PRICE 5 CENTS

CO-EDS ORGANIZE "SPHINX"

WILL SERVE AS INTER-SOCIETY COUNCIL AND GOVERN RUSHING.

Members Chosen From Two Upper Class Delegations of the Alpha Alpha, Pi Alpha Phi and Phi Delta.

An inter sorority council known as "The Sphinx" has just been formed. This organization consists of three members from each sorority whose primary business is to establish rules governing the rushing, bidding and chinning season. The members are chosen from the two upper classes of each sorority and for the year 1914-15 are as follows.

Alpha Alpha Alpha—Miss Plummer, Miss Murphy and Miss Reed.

Pi Alpha Phi—Miss Flanders, Miss Charbonneau and Miss Jenness.

Phi Delta—Miss Coffin, Miss White and Miss Cilley.

Miss Plumer is president of "The Sphinx", and Miss Charonneau secretary-treasurer.

The council of the State Experiment Station has approved the plan of Director John C. Kendall to make this summer an extensive campaign in an attempt to make alfalfa a practical and profitable crop in this state. All previous attempts to establish this valuable western forage plant in New Hampshire have been failures. The plant grows in the summer but is winter-killed.

The work this year has been turned over by Director Kendall to Prof. F. W. Taylor and the agronomy department and the field work will be in charge of Assistant Prof. Frank App, who will return this spring from Cornell, where he has been on leave of absence engaged in work toward his doctor's degree.

The alfalfa in previous years has been lifted bodily from the ground by the heaving of the soil and the attempts to start the crop this summer will be made with a variety of seed which produces a plant with a branching root, which, it is hoped, will enable it to remain in the ground. The variety of branch root alfalfa which the Experiment Station proposes to give a thorough test in New Hampshire is known as the Grim alfalfa, the result of a series of seed selection experiments carried on by farmers in Minnesota. The alfalfa growers there faced the same climatic difficulties that the alfalfa grower in New Hampshire will face and the plant which met the tests there it is hoped can survive the rigors of the winter here. Various other varieties of the plant which have been successfully tried in cold climates have been investigated and the Grim is thought to be the best of the lot.

The experiments will be carried out not only in Durham but all over the state by farm demonstrators and the results carefully watched. The seed is very expensive, almost prohibitive in price, and the project is one of the most interesting recently undertaken by the station.

Along with the alfalfa experiments there will be a corresponding series to test sweet clover in this state. Sweet clover is another leguminous crop, hitherto considered a weed but recently discovered to be valuable as bee pasturage and to have great value as a soil improver, adding both nitrogen and humus to the land.

CLARK HEAD TRACK MEN.

Is A Three Letter Man and Holds Two Records.

Byron H. Clark has been elected track captain for next year. Clark has won his letters three years, and holds the college record in the mile and half-mile. He is a three-letter man, having made his "N. H." in football and in basketball besides in track. With the large amount of material in the present freshman class and the prospect that several well known prep school athletes will enter next fall, Captain Clark should have a winning team behind him.

TUESDAY CLUB AS GUESTS.

Members Are Guests of Mrs. Onderdonk at Red Tower.

The "Tuesday Club," of which Mrs. Morgan is the president, was invited by Mrs. Shirley Onderdonk to hold its annual gentlemen's night at Red Tower, Tuesday evening. The entertainment was in the form of an advertisement party. Each of the guests wore part of an advertisement and a game of guessing the articles advertised took place. The guest guessing the highest number of advertisements was awarded a prize. Mr. Laton and Mrs. Gourley were winners. Mrs. Scott and Mrs. Putnam gave several musical selections. The Scotch songs sung by Mr. Murdock were much enjoyed. A farce "My First Morning With Florence" was presented by Miss Alice Onderdonk, and Mile Fisher and was greatly appreciated.

FOOTBALL MANAGERS CHOSEN.

Athletic Association Picks Three Assistants For Next Fall.

The athletic association held a meeting at the gymnasium Tuesday afternoon and elected the following men as assistant football managers for next fall: Paul S. Wand, W. Joe Nelson and Guy W. Chase.

SOPHOMORES WINNERS.

Recount Shows Second Year Men Lead The Seniors.

In the last issue of The New Hampshire the class of 1914 was given the credit of winning the inter-class meet but since then the score has been counted up again and it has been found that the Sophomore class won the meet. The summary is as follows: Sophomores 35, Seniors 33, Juniors 28, Freshmen 17.

GIRLS' COUNCIL HEADS.

Miss Murphy, Miss M. Dudley and Miss McKone New Officers.

At the last meeting of the Girls' Council, the following officers were elected for the year: Miss Murphy, president; Miss M. Dudley, vice president; Miss McKone, secretary-treasurer.

It has just been announced in the Ohio State University News that Professor Walter C. O'Kane has been elected professor of zoology and entomology in the University and will take up his new duties next fall. It is earnestly hoped at New Hampshire College that this is not so.

DUAL TRACK MEET IS EASY.

NEW HAMPSHIRE DEFEATS RHODE ISLAND BY 74 2-3 TO 43 1-3.

Granite State Men Not Only Win, But Hang Up Three New Records. Fast Time in the Races

The New Hampshire College track team won a decisive victory over the Rhode Island State College team last Friday scoring 74 2-3 points to 42 1-3 points for Rhode Island. Three of the college records were broken by New Hampshire men. Ward set a new mark of 53 seconds for 440 yards. Huse threw the hammer 111 feet, and E. L. Sanborn captured the two-miles in 10 minutes 48 3-5 seconds.

Out of the thirteen events New Hampshire copped nine firsts, eight seconds, and six thirds. Fast time was made in all the races after taking into consideration the strong wind that blew down the course.

Taber Takes 100 Yard Dash.

Three men from each team answered the crack of the gun in the 100-yard dash. Taber of R. I., shot into the lead, and won in the slow time of 10.4-5 seconds. Smart of N. H. landed second, and Sellers of N. H. third place.

Ward Makes New Mark.

Ward of N. H., grabbed the lead at the start, and was never headed throughout the race, finishing in 53 seconds, and breaking the college record. Mosher of N. H. and Coleman of R. I., put up a hard battle for second place, Mosher finally nosing him out in the last few yards.

Captains Meet In Mile.

In hair raising finish Captain Kinney of Rhode Island trimmed Captain Paulson of New Hampshire in the last few yards. Both men came down the home stretch side by side, but five yards from the tape, Captain Paulson faltered, Kinney winning by a few inches. The time was 4 minutes, 45-2-5 seconds. Groves of N. H., was an easy third.

Wind Slows Hurdlers.

A strong wind retarded the competitors in the hurdle races, but in spite of this fact, Reed of N. H., easily captured first place, with Nordquist of R. I., second and Clark of R. I., third. The time was 19 seconds. Davis of N. H. finished second, but was disqualified for knocking down three hurdles.

Mosher Wins the 220.

This race was a battle royal between Mosher of N. H., and Coleman of R. I., Mosher finally winning out by a hair's breadth. Sellers of N. H., got third place. The time was 24 seconds.

Wentworth Captures Half Mile.

Clark of N. H., took the lead at the start and held it until the last hundred yards, when Wentworth of N. H., with a fine spurt, passed him getting first place. Clark was an easy second, and Lloyd of R. I., was third. The time was 2 minutes 8 3-5 seconds.

Low Hurdles to R. I.

Nordquist of R. I., nosed out Reed for first place in the low stick race. Davis of N. H., was an easy third Time 28 2-5 seconds.

Another Record Gone.

Coach Powers started Clark in the two-mile race in order to pull out the field in the first two or three laps. Clark however, after opening up a lead of

COLLEGE GIVEN PORTRAITS

Alumni Send Pictures of Two of First Faculty Members.

The college has recently been presented with two handsome sepia portraits one of the Rev. Henry J. Jesup A. M., professor of botany from 1871 to 1889. the other of Benjamin Thomas Blaupied A. M., professor of Chemistry from 1871 to 1889. These portraits are the gifts of the older alumni who were students under these professors when the college was at Hanover.

MAY DANCE BY CHILDREN.

Women's League Members at Red Tower Lawn Party.

Mrs. Shirley Onderdonk entertained the members of the Women's League at her home "Red Tower," Wednesday afternoon. A most delightful program was in order, of which the most pleasing features were several vocal solos in German as well as in English by Miss Johnson of Amesbury, Mass., accompanied by Mrs. Raymond of Newburyport, Mass., Mrs. Raymond's charming playing of several piano solos, a May-pole dance on the spacious lawn by Miss Alice Onderdonk and her friends and the presentation of "My First Morning with Florence," by Miss Alice and Mile Fisher. Refreshments consisting of delectable dainties, ices and punch were served on the lawn which was gaily decorated with rare colored lanterns.

fifty yards, kept on plugging, and although passed by Sanborn of N. H., and Tew of R. I., on the last lap, captured third place. Sanborn showed fine form and stamina in breaking the college record in this event. Time 10 min. 48 3-5 seconds.

Pole Vault Is Easy.

Hurd of N. H., had no difficulty in capturing first place in the pole vault by clearing the bar at 9 feet, 9 inches. Lennox and Hope of R. I., tied for second at 9 feet 7 inches.

High Jump For Rollins.

Rollins of N. H., did not have to exert himself in order to capture first place in the high jump, as his jump of five feet five inches was two inches better than Redford of R. I., could do. Bartlett and Pitman of N. H., and Benson of R. I., tied for third place at five feet three.

Broad Jump for N. H.

On account of the poor approach to the take-off in this event, the records were far from being broken. Davis of N. H., was first with a jump of 19 feet 4 3/4 inches. W. Bartlett of N. H., was second at 19 feet 4 1/4 inches, and Nordquist of R. I., was third at 19 feet 1 1/4 inches.

New Mark for Hammer.

The College record went by the board when Huse of N. H., threw the hammer 111 feet. Bugbee was second at 106 feet, and Parmer of R. I., third at 93 feet.

Parmer Scores for R. I.

Parmer of R. I., had things his own way in the shot put by heaving the pill 38 feet 11 inches. Bugbee of N. H., landed second place, at 35 feet, and Keegan of R. I., was third at 33 feet 1 1/2 inches.

"Entered as second-class matter December 1, 1913, at the post office at Dover, N. H., under the act of March 2, 1879.

DOVER, N. H., JUNE 3, 1914.

With this issue, the present staff of The New Hampshire goes out of office and the 1914-15 board will take charge of affairs. While we realize that the paper has not been up to the standard which we had hoped, the outlook for a successful paper next year is most promising. With a reasonable degree of support already assured and with a staff of hustling officers eager for success already elected, a large measure of the handicap under which we have been working this past year will be eliminated, and the paper next year should be a creditable representative of the work of New Hampshire students. Let it be a paper that will be thoroughly alive both to the work of the student body and to the interests of the alumni. If it is to attain the highest success, it must recognize the news of students, faculty and alumni. Let it be fair in its judgments and cast aside all prejudices, and seek to be worthy of the name "New Hampshire."

INTERCOLLEGIATE NOTES.

The University of Nebraska engineers are making a telescope, the barrel of which will be 25 feet long. It will have 12 lenses and nearly 1,200 different parts.

A college degree will be required for admission to the University of Pennsylvania Law School next year. This standard of admission will be as high as that of any other law school in the world.

Dartmouth, Columbia, Cornell and Pennsylvania have records of their respective college songs preserved by the Columbia Phonograph Company.

A new ruling by the faculty of Wesleyan University compels all Freshmen to attain a certain degree of efficiency in baseball, tennis or track.

The student body at Ursinus College have adopted the honor system by a vote of 56 to 21.

HOUSE PARTY AT BEACH.

Miss Diettrich Entertains Her Friends At the Rockaway.

Miss Rosina Diettrich '16 entertained a number of her friends at the "Rockway" bungalow at Hampton Beach. The New Hampshire guests of the party were Misses Reed, Gilson, Weston and Tilton. The party was chaperoned by Miss Augusta Blake, Smith '09.

Miss Caroline Black entertained a number of the women of the faculty at a five o'clock tea Tuesday, June second in honor of Miss Elizabeth Sawyer of Dover.

Director and Mrs. J. C. Kendall, Professor Whoriskey, Mrs. Morgan and Miss Trimmer enjoyed an automobile trip to Boston last Saturday returning Sunday night.

Mrs. Philip Foster (Della O. Worster ex-14) who has been in Camp Meriden, Wyoming since her marriage is visiting her parents Mr. and Mrs. John Worster in Dover.

Misses Mack, Colby, Crandall, and Fall, were house-party guests of Mrs. Hatch and Miss Hatch '17 at their summer bungalow "The Oshkosh" Hampton Beach.

Mr. and Mrs. John Bachelder announce the arrival of a daughter, Barbara, May 17. Mr. Bachelder graduated in 1912 and is now teaching in Antrim High school.

Mr. and Mrs. Frank H. Follansbee of Enfield, have been visiting Mrs. Follansbee's daughter, Miss White '16. Mr. Follansbee is a graduate of this college in the class of 1883.

Noah Sanborn '14 has been appointed athletic director at Colby Academy, New London, N. H. He will also be an instructor in agriculture.

Lloyd S. Riford '14 has been awarded a research fellowship in Animal Husbandry and Dairying at the University of Missouri.

Mrs. William Bean and Miss Erminie Shannon of Laconia were the guests of Miss Clarice Shannon, '17 over the holidays.

Percy R. Crosby '12 has accepted the position of mathematics teacher in the high school at Pawtucket, Rhode Island.

Miss Louise Burpee '17 was the guest of Miss Henrietta Nudd '17 at her home in Hampton over the holidays.

Miss Helen Hallisey '16 spent the week-end in Somersworth as the guest of Miss Murphy '15.

Miss Goldie Basch '17 spent the week end with Miss Mary Langley of Durham Point.

Miss Verna Hardy spent the week end with her parents at Lake Winnepesaukee.

OHIO FOR BLANKET TAX.

Twenty-Six Hundred Sign Petition to Board of Trustees.

Following a monster mass meeting of the students of the Ohio State University, petitions were circulated last week asking that a blanket tax of five dollars be assessed each student beginning with next year to cover expenses of athletics at the University. Twenty-six hundred names were secured on the petitions and they will be presented to the board of trustees of the University at once for its consideration.

That the Ohio State University is superior in many ways to the University of Paris is affirmed by Joseph L. Hefferman, a former Ohio man, in an article which appeared in a recent number of Leslie's Magazine.

Mr. Hefferman, who was a special student at Ohio State last year, is now in Paris, where he has made an extensive study of the University of Paris, which he has compared to the Ohio school, much to the latter's advantage.

INTERCOLLEGIATE NOTES.

Wisconsin Seniors have started a \$40,000 10c fund for needy students.

The success of interfraternity athletics is now being demonstrated at Rhode Island State College. At the present time interfraternity baseball is in a flourishing condition.

Three more new buildings are now in course of construction to relieve the crowded conditions at Ohio State University. Over 4,000 students are enrolled this year.

According to statistics professors at Ohio State University receive poorer pay for their services than those of any other educational institution of like standing in the country.

During the last two or three years the enrollment at the University of Pennsylvania has been increased by about 100 students over the number registered the previous year. Fully 250 of the students come from 40 to 50 foreign countries.

Rhode Island State College has set aside the day before the New Hampshire College track meet as the big Military Day. This day is entirely devoted to military tactics.

Wooster University, by an act of the State Legislature, will soon be known as Wooster College.

At Dartmouth a number of the upper-classmen have agreed to tutor those students who are unable to pay for such services.

At Swarthmore College a large number of both sexes are up in arms against the stringent social rules in force. The students demand more social functions and less restrictions.

This very experience mayhap has been your experience, and you too may have questioned why it is that with Wyandotte Dairyman's Cleaner and Cleanser a certain quality of cleanliness is produced that is peculiar only to Wyandotte Dairyman's Cleaner and Cleanser.

To thoroughly appreciate why this is true one should realize that Wyandotte Dairyman's Cleaner and Cleanser represents years of study and experience in the manufacturing of a material made specially for dairy cleaning purposes. By gradual improvement in quality and by bettering the methods of manufacturing there has been given to Wyandotte Dairyman's Cleaner and Cleanser that certain touch of perfection which years of experience makes it possible to obtain.

And as you probably know, no claim for Wyandotte Dairyman's Cleaner and Cleanser is ever made that is not upheld by a guarantee of the highest quality. Your dealer can supply you in sacks. For kegs and barrels write your regular dairy supply house.

DE LAVAL CREAM SEPARATORS are used exclusively by 98% of the World's Creameries

TEN YEARS AGO THERE WERE a dozen different makes of creamery or factory separators in use. Today over 98 per cent of the world's creameries use De Laval Separators exclusively.

IT MEANS A DIFFERENCE OF several thousand dollars a year whether a De Laval or some other make of separator is used in a creamery.

EXACTLY THE SAME DIFFERENCES exist, on a smaller scale, in the

A De Laval Catalog, to be had for the asking, will make plain the many points of superiority of De Laval Cream Separators

THE DE LAVAL SEPARATOR CO.,

165 Broadway, NEW YORK. 29 E. Madison St., CHICAGO

50,000 Branches and Local Agencies the World Over.

use of farm separators. Owing to the fact, however, that most farm users do not keep as accurate records as the creameryman, or test their skim milk with the Babcock tester, they do not appreciate what the difference between a good and a poor separator means to them in dollars and cents.

NOW IF YOU WERE IN NEED OF legal advice, you would go to a lawyer. If you were sick you would consult a doctor. If you had the toothache, you would call on a dentist. Why? Because these men are all specialists in their line, and you rely on their judgment and skill.

WHEN IT COMES TO BUYING A separator why not profit by the experience of the creameryman which qualifies him to advise you correctly? He knows which separator will give you the best service and be the most economical for you to buy. That's why 98 per cent of the world's creameries and milk dealers use the De Laval exclusively.

THERE CAN BE NO BETTER recommendation for the De Laval than the fact that the men who make the separation of milk a business use the De Laval to the practical exclusion of all other makes of cream separators.

MAINE TRIP DISASTROUS.

New Hampshire Defeated By Close Scores. One 11 Inning Contest.

The annual Maine trip of the college baseball nine proved to be somewhat disastrous this year, as New Hampshire lost all three games. Tuesday, May 26th the team went up against the strong University of Maine aggregation, losing by the score of 4 to 1. On the following day Bates won her second victory of the year in an eleven inning battle, by the score of 4 to 3. Bowdoin had an easy time of it Thursday, May 28th, shutting out New Hampshire to the tune of 5 to 0.

Maine 4—N. H. 1.

Bissel was on the firing line for New Hampshire, pitching masterly ball except in the seventh inning, when Maine by bunching hits and with a couple of bases on balls, put three runs across. New Hampshire scored her only run in the seventh inning, when, with two down, Fernald laced out a grounder which was too hot for Lawry to handle. 'Bucket' stole second, coming in on Hazen's clean hit to center. Reardon popped up a fly to Gilman, making it three out.

Driscoll had the New Hampshire batters at his mercy throughout the game, striking out eight men and allowing only three scattered hits. The feature of the game was a screeching three-bagger by Gilman in the sixth inning.

Univ. of Maine 0 0 0 0 1 3 0 x—4
N. H. 0 0 0 0 1 0 0 —1

Bates 4—N. H. 3.

It was necessary to play eleven innings before the Bates game was decided. With the score 3 to 3 in the eleventh, Moore got two bases when Hobbs allowed his grounder to roll to center field, scoring on Cobb's hit. Paulson was in the box for New Hampshire and pitched fairly good ball.

Bates 1 0 0 0 1 0 1 0 0 1—4
N. H. 0 0 2 0 0 0 0 0 1 0 0—3

Bowdoin 5—N. H. 0.

Bowdoin, by bunching hits and aided by a few costly errors, scored her five runs in the first three innings. After that, Paulson tightened up, pitching airtight ball for the rest of the game. Fraser kept New Hampshire's six hits well scattered.

Bowdoin 1 1 3 0 0 0 0 0 x—5
N. H. 0 0 0 0 0 0 0 0 —0

N. H. Loses Final Game.

New Hampshire closed the season last Saturday by losing to St. Anselm's College by the score of 2 to 0. Wallace, who pitched for St. Anselm, struck out 17 men, allowing only four hits. Bissel pitched good ball for New Hampshire, but the local team's inability to hit at opportune times lost the game.

Score by innings:
St. Anselm 0 1 1 0 0 0 0 0—2
N. H. 0 0 0 0 0 0 0 0—0

2 bast hits, Barry, Wallace. First on balls off Wallace, 3. Struck out by Wallace 17, by Bissel, 5. Double play, McNamara, Connor, Barry. Umpire Hayes.

Harvard University has announced the appointment of a publicity man, who, in conjunction with the Harvard Crimson staff, will distribute through the press facts about the university's progress.
