RISK

Health, Safety & Environment

Volume 10

1999

Number 2

Comments

- Allan Mazur & Kevin Jacobson, *Looking Back: Cyclamate*
The second in a series re-evaluating hazards identified in the 1950s and 60s.
..... 95
- Sven Ove Hansson, *The Moral Significance of Indetectable Effects*
A reassessment of Parfir's fifth "mistake in moral mathematics."
..... 101

Articles

- Joanna Burger, *Risk and Recreation: Differences Due to Gender, Age and Education*
Dr. Burger explores the differences in risk perception due to gender, age and education with regard to recreation activities on former U.S. Government weapons test sites.
..... 109
- Mary R. English & Robert B. Inerfeld, *Institutional Controls for Contaminated Sites: Help or Hazard?*
The authors discuss the different institutional controls available to control long-term site remediation of hazardous waste to prevent exposure to residual contamination.
..... 121
- John Martin Gillroy, *Environmental Risk and the Traditional Sector Approach: Market Efficiency at the Core of Environmental Law?*
Professor Gillroy provides an in-depth discussion on the evolution of environmental law and the proposition that market efficiency has been, and still is, at its core.
..... 139
- Linda-Jo Schierow, *Environmental Risk Analysis: Proposed Mandates 1993-1998*
Dr. Schierow compares Congressional use, or lack thereof, of risk and cost-benefit analysis in environmental legislation promulgated between 1993 and 1998.
..... 177
