## PLEDGE NEW MEN TO FRATERNITIES

First Open Rushing Season Causes Much Competition

INTEREST KEEN

Lack of Ordinary Interfraternity Law Allows Freedom Never Allowed Before—Rivalry for "Cream" Allows Men Little Rest

The first open rushing season ever held at New Hampshire is on in full swing. Never before has so much freedom in pledging been allowed. The keen competition among the different fraternities for the "cream" of the 1922 class allows but little rest to the upper classmen.

The following fraternities announce the accompanying pledges:

### LAMBDA CHI ALPHA

Frank Jones, '22, New Durham N. H.  
Francis H. Derby, '22,  
12 Peanvale Road, Dorchester, Mass.  
James P. Henry, '22,  
20 Saranac St., Dorchester, Mass.  
Leo F. Monroe, '22, Groveton, N. H.  
Harold Jackson, '22, Groveton, N. H.  
Benjamin F. Pulsifer, '22,  
Lewiston, Maine.  
Kenneth C. Penwell, '22,  
19 Pecker St., Haverhill, Mass.

### SIGMA ALPHA EPSILON

George C. Gove, '22, Raymond, N. H.  
John Hilliard, '22, E. Kingston, N. H.  
Harry Hardy, '22, Nashua, N. H.  
Sylvester J. Broderick, '22,  
Exeter, N. H.  
Richard D. Rowell, '22, Newport, N. H.  
Felix S. Lagasse, '22, Lochmere, N. H.  
William F. Glover, '22, Exeter, N. H.  
C. Wesley Smith, '22,  
Portsmouth, N. H.  
Francis A. Keane, '22,  
Manchester, N. H.  
Charles C. White, '22,  
Haverhill, Mass.

Aldred Jeune, '22, Haverhill, Mass.  
Martin D. Bagni, '22, Haverhill, Mass.  
Stacy B. Rowe, '22, Newton, N. H.  
E. A. Pickett, '20, Concord, N. H.  
E. Clifford Jones, Norwood, Mass.  
M. A. Neville, Portsmouth, N. H.

### ALPHA TAU OMEGA

Arthur T. Bond, '22, Lisbon, N. H.  
Albert E. Spaulding, '22,  
Bradford, Mass.  
Robert P. Nutter, '22, Portland, Me.  
Ralph Kennison, '22, Newton, N. H.  
Stillman E. McKerley, '22,  
Gerrish, N. H.  
Randolph K. Pike, '22, Laconia, N. H.  
Norman H. Austin, '22, Laconia, N. H.

### KAPPA SIGMA

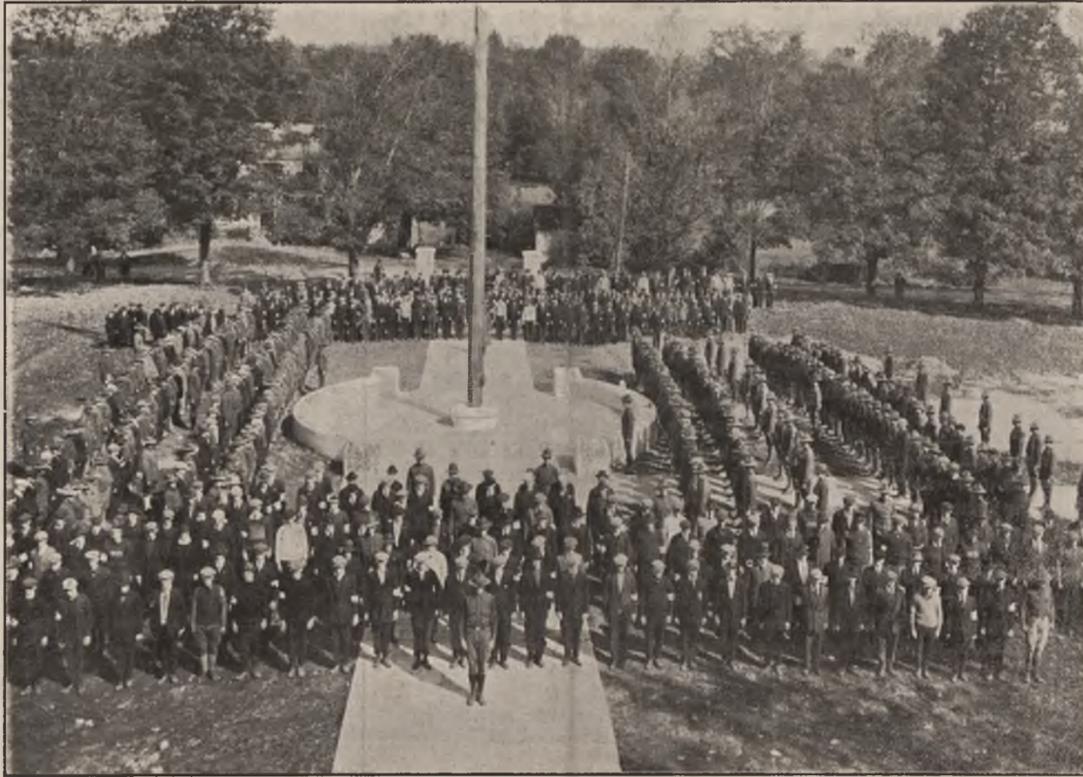

Harold Woods, '22,  
203 Wibird St., Portsmouth, N. H.  
Melvin Clark, '22,  
157 Richards Ave., Portsmouth.  
Daniel J. Byrne, '22,  
33 Downing St., Concord, N. H.  
A. L. Butleth, '22,  
19 Almont Ave., Worcester, Mass.  
Paul Osgood, '22,  
59 Main St., Rochester, N. H.

The Theta Chi fraternity and the Phi Mu Delta have pledged men but their names were not ready for the press this week. They will be announced later.

### SOME AGRICULTURAL COURSES TO BE GIVEN.

It has been announced that the following agricultural courses will be given for the women students: Vegetable Gardening by Professor Wolfe, Dairying under Prof. Fuller, and Poultry by Prof. Richardson.

In addition Breeds of Live Stock and Elements of Botany will be given for the freshmen, so that if the college opens as usual next year, they will be able to continue in the agricultural course as sophomores.

ABOVE PICTURE TAKEN AT SCENE OF INAUGURATION OF STUDENTS' ARMY TRAINING CORPS INTO NEW HAMPSHIRE COLLEGE.

### BARRACKS A HAS LIVELY TIME FIGHTING FIRE.

Barracks A was the scene of lively happenings last Saturday morning when the cry of fire was "whispered" to the few who happened to be very light sleepers. It all came about in just this way. About 3 o'clock Saturday morning Private Eugene Breen who has quarters on the upper floor of the barracks smelled smoke in his immediate vicinity and at once proceeded downstairs to the quarters occupied by Sergeant Major Hamilton.

Upon awaking the Sergeant Major a detail of volunteers was got ready for action. Then the trouble started in earnest, for all the firemen could smell smoke, but none could detect the actual fire. All realized it was quite serious as the entire barracks were placed in rather a dangerous position. Both floors were thoroughly policed under the supervision of Sergeant Hamilton, but no fire was discovered. At last it was suggested that each fireman be assigned a certain number of bunks to closely inspect. No lights were to be turned on for the juice was not working. At last after diligent search the fire was discovered in the bed of Private Fred O. Came. It seems that the blankets were wound around his body so tight that the fire was confined to a smudge. He was unable to explain the origin of the fire and further than that said it mattered not to him as long as he slept soundly. To make matters all the more amusing the fireman who discovered the fire happened to be a person named Fiarman and all due credit was given him for saving the barracks from destruction.

### DIRECTOR PURCHASES NEW MACHINES FOR SHOP.

Dean Hewitt, vocational director, has just succeeded in securing the rough castings for six eight-inch tool room grinders from the South Bend Lathe Co., South Bend, Ind.; also six complete rough castings of 20-in. Prentiss Upright Drilling Machines from the Reed-Prentiss Co., Worcester, Mass. Through the courtesy of the above named companies, working blue prints have been furnished.

Under the direction of Mr. MacBride, instructor in the machine shop, the machinists of the vocational section will build and install the six drilling machines and six grinders which will be a very important addition to the equipment of the machine shop, at the same time offering splendid practice for the vocational men being instructed as machinists.

## Y. M. C. A. CANTEN IN FULL SWING

Influenza Epidemic Causes Temporary Store

NOW PERMANENT

Disposition of Profits Clearly Explained—Originally Sold Only Stamps—Conditions

For the benefit of the members of the S. A. T. C. and any others who may not know about the origin, purpose and methods of the canteen which they have been patronizing, the New Hampshire wishes to make a few statements about it.

### NEW INITIATIVE

Until the middle of September the only thing sold by the Y. M. C. A. was postage stamps and as the capital available for that purpose was only \$6.00, the supply never lasted very many minutes. When the quarantine was put on about the middle of September and members of the Training Detachment were not allowed to go beyond Fairchild Hall, the calls for cigarettes, tobacco, candy, etc., were many and loud. It soon became evident that the Y. M. C. A. office could be utilized for handling a few articles to accommodate the men during the epidemic. The handling of a few boxes of candy and cigarettes soon expanded to a line of cough drops, peroxide, shoe polish, tooth brushes, pipes, paste, shoe strings, towels, pencils, postcards, etc. None of the goods were bought at wholesale and were handled merely for one of the local storemen to accommodate the dealers. There was no intention then of opening a permanent canteen. The prices at which the goods were sold were set by the local store—which were the same as their retail prices. The stock on hand was closed out the last week in September when the secretary was absent at a conference for secretaries of the New England S. A. T. C. colleges. Up to this time approximately \$300 worth of goods were sold and there was no agreement for a discount and none was demanded. The Runlett Store voluntarily gave the Y. M. C. A. secretary a discount of five per cent. which amounted to \$15.

### REQUEST PERMANENCY

On his return from the conference the Y. M. C. A. secretary received numerous requests to try to supply

the needs for candy and cigarettes, particularly at the noon hour, when the men could not get to the local store to purchase them. Feeling that this was a real service to the men which is one of the great aims of the Y. M. C. A., the secretary decided to turn his office into a canteen.

### OTHER PURPOSES

There was at least one other motive back of this move. Several times during the past few months some of the people of Durham were willing to give parties, dances, picnics, etc., for the men here, but in some cases they asked the Y. M. C. A. to pay for the refreshments, which would usually amount to \$10. The Y. M. C. A. has had no fund for such purposes. Several times base ball teams have come here to play and there has been no fund to pay their expenses. The only thing that could be done was for the Y. M. C. A. secretary to pay the bills out of his own pocket, if he were fortunate enough to have any money there. The expenses of the last minstrel show were over \$100 and the bills have not yet been paid. Some musical instruments are needed, but there is a small amount of cash available for this.

These are some of the things which brought about the canteen. In order to really make any profit worth talking about, it was necessary to buy at wholesale, as has been done during the last three weeks. There has been no attempt to undersell the local store keepers, because that seemed clearly unfair. On the other hand it is the intention of the Y. M. C. A. to sell as low as the majority of them, even if the goods are sold at cost. For instance, if a dealer bought "Lucky Strike" cigarettes several months ago he could sell them much below the present price of 18c and still make a profit. Today only a few boxes can be bought by one dealer and the price is not guaranteed from one day to another. One dealer may have to pay express charges on his goods, while the other one hauls his from Dover on his return trip, which he had to make over for some other purpose. On the other hand, the Y. M. C. A. secretary here has been and still continues to sell Fatima cigarettes at 15c while most of the S. A. T. C. men have been paying 16c and 17c for them in their home towns. All 5c candy articles except chewing gum have gone up to 6c and all 10c articles have gone up to 12c. This is true in practically every place in the country.

### PROFITS FOR SOCIALS

It should be clearly understood that (Continued on Page Four.)

## BIG FOOTBALL GAME PLANNED

New Hampshire May Tackle Fort Constitution

THANKSGIVING DAY

Plans Made to Play in Manchester—Chance to Stage Good Contest—Game Must Be Taken Seriously—Opens Way for Big Time

Followers of the pigskin here at New Hampshire will undoubtedly be pleased to know that plans are under way for a big game with Fort Constitution to be played at Manchester on Thanksgiving day. The members of the New Hampshire College Training Detachment have at the present time as good a football nucleus as any college in the United States ever had. Stars of last year's teams and those of the year before have flocked here in numbers. What a wonderful chance for New Hampshire to be First in football; what a wonderful chance to stimulate interest and what a wonderful chance to assist financially some branch engaged in rendering assistance to the soldiers.

### PLANS STARTED

Sergeant Major Mahoney, Captain Dan. T. R. Dickson and President Hetzel have carefully considered this proposition of a big game and have gone so far as to go ahead and make plans for the big game, hoping that the military authorities higher up will have no objections. Plans are being made to run a special train from here to Manchester on that day.

### MUST BE SERIOUS

This matter of football must be taken more serious, however. This important game will be no easy victory. Fort Constitution planned as far back as early summer for her football team. New Hampshire did not. We are, then, at the outset in a decidedly disadvantageous place. Practice must be held and this practice must not be the happy-go-lucky sort of practice. It must be regular, sincere, clean and efficient. Coaches must be engaged. Finances, too, must be advanced for the preliminary expenses. Suits must be obtained and in fact there are a hundred and one things that must be done. This game is not going to be a scrub game and New Hampshire must wake up and realize it. New Hampshire must be able to put a team into the field equivalent to the normal class put into the field by Dartmouth.

### PRACTICE TODAY

The first practise will be in the form of a scrub game and will take place this afternoon. Let all those fellows who have had any experience in football come out and do their part. Let all those men who have been talking football come out and back up their statements.

Come on, then, New Hampshire, wake up! Your time has come to make a name for yourself. Prove your worth and let your motto be "On to Victory."

### WHO SAID NAVY MEN

WEREN'T POPULAR?

The popularity of the U. S. Navy was very noticeable especially by the fairer sex during a recent visit of Surgeon R. N. MacKey, U. S. N. R. F., and his assistant, Chief Yeoman H. C. Tucker, U. S. N., to the city of Dover, where Chief Jim Carey had to hold onto Chief Tucker for fear of his being kidnapped, while Surgeon MacKey was very embarrassed by the forced attention of two beautiful specimens of the fairer sex. Were it not for the excellent company the Doctor was in, it is very much feared that he would have tarried at Dover until the wee sma' hours.

Durham, N. H., October 19, 1918.

## KEEP YOUR SPIRIT UP.

The spirit of the men here is certainly wonderful. Especially noticeable is the spirit of the new men. On last week's hike this was plainly apparent as there was scarcely a moment on the whole hike but what at least one platoon was singing. The first platoon above all deserves the name of the "singing platoon" as it scarcely stopped singing during the whole march. Captain Dickson's wish for a singing command is certainly being fulfilled. Keep it up, boys.

## WHY NOT AN ORCHESTRA?

Why not have an S. A. T. C. orchestra here? Surely there is plenty of material. This fact is easily borne out by the quantity of music available at mess. There is any quantity of piano, cornet, trombone, clarinet and violin players and there is one sure thing that if a leader could be found the material for him to work with is not lacking. Are we going to have one?

## WHY NOT A BAND, TOO?

Why not have a detachment band here. Certainly with the nucleus of material available it would be possible to turn out a band of no little note. And think what an added effect a band would make on the proposed trip to Manchester on Thanksgiving day. Think what a help it would be for the football team. Music is one of the greatest instrumentalities for arousing interest ever known. Come, now, let's get going and have a band.

## RELAY COMPETITION.

The relay competition between the different companies mornings as a part of their setting up exercises furnishes a two-fold purpose. Besides keeping the physique of the men in excellent working condition it furnishes a sport into which every man enters with the height of enthusiasm. This zeal is but a small sample of the real enthusiasm that would be shown if some real inter-company races could be arranged. Why not start a series or schedule of these races and determine the championship company. It would be an excellent thing to look forward to as a sort of recreation and would put "pep" into the drill.

## FIFTH DETACHMENT MEN RECOVER FROM ILLNESS.

The Fifth Detachment men are recovering from their sicknesses. They realize that there will be more doing in the line of good times from now on. Inter-company contests are planned in basketball, football and relay teams. On Saturday the relay teams from the various companies expect to hold contests.

Another fact that the boys are feeling good about is that they have been transferred to their permanent companies. This means that each company has one floor of each barracks to itself. In this way the congestion on the upper floor of B Barracks is eliminated and everyone is happy.

The Post is still immune from "week-end passitis."

## NEW HAMPSHIRE HAMMER

"With Mallets to All and Charity to None."

"Fat" Wynstock insists on playing jokes on his friends. While serving some of them at mess one day last week he had their portions of steak under a small potato.

If the chef gets wise as to the amount of Hebrews here we will have pork more often.

The carpenters who enclosed the moving picture machine in the mess hall did a good job. We haven't seen any motion pictures since.

As a result of inoculation Hyman Levy has a black and blue scar on his upper lip. To avoid embarrassment Hyman refers to it as a moustache.

We regret that the joke about having more pieces of a Ford left over after being taken apart and put together again is so old. We would like to connect it with Hoffman of Co. A.

DeLong of Co. A admits never having done his own washing before coming into the army. By the looks of it hanging on the line, we believe him.

We fail to see Corporal Barnes hiking down the road toward Durham Point these evenings. The fair damsels down below must be very lonesome without the pleasant countenance of Barnes.

One would sometimes think we were not in the same army. Here is an instance: John Rollins is top sergeant of Co. C, while Clifford Babson is a sergeant in the same company. To make matters move along more smoothly Sergeant Babson suggested that top Sergeant Rollins and he alternate on getting up in the morning for reveille. We dare not print what the top sergeant said to our fellow non-com. from the north country.

Corporal White says a week-end pass looks strange to him for the fact that he has failed to receive one in six weeks. White comes from Dover just four miles from here and we would suggest that he walk up and back Saturday afternoon and nothing will be said.

Doolittle is the name of one of our musicians, but the name itself has absolutely nothing to do with the man. In fact, he does very much and to see him bang the old piano keys when everyone else is enjoying dinner you would decide that he was not what the name implied.

Those two soldiers who hired the machine and drove down to Newmarket last Sunday must remember that they are not on a loose pulley. Perhaps they haven't doped out about getting away with murder, but if they get caught it will mean "policing" the kitchen floors.

Heintz of Co. B told his girl not to come to see him on a Sunday, as he surely would be on guard.

We promised not to mention anything about the five non-coms., who forgot to take their hands out of their overcoat pockets when saluting officers.

We have heard about James W. Gerard's "Four Years in Germany," but don't know where a certain party in Company A. got their experience.

Katz can hardly talk these cold mornings. His hands get very cold.

Chief Yoeman H. C. Tucker is all worked up over the saucy girls at Dover. It appears that the Chief is in the habit of journeying to Dover to enjoy a feed of chop suey, but that has nothing to do with the story. Invariably on coming out of the eating place some girl approaches him and asks for the pleasure of his company. Nothing like a pleasing personality, Brother Tucker.

The most familiar sight in Durham is to see Sergts. Dowd and Haley fighting over the merits of their respective companies, B and D. A fist fight seems inevitable, but both agree that it won't last long. Dowd claims Haley won't be on his feet and Haley claims Dowd is the fastest runner.

## PRESENTATION MADE TO LIEUT. BARNWELL

4th and 5th Detachment Show Appreciation for Services Rendered to Men by Dr. Barnwell—Work Deserves Credit

Last Wednesday evening at retreat, in front of the assembled battalion, Dr. John M. Barnwell, the medical officer of the detachment here at New Hampshire College was presented with a 12-gauge double-barrelled shot gun with case. The gun, a beautiful piece, was suitably inscribed "Presented by the 4th and 5th Detachment to Lieut. John M. Barnwell, M. C., on October 16, 1918." The presentation was made by Private John D. Twyman.

## RELIEF TO STRICKEN

The making of the gift is merely an effort on the part of the boys of the 4th and 5th Detachment to show their hearty appreciation of Dr. Barnwell's work of the past month during the influenza epidemic. As Capt. Dixon said, there is not a man here who can not but feel that he owes his life to Dr. Barnwell. His untiring and ceaseless efforts to bring relief to those stricken with the malady and to stamp out the epidemic here at the college will long be remembered by all who were here at the time.

Dr. Barnwell was also a big factor in bringing the boys overcoats to them, and without these heavy coverings many more men would now be sick. As one of the boys remarked after Dr. Barnwell had responded in a few words to the presentation, "He is the idol of our company." And well he deserves that merit!

7.37 a. m. Mess Call.

Other Calls Regular.

## FIRST BOWLING MATCH VICTORY FOR ARMY.

On Saturday, October 12th, some of the old men who rolled in interfraternity matches last season lined up for a match on Tom Schoonmaker's alleys. Skipper "Neddie" Pichette picked up a team of naval men and rolled a team of army men led by "Reg." Soderlund. The army men discovered a "find" in the shape of Murray from Salem, Mass., who toppled 311 pins and enabled them to trim the "Gobs" to the tune of 120 pins. Murray had high total of 311, while Soderlund's 113 was the best single of the evening. For the "Gobs" Tibbetts rolled the best, getting a total of 253.

Wherever Jack White eats his meals, a crowd is sure to congregate, as a real cabaret is furnished by a funny comedian.

## COLLECTION FOR PURCHASE OF TRAPS NETS \$41.40.

A voluntary contribution taken by the members of the S. A. T. C. for the purchase of a set of traps netted \$41.10. The collection was taken after mess last Tuesday. The traps

which originally cost \$50 and which could not be bought for \$80 now, were purchased for \$25. The remainder of the collection was placed in the hands of the Y. M. C. A. director here and will be used when necessary, for the purchase of new music and for repairs on the instruments.

## NEWSY NOTES OF THE ALUMNI.

Continued from Following Page.)

month, you may expect to see me in Durham some day in October.

"Jim" Dodge, '18, passed through here in August, hunting for a place where the navy would take him. He finally was enlisted in the Flying Corps. Good for Jim.

My permanent address is care M. C. Allen, Western Union Telegraph Co., 302 Broadway, New York City. All my mail is forwarded from there.

## BULL DUDLEY IN TEXAS

Lieut. W. A. Dudley, '17, and Wendell Goodrich, '18, have assigned as radio telephone officers at Barron Field, Fort Worth, Texas. Hollie Wittemore, '12, is also stationed at the same field. Dudley reports seeing "Yank" Bennett in town the other day with overseas orders and on his way to Hoboken.

Dudley was transferred from the radio school at Columbia University, N. Y., to Ft. Sill, Oklahoma, for a month before being sent to Lake Charles, Louisiana, where he had a course in the radio telephone. He received his long delayed commission there.

M. W. Smalley, 2-yr-'17, is in the Special Training Battalion, A. P. O. 727, 1st. Depot Division, A. E. F.

Lt. C. A. McLucas, '12, is addressed O. P. T. C., No. 4, A. P. O. 733.

J. W. Dresser, ex-'19, is now at 1419 No. Royer Street, Colorado Springs, Col.

Max McConachie, '18, is at present located at Carlstrom Field, Arcadia, Florida.

Miss Helen F. Tilton, '17, is having her New Hampshire addressed 346 No. Craig Street, Pittsburgh, Pa.

Miss Clarice H. Shannon, '17, may be addressed 90 Fair Street, Laconia, N. H.

Lt. Willard I. Allen, Jr., '18, may be addressed Company L, 3rd Batt. Infantry, R. and T. Camp, Camp Lee, Va.

"Kaloma" Prescott, '19, has received orders to report at Fort Constitution the 22nd of this month.

E. L. Gadbois, '21, and "Dewey" Graham, '21, are showing their old-time form as tackles on the Portland Naval football team.

Cadet Geo. G. Booth, '20, is attending the flying school at Camp Dick, Texas, a concentration camp for aviators. He doesn't like the place, but goes to church because the girls are crazy to ask cadets for lunch. Nevertheless, he sighs for a certain co-ed here.

### "Slipping" not "Saving"

"I kept slipping back two feet every time I went ahead one." That's what the small boy gave as an excuse to his teacher for being late for school one winter day.

And that's just what is happening to the cow owner who is trying to get along without a cream separator or with an inferior or half-wornout machine. Like the small boy he is "slipping." He thinks he is thrifty, but for every dollar he saves by not buying a De Laval he loses two through not having one.

It isn't economy to do without labor saving and money saving and food saving machines. It isn't economy to feed 40-cent butter to the calves and hogs.

It is economy to buy and use only the best cream separator made—and that's the De Laval.

Viewed from every standpoint—clean skimming, ample capacity, ease of operation, freedom from repairs, durability—there is no other cream separator that can compare with the De Laval.

IT'S REAL THRIFT AND GENUINE ECONOMY TO BUY A DE LAVAL SEPARATOR NOW.

Why not see the nearest De Laval agent at once! See a new 1918 De Laval machine for yourself. Try it to prove every claim made for it. If you don't know a De Laval agent write direct to one of the addresses below.

W. S. EDGERLY, The General Store

DURHAM,

NEW HAMPSHIRE.

A negro soldier was called up before his C. O. just before embarking for overseas, and asked whether he wanted to make his will before leaving.

"No sah", said the coon, "Ah don't want to make no will cause the only will I is worrying about is will I get back."

Jones—Has your car the latest improvements?

Smith—Yes, the sheriff just put on the last attachment.

### NEWSY ITEMS OF THE ALUMNI.

#### WESLEY LOW ARRIVES OVERSEAS

Stationed at Largest Base Hospital "Over There"—Place, '19, Home on Sick Leave—Booth, '20, at Flying School—Other Snappy Alumni Notes

Wesley D. Low, ex-'18, has arrived safely overseas, after spending 30 days on the big, broad Atlantic. He is in a base which is the largest one over there and which is still growing. He says he is in a "great country," for scenery, high, rocky cliffs, old ruined castles and all that goes to make up Europe. The most striking thing, he thinks, is the greenness of everything, even to the people. The more he sees of it, the more he likes his home town. His address is U. S. S. C., No. 254, U. S. Naval Forces in Europe, Base 27, care Postmaster, New York.

#### '81 ALUMNI WRITES

Captain V. H. Stickney, class of '81, may be reached through the office of the Adjutant General, Bismark, N. D., address Capt. V. H. Stickney, M. C. U. S. Army, care of the office of the Adjutant General, Bismark, N. D.

P. B. Place, '19, visited Durham while on sick leave from Company 32, M. I. T., Boston, Mass. He likes well, is living high, and fits well with the girls, he says.

#### WRITES OF TRENCH LIFE

E. L. Scovell, '18, gives a bit of trench description written "somewhere, Sept. 11-18" He has evidently lost track of time and only knows what week it is. He says: "I have a few minutes before dinner to write this letter. For three days the weather has been very disagreeable; it has rained the entire time. It would not be bad if it were not for the cold winds. We should worry, though, as we are sheltered in a small shack and although we get wet and chilled through during the day, we get warmed up inside the shack. There are fifteen of us on detached duty. I do not know how long we will be here, but if it keeps on this weather I hope that we soon move where it will be warmer. In the shack we have a small stove, hardly large enough to heat the ventilated mansion, but by crowding near the stove we keep warm and enjoy the long evenings, telling stories and singing. Just think of it, Mother Winter is nearly here. How time does fly! The mail comes rather slow now, but when it does come there will be a lot of it, so it is easy to wait patiently."

#### CROSS, '20, AT CLEMSON

Lieut. Leon I. Cross, '20, has been detailed to Clemson College, South Carolina, as instructor in the S. A. T. C. He is second lieutenant.

#### COBURN, '18, AT HINGHAM

Rodney C. Coburn, '18, was seen at Hingham by R. B. Place.

#### WHEDON, '21, ASSIGNED

Lt. Roger P. Whedon, '21, of Dover, has been assigned to Crane College, Chicago, as instructor in S. A. T. C. He was commissioned second lieutenant at Camp Perry, Ohio.

#### WHERE IS "JACK"?

Mail addressed to Jack Miltimore, '18, has been returned from Camp Jackson. His whereabouts are at present unknown.

#### MILO REPORTS

Lt. Milo H. Brill, '18, has been transferred to Sillamook, Oregon. His wife is with him. Before he received his present transfer he was in the woods and he says it seems fine to see plate glass windows and trolley cars. The strangest thing about the place is that the lights are nearly all out by nine o'clock in the evening.

#### CO-EDS. IN SERVICE

Miss Vivian B. Hamel, '13, has enlisted in the service in the telephone unit. Her address is Signal Corps Tel. Unit, A. P. O., 705 France.

#### ADDRESSES LOCATED

A. H. Barton, '08, whose address was 1219 Miller Street, is now located at 822 Arnold Avenue, Utica, N. Y.

Miss Julia A. Roberts, '17, is having her New Hampshire sent to 260 Field Avenue, Toledo, Ohio.

George A. Holmes, 2-yr. '08, may be addressed R. F. D. No. 1, Charlestown, N. H.

## Stop These Casualty Lists Quickly!

The Men and Money of America will help do it.

Buy LIBERTY BONDS! Buy them NOW. Buy often. Buy to the limit of your means—and MORE. Hasten the victory that will bring our boys home.

Don't think about the money—that will all come back to you with interest. Think about the brave young Americans who are fighting and suffering and dying "over there" for Liberty.

SERGT. "JACK" POWERS.

LIEUT. P. S. WILLAND, '15.

"Jack" Powers, known to every New Hampshire student of the last three years, paid the highest sacrifice a man can pay for his country when on the night of July 20th he was killed while leading his men to victory. "Jack's" death was not for naught, as before he was killed he captured seven Germans and a machine gun single-handed. His memory will linger long in the minds of the members of his company.

"Jack" came here in 1914-15. At that time he was track coach. His popularity here was unbounding. After a vacation "Jack" returned here as custodian of the gymnasium.

His main hobby was track and his interest in this and in fact in any sport was never lax. He backed New Hampshire with a spirit of which but few men can boast. His enthusiasm for New Hampshire's sure-to-come recognition knew no bounds. His letters, even those written but four days before he "went west", spoke of his undying love for New Hampshire and all that concerned her.

In the death of "Jack" Powers New Hampshire College has lost one of her best friends. He leaves behind him a memory that is pleasant to recall, one that is well to place before future members of New Hampshire College, as a sample of one man's true patriotism for his college and his country.

Lieut. Pitt Sawyer Willand, U. S. A., died from pneumonia at his station at Tusculumbria, Ala., on Thursday, October 10. Lieutenant Willand was born in Dover, N. H., May 23, 1893. Upon graduating from New Hampshire he took a position as chemist with the McElwaine Co., Manchester, going from there to Plattsburg, where he obtained his commission. On November 30, 1917, he married Miss Olive Grant, daughter of Dr. and Mrs. L. E. Grant of Somersworth, N. H. An infant son, Pitt Sawyer Willand, Jr., and Mrs. Willand survive him, and also his parents, Mr. and Mrs. William W. Willand, and a sister, Miss Marjory Willand of Dover.

Lieut. Willand was a member of the Theta Chi fraternity here. His popularity among his fellow students knew no bounds. As a student he was noted for his integrity and perseverance. His college professors and fellow students will long remember him. His pleasing personality won many friends to him and his loss will be felt with no little regret and sympathy that such a person might not have lived longer and further serve as an inspiration to all who came in contact with him.

Lyle S. Drew, '12, Union, N. H., has renewed his subscription to the New Hampshire.

L. H. Fogg is in the Headquarters Company of the F. A. R. D. at Camp Taylor, Kentucky. His address is Headquarters Co., 6th Battalion, F. A. R. D., Camp Taylor, Louisville, Kentucky.

H. M. Lee, '02, is at the present at Windsor, Vermont.

A. Wallace Wilkins, '11, has his New Hampshire addressed Milford, N. H.

C. T. Fuller, '06, chemical engineer, is located in the euphonic town of Nutley, N. J. His address is 317 Hillside Avenue, Nutley, N. J.

Miss Marion S. Gilson, '18, is teaching school in Derry, N. H.

Elizabeth Center, ex-'19, is engaged in war work at Washington, D. C.

#### "STEVE" WRITES

"Steve" Boomer, ex-'19, writes from Camp McClellan, Ala., where he is stationed. He received his commission at Camp Taylor on Aug. 31st. He is with the 34th F. A. Hq. Co. He met McGinn, '20, who is stationed there. McGinn is in the balloon service connected with the artillery firing center there.

Steven DeMerritt, '12, writes that he is with the Mathieson Alkali Co., Saltville, Va. He is in the department of maintenance and construction. Captain Vance W. Batchelder, '17, has been stationed at N. C. O. Sect., Tex., N. J. Cav. Training School, Camp Stanley, Texas.

#### INTERESTING LETTER

Elmer F. Cutts, '17, and former

chief scribe of the New Hampshire, has been heard from. "Slats" writes with the same old-time pep and humor: "Call out the band, "Slats" has woke up at last and sent in a letter. I know I have been rather lax in my correspondence, but, man, I've been working my head off since June (Poor Slats) and haven't even had time to get a hair cut or a shave. Well, let's start at the beginning. The last time you heard from me I was in Pittsburg, where Brown, '17, and I had many a good time together, until one sad morning I came to work and found a telegram ordering me to Baltimore that night. And just when I had four dinner engagements ahead. You see the Pittsburg office force of the Western Union thought I looked underfed and so they took turns at bringing me to their homes for the evening. You can bet that I appreciated it, for restaurant fare at Pittsburg is—(censored). At Baltimore I spent two weeks in a city that was heaven after Pittsburg (I didn't know Washington then). The last of June I blew into Washington to work in the equipment gang; and here I have been ever since. Washington is a very pretty city but the natives have the hookworm. Perhaps you have heard of the high cost of living here. Well, whatever you have heard was untrue. Conditions are worse than they can be painted.

Just at the present I am making myself a nuisance to the company by "hollering" loud and long for a vacation. If they come across with it, as I expect they will in the next

(Concluded on Previous Page.)

### FITTING OBSERVANCE OF LIBERTY DAY HELD.

On Sunday afternoon, October 13, at five o'clock, a special formation of the entire command in the S. A. T. C. was ordered by Captain Dickson, in order to observe Liberty Day with a fitting ceremony, in accordance with the request of President Wilson in his Liberty Day proclamation.

The captain announced that the formation was an informal one and that he desired the command to indulge in a hearty song-fest, inasmuch as it was his desire to have a singing command, believing as he does that a singing command is a fighting com-

mand. Private Jack White was called from the ranks and led the men, who were grouped in a semi-circle before the engineering building, in a number of the latest popular songs and in two or three patriotic numbers.

Professor Whoriskey, so popular with all the boys on account of the great interest he takes in them, was the speaker of the day. Extracts were read by him from the recent speech delivered by President Wilson on the Liberty Loan. He followed this with an appeal to the men to do their best in subscribing for the fourth Liberty Loan. After another short song-fest the battalion observed retreat and was then marched to mess.

### NEW ADDITION TO MACHINE SHOP NEARLY COMPLETED.

The new addition to the machine shop is nearly completed and the new lathes, grinders and shapers will be installed within a few days. This new addition will be of great service at this time on account of the fact that both the vocational men and the engineering students will have to be accommodated in this branch of the work.

### INFLUENZA EPIDEMIC ABATING SOMEWHAT.

The scare of influenza has this past week shown signs of great improvement for the better. Some new men have been taken ill with it, but the percentage is so small that it can at most be disregarded. Extreme care, however, should be taken by everyone to ward off any signs of this epidemic and to keep any further danger from it away from here.

### Y. M. C. A. TO PASS OUT VALUABLE LITTLE BOOK.

At some future date soon, the Y. M. C. A. director will pass out little pamphlets which will be of invaluable assistance to the new men who do not as yet know the meanings of the different insignia worn by Uncle Sam's fighting men. The book also contains the different codes used in modern warfare and everyone is advised to secure one.

### PLANS MADE FOR BIG MINSTREL SHOW

Attempt to Stage Largest Possible—May Run Two Nights in Dover and One in Newmarket—Candidates Urged to Respond

Attempts are being made to stage one of the largest minstrel shows ever seen in this part of New England.

The plans for the minstrel show have the entire approval of Capt. Dan. T. R. Dickson and President Hetzel.

The material here for a good minstrel show is over abundant. In fact a better nucleus could not be found. There are several professionals here, including "Jack" White and "Pie" Palmer, who form the base for such material to build on. The apparent interest shown by the men of the vocational unit and by the members of the S. A. T. C. is very distinct. In fact, no little disappointment was caused by the necessary delay in rehearsals.

According to plans as formulated now, the committee is trying to arrange so that the show can be put on two nights at Dover and one night at Newmarket, with the bare possibility too of a more extensive trip for a one or two nights run.

The advertising committee, as selected, comprises "Pie" Palmer, "Jack" White and "Chris" O'Leary. The affair will be as widely advertised as is possible and an attempt will be made to make the minstrel show one of the greatest successes ever attempted around here.

The men here are urged to give their hearty support and co-operation and when a call is issued for candidates for the minstrel show, to respond with alacrity. All men specially qualified to perform features are urged to get in touch with the members of the committee at once.

### ENGINEERING MEN OVER 21 ARE ELIGIBLE FOR S. A. T. C.

Men who registered under the draft law prior to September 12 and who were placed in Class 1 for general military service and who are certified by the head of the institution to have been bona fide students during the year 1917-1918 in Engineering or Chemistry may be inducted into the Students' Army Training Corps, according to a telegram from the War Department received this week by the Commanding Officer and referred to President Hetzel.

Notice is being sent to all men who will qualify under this new ruling. The ruling is a qualification of the previous ruling that men in this class were not eligible for the S. A. T. C. The institutional authorities hope that under this ruling a number of former students may be returned to the college.

### ASSOCIATION PRINTS DEAN GROVES' NEW BOOK.

During the summer a booklet entitled "What Kind of a Fight We Are In," written by Professor Groves, was published by the Association Press. Its thesis, that the war is a result of a belief in Darwinian ethics, a belief more popular in Germany than elsewhere, has since been maintained by several students of sociology.

Dean Groves has been appointed chairman of the committee on the report at the Baltimore Conference on teaching of rural sociology, which is Rural Social Life.

Dean Groves has been invited to speak at the next meeting of the American Sociological Society, which will be held after Christmas at Richmond, Va.

### FAIRCHILD HALL MEN ENJOY SONG-FEST.

Through the efforts of the members of the first platoon, the men barracked in Fairchild Hall were assembled, first in the corridor of the first floor and then on the lawn in front of their barracks last Sunday evening and for an hour or more indulged in a hearty song-fest.

Among the old familiar songs were: our New Hampshire "Alma Mater," "The Line Up," (more commonly known to the college men as "On to Victory"), and "The Camp Meeting." A number of new songs were introduced, including "Oh, Eliza" and "All We Do Is Sign the Pay Roll," the

latter a very popular ditty, especially among the older members of the vocational unit.

Professor Richards, ever ready to lead in a song-fest when there is an opportunity for group singing among the men, was the guiding spirit of the occasion. A "find" was made in the person of Rudolph Jeneau, '21, who, with a great deal of "pep," led in singing "Oh, Eliza" and a number of other popular songs.

Following the hearty sing of two stanzas of "America," the party broke up with expressions from many that another such occurrence might soon take place.

### TOTAL ENROLLMENT REACHES 1,200

Classes Begun on Wednesday for First Time This Year—Registration for Co-eds Tuesday, April 22—Work Begins Next Day

Classes opened on Wednesday for the first time this year. There will be a total enrollment, of all kinds, of approximately 1,200. These figures are almost double that of any other year in the history of the college and are due to the unusual situation arising from the war and the establishment of the Students' Army Training Corps. There are now enrolled 440 men in the collegiate unit of the S. A. T. C. and many others, perhaps 60, are still at home confined with the grippe and will enroll as soon as they have recovered. In addition, there are 500 men in the vocational unit of the S. A. T. C. There will be about 40 men students not members of the S. A. T. C., disqualified for failure to pass physical examination or because of age, and there will be from 150 to 170 women students.

Among the collegiate S. A. T. C. group, there is a naval unit of about 50 men and several naval petty officers are here engaged in enrolling the men of this unit and starting them in on their military work. They will be under the command of Captain D. T. Dickson of the army, who now commands the entire corps.

The women students, who have been kept from coming to college because of the grippe epidemic, will be summoned for Tuesday, October 22. This will be registration day for women and for men who are not in the S. A. T. C. Classes for women and these men will begin the next day.

### ARRANGEMENTS MADE FOR NEW Y. M. C. A. HUT.

The new Y. M. C. A. hut will probably be started in the very near future. The hut will be built on the site of the old railroad bed nearest the gymnasium. Y. M. C. A. officials were here the first of this week and settled final arrangements. The terms and contract were closed yesterday and it is expected that work will begin soon.

The Y. M. C. A. officials claim that this hut will be the finest in New England.

### FACULTY NOTES.

Two new faculty changes have been announced lately. Mr. J. H. Marcet, a native of Canada, has been secured by the Modern Language department as instructor in French. He last taught in the Quincy Mansion School for Girls at Wollaston, Mass.

Older students will be glad to know that Prof. Scott, who was unable to keep his classes last year on account of illness will resume his classes in History until a new man can be found.

### THETA CHI FRAT. LOSES THREE MEN

Putney, '05, Willand, '15, Lary, '16, Succumb to Pneumonia and Influenza—Remembered Here by Many—Loss Keenly Felt

The Theta Chi fraternity has this week lost three of its former members of its fraternity from pneumonia and influenza. Articles on the deaths of Putney, '05, and Lary, '16, are given below, while an article on the death of Willand, '15, is found on the alumni page.

The Theta Chi fraternity, in losing these men, have lost three of the best members among the alumni. These men are all remembered by the present members of the faculty and their presence here will linger long in the memories of the men who knew them.

### FRED S. PUTNEY, '05

Fred Silver Putney, '05, died of influenza this past week at Penn. State College where he was an instructor. He was born in Hopkinton, N. H., November 10, 1881. In September 1901 he entered New Hampshire College, where he enjoyed a noted career. Besides playing on his class baseball and rope-pull teams, he held an editorship on the New Hampshire College Monthly board. Later he became president of his fraternity, Delta Xi, Alpha Zeta (Theta Chi), and he also won the Erskine Memorial prize of 1905. Many members of the present faculty remember him well, for he was, without doubt, one of the smartest fellows in his class. His sunny disposition and sheery smile endeared him to many friends both in and out of college, all of whom will be greatly surprised and pained to learn that "Put" has passed away.

### JOHN DANA LARY, '16

John Dana Lary, Jr., died in a hospital in Bangor, Me., on Monday, October 14, from pneumonia. He was a graduate from New Hampshire in the class of 1916 and at the time of his death was an instructor in mathematics at the University of Maine. He was the only son of Mr. and Mrs. John D. Lary, formerly of Berlin, N. H., now of Portland, Me. He leaves a sister, Miss Erma Lary, New Hampshire College, 1918, now in Washington, D. C. Lary was a popular member of the Theta Chi fraternity.

### COLLEGE AUTHORITIES OFFER TO TRAIN FORTY FARRIERS.

The college has notified the committee on education and special training that it is ready to contract for the training of 40 farriers, or "animal nurses," as they are called, beginning Nov. 15. These men will be in the charge of the Animal Husbandry department and will be stationed in the vocational unit. They will remain here for a period of eight weeks.

### Y. M. C. A. CANTEEN IN FULL SWING.

(Continued from Page One.)

the canteen is not a private enterprise and that all profits are used for promoting the social life here. It is the intention of the Y. M. C. A. secretary to place all the profits into what will be called the "special fund" of the Y. M. C. A. This will be used to finance any social functions during the winter when funds are not available from other sources. In other words, this is a co-operative affair in which the men of the Training Detachment and the S. A. T. C. are participating and the profits are to be used for them.
