1920 CLASS TO PUBLISH GRANITE

To Produce Year Book In Spite of Late Start

NEW ADDITIONS

Pictures for Book Due Before February 22, 1919—Granite Probably to Appear About May 10th—Reorganization of Board Complete

The 1920 class, in spite of the necessary late start and in spite of the appearance of many other difficulties not heretofore encountered, has decided to uphold the tradition and custom of New Hampshire College and publish the 1920 Granite.

NEW CONTENTS

It is planned that this year's production of the Granite contain the normal time Granite productions and beside a resumé of the work done by the Vocational Unit stationed here this past summer, an outline of the S. A. T. C.'s short life while here at college and as nearly as possible a correct and complete record of the services of each New Hampshire alumnus and undergraduate in the past war.

MANY CHANGES

Many changes, due to the difference caused by additions and modifications will cause some of the normal productions to seem almost new.

The book will probably appear at the time of the house parties and Junior Prom i. e. about the 10th of May. Prices for the book are not yet ready for publication but it is expected that in the next issue of the New Hampshire something more definite will be known.

LEATHER AND CLOTH BOUND

It is planned also that the book shall appear in two forms—leather bound and cloth bound. Forms will soon be circulated so that the exact number of leather bound copies wanted may be determined. No extra leather bound copies will be ordered.

All pictures for the 1920 Granite must be in the hands of the Granite Board by February 22, 1919.

MUST PAY FOR CUTS

Individuals must pay for their respective Granite cuts as formerly and all fraternal organizations, clubs, societies, etc., likewise. These cuts will be returned to those who desire them, after the Granite is finished with them.

The reorganization of the Granite Board necessitated by the absence of some appointees from college is completed and is announced as follows: Chris. J. O'Leary, Jr., managing editor; L. J. Cree, business manager; P. I. Fitts, assistant business manager; Miss D. W. Elkins, art editor; Miss Helen Barton, assistant art editor; Miss Ruth McQuestion, assistant art editor; G. H. Billingham, photograph editor; associate editors: A. F. Davis, athletics; M. E. Currier, jokes and stories; Miss M. S. Cote, faculty; F. E. Paterson, Miss Florence Kelley, fraternity and social; L. G. Jenness, class; N. D. Gove, non-athletics; John Bloomfield, military.

SUBSCRIPTION NOTICE.

Every student of New Hampshire College is understood to be a subscriber of the "New Hampshire" unless he immediately notifies the business manager to the contrary. Copies will be sent to each student who has registered at the business office. The regular price of one dollar per year to students will be charged.

FRESHMAN CLASS HOLDS ANNUAL ELECTIONS.

At the Freshman class meeting, Tuesday, Jan. 7, the following officers were elected for the ensuing year: Robert P. Nutter, president; Dorothy Putnam, vice-president; Marion E. Berry, secretary; and Karl R. Fowler, treasurer.

ANNUAL MINSTREL SHOW A SUCCESS

Despite Absence of Many Customary Features "Sophs" Manage to Entertain the Much Beloved Freshmen—Goodly Attendance

The annual Freshman Minstrel Show was successfully run off in the Gymnasium on January 2, a week ago last Thursday night. Usually coming in the fall, on the second night which the men of the incoming class spend at N. H. C., it was put off in the fall of 1918, with all other class activities on account of the establishment of the Student Army Training Corps at this college.

GOOD ACTION

Very much like the same event of years past, it was full of interesting features, with something doing every minute. The youngsters were first marched through a gauntlet of paddle-laden sophs, a line extending around the Gym. and much longer than usual.

Then these "would be" N. H. men were put in charge of the trusty "Shorty" and were privileged to display their many and varying talents singly and in groups. Numerous black-faced comedians afforded a good deal of entertainment to the upperclassmen while the orchestra of 1922 dispensed sweet agonies.

MUCH LEFT OUT

Owing to weather conditions and fear of the prevailing epidemic, the usual aquatic features were very conspicuous by their absence. It was unfortunate for the sophs that the real school year should start in this cold season, as the weather conditions make it necessary to dispense with some extremely interesting features.

GOOD BOXING

The boxing matches resulted in no casualties, though one of the fresh went to sleep for a short period as a result of a blow from his opponent's glove. A penny race down the length of the Gym. floor was quite interesting to witness.

As a whole, despite the missing features, the minstrel show for 1922 proved a real success. It is a fact that at least one freshie resolved no more to antagonize and feel superior to his upperclassmen but on the contrary to revere and look up to, with sincere admiration and respect.

JUNIORS ELECT "RAY"

GREER CLASS PRESIDENT.

The Junior class have elected the following officers: President, R. C. Greer; vice-president, Grace Wallace; secretary, Priscilla Norris; treasurer, H. A. Felker. Discussion concerning Junior Prom was put over until the next meeting so as to give the fraternity men time to decide the dates for the house parties. Granite matters, too, were discussed.

ALUMNI NOTICE.

To New Hampshire Men and Women:

New Hampshire College is collecting material for an historical sketch of the war service performed by our former students. Questionnaires have been sent to the guardians of the students of the classes '08 to '21 inclusive, asking about military records. The response has been good. As we desire to make our report comprehensive we should like to list the names of all who have acted as paid or volunteer workers in the Food Administration, the Red Cross, Y. M. C. A., Y. W. C. A., the K. of C., or in any branch of War Service. Any information in regards to the above will be welcome.

R. WHORISKY,
Chairman War
Service Committee.

THOMPSON CITED FOR BRAVERY

Ex-'19 Man Commended by General Edwards

WITH YANKEE DIVISION.

Gallant Work in Aiding Wounded During Severe Shell Fire Brings Great Honor to F. C. Private C. C. Thompson

Private, First Class, Charles C. Thompson, '19, has been cited for bravery by Major General Edwards, after having been praised by both his regimental commander and his brigade commander, for his gallant conduct in aiding the wounded on July 20, 1918, at Bouresches, in the second battle of the Marne.

The following is a copy of the letter from Major General Edwards to Private, F. C., Charles C. Thompson: "The Yankee Division. Pvt. F. C., Charles C. Thompson, 104th Amb. Co.:

I have read with much pleasure the reports of your regimental commander and brigade commander regarding your gallant conduct and devotion to duty in the field on July 20, 1918, aiding the wounded under heavy enemy fire—Bouresches—2nd Battle of the Marne—and have ordered your name and deed to be entered in the record of the Yankee Division.

(Signed) C. R. EDWARDS,

Major General,

Commanding 26th Division.

Private Thompson is the son of Mrs. W. H. Thompson, 170 Exchange St., Athol, Mass. He entered N. H. College in 1915 and remained one year. On July 6, 1916, he enlisted in the Field Hospital Corps of the New Hampshire National Guards, being the first boy from Atkinson to answer the nation's call for men, in the Mexican disturbance.

STATIONED AT CONCORD

After his enlistment he was stationed at Concord, N. H., for about three months. Then he was sent, with his company, to Diming, New Mexico in October. He remained there until the troops were ordered home in March. He was mustered out the same month.

On June 21, 1918, he was called back and, with others chosen from his company, was sent to Fortress Oglethorpe, Ga., for duty in the Marine Officers' Training Corps. After returning from Fortress Oglethorpe he was stationed at Camp McGuiness, Framingham, Mass., until he left for overseas on Sept. 23, 1917. He arrived on the other side the first part of October, 1917. There he received advanced training before being sent to the front. Before going to the front, Jan. 20, 1918, he was transferred to 104th Ambulance Corps in which he has served since that time. He was gassed April 20, 1918, and cited for bravery on account of his gallant conduct and devotion to duty at Bouresches in the Second Battle of the Marne on July 20, 1918.

ASSISTANT MANAGERS NEEDED FOR SPORTS.

Assistant managers are wanted in the various varsity sports and all candidates should report at the gymnasium to Coach Cowell at once.

For the benefit of the new men here the rise to a managerial berth is explained as follows:

All freshmen are eligible and try out the first year. At the end of the year the three most successful candidates are chosen. These three continue to try out their sophomore year. At the end of this year one candidate is eliminated. The remaining two compete as assistant managers their junior year and at the end of that year the manager for the next year is chosen from these two candidates.

The possibilities for advancement were never so good as at present and all men are urged to come out.

FAIRCHILD HALL HAS GOVERNMENT

Former Curator Rule Set Aside for Experiments on Student Self-Government—Committees Appointed—Experiment Has Approval of President Hetzel

For some time the Women's dormitories have been under some forms of student government which has proven very satisfactory. In all previous years Fairchild Hall has been under curator rule. This year, however, President Hetzel has decided to try out a form of student government in Fairchild Hall. So at a general meeting of the occupants a committee was appointed which drew up a set of rules, which, after being accepted by the President, were submitted to the men.

These rules vested the government in a committee of five upperclassmen who were to elect their chairman. This committee appoints proctors on each floor, who hold office for two weeks at a time, and who maintain order on their respective floors. While the curator is still in the building to handle extreme cases should they arise, the students are practically governing themselves. This plan promises to be a success as it places the responsibility upon every man instead of upon one curator. In the latter case the men take little or no interest in whether the curator succeeds or not.

The committee elected consisted of F. A. Brooks, '20, chairman, H. A. Boutwell, '20, O. W. Pike, '20, D. H. Nelson, '20 and H. J. Harling, '20.

"VAN" LEAVITT, '13, DIES OF PNEUMONIA.

"Van" E. Leavitt, '13, Gamma Theta, died of pneumonia at his home, 160 George Street, New Brunswick, N. J., on December 23rd. He was buried at Southampton, L. I. The funeral was with Masonic rites and was largely attended. Many of the faculty of N. J. Agricultural College were present at the funeral. He is survived by a wife, formerly Marguerite Ledey of Southampton, L. I., and a daughter, one and one-half years.

While here at college "Van" was very active in all branches of college life. His death is received with a great shock by all who knew him.

PROF. W. C. O'KANE ELECTED PRESIDENT OF ASSOCIATION.

Professor Walter C. O'Kane, head of the department of entomology of New Hampshire College and deputy commissioner of agriculture of New Hampshire, has just been elected president of the American Association of Economic Entomologists at the Association meeting at Baltimore. This organization includes all professional entomologists of the United States and Canada and the leading entomologists of the principal foreign countries and has a membership of 700. It publishes a journal of entomology and is considered one of the strongest professional societies in the scientific world.

Professor O'Kane is the thirty-first president of the Association and succeeds Dr. E. B. Ball, state entomologist of Iowa. Mr. O'Kane is the author of "Injurious Insects" and of other scientific books.

SENIOR CLASS HOLDS LAST ELECTIONS.

At a meeting of the Senior class, Wednesday, Jan. 8, William Shuttlesworth of Portsmouth was elected president, Miriam Sanders of Rochester was elected vice-president; Hazel Shedd of Rochester was elected secretary and John J. Shillaber of Portsmouth, treasurer.

Professor Whoriskey has recently completed a speaking tour which included appearances at Manchester, N. H., Rochester, N. H., and Alton, N. H.

ANNUAL Y. M. C. A. RECEPTION HELD

Most College Activities Are Represented

MR. WATSON IN CHARGE

Large Crowd at First Social Function of Year—Novel Reception—Refreshments Served—No Dancing

The opening social function of the college year was held last Saturday evening in the college gymnasium. The affair was an All-College Reception and was under the auspices of the college Y. M. C. A. and Y. W. C. A.

As fast as the students arrived at the Gym. their names and home addresses were written on cards and pinned to their persons so as to do away with formal introductions.

No formal receiving line was held but a novel substitute was used in which each individual met everyone else present. After this unique reception the men were called upon to find a certain coed for their partners during the rest of the program. This program consisted of various stunts staged by "Bob" Watson, Y. M. C. A. secretary.

ACTIVITIES REPRESENTED

At different times during the program the prospects and aims of various college activities were presented by their respective advocates. In this way, during the rest of the evening, the audience heard the prospects of the basketball team, the plans of the Outing Club, the need of volunteers for the orchestra and Men's Glee Club, etc.

Mrs. O'Kane spoke about the new location of the Hostess House in Bickford Hall and the work it was prepared to do.

The Engineering Society, the Agricultural Club and the Book and Scroll each issued their invitations to prospective members.

PRES. HETZEL SPEAKS

After a few words by President Hetzel, Miss Saxton, '20, spoke on the work of Y. W. C. A. and Mr. Watson said a few words about the Y. M. C. A. hut. He asked for volunteers to help put in the water supply and sewer connection for the hut. Those of the students interested were asked to leave their names at the Y. M. C. A. office.

Mr. Twaddle, in charge of the program for the evening, spoke a few words on the future of the Y. M. C. A. in college.

UNEXPECTED "STUNTS"

One of the big "stunts" put on during the evening was the appearance of Seaman Scully, a visiting sailor, just discharged from the service. Seaman Scully acted the part of a contortionist and greatly amused the audience with his stunts. A collection was taken up for his benefit after his performance.

Refreshments of ice cream and wafers were served at the close of the program. After the pleasing refreshments had been enjoyed the program was closed with the singing of "Alma Mater." No dancing was allowed because of the influenza epidemic.

Durham Church Extends A Cordial Welcome

The Durham Church extends a New Year greeting to the Staff of the New Hampshire, members of the faculty, and to the student body.

A great year awaits the world. To meet the demand of the hour a faith is needed—one that will sustain, inspire and challenge to greater service and loyalty.

This year let us strive to be worthy of the friendship of Him who gave to the world the principles of justice, democracy and truth.

ARE THEY CLASSIFIED AS "COLLEGE ACTIVITIES?"

At the recent Y. M. C. A. and Y. W. C. A. reception nearly all of the college activities were represented. Pray tell then why were the two college publications so unceremoniously left out. Surely they can be classed as "ACTIVITIES." What "Activity" outside of these two publications reaches as wide and far spread field of interest to the alumni?

"WHERE, OH! WHERE IS IT?"

Where has the college fire apparatus been moved to? Who knows? I don't.

Such would be the class of questions that would be hurled back and forth if a fire should suddenly break out. The fire apparatus was recently moved from the hose house in back of "T" Hall. A few know where it is now located but what would be the result if none of these "few" were present at a "sudden appearance" of fire? Surely it would result in a disaster.

Why not, then, publish its present place of security that all may know?

RETURN OF ATHLETICS.

With the return of many of New Hampshire's star athletes, sports here will soon take a tremendous jump. Practically the entire 1918 varsity basketball team has returned and with this veteran material to start from, plus the new material that is surely present, Coach Cowell ought to be able to produce a team far better than his very successful team of last year. Track, too, with the return of practically all of the last few years' varsity representatives and the addition of some apparently very promising new material, ought to boom. Outside of a cross country and a relay team New Hampshire's track aspirations have been sadly neglected since the start of the war. But this spring a return of the old time track season is looked for.

Baseball, too, unheard of, figuratively speaking, at New Hampshire since 1916, ought to come into the limelight. Surely a team worthy of New Hampshire will be put in the field this coming spring.

WAKE UP LOWER CLASSMEN.

What a wonderful chance the freshmen and sophomores present in college now have. Think of the innumerable college activities which have lost their staffs, managers, presidents and officers. Think what a wonderful chance for baseball, basketball, track and football managerial aspirants. Think of the many positions open on the Granite and the New Hampshire. Think of any activity, you want to, and many positions are open.

Yet, the sophomore and freshmen classes sleep on as if nothing outside of beauty sleep were of any importance to them. Certainly wide awake classes to entrust the future of any college activity to? Let it be said that never in the history of the college have any two succeeding classes shown such apparent non-interest in college affairs.

It's about time "beauty sleep" was disturbed.

SAY, "HELLO."

The present grumpy, eyes on the ground, attitude of the new members of this college is in no way an enduring attitude. Wake up into the old New Hampshire spirit and say "Hello" or "Ah! there," whenever you pass another fellow student. Put aside your old method of keeping distant and greet one another with a hearty "Hello." It will bring each individual into a more intimate and friendly sphere. Try it, and see.

GONE, BUT NOT FORGOTTEN.

To settle down to a normal college life again, will indeed be a task for many. During the past two years of topsy-turvy turmoil, college life has lost some of its traditional seriousness. If some little thing happened not to come up to a normal mark, during the past few years, the usual course was to say, "Oh, you'll have to make some allowances because this (or that) wouldn't be so if the war were not on."

But—now matters will be different. The old time dread for "mid years" will return, lights will have to burn through to the wee sma' hours and cutting classes will no longer be done because "the 'prof.' won't care." All excuses used during the war will soon be but blissful memories of the past and the real college student will once again reign in a real academic world.

GOOD MOVE!

Now that normal college life will soon be in full swing, memories will begin to drift back to the old time informals. Tonight for the first time this year a college informal will be held. The Student Council in granting permission for this dance has made a good move towards placing college life back to normal. It is the reviving of such affairs that will tend to hasten the return of the old time college life.

JUNIOR PROM?

The return of the traditional "Junior Prom" and "House Party" week would certainly be a welcomed feature. At the recent Junior class meeting the matter was left to the men to decide. It is to be hoped that the looked for answer will be in acquiescence with the desires of the co-eds.

The customary time, too, would be especially pleasing this year. Either the week of May 8th or May 15th would be accompanied by the beautiful moonlight nights, that are so desirable.

WHY NOT?

The proposed plan to have a Fairchild Hall representative on the Student Council, outside of the regular non-fraternity member, is a good one. Why should fraternities of not more than twenty members be allowed EACH a representative while a hall containing one hundred or more non-fraternity men, have no representative, unless the non-fraternity regular member happens to be a resident of the said dormitory. Surely the election of the proposed member would somewhat equalize matters?

Then, too, while this matter is under discussion, where is the former Junior class representative on this board? Is this representation forgotten?

Why not remedy these things?

SUCCESS FOR BASKETBALL LOOMS UP IN FUTURE.

Basketball prospects for the winter are especially bright. Five of last year's men, Anderson, Craig, Butler, Davis and Shuttlesworth are back, so indications point to an unusually successful team. Undoubtedly some good material will be developed from the freshman class and although the old men will probably be the mainstay of the five, there is always a place for a better man.

Coach Cowell is arranging a full schedule. Already, games have been secured with W. P. I., Springfield Y. M. C. A., M. A. C., and Brown. He is planning to have a game for Jan. 18 or 19. Practice will begin as soon as possible and every man with any basketball ability is urged to try out. If the team comes up to expectations New Hampshire's successful team of last year will be stripped of some of its glory.

RETURN OF VARSITY TRACK MEN GOOD BEGINNING.

Plans are already under way for an indoor track season which already augurs well for greater success than ever. Last year a relay team was organized by Coach Cleveland and was entered in the B. A. A. games where they gave a very good account of themselves, although they were defeated by M. A. C. This winter, another team will be sent down and it is expected that it will "come through." Nightingale, Hunt, O'Leary, Lagasse and Brown will probably form a nucleus for the team.

"G. T." will probably win more honors this winter on the indoor track. He is due to pull off some stunts that will surprise all, even those that know him.

There will also be an out door track team next spring. This year for the first time, New Hampshire will send a team to the New England Inter-collegiate meet. A triangular event with Vermont and M. A. C. will probably be arranged. In addition, there will also be three or four dual meets. All of the cross country team which did such fine work for New Hampshire this fall will be back, with the exception of one man. So in this branch of sport the college will be better represented than ever. Other track stars are back, including most all of the point winners in the interclass meet last spring.

1919 STUDENT COUNCIL NEARLY COMPLETED.

The Student Council for this college year, as it now stands, is composed of the following members: J. J. Shillaber, A. T. O. President; M. H. Strain, Lambda Chi Alpha; C. A. Mathes, Theta Chi; H. Rumrill, Kappa Sigma; K. L. Wildes, S. A. E.; O. L. Garland, Phi Mu Delta. The non-fraternity member still remains to be elected. It is hoped too that a representative from Fairchild Hall may be added to the council.

"Doctor," said a prima donna, "I don't care to appear tonight." "Yes?" "And I want you to give me a certificate that I can't sing." "I'll do that cheerfully, madam. I heard you trying to last night."—Kansas City Journal.

MRS. DWIGHT HALL ACTIVE IN HOSTESS HOUSE WORK.

Mrs. Dwight Hall, chairman of the state committee in charge of the Hostess House work, should be given much credit for the work done by her in starting new Hostess House at Bickford Hall.

There was repairing a cleaning to be done, new furniture to be bought and arranged as well as a definite policy to be settled on. All this was seen to by Mrs. Hall for the Y. W. C. A. of which the Hostess House work is a part.

The former popular hostess, Miss Little, has had to resign on account of ill health. However, a new hostess, Miss Pearsons, was found. The House is open with a small cafeteria connected, and students are welcome at any time.

Mrs. Hall has spent innumerable hours in looking after the cleaning, papering and furnishing of the new Hostess House. Much time was spent in seeing that the new furnishings were arranged tastily and in a "homey" atmosphere. The student body, members of the faculty and others that enjoy the hospitality of the House should be only too grateful for the work of Mrs. Hall.

Y. W. C. A. CABINET ENJOYS ALL DAY OUTING.

The members of the Y. W. C. A. cabinet enjoyed an all day house party last Sunday at the home of Mrs. Simmers, of the Advisory Board. In the evening, dinner was served by the ladies of the Advisory Board to the girls and to Mr. and Mrs. Dabney, who were guests. The house party was called "A Day of Silver Bay," and the whole program was planned as nearly as possible like a day of the summer conference. The closing talk of the day was by Mr. Dabney, who gave the girls inspiration and help needed for carrying out the year's work.

Europe's Success With Nitrate

European farmers use 600 pounds per acre of fertilizer containing 4½ per cent of available Nitrogen.

American farmers, on average, use 200 pounds per acre of fertilizer containing 2 per cent of mostly unavailable Nitrogen.

Average European yields, Wheat, Oats, Potatoes, and Cotton in Egypt, are double American yields.

Difference is largely due to amount of available Nitrogen applied per acre.

STUDENT EMPLOYMENT IN HANDS OF Y. M. C. A.

The committee on student employment urges all those, both men and women, who wish to secure work, to register at once. Cards for this purpose will be found at the office of the Y. M. C. A. Secretary, who has kindly consented to take charge of this important work among the students. In order that the best results may be secured, it will be necessary to have on file in the Y. M. C. A. office complete data regarding the character of work you can and will do, and the times at which your services are available.

The committee further urges all members of the faculty and those who may have work to offer students to make the fact known to the Y. M. C. A. Secretary. If such information were placed at the secretary's disposal two or three days in advance of the time when the student's service is sought, there will not only be less confusion but more certainty in securing the desired help.

DURHAM CHURCH TO STAGE NOVEL PAGEANT.

The Durham church will hold vesper services tomorrow afternoon at 4.30. A pageant, in the interest of the Armenian and Syrian Relief Drive which is to start tomorrow, will be staged. There will be no collections taken up. All are cordially invited.

ENGINEERING SOCIETY TO MEET JANUARY 20.

The first meeting of the Engineering Society will be held on Monday evening, January 20. The program for this date has not yet been announced but it will probably consist of the semi-annual smoker and feed. This will be the first chance that men taking the engineering course will have to meet their instructors outside of the class rooms.

It will be to the advantage of both engineers and mechanic arts men to belong to this society besides the good times there are many lectures on technical subjects during the year. These talks are given by engineers who have made good out on the job and who can

give practical pointers which will be of great help both during the course here and in the actual work. Lantern slides and motion pictures serve to illustrate these talks and show very clearly methods of engineering in use today.

ISSUE APPEAL FOR SYRIAN FUND

Drive Starts Tomorrow for \$30,000,000—Repatriation and Reconstruction Necessary—To Be America's "Christmas Gift"

The near East looks to America as the defender of liberty, the big brother to little peoples.

We are asked to raise \$30,000,000 to aid in the relief of 4,000,000 destitute persons, of whom 400,000 are orphans. This sum was decided upon before the Great War liberated these people from Turkish oppressions. Recent developments have made accessible a large proportion of refugees heretofore inaccessible, and have greatly enlarged the opportunities and needs of the committee for the relief of the Near East.

RECONSTRUCTION NECESSARY

The work now is not only of relief, but of repatriation and reconstruction. The budget includes seeds for next year's crops, farm implements, cattle and sheep. 17 cents per person is the estimated daily cost of food. \$5.00 will save a life.

The drive starts January 12th and the closing day of the campaign, January 19, by the old Gregorian calendar is Christmas Day, to the Americans and the Eastern church. The funds will at once be cabled as America's Christmas gift to the widows, orphans and destitute of Bible lands.

Please consider this, develop a sympathy for these people, and Give.

You will be solicited during the week, beginning January the twelfth.

FACULTY ADDS NEW MEMBERS

Several Assistant and Associate Professors Fill in Much Felt Vacancies

Associate Prof. F. C. Werkinthin
Mr. Werkinthin, whose home until now, has been in Texas, graduated from the University of Texas with a degree of A. B. in 1914. Later he received his A. M. from the same school in 1915. Since then Mr. Werkinthin has been in charge of the Botany department of the New Mexico Agricultural College, where he was also connected with the Experiment Station. From New Mexico, he came here to New Hampshire, where he now makes his home. Mr. Werkinthin teaches Botany here.

Assistant Prof. M. G. Eastman.
Mr. Eastman graduated from N. H. C. in 1913, where he received a B. S. degree. From here, he went into County Agent work, being for some time First Agent of Sullivan County. Later he became Assistant Commissioner of Agriculture in the State Dept. of Agriculture. In the fall of 1915 he went to Cornell, where he received his M. S. in '16. During the last two years he has been engaged in farm work, first at his home, then at Mrs. Tracy's farm at New London, N. H., where he superintended the work. He comes to N. H. College as an Assistant Professor of Agronomy.

Assistant Prof. J. H. Marceau.
Mr. Marceau, who is teaching French here, graduated from McGill in 1884. For some time he taught French privately, also, voice. After a year of study in French and voice culture in Paris with noted men of that city, he returned to this side of the Atlantic. After a short stay in Providence Mr. Marceau went to the Quincy Mansion School for Girls at Wollaston, Mass., where he taught French for 22 years. From there he came to New Hampshire and is now an Associate Professor of French.

Miss Ruth Richardson.
Miss Ruth Richardson graduated from Boston University in 1917 with a degree of A. B. Last year, she taught English, Education, and Latin at the Maryland College for Women, a short distance from Baltimore. Miss Richardson is here as an instructor in English and Spanish.

Miss Helen Bartlett.
Miss Helen B. Bartlett, the new instructor in Physical Culture of the women students, graduated from Doctor Kellogg's School of Physical Training, located at Battle Creek, Michigan, with the class of 1917. During the school year of 1917-1918 Miss Bartlett was physical director in the normal school at Gorham, Maine. She assumed her duties in N. H. College last fall, coming here from Springfield, Mass., and the vicinity of Smith College, where she lives with her sister in Easthampton. Miss Bartlett hopes to be able to better acquaint everyone in Durham with the work the coeds are doing in Physical Culture, and to this end plans a demonstration to be given by her classes the coming spring.

WAR SERVICE RECORDS PREPARED BY COMMITTEE.

War Service records are being prepared for New Hampshire College by a committee recently appointed by President Hetzel. A copy of this report when finished is to be sent to the recently established War Library and Museum at Paris, at the request of the French Government. Professor Whoriskey, chairman of the new committee, whose official title is Committee on War Records and Memorials, has a letter in another column explaining the plans and present progress of the war record work. The other members of the committee are Dean Hewitt, Prof. O'Kane, Prof. Gourley, Director Kendall, Prof. Steck, Prof. Hitchcock, Prof. McKay, Prof. Simmers and Miss Titsworth.
