## HOLD RIVALS TO SCORELESS GAME

Threaten Rhode Island's Goal Several Times

### OUTPLAY OPPONENTS

On Slippery Field With Strong Wind at Kingston—Lack Punch in Crises of Game

New Hampshire and Rhode Island battled to a 0-0 tie at Kingston last Saturday. The game was hard fought all the way through. New Hampshire had the ball on the two-foot line once and another time on the three-yard line, but could not deliver the punch at the right time and so did not score. New Hampshire easily outplayed Rhode Island all the way through.

### GOOD TRIP

Coach Cowell said that the trip was a very enjoyable one and that the Rhode Island hospitality was exceptionally good. The afternoon was clear, but a sharp wind cut across the field, making it hard for New Hampshire to manipulate forward passes. Owing to the hard rain the night before the field was slippery and slowed the game up to a considerable degree.

Coach Cowell, before leaving for Rhode Island, feared the Rhode Island team greatly because of its wonderful showing in its two previous games and because of New Hampshire's only having played one game. However he was very well satisfied with the showing the team made.

### SUMMARY

The lineup was as follows:

New Hampshire	Rhode Island
Irvine, r. e.	l. e. Strand
Jenkins, r. t.	l. t. Angell
Graham, r. g.	l. g. Eastwood
Harvel, c.	c. Seibury
Sawyer, l. g.	r. g. Rioux
Bell, l. t.	r. t. Knott
Leavitt, l. e.	r. e. Hart
Humiston, l. h. b.	r. h. b. Murphy
Hewey, q. b.	q. b. O'Brien
Broderick, r. h. b.	l. h. b. Nichols

Connors, f. b. f. b. Keegan  
Score: New Hampshire 0, Rhode Island 0. Referee, McGrath; umpire, Burleigh; head linesman, Ireland. Time, four 15m. periods.

## GIRLS' HIKING CLUB INDULGES IN BACON BAT.

A bacon bat was enjoyed last Thursday evening, in a nook near Oyster Bay, by more than twenty members of the Girls' Hiking Club. They started at 4.30 o'clock, accompanied by Professor and Mrs. C. Floyd Jackson. The girls sat around the bonfire, each one toasting bacon for herself, which with sandwiches and cookies composed the supper.

They spent the time after supper in story-telling and in singing nursery and humorous songs. Cheers for Professor and Mrs. Jackson and the singing of Alma Mater ended the party.

## ESTABLISH TRAINING SCHOOL FOR TEACHERS.

New Hampshire College has been designated as the state training school for teachers of vocational subjects, under the Smith-Hughes bill recently passed by Congress. This bill marks the entrance of the federal government into the field of secondary education. It gives an annual appropriation to be used in giving training in agriculture, home economics and manual arts, and in training teachers of those subjects. By training such teachers the college will receive \$5,000 this year, and this amount will be increased as the work increases. New courses may be offered the second semester to provide more of such training than the college now offers.

A state committee to direct such work in this state has been appointed. President Hetzel is the chairman and Gov. Keyes and Mr. Butterfield, Supt. of Schools, are also serving on it.

## NEW HAMPSHIRE'S BIG Y. M. C. A. DRIVE

Solicitations of Funds to Carry on Work Being Made in Man to Man Canvass

At Convocation, Wednesday, October 24, the entire hour was given over to the interests of the nationwide Y. M. C. A. drive. Professor Simmers, who was delegated by President Hetzel to arrange special work to be carried on at New Hampshire, spoke very earnestly in regard to the stand that New Hampshire men and women should take. Professor Simmers stated that the National Y. M. C. A. aided by the Y. W. C. A. must raise \$35,000,000 to carry on the work as outlined by the national chairman, John R. Mott. One million of this amount is to be raised by the universities and colleges of the nation. He said before very long some New Hampshire men will be going "over the top," and in order to do this with the most efficiency, it is necessary that these men be well cared for. In part this is the work of the Y. M. C. A. It is the desire of

(Continued on Page Four.)

## JUNIOR CLASS VOTES TO PUBLISH COLLEGE ANNUAL.

The work on the 1919 Granite is now well under way. For a time it was thought that the unusually high prices would prohibit the publication of a college annual this year. The 1919 class, however, has voted to assume the task of putting forth, once more, a representative New Hampshire College annual. The date on which this book will appear for sale has not yet been established. The 1919 Granite Board is as follows: business manager, L. B. Hoffman; assistant business manager, K. L. Wildes; editor-in-chief, C. C. Dustin; art, editor, Muriel Chamberlain; athletic editor, J. E. Cullinan; photograph editor, W. C. Wheeler; associate editors, Miriam Sanders, A. B. White, H. A. Emery, W. E. Shuttleworth and F. W. Prescott.

## HAVE BIG GATHERING OF SCHOOL TEACHERS.

The State Teachers' Educational Association held its meeting in Manchester, Oct. 19. There was a large attendance at the meeting, which was unusually successful. The keynote sounded throughout was that of humanitarian ideals coupled with that of service.

A noteworthy feature of the Manchester meetings last week was the New Hampshire Alumni luncheon.

At the Schoolmasters' Club banquet on Thursday, more than one hundred sat down to it. It was in part a farewell meeting in behalf of former Superintendent Morrison who goes to Connecticut as a member of the state board of education. He was presented with a gold watch by the school teachers of the state.

## BREWSTER ACADEMY PLAYS SECOND FOOTBALL ELEVEN.

Brewster Academy will play football here Saturday with the second team, while the varsity is playing at Dartmouth.

This should be a good game as Brewster has an exceptionally strong team this fall. Athletic season tickets are good for this game. Everybody come out and help liven things up by some good cheering.

## FIRST INFORMAL OF YEAR VOTED GREAT SUCCESS.

The first informal of the year was held on Saturday evening, October 20. A large part of the students were there and everyone pronounced it a grand success. The social committee was on duty to give introductions. Music was furnished by the college. In the receiving line were Professor and Mrs. Eckman, and Professor and Mrs. Cleveland.

## MAY ENTER NEXT TRAINING CAMP

Assign Quota of 26 to New Hampshire

### SATISFACTORY COMPARISON

With Other New England Colleges—Men Will Go to Camp Devens for Three Months

An opportunity to attend the third officers' training camps will be given to twenty-six graduates and undergraduates of New Hampshire college. This third set of training camps, to be from January 5 to April 5, 1918, is intended primarily for enlisted men of the Regular Army and National Army, but it has been decided to admit a certain number of graduates and undergraduates of universities, colleges and schools which have had military training under Army officers during the past ten years.

The camp to which New Hampshire college men will be assigned will probably be at Ayer, Mass.

### CONDITIONS

Graduates and undergraduates, who will be between 21 and 31 years old on Jan. 5, 1918, are eligible to apply for admission. They may be married or unmarried, but preference will be given unmarried men. Those who did not take the course of military training offered by the institution are not eligible for admission.

Men who are eligible as indicated above, and who desire to be admitted to the training camp must apply on a blank, which may be obtained from the instructor in military tactics of the institution from which the applicant graduated, and forward the completed application to this instructor. Each applicant must be examined physically at his own expense by a reputable physician, who will fill out the physical report forming part of the official application blank. No application received after Dec. 1 will be considered, but will be promptly returned to the applicant. Examining officers will be authorized to designate the full quota of principals and the same number of alternates.

### ENLISTMENT TERM

Graduates of the institutions listed, if selected to attend, will be required, upon reporting at the school, to enlist for the duration of the war. If after completing the three months' course they are not recommended for commissions, they will be required to remain in service and finish their enlistment. While students they will receive the pay and allowances of privates, first class; this will be about thirty dollars per month, plus food, clothing, and quarters.

All men who successfully complete the three months' course and are so recommended, will be carried on a list as eligible for appointment as 2nd lieutenants and will be commissioned as vacancies occur, in the order of merit determined by performance while at the training school; provided that their service, between date of graduating and date of occurrence of their vacancy, has been satisfactory.

The total quota to be drawn from the colleges of the country is 2,490. New Hampshire's quota of 26 compares very favorably with that of other New England colleges. University of Maine is allowed 26, University of Vermont 24, Bowdoin 6, Massachusetts Agricultural college 36, Connecticut State college 20, Rhode Island State college 22, Harvard 56, and M. I. T. 42.

## WOMEN'S REPRESENTATIVES HEAR HOW TO RAISE FUNDS

Professor and Mrs. Simmers entertained representatives from the women's associations and fraternities of the college, and from the faculty, at lunch on Wednesday. Plans were discussed for raising funds for the student relief movement and Miss Farquar spoke of the methods of raising the needed funds.

## BOWDOIN VICTORS IN CROSS-COUNTRY

Captain Nightingale of New Hampshire Finishes First—Bowdoin Gets 2nd, 3rd, 4th and 5th

The Bowdoin College cross-country team trimmed New Hampshire in a four and five-eighths mile run, on October 24. The race was run in a cold driving rain and the ground was in anything but a favorable condition for running. The best time was made by Capt. G. T. Nightingale, who finished in 26 minutes with a 200-yard lead. The first five men to finish in

CAPTAIN NIGHTINGALE.

each team scored. The final score was: Bowdoin 23, New Hampshire 34. The men finished in the following places: Bowdoin, Goodwin 2nd, Cleaves 3rd, Wyman 4th, Blanchard 5th, McCarthy 9th, Morse 10th, Warren 11th, New Hampshire: G. T. Nightingale 1st, Weston 6th, Fitch 7th, O'Leary 8th, Dove 12th, B. Nightingale 13th and Billingham 14th.

## N. H. C. FOOTBALL TEAM TO PLAY AT HAVERHILL.

George V. Brown, director of athletics for the Boston Athletic Association, and also director of the cadet teams at the Charlestown Navy yard, has written for a game to be played at the Haverhill stadium with the cadets. This will be a pro-season game, the faculty committee having accepted, though their action is not yet ratified.

## EVERYBODY WILL BE AT HALLOWE'EN PARTY TONIGHT.

A general Halowe'en party for the student body and the faculty will be held in the gymnasium Saturday evening, Oct. 27, at eight o'clock under the auspices of the Women's League. A special program has been provided for non dancers. Fun for everyone is the prediction.

## N. H. VS. DARTMOUTH AT HANOVER THIS AFTERNOON.

24 men of the football squad left Durham on the 8.56 train Friday morning, where they will play Dartmouth today. Coach Cowell was in high spirits and felt that the team stood a chance of playing a close game. The men were in good shape and hoped to give the big Dartmouth team a good fight.

The squad will leave Hanover at five o'clock Saturday and go by automobile to Manchester, where they will spend the night. They will arrive in Durham at ten thirty o'clock Sunday morning.

When the donkey saw the zebra,  
He began to switch his tail;  
"Well, I never," was his comment;  
"There's a mule that's been in jail."

## ALUMNI TELL OF LIFE AT FRONT

Varied Experiences Come to Them in France

### WANT MORE INFORMATION

Write About Yourself and Friends—Help New Hampshire to Keep in Touch With You

The reality of this war and our nearness to it are brought home more clearly by the following letter from William Thorpe Tapley, '16, to his parents at Revere, Mass.:

"Dear Folks:—

September, 1917.

"I will call this letter 'No. 4.' I am feeling well except for a little lameness. For five days we have been at our base station some six miles from the front and from which point we go to work. As yet we have had no very dangerous jobs, the work, however, is hard real work and work that is neither vacation work or a 'joy ride,' nothing doing. Before we left our training camp we had a trial long run that came a week ago today. We started in ten trucks about 12.30 noon and got back about two the next morning. We went as far as Senlis, some twenty-five miles from Paris. In all we covered 100 miles, quite a ride on a big truck, four men on each truck taking turns driving. We were 'all in' when we got back, had a good dinner at Senlis, however.

### HIS FIRST PAY

"Sunday and Monday we did the usual routine work around camp, we got up early, had setting up exercises, breakfast, kitchen work, two hours hard drill, then dinner, then we got paid. I received three francs for ten days' work, about 60 cents and two packages of French tobacco, my first pay. Then we packed our belongings, a French officer's trunk, and blanket roll. I am carrying all my small stuff in the trunk, all clothing goes into the blanket roll. Our beds have first a regular stretcher on top of two ends; on the stretcher cloth I put all

(Continued on Page Four.)

### CALENDAR OF EVENTS.

Saturday, Oct. 27—Woman's League party at 8 p. m. in Gym; football game, Dartmouth at Hanover; Brewster Academy vs. second team at Durham.

Monday, Oct. 29—Girls' Glee Club tryout for new members in Thompson Hall.

Wednesday, Oct. 31—Chapel speaker, H. C. Morrison, former State Superintendent of Schools. Y. W. C. A. meeting in evening at Smith Hall. Speaker, Rev. Vaughan Dabney.

Friday, Nov. 2—1918 Woman's Club meeting at 4 p. m. in Thompson Hall.

Saturday, Nov. 3—Football game, Tufts at Medford.

Sunday, Nov. 4—Book and Scroll meeting in evening at Thompson Hall.

The New Hampshire Sheep Breeders' Association is now preparing an analysis of the sheep industry in this state. It is entitled, "The Sheep Industry in New Hampshire," and will be off the press in about ten days.

### PAST DARTMOUTH SCORES.

New Hampshire College meets Dartmouth College at Hanover today in football for the fourth time since 1900. First in 1901, when Dartmouth defeated New Hampshire 51-0, again in 1907, when Dartmouth won 10-0 and last year when New Hampshire was defeated 33-0. This year, however, New Hampshire will go into the game with a stronger team than has ever before faced Dartmouth and the result is looked forward to with interest.

DURHAM, N. H., OCTOBER 27, 1917

### EDITORIALS.

The management of the New Hampshire has decided to send the paper free of charge to all former New Hampshire students now in the service. Those who have already paid their subscriptions will have the time extended one year.

#### A TEACHERS' REUNION.

A most pleasing feature of the recent teachers' convention at Manchester was the reunion of over twenty former students at this college, now engaged in the teaching profession in this state. It is indeed gratifying to learn that so many alumni who choose to teach find positions in this state, and we are asking ourselves this question, Why cannot these individuals make plans for a reunion to be held each year at the same time the convention is held? News of last week's meeting, with its sizable delegation of New Hampshire college men and women, gives evidence of the activity of Alma Mater. Why not improve the opportunity to shout long and loud for the State College, to renew acquaintances, to learn of one another's successes, to keep in touch with this college through its representatives present at the annual meeting?

Disciples of Pestalozzi, Aristotle and other profound teachers, are you going to overlook the collegiate old home week? The college stands ready to assist in the formation of plans, there is a place in the state for such an organization as the one proposed and there are people enough to carry it through. Will it be done?

#### THE RUSHING SEASON.

Viewing the abnormal demands placed on society, both on its luxuries and necessities, the action of the Casque and Casket, in voting to terminate the rushing season November 22, is a wise and sincerely appreciated move. It points toward frugality in that living expenses will be far less; it makes for calmer minds because the suspense will be over sooner than it was last year; it makes possible higher scholarship because the men bid can get down to work before half their first year has elapsed. Of course the hustling will be intensified, the competition will be keen, but it will be over with sooner, allowing college events to follow their natural course.

#### ANONYMOUS LETTERS.

Again it becomes necessary to remind our readers that no anonymous communications of any sort will be published by this paper.

#### THE SECOND TEAM.

That the second team did not play Exeter High last Saturday was no fault of theirs. The past intentions were good and the plans for this Saturday are equally commendable. Instead of resting on their oars because they were not good enough to play on the varsity team, the second string team is helping itself and the college by playing these extra games. In so doing, material for next year's team is being developed. Mr. Cowell is pleased with the spirit shown and appreciates the hard work done. Its benefit will be still more evident next Fall.

#### LIBERTY BOND SUCCESS.

One of the many financial appeals being so often launched these days has apparently turned out a success. The call from the New Hampshire for a Liberty bond to be applied to the next New Hampshire Day's expenses was well answered, especially by the men at drill Monday. Nearly one-half the necessary funds were collected from the four companies assembled at that time. The satisfactory feature, of course, is that this money is contributed by ourselves for ourselves. At the same time we are putting money in circulation, where it is wanted. It may be a temptation to remark, "What next?" but to date, coast and conscience are clear.

#### ATHLETIC SEASON TICKETS ARE NEEDED FOR USE NOW.

In this time of need, demands are made on the student body for money. First it is the Liberty Loan Bond, next the Red Cross and then the Students' Friendship War Fund. One feels it a duty to contribute to these various causes. Is it not as much a duty to purchase an Athletic Association ticket and help New Hampshire?

Following is the percentages of the different bodies who have purchased season ticket books:

Men students, 58 per cent.; total student body, 51 per cent.; women students, 25 per cent.; faculty, 22 per cent.

The expense of athletics must be met in some manner, if not by Athletic Association tickets, then by a blanket tax. Therefore buy your tickets now. They may be obtained at the business office or from the committee.

#### THE COLLEGE GLEE CLUB.

The first student activity in the long list composing our social and athletic schedule is naturally football. This sport deserves first place and is located in our interests just where it belongs.

With three weeks of college almost completed, it is time to look to other matters that in all previous years have claimed attention, not only here but throughout the state.

To date, the judging teams have got under way. Book and Scroll is doing a rushing business, the Girls' Glee Club is getting ready for an interesting season and the co-eds are to be complimented for their speedy work, but the men haven't evidenced all the signs of life that they should. It is time that steps were taken toward the formation of a Glee Club. This body of song artists has never failed to elicit a favorable response from fellow students and more especially from the state.

War conditions may make extended trips impossible. The war restlessness, rushing season, football, studies, Red Cross, Christian associations, interclass strife, etc., may be responsible for nothing having been done to date. It is only fair to give more time before criticizing will be in order, but it is sincerely hoped that time and desire will soon bring the College Glee Club into active operation.

#### BOOST CROSS-COUNTRY.

Because the cross-country team was defeated Wednesday in their run with Bowdoin is no sign that we are no good. The words "We got licked" are hard to swallow, but they do not mean licked for good. The runners will continue grinding away at practice and they will come through with more than one win before their chances have all gone by. Boost every man along, tell him you believe in his ability, forget the defeat and look to him to count in the next run.

#### THE NEW HAMPSHIRE TO ACT AS CLEARING HOUSE.

To gain greater efficiency the Red Cross, Military committee and Alumni Association have all combined with the New Hampshire in the war work. Henceforth the office of the New Hampshire will be made the headquarters and clearing house for keeping in touch with our men in the service. Students and alumni are requested to forward any letters or information directly to this office.

The office has excellent equipment for the work. New letter files have been put in to care for the increased correspondence. The system used is

as follows: There is a card catalogue of the men in the service. Each man's card bears his name, home, class, degree held and a variety of other information which will tend to show what he is best fitted for. Upon receipt of a letter from a man, extracts are made for the New Hampshire and the original is placed on file. Any change of address or noteworthy event in the man's career is noted on his card. The object of filing the letters is that it may be desirable after the war to have some of them bound and placed in the library.

#### BOOK AND SCROLL LAY OUT PROGRAM FOR YEAR.

Book and Scroll held a most enjoyable meeting at Dr. Richards' home Sunday evening and the program for this year was definitely arranged. Meetings will be held twice each month, the place of meeting being alternately Dr. Richards' and the rest room in Thompson Hall.

Only members of the club will meet at Dr. Richards, and at these meetings favorite poems will be read by the members and Dr. Richards will read articles on modern poetry. A poet contest, arranged by Dr. Richards, will also be held and the members will be asked to place quotations from some standard poet selected in advance. Quotations from Tennyson were read at this meeting and at the meeting on Nov. 18, selections will be taken from Browning's most noted poems. At the open meetings in Thompson Hall each member of the society is privileged to bring a guest. Modern poets will be discussed and current poems read. The first of these meetings will be held Sunday evening, Nov. 4, and the program will be in charge of Helen Bugbee, '18.

Two new books have been added to the library. These books are to be left in the Y. W. C. A. room at Smith Hall for the use of all college women and may be taken out only by Book and Scroll members for one week.

#### COLLEGE COAL SUPPLY IS VERY SATISFACTORY.

The coal outlook for the coming winter is very satisfactory. There is now on hand about one month's supply. The coal company in Boston has promised to keep the college supplied. Coal is arriving now at the rate of two cars a week. This is only enough for the regular demand.

The rate of supply will be increased as soon as cars are available. As the government is to make the railroads give the right of way to food and fuel, there is every prospect of an adequate supply. The only doubtful aspect of the coal question is that of providing hard coal to heat Bickford Hall. Hard coal is rather difficult to obtain at present.

The College is buying its coal this year from the same company which supplied it last year. The shortage of coal was much greater then than now. At one time last winter the coal on hand got down to only enough for the next day, but a carload arrived that night, so that at no time was the college actually without coal.

From all viewpoints there is no need to worry about keeping warm this winter.

#### SUGAR SHORTAGE MAKES ECONOMY NECESSARY.

"Eat less sugar" should be the slogan of every patriotic American. The French people have only enough sugar to last one month under their present system of distribution. The French soldier now receives as his daily ration only enough sugar to cover a silver dollar, while it is estimated that each person in the United States consumes ninety pounds a year. The difference in daily labor or energy needs no explanation. The amount which the French have asked for allows only twenty-four pounds per capita per year. If every individual in the United States would cut down the amount consumed to two-thirds of the present ration, this nation could meet the requirement of the Allies.

The sugar must be of the white granulated variety, primarily because of its keeping quality it can be easily transported, and secondly, because of its concentration. The fact that this amount of sugar must be saved does not mean that sweetened foods should not be used. It only means that it should be used more

wisely. It does mean that instead of putting three teaspoonfuls in a cup of coffee and leaving two in the cup, only one should be used. It also means that substitutes for white sugar should be used. Brown sugar is less concentrated and does not keep well. Therefore it should be kept for home consumption and the white sugar exported. Such substitutes as molasses, syrups and honey should be used.

Above all things large quantities of candy should not be made or purchased. It seems perfectly proper to eat chocolate, because at present this is not being exported. However it is not necessary to eat large quantities of chocolate creams, the filling involves the use of sugar. Therefore, in order to help win this war, the manufacture of chocolate must be decreased by lessening the demand.

**HAYES DOING WAR WORK FOR U. S.**

Kennedy, '09 is Chemist in Dutch East Indies—Kittredge, '96 President Peerless Motor Co.

L. D. Hayes, M. E., '97, Assistant Professor Machine Design, Sibley College, Cornell University, is taking his sabbatical year and is engaged on war work in the Department of Commerce, Washington, D. C. He is in charge of the manufacture of apparatus used in the checking of master gages for the manufacture of munitions for the War Department.

R. E. Skinner, '12, is principal of the Junior-Senior High School of Bradford Academy, Bradford, Vermont, having transferred from the high school at Walpole, N. H., where he was last year.

C. G. Kennedy, '09, known in football as "Dunk," has sent his usual contribution of \$10 to be used in athletics. "Dunk" is now at Kisaran Asahn, Sumatra, Dutch East Indies, as a chemist for the Continental Rug Co. Judging by the name, he must be at "some" place.

C. A. Sawyer, '14, and G. D. Parnell, '17, were in Durham last Sunday. Parnell is attending camp at Syracuse, N. Y.

**TRANSFERRED**

M. H. Johnson, ex-'19, has been transferred from the Naval Reserves at Newport, R. I., to a submarine chaser which is now at the Charlestown Navy Yard.

J. Charles Williams, 2-yr. '17, is now a cow tester in charge of the Monadnock Cow Testing Association at Peterboro, N. H.

S. L. Stearns, ex-'18, is at present employed at the Mixter Farm, Hardwick, Mass.

A. G. Wood, '12, has left Turner's Falls, Mass., where he was supervisor of manual training to accept a similar position at Amesbury, Mass. He has charge of a new building there with a complete new equipment for the manual arts department. He also teaches mechanical drawing.

Lieut. W. P. Knox, '17, was in Durham for a few hours last Saturday and Sunday.

**AT PORTSMOUTH**

N. E. Robinson, ex-'17, is teaching manual training in the high school at Portsmouth, N. H.

F. W. Weston, '17, has accepted a position as teacher in a private school in Maryland.

R. E. Nelson, '17, has secured a position with the General Electric Co. at Lynn, Mass.

Charles Cummings, '17, has secured a fellowship at Pennsylvania State College.

H. A. Scruton, '17, is teaching in the high school at Woodbury, N. J.

Correction of notice in last week New Hampshire: It was C. A. Reed, '15, who was married to Miss Duran in Manchester, not Prof. C. A. Reed.

A. M. Johnson, '06, is now traveling salesman for the Western Electric Co. F. M. Hoben, '11, is a chemist at Schenectady, N. Y.

L. H. Kittredge, '96, has been made president of the Peerless Motor Co.

**DO IT NOW.**

The United States government is soon to issue a questionnaire to every man registered in the draft who has not been inducted into military service, seven days being given to each registrant to complete and return the same. The New Hampshire College Alumni Association has already employed this same method to secure information desired by the government and the college. One month has been given for the return of this questionnaire and we depend upon you to make the quota complete. Answer your questions today and return them at once.

**NOTICE TO ALUMNI.**

Subscription checks for \$1 continue to arrive at the New Hampshire office, and so we again call attention to our rates, which are \$1.50 for the New Hampshire, or \$2.00 for the New Hampshire and Alumni Association dues combined. The paper receives in that case \$1.25 and the Association 75 cents.

**DURHAM CHURCH IS TO DEDICATE ROLL OF HONOR.**

Tomorrow at the Durham Church a roll of honor is to be dedicated. On it there will be written the names of those men from this church and town who are serving their country in the present conflict.

After the war is over the list will be framed and kept to show that the Durham Church still follows her patriotic traditions. The records show that her men have fought in every other war of the United States—this time also she is doing her share.

This marks the second of a series of three patriotic events in the present life of the church here. Last summer, at the annual memorial service of the Knights of Pythias, a beautiful silk flag was presented and dedicated to the church. Next Sunday this roll of honor will be dedicated. And in January the pastor, Rev. Vaughan Dabney, goes away on a nine months' leave of absence to serve in the Y. M. C. A. huts in France.

**1920 ALREADY FEELS LIKE CROSS-COUNTRY CHAMPIONS.**

The Sophomore class, at a meeting held in Thompson Hall, Wednesday, October 24, voted to have a class cross-country team. The class was represented on the varsity team, in the Bowdoin meet, by four men: C. J. O'Leary, H. W. Fitch, N. D. Gove, and G. H. Billingham. Besides these, a number of other good men who have been strong contenders for varsity positions will also be available for the class team.

This team challenges any other class team, or combination of class teams to a race over the regular course. The dates and agreements are to be arranged by the managers.

**ELABORATE CENSUS TAKEN OF FRESHMAN GIRLS' DOLLS.**

A careful census has recently been taken of the Freshmen girls' chapel dolls with most interesting results. It was found that the Freshmen have for once outwitted the Sophomores. Since they are forbidden the privilege of taking more than one walk with a man, they are seeking their revenge, and now exactly 75 per cent. of the girls take their weekly walk to chapel with a doll of the opposite sex! These dolls, it is true, are of all sizes, kinds, and descriptions, but they serve to show the individual tastes, and the girls' ideas as to what a handsome man really is. Not one of them can as yet boast a name, but no doubt before long, when the Freshmen have become better acquainted, the dolls will be named according to their counterparts which have been found about the campus.

Only 25 per cent. of the girls preferred girl dolls; among these few there are some very dainty specimens, and their elaborate clothes show how highly they are prized by their owners.

Miss Mary Ann Matilda has the honor of being the largest doll in college. Truly, she is almost large enough to enter as a Freshman herself. She proudly occupied a seat all alone at the last chapel, and was greatly admired and envied by all the other dolls present for her real set of long clothes.

All the dolls both large and small are required to wear the class colors, although they may do this in any way that they please. The girls, of course, wear green dresses, green hair ribbons, or simply bows; the Kewpies, who are greatly in the majority, prefer a simple sash, which is sometimes of immense proportions and of that gorgeous color.

**DEAN KNOWLTON TO BE ON WOMEN'S SCHEDULE.**

The following schedule has been arranged to govern certain activities of the women of New Hampshire College: Monday evenings will be taken up with glee club practice. On Tuesday evenings, the fraternity meetings will be held. On Wednesday evenings the Y. W. C. A. meetings will generally take place, but it is hoped that some of these gatherings may be held on Wednesday afternoon in order that out-of-town women may attend them. A regular hour from 4 to 4.30 on Wednesday afternoon is to be reserved for Dean Knowlton for council meetings for all the women.

**OLD MANUSCRIPT OF BURNS' POEM**

Thought to Be in Handwriting of Author—Owned by N. E. Curtis—Interesting History

Mr. N. E. Curtis has in his possession what is apparently a genuine manuscript copy in the poet's own handwriting of Burns' poem, "Epistle to a Young Friend." The poem was originally written to a young man by the name of Andrew Aitken, son of the poet's patron Robert Aitken, to whom the "Cotter's Saturday Night" was dedicated. The poem is of peculiar interest because it was composed the day after Burns and Mary Campbell (Highland Mary) had plighted their troth as they stood on either side of a brook, dipped their hands in the water, exchanged Bibles—and parted.

**WELL KNOWN COPY**

The manuscript which Mr. Curtis has is probably not the first draft of the poem, but a copy Burns made for some friend who had requested it as a souvenir; for the original manuscript is, according to all accounts, in the Kilmarnock Monument Museum, Kilmarnock, Scotland. To make sure of this, Dr. Richards has written to the curator of the Kilmarnock Museum, asking him whether the original is still in the museum; and if so, what knowledge the curator may have of the Curtis copy. That the copy is well known is evidenced by a reference to it in Alexander Smith's edition of Burns' works (1896) where a note to the poem reads, "After this line, in a copy of the poem in Burns' handwriting, the following stanza occurs"—the stanza referred to being found in the Curtis manuscript.

**NO TITLE**

The poem bears no title; it has, however, the superscription, "Moss-fiel, 15th May, 1786." Dr. Richards has compared the handwriting with two other facsimiles of the poet's handwriting and finds it identical in every detail. In addition to the signature of the poet, there is one other possible proof of the manuscript's genuineness; namely, the printing of the name "W. H. McFarlane, Edin.," which is in the lower left hand corner of the paper. This may be the name of the stationer from whom Burns bought the note paper upon which the poem is written.

**PHOTOGRAPHIC COPIES**

The manuscript appears to be a kind of blue-gray note paper, 10½ by 14½ inches, and is placed in a finely-jointed frame bearing two small brass staples with which to hang the manuscript on the wall.

The librarians of Yale University and the Boston Public Library have suggested to Dr. Richards that he write to Mr. F. F. Henderson, Scotland, perhaps the best authority on Burns manuscripts, for further information as to the authenticity of the copy and its market price. This Dr. Richards has done, but owing to the war, a reply will probably not be received for some time. At the request of Dr. Richards, Professor Moran has made two photographic copies of the manuscript, and one of these will probably be sent abroad to the curator of the Kilmarnock Museum for purposes of comparison with the original copy now supposed to be in the Scottish museum.

**NEW OFFICERS ELECTED BY SOPHOMORE CLASS.**

At the annual election of officers for the coming year held Thursday evening, October 18, the Sophomore class elected the following: G. Rex Bailey of West Newbury, Mass., president; Miss Helen A. Murphy of Concord, vice-president; Miss Lucie J. Jones of Milton, secretary; Basil J. Mitchell of Nashua, treasurer; and David J. Flanders of Manchester, manager of this year's class football team.

**AND THEY LAUGHED.**

A minister in the course of his sermon was annoyed by a group of young men seated in a far corner, teasing and otherwise amusing some women of their own ages. Able to stand it no longer the worthy divine broke the thread of his message long enough to remark, "I wish you men would hurry up and get through; perhaps I could have a chance then."

## STANDING COMMITTEES FOR 1917-1918 ARE APPOINTED.

The standing committees of 1917-18 have been arranged and posted. It is desirable that every student make himself familiar with the names of the faculty serving on these committees, especially with those which deal directly with the student body.

Administration committee: President R. D. Hetzel, chairman, C. H. Pettee, R. Whoriskey, C. E. Hewitt, F. W. Taylor, E. R. Groves, Helen Knowlton, J. C. Kendall. Advisory committee: C. H. Pettee, chairman, C. E. Hewitt, C. James, F. W. Taylor, W. H. Wolff, C. W. Scott. Student welfare committee: V. A. Suydam, chairman, Helen Knowlton, M. O. McKay, W. H. Cowell, O. J. Stewart. Student organization committee: C. L. Simmers, chairman, Helen Knowlton, J. M. Fuller, K. W. Woodward, M. O. McKay, Ross Wilson. Athletic committee: W. H. Cowell, chairman, R. Whoriskey, L. W. Hitchcock, C. C. Steck.

The chairman of the other committees are as follows: Agricultural, F. W. Taylor; Arts and Science, E. R. Groves; Engineering, C. E. Hewitt; Entrance, C. H. Pettee; Lecture Course, W. C. O'Kane; Schedules, C. J. Ham; Library, C. F. Jackson; Pub-

licity, H. H. Scudder; Rules, C. C. Steck; Convocation, R. Whoriskey; Decoration, E. T. Huddleston; Petitions for Reinstatement, C. H. Pettee.

**STUDENTS** A small share of your business would be appreciated. Let us get acquainted. **FITZGERALD STUDIO**, Newmarket, N. H.

## AGRICULTURAL CLUB ELECTS OFFICERS

First Meeting of Year Features Interesting Program—Students Urged to Join

The first meeting of the Agricultural Club was held in Morrill Hall last Monday evening for the purpose of electing officers for the present semester.

The meeting was called to order by S. L. Stearns.

The program consisted of short interesting speeches by Professors Taylor, Gourley, Fuller, Mr. Fawcett and Mr. Macfarlane. Each speaker pointed out the different advantages to be gained from the Aggie Club and urged all agricultural students to join, as a duty to themselves and to the college. Much good advice was given, such as, "Always be prepared for whatever comes up, develop your ideas, stick to the game, be self-confident, and be able to deliver the goods."

### NEW OFFICERS

There were about 70 men present, while the number of aggie students is about 140. Everyone is urged to attend the meetings and take part in the programs.

The following officers were elected: president, E. W. Hardy, '18; vice-president, C. H. Coburn, '18; treasurer, R. J. Ewart, '19; secretary, K. D. Blood, '20. Executive committee, R. B. Emery, '19, chairman, P. I. Fitts, '20, and H. J. Harling, '20. Master of programs, M. H. Benson, '18; sergeant at arms, C. H. Young, '18. The next meeting of the club is scheduled for Monday evening, Nov. 5.

### NEW HAMPSHIRE'S

#### BIG Y. M. C. A. DRIVE.

(Continued from Page One.)

every New Hampshire student to do not only his bit, but his utmost to assist our men in accomplishing it. Every one must do his utmost to help in crushing out the most hateful of autocracies.

### Y. M. C. A. HUTS

Stanley Dalton, '18, spoke for a few minutes, describing the Y. M. C. A. huts at the training camps of the national army. He said in part, "The Y. M. C. A. hut is the only place where the men can find recreation. Although the hut is a rough and plainly built affair, it is always popular with the soldiers. Reading matter and writing materials are furnished free of cost and attendants are always present to look after the needs of the men. Many of the duties performed by the Y. M. C. A. workers are small in themselves, but are greatly appreciated by the men in khaki."

### COACH COWELL

Coach Cowell, who spent last summer in an aviation training school, and who will enter the aviation corps soon, spoke on Y. M. C. A. work. He asked: "How many of us really appreciate what is going on in the world. How many of us will be there inside of two years? There is hardly a possibility of the war coming to a close before two years. Most of us are not doing very much in the way of sacrifices." The speaker outlined the average day's work in camp, stating that the smallest luxuries that we enjoy will be greatly appreciated by the men in the service.

### E. O. S. CALL

The principal speaker of the day was Miss Farquar, a Y. W. C. A. worker. Her address was an E. O. S. call to New Hampshire state. At the beginning of the war it was found that special precautions must be taken if the moral standards of the enlisted men were to be kept up. Committees were organized and workers sent to every cantonment to look after the relations between the girls and the soldiers.

Hostess homes are being built at the camps, so that visitors may be able to find their relatives and friends without delay. This makes it necessary to have workers, who speak foreign languages, in the camp where foreigners are stationed. Still another phase of the Y. M. C. A. and Y. W. C. A. work is in towns where munitions are being manufactured. Proper rooming and housing facilities must be furnished, for when these are neglected, the moral welfare of the workers decline.

### PRISON CAMPS

In foreign countries, before the Y. M. C. A. took up the work, there were

no provisions made for the care of Red Cross nurses. Now special rooms are fitted out at every hospital, where they may enjoy some of the comforts of home. In Russia the Y. M. C. A. is establishing self serving cafes, to relieve the awful shortage of food. With each café is sent out six months' supplies. Probably where the Y. M. C. A. is most needed and where it does the greatest good is in the prison camps. In these camps six millions of men are herded together. Here, it is the Y. M. C. A. that keeps men alive. Will New Hampshire students respond to the service call?

Mr. D. R. Porter, an active worker in the prison camps, did not arrive in time to speak at Chapel because of a wreck, but in the evening he met various groups of men for short talks and launched the drive for camp funds with such vigor that one thousand dollars was raised in a space of five hours. The campaign is expected to net twenty-five hundred dollars before its close. New Hampshire is the first New England college to start the drive.

### ALUMNI TELL OF LIFE AT FRONT.

(Continued from Page One.)

my clothes, on top of that my ground cloth and then the blankets; the bed is rather a mis-fit for me, but after one gets used to it, it is fine, but how good a real bed will seem some fine day. All our luggage went into two trucks and the fellows in two others. Had a twelve-mile drive up toward the front to camp, near a one time live city, now battered to bits. The Germans were driven out in April and the shops are beginning to open, as it has been four weeks since the last bombardment.

### CAMP LOCATION

"Our camp is located in a very attractive place about one-fourth mile from the town on a once very beautiful boulevard, running along on the river front, a triple row of trees on the river side of the street and a single on the other. Our camp is made up of four Camion sections of 20 cars each, 1, 2, 3 and 4 Pelleton. Each Pelleton has 20 cars, an American lieutenant, a French leader, two sergeants, two corporals and forty-two men, two on each truck, and extra man and driver. Our Pelleton has 18 cars, so runs with thirty-eight men; the Camions are five-ton Pierce Arrow trucks. 'Jack' and I are on truck No. 1 and we bunk side by side and eat across the table. Our truck did not get here until afternoon about four, looked the old boy over and worked her as much as possible, cleaning up, greasing, etc., quite a job for me to be doing. I am now a 'regular dirty bum' living in the dirt, feeling happy and getting work that will do me a world of good, seeing much of this game of war. Our friends in America, even though they read much, cannot get even a hunch of what this world scrap is. I think we will all be better for it though. I miss you all so much, but try to feel cheerful and hope to be able to keep going.

"My love and regards to you all, I sure am your boy,

Thorpe."

### HOSPITAL DIETITIAN

The following are extracts from the letters of Miss Sarah E. Pettee, '08, dietitian, to her mother:

October 6.

"We are beginning to get busy here now with French patients. I have no work with special diet, but since the first of the month we have our own mess for the nurses and I am running it. We have one of our own enlisted men as cook. He is a Frenchman. He is a treasure. He was in the Plaza Hotel in New York City. I do all of the buying. We are allowed 75 cents per capita a day, and we are having dandy meals and plenty and everybody is delighted, because it was really bad before and I am enjoying doing it very, very much. It is hard to get sugar here. We have a few American supplies and probably will have more when the commissary department gets better established.

"The country about here is beautiful. I am feeling fine and happy as punch. There have been interesting developments which I cannot tell. I am very sorry.

October 16.

### SAVES 300 FRANCS

"I got three letters from you written Aug. 11th, 20th and 25th. It has

been sometime since I heard anything from you, but yours came among six others and it was quite a red letter day.

"Things are going well at the nurses' mess and everybody is happy. The officers have been running their own, but they seem to think we are living pretty well on less money than they spend, so they have asked me if I would be willing to run theirs too. I have already saved over 300 francs from our allowance.

### LIGHTS OUT

There is a new order that lights must be out or shaded after 8 o'clock as there have been some air raids not far away, but we have not seen or heard anything thrilling here. We are taking on gradually a big French hospital which was for artillery barracks. It is surrounded by high walls, about twenty acres and dozens of different buildings. We have already taken two hospitals of about 300 beds each and our nurses helped the French in their buildings. So far we have not had many severe cases. So the work isn't hard at all and I feel as if I ought not to be having such a pleasant time, but I am certainly enjoying it so far. Saw in the paper that Lansing Paine had the Croix de guerre. (War cross). I wrote him a note of congratulation. Wish I could see him."

(Continued in Our Next Issue.)

## RED CROSS TAG CAMPAIGN SUCCESS

Coeds Prove Their Powers of Persuasion—Leaders Hope for \$350 and Largest Auxiliary in State

The campaign on Red Cross day was so enthusiastically carried on by the coeds that it is very doubtful if any man escaped their attention; and every one was at least given a chance to "help support New Hampshire at the front." He who was not wise enough to obtain his tag at the first opportunity doubtless grew discouraged by the greetings received at every place he went and tired of the soon familiar words, "Are you tagged," and surrendered his dollar, or at least signed up to pay later.

### ONLY FEW LEFT OUT

The chairman of the Red Cross believes that there is now a very small percentage of students who do not belong to some auxiliary of the Red Cross. The total receipts of the tag day have not been ascertained yet, but it is his belief that approximately \$200 was taken in directly, and \$150 promised.

### EXPENDITURES

It is interesting to know that twenty-five cents of each dollar goes to the New Hampshire College auxiliary, fifty cents goes to Washington and twenty-five cents to Concord. The money belonging to the college chapter will all be used to benefit New Hampshire College men directly, and any work done by the auxiliary will also be sent to our boys.

Professor Jackson believes that when the total membership is learned it is very probable that this auxiliary will be the largest in the state.

### NEW HOUR SCHEDULE WILL BE FOLLOWED BY STUDENTS.

In order to provide for the required amount of military drill for all students, and in order that such drill may be carried during the Fall and Spring months, the following changes in the schedule of hours went into effect last Thursday.

October 25 to November 22. Laboratories to 12.15 noon. Afternoon recitation and laboratory periods from 1 to 3 p. m. Convocation from 1 to 2 p. m., Wednesday, Drill from 3 to 4 p. m. on M. T. Th. & F. and 2 to 4 p. m. Wednesday.

November 22 to April 22. Laboratories to 12.40 noon. Afternoon recitation and laboratory periods, from 1.30 to 4.20 p. m. Convocation from 1.30 to 2.30 p. m., Wednesday.

April 22 to beginning of Exam. week: Laboratories to 12.15 noon. Afternoon recitation and laboratory periods, from 1.15 p. m. to 3.15 p. m. Convocation, from 1.15 p. m. to 2.15 p. m., Wednesday. Drill, from 3.15 to 4.15 p. m., Mon., T., Th., & F., and 2.15 to 4.15 p. m. Wednesday.

Notice was also given that mid-year examinations will begin Monday, February 4, and close Saturday, February 9, and registration for the second semester will be Monday, February 11.

# The Church in Durham

REV. VAUGHAN DABNEY,  
MINISTER

10.45 A. M. MORNING WORSHIP. Subject:  
"Martin Luther—the Man and His Work."

12.00 M. CHURCH SCHOOL. All Welcome.

November 4th is Communion Sunday at which time those who have associate letters will be received into membership.
