

The New Hampshire.

0 TO 0 SCORE WITH MIDDLEBURY ELEVEN

FAILURE OF FORWARD PASSES PREVENT EITHER FROM SCORING

CONTEST CLOSE AND EXCITING

Broderick and Westover Star for New Hampshire—Game Hard and Rough—No Penalizing

The game between New Hampshire and Middlebury last Saturday, ended with honors about even. Neither side was able to score although both came dangerously near it at times. The first period was all Middlebury's, the third was New Hampshire's and the other two were half and half. The game was hard and rough but neither side was penalized. The two features of the game were the forward passes which failed and the fumbling of both teams. New Hampshire tried 11 forward passes. Two of these were intercepted by Middlebury, and only one was complete, Bell to Westover. Middlebury tried 4, all unsuccessful. New Hampshire made two costly fumbles, both of which were recovered by the opponents. Middlebury fumbled 4 times, the ball being recovered twice by New Hampshire. Middlebury made 8 first downs, and New Hampshire made 9. The stars for the visitors were Bower, Pollard, and Duefel. For New Hampshire, Broderick and Westover excelled.

THE GAME IN DETAIL.

New Hampshire kicked off, Middlebury receiving the kick on the 40-yard line and carrying it back 10 yards. They immediately started up the field in a series of long rushes, but were held on the 25-yard line, and were forced to punt. The ball went over the goal line, and New Hampshire started it on the 20-yard line. The home team had nearly reached the 40-yard line when they were thrown for a 3 yard loss and were obliged to punt. Bower received the kick on his 30-yard line and carried it to New Hampshire's 20-yard line. This run of 50 yards was the longest of the game. The visitors could not make first down, however, and New Hampshire received the ball on her 11-yard line. Kyle then punted to his 40-yard line. Middlebury worked the ball to the 19-yard line and attempted a forward pass which Charlie Broderick knocked down. New Hampshire again received the ball on downs and from here carried it to Middlebury's 16-yard line, at the end of the quarter. Broderick did his share of this, tearing off a run for 25 yards when in the center of the field.

MIDDLEBURY NEARLY SCORES.

Middlebury held the home team for downs and immediately punted. This did not help much, as, on the second scrimmage Kyle took the ball the distance of the kick, 20 yards. After going 5 yards more, Broderick failed in an attempt at a drop kick. Middlebury started with the ball on the 20-yard line but could not make first down and punted. New Hampshire received the kick on the 35-yard line, but, failing in two attempts at a forward pass, lost the ball on downs. In 3 long rushes Middlebury carried the ball to New Hampshire's 38-yard line. Here they failed to work a forward and punted the ball 10 yards. Les Bell fumbled on the second down and Middlebury recovered. The visitors carried the ball 23 yards on the first play. On the next they made 5 yards but here they were held, on the 5 yard line. Broderick knocked down another pass just over the goal line. This lost the ball for Middlebury.

New Hampshire started with the ball on the 20 yard line and worked it to the 50 yard line. The first forward pass did not work but the second did and Kyle gained about 4 yards on it. Then he punted to Middlebury's 8-yard line. The half ended with the ball on Middlebury's possession on their 12-yard line.

SECOND HALF

Middlebury kicked off and the home team gained about 10 yards on it.

NEW HAMPSHIRE DAY FUND ALREADY PAST \$200 MARK

Alumni Contributions Total \$150 Now and More Continually Coming—List of Contributions Below

That the alumni are loyally supporting New Hampshire Day may be gathered both from the amount of money sent in and from the following excerpts from a few of the letters. 'Bob' Beach, '13, says, 'I am always interested in the various activities of N. H. C.''

Ralph J. Bugbee sends his best wishes for New Hampshire Day, and states that 'Old New Hampshire is waking up in many ways this year.'

L. S. Riford, '14, sends a check for New Hampshire Day as well as his 'best wishes for a successful occasion.'

A letter from John D. Clark says: 'I am only one of the 1906 class, who is always ready to reconsider when he sees "Dick's" name with the request.'

A. S. Colby, '11, writes that he is keenly interested in the growth of the college and says, 'I also want to commend the last two years work done with the college newspaper.'

Charles L. Pettee, '14, writes that he wishes that he could be here, 'to help push the shovels.'

In a letter from 'Herb' Tucker he says, 'I only wish I might be on deck and blister my hands with the boys.'

Professor Whoriskey desires to acknowledge the following subscriptions for New Hampshire Day.

Previously acknowledged	\$74.00
Freshman class	40.75

PORTSMOUTH TEACHERS HEAR WHORISKEY ON EUROPEAN WAR.

Professor Whoriskey reviewed the European War at a meeting of the Portsmouth Teachers' Association last Thursday evening. He was very enthusiastically greeted by an audience of two hundred and fifty.

PROFESSOR FULLER SPEAKS.

Prof. Fuller spoke before the Hillsboro County Pomona Grange at New Boston, Tuesday, November 14, on Co-operation in Dairying.

NEW HAMPSHIRE DAY PLANS IN DETAIL

ALL THE SUPPLIES NEARLY READY FOR USE

MEN ASSIGNED TO SQUADS

Big Minstrel Show for Evening's Entertainment—Units Consist of 14 Students with Senior Leader

Everything points to a day of days, November 21. Every mail brings scores of letters with contributions from the alumni, each day sees the plans a little more perfected, and the various committees nearly ready for the big day Tuesday. The greatest difficulty encountered, so far has been the procuring of enough shovels and picks to arm all the units. In addition to those already acknowledged, the City of Dover has loaned two dozen shovels, Scruton a contractor of Portsmouth has also loaned two dozen shovels, and Albert Watson and Charles Langley have each offered the free use of a double team. President Fairchild has offered the use of an automobile as has R. C. Graham, '17.

DIVISION OF LABOR

Monday, the entire field will be staked out for each line of tile and these tile will be stacked on one edge of the field. As soon as work begins Tuesday morning, squads of men will dig ditches three feet deep along these lines of stakes, other men will carry the tile from the stack to the places needed, where the tile laying squad will soon have it in place. This tile will be covered with a layer of sand or gravel to keep the ground more porous and to prevent the natural clay soil from packing down too solid. To get this gravel squads of men will be placed at two different sand banks to fill the teams as fast as they come along.

The lumber for the bleachers is well on its way and will be roughly sawed into convenient sizes before Tuesday, so that all time and energy can be put upon the actual building of the bleachers.

Nor have the girls been less busy than the boys. Under the leadership of Dean Knowlton adequate preparations are being made to feed this hungry army when noon time arrives. The sub committees are made up principally of the three lower classes with Senior girls as chairmen.

MINSTREL SHOW

Last of the day but far from the least event is the grand finale, the evenings entertainment. A committee under E. S. Ross as chairman, has been preparing a minstrel show for the evening. The actors will alternate blackface and white face, and will present a two part sketch, the second part of which will contain many individual acts. The feature of the minstrel show will be the many local hits and parodies. Between the acts, a brand new Charlie Chaplin film will be shown, as will also a shadowgraph film. Dancing will be in order after the minstrel show has finished.

The women are asked to come in a body to the evening's entertainment and the men are requested not to escort any of the women students to the gymnasium. No dance orders will be permitted.

Below is given a list of the assistants, foremen, and men assigned to a given squad. Watch the bulletin boards for minor changes in this list. The orchestra will be assigned to work in the forenoon only. A meeting of all the foremen will be held shortly before Tuesday at a time to be announced on the bulletin board.

Following are the assignments of the students to squads:

Assistants—E. F. Cutts, A. S. Burleigh, R. C. Wiggin, G. D. Parnell.

Students to report for work on bleachers—R. H. Bissell, C. C. Dustin, C. H. Dustin, P. Batcher, E. A. Wiggin, G. M. Howe, C. H. Scammon, Oliver Colby, Leon W. Cooley, R. H. Gillmore, L. Tilton, A. R. Lougee, R. B. Harvell.

TRYOUTS FOR ALPHA ZETA DEBATE DISCUSS PRICES

What an Eight and One Half Quart Can of Milk Should Bring—Six Men Chosen For the Next Meeting

Ten members of the Agricultural Club competed in the preliminary try-out for the Alpha Zeta cup in the club rooms last Monday evening. The subject was: 'Resolved, That fifty cents per 8½ quart can of milk delivered in Boston is a fair price for the New Hampshire farmer.'

The speaker upheld the affirmative by six to four and the others present took sides in the same ratio. The points brought out by the affirmative were that the New England Milk Producers Association recently accepted this quotation following their strike; that on the basis of an average production of 5,000 pounds of milk per cow per year the returns at this price would be above seventeen dollars per cow. Attention was drawn to large and small farmers who have been successfully engaged in the dairy business for a number of years while receiving lower prices for their product. Those speakers upholding the negative side contended that on the basis of a twenty-cow herd average it was impossible for a farmer to live on an income of \$350 yearly and support a family, although admitting that he would have other income in the farm. They also argued that it was impossible to produce a can of milk and ship it to Boston for fifty cents.

As a result of the tryout six men were chosen from the ten who spoke and divided into teams which will debate at the next meeting on the question, 'Resolved, that a tariff for protection only would be better for the New Hampshire farmer than a tariff for protection and revenue.' The affirmative is upheld by C. H. Wilkinson, '20, M. H. Benson, '18, and B. G. Butterfield, '18, while on the negative there are E. W. Webster, 2 yr, '17, H. H. Merrill, 2 yr, '17, and F. W. Hall, '19.

Since four teams are desired and only 10 of the 18 men signed up were at the meeting, another tryout will be given next Wednesday afternoon at 3.30 in the Aggie Club rooms. Anyone who desires to try for the teams should prepare to discuss the posted subject and be present at the proper time and place.

COLLEGE SHEEP HERD NOW CHANGED TO WINTER QUARTERS.

The college sheep have been brought in to winter quarters from the various pastures which have supported them during the summer. The department recently sold a pure bred Southdown ram which was added to the flock last year.

TOWN MEN AND FACULTY MEET TO DISCUSS PLANS FOR CLUB.

Fifty men taxed the Sawyer cabin to the utmost last Monday night when the men of the town got together to talk about launching a men's league. All were enthusiastic about such gatherings and a committee consisting of Rev. Vaughan Dabney, Dr. A. E. Richards and Mr. Samuel Craig was appointed to consider the question of the advisability of organizing. They will report at the next meeting to be held next month, the supplies for which will be furnished by Mr. Charles Hoitt, town selectman. Mr. Ralph D. Paine furnished a large share of the evening's entertainment, when he described his personal experiences as a pirate.

The New England society of agronomy will hold its annual meeting at the Parker House in Boston, on November 25.

The social committee wishes to announce that there will be an informal Saturday evening, November 25.

Professor Taylor is in Washington D. C. attending a meeting of the American Agronomy association.

CONCERT GIVEN BY PILGRIM QUARTETTE

SECOND LECTURE NUMBER ENCOURAGES LARGE ATTENDANCE

MISS CARPENTER AS READER

Entertainment Very Favorably Received—Two of Company Have Appeared Here Before.

With a crowd of six hundred or more expectant music-hungry listeners filling the Gym. Friday evening, Nov. 10, the Pilgrim Male Quartet, as the second number of the lecture course, gave a program of a popular nature that evidently found much favor, judging from the hearty applause and persistent call for encores which were generously granted.

The Quartette, consisting of Robert Fitz-Gerald, and Harold S. Tripp, tenors, Percy F. Baker, baritone, and A. Cameron Steele, basso, were assisted by Dorothy B. Carpenter as reader. Both Mr. Tripp and Mr. Steele sang here last season appearing with the Boston Octette.

While the general sentiment seemed to be that the program was well sustained throughout with no marked superiority of selections, it all being a matter of personal preference, yet attention is called to some numbers as showing the type of entertainment. For instance the quartet singing of On Gallant company, by Becker; Summer Lullaby, Gibson; and the final encore, A Perfect Day, won merited applause. Then, too, the solos, In the Garden of My Heart by Mr. Tripp and The Outlaw's song by Mr. Steele came in for a generous share.

INCLUDE READINGS.

The including of readings in the program was an unusual treat to a New Hampshire audience and every one of them was heartily enjoyed. Miss Carpenter showed splendid ability to portray the characters in her sketches. Her version of 'A Satire on Women's Clubs' was particularly clever and caused much laughter. On the other hand she was equally adept at depicting the sadder aspects of life in 'The Littlest Rebel,' a simple but touching story of the Civil War.

NEW HAMPSHIRE AND RHODE ISLAND TO MEET ON GRIDIRON.

The last football game of the season takes place here today when New Hampshire goes up against her old rival Rhode Island. This is one of the big games, and should we win it, another bonfire would be appropriate. This year Rhode Island has beaten Fort Adams and Maine, tied Wesleyan, and has been beaten by Brown, and Boston College. The results of past seasons are:

1905	N. H.	6	Rhode Island	0
1906	N. H.	20	Rhode Island	0
1907	N. H.	6	Rhode Island	7
1908	N. H.	0	Rhode Island	12
1909	N. H.	11	Rhode Island	5
1910	N. H.	0	Rhode Island	6
1911	N. H.	8	Rhode Island	9
1912	N. H.	0	Rhode Island	25
1913	N. H.	12	Rhode Island	0
1914	N. H.	0	Rhode Island	7
1915	N. H.	0	Rhode Island	0
1916	N. H.	0	Rhode Island	19

ECONOMICS CLUB MAKING ECONOMIC SURVEY OF STATE.

The Economics club has this year undertaken a work which in its nature and possible results is entirely foreign to anything it has attempted before.

The study is in the nature of an economic survey of this state with particular attention to agriculture. The problem of the abandoned farms is to be particularly studied, in view of the fact that the large number of such farms represents a great economic loss to the state.

At present the club is studying the movements of the population of the state since 1850, and several interesting facts are being brought to light.

EDITORIALS.

NEW HAMPSHIRE DAY.

New Hampshire Day will mark an epoch in the present history of our college. Of course it will mean the starting of a tradition that is not only new to New Hampshire College but new to the East; and it will mean the putting of our athletic field into proper shape with new bleachers and a drained girdiron but it will also mean far more than that.

Next Tuesday will determine undeniably and irrevocably, whether our present student body has the true enthusiasm and the true New Hampshire spirit that has dominated our classes in the earlier and more difficult years and that has enabled them to help push New Hampshire to the front. It will decide once and for all whether we are a united, loyal, body of New Hampshire men working for a common good or whether we are merely a collection of selfish individuals that chance to have come together in the same place.

It has ceased to be a matter of getting as many men as possible out to the field and of being thankful for that; it has come to the point when every single individual of the college absolutely must be on the athletic field to justify the faith of the alumnus. With one accord they have sent money from all sources to finance the proposition. Many of them have written wishing that they could be on the field to wield a shovel or pick themselves; but they have done their part without one question as to whether or not we ourselves would support the day. They assumed without question that every one of us was backing the scheme to the limit. They expected that the spirit that built our gymnasium was still here to answer when called upon. The eyes of other colleges are upon us as well as those of the citizens of the state. If we fail in this endeavor, we cannot well ask aid from the state, and whenever college spirit is mentioned we must keep silent and think with shame of our attempted New Hampshire Day.

Let no man be elsewhere than on the field next Tuesday if he would keep the respect of his fellow students. Some of us have argued that New Hampshire spirit is alive and growing each year, others have argued that it is now dead. Next Tuesday is the test; are you prepared?

THE GLEE CLUB.

New Hampshire has one branch of service which goes almost unheralded and unpraised until it gets into public action. The Glee club does more with less publicity among the students than any other organization here. It is work, hard work to train one's self for solo or concert singing; time, skill and patience are required. The trips particularly the long mid-semester ones which the club has made annually, are not all fun for the boys. Tiresome rides, hitches in the plans, late going-to-bed, early rising, and the nervous strain more than offset the social pleasures derived therefrom. Personal sacrifice is the major element of practice and performance and if we are not so

gifted as to help in a musical way we can lend our support.

We want our Glee club to take that long trip this winter, we want them to go even further than ever before, because by so doing Alma Mater will be brought to the attention of more people. May we do all in our power to keep the men belonging to our "one best bet" interested and enthusiastic in their work; ready and willing to take the name of New Hampshire into those places where it will be fully appreciated.

THE BULLETIN BOARD.

It might well be asked if the "T" Hall bulletin board is a Chinese puzzle or simply a place where a certain under graduate wits may inscribe the fruits of their budding genius. In a college of this size and standing, there ought to be enough pride to keep the main bulletin board fairly presentable. The hand-books issued last year stated that the bulletin board was the college daily newspaper, but no one can be blamed for not keeping in touch with current events if one depends on that participar piece of prosperity adorning the wall of T Hall.

All that is lacking to make the bulletin board at least legible is a little more care in tacking up notices, and thought to remove those referring to past ages. Ancient history belongs not in Thompson Hall. If the worth of a thing is in proportion to the workmanship on notices advertising it, some few matters brought to public attention had better never been thought of. Almost anything can be what we make it. Working from that principle, shall we use our boards as waste baskets or shall we endeavor to make them presentable, if not artistic?

BASKETBALL PRACTICE BEGINS—SCHEDULE READY SOON.

Captain Badger has recently started basketball practice. This is only preliminary work and consists mostly of shooting, and a little passing. It is intended to help the men get their eye on the basket and get the kinks out of their legs, before Coach Cowell takes the squad in hand. A fair-sized crowd has reported so far. The basketball schedule has not been definitely settled yet in all its details, but Manager Pennett hopes to have it completed shortly.

CIVICS COMMITTEE OF WOMAN'S CLUB HEARS REPORT OF WORK.

A meeting was held in the chapel at church by the civics committee of the Woman's club, where Miss Simonds spoke of the work which is being done in New Hampshire. Mrs. Schofield also gave a short talk. An attempt is being made to learn the social standing of every woman in New Hampshire, and to compile statistics on various subjects, especially as to the number of self supporting women.

SEVEN MEN LEFT AFTER FIRST CROP JUDGING PRELIMINARIES.

As a result of the preliminary tryouts for the farm crops judging team, the squad has been reduced to the following seven: L. S. Hyde '18, C. B. Wadleigh '18, N. F. Whippen '18, F. W. Fitch '17, C. H. Colburn '18, O. R. Garland '18, and B. G. Butterfield '18.

The candidates for the team have shown unusual interest in the work and are closely bunched in rank.

CHEM DEGREE APPROVED BY NEW YORK STATE BOARD OF REGENTS.

President Fairchild has received notice from the New York State Board of Regents that the B. S. degree in chemistry at this college has been registered in the State of New York, and that those who present this degree in that state may have it count also as one year's work in the study of law. The degree of Bachelor of Science in general work has been registered in New York before this.

DOCTOR CHAS. H. OTIS GOES TO WESTERN RESERVE UNIVERSITY.

Dr. and Mrs. H. Otis left on Saturday for their new home in Cleveland, Ohio. Dr. Otis resigned some time ago from the position of Instructor in Botany and Assistant Botanist in the College and Experiment station to accept a position in the Biological Laboratory at Western Reserve University. He will have charge of botanical instruction in Adelberg College and the College for women at that institution.

THE COLLEGE'S GOOD WILL AND THE "COLLEGE SHOP."

"There seems to be a small trade war brewing in our usually peaceful community. Certain individuals are going the rounds, soliciting orders for various and sundry articles of more or less usefulness. Other parties are strenuously objecting to this practise, claiming that they are being deliberately robbed of what is rightfully theirs. Each side is underselling the other, posters "kicking" the respective merchants are prominently displayed. This is a fine thing for the purchaser. It is not conducive to general good feeling or to the proper management of college affairs.

What we have to decide is not merely what price shall we pay, but who shall have our trade? The College Shop is an institution which we should miss if we did not have it; it deserves our patronage so long as it sells goods at a reasonable figure; we should remember that it is a part of the college and treat it accordingly.

It is all right for free agents to peddle goods the likes and prices of which are not to be found in the College Shop. But, if the industry develops as it promises to do, there will be much bad feeling which we do not desire, and there is apt to be brought about as the outcome, rules regulating the house-to-house peddling of goods, and rules requiring licenses. In some big colleges this experience has been common and the outcome has invariably been to require selling licenses. In this way alone have things been restored to normal conditions.

It is for us to decide now, what we shall do before laws which may be undesirable are forced upon those of our students who desire to help themselves."

The above article was originally intended to be published in this paper as an editorial. It is good newspaper law however, that an editorial should not show any partiality whatever; and since, I am frank to admit, the above editorial does, my signature is given it to put the matter fairly and squarely up to you as I believe it should be.

Speaking then in behalf of the interests of the College Shop, I might say that the College Shop does not issue an "N. H." to its managers; but the men of the College Shop put in as many hard liels and as many hours of work beneficial to the student body of New Hampshire as does any New Hampshire man. The management resents very much having anybody rob it of its rights and stands ready to resist an injury of this nature.

The average student may be benefited individually by such competition as has come about in connection with the sale of New Hampshire toques. But let him look at the question from this point of view: how about the many other benefits he receives through the existence of the College Shop?

To our new competitors we say this: Treat us right as we strive to treat you. This is nothing more than treating yourself right indirectly.

We value very highly the "good will" of our patrons and wish to do everything that is fair in order to keep it. Signed: The "College Shop." W. H. Hoyt, Mgr.

COLLEGE GREENHOUSES UTILIZE ALL SPACE IN CROP ARRANGEMENT.

There is in one of the college greenhouses a very good example of crop arrangement. The main crop is sweet peas and snap dragons, but owing to the fact that the mature pea plants take up considerable room it is necessary to utilize the extra space. This is being done by growing a very good crop of head and curly lettuce. Radishes are being grown between the lettuce plants. Potted carnations, marigolds and forget-me-nots are also being cultivated. Cauliflower is coming on and will soon be marketable.

In another of the houses there are to be seen twenty varieties of carnations, the most of which are in bloom. There are about twelve other varieties, all of which have not yet been named, to be seen in other houses.

"THE JESTER'S SWORD," TOPIC USED Y. W. C. A. DISCUSSION.

"The Jester's Sword," by Mary Johnston furnished the material for the weekly Y. W. C. A. meeting. Clarice Shannon '17, read the parts of the book describing the ideals. Miss Goldie Basch '17, played a piano solo. The next meeting will be in charge of Abby Turcotte. '17.

To produce high grade butter you must have a fine quality of cream and to get the best cream you must have a

DE LAVAL CREAM SEPARATOR

The most important of all butter scoring contests are those that take place at the National Convention of the National Buttermakers' Association, held in recent years in conjunction with the National Dairy Show. The first prize winners at every convention of the association since its organization in 1892 have been as follows—all De Laval users:

- | | |
|--|--|
| 1892 Madison, Wis.—Louis Brahe, Washington, Ia. | 1906 World's Fair Grand Prize Butter. Chicago, Ill.—A. Carlson, Rush City, Minn. |
| 1893 Dubuque, Ia.—C. W. Smith, Colvin's Park, Ill. | 1907 Chicago, Ill.—A. Lindblad, North Branch, Minn. |
| 1895 Rockford, Ill.—F. C. Oltrogge, Tripoli, Ill. | 1908 St. Paul, Minn.—J. C. Past, Hector, Minn. |
| 1896 Cedar Rapids, Ia.—Thomas Milton, St. Paul, Minn. | 1909 Milwaukee, Wis.—A. J. Anderson, Otisco, Minn. |
| 1897 Owatonna, Minn.—H. N. Miller, Randall | 1910 Chicago, Ill.—Albert Camy, Owatonna, Minn. |
| 1898 Topeka, Kan.—Samuel Haugdahl, New Sweden, Minn. | 1911 Chicago, Ill.—A. J. Anderson Otisco, Minn. |
| 1899 Sioux City—A. W. McCall, Creston, Ia. | 1912 Chicago, Ill.—A. L. Radke, Plato, Minn. |
| 1900 Lincoln, Neb.—H. T. Sondergaard, Litch field, Minn. | 1913 Chicago, Ill.—O. N. Petersen, Rapidan, Minn. |
| 1901—St. Paul, Minn.—E. O. Quenvold, Owatonna, Minn. | 1914 Chicago, Ill.—Thomas Saddler, Oelwein, Ia. |
| 1902 Milwaukee, Wis.—E. L. Duxbury, Green Bay, Wis. | 1915 Mason City, Ia.—Emil G. Oman, Delano, Minn. |
| 1904 St. Louis, Mo.—L. S. Taylor, Glenville, Minn. | |
| 1904 St. Louis, Mo.—J. C. Joslin, Winstead, Minn. | |

Such evidence of the superior quality of cream produced by the De Laval Cream Separator no cow owner considering the purchase of a cream separator can afford to overlook.

A. E. GOODRICH, 2 YEAR '16 EMPLOYED AS ASSISTANT

Instructor in Training School for Mentally Deficient—T. G. Yaxis, '14 Enters Cornell University

Arthur E. Goodrich, 2 yr. '16, is employed as assistant at the Union Training school at Walpole, Mass. This is a school to which truants who are often more or less mentally defective are sent for indeterminate periods. The boys range from 9 to 16 years of age and their studies are much the same as in any public school. His work consists of overseeing generally and also teaching some subjects. His address is Box No 431 Walpole, Mass.

T. G. Yaxis, '14, has entered the Graduate School at Cornell University, where he is studying for the degree of Master of Science in Agriculture, specializing in Dairy Industry and Animal Husbandry. His address is 297 Kelvin Place, Ithaca, N. Y.

H. S. Brown, '16, writes from Cloquet, Minn., that the work is going fine and that for a side line he is coaching the town foot-ball team.

Raymond E. Dearth, '15, is manager of the Twin Oakes Dairy Farm, in North Haverhill, N. H.

C. W. Davis, '15, is with the Bureau of Mines at Pittsburg, Pa.

L. S. Riford, '14, is an instructor at the New Jersey Agricultural Experiment Station at New Brunswick, N. J.

E. K. Jenkins, '15, is director of the Pennsylvania Institution for the Instruction of the Blind, at Overbrook, Pa.

Nettie E. A. Finley, '16, is registered in the School of Education of the University of Pittsburg, where she is specializing in Psychology.

WAR RELIEF WORK ACCOMPLISHED BY DURHAM LADIES AID SOCIETY.

After the season's regular meetings of the Ladies' Aid society of Durham were finished, it was felt that during the summer work should be done for the war sufferers. Money was subscribed and a play given by the college women. The amount of \$125.78 was raised for buying materials and the activity began in earnest. The Surgical Dressings committee, with Mrs. Onderdonk as chairman, worked for the Peter Bent Brigham hospital in Boston under the direction of a trained nurse. The weekly shipments received most favorable comment by the experts in charge and the ladies have a right to be proud of their skill and industry.

Mrs. Charles Pettee will be glad to receive subscriptions. It is a fitting time to thank all those who have assisted. This noble cause did something for those engaged in it through the summer. It united the women in a common purpose, made them better acquainted, and resulted in splendid team work, the kind which has meant success in other directions.

VESPER SERVICE TO BE HELD AT CONGREGATIONAL CHURCH.

The Y. M. C. A. and Y. W. C. A. are cooperating with the village church in the preparation of an attractive vesper service to be held Sunday afternoon at 5 o'clock. This meeting will be in charge of Dr. A. E. Richards, who will be assisted by members of the college glee clubs. The chorus will sing some of the fine church hymns and Dr. Richards will tell something of their history and point out their charm and beauty. According to Dr. Richards such a service should accomplish several things. First of all it should give those who attend some familiarity with the great hymns and choruses of the centuries. Also, it should bring out something of the history of church music. Finally, it should make the congregational singing more of an integral part of the church worship. Those who are promoting this service are enthusiastic about its success, for they contend that such a rich opportunity for self-improvement cannot well be overlooked.

ICE STORM STALLS ELECTRIC DRIVEN ARTESIAN WELL PUMP.

The ice storm, that swept down upon the village Monday night and left such beautiful winter scenes, dealt the college, especially, a strategic blow by temporarily up-setting the line conducting electricity from Portsmouth, as well as stopping "T" Hall Clock. The motor driven pump, which supplies two dormitories and the other campus buildings, was stalled and the forced failure of the lighting system allowed the gloom of night to hang tenaciously about the corridors and in the classrooms, to be dispersed only by the return of fair weather.

0 TO 0 SCORE WITH MIDDLEBURY Concluded from Page 1

Then Kyke made 30 yards and a few more short rushes brought the ball to Middlebury's 20-yard line. Here an attempt at a forward was intercepted by Bower. Middlebury could not gain however, and punted. The kick went outside at the 15-yard line and New Hampshire carried it to the 10-yard line. Here they tried another forward pass, over the goal line, but it failed. Middlebury started with the ball on the 20-yard line but had not gone 5 yards when they fumbled and Doc Bell fell on the ball. Carrying it to the 15-yard line, New Hampshire tried a forward and a drop, but both failed. One of the Middlebury players picked up the ball and carried it 5 yards. He was evidently started for the other end of the field but neglected to take into account the Bell brothers who proceeded to get him in their characteristic manner. Middlebury then took the ball to the 35-yard line. Here Jenkins broke through and tackled the Middlebury runner for a 10-yard loss, forcing them to punt on the next down. New Hampshire carried the ball to the 50-yard line before the end of the quarter.

A forward pass failed and the home team punted on the next down. Middlebury brought the ball to the 45-yard line, but lost 10 yards on a fumble and had to punt. Kyke carried the ball back 10 yards but it was lost on a fumble in the first scrimmage. Middlebury fumbled on the next scrimmage but recovered it immediately. On the next down they were thrown for a 10-yard loss. An attempt at a forward was knocked down by Les Bell and the ball went to New Hampshire on downs. Middlebury intercepted the next forward pass, and then tried both a forward and a drop, but both failed. New Hampshire recovered the ball on the ten yard line and took it about 5 yards. Les Bell then took the ball 20 yards, and had a clear field ahead of him but a tackler got him from behind. Another attempt at a forward failed and Skeet Irvine made a nice 3-yard punt. Middlebury immediately punted back but the ball went outside at their 45-yard line and New Hampshire started with it here. Another attempt at a forward failed and Les Bell took the ball 5 yards on the next down. After being thrown for a 3-yard loss New Hampshire was forced to punt. The ball went 50 yards and over the line, and Middlebury started on the 20-yard line, punting immediately. Kyke received the ball on the 50-yard line and carried it 15 yards before he was downed. Another rush of 5 yards and Skeet tried a drop. It failed, and a Middlebury player received it and started down the field. He made about 3 yards before being tackled and dropped the ball. Skeet picked up the fumble and carried it about 10 yards. Here he was tackled and thrown outside just as the whistle blew.

FRESHMEN BEAT IN ANNUAL FOOTBALL GAME

Score 1920, 12; 1919, 0—Two Touchdowns Made in Fourth Period—Both Teams Show Lack of Practice

The annual foot ball battle between the two lower classes took place last Wednesday, and ended with the Freshmen 12 points to the Sophomores 0. The game was hard and unusually clean for a class game. The Freshmen completely outclassed the Sophomores in all stages of the game, but they were hindered by the snow. For three periods the Sophomores gamely defended their goal, but a costly fumble gave the Freshmen their first touchdown and after that there was no stopping them. The individual stunts of the game were few, the quartet of Freshmen backs, and Barker of the Sophomores. The other Sophomore backfield men seemed to be more of a hindrance than a help to their team. Both classes were fairly well represented in the cheering section, although the Freshmen rooters slightly outnumbered the Sophomores.

The Sophomores kicked off and the Freshmen ran back the kick about 5 yards. On the 50 yard line they fumbled, Davis recovering. They fumbled again and this time Long Thompson fell on the ball. The Sophs also fumbled but Brosnan recovered. An attempt at a forward failed and Hank Emery punted to the 10 yard line. Whitman, Donovan, and Davis carried the ball back to the 30 yard line in three long rushes. Davis recovered another Freshman fumble, and, unable to gain, the Freshmen punted.

The second quarter began with the Sophomores in possession of the ball on their 45 yard line. They carried it about 7 yards but fumbled and Christensen recovered for the Freshmen. One attempt at a forward failed, and the second was intercepted by Jack Brosnan who was immediately downed by at least 11 Freshmen. The Sophomores were penalized 5 yards on the next line-up and on the next they punted. Starting on the 50 yard line Davis, Booma, and Donovan made 20 yards in 3 downs. Another fumble, recovered by Davis, lost 10 yards for the Freshmen. Another fumble was recovered by Booma. Then the Sophomores blocked a kick and the ball went outside on the 40 yard line. Parker recovered another Sophomore fumble, but two forward passes failed and the ball went to the Freshmen on downs. Whitman reeled off 10 yards, and a little later Dad Booma made 5 more. The half ended with the Freshmen in possession of the ball on the Sophomore's 15 yard line.

The Sophomores kicked off, and the Freshmen received the ball on their 45 yard line. From here they carried it in a series of long runs to the Sophomore's 3 inch line but could not put it over and lost it on downs. The Sophomore carried the ball about 10 yards in 2 downs, but were thrown for a loss of the same distance on the next scrimmage. They punted and Davis recovered a Freshman fumble just as the period closed.

The last quarter commenced with the Freshmen in possession of the ball on the Sophomore's 25 yard line. Shorty Whitman and Booma carried it to the 10 yard line, but lost it on a fumble which Barker recovered. The Sophomores immediately fumbled and the Freshmen got the ball back. In 4 downs Dad Booma went over for the first touchdown. Whitman's try for goal failed. The Freshmen kicked off and Christensen fell on the ball. Through some mistake the Sophomores started with it and tried a forward pass before the officials woke up. This gave the Freshmen the ball on the 50 yard line. Davis and Booma took turns and between Jenness and themselves got it to the 10 yard line. From here Dad went over for the second touchdown, making it in two rushes. Whitman again failed to kick the goal. The Freshmen kicked off and Dad Booma caught it as it bounced off a Sophomore's chest. Shorty Whitman made about 10 yards on the next down. After going 10 yards more the Freshmen pulled a forward, Davis to Hatch. Hatch was nailed in his tracks by Hunt, in the prettiest tackle of the game. The play gave the Freshmen 10 yards and they were on the 5 yard line when the game closed.

The summary:

Freshmen	Sophomores
Currier, lb	re, Cullinan,
	re, Cann.
Pierce, 1t	rt, Booma
McGinn, 1t	tr Young
