaking. Not all students are permitted the opportunity of taking a complete course in debating, and these persons may here find a chance to receive practice in this art, which every college graduate should be able to use. It costs nothing to try, and it may be that some of the best orators in the college ranks will here find their calling, and not only gain fame for themselves, but render an inestimable service to the college. If for nothing more, come out and make the competition keen, and in this way raise the standard of the teams finally selected. In an activity of this kind, it is a consoling fact that while the winners may rightfully rejoice over their success, the unsuccessful are by no means losers as they themselves have reaped the profits of their own endeavors.

Professor Mitchell has recently given three talks on poultry at the University of Vermont.

HORTICULTURAL SOCIETY.

The new Horticultural Society of New Hampshire College is now organized on a permanent basis. A meeting of the association was held in Morrill hall Monday afternoon, March 2nd. The committee, appointed to draw up a constitution, consisting of S. B. Emerson, L. D. Jessemann, and G. B. Arnold, submitted a proposed set of articles for adoption. After a liberal discussion, with suggestions from some of the faculty members, the constitution was adopted.

The new society will hold meetings on the first and third Wednesdays of each month, the next meeting to be held at the home of Prof. W. H. Wolff. It is not the purpose of the new organization to promote numbers, but rather to organize those who are vitally interested in horticultural work to band together in order that they may cooperate with themselves and with others more efficiently. It is the policy of the society to get in touch with the leading horticulturists of the state and have some of the more prominent men present at some of the meetings. A program committee, consisting of Prof. J. H. Gourley, W. W. Wilder, and L. S. Riford, has been appointed, and this committee, with the cooperation of the other members of the society will arrange the programs and topics for the meetings during the present semester. In this way, it is hoped that the society will become identified and recognized both in the college and throughout the state as a progressive organization for the mutual benefit of its members and better cooperation with the leading horticulturists of the state.

Battery candidates are practising daily in the gymnasium and a large number of men are out. Of last years team only four men have been lost, namely, Jones, Burbee, McPheters and Gale. This leaves second and third base positions open, also right field and a catcher.

The Athletic Association met last Wednesday afternoon and the following men were elected assistant baseball managers for the ensuing year, John L. Grady, Ralph E. Came, and John Thompson. After a lengthy discussion it was decided not to award N. H.'s to the members of this years hockey team.

NEWSY NOTES.

At a meeting of the Sophomore basketball team held in the gym last Friday, Eldridge Sanborn was elected captain for the present season. Fred Manter is manager.

Mass. Agricultural College holds its annual Farmer's Week, March 19. Prof. Lumsden will speak to the truck farmers on "Some Marketing Methods."

Professor Wolff, who will help in the work of the new commissioner of agriculture has lately spoken at a farmers' institute meeting at Tuftonboro on "Small Fruits and Their Culture," and at Strafford Corner on "Possibilities of Fruit Growing in New Hampshire."

DE LAVAL

CREAM SEPARATORS

Their Great Simplicity

THE DE LAVAL SEPARATOR EXCELS ALL OTHERS not only in thoroughness of separation, sanitary cleanliness, ease of running and durability, but as well in its great simplicity.

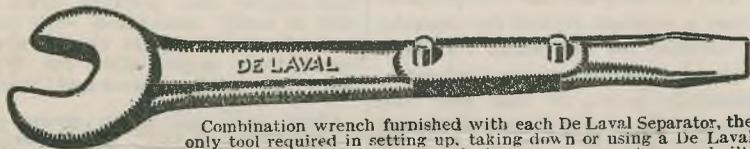

Complete gearing of the De Laval Separator as it would appear if removed intact from the frame of the machine. Note the remarkable simplicity of construction.

There is nothing about the operation, cleaning, adjustment or repair of a modern De Laval Cream Separator which requires expert knowledge or special tools.

Nor are there any parts which require frequent adjustment in order to maintain good running or to conform to varying conditions in the everyday use of a separator.

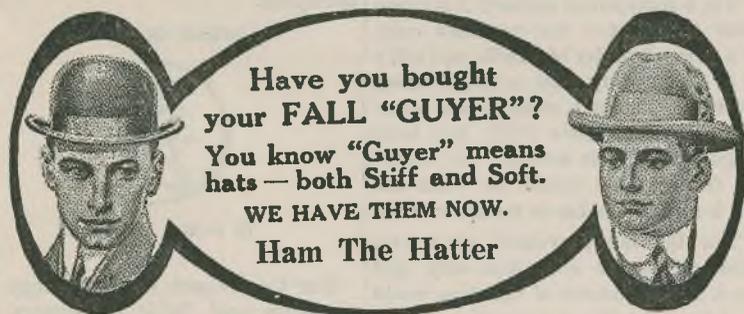

There is nothing about the machine that cannot be taken apart, removed or replaced by any one who can use a wrench or screw driver. In fact, the only tool which is needed in the use or the operation of a De Laval Cream Separator is the combination wrench and screw driver illustrated

below, which is furnished free with every machine. Visit the local De Laval agent and see for yourself its simplicity of construction.

Combination wrench furnished with each De Laval Separator, the only tool required in setting up, taking down or using a De Laval machine, the simplest as well as the best cream separator ever built.

INTER-COMPANY MEET.

The annual inter-company meet will be held in the gymnasium Friday April 3.

The following is the list of events:

1. Calisthenics and bar bell. (Squads of 8 men from each company).
2. 25 yard dash. (3 men from each company)
3. Apparatus work.
4. Shot put. (3 men from each company)
5. Running high jump. (3 men from each company)
6. Pole vault. (3 men from each company.)
7. 4 lap relay. (Team of 4 men from each company)
8. 600 yard run. (3 men from each company.)
9. 1000 yard run (3 men from each company)
10. 1 mile run, (3 men from each company.)

1st, 2nd, and 3rd places count 5, 3, and 1, respectively on the company score. Members of winning teams receive on their individual score 5 points for 1st place, 3 points for 2nd place, and 1 point for 3rd place. Individuals who win events will receive on their individual scores 10 points for 1st place, 6 points for 2nd place, and 2 points for 3rd place.

The company winning the greatest number of points on the company score will receive 50 points toward the color company score. The company winning this is allowed to carry the colors for one year. Other companies receive the proportion of 50 that their scores in the meet bear to the score of the winning company.

A gold, a silver, and a bronze medal will be given to the three men who win the greatest number of points on their individual scores in the meet.

The winning of the gold, silver and bronze medals counts 10, 6, and 2, respectively, for the companies to which these men belong, on the color company score in addition to the possible 50 that may be won as explained above.

The inter-company gallery shoot will be held as soon after the meet as convenient. This will consist of teams of five men each.

Track Manager Smart will be in charge of the meet.

Last year company B. won receiving 34.5 points. Company C received 29 points; A, 15, and D, 11.5.

Events that count toward Color Co., Score are Best Co., in all around military excellence, 400 points. Inter-company meet, 50 points; Inter-company shoot, 50 points; Prize drill at commencement.

Professor Taylor and Frank App have just issued a bulletin giving the result of the seed tests, made in 1913, for the state board of agriculture. Mr. Jones has published another on Flock management, Thinning Fruit, by Professor Gourley, and Pruning the Pine Woodlot, by Professor Foster, and the annual tabulation of the results of the chemical examination of the fertilizers on sale in the state, by Professor Curry and Mr. T. O. Smith, are others. These will be sent to anyone on application.

Prof. J. H. Gourley of the department of horticulture, has just published here a bulletin of interest to all who have orchards or contemplate planting. The bulletin is a list of the varieties of fruit best suited for this state, with comments on each.

Prof. Gourley in his introduction says: "It is impossible to make a list of varieties that will suit all conditions. Some varieties are quite cosmopolitan in nature while others succeed only under certain peculiar conditions. This is especially true of the peach.

"The following list has been prepared to meet a constant request for dependable varieties for the state. While it does not include all varieties that can be successfully grown or that may suit everyone's fancy, yet it aims to furnish a list of fruits all of which are being grown successfully some places in the state. The brief description which follows the commercial apples, peaches, and pears may be of some service in choosing for particular conditions.

"For a commercial orchard it is much better to select a few varieties only, for it is much easier to handle and sell a car of one variety than a car of mixed varieties. This is a mistake that many of our horticulturists made and later realized it to their sorrow. An exception to this rule would be when the fruit is sold in a home or special market.

"For the home orchard one's own tastes are to be consulted only and here a larger number of varieties would be planted, having a succession of fruit from early summer until apple season comes around again.

R. W. Balch, of Lyme, N. H., who has just completed the short course in dairying here, won the Davis gold medal for proficiency in judging dairy cattle.

The Davis medals are awarded each year by T. W. Davis, of Duluth, Minn., to stimulate interest in the dairy industry in New Hampshire.

This year the silver medal was won by H. E. Taylor, of Epping, N. H., the bronze medal by F. H. B. Mears, of Derry, N. H., and honorable mention was awarded E. S. Eastman, of East Andover, N. H.

FANCY MILK

The prize winners of fancy milk contests invariably attribute their success in no small measure to the aid of

Also in butter exhibitions, the contestants who are able to develop to a high degree that peculiar grain and odor so easily associated with butter made from clean, pure cream, always speak their appreciation for Wyandotte Dairyman's Cleaner and Cleanser.

Clean milk and clean cream need protection and that is the express purpose of Wyandotte Dairyman's Cleaner and Cleanser. It is made a perfect cleaner, also a sanitary cleaner. Without either fats, grease, caustic or any of the common properties of ordinary agents, it does what none of them can do in cleaning, sweetening and purifying.

INDIAN IN CIRCLE

IN EVERY PACKAGE.

For this reason Dairy College Authorities and Milk Inspectors recommend only Wyandotte Dairyman's Cleaner and Cleanser. Why not ask your dealer or write your dairy supply house.
