NEW HAMPSHIRE LOSES FIVE MEN

Soper, '20, First to Be Killed in France

ALL DIE IN ACTION

Booma, '20, Shirley, '19, Thomas, '17, and "Jack" Powers also Pay Their Greatest Sacrifice—No Deaths from Wounds

PRIVATE OTIS E. SOPER

Otis Edmond Soper, '20, has been reported as killed in action. He was the first New Hampshire boy to be killed in France.

Soper was born in St. Paul, Minn., Jan. 19, 1917. He was a graduate of Nashua High school with the class of 1915. He entered New Hampshire College in the fall of 1915 and registered in the engineering course. He left college in the spring of 1917 and enlisted in the 101st engineers. By the fall of 1917 he was in France. His death occurred about the middle of July.

While here at college Soper was a member of the Beta Phi fraternity. He was also a member of the engineering club.

SERGEANT RALPH W. SHIRLEY

Sergeant Ralph W. Shirley, '19, has been killed in action "over there." Shirley was born in Conway, N. H., May 28, 1896. He was a graduate of Fryeburg academy with the class of 1915. He entered New Hampshire State in the fall of 1915 and registered in the agricultural course. He was a member of the Beta Phi fraternity. During the summer of 1917 he enlisted in Co. F, 101st Engineers and was soon sent to France. His death occurred some time during the month of July.

LIEUTENANT W. H. THOMAS

Lieut. William Hervey Thomas was killed while leading his men in action, August 10. Lieutenant Thomas was born at Westport, Conn., March 10, 1882, and graduated from New Hampshire in 1917, going directly to the Officers' School at Plattsburg. While at college he was junior major of the New Hampshire College cadets. He was married to Clara Brown, youngest daughter of James Brown of Candia, N. H. He sailed for France on May 8, last.

SERGEANT JOHN W. POWERS

Sergeant John W. Powers, trainer of track athletes here in 1914 and better known as "Jack" Powers, was killed in action while leading his men on July 20th. "Jack" came to New Hampshire in 1914 and trained the track team for that year. In 1916 "Jack" came back to New Hampshire as custodian of the gymnasium.

The Boston Globe of Sept. 1st, prints a letter from a soldier, who was with Jack Powers. He says Sergeant Powers was a great loss but he won great credit for himself by capturing a machine gun and seven men.

Jack Powers while here did far more toward the advancement of track and cross country than can be imagined. Time after time Jack financed the representation of New Hampshire at some athletic meet. His loss is indeed invaluable and he leaves behind him the highest esteem of affection and the feeling that he may be rightfully called "one of the boys."

LIEUT. FRANK BOOMA

Lieutenant Frank Booma was killed while leading his army "over the top" "somewhere in France." "Dad" Booma, as he was affectionately called by all who knew him, was born in Portsmouth, N. H., January 24, 1893. He attended Portsmouth High school and graduated from there with the class of 1911. While there he was a leading athlete in all branches of sport. After graduating from there "Dad" worked for four years and in the fall of 1916 entered New Hampshire State College.

(Continued on Page Four.)

THOMPSON HALL.

This cut shows some of the wonderful work which has been accomplished by the soldiers here this summer. Note the entrance to the building and the new flag pole both of which have been built by the men.

CONDA J. HAM RESIGNS AS REGISTRAR OF COLLEGE.

The many friends of Conda J. Ham, registrar at New Hampshire College for the past three years, will be sorry to learn that he has given his resignation. Mr. Ham expects to leave Durham by October 2 for Boston, where he has taken a position as assistant to the Auditor of Miscellaneous Accounts for the Boston & Maine Railroad. Mr. Ham and his family will probably live in Cambridge this winter.

NEW HAMPSHIRE COLLEGE FILLED TO CAPACITY.

Absolutely unable to accommodate them, New Hampshire College had to recently decline the telegraphic request of the War Department that the college take at once 300 more soldiers for training as expert telephone men. The work in this department of the vocational unit of the S. A. T. C. has been so excellent that the War Department was moved to increase the number of men here far beyond the limits originally set, but every building that can be used is already filled to capacity, or will be by the men of the collegiate section soon after they arrive September 25. The best the college could do was to suggest that later in the year when cold weather comes the concrete and carpentry work might be discontinued, making in that way room for a greater number of telephone men.

"COACH" COWELL SETTLES UP N. H. A. A. MATTERS.

Coach Cowell, athletic director at New Hampshire College for the past three years, is now a lieutenant in the field artillery. "Coach" was here this week and has packed up all of the N. H. A. A. belongings. They will probably be stored in Dover until after the war. All funds are reported by him as having been deposited in the bank. The N. H. A. A., now a defunct body until after the war, approved Coach Cowell's action and will leave everything as placed by him until further notice.

THIS PAPER TO GIVE FULL MILITARY NEWS.

On account of a late start on this edition full attention could not be given to the news end. It is planned to give more space to the military side. A competent corps of assistants will be appointed, and a real live up-to-date sheet will be the result.

NAVAL UNIT TO BE ESTABLISHED HERE

United States to Train Fifty Men for Engineering Ensigns — Offers Good Opportunity for Mechanical Engineers

The United States Navy is to establish a naval unit at New Hampshire State College. The unit will consist of fifty men, who are now not in the naval reserve. These men will be preferably students in mechanical engineering although this qualification is not a necessity.

CHOOSE BY OCTOBER 1

Students desiring to choose this branch of the service in preference to the S. A. T. C. must do so before October 1st, or they will be then inducted into the S. A. T. C. Those students selecting this branch will be kept in college until they have completed their mechanical engineering courses and have been awarded their degrees. They will then be compelled to take a twenty-two weeks' course at the United States Steam school at Stevens Institute, Hoboken, N. J.

VARIED COURSE

This course will be divided up as follows: Four weeks will be spent at Pelham Bay Training Station, where the student will receive instructions in military drill, boat drill, signal work and navy regulations. Six weeks will then be spent at Stevens in the school of preliminary Marine Engineering: Three weeks following this will be spent as follows (one week on a tug boat, one on a ferry boat and the last in a marine shop): the next six weeks will be used up in an overseas cruise and then the final three weeks will be spent at the school for advanced marine work. The students will then, if successful, be commissioned an Engineering Ensign.

GOOD RATINGS

All men who choose this course will be given ratings as apprentice seamen with pay of \$30 per month and rations, etc. When the student leaves here for Stevens his rating will be changed to that of chief machinist's mate, with pay of \$80 per month and rations, etc.

QUALIFICATIONS

The qualifications for admittance to the Engineering School are:

The student must be a graduate of a recognized school or university. The student must pass a competitive examination. The student must be physically fit to assume duties of line officer. The student must be a citi-

zen. The student must speak English.

Further information can be had from W. C. Ahlers, U. S. N. R. F., who is at present in Durham.

ARRANGEMENTS MADE FOR MEETING S. A. T. C. MEN.

Men arriving here to enter the S. A. T. C. will be met at the station by representatives of the military authorities and will be conducted immediately to their quarters. After their assignments to quarters have been made they will be taken directly to the registration offices and registered and then divided up into their respective groups.

ENGLISH DEPARTMENT ANNOUNCES NEW TEACHER.

Miss Ruth Richardson, B. U. 1917, has been engaged to teach English here this coming year. Miss Richardson taught last year at the Maryland College for Women. It is the plan of the English department that she teach the women mostly.

ACTING CORPORAL POST DIES OF PNEUMONIA.

The first death in this detachment occurred Friday morning when Corporal Clarence O. Post was claimed a victim. His ability in the vocational division together with the military end was of such high order that both the college authorities and military officers decided to keep him as an instructor. He was a true soldier, the members of the entire command will miss him but more especially his associates in Company C.

OPENING POSTPONED.

To New Hampshire College Students: The epidemic, which has spread over the eastern section of the country, has appeared at Durham. It seems desirable, therefore, in the interest of protecting the health of the students that the opening of college be postponed until conditions are improved. Notice will be sent to you and will be given through the press of the date when the students will be received.

College will open at the earliest practicable date under the circumstances and everything will be done to protect the interests of the men who plan to enter the Students' Army Training Corps.

Yours very truly,
R. D. HETZEL,
President.

S. A. T. C. PLANS ARE LAID OUT

Academic and Military Courses Settled

THREE TERMS

Men Passing Physical Examination Required to Take 14 Credit Hours and 11 Hours of Drill—Fraternity Houses Turned into Barracks. Advanced Work for Upper Classmen

The entrance of the S. A. T. C. into the college life at New Hampshire will of course necessitate some change in the former courses in order to comply with the War Department's plans.

The engineering course will soon be changed to suit the War Department's immediate needs, but until then, the college authorities will go ahead with their original plans.

The agricultural courses have all been dropped but those students entering as signed up for the agricultural courses may take botany as their optional subject in the normal course.

NORMAL COURSE THE LEADER

The normal course which will be the main course here this year was decided upon after due consideration was given to the advantage of the course to the student, as regards credits, and its value to the government. The following principles were observed in the drawing up of the normal course:

1. In order to provide for men being here unequal periods, probably 3, 6 and 9 months, that the courses be planned to continue for a period of 3 months or quarter.

2. In order to provide adequate training and to permit adjustment to advanced work in college after the war, that the work in French, English and Mathematics continue the second and third quarter for those men able to remain here 6 and 9 months.

3. That the program be built around three fundamental studies; English, French and Mathematics.

4. That the War Aims Course be introduced the first quarter and that it be followed by courses in the related subjects, United States History during the second quarter and Principles of Government during the third quarter.

5. That a selected list of one quarter two hour a week courses be provided from which, after consultation with proper authority, the student may choose one course during the quarter.

6. That the list of optional courses be such as to provide valuable training for war service and also conserve the present instructional resources of the institution.

7. That any instructor given a course to teach other than his specialty be provided opportunity, if possible, also to teach his specialty in the regular college department.

8. It is estimated that the courses in Military German and in Topography and Map Drawing will be the optional courses most largely selected.

FRESHMAN COURSE SETTLED

The course as planned by the college is as follows:

First Quarter:	Hours
Military French,	3
Mathematics,	3
English,	3
War Aims,	3
One Optional,	2
Second Quarter:	Hours
French,	3
Mathematics,	3
English,	3
U. S. History since 1850,	3
One Optional,	2
Third Quarter:	Hours
French,	3
Mathematics,	3
English,	3
Prin. of Government,	3
One Optional,	2

Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1917. Authorized September 1, 1918.

Durham, N. H., September 26, 1918.

WELCOME.

The "New Hampshire" takes great pleasure in welcoming the old and the new students of New Hampshire State College. Especially hearty is the welcome to the new students, who midst the turmoil of this great war, have wended their way here in search of knowledge.

Most of the men students, whether old or new, have come back this time with the firm purpose of getting into this great world war of ours. Others come back, either not yet old enough to get into the army or in some other way incapacitated, firmly resolved to do at least, the best that they can.

Some of the men will go at the end of three months (to other training camps); some will go at the end of six months and still more at the end of nine months. So let us all remember representatives of the military a-here, whether it be three, six or nine months, that we all have one great object ahead of us and that is "TO WIN THE WAR."

So now New Hampshire men and women, let's get right into this and dig for all we are worth and let us not stop until we have driven the foe to ignominious defeat and an everlasting peace reigns throughout the world.

THE "NEW HAMPSHIRE" CALLS FOR STAFF CANDIDATES.

The "New Hampshire" is very anxious to recruit its staff to full capacity and therefore asks all men, who are interested in securing positions on the staff to report to the managing editor AT ONCE. Newspaper experience is not necessary so come out and show your college spirit and help put the paper on a firmer basis, so that when members of the present staff are called into service no interruption in the publication of the paper may occur.

There are also vacancies in the business end and all candidates for assistant business manager will be welcomed.

TRIBUTE.

During the past summer vacation five New Hampshire boys have paid the eternal sacrifice of war "over there." Each and every one of them too have been killed in action. No deaths from wounds have occurred, thank God. Two others, George Elam and Earle Montgomery were killed in accidents in the South.

Otis Soper, '20, was the first New Hampshire boy killed "over there" and his death occurred while going over the top. Ralph Shirley, '19, was the next and he was followed in quick succession by "Dad" Booma, '20, and "Jack" Powers. Then came the death of Lieut. W. H. Thomas, '17, who was killed while leading his men in action.

A fine, dashing set of men, a better example of New Hampshire's fighting manhood could nowhere else be found and revenge for their highest sacrifice will never be complete until their murderers are driven to an ignominious defeat.

NOTICE.

The "New Hampshire" will work in conjunction with the military branch located here at the college, this year, and therefore asks the hearty cooperation of every man in the service lo-

ated here at Durham. Single copies will be sold for five cents and if for any reason any man wants several copies reductions will be made.

It is the policy of the "New Hampshire" to publish all the active news of the camp, in its regular editions, and keep the men posted as to the calendar of events, etc.

OPPORTUNITIES IN GOVERNMENT WORK.

The young men entering New Hampshire College today have exceptional opportunities to take advantage of. It matters not whether they come in the regular draft quotas to join the different vocational divisions or on the other hand to register for the Students' Army Training Corps.

INTENSIVE TRAINING

Applicants for the Students' Army Training Corps will be given intensive military training and class room education in subjects directly or indirectly contributing to the building of ability for service as officers in the line and staff of the army and navy. This group after preliminary training will naturally be subdivided according to abilities for the different arms of the service.

HAVE HIGH RATING

Government officials have given this college a very high rating. The vocational units lack nothing while the instructors are of the very best. In regard to the military side of the training, the officers here have turned out some exceptionally well drilled detachments considering the short period of two months allowed to train at this camp.

For the young man coming to this college now to help directly or indirectly to win the war many chances of advancement will be afforded him.

The government is in need of many trained men in its different departments and branches. Requests for such men are made daily and the demands are not always met with. In the mechanical sections here the men are given a training which will always be of benefit to them whether they are engaged in war work or not. The newcomers to the State College and study will put them on the right will find that hard work, obedience, road and in line for future advancement.

President Hetzel, in expressing his views on the S. A. T. C., says: "A student of the S. A. T. C. in order not to win a chance for further training in a Central Officers' Training Camp must prove that he is not officer material, while, on the other hand, the draftee must prove that he is officer material in order to win the chance for C. O. T. C. instruction."

CAPT. DAN. T. DICKSON IN COMMAND OF S. A. T. C.

Capt. Dan. T. Dickson, in command of the Vocational Unit, has recently been appointed commander of the entire S. A. T. C. Capt. Randal Kernan, who has been commandant of the college cadet corps, and professor of military science, has been ordered to Clark college, Worcester, where he is to command the S. A. T. C. of that school.

WOMEN'S COURSES PRACTICALLY NORMAL

Only Mix-up of Hours Probable—
Three Term Basis for Co-eds—
New Smith Hall Addition

The courses for women, here at New Hampshire, will remain practically the same. They will include the same number of hours, only the daily schedule of hours will of course be changed. The daily schedule hours will not be definitely decided upon until after all of the schedules have been made out.

The women too, will of course be put on the new three term basis and credit hours will be awarded accordingly.

The women will be quartered at Smith Hall where, also, a new annex is being built so as to accommodate all of the women.

LAMBDA CHI ALPHA WINS THIRD LEG ON FRAT CUP.

Conda J. Ham, registrar of the college, recently announced the fraternity averages for the past season. They are:

Beta Phi, (now Lambda Chi Alpha,) 74.94 per cent., Theta Chi, 71.75 per cent.; Kappa Sigma, 69.18 per cent.; A. T. O., 68.25 per cent.; S. A. E., 68.20 per cent.

By winning the leg on the cup this past year the Lambda Chi Alpha fraternity now has three legs on the scholastic cup. According to the terms of the contest the cup goes to the fraternity winning the most legs on the cup out of ten years. The cup has been up for four years and the Lambda Chi Alpha has three legs on it and the Theta Chi, one.

In all probability the cup will be turned over to the college and kept until after the war, when it will again be put up for competition.

TIMELY ACTION BY CAPT. DICKSON.

The prompt action of Captain Dickson in placing a quarantine on the camp until further orders is to be commended upon. The presence of this epidemic of influenza, especially in New England, was noted at once by the Commanding Officer and the quarantine was ordered on the 18th. No soldier who considers the seriousness of the affair should find time to misconstrue the order for one of punitive or disciplinary action but rather one for the preservation of the general health of the command. The order will be lifted as soon as conditions warrant it.

Members of the detachment should bear in mind that nothing can be done for them once the epidemic has obtained a thorough hold. It must be remembered then that the matter resolves itself into one of personal hygiene more than anything else. The soldier away from home is very apt to care less about his health and here is just where the danger creeps in. It means a question of life or death, the Post Surgeon has warned the members of the command as to the precautions to be used, so its really up to the men to govern themselves accordingly for the general good of the detachment.

DEDICATION OF NEW FLAG POLE.

FACULTY POTATO CLUB HAS SUCCESSFUL SEASON.

The faculty potato club, as usual, carried out a successful program. Thirty members of the faculty working together planted approximately thirty bushels of potatoes over a space of about two acres.

The total number of shares in the corporation was seventy-three. Of this number President Hetzel owned five.

The yield is expected to be above the average.

FACULTY NOTES.

Mr. K. B. Laird, instructor in Botany has been drafted and sent to Camp Devens. The vacancy has been filled by Associate Professor F. W. Werkenthin, who comes from New Mexico state college.

Mr. H. F. DePew, who was working for the Dairy department during the past year, has been promoted to an instructor, to fill the place left open by the absence of W. R. Wilson.

Assistant Professor Prince of the agronomy department has gone to Ohio where he is county agent of Green County.

TEN CANDIDATES LEAVE FOR TRAINING SCHOOLS.

During the week of Sept. 23, candidates for officers' training schools left in the following order: John D. Warren, Cecil C. Dustin, and Joseph Gourre to Camp Taylor, Kentucky. Walter P. McLaughlin, Camp Hancock, Ga.; James J. Durning, Herbert Pingree, Albert Field, Oscar J. Bedford, John E. Bastile and Leo E. Ray to Camp Jewett, Ill. All of the above men were acting non-commissioned officers here.

FACTS ABOUT THE STUDENTS' ARMY TRAINING CORPS.

A unit will be established next week at about 400 colleges and universities.

Each S. A. T. C. student will be a soldier in the regular army, will receive housing, board, tuition, clothing, and the pay of a private—\$30 a month.

Each S. A. T. C. student will be subject to emergency call by the President at all times.

The S. A. T. C. is designed to prepare young men for officers' training schools and other lines of special army service requiring technical skill.

The course of study includes 11 hours of military instruction a week and 14 hours of additional college instruction each of which requires two hours of preparation.

Young men 18 years of age or over are eligible to enter the corps if they have finished a four-year course in high school, or its equivalent, and are physically qualified.

COMMISSIONED OFFICERS STATIONED AT DURHAM.

The following is a list of the commissioned officers assigned to this training detachment: Commanding Officer, Captain Dan. T. R. Dickson, Inf. U. S. A.; Acting Adjutant, Harvey P. Barnes, 2nd Lieut. Inf. U. S. A.; Edward H. Dorsey, 2nd Lieut. Q. M. C.; T. M. Toler, 1st Lieut. M. C.; John M. Barnwell, 1st Lieut. M. C.; Leon H. Jacobs, 1st Lieut. D. C.

NEW HAMPSHIRE HAS ONE OF YOUNGEST CAPTAINS.

New Hampshire College may boast of one of the youngest captains in the United States Army in Vance Batchelor, '17, aged 24 years. During the summer of 1916 he attended the Plattsburg camp. After graduating from college he took army examinations and on August 1, 1917, received

a commission in the cavalry branch of the United States army as second lieutenant. He shortly reported to Fort Leavenworth, Kansas, and from there went to Fort Riley. The past year he has been at El Paso, Texas. He was married last summer to Miss Beatrice Reed, '17, of Claremont, N. H.

"Slipping" not "Saving"

"I kept slipping back two feet every time I went ahead one." That's what the small boy gave as an excuse to his teacher for being late for school one winter day.

And that's just what is happening to the cow owner who is trying to get along without a cream separator or with an inferior or half-wornout machine. Like the small boy he is "slipping." He thinks he is thrifty, but for every dollar he saves by not buying a De Laval he loses two through not having one.

It isn't economy to do without labor saving and money saving and food saving machines. It isn't economy to feed 40-cent butter to the calves and hogs.

It is economy to buy and use only the best cream separator made—and that's the De Laval.

Viewed from every standpoint—clean skimming, ample capacity, ease of operation, freedom from repairs, durability—there is no other cream separator that can compare with the De Laval.

IT'S REAL THRIFT AND GENUINE ECONOMY TO BUY A DE LAVAL SEPARATOR NOW.

Why not see the nearest De Laval agent at once! See a new 1918 De Laval machine for yourself. Try it to prove every claim made for it. If you don't know a De Laval agent write direct to one of the addresses below.

"DICK" KNIGHT, '15, AT CAMP LOGAN

Leader of Camp Glee Club and Captain of Ball Team—"Walt." Reid, '20, Wins Commission. Other Snappy Notes

"Dick" Knight, '15, Beta Phi fraternity, is at Camp Logan, Houston, Texas. He is the leader of the Camp Glee Club and also of the ball team. Just at present he is laid up in the hospital with a sore leg.

"Walt." Reid (now lieutenant) '20, visited Durham recently. He won his commission recently in the aviation corps.

Lieutenant Lester Tarbell, ex-'13, who was shell shot the early part of this summer, is now an instructor in an artillery school, somewhere in France, and is feeling fine.

Lieutenant Carl Tibbetts, '17, is reported as being safely "over there."

Frank H. Blodgett, '19, a Zeta man, is at West Point. Elmer Sanders, '18, Theta Chi, is also enrolled there as a freshman.

Friends of Roy Graham, '17, Commons Club, will be pleased to learn that he has been promoted to a captain and is soon to take his examinations for a major.

LIEUT. CRAFTS PROMOTED

Leland Crafts, '15, Kappa Sigma, has recently been promoted to the rank of captain and has taken his exams for a majority. Captain Crafts is "over there" and has been over the top several times. He was intelligence officer for his regiment until recently and he also was interpreter for his regiment.

"Doc." Bell (Lieut.) '19, at last reports was still tackling the Huns "over there." His brother, "Les." Bell, (also a Lieut.), is somewhere in America. Their father, who is a surgeon in the army with a rank of lieutenant, is also "over there."

"Ike" Williams, '20, Theta Chi, has been "over there" twice and is now on his third trip across.

Wallace Hatch, '20, passed through Durham recently on a troop train.

L. C. Currier, '20, was in Durham recently. He is stationed with the 30th Company, C. A. C., at Fort Standish, Mass.

Lieutenant Eddie Wiggin, '17, was married at LaCarne, Ohio, on August 2nd to Miss Doris Bragdon, '18. Lieut. Wiggin is either "over there" or on his way over.

SLEEPER, '18, AT RESCUE

Clarence Sleeper, '18, is on a U-boat chaser stationed at Nantucket, Mass. He was one of the rescuers at the Georges Bank raid a short time ago and he had the pleasure of assisting in the rescue of ten fishermen and four dories. He says that he would rather have lost his right arm than to have missed the incident.

Morris Johnston, '19, Beta Phi, was in Durham for a few minutes recently.

Paul C. Cole, '20, a former member of the New Hampshire Staff, writes from Washington Barracks, D. C., that he is a corporal in Co. I, 3rd Bn. Repl. Regt. Engineers. Paul says the girls in Washington have nothing on the Dover and Newmarket girls.

Oral Page, '19, Theta Chi, arrived with a recent bunch of draftees to take up the vocational course here. O. R. ("Red") Garland, '18, arrived with the same detachment.

"Ray" Roberts, '17, Theta Chi, and formerly colonel of the New Hampshire Cadet Corps, is now stationed at Fort Sill, Ok., in the school of fire.

"Dewey" Graham, '21, S. A. E., and captain of this year's football team, was recalled into service on Aug. 1st.

Lieuts. "Les" Lynde, '18, and "Pres." Torrey, '19, are reported safely "over there."

Lieutenant Clark Stevens is an instructor at the Central Officers' training school at Camp Lee, Va.

Cadet H. A. Russell, '17, writes from Ellington Field, Alcott, Texas, where he is taking an eight weeks' course in bombing.

Corporal Earl Scovel, '18, and L. C. Swain, '18, who enlisted in the forestry unit and were sent to Vancouver Barracks, are now in France with an engineering regiment.

NIGHTINGALE WAITS CALL

Gordon T. Nightingale, '19, last

year's cross country and track captain, recently enlisted in the Marines but has received his transfer to the naval aviation and is at his home in Moosup, Conn., awaiting his call to service.

N. H. BOYS AT BUMPKIN

Earl Lordan, '21, Frank Prescott, '20, Harold Batchelder, '21, and "Charlie" Broderick, '18, are all stationed at Bumpkin Isle.

Dave Flanders, '20, is at his home awaiting a call for the navy. "Dave" has enlisted as a musician.

Oliver Colby, '20, A. T. O., is at a Texas training camp.

Captain Dura Crockett, '16, has arrived safely overseas.

Lieut. W. J. Nelson, '16, Beta Phi, is at Camp Custer, Michigan.

Stephen Merritt, '12, is working at the Fore River shipyards building ships for Uncle Sammie.

Lieutenant Ralph Dame, '18, writes from camp that he expects a furlough soon and will in all probability visit Durham

Lieut. Kyle Westover, '17, according to all reports has safely landed "over there."

"Deac." Libby, '19, according to all reports is on his way "over there."

NOW "MAJOR" BROWN

Charles O. Brown, '11, Theta Chi, has recently been promoted to a major in the ordnance corps.

Harold Fitch, '20, at last reports, was in the navy and was stationed at Hingham, Mass.

BLOOD, '20, AT DEVENS

"Ken." Blood, '20, Lambda Chi Alpha, has been drafted and is stationed with the 2nd Company, 151st Depot Brigade.

"Hank" Emery, '19, A. T. O., was in Durham this week. "Hank" threw down a second lieutenant's commission so as to try for the naval aviation.

Miss Goldie Basch, '17, intends to go into social service work.

Celia Gardner, '20, leaves this week for Boston, where she is to take a course in ambulance driving. Miss Gardner expects to be "over there" in six months.

"Jimmie" Steele, '20, is at Camp Devens doing his bit.

Ralph Brackett, '18, has been drafted and is stationed at Camp Upton.

E. L. Gadbois, '21, is at Portland Naval Base.

CO-EDS PRACTICE TEACHING

Florence Harris, '18, is at present dietician at the Margaret Pillsbury Hospital, Concord, N. H. Miss Harris left college early in the spring to take a course of training in dietetics at the Massachusetts General Hospital. She has volunteered her services to the Red Cross and expects to be called by January.

Ruth Hadley, '18, is teaching at New Hampton Institute.

Sue Scott, '18, is teacher of English at Coe Academy, Northwood, N. H.

Helen M. Bugbee is teaching in Raymond High school.

Irene Huse, '18, is teaching the first year of high school in Durham. This is the first year the town has had any high school subjects taught.

Martha Hoyt, '18, is teaching at Newport High school.

Elsie King, '18, is teaching Home Economics at Meredith, N. H.

Mary Cushing, '18, is teacher of Home Economics at Sunapee, N. H.

Mildred Flynn, '18, is teaching English at Troy, N. H.

"SID" WENTWORTH WRITES

"Sid." Wentworth, '17, Theta Chi, writes from European waters that the U. S. S. Nevada is "over there" and is doing her bit. "Sid" is a captain in the Marine Corps. His mail should be addressed to: Sidney Wentworth, U. S. S. Nevada, c-o G. P. O. London. In writing to the "New Hampshire" "Sid" wishes the 1918 football team the best of luck. Guess there won't be any football team to represent the college this year, "Sid."

Maxwell Smalley, 2-yr. '17, is stationed with the 103rd Infantry "over there." His address is Maxwell W. Smalley, Special Training Battalion, A. P. O., 72, 1st Depot Brigade, A. E. F. France.

DUSTIN, '19, AT C. O. T. C.

Cecil C. Dustin, '19, Theta Chi, and last year's managing editor of the "New Hampshire," is now at Camp Taylor, C. O. T. C., trying for a commission in the field artillery. He was stationed at Durham this past summer with the vocational training de-

tachment and was acting sergeant while here.

"Ben." Hill, '19, is now at a C. O. T. C. for machine gun schooling.

G. McKenzie, '21, arrived in Durham on Sept. 18th as a member of the draft unit from Grafton.

Private Clarence Wadleigh, '18, Lambda Chi Alpha, who was stationed here at Durham this summer, is now at Fort Preble, Portland, Me., with the 21st Co., C. A. C.

"DEWEY" LOSES (WEIGHT)

"Dewey" Graham, '21, who was recalled to service the past summer, is now stationed at the naval base at Portland, Me. "Dewey" was in Durham recently and looks some different than he used to (weighs only 180 lbs., some difference from 220.) He will probably be seen in football togs this year representing the Portland naval base.

Rex Bailey, '20, is also stationed at the Portland naval base.

Corporal Guy Chase, '16, is stationed here at Durham with the vocational detachment.

"CHARLIE" AT MARNE

Lieutenant Charles Petee, '16, was recently presented with a son, Robert Holmes Petee. Charlie is "over there" and was in the recent Marne drive. He was at Chateau-Thierry where the Huns were stopped, and later at the River Marne. He was with the division that pushed the Huns across the river, were driven back themselves and a few hours later sent the foe back across the river and held them there for good.

COMMISSIONS AWARDED TO NEW HAMPSHIRE MEN.

According to announcements of the papers of September 4th, the following New Hampshire men were awarded commissions: Camp Lee, Va., Stanley H. Dalton, '18, Nashua, N. H.; John F. Densmore, '18, Hanover, N. H.; Fred W. Hall, '19, Center Strafford, N. H.; John F. Thompson, '15, Tilton, N. H.; Raymond E. Shum, '20, Dover, N. H.; Olin C. Work, '16, Exeter, N. H. Camp Taylor (field artillery), Carl "Gus" Paulson, '15, Berlin, N. H. "Jack" Miltimore, '18, was also recommended for a second lieutenant's commission.

MARRIAGES

FINLEY-ALLEN.

The marriage of Miss Nettie E. Finley, '16, to Lieut. Willard I. Allen, '17, took place Monday evening, September 23, at the bride's home, in Dover, N. H. Miss Finley, upon graduating from New Hampshire, did graduate work at the University of Pittsburg, and received her Master's degree from that place in 1917. Lieutenant Allen and his bride left for West Virginia, where he is stationed.

EWER—GRAHAM.

Mr. and Mrs. Isaac Everett Ewer announce the marriage of their daughter, Natalie Drew, to Mr. Alfred Newman Graham on Friday evening, July 19, at Dover, N. H. Mrs. Graham graduated from New Hampshire in the class of 1917 and her husband a year later. He is now at Camp Upton, New York.

CAPTAIN DICKSON APPOINTS ACTING NON-COM. OFFICERS.

Captain Dan. T. R. Dickson has appointed the following acting non-commissioned officers: Guy F. Hamilton, Acting Battalion Sergeant Major. The acting sergeants are, Herbert P. Brown, James J. Mahoney, Francis J. Haley, Hazen S. Claffin, Leo. B. Dowd, John H. Rollins, Theodore E. Bacon, Edw. S. L'Heureux and Courtney Bruerton. Acting Corporals, Chauncey W. Chapman, E. R. Perkins, Howard V. Johnson, Guy W. Chase, Peter J. Fahey, Emanuel J. LaRue, Edmond J. Lemay, Rudolph J. Jacques, Carl W. Morrill, Harry Spollett, Lewis M. Keezer, Wesley F. Burrington, Roy N. Fellows, Leslie G. Phillips, and Clifford Babson.

SERGT. MAHONEY TO BE MILITARY EDITOR.

In view of the fact that this paper will devote considerable space to military topics and occurrences, Sergeant James J. Mahoney, who is connected with the officers' headquarters, will act as Military Editor. The appointment bears the approval of Captain Dickson. Sergt. Mahoney is a former newspaper correspondent.

You Will Be Surprised

When you see the large display of Young Men's Clothing and Furnishings that we have gotten together in spite of these adverse conditions.

Our policy of Good Fabrics, Best Styles and Extensive Stock has been maintained.

The prices are a little higher but so much lower than you expect to pay for these qualities that they also will surprise you.

Remember our lines of Good Shoes of all kinds.

NOTES.

By order of President Hetzel all collegiate sports have been cancelled.

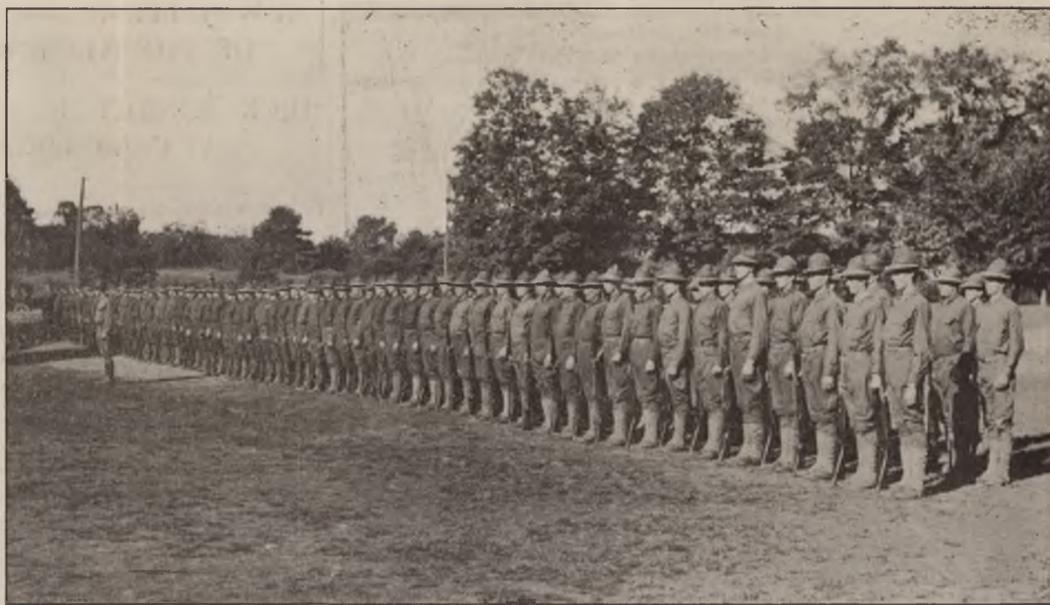

The athletic committee of the faculty met last week and voted to cancel all athletics arranged for the coming year. This means that no collegiate competition will be held here this year. It was President Hetzel's wish that athletics be called off until after the war and the committee was merely complying with his request.

Mr. Watson, in charge of the Y. M. C. A. work here would like the volunteer assistance of one or two of the men at least during the mess periods, so as to pass out the paper and envelopes with more rapidity. Come on, boys, here's your chance to return a favor.

The moving picture plays for next week have just been announced. They will include one reel of the official war review, lasting fifteen minutes and a play lasting one hour and a half entitled, "Baby Mine." Five reels of pictures will be shown hereafter instead of three.

THE QUESTION OF THE DAY.

Will the training detachment be represented by a football team? That's one question to be solved.

COMPANY A (3RD DET.)

This picture shows a company of men standing at attention. A fine representation of America's fighting youth.

COLLEGE SEMESTERS CHANGED TO TERMS

Year Divided into Quarters—Change Probably Permanent

The college curriculum will be somewhat changed this year because of the brief stay of some of the men. The college authorities have therefore divided the year up into three quarters with the idea that a fourth quarter may be added on and make a complete year without having the long summer's vacation.

The first quarter will start on or about October 1st and will end up on the afternoon of December 21st. The second term will commence on Monday morning, December 30th and will close Saturday afternoon, March 22, 1919. The third term will open March 31st (a. m.) and will finish up on Saturday afternoon, June 21st.

Let it be clearly understood though that the above schedule of terms deals with the academic part of the S. A. T. C. and as yet has absolutely nothing to do with the military plans.

The changing of the semesters into terms, according to President Hetzel, may have a permanency here, even after the war is over.

S. A. T. C. PLANS ARE LAID OUT.

(Continued from Page One.)

Military German,	2 hours
Topography and Map Making,	2 "
Meteorology,	2 "
Descriptive Geometry,	2 "
Mechanical and Freehand Drawing,	2 "
Chemistry,	2 "
Physics,	2 "
Sanitation,	2 "
Bacteriology and Botany,	2 "

The above program is meant principally for the freshmen and it is the intention of President Hetzel and the entire faculty to so arrange the program for the upper classmen as to give them more advanced work than the new men, i. e. if a man in the Junior class has had mathematics for two years, there will of course be no need of his taking the same mathematics over again so a new advanced class will be formed so as to push the man further ahead.

REQUIREMENTS AS PLANNED

The men in the S. A. T. C. will, according to the present plans of the War Department, be required to take fourteen hours of academic work each week and two hours of study will be allowed for each credit hour. It is possible too that these study hours may be under the supervision of squad leaders or others, in order that the student be forced to study in the hours that are set aside. An S. A. T. C. man will also be required to take eleven hours of military work each week, so that he will have a total of 53 (fifty-three) hours of work each week. The hours that have been suggested by the War Department for the military work are from seven to nine in the morning but these hours have not been definitely decided upon.

QUARTERS LAID OUT

All men accepted for the S. A. T. C. will be quartered in barracks. These barracks will include Fairchild Hall,

Kappa Sigma House, and the Lambda Chi Alpha House. It is possible, too that there may be other houses selected. The A. T. O. house will probably be used as officers' quarters. Some instructors may stay there too, perhaps. The S. A. E. house will be used as a hostess house and the Theta Chi house will be used as temporary quarters for the women with the idea in mind that it will probably be used in the near future as a training house for war nurses.

Y. M. C. A. PLANS FOR ACTIVITIES

Plans Are Also Formulated for New Hut—Type "G" Most Likely to Be Selected—Site Selected

Mr. Robert Watson, in charge of the Y. M. C. A. work carried on here, announces that a special committee has been appointed to take care of all activities at college where Student Army Training camps have been established. Mr. Clarence P. Shedd, of Boston, will be the college executive for the N. E. District of the Y. M. C. A. He will have approximately twenty-five different colleges under his supervision. New Hampshire S. A. T. C. activities will therefore be under his supervision.

PLAN FOR Y. M. C. A. HUT

Mr. Watson also announces that plans are under way for the construction of a Y. M. C. A. hut here. The hut that will be erected if allowed, will be the type "G" of the regulation Y. M. C. A. huts. This type has an auditorium, a stage, office rooms, store rooms, writing and reading rooms, pool rooms and a ladies' rest room. A broad porch in this type surrounds the hut. There would also be magazine racks and a place for the moving picture machine.

The site under consideration at the present time is on the old railroad bed near the gymnasium (mess hall.) The contractors are now figuring estimates on the building and as soon as President Hetzel receives the estimates further plans will be formulated.

PAPER, ENVELOPES, FREE

For the benefit of the new men here Mr. Watson wishes it made clear that the Y. M. C. A. supplies, envelopes and paper, are free of charge. The stamps, candy, cigars and cigarettes are also for sale. There are also pool rooms and writing rooms available. Balls, gloves and other athletic material may also be obtained for use free of charge.

FRATERNITY HOMES TAKEN OVER BY GOVERNMENT.

In order to accommodate the thousand or more men, who will be training here this winter, the college has taken over the fraternity houses, and will convert them into barracks for the S. A. T. C. Military discipline will take the place of fraternity life. The Kappa Sigma and Lambda Chi Alpha houses will each house one hundred men. The Alpha Tau Omega house will be used as a home for faculty and military, while the Sigma Alpha Epsilon house is to be a hostess house. Here comfortable quarters will be made to entertain the men, and receive any women visiting the camp.

R. O. T. C. RESULTS AT PLATTSBURG

Ten New Hampshire Men Win Commissions—Others Recommended for Further Training

At the recent R. O. T. C. at Plattsburg, twenty-three New Hampshire students and faculty were in attendance. Out of this number ten were awarded commissions of second lieutenants. Those winning commissions were Coach W. H. Cowell, director of athletics here; Bill Shuttleworth, '19, "Jack" Shillaber, '19, E. J. Thompson, '20, "Ted" Butler, '21, I. W. Hedburg, '21, "Ray" Hunt, '21, L. Cross, '20, Rodney Hill, '20, and E. H. Shannon, '20.

Three others, ("Ducker" Davis, R. C. Foster, '20, and "Hank" Emery, '19,) would probably have been commissioned but for various reasons. Davis lost his commission because of throat trouble. Foster was rejected because of his eyes and Emery threw down a commission so that he could make a try for the aviation.

Professor Ritzman left the camp early and Prof. H. P. Young accepted a position at Cornell University. "Chet" Scammon, '20, and "Ben" Litch, '20, were sent back to college to complete their courses in engineering. J. A. Baker, '21, and R. P. Whedon, '21, were sent to a small arms training school for further training. "Runt" Strain, '19, was rejected because of physical disability. Harley Boutwell, '20, "Dan" Clark, '20, and H. R. Ham, '20, were all recommended for further training in Central Officers' Training Camps.

NEW HAMPSHIRE

LOSES FIVE MEN.

(Continued from Page One.)

While here he was a member of the class football team, class rope pull and class basketball teams. In fact there was not a sport but what he would come out and make a try for.

"Dad" went with the first detachment of N. H. men to Plattsburg and was successful in winning a commission. In less than two months' time from the day he was awarded a commission he was "over there."

True to his athletic spirit, "Dad" Booma gave to his country all that was in him and has paid the greatest price that a man can pay in upholding the honor of his country.

MISS RUTH FARNHAM APPOINTED COW TESTER.

Miss Ruth Farnham of Lancaster has just been appointed as cow tester in the extension service of New Hampshire College and has been assigned to the Contocook and Monadnock Cow Test Association. Miss Farnham is the first woman to be appointed tester in the state of New Hampshire and New Hampshire is the third state in the union to try the experiment of having women as testers. Miss Farnham is a graduate of the short course in dairying at New Hampshire College. In her duties as cow tester she will visit in succession twenty-six farms, make a complete record of all the cows on these farms, keeping statistics as to feed consumed per cow, the value of the product and the profit or loss above feeding cost.
