ENGINEERS TAKE EXTENSIVE TRIP

Three-Day Trip Much Enjoyed by Party

ONE FATAL ACCIDENT?

Member of Party Meets with Sticky Reception—Receives Bath and Scare but no Injury—Party Treated with Greatest Courtesy by All Plants Visited

The annual junior and senior engineering instruction trip was taken during the past vacation. Professor L. W. Hitchcock and E. L. Getchell accompanied the men on this trip. The party met in Boston on Monday morning March 24, and went to the L St. station of the Boston Edison Company. This power station receives coal directly from the harbor and by the aid of immense turbo-electric units transforms it into electrical power for use in Boston and vicinity. The plant also helps the Boston Elevated when need arises. A typical sub-station was then visited where the power from L street was adapted to the needs of the specific locality.

On Monday afternoon the several warehouses of the Quincy Cold Storage and Warehouse Co. were visited. Especial notice was taken of the refrigeration plant which supplies cooling brine for the market district of Boston as well as for the Quincy warehouses. This plant operates the largest ammonia compressor in the world which has been running for nearly two years without a shut down. Later a short visit was made to some of the laboratories of the Massachusetts Institute of Technology at Cambridge.

GO TO WORCESTER

On Tuesday morning the party met in Worcester and visited the Norton Grinding Co. Here many grinding and other shop machines were seen in the process of manufacture. This company gave special attention to the uses of grinding wheels of all kinds.

From here the group visited the Osgood Bradley Car Works which were engaged wholly in the manufacture of gun carriages. At noon employees of this plant gave a band concert and enjoyed dancing, a fact which demonstrated one phase of employee welfare work.

In the afternoon the American Steel and Wire Company's works were visited. Here steel was seen made by the open-hearth process. The hot ingots were rolled and finally drawn into wire. From here the party visited the electrical laboratory of the Worcester Polytechnic Institute.

JUNIOR TAKES BATH

On Wednesday morning the Grafton and Knight Belt Company was visited. Here the entire process of tanning the hides, preparing them and cementing them so as to form belts was seen. Here also the big catastrophe of the trip occurred, when one of the juniors slipped into a tanning vat which was eight feet deep and contained a harmless, though very unpleasant liquid. The unlucky member of the group was rushed to the company's hospital and given a good bath from which he emerged as good as new.

At the Holyoke Machine Company the manufacture of water turbines and governors was seen.

On Wednesday afternoon the party visited the Worcester Pressed Steel Company. Here various ways of testing materials was demonstrated but one of the noticeable things here seemed to be pretty office girls.

GREAT COUTESY

On Wednesday night the party broke up very tired but very satisfied that they had chosen engineering as their work. Great courtesy was shown by all the places visited and

(Continued on Page Two.)

COMMITTEE OFFERS A. A. AMENDMENTS

Conflicts in Present Constitution Make Changes Necessary—Action to Be Taken at Next Association Meeting

The special committee, appointed by the A. A., to report amendments necessary to correct conflicts in the present constitution, makes the following recommendations, action to be taken at the next athletic association meeting.

ARTICLE II.

Section 1. A student of New Hampshire College automatically becomes a member of the A. A. by the payment of his registration fees. All students who are members of the association shall be considered as active members, and shall be admitted, on the presentation of their membership tickets, to all home games of football, basketball, track and baseball.

Sec. 2. Same as in Constitution.

Sec. 3. Season tickets of N. H. C. A. A. shall be \$5.00 per annum. Holders of the season tickets shall have a vote in the association. Holders of season tickets shall be admitted to all home games of football, basketball, track and baseball.

ARTICLE VII.

Sec. 2. The managers shall be chosen according to the following plan:

Any man in the freshman class wishing to try for any managership in the various Athletic Departments, shall hand his name to the Athletic Director stating the sport or sports in which he is interested. At the end of the season, three (3) of the eligible freshmen shall be selected by the Athletic Director to serve as sub-managers. At the conclusion of the season of the various sports in the sophomore year, two (2) assistant managers shall be selected by the Athletic Director. At the conclusion of the season of various sports in the junior year, one (1) of the assistant managers shall be elected by the Executive Committee as manager.

ARTICLE V.

Sec. 3. The nomination of officers shall take place at the annual meeting. There shall be at least two (2) nominated for each office.

Sec. 4. The election of officers shall be by Australian ballot and shall take place one week after the annual meeting, under the auspices of the Student Council.

The result of the election shall be posted by the Student Council and published in the next issue of the New Hampshire.

ARTICLE IX.

Sec. 1. The annual meeting shall be held three weeks before the end of college.

GIRLS COUNCIL TO BE REORGANIZED.

An important meeting of the girls of the college was held at 1 o'clock, Friday afternoon, March 28, to take action on the plans presented at the last meeting. After a discussion, it was voted to reorganize the Girls' Council, and to adopt a new name. A committee was appointed to draw up a constitution, and a few of the most important provisions were decided upon. The new organization to be formed will include every girl in college, and will cooperate with the faculty committee in regulating the girls organizations. Through it all relations with the faculty and the student body as a whole will be maintained. It was voted to have an annual reception to freshmen, when the new girls will be received as members into the club. An annual May Day was also decided upon. The general purpose of the organization, toward which all plans are to work, is to bring all the girls of the college together in one strong body, and to strengthen a feeling of real college spirit among them.

LECTURE COURSE MONDAY NIGHT

W. S. Balch Is Noted War Correspondent

FORCEFUL SPEAKER

Will Tell "How We Won the War"—Lectured Last Year on How We Are Winning the War

The third number on the 1919-20 lecture course schedule will be presented in the Gym on Monday evening, April 7, when W. S. Balch, war correspondent, and editor for the Boston Evening Transcript, will lecture on "How We Won the War." Mr. Balch, who has had wide experience in continental journalism has had, in the present war, unusual opportunities to study European affairs and probably knows more about the war than any man in New England. He is considered an able speaker, and will be remembered by college people for his forcible lecture given last year on "How We Are Going to Win the War."

At the lecture last year many statements revealing conditions abroad were made which were at times considered by his audience to be rather startling. His lecture this year is being looked forward to with much interest.

ALPHA TAU ALPHA BANQUET.

Alpha Tau Alpha fraternity held a banquet at Leighton's Hotel, Dover, on Saturday evening, March 15, in honor of the new men who have recently been initiated.

There were fifteen present and among these were Dean F. W. Taylor, Professors O. L. Eckman and J. H. Gourley, H. R. Fletcher, C. A. Petmezas, R. C. Sanders, H. F. Northup, F. M. Grimes, J. E. Goold, S. S. Ajemian and A. R. Mann represented the old members.

The new men present were Hollis H. Cleveland of Peterboro, N. H., Douglas H. Dexter of Lisbon, N. H., Ralph Gussman of Roxbury, Mass., Reginald W. Hartwell of Laconia, N. H., and Joseph C. Silver of New Ipswich, N. H.

DEATH OF MRS. W. H. PEW FORMERLY PURCHASING AGENT

Friends will be grieved to learn of the sudden death of Mrs. W. H. Pew, in Ravenna, Ohio. Mrs. Pew, formerly Nellie Whitehead, was purchasing agent of the college for many years, and was very well known here. Mr. Pew was formerly Professor of Animal Husbandry at New Hampshire College.

BEARSE, '21, IS WINNER IN CHESS TOURNAMENT.

The chess and checker contest, which has been the center of attraction at the "Y" hut for some little time, was completed this week. Bearse, '21, is the successful contestant in the chess contest, winning the prize offered by Prof. H. H. Scudder. MacLachy, '21, and Bailey, '21, stand tied for second place, each winning and losing the same number of games.

Bailey, '22, is the successful contestant in the checker tournament, with Billingham, '20, and L. Boutwell, '22, winners of the second and third prize respectively.

All eyes are now turned toward the much talked about Dartmouth tournament and it is expected that it will take place soon. In the meantime there is a rumor of a faculty team and a possibility of a game to be played between it and the college team.

With the spring season coming on and the longing for outdoor life more apparent every day, there will be but little further activity on the part of the Chess and Checker Club. Those interested, however, feel it has been successful and will look forward to its resumption next year.

AWARD LETTERS IN VARSITY SPORTS

Executive Committee Allows Seven basketball "N. H.s" and Two Track "N. H.s"—"Night" Wins Letters for Third Time

At the meeting of the executive committee of the New Hampshire College Athletic Association held on March 19, 1919, the following awards and recommendations were made:

The Executive Committee recommended to the Athletic Association that the names of N. D. Gove and Vernor Gould be added to the list of men awarded "N. H.s" for winning the New England Cross Country championships at Franklin Field last fall.

Gordon T. Nightingale was awarded his track "N. H." in recognition of his winning the Senior National Two-Mile championship (indoor) at Brooklyn, N. Y., on March 8, 1919. "Chris" J. O'Leary, Jr., was awarded his track "N. H." for his consistent service to track athletics.

The following men were awarded basketball letters upon recommendation of Coach Cowell and Captain A. W. Davis: A. W. Davis, '20, (Capt.), M. H. Strain, '19, (Mgr.), E. A. F. Anderson, '21, W. E. Shuttleworth, '19, T. Butler, '21, T. Craig, '21, R. Perry, '21, and L. S. Harris, '22.

Frank Paterson, '19 was elected basketball manager for the year 1919-20.

The appointment of assistant baseball manager was postponed until May 10th in order to allow the four men who are trying out for the position of manager more time. These four men are Akerman, Mitchell, Greer and Lane.

ACT AT NEXT MEETING

The executive committee in recommending that the names of Gove and Gould be awarded to the list of men awarded their "N. H." claim that it was the original intention of the committee that these names be included in the list. Action on this matter will be taken up at the next athletic association meeting.

USUAL INFORMAL TEA SUNDAY AT FOUR O'CLOCK.

The social and informal tea for students staying in Durham over the week-end will be held Sunday afternoon, at four o'clock as usual. The subject to be discussed is, "Religious Toleration."

Y. W. C. A. HOLDS ANNUAL ELECTION OF OFFICERS.

The Y. W. C. A. recently held its annual election of officers. The following were elected as officers for the coming year: President, Marjorie Saxton, '20; vice president, Ruth McQuesten, '20; secretary, Judith Jenness, '20; treasurer, Flora Cummings, '20; annual member, Dorothy Chase, '21.

NOTICE.

Following the custom established last term the physics department offers one hour of each day when college is in session for consultation on any questions which may arise in the study of any course in physics.

The following schedule will be followed until further notice is given:

Monday, at 1.30,	Mr. Moran
Tuesday at 8.00,	Mr. Hoffman
Wednesday at 10.00,	Mr. Hoffman
Thursday at 8.00,	Mr. Moran
Friday at 11.00,	Dr. Howes
Saturday, at 10.00,	Dr. Howes

Dean C. L. Simmers spoke in the Baptist church at East Jaffrey last Sunday morning. In the afternoon he addressed the men in the town hall; he spoke on the subject of "The League of Nations."

Candidates for sophomore assistant managers in track should report to Manager E. E. Bartlett at gymnasium at once.

PRESIDENT TALKS AT CONVOCATION

Explains Facts of Recent Legislative Appropriations

PLEASING RESULTS.

College Awarded About \$315,000—Budget Called for \$287,000—Results Obtained After Hard Work

President Ralph D. Hetzel, at Convocation Wednesday afternoon, gave an historical account of the events leading up to the successful securing of the much needed appropriations from the state legislature with which to continue the work of the college. He emphasized the fact that the year just past was a very critical one for the institution and said in part:

"I feel in a sense that I have returned very recently from exile. After such a period of exile one has tremendous satisfaction in returning to one's own native land. For some time I have been compelled to give my major attention to affairs at Concord in an endeavor to obtain sufficient funds for the maintenance of the institution during the next two years.

"The last year has been the most critical that this college has ever experienced. Had the college not secured the financial support it asked for, it would have been compelled to drop back and shortly to apologize for its meager existence in the developments of the state. I am not exaggerating in the least. We all have reason to feel very happy over the outcome of the last legislature's action.

ACCEPTED GIFTS

When the government was distributing land rather miscellaneously, New Hampshire accepted that proffered for the establishment of a state college and when the federal government, by the provisions of the so-called Morrill Act, provided \$50,000 annually for the support of such an institution, this state established our college at Hanover. Soon the realization of the possibilities of such an institution dawned upon the trustees and when Mr. Thompson offered such liberal support, the state awoke to some extent and the college was established in Durham.

New Hampshire College has had a steady and bitter fight for its very existence since that time and has constantly overcome the great difficulties.

ASK FOR \$287,000

"Last December 4, when the trustees met it was decided to ask for \$287,000, after the budget had been mercilessly slaughtered until it was impossible to sanely cut off any more. Governor Bartlett, in his inaugural address, praised the college and has since exerted his influence in our behalf. The result of his efforts and the untiring efforts of those nearest to the college, together with the legislative visit to Durham last term, was an appropriation of from \$315,000 to \$320,000.

"All this means nothing but an opportunity, and all must make the most of such opportunities in the college, for the obligation rests upon the institution to train accurately. Student organization and interest must be such as to convince the state it makes no mistake in supporting liberally our college. New Hampshire College."

Durham, N. H., April 5, 1919.

LEGISLATIVE APPROPRIATIONS.

The closing of the New Hampshire session last week marked the end of one of the most critical periods in the history of New Hampshire College. The period was one which determined its future course. It was the turning point which decided whether the state college was to continue its development and take its place in this state or fall into a condition of impotency.

The New Hampshire legislative body was faced with the task of determining this very vital issue. The question was, What shall be the future of the land grant college? Shall it assume a position in the state which will make it possible for it to render valuable service in the development of the commonwealth or must it fall back to a position of relative insignificance in the educational organization of the nation? Shall the state of New Hampshire in common with the other states of the union recognize this land grant college and support it or will it fail to sense the significance of the issue and deprive future generations of the great service of the institution which is destined to play such an important part in the development of democratic ideals and purposes. The issue was squarely met, carefully and thoroughly considered, clearly and definitely determined. The verdict was that the welfare of New Hampshire demands that the college be given the support necessary to put it into condition to fulfill to the best advantage the great mission for which it was created. The legislature thereby did a great constructive work.

The eastern states, because of their established educational traditions, have been slower than the states in the west in their understanding and appreciation of the significance of the land grant college in the development of the several states and nation. The service of New Hampshire College in training the soldiers and in its valuable service and campaigns in the state for food production and food conservation has brought sharply to the attention of the public that here is an educational institution, created and maintained by federal and state funds, subject entirely to public direction and inspired solely with the purpose of performing public service; here is the greatest guarantee for the future security and development of the state; here is the place where young men and young women, future leaders in the life of the state, can be trained to understand and appreciate the democratic ideal and sense of public service. These things were realized as the result of the thorough investigation of the people assembled in the legislative session just closed.

Never in the history of the college has there been such careful and thorough investigation and such a complete understanding of its needs and its value in the state. These men who were asked to determine the fundamental policy of the college, because fundamental policy is determined by financial support, realized that they could not pass sound judgment without knowledge of the facts. They went to Durham, looked over the college plant, saw the buildings, met the professors, investigated the work, and

got acquainted with the splendid type of students and then passed squarely upon the merits of the whole situation as they found it. There was no attempt made to influence their judgment except by the presentation of actual facts. For this reason, their verdict had the greatest significance.

The amount asked for and granted is not all that the college needs in order to do its work to the best advantage, but it represents a degree of support which the college has not previously had and which permits the institution to step forward with greater confidence and with greater strength. The trustees, faculty, students and citizens of the state who know the work of the New Hampshire College are grateful to the members of the legislature and to the Governor and his council for this service to the college and the state.

The New Hampshire legislature this year is certainly to be commended for its splendid work for New Hampshire College. Its realization of the importance of its representative land grant college was indeed sincere. The work of President Hetzel, too, in waging the battle for this large appropriation is of inestimable importance. New Hampshire College may be justly proud that in its president it has a man of progressive qualities and a man who when once set on a course stops at nothing short of complete victory.

INTRAMURAL ACTIVITIES.

Why is it that in a college the size of New Hampshire there is a noticeable lack of intramural activity? Why too in a college where there are so many different fraternities does there seem to be a reticent feeling as to the promotion of inter-fraternity contests? And are not fraternities supposed to be the symbolizers of better fellowships? Why then must this spirit, if there is any at all, be limited to that narrow sphere of each individual organization. Why not let this ideal spread to the realms that would contain at least the whole college.

The "New Hampshire" receives each week numerous exchanges from the various colleges of the country. Flashing forth on nine out of every ten of these exchanges is that predominant feature of the ideal college spirit of intramural activities. You say, well those colleges do not have predominancy in varsity contests. I will answer, that the very colleges that are most predominant in varsity sports are the leaders of the intramurals. It seems to be a very realized fact that intramural contests are the very foundations for better varsity teams. These colleges have proven this for themselves. They admit that that without intramural activity the very basis for the formation of their teams will have been abandoned.

Wake up, students of New Hampshire, you have reached the period in the existence of New Hampshire College when the very nature of the future depends largely upon your college spirit. Get into things, push your Alma Mater to the fore by increasing the Blue and White's spirit to an idealistic degree. Remember too that the very basis of our worldly education is received while at college and that the degree of that education depends largely upon the ability and willingness of the individual to forge ahead while at college. Remember too that the keynote for this is intramural contests. Go into it then and remember that just so much as you put into this game will you get out of it.

Professor C. L. Simmers spent Monday, March 31, in Boston, conferring with Mrs. C. P. Shedd and Mr. Sheldon in regard to future plans for Y. M. C. A. work on the college campus.

It begins to appear as though it were possible that a large program of Christian service work will be carried on at New Hampshire College during the year 1919-20.

The advisory board of the local Y. M. C. A. is being very materially increased in numbers and it is hoped that the board may soon take some definite action outlining the policy of the work to be carried on in future years.

F. L. Haseltine, '19, "Merk," was in Durham over the week-end. He is no longer in the service, but spends most of his spare time getting his automobile ready for use.

COLLEGE GIRLS LOSE FAST GAME TO YEOWOMEN.

A basketball team composed of girls from New Hampshire College played the Yeo girls' crack team Saturday, March 29, in the Portsmouth Armory.

The game was fast and comparatively few fouls were called.

Ruth Jameson started the game by getting the first basket and the Yeo girls followed with two. Another basket by Jameson tied the score for the first period.

The second period ended with a score of 16-9 in favor of Portsmouth with two more baskets by Jameson and one by McWeeney on a foul.

In the third period the Yeo girls piled up the score to 23. Ruth McQuesten substituted for McWeeney most of the last period.

The girls from New Hampshire State played an exceptionally good game considering their handicap of lack of practice and the game was by no means a walk away for their opponents.

The guards did excellent work.

The summary:
N. H. Yeo Girls
McWeeney, r. f., l. g., Bruce
McQuesten

Jameson, l. f., r. g., H. McCarthy
Spinney, c., c., Badger, Capt.
Poland, r. g., Capt., r. f., T. McCarthy
Morrill, l. g., l. f., Parsons

New Hampshire, 9; Yeo girls, 23. Goals from floor: Parsons, 6; McCarthy, 5; Jameson, 4. Goals from fouls: Parsons, McWeeney. Referee, Cragen of Portsmouth. Scorer, Davis. Timer, Timmons. Time, three ten-minute periods.

BASEBALL SCHEDULE HAS FIFTEEN GAMES ON LIST.

At the first practice on last Monday about fifty candidates reported for baseball.

The baseball schedule for the season is as follows:

Apr. 24 Wesleyan at Middletown.
Apr. 25 Connecticut at Storrs.
Apr. 26 Brown at Providence.
May 2 U. of M. at Durham.
May 7 Bowdoin at Brunswick.
May 10 Lowell Textile at Durham.
May 14 Bowdoin at Durham.
May 17 Worcester Tech at Durham.
May 20 Boston College at Boston.
May 23 Lowell Textile at Lowell.
May 28 Boston College at Durham.
May 30 Springfield Y. M. C. A. at Dover.

June 2 Connecticut at Durham.
June 7 Mass. Aggies at Durham.
June 14 Worcester Tech at Worcester

HEAVY SPRING TRACK SCHEDULE IS ANNOUNCED.

Spring track at New Hampshire has strong prospects. Although there has been no track team since 1916 there are several new men which will help develop a good team.

Nightingale, beyond question, will be at his best. Cecil Leath, a former Hebron and B. A. A. runner, is bound to show up well in the distance. Leslie Andrews, also a former Hebron hurdler and jumper, has just been released from the service and will strengthen the team considerably. These with the relay men should take care of the runs while several men are out and showing ability in the field events.

The track schedule is as follows:

Apr. 26. Interclass Meet.
May 3. Bowdoin at College oval.
May 9 and 10. Eastern Intercollegiate at Springfield.
May 16. Tufts at College oval.
May 23 and 24. New England at Boston.
June 7. Mass. "Aggies" at Amherst.

GIRLS' BASKETBALL TEAM ELECT THEIR CAPTAINS.

The girls' basketball teams have elected their captains for this year. The captains are: Junior, Ruth McQuesten; sophomore, Mary Gerrish; freshman, Martha Spinney.

The teams are as follows: Junior: center, Esther Brown; forwards, Winifred Browne and Ruth McQuesten; guards, Dorice Elkins and Katherine Aldrich. Sophomores: center, Mary Gerrish; forwards, Annie McWeeney and Kathryn Aldrich; guards, Edith Morrill and Rita Fluet. Freshmen: center, Martha Spinney, forwards, Ruth Jameson and Marjorie McGoff; guards, Pauline McDonough and Honora Reardon.

WOMAN'S LEAGUE TO BE KNOWN AS COLLEGE FOLK CLUB

At a meeting of the Woman's League held on Wednesday, March 12, it was voted to accept the resolutions submitted by the Girls' Council. The constitution was revised and the name of the organization was changed to the "College Folk Club."

ENGINEERS TAKE EXTENSIVE TRIP.

(Continued from Page One.)

the fact that the company's engineers acted as guides added greatly to the value of the trip. Much credit is also due to the faculty members of the group who made the trip a success from both an instructive and social standpoint.

What Does Silage Cost?

Acres used and cultivated time and again, and gone over to get the fodder, are the big items in cost.

Nitrate, as Top Dressing worked in when cultivating, will cheapen production.

Bigger, better stalks and bigger ears will result.

~~\$20.00~~ TO ~~\$30.00~~

per cow per year
with a
DE LAVAL
CREAM SEPARATOR

Formerly, with butter-fat at 25 to 35 cents a pound, a DeLaval Cream Separator saved \$10 to \$15 per cow per year over gravity skimming.

Now with butter-fat selling at 50 to 60 cents a pound, and even higher, the saving with a DeLaval is doubled.

If you have only two cows and are selling cream or making butter, a DeLaval will soon save enough to pay for itself.

With butter-fat at present prices you need a DeLaval more than ever before, and if you already have an inferior or half-worn-out separator, your cream loss with such a machine is too big to be neglected.

The best cream separator you can get is the only machine you can afford to use these days, and creamerymen, dairy authorities and the 2,325,000 DeLaval users all agree that the DeLaval is the world's greatest cream saver. They know from experience that the DeLaval skims the closest, lasts the longest and gives the best service.

Order your De Laval now and let it begin saving cream for you right away. See the local De Laval agent, or, if you don't know him, write to the nearest De Laval office as below

SUMNER CARLISLE WITH 91st SQUADRON

"Jack" McGinn, '20, Expects to Return to College Next Fall—Thomas, 2-yr., '12, Just Out of Hun Prison—Other Notes

Lieutenant Sumner Carlisle, '17, has joined the 91st Squadron as supply officer after several months in the hospital. Lieutenant Carlisle trained four months in the Air Service training camp No. 3, a camp which has been the scene of many fatalities. He, however, came through the training successfully and then went to Italy for six months where he did patrol duty, had the "flu" and malaria. He was back in France July 4th and spent a week on the Marne front before he was obliged to go to the hospital from which he was discharged about September 15th. However, he attempted to pass the physical examination in order to start flying again but was unable to qualify. Rather than leave the air service and his friends he joined the 91st squadron as Supply Officer and is now with the army of occupation in Germany. The 91st squadron has become famous for its work in the active part of the fighting and for this reason as much as any other it was picked for the army of occupation and has been stationed at Coblenz, Germany, since the first of the year. With Lieutenant Carlisle at Coblenz are H. C. Atkins, '18, N. E. Robinson, '17, and Howard Dental, post dentist. Carlisle says that he is with the finest bunch of fellows ever gathered together.

Miss Henrietta C. Nudd, '17, has a position with the Bureau of War Risk Insurance at Washington, D. C. Her address is 1226 Everts St., N. E. Washington, D. C.

Lieutenant J. C. McGinn, '20, is a second lieutenant in the balloon service at Camp Bragg, Fayetteville, North Carolina. He has been at this camp about six weeks but has had very little duty as yet. He expects that when the artillery school which is to train the officers for artillery opens he will do some observing for the artillery. He expects to get out of the service in time to return to college in the fall. His address is 32 Balloon Company, Camp Bragg, Fayetteville, N. C.

P. B. Wildey, '17, is a Pharmacist's mate aboard the U. S. S. Leonidas, in the Mediterranean waters. He is addressed care of the Postmaster, New York City. Wildey enlisted in the United States Navy July 6, 1917, in the Hospital Corps of the regular service.

R. R. Thomas, 2-yr. '12, has just been released after eight and one-half months in a German prison. He served two years in France having enlisted early in 1916 in a English regiment made up at Liverpool.

H. W. Robie is in a company of Railway Engineers in the A. E. F. He was still in France near Verdun March 7, and appears to have come through without injury of any kind. Robie enlisted in the army June 1917, and was assigned to the 14th Engineers. He attended Camp Rockingham at Salem, N. H. He arrived overseas August 12th, 1917, and paraded the streets of London with the first of the American soldiers, under arms, August 15. He was one year with the British working on Light Railway just behind the battlefield and was then transferred South with the Yankees.

R. B. Piper, '12, is with the Bureau of Plant Industry in the United States Department of Agriculture and is stationed at the field station at Beltsville, Maryland, just outside the city. He was, until recently, in Orlando, Florida, in the same department conducting fruit-disease investigations.

E. J. Norman, Jr., 2-yr. '16, has been discharged from the army and has taken a position as superintendent of Mr. Fred Craves estate at Dalton, Mass. He entered upon his new duties about March 1.

E. D. Graham, '21, "Dewey," has secured his discharge from the naval service at Boston, Mass., and is now back in citizen's clothes. He spent a few days in Durham last week.

At a tea held Saturday afternoon, March 29, at her home in Exeter,

Frances Dorothea Hatch, '17, announced her engagement to Mr. Cyril Winfred Downs of Orleans, Mass. Miss Hatch is a graduate of Robinson Seminary and New Hampshire College, '17. A large number of college friends were present at the tea.

Capt. R. C. Graham, '17, has arrived in Columbus, Georgia, with his whole Motor Machine Gun Company after traveling overland a distance of 242 miles from Augusta, Georgia. As his company is the only Motor Machine Gun Company in the United States, this is the first trip of its kind in this country. He has 21 trucks, 5 Fords, 18 motorcycles, a motor ambulance and a rolling kitchen. At each town where the company remained over night the Y. M. C. A. arranged a dance thus providing entertainment during the stopovers. The whole machine gun school at Camp Hancock, Georgia, has been transferred to Columbus, Georgia, where the Red ox are having their spring training. Captain Graham's new address is: Motor Machine Gun Company, Machine Gun School, Camp Benning, Columbus, Georgia.

Lieut. Walter D. Reid, '20, of the 88th Aero Squadron, had the privilege of taking his classmate, Guy Thayer, '20, above the clouds in an aeroplane over Treves, Germany. Thayer is in the hospital corps but nevertheless enjoyed the thrills of flying. Lieut. Reid got him so far above Treves that they would have to fall a long distance before they struck ground and then asked him by pantomime if he would like to loop the loop. He did. This they did successfully. Then followed a few turns and a slide slip. Thayer claims he enjoyed it. Miss Charlotte Thompson has a snapshot received from Lieut. Reid of a Zeppelin hangar at Treves, Germany, which was originally built for a single Zeppelin, but which now houses the planes of both the 88th and 166th squadrons, as well as 120 captured German planes. The hangar is 600 feet long, 98 feet high, and 120 feet wide. The planes of the 88th are plainly shown. Lieut. Reid writes that he met both "Les" Bell, '21, and "Doc" Bell, '18, recently. "Doc" is in Coblenz, Germany, and "Les" is connected with the transportation at Chaumont.

Lester E. Morrill, '18, is the only New Hampshire man known to be attending the American Army University which has been opened at Beaune, near Paris. The university has an enrollment of 15,000 American soldiers for a three-months' course. The faculty, also composed of men drawn from the American forces, numbers 500. Merrill was one of nine men that put in an application to attend the university, but was the only one accepted. He was one of 51 men chosen from 12,000. Merrill is taking some courses in horticulture that he will be better able to resume his work, when he returns. His address is A. E. F. University, Beaune, France.

Y. W. C. A. CABINET IN BOSTON.

The members of the Y. W. C. A. cabinet are being entertained this week-end at Simmons College, Boston, where a cabinet training course is being given. About twenty colleges are represented at the training council. The girls left Friday afternoon and will return Sunday evening. The course consists of lectures, discussions, rallies, singing, etc. The members of this year's cabinet are as follows: Marjorie Saxton, '20, Flora Cummings, '20, Ruth Ladd, '21, Hortense Cavis, '21, Rachael Bugbee, '21, Miriam Lewis, '20, Ethelle Hayes, '20, Kathryn Aldrich, '21, Dorothy Chase, '21, Ruth McQuesten, '20, Judith Jenness, '20 and Gladys Bickford, '20.

BOOK AND SCROLL INITIATES.

The Book and Scroll held its initiation at the home of Dr. A. E. Richards, Sunday morning. Margaret Cote, '20, Florence Kelley, '20, and Beatrice Brooks, '20, were the initiates, Mrs. Melvin Smith becoming honorary member of the club.

After an interesting entertainment Mrs. Richards served refreshments, and toasts were proposed. Dorothy Hanson gave a toast to the initiates, which Florence Kelley answered. Dr. Richards gave a toast to the "Spirit of Book and Scroll." The entertainment was a song by Margaret Cote; "The Polish Boy," a reading by Frances Kling; the reading of favorite poems by several members and a piano solo by Ethel Kelleher.

REGISTRATION TO DATE IN THIRD TERM IS 504.

The registration for the third term, although not yet completed, has proven thus far very gratifying. The total number of students registered to date for this term is 504. The number has not fluctuated to any great extent throughout the year, enough new students coming in to take the places of those unfortunates who have fallen by the wayside, or have left N. H. C. for other reasons. For the present term there are 61 Seniors, 88 Juniors, 124 Sophomores and 177 Freshmen. There are 15 two-year Aggie men with us, and five special students. Of the total number of regular four-year students 153 are women, and 297 are men.

Among the new students registered this term, among whom are several ex-service men, are the following: Leslie Arthur Andrews, '22, Quincy, Mass.; George Harold Batchelder, '21, Hampton, N. H.; Monroe Bauer, 2-yr. Aggie, Flatbush, N. Y.; Cecil Edson Leath, '22, Durham, N. H.; William George May, '22, South Deerfield, Mass.; Derwood Austin Newman, '21, Lancaster, N. H.; Clark Leavitt Stevens, special, Colebrook, N. H., who, at the same time he is studying here, is assisting Prof. K. W. Woodward in Forestry; Lee Langlina Rice, '20, Leicester, Mass.; and Joseph John Yuskuskus, New Haven, Conn.

SUNDAY DISCUSSIONS PROVING PROFITABLE.

The topic under discussion at the last two Sunday teas was, "How Should Students Spend the Sabbath?" Everyone joined in the debate and since no decision was reached the first time, the discussion was continued last Sunday afternoon. After tea and a social hour, the meeting was called to order by Mr. Victor Bennett. The announced subject was discussed and the general conclusion was reached that there are two irreconcilable types of opinion; the ideas held by people who have been brought up in strict observance of the day and those who can use Sunday in almost any way with a clear conscience. It is a matter of individuality.

A committee was appointed consisting of L. Boutwell, '22, Katherine Thompson, '22, G. H. Billingham, '20, K. N. Wallace, special, P. F. Ayer, '22, to draw up a constitution. Persons were also appointed to solicit members at the dormitories and fraternity houses. These meetings are very informal and give an excellent opportunity for students to become more widely acquainted and interchange their ideas.

Suggestions were made for mid-week socials at the Y. M. C. A. hut, and undoubtedly such occasions will be arranged if the students will come out to them.

ENTERTAIN AT SMITH HALL.

Mrs. Marcia Sanders, Mrs. Bernice Smith and Miss Beulah Bettell were hostesses at a very delightful tea given to the wives of the members of the faculty Saturday, March 15, in Smith Hall parlor.

Refreshments of tea and cakes were served. The guests were, Mrs. R. D. Hetzel, Mrs. A. E. Richards, Mrs. C. James, Mrs. E. G. Ritzman, Mrs. J. C. Kenadall, Mrs. J. H. Gourley, Mrs. H. Howes, Mrs. L. Robinson, Mrs. M. O. McKay, Mrs. C. C. Steck, Miss Annie J. Morgan, Mrs. W. H. Wolff, Mrs. C. R. Cleveland and Mrs. J. Pierce.

LETTER MEN ELECT ATHLETIC CAPTAINS.

At a meeting of the letter men in basketball A. F. Davis, '20, was re-elected captain for the 1919-1920 season. W. E. Shuttleworth, '19, was appointed captain of baseball for the 1919 season and G. T. Nightingale was appointed captain of track for the 1919 season by the athletic director.

Professor R. H. Whoriskey has been instrumental in spreading the League of Nations idea throughout the state, as is shown by the large number of engagements he has filled recently. Among those places at which he has explained the object of the League of Nations are Representatives' Hall, Concord; State House, Concord; Nashua Teachers' Club; and at Manchester, Derry, Exeter, Farmington, Milton, Rindge, Dover and Meredith.

SECOND NUMBER OF LECTURE COURSE

Pilgrim Quartet Received with Much Pleasure—Humorists' Stories Cause Considerable Merriment—Good Combination of Songs Form Program

The second number in our course of lectures was a musical entertainment given in the Gymnasium Thursday, March 27, by the Pilgrim Quartet of Boston. The Quartet were, Mr. Harold S. Tripp of Boston, Harvard College soloist; Mr. Simonds, a singer at the New South Church of Boston; Mr. Percy F. Baker, former Dartmouth football star and a member of the Arlington Unitarian church choir, and Mr. Gusterson, formerly lieutenant in the United States army, and now singing in the Reformed Church of New York City.

Mr. John Thomas of Boston, humorist, came with the quartet and his witty stories added much to the evening's pleasure. Mr. Thomas has done much in the past two years for the entertainment of men in the service and an appreciation was sent by his townspeople to the legislature of Massachusetts.

HUMOROUS READINGS

The Quartet began the evening's entertainment by singing the March of the Guard. Mr. Thomas followed the quartet's first selection with a humorous reading. Among the other selections in the program were an Episode in France, which was written at the inspiration of the arrival of the first American troops in France, Annie Laurie, Fighting in Flanders, Little Mother of Mine, The Sand Man and "Till We Meet Again.

Mr. Thomas read the story entitled an Irish Lady at a Card Party and a little philosophical poem from the theme of which was "The other fellow is just as scared of you, as you are scared of him."

Due to the fact that a new term was just beginning and the rush of registration being at its height the attendance at the entertainment was not very large. But those who were fortunate enough to hear the quartet and Mr. Thomas were given an exceptionally pleasing entertainment.

CHARLIE CHAPLIN IN "SHOULDER ARMS."

Saturday evening in the Gymnasium Charlie Chaplin will appear in his million dollar movie, "Shoulder Arms." Don't miss seeing "Charlie" capture Von Hindenburg, or his thrilling adventures in No-Man's land.

SOCIAL HOUR FOLLOWS MOVIES.

On Saturday evening a short social time was enjoyed after the movies. A game of tucker was played, and when partners had been thus secured, refreshments of ice cream cones were served. Mr. and Mrs. Vickers were the chaperones for the evening. The affair ended at quarter of eleven, after a few informal dances.

VARSITY LOSES LAST GAME OF SEASON TO TUFTS.

New Hampshire lost its last game of basketball to Tufts at Medford on March 14, 29-22. The game was played on a small court which had no resemblance to rules. There were no side lines, no foul markings, or no center circle. The nature of the game was semi-professional throughout, which is not New Hampshire's game.

The New Hampshire team depends entirely on its formations and plays. The Tufts game was "à la football", rough, yet there was no unsportsmanlike feeling.

EASTERN INTERCOLLEGIATES TO BE AT SPRINGFIELD.

At a meeting of the Eastern Intercollegiate Athletic Association it was decided to hold the track meet of the association at Springfield on May 9 and 10.

This association is open only to colleges in eastern states. Any college in the eastern states may apply to join by giving notice to the effect four weeks in advance of any meeting. The college will be admitted upon the affirmative vote of two-thirds of the membership, each college having one vote.

It was voted to allow men who were in the service and who registered at college before April 3, 1919, to compete. The N. E. I. A. A. has passed the same rulings as to men in the ser-

vice, their date being April first.

The colleges that have joined the Eastern Intercollegiate A. A. are: Boston College, Colgate, Holy Cross, Massachusetts Agricultural College, New York University, University of Maine, Worcester Polytechnic Institute, Springfield Y. M. C. A. College, Stevens Institute of Technology and New Hampshire State College.

The colleges considering joining are: Amherst College, Bates College, Columbia University, Hamilton, Massachusetts Institute of Technology, St. John's College, Tufts College and Williams.

APPROPRIATIONS LEGISLATIVE.

New Hampshire College has been granted by the Legislature an appropriation of \$315,000 for the next biennium. This is approximately \$100,000 or 50 per cent. more than the college has ever secured before. Furthermore, it represents practically 100 per cent. increase in the maintenance funds of the institution.

The items of the budget are as follows:

Current operating expenses, for the two years,	\$210,912.00
For the purchase of live-stock, 5,000.00	
For miscellaneous improvements,	16,095.00
For the construction of beef, cattle and sheep barns	10,000.00
For Extension Work in agriculture and Home Economics,	20,268.00
For the completion of the new Commons Building,	5,000.00
To acquire title to buildings, improvements and equipment added to the campus incident to the war work,	30,000.00
To settle a deficit which accrued incident to the purchase of land in 1911 and 1912,	18,500.00

The appropriations will make it possible for the college to make important additions to its instructional forces, put its buildings and equipment into proper repair, catch up on its depleted supplies, convert the new building put up for military purposes into form for affective services, including the converting of the barracks into dormitories, adding to the shop facilities, extending the heating plant and generally toning up the college plant. In the past the college maintenance appropriations have been entirely inadequate and consequently, there are accumulated expenses which it is absolutely necessary to meet at this time.

With the purchase of live-stock, including beef, cattle, sheep and hogs and the construction of a barn in which to house them, the work in agriculture will be very greatly strengthened. For the first time the college will be able to say it is really in a position to give a comprehensive course in agriculture.

The most gratifying feature of the more liberal support granted to the college this year is the fact that it was given after a very thorough investigation of the college, its work and its needs, first by both the college and appropriations committees and finally by the legislature as a whole, and after this investigation the appropriations were made with practically a unanimous approval. The legislative experience this year has made many splendid friends and influential champions for the work of the college and consequently, is the occasion for encouragement and gratification on the part of the officials, students and friends of the institution.

Work is already under way in the improvement of the college campus, alterations of the buildings, on the extension of the heating plant and in painting and making much needed repairs. By the time college opens in the fall, the campus, buildings and equipment will be in proper shape for the beginning of what promises to be the greatest year in the history of the college.

DEATH OF ERNEST F. SANDERS.

Ernest F. Sanders, a member of the naval unit of the S. A. T. C., died of pneumonia at Kittery, Maine, on Friday, March 21. His funeral was held at his home in Madbury, March 24; it was attended by four members of the naval unit: Clifton Hayes, M. A. Neville, Percy Tibbetts, and Harold Winslow. Other New Hampshire students were present.

Sanders came to New Hampshire College and enlisted in the S. A. T. C. last September. He was well known on the campus. Robert C. Sanders, 2-yr. '18, was his brother.

NEW OFFICERS APPOINTED IN CADET COMPANIES.

The R. O. T. C. drill was resumed last Wednesday with the many of the companies having new sets of officers. Capt. B. F. Hill (Co. C) was appointed Cadet Major to succeed Major C. A. Bennett, who has resigned to take up outside work. Captain Hedburg (Co. B) has dropped military art and Lieut. C. J. O'Leary, Jr., has been appointed captain to succeed him. Lieutenants Leavitt, Vose and White have dropped military art and Lieutenant Plaisted has been appointed 2nd lieutenant of (Co. B.) Major Hill's place as Captain of (Co. C) has been filled by Lieut. N. E. Meras, who has been advanced from 1st lieutenant to Captain of (Co. C) Second Lieutenant G. E. Patten has been promoted to 1st Lieutenant of (Co. D.)

Members of all of the companies were issued rifles and shoes during the drill period. Uniforms will be issued at some date in the near future.

GRANITE STATE NURSERIES HAVE BEEN SOLD.

A recent business transaction in Durham is the sale of the stock, name and good-will of the Granite State Nurseries to the Dow Nurseries of North Epping. In addition to a general assortment of fruit trees, shrubs and small fruits, the sale comprises a large number of maple and oak trees suitable for street and park planting, and a quantity of evergreens.

The proprietors of the Dow Nurseries are D. Webster Dow of North Epping and James A. Tufts, Jr., of Exeter. Mr. Dow has been in the nursery business a number of years. Mr. Tufts entered into a partnership with him in 1917.

The Granite State Nurseries were established in 1914 by Professors W. H. Wolff, Lumsden and C. James. The new owners will proceed to sell out the bulk of the stock and remove the balance to their nurseries at North Epping.

JUNIOR PROM THIS YEAR WILL BE A FORMAL DANCE.

An important meeting of the Junior class was held on the last Wednesday of last term. It was voted that the Junior Prom this year be formal. Class dues were fixed at \$1.50, and the treasurer was given power to collect them immediately. R. C. Greer was elected class marshal, and the following were chosen as aids: Davis, Bloomfield, Hill, Currier, Fitch and O'Leary.

LAW

AND AMERICA'S WORLD POSITION

America's new place in international politics and commerce challenges the young American.

He must equip himself for new world conditions with a knowledge of legal fundamentals.
