COLLEGE OPENS REGULAR TERM

Women Students Given Welcome by President

NO SENIOR MEN

One Hundred and Eighty-Eight Regular Students Enrolled—Few Men Not in S. A. T. C.

"It is a privilege for me to welcome women to a college at this particular time," declared President R. D. Hetzel on Wednesday morning to the women students assembled at Thompson Hall, "and coming as I do from a suffrage state, I have great faith in what you will do."

President Hetzel then explained the conditions that had made it necessary to delay the opening of the college to the women. First the demands of the War Department for a time made all persons uncertain and then the epidemic coming caused further postponement. He stated that it was untrue, that the women were not wanted by the college, for very early in the summer the trustees had voted that if the War Department left any possible space to accommodate them they should come back.

In explaining the new rules he said that the rules existing for this year were different from those of the previous years in that they were made to be enforced. Formerly colleges and especially faculties have been lax in the enforcing of discipline, but as a patriotic measure in coordination with the strict discipline of the men at this time, it is only a fair measure.

This year there are registered to date (October 24) 155 girls. In addition to this number there are 33 men, bringing the total number of regular students up to 188. Girls outnumber the men in all classes and it is interesting to note that in the senior class there is not one man. At present the classes are divided as follows: Freshmen, Men, 32; Women, 43; Sophomores, Men, 3; Women, 43; Juniors, Men, 1; Women, 36; Seniors, Women, 30; no men.

THIRD PLATOON WINS INTER-COMPANY RELAY.

On last Saturday an inter-company relay race was held. The affair was arranged by Lieut. Marcy and proved to be a success in every way. Much interest was shown by the men of the camp and good cheering was in evidence during the race. The third platoon of E Company proved to have the best runners, with the first platoon coming in a close second. Felker was largely responsible for the third platoon's win, although the prettiest race was run by O'Leary of the first platoon, who cut down his man's lead by more than one-half. The interest shown in this race speaks well for the coming cross country activities, should the athletic committee decide to allow track and cross country competition.

PROFESSOR M. K. MCKAY HONORED BY HARVARD.

At the commencement of Harvard University in June, 1918, Professor M. K. McKay, head of the Economics Department of New Hampshire College since 1916-17, was awarded the degree of Doctor of Philosophy. This degree is given only on "the ground of long study and high attainment in a special branch of learning, manifested not only by examination but by a thesis showing an original treatment of a fitting subject, or give evidence of independent research." Such an honor from Harvard University is one of which the recipient may justly be proud. Doctor McKay's special field of study is Public Finance, with particular attention to Taxation. Professor McKay now holds the degrees, S. B., A. B., A. M., and Ph. D.

VOCATIONAL UNIT MEN CONSTRUCT TOOLSHED.

A new toolshed has been constructed by the vocational unit carpenters and is located against the bank at the north end of the horse barn. It is 24 feet wide and 72 feet long and has six open stalls and a workshop at one end. This workshop will be provided with a portable forge and will be used for repairing and painting. The six stalls are open so that wagons and machinery can be moved in and out. This tool room with its six stalls will fill a long felt need.

COLLEGIATE SECTION OF S. A. T. C. REORGANIZED.

The Students' Army Training Corps at New Hampshire College has been reorganized. Hitherto the unit has been composed of Companies A, B, C and D of the vocational detachment and E company which included all the men in the collegiate section excepting the navy men, who were separately classified as the naval unit. During the regular drill period on last Monday afternoon, however, E company was reorganized into E, F, G and H companies. The men in E company now compose those men in the collegiate section of the S. A. T. C. whose surnames commence with the letters from A to D; F company, those men whose names range from D to H; G company from H to S; and H company from S to Z. The different companies have been arranged according to height and temporary non-commissioned officers have been appointed by the company commanders. Companies E, F and G are quartered in Fairchild Hall, while Company H has for its quarters the Lambda Chi Alpha house and the old "tin palace," which now goes under the most excellent name of the "New Hampshire." H company is not very well satisfied with its quarters and some of the men are seriously considering changing their names. However, "we're in the army now" and H company will have to make the best of a bad situation. The naval unit is still quartered in the "good ship Morrill Hall" and as usual gets in to breakfast first. The command at New Hampshire College, therefore, now consists of a regiment of two battalions: battalion 1 composed of vocational unit men, and battalion 2 composed of collegiate men. Now that we are all settled, let's get together and make this a perfect command.

A COMPANY DEFEATS B IN FOOTBALL

Dolson and McAuliffe Feature Game —"Jack" White Amuses Crowd As Usual

On Saturday A Company of the vocational unit defeated B Company in an interesting football game by a score of 20 to 0. This was the first game of the season played in Durham and considering the lack of practice, it may be said that the teams played exceptionally well. Dolson and McAuliffe were largely responsible for A Company's win. B Company's line could not seem to hold against the repeated attacks of Dolson, while McAuliffe seemed to tear off end runs almost at will. McAuliffe made two touchdowns by the use of these end runs, while Dolson contributed the third. On the whole the game was well played with B Company fighting all the way. O'Donnell and Corporal Jack White starred for the losers. In considering a service team to represent New Hampshire College the managers would do well to look up the material in these two companies. As usual Jack White of A Company contributed many laughs by his antics, while Lieut. Marcy created a sensation in the first quarter by appearing on the field with his squad of stretcher bearers.

The line-up:
A Company. B Company.
Gruber, l. e. r. e., Downs
Bean, l. t. r. t., Montieth
Soeman, l. g. r. g., Decker (Restalf)
Weiser, c. c., Palmer
Breen, r. g. l. g., Charles
Weld, r. t. l. t., Heintz
McMichael, r. e. l. e., Clayton
Dolson, q. b. q. b., O'Donnell
J. White, l. h. b. r. h. b., Twilliger
Dart, r. h. b. l. h. b., Lehman
McAuliffe, f. b. f. b., White
Score: A Company, 20. Touchdowns: McAuliffe 2, Dolson. Goals from touchdowns, Dart 2. Referee, Lieut. Riggs; Umpire, Lieut. Lyons. Time 4 eight-minute periods.

DURHAM OVER THE TOP IN FOURTH LOAN DRIVE.

Again Durham goes over the top and substantially oversubscribes her quota. When we recall that the people of Durham subscribed over \$32,000 to the Third Liberty Loan, we have just reason to be proud of the fact that they have responded so nobly. The total can not be determined until all reports are forwarded to the

Federal Reserve Bank of Boston, but the present indications are that it will be between \$28,000 and \$30,000, with approximately 200 subscribers.

The committee in charge desires to take this opportunity to thank the citizens of Durham for their splendid and patriotic response. The chairman extends his special thanks to Dean F. W. Taylor, Professor T. O. Smith, Professor C. L. Simmers and Samuel Craig for their untiring efforts in connection with the work of soliciting. Success in the campaign just closed gives us courage and determination for those yet to come. Durham has thus far failed in nothing. Let us keep up this record.

S. A. T. C. GOES OVER IN FOURTH LOAN DRIVE.

Last Saturday saw the close of the Fighting Fourth Liberty Loan Drive here in Durham. New Hampshire College with its detachments of vocational and collegiate men surely did itself proud. Only toward the end of the drive did things begin to sprout, but once started, they grew with amazing rapidity. This was shown by the men in the collegiate section of the S. A. T. C., when they lined up on Friday night to buy bonds. The line extended from the company offices in the rear of T Hall through the corridor and up over the stairs to the upper floors. For an hour and a half, fully a dozen men were kept busy signing up men who wished to further do their bit.

When all the returns were in, it was found that N. H. C. had realized a grand total of \$25,750, \$24,550 of which was allotted and the rest was paid in cash.

Of this sum the first platoon of E Company did more than its share subscribing about \$5,500 of the total. However, the spirit of the whole S. A. T. C. was plainly shown and we feel certain that such support as this will be extended to every worthy cause.

NEW HAMPSHIRE BOARD ELECTS NEW EDITORS.

The New Hampshire board recently held an important meeting and a change in the staff was made. Managing editor C. J. O'Leary, '20, resigned in order to enter an O. T. C. and Miss M. Ethel Kelleher, '19, was elected Acting Managing Editor. Mr. R. A. Soderlund, '21, was elected News Editor to assist Miss Kelleher in managing the news. Ward, '22, was elected to the staff as a reporter.

COMMANDANTS AT N. H. C. CHANGED

But One Old Officer Remains

CAPT. EATON A WESTERNER

Captain Dickson Assigned to Amherst
—Captain Eaton Comes to New
Hampshire

The New Hampshire College unit of the Students' Army Training Corps last week lost its commanding officer, Captain Dan T. R. Dickson, who has been detailed to command the unit at Amherst College. Captain Dickson came here on June 22, 1918, from Camp Meade. His going leaves but one of the old officers here, Lieutenant Harvey P. Barnes being stationed here since the establishment of a training detachment here at New Hampshire College. Captain Dickson inspected the battalion on October 18, 1918 and informed it in a few well-chosen words of the change which was to take place.

Captain Dickson left Durham on Sunday morning for Dover, where he was to take the Boston express. He was accompanied by Naval Lt. R. N. Mackie, U. S. N. R. F., and Sergeant-Major James J. Mahoney, who went as far as Dover with the Captain. Captain Dickson has the good wishes for success of the entire command here at Durham.

On Sunday, October 20, 1918, Captain Stanley G. Eaton arrived in Durham to take command of the S. A. T. C. unit. He came from Amherst, Massachusetts, where he has been in command of the S. A. T. C. unit there. Captain Eaton, who is a western man, immediately started in to put things in a tip-top condition. A general reorganization of the collegiate section of the S. A. T. C. was about the first thing done. He also has given his hearty approval of athletics and other activities and he has arranged a new winter schedule of calls. From all appearances our new commander is a very active man. He also appears to be very agreeable and we feel sure that he will be well liked. We offer our hearty cooperation to all his work and bid Captain Eaton a rousing welcome to Durham.

TEMPERATURE OF GIRLS TAKEN ON ARRIVAL.

As a preventative measure against any possible cases of influenza, women students upon arrival in Durham went at once to the Hostess House, where their temperatures were taken. This was necessary before registration could take place, or the dormitories be entered. Out of approximately 155 girls, there were just 5 found whose temperatures were not normal. These spent Monday night in the infirmary, but were released the following day, no complications having developed.

The girls, this year, are to have an infirmary in the house formerly lived in by Professor Melvin Smith on Faculty row. Mrs. Mathes has been engaged to have charge of the infirmary, which will open as soon as possible. Meanwhile the Hostess House is being held in reserve.

NOTICE.

Owing to unforeseen resignations during the past week, the "New Hampshire" finds itself with a very limited staff. Therefore it is necessary to ask for the hearty cooperation of the student body in order to get the board up to the usual strength. Any men or women students who are interested please communicate with the news editor, R. A. Soderlund, '21, at the "New Hampshire" office.

WELCOME TO CO-EDS.

It is a source of great satisfaction and encouragement to note the number of girls who have registered at New Hampshire this fall. President Hetzel in his address to the girls stated that it was the desire of the trustees of the college that the education of women should be continued during the war if the War Department saw fit. The War Department did see fit and we are pleased to note that so many of the women students have returned. Many new co-eds have entered this institution and this should prove an added strength. The women this year as never before will have to be the basic foundation of the college. To them falls the lot of upholding the traditions and customs, to say nothing of the honor of N. H. C. The men will be here for only a few months. In a short time hardly an old man will be seen on the campus. Therefore, the girls who are to be here for the regular college year must bear the brunt.

To look at the matter from a different point of view, it is gratifying to note that the women have appreciated the seriousness of the situation. Never before in the history of the world have women been as vitally important. It is as much a woman's duty as a man's to fit herself for the burdens that are sure to follow this war. A most hearty welcome is extended to all the co-eds, who have so wisely chosen to enroll at New Hampshire College.

GET BEHIND YOUR TEAM.

Now that athletic activities at New Hampshire College are practically assured, the men should take into consideration the fact that an athletic organization of any kind, whether it be football or track, is not developed by the aid of a few. No school or college has ever passed through a successful season without the hearty cooperation of every member of that school's student body. New Hampshire this year has a splendid opportunity, a remarkable opportunity, to make an athletic name for itself. This is an opportunity, together with the clean sportsmanship that New Hampshire College teams have always shown and always will continue to show, to put New Hampshire on the map. Each year Dartmouth is forced to admit that her game with New Hampshire is no longer a practice game. Should the members of the S. A. T. C. here at New Hampshire get behind the football team with every bit of support they can muster, we feel certain that Dartmouth will have to submit to a superior team this season.

To support a team does not mean wholly to get on the bleachers and yell. That helps a lot and is an essential factor in the winning of a game. But don't let it be said that any man who is big enough and strong enough to play the game is not on the team. Let EVERY man who is big enough, who has any experience, or who is game enough to play football, go out and try to make the team. We have material for an all-star eleven, if every man tries to make the team. And remember, all you small men, it isn't always size that counts. It's nerve and gameness most of the time so get out and show those big fellows

up. If you fail to make the team, don't be discouraged. You can still do your bit. A team of any kind must feel that it has the support of the "gang" behind it. If you can't play the game, you can support the fellow who IS playing the game. Get out to every game and cheer. Learn some cheers and then stick together. Let the player know there's a "small million" of supporters behind it and victory is sure to be the result.

After you've supported the football team don't stop there. Back the cross country team, back every team and you'll surely put New Hampshire on the map for once and for all.

CAPT. DICKSON'S TRANSFER.

The Students' Army Training Corps deeply regrets the loss of Captain Dan T. R. Dickson as commander of this post. Captain Dickson has been commandant of the training detachment here since the twenty-second of last June and in that time he has made many strong friends. There is not one man in the whole command who does not deeply feel his going. Officers and privates alike all had a feeling of respect and esteem for Captain Dickson and we all would have enjoyed continuing under his command.

There is one consolation in this matter, however, and that is the fact that in losing one excellent commander we gain another. Captain Stanley G. Eaton, who has been detailed to command this unit comes here with a most excellent record. As commander of the Amherst College unit of the Students' Army Training Corps, he has shown marked ability. In welcoming Captain Eaton to this post, we promise our most hearty cooperation in whatever he may do. We know that Captain Dickson will continue to make friends wherever he goes and he will make a success of every endeavor. The entire Students' Army Training Corps wishes him the best of success at his new post.

TRUE DISCIPLINE.

Young men in the Students' Army Training Corps, whether new or old to New Hampshire College, will do well to remember this expression, "You're in the army now." It means exactly what it says and suggests, an almost entirely different regime from what we have been accustomed to. It means DISCIPLINE, and that RIGID. It means that we are going to settle down to the grim business of making the most atrocious, despicable nation anywhere pay up for its cowardly sins. But there is nothing to be frightened about.

Every man in the S. A. T. C. is a prospective officer. Then let no one do anything that can besmirch the record that will show his fitness for that honor. Self control is essential always, for he who cannot control himself, cannot control men. This applies under the most trying conditions of what may seem to be rank injustice. Commands are very impersonal. A good soldier must have the earnest, eager desire to obey orders at any cost whatsoever, simply because they are military orders coming from properly constituted military authorities. The soldier who follows this rule is certain of a high rating.

Keep your hands out of other people's pockets.
Keep away from the morgue.
Don't put your fingers in another person's mouth.
Don't worry about your debts.
Avoid holding hands unless she's about to strike you.
Keep away from people with hair lips; they talk through their noses.
Avoid work.

SOLDIERS' MESS GENERAL ORDERS.

- To take care of all spuds and gravy in view.
- To watch my plate in a military manner, keeping always on the alert for any stray sausage that comes within sight, sound or hearing.
- To report any bread sliced too thin to the chief cook.
- To report any calls for seconds.
- To quit the table only when satisfied there is nothing else to eat.
- To receive but not to pass on to the man next to you any meat, cabbage or beans left by the non-coms, "buck" privates or "Cacons."
- To talk to no one who asks for onions.
- In case of fire in the mess hall to grab all eatables left by others in their escape.
- Any case not covered to call the cook.
- To allow no one to steal anything from me in the line of grub.
- To steal all beefsteak, chicken, ham and eggs, or pork chops that are passed in front of me.
- To be especially watchful during mess and challenge anyone who eats more prunes than myself.

"Slipping" not "Saving"

"I kept slipping back two feet every time I went ahead one." That's what the small boy gave as an excuse to his teacher for being late for school one winter day.

And that's just what is happening to the cow owner who is trying to get along without a cream separator or with an inferior or half-wornout machine. Like the small boy he is "slipping." He thinks he is thrifty, but for every dollar he saves by not buying a De Laval he loses two through not having one.

It isn't economy to do without labor saving and money saving and food saving machines. It isn't economy to feed 40-cent butter to the calves and hogs.

It is economy to buy and use only the best cream separator made—and that's the De Laval.

Viewed from every standpoint—clean skimming, ample capacity, ease of operation, freedom from repairs, durability—there is no other cream separator that can compare with the De Laval.

IT'S REAL THRIFT AND GENUINE ECONOMY TO BUY A DE LAVAL SEPARATOR NOW.

Why not see the nearest De Laval agent at once! See a new 1918 De Laval machine for yourself. Try it to prove every claim made for it. If you don't know a De Laval agent write direct to one of the addresses below.

AN IRISH BARRAGE OF CONFETTI.

A cockney is telling of his experience in trying to pass the lines and of being accosted by a French sentry.

"Qui va la?" says he.

"Je," says I, speaking the language of the country fluently.

"Comment?" says he.

"Come on yourself," says I, and I give him a bat in the eye.

NEWSY ITEMS OF THE ALUMNI.

H. H. WRIGHT, '20, AN ENSIGN

Leaves for Overseas Duty—Young, '20, at Ohio State University—Other Alumni Notes

H. H. Wright, '20, now enlisted in the Navy as seaman last year, has been commissioned an ensign. He recently left Boston for overseas duty. Wright enlisted in April last year and was assigned to the U. S. S. Topeka. He was stationed for a while at Portsmouth and then at Charlestown, where he was transferred to Commandant Rush's yacht during the summer of 1917. Afterward he was employed in the commandant's office at the Navy Yard in Boston. About six months ago he was selected for the ensign training school at Pelham Bay, N. Y. He was graduated with highest honors.

On October 5, Mr. and Mrs. H. E. Philp of 178 Breckenridge street, Buffalo, N. Y., announced the engagement of their daughter, Edna May, to Glen M. Loomis, New Hampshire, '15.

B. R. Wells, '10, of the Division of Construction and Engineering, Stone and Webster, Buffalo, N. Y., may be addressed 357 West Ferry street, Buffalo, N. Y.

Claiborne H. Young, '18, is doing research work at the Ohio State University, Columbus, Ohio. He is also teaching S. A. T. C. students, of which there are about 2,000. There they call the S. A. T. C. the "Saturday Afternoon Tea Club." The University work hasn't yet started because of the influenza epidemic. Consequently, they expect to change the name when the quarantine is raised.

Hieber F. DePew was married to Miss Marjorie Alicia Baxter on Saturday, October 12, at the parsonage by the Rev. Vaughan Dabney. They will be at home in Durham after the first of November. Mr. DePew is Assistant in Dairying at New Hampshire College.

"Steve" Boomer, '19, is with the 34th Field Artillery at Camp McClellan, Ala. He received his commission at Camp Taylor August 31. He reported under orders to Camp McClellan September 7.

J. T. McGinn, '20, is also at Camp McClellan, Ala. He is there in the balloon service in connection with the artillery firing center.

Miss Martha L. Hoitt, '18, left Durham this week for Newport, N. H., where she is a teacher.

Miss Carrie E. Hoitt, '15, left Durham this week to assume duties as domestic science teacher in the high school at Claremont, N. H.

P. C. Jones, '13, is in Company I, 2nd Replacement Regiment, Camp Gordon, Georgia. He was commissioned second lieutenant at Camp Gordon, Georgia, June 6. He was promoted to first lieutenant October 2. He received his present assignment May 1.

Capt. Vance W. Batchelor, '17, wants his mail addressed to N. C. O. Sect., Tex. N. G. Training School, Camp Stanley, Texas. He is a captain in the 13th Cavalry, U. S. A.

Lieut. Walter D. Reid, '20, U. S. A., of the Detachment Pursuit Pilots, A. E. F., says: "I am starting in a few minutes for the docks. Tell Jack Bloomfield and any of the boys of my class and fraternity, and ask them to write. Goodbye, until I get over and then you will hear from me again."

Lieut. John E. Miltimore, '18, should be addressed Battery C., 7th Regiment, F. A. R. D., Camp Jackson, S. C., Mail that has been returned was doubtless improperly addressed.

C. J. Norman, Jr., 2-yr. '16, is in the Chemical Warfare Service and stationed at the Lakehurst Proving Ground in the Pathological Laboratory. He finds the experimental work, which is all strictly secret, very interesting. His address is Company B, Barracks 51, Lakehurst Proving Guard, Lakehurst, New Jersey.

Stop These Casualty Lists Quickly!

The Men and Money of America will help do it.

Buy LIBERTY BONDS! Buy them NOW. Buy often. Buy to the limit of your means—and MORE. Hasten the victory that will bring our boys home.

Don't think about the money—that will all come back to you with interest. Think about the brave young Americans who are fighting and suffering and dying "over there" for Liberty.

JOHN HUMISTON.

John Humiston, ex-2-yr. '16, was killed in action June 15. This adds one more gold star to the service flag of New Hampshire College. His home was in East Jaffrey, N. H. The word which his parents received from Washington merely stated that he was killed in action June 15 and gave no further details. "Jack" Humiston went to the preparatory school at Mt. Herman to prepare to enter New Hampshire College. From there he came to Durham as he planned in the fall of 1914. He took up work in the two-year course. However, because of financial encumbrances he was unable to continue on in the two-year course and graduate with his class of 1916. He left college February, 1915.

C. A. Weigel, '16, has been voluntarily inducted into the Yale Army Laboratory School to train as Army Sanitarian in the Sanitary Corps, Medical Department. The training will be along bacteriological lines mainly. His address is Box 565, Yale Station, New Haven, Conn.

L. D. Hayes, '97, has accepted a position as head of the department of machine design and construction in the college of engineering at West Virginia University. The university has courses mapped out on the two year, eight hour basis, as here at New Hampshire. There are also vocational detachments, some of which Professor Hayes has for training in machine shop, sheet metal work, forging, automobile repair and mechanical drawing.

Charles S. Pettee, '16, has received a captain's commission. He was formerly a first lieutenant. His address is Headquarters, 3rd Division, Regulars, A. E. F., Army Post Office, No. 748.

Miss Sarah E. Pettee, '08, may be addressed American Base Hospital, No. 15, Army P. O., No. 706.

Lieut. J. S. Elliott, '15, may be addressed Commanding Officer, Aero Squadron, Dorr Field, Arcadia, Fla.

Miss Elsie L. King, '18, is at "The Maples," Meredith, N. H.

F. W. Prescott, '19, and J. E. Reed, '20, received orders to report at Fort Constitution the 22nd of this month.

C. R. Heath, '14, is on army ordnance inspection work at the DuPont plant at Parlin, N. J., two miles from the loading plant at Morgan, which, he says, was quite entertaining recently.

Harold Eastman, ex-'19, Theta Chi, is at Emerald Isle, England, in the 838th Aero Squadron, Flight C. He writes that the American Y. M. C. A. deserves the greatest praise for supplying reading matter and news bulletins. The English families have treated him splendidly. "Bunny" is showing some of his old speed as a track man by winning a three and

CORP. EARLE R. MONTGOMERY.

Corporal Earle R. Montgomery, '15, was killed at North Charlestown, So. Carolina, by a dynamite explosion. He had been in South Carolina only a few weeks and was engaged in making a new camp site sanitary. His funeral was held in his home town, Hopkinton, N. H. Montgomery was graduated from Hopkinton High School with highest honors in 1910. At New Hampshire he won third honor of his class of 1915. He was a member of the Casque and Casket and the Gamma Theta fraternity. Later he took up special work in banking and commerce at Pennsylvania University. He enlisted in the regular army soon after war was declared and was placed in the medical department at Fort Slocum. Later he was transferred to Fort Jay on Long Island.

one-half mile preliminary race for the London meet.

Elwin D. Joselyn, 2-yr. '16, is now a corporal in France. His address is 47th U. S. Infantry, Company A, Reg. American Expeditionary Forces, via New York.

Lt. Forrest A. Barker, '19, gives a change of address: Company C, 73rd Infantry, Camp Devens, Mass.

H. S. Kidder, '17, is now in the 3rd Company, Signal Battalion, U. S. M. C., at Paoli, Pennsylvania.

N. H. C. S. A. T. C. TO HAVE POST EXCHANGE.

A post exchange store is being established in the gymnasium and if nothing prevents, it will open Friday noon of this week. Everything which was on sale under the supervision of the Y. M. C. A. will be taken over with the exception of stamps and stationery, which can be obtained across the corridor from the store.

In addition to the previous articles sold, one will be able to obtain anything which he needs through the exchange. It will be financed by the different companies and all prices will be as reasonable as possible, probably somewhat cheaper than they were under the supervision of the Y. M. C. A.

Any soldiers who are unable to pay cash for any articles will be provided with commutation tickets and the amount of money spent will be deducted from his monthly salary.

All profits will be used for the benefit of the entire regiment, probably for minstrel shows, socials, etc. All men are urged to patronize the exchange as much as possible, and thus make it a success. It will soon be realized by all men that a military camp would be very much handicapped if it were not for a store of this sort, which is able to provide the soldier with any of his camp necessities.

MEN IN UNIFORM

Will find this store headquarters for Putties, Army Shoes and other Sundries that are not issued to you. Give us an opportunity to show you.

CHRISTMAS BOXES FOR BOYS OVER THERE.

This year each boy is to receive only one box and the Red Cross is to have charge of sending same.

Every boy "over there" will be furnished with a label which he is to send to whomsoever he wishes to fill his carton (as the parcel is called). Any one receiving a label will please advise Mrs. James Chamberlin and she will see that said party receives the carton and instructions for filling same. Instructions for sending Christmas parcel to the men in France may be found in the hall of the College gymnasium.

ATHLETIC COMMITTEE HOLDS MEETING

Games Arranged with Other S. A. T. C. Units—To Play in Manchester on Thanksgiving Day

An athletic committee meeting was held this week and it probably will not be long before the followers of the gridiron will be satisfied.

The athletic committee is composed of three members of the faculty appointed by the president. These members are Professor Steck, Professor Whorisky and Mr. Hitchcock, and the military department is represented by Lieutenants Sherwin and Dorsey. Lieutenant Dorsey will have charge of all athletic equipment. This week he will go to Boston to purchase about \$1,200 worth of football equipment and he hopes to have it here before next Monday, which is the date set for the first practice.

A coach is to be provided, but as yet it is not known who will fill the position. A schedule of five games with teams representing Fort Constitution, Fort McKinley, Worcester Polytechnic Institute, University of Vermont and Massachusetts Agricultural College is being planned by the committee. The last game of the season will probably be played at Manchester against the Portland Naval Reserve eleven. The dates of these five games are not known as yet.

Lieutenant Sherwin, an experienced football manager, will have charge of the team here.

Do not forget, vocational men, that you, too, are eligible for this team and many of you big men should come out for it.

APPLE ORCHARD YIELDS AN EXCELLENT CROP.

The horticultural department reports an apple crop of nearly 700 barrels, all of which are of very good quality and probably the best crop obtained in years. Scarcity of labor caused considerable difficulty in getting the crop in. Men from the vocational unit and the S. A. T. C. were hired during afternoons and the weekends, while the crop was hauled in by the trucks of the training detachment. A large proportion of the crop was contracted for by the mess hall, while one carload went to Illinois and another went to New York.

NEW OFFICERS' SCHOOL OPENED BY CAPT. EATON.

Captain Stanley G. Eaton has arranged a new officers' school, which will be held at the officers' quarters at the Alpha Tau Omega house. Classes will be held every evening at 7.00 o'clock and officers are requested to bring notebooks and smoking material. Officers are not compelled to attend these classes. Captain Eaton will give a course in "Paperwork," as the opening study of the school.

CAMP NOTES.

Sergeant Emanuel J. LaRue is now the camp postmaster.

The proposed exchange store is bound to be a success. Lt. Marcy has been placed in charge and things are rapidly getting into shape.

The girls at the college can pick apples fully as well as the men. This fact was proven last Wednesday when the young ladies went down on the farm and performed the work nicely.

Football will get going in full blast Saturday afternoon. A coach is on the way, the material is here; so let's get started on the schedule.

Two election officials appointed by the Governor of the state will be in Durham soon to take the vote of the legal voters who are now soldiers stationed here. This will apply to New Hampshire men only.

Setting up exercises for a half hour each morning is just what gets the blood in circulation. Captain Stanley G. Eaton is just the right man to administer it too.

As far as week-end passes go, the members of the detachment will have to earn them. Good behavior cards will go a long way in procuring the week-end pass.

A big football game in Manchester on Thanksgiving Day will draw thousands of people to the Textile field in

the Queen City of New Hampshire. A high school game is already scheduled for that day, but the authorities at Manchester will, no doubt, consent to the cancelling of the game.

NEW HAMPSHIRE SENDS 33 TO C. O. T. S.

Many of the Most Popular Men Leave—Men from Both Units Sent

On Thursday, October 24, 1918, a detachment of men from the New Hampshire College S. A. T. C. were sent to Central Officers' Training Schools. New Hampshire loses some of its best men by the transfer. Dolson and McAuliffe, both valuable football assets from the vocational unit, and Felker, Vose, Spaulding, Campbell and Emery from the collegiate unit, have been ordered to leave. The "New Hampshire" also loses its managing editor, C. J. O'Leary, '20, who has gone south. The list of future officers follows:

VOCATIONAL UNIT.

Leo M. Hannon
Ross E. McGregor
Joseph H. Dolson
Oral A. Page
Nelson D. Brown
Sylvanus E. Charles
Harold W. Hamilton
John L. McNair
James R. McAuliffe
Henry P. Mullen
Charles B. Peto
Richard H. Steeve
Lawrence J. Van Marter
Ernest S. Walker
Charles Frank, Jr.
Chauncey W. S. Chapman

COLLEGIATE UNIT.

Harold P. Felker
Harold R. Ham
Milton R. Vose
George L. Campbell
Daniel W. Clarke
Neal H. Congdon
H. A. Emery
Perley T. Fitts
John H. Garvin
Harold W. Hamilton
John P. Henry
F. W. Merrill
C. J. O'Leary, Jr.
Guy E. Plaisted
Albert E. Spaulding
Murray H. Strain
Russell A. Wentworth

Of the collegiate men all but three, H. P. Felker, H. R. Ham and M. R. Vose, will go to Camp Lee, Va. These three men have been detailed to Camp Hancock, Ga. The "New Hampshire" extends its best wishes for success to all these men.

GIRLS PICK APPLES TO HELP Y. W. C. A. DRIVE.

With good spirit and fun, the girls, in response to a call from Professor Gourley of the Department of Horticulture, spent their first day at college in the apple orchards. Having no classes to attend on Wednesday, they could not have spent the day to better advantage. Not only was the problem of scarcity of labor met, but all money earned by the girls will go towards the War Activity drive to be started next month.

At noon a plentiful lunch of sandwiches, cold meat, coffee and lollipops was served by Mrs. Livingston. No one counted all the apples that were eaten.

ANIMAL HUSBANDRY DEPT. TO GET PIGGERY.

The vocational men are constructing a modern piggery for the Animal Husbandry department on the site of the old poultry plant near the horse barn. This building will be constructed with special attention to sanitation and for this purpose there will be a double row of windows and skylights. There will also be concrete walls and floors, so that it can be easily cleaned. The dimensions are to be 28 feet by 67 feet and the north end of it will be of two stories. The ground floor will be used for fuel, scales, cooker room and office, while the second floor will be used for storage.

In the rest of the building there will be 12 pens, six on each side, and these will be made so that the partitions of all but two of these pens can be taken out and droves of hogs kept in these consolidated pens for feeding. The other two will be used as farrowing pens.

It is expected that this will be one of the best in the state and that it will be a creditable addition to the farm equipment.

REV. DABNEY BACK FROM FRANCE

Tells of Experiences—Pleased at the Changes in Durham

Rev. Vaughan Dabney, pastor of the Durham church, has just returned from Y. M. C. A. service overseas with the American army. Mr. Dabney had the rare experience of working with the men in the front line

trenches in Lorraine and is most enthusiastic about the heroism of the American soldier. Later he moved with his regiment to Champagne and in July had the good fortune of following the fleeing Germans north of Chateau Thierry.

Mr. Dabney is enthusiastic about the splendid work done at New Hampshire College. He said to a New Hampshire reporter, "I am prouder than ever to be in Durham and to witness the remarkable work done here."

Mr. Dabney wants the soldiers and others to feel that Durham church offers a real welcome as a community church. He begins a series of sermons Sunday based upon his experiences at the front. The title is "The Faith at the Front."

FRATERNITIES BID MORE NEW MEN.

Owing to the open rushing season at New Hampshire College this year, we expect to find it necessary to announce the pledging of new men about every week. The "cream" of the new men is far from gone and the different fraternities are still actively engaged in giving the new material the "once over."

The following fraternities announce the accompanying pledges:

ALPHA TAU OMEGA
Lester S. Harvey, '22,
Manchester, N. H.
Grant Benson, '22, Derry, N. H.
Victor Batchelder, '22, Laconia, N. H.

THETA CHI

John McDuffee, '22, Rochester, N. H.
Guy K. Chesley, '22, Rochester, N. H.
Victor Beaudoin, '22, Berlin, N. H.

The Alpha Xi Zeta chapter of Lambda Chi Alpha announces the pledging and the initiation of Clarence R. Cleveland, assistant instructor of entomology at New Hampshire College and coach of the former track and cross country teams.

NOTICE.

All academic class work for both Sections A and B will commence at 8.30 on Saturday mornings in place of 8.00, on and after Saturday, October 26. Class work on all other days of the week will continue as at present, to commence at 8.00 a. m.

By order of The President.
