NIGHTINGALE WINS

Starter Pulls Bone in Mile Run—'Night' and Leath Have Easy Time—Other Men Take Places

New Hampshire track team took third place in the First Annual Eastern Intercollegiate A. A. meet at Springfield, Mass., last Saturday, May 10. The weather was anything but good as a drizzly rain started in the early morning and continued throughout the day.

The trials took place in the morning instead of the preceding day as was first planned.

Felker placed for the final in the first heat of the hundred-yard dash. In the finals he took fourth which was remarkable against such a man as Feldman of Colgate.

PLACE TWO IN HURDLES

In the 120-yard high hurdles both Stevens and Andrews placed for the semi-finals. Stevens won the semi-finals and by a fluke was disqualified in the finals because he slipped around the hurdle and did not jump over it.

In the quarter, Melville failed to place, being completely 'boxed' until the straightaway was reached, when he passed all but three. Coach Cleveland scarcely ten minutes later sent him in the 220-yard dash, when he took third in his heat with only two to qualify. In the next heat Felker showed speed by placing second and qualifying for the finals, where he ran a pretty race against 'Jake' Driscoll of Boston College, taking fourth.

In the 220-yard low hurdle Stevens won his heat in the trials and took fourth in the finals.

Both Nightingale and O'Leary placed with ease in the trials of the half mile and Nightingale took third and O'Leary fourth in the finals against a fast field.

STARTER PULLS 'BONE'

The greatest 'bone' of the day was pulled by an inexperienced starter, who failed to fire the gun on the last lap of the mile run. Nightingale was running last and thought that he had another lap to go when he looked up and saw the tape stretching across the track. Immediately he started to sprint and succeeded in catching up with all but Jones of Middlebury, who took first place.

In the two-mile run Nightingale and Leath easily took first and second while Billingham took fourth.

Although New Hampshire placed two men in the trials of the shot put neither Batchelder nor Andrews were able to place in the finals.

Andrews took third in the discus throw while Nute was tied for third in the pole vault.

Mansell gamely kept at the high jump, although he pulled a tendon on one of his first jumps. New Hampshire was also unable to place a man in the broad jump.

The summary:

100-yard dash: Won by Feldman, Colgate; Bloss, Stevens, second; O'Neill, Worcester Tech, third; Felker, New Hampshire, fourth. Time, 10 2-5 seconds.

220-yard dash: Won by Driscoll, Boston College; Feldman, Colgate, second; Wackle, Holy Cross, third; Felker, New Hampshire, fourth. Time, 23 1-5 seconds.

440-yard run: Won by Driscoll, Boston College; Blair, Tufts, second; Van Wagner, Springfield, third; Maher, Holy Cross, fourth. Time, 51 1-5 seconds.

Half-mile run: Won by King, Holy Cross; Anderson, Colgate, second; Nightingale, New Hampshire, third; O'Leary, New Hampshire, fourth. Time, 2 min., 9 seconds.

Mile run: Won by Jones, Middlebury; Nightingale, New Hampshire,

second; Brown, Stevens, third; Hunt, Colgate, fourth. Time 4 min., 51 seconds.

Two-mile run: Won by Nightingale, New Hampshire; Leath, New Hampshire, second; Grady, Colgate, third; Billingham, New Hampshire, fourth. Time, 10 minutes, 37 seconds.

120-yard high hurdles: Won by Cottrell, Colgate; Roberts, Stevens, second. Other disqualified. Time, 17 seconds.

220-yard low hurdles: Won by Roberts, Stevens; Fitts, Tufts, second; Moore, Springfield, third; Stevens, New Hampshire, fourth. Time, 27 3-5 seconds.

Running high jump: Won by Roberts, Stevens; Stack, Springfield and Hazleton, Worcester Tech., tied for second; Fitts, Tufts, fourth. Height, 5 feet, 6 3/8 inches.

Running broad jump: Won by Dempsey, Boston College; Hubbard, Middlebury, second; Fitts, Tufts, second; Gillo, Colgate, fourth. Distance, 20 feet, 5 inches.

Pole vault: Roberts, Stevens, and Richardson, Springfield, tied for first. Nute of New Hampshire and Murphy of Holy Cross tied for third. Height, 10 feet.

Shot put: Won by Dignan, Holy Cross; Gillo, Colgate, second; Goodale, Stevens, third; Edwards, Springfield, fourth. Distance, 39 feet, 7 1/2 inches.

Throwing discus: Won by Pority, Middlebury; Gillo, Colgate, second; Andrews, New Hampshire, third; Hazelton, Worcester Tech, fourth. Distance, 110 feet, 1 1/2 inches.

GYM FLOOR COMPLETED.

By diligent work on the part of the floor committee of the Junior Prom and Coach Cowell's unique 'baseball practice on the gym floor' Monday afternoon, Monday night, and Tuesday, the last nail was driven into New Hampshire's new gym floor, an unprecedented experiment in volunteer student labor.

HOSTESS HOUSE IS POPULAR PLACE THIS WEEK-END.

One of the popular places in Durham over this week-end is the Hostess House. Miss Sawyer, the hostess, has fifteen girls, who are making their headquarters at the house and she is busy preparing meals for them. Needless to say the girls are comfortably cared for and no effort will be spared to make their stay a pleasant one.

PI GAMMA HAS INITIATION.

Pi Gamma fraternity held its initiation on Monday evening, May 12, at Thompson Hall. The initiates were: Helen M. Barton, '20, Alice H. Gardner, '20, Ruth C. McQuesten, '20, Perley I. Fitts, '20, and Otto M. Helf, '21.

1922 LOSES TO ROCHESTER.

The Freshmen lost to Rochester High last Friday, 4-3 in a fair game. The Freshmen had only one bad inning, the third; then the visitors landed on Martin for three hits, one a triple, and coupled with three errors, served to give the game to them. In the second the Freshies got three runs on two hits and two errors, but they never scored again. L. Roy and Bates played the best for Rochester while Marsh and Martin excelled for the Freshmen.

Score by innings: 1 2 3 4 5 6 7 8 9 Freshmen, 0 3 0 0 0 0 0 0—3 Rochester, 0 0 4 0 0 0 0 0—4 Batteries: Martin and Wood; McDonald and W. Roy.

Mr. Fred C. Werkenthin has recently been appointed as collaborator in the preparation of abstracts from 'Bulletin Trimestriee de la Societe Mycologique de France' and 'Annales Mycologici' for the Botanical abstracts, a monthly serial furnishing abstracts and citations of publication in the informational field of Botany.

JOINT CONCERT OPENS PROM WEEK

Many Out-of-Town Visitors Enjoy Program Presented by Glee Club and Orchestra

House Party activities were formally started last evening in the big Gym, when the joint concert of the N. H. C. Glee Club and Orchestra was given. The hall was well filled with an enthusiastic audience, which was largely made up of visiting young ladies with their escorts. This audience evinced their appreciation of the combined singing and playing in no uncertain manner. The following program was presented:

- 1. Twinkling Stars Upon the Lake, White Glee Club
2. Overture, Schlanspiel, Chr. Bach, Orchestra
3. The Jolly Four, Kratz Quartet
4. Reading, Harold M. Ladd
5. Selection, Jack o' Lantern, Caryll Orchestra
6. Tenor Solo, 'Can't Yo' Hear Me Calling, Caroline?', Gardner Robert J. Irish
7. Hammer Song, Geibel Glee Club
8. Baritone Solo, The Radiance of Your Eyes, Stanley J. Alling
9. Wedding of the Winds, Hall Orchestra
10. Vesper Song, Geibel Glee Club
11. Reading, Harold M. Ladd
12. Violin Solo, Selected Louis B. Hoffman
13. Flow, Gently Flow, Quartet Sunny Sicily, Gray Orchestra
14. Selection, Sunny Sicily, Gray Orchestra
15. March of Our Nation, Geibel Glee Club Alma Mater

CHEERS AND SONGS

The concert closed with a long New Hampshire cheer led by Milton R. Vose, '20. As a specialty, Gordon R. Crosby, '22, of the Glee Club, sang a tenor solo, 'Till I Wake,' which was roundly applauded. In fact, the audience called again and again for encores which were given in the shape of N. H. C. songs in a light rollicking style. Surely the inauguration of House Party week was a success.

The personnel of the clubs is as follows: Glee Club: Leader, Carl F. Matthes; manager, Alden H. Moody; reader, Harold M. Ladd; pianist, E. S. Morse; first tenors, G. V. Crosby, R. J. Irish, F. W. Ladd, G. N. Wigginn; second tenors, H. P. Kelsey, A. Martin, G. E. Plaisted, M. R. Pose; first bass, T. J. Alling, A. S. Baker, R. T. Childs, W. T. Crosby, D. S. Dresser, A. H. Moody; second bass, H. S. Abbott, P. E. Ayer, C. F. Matthes, S. C. Pollard, S. M. Simonds. Orchestra: violin, L. B. Hoffman, leader; H. M. Ladd, R. S. Coker; cornet, A. S. Baker; clarinet, F. A. Weigel, manager; trombone, W. Watson; drums, F. W. Prescott; piano, E. S. Morse.

NEW HAMPSHIRE TEAMS LOSE DOUBLE HEADER.

New Hampshire came out on the wrong end of a double-header last Saturday at the Oval. The Freshmen lost to Haverhill High, 10-6, and the Varsity to Lowell Textile, 6-2. Both games were weird exhibitions of baseball, errors marking them throughout. The Freshman game was called in the seventh to enable the Lowell team to finish in time to catch the 5.46 to South Lawrence. Haverhill had their big inning in the second, when she secured six runs. These were collected on three hits, and errors by Keane and Wood. The Freshmen were closing up on the visitors toward the end. Marcotte, the Haverhill pitcher, played good ball making six assists and getting three safeties. He got a home run on the first ball pitched. Martin pitched

fine ball and deserved a victory; Marsh and Goggin also played well for the Freshmen.

In the varsity game, Lowell had a big inning, the fifth, when three hits and three errors netted them five runs. New Hampshire failed to connect at the right time, as all their three hits came after two men were out. Noone and Goldman played best for the visitors while Boutwell played well for New Hampshire.

Results:

Table with columns for inning numbers 1-9 and scores for 1922, Haverhill, Lowell, and New Hampshire.

DEAN GROVES HAS MANY INVITATIONS TO TEACH.

Dean Groves has been invited to give a two weeks' course at Manitoba Agricultural College this summer. Invitations for similar courses previously received were from the following institutions: Ontario Agricultural College, MacDonald Agricultural College, Quebec; Couchiching Summer School, Ontario; Lake Geneva Summer School, Wisconsin; Estes Park Summer School, Colorado. Dean Groves speaks May 14th at the State Conference of the Congregational churches of New Hampshire at Keene, on 'Social Responsibilities of Christian Leadership.' He also speaks at Concord May 24th at a meeting of the New Hampshire Branch of the American Academy of Science on 'Science in Its Relation to Social Discontent.'

PHI LAMBDA PHI FRAT HOLDS FIRST INITIATION.

Phi Lambda Phi fraternity held its first initiation last Thursday night, May 8. The fraternity was founded this year by Dr. Howes, head of the physics department, for the purpose of creating more interest in the study of physics and the natural sciences. The charter members are Dr. Howes, Mr. Moran, Ralph Young, '20, Ethelle Hayes, '20, Helen Barton, '20, Otis Pike, '20, Edmond Reil, '21, Morelle Connell, '21, Cecil Boody, '21, Hortense Cavis, '21, Harriett Ford, '21. The initiates were Ruth McQuesten, '20, and George Pingree, '20.

NEW HAMPSHIRE DELEGATE AT CONFERENCE IN BOSTON.

New Hampshire College was represented at the New England Child Welfare Conference was held in Boston in the State House auditorium yesterday and today by Professor E. R. Groves, who has been named a member of the governor's committee. The conference, at which will be representatives of the United States government, the governors of the New England states, other public officials and representatives of private organizations, will have as its special guests, Sir Arthur Newsholme, chief medical officer of the local government board, England; Sir Cyril Jackson, formerly chairman of the London county council and English authority on education and labor; R. C. Davison, director of the juvenile labor exchanges of England; Dr. Rene Sand, professor of social and industrial medicine at the University of Brussels; Dr. C. Mulon of the French war department; Mrs. Eleanor Barton, of the woman's co-operative guild, England; Senorita Maria de Maeztu of Spain; and Mr. Takayuki Namaye of the Japanese interior department.

After an address of welcome by Governor Coolidge of Massachusetts an opening address was delivered by Miss Julia C. Lathrop, chief of the federal children's bureau, and the subject of 'Working Children and Education' was considered. In the evening the general subject was 'Protection of the Health of Mothers and Children.' In the afternoon, there was a visit to Harvard University and Radcliffe. Today the subject is 'Children in Need of Special Care.'

DURHAM PAGEANT TO BE BIG EVENT

200th Anniversary of Founding of Church May 31

STUDENTS HELPING

Expect Many Thousands of People at This State Wide Affair—Celebration to Continue Through Sunday

The Durham pageant, which is to be given at 2.30 o'clock in the afternoon of Saturday, May 31st, is an out-door drama, whose purpose is to portray as faithfully as possible the daily life, the hardships, the dangers and achievements of the brave men and women who founded this old town of Durham almost three hundred years ago.

The original plan was to have the historical events reviewed on Memorial Day but due to a big baseball game at Dover between Springfield Y. M. C. A. College and New Hampshire the pageant committee set back the date to May 31.

BIG EVENT

This pageant will undoubtedly be the greatest thing of its kind that New Hampshire has seen for many years and it is expected that thousands of people will be in Durham on that day to witness this splendid portrayal of Durham's historic past. The pageant is to consist of a number of episodes including the settlement of the town by the pioneers, an Indian attack, the founding of the first church and the patriotic services of General Sullivan.

WORKING FOR SUCCESS

The college faculty and the students are working with the townspeople in an earnest effort to make the presentation a great success. Many of the faculty and students are taking active parts and sacrificing much time for rehearsals which are being held with great regularity every evening after supper.

It is exceedingly unfortunate that the annual interscholastic track and field meet is to be held on the same day that the pageant is to be presented as many who would enjoy seeing both events will be disappointed, but owing to athletic schedules it was impossible to arrange another date for the track meet.

Major Halls, commandant of the New Hampshire College Unit of the R. O. T. C., is to have charge of a large squad of military police during the presentation in order that visitors may be directed to vantage points in Durham's natural grandstand on the banks of Oyster river.

On Sunday, the 1st of June, at 10.45 a. m., Rev. Wm. S. Beard of New York will address the congregation in an open-air meeting on the church lawn. Mr. Beard will speak on 'The World Task of the Church.'

RECEPTION AT CHURCH

After this service a reception and memorial service will be held in the church. At this time an old pulpit, which has been renovated, will be dedicated and two memorial tablets will be presented to the church. One will have the names of former ministers and the other will be the honor roll for the town of Durham. The latter tablet will be made and presented by Prof. Huddleston of the college.

In the afternoon a fellowship meeting will be held and all delegations from surrounding churches will be present.

At 7.45 there will be a community sing with music furnished by the college orchestra. The chorus will consist of the college glee clubs. Prof. C. W. Scott will give the historical address. After this historical sketch by Prof. Scott President Hetzel will deliver an address on the subject, 'Looking Forward.'

This concluding service of the two-centennial anniversary celebration will be a worthy ending to an event of state-wide significance and interest.

Durham, N. H., May 17, 1919.

PLAY THE GAME.

During the present college year—the most critical it is believed of any through which the college has successfully passed—public spirited citizens of the town of Durham have often assisted college officials in the accomplishment of projects beneficial to the student body. These same citizens have freely given services and equipment and have many times set back social events of town interest to favor college activities.

Shall these favors slip by unnoticed? Is the student body awake to the situation or sleeping the sleep of the unheeding?

Durham folks are attempting to present a pageant which will undoubtedly be a magnificent spectacle. The town people have asked the students to aid in this their pageant. But the students for many excuses delay action. They are not responding to the roll call.

Due to rush and hurry of college activity in study and play many who have been in the forefront in pleading for aid in college affairs now adopt the policy of "laissez faire." "Lack of spare time" and "no ability" are frequent phrases coined to dodge a definite duty and responsibility.

The request to take a part does not demand that the participant be a Douglas Fairbanks. It does require that you do your best. Lincoln once said, "Shall he who cannot do much for that reason be excused if he do nothing?"

If you are asked to help a bit do your part. Play the game.

NOTHING BUT THE TRUTH.

An informal musical was given at the Hostess House last week with Miss Morgan (not J. P.'s daughter) at the piano (?) Mr. Horace Olson sang several solos to the great delight of all who remained present. Mr. T. O. Smith sang a duet with Mr. Werkinthin which the neighbors enjoyed very much.

Overheard at the Hostess House Monday Morning—Major Halls reading the Manchester paper: I see they are going to have the Derby (Darby) in England again this year! Mr. T. O. Smith: "Is that a hat or the name of a horse?"

Mr. T. O. Smith is quite put out as his name was not mentioned among Who's Who at the Chi Omega dance. We think he wanted his name in print for an alibi to someone, as he received a telegram a few moments before he mentioned this omission.

We have heard that Mr. Bennett has been giving night classes in Accounting very late—ly.

One young man called at the commandant's office for his Victory Bomb. A large crowd attended the military pictures at the Gym on Monday evening and Sergt. Wolff gave all six front row seats.

Some of the Juniors are breaking all union records and are working evenings on the Gym floor.—Good thing there is to be a Prom or there is no telling when the floor would get finished.

Dr. Howes gave a lecture to the

Aggie Club on Monday evening entitled, "The Submarine in the War." Expects all the Aggies to farm in Durham where it is mostly water, I guess.

Mr. Sharples, who gave a lecture on TAVIA roads and road building to the engineering club—should have invited some of the town politicians as they perhaps could make use of the knowledge a day or so before the students get into road building for themselves. Not much before.

All questions on Social Etiquette should be addressed to Mr. T. O. Smith, c-o Mr. Werkenthin.

Major Halls will answer all questions regarding trains to Bangor, Me.

Dr. Howes spent a very exciting time on Saturday evening in the Library at Boston. If that's your idea of a wonderful time take me home.

Oh yes he also went to the movies—there were only two seats vacant when he went in and after he sat down there was not another seat to be had. Who was with him?

Ex-President Taft once got up in a car and gave two ladies his seat but no one ever sat down in two seats in a movie.

Mr. Olson has received his new battery—for his flash light from Sears, Roebuck, Chicago. Believes in patronizing home stores I guess. All right girls if it does rain you won't have to step in the mud now. Phone Mr. Olson at 9 ring 2—meal times.

The war department has just announced that over two million men have been demobilized up to date—some quick work. New Hampshire is there for quickness also—they have demobilized the R. O. T. C. department down to two rooms. The rifle racks, drill hall, store room, indoor rifle gallery and everything have gone.

Hereafter send all your reports to Colonel House. Nuf Sed.

EXTENSION WORKERS SHOW VALUE OF HOME CANNING.

The value of different kinds of home-canned products of a high grade is shown in a price-list compiled by the home demonstration department of the New Hampshire college extension service. The list is based on the experience of women who canned for sale, on records of boys' and girls' club members, and on the prevailing prices of last year, which might vary with greatly reduced prices of supplies. The list may prove a guide to those who have canned products for sale or who wish to estimate the results of their labor during the coming season.

It is suggested that those who wish to place orders for standard home canned products do so through their county home demonstration agents. Those who have gardens may find people to can their products for them with a charge for time and fuel. Already a number of women in the state are doing custom canning of this sort; and one woman in Grafton county, who was interested in the work through the Home Demonstration department, reports having earned \$100 in this manner last year.

The price list is as follows, the first figure being the price of a pint can and the second the price of a quart can. Apples, with syrup, .25, .40; sliced, .18, .30; asparagus tips, .40, .60; beans, shell, .30, .50; beans, string, .30, .50; beets, small, .25, .45; blackberries, .30, .50; blueberries, .25, .45; carrots, .20, .35; cherries, pitted, .40, .75; whole, .30, .50; corn, .35, .65; crabapples, .20, .35; currants, red, .30, .55; gooseberries, .30, .50; greens, .25, .45; parsnips, .18, .25; peaches, whole, .35, .60; peaches, halved, .45, .70; pears, .30, .55; peas, .40, .70; pineapple, .30, .50; plums, .30, .55; pumpkin, .20, .35; quince, .25, .40; raspberries, red, .40, .70; rhubarb, .18, .25; squash, .20, .35; strawberries, cultivated, .40, .75; strawberries, wild, .50, .95; succotash, .30, .55; tomatoes, whole, .25, .45.

ENTERTAIN DELEGATES OF Y. M. C. A. AT SPECIAL DINNER.

Sixteen Y. M. C. A. representatives from all over the state of New Hampshire were entertained at a special dinner at Smith Hall, served under the direction of Miss Beulah G. Bettell, Monday night

The representatives were here to arrange for County Y. M. C. A. groups in different sections of New Hampshire with headquarters at Durham. Among the guests was Gov. John H. Bartlett.

TO HOLD BOX PARTY IN GYMNASIUM NEXT WEEK.

A most interesting program is being planned for Saturday evening, May 24, when a box party for all students will be given at the gymnasium, under the auspices of the Y. W. C. A. Opening with a grand march and Virginia Reel, the program will also include games, stunts, and a short entertainment. The most amusing feature of the evening is to be the auctioning off, in a novel man-

ner, of the "boxes," which are to be furnished by the girls, and will each contain a lunch for two. All are invited to come and share the good time. The proceeds from the "auction" will be used toward the Silver Bay Loan Fund.

GIRLS' DRAMATIC CLUB GIVES PLAY

Present the "Deacon's Second Wife"—All Parts Taken by Girls—Good Crowd Out—Clear \$75

"The Deacon's Second Wife," a three-act play, was presented by the Girls' Dramatic Club in the gymnasium last Friday night under the direction of Miss Helen Bartlett.

The parts were all very well taken and showed the results of careful coaching. The male parts were especially well acted.

Sadie Marion Griffiths, '22, and Fanny Spinney, '22, were good in their parts as Malvina and Hiram Fitz and cleverly portrayed those characters. Emma Wetherbee, '19, as Dorothea and Kathryn M. Aldrich, '21, as Philip, an artist, were ideal lovers. Ruth M. Colburn, '21, took the part of an eccentric old gentleman much interested in chrysanthemums and the stock exchange, Helen Adams, '20, as his wife, tried to help the lovers in their affair.

MUCH HUMOR

The humorous element was furnished by Elvira L. Benfield, '22 and Catherine Sargent, '22, as Milton and Nancy, the Deacon's two children, who cut up many capers. Their song about "King Alcohol" was cleverly done. Helen Donahue, '20, as Ernest Rench, and Gertrude Sprague, as the Deacon's second wife, were very good in their respective parts. Grace Atwood was an aspiring young journalist looking for first hand information and with her ever present notebook furnished much amusement. One of the best acted parts was by Freda Gould, '22, who, as a gossipy old neighbor, kept running in to keep an eye on her neighbor's affairs.

The cast of characters was as follows: Malvina Fitz, Sadie M. Griffiths, '22; Deacon Hiram Fitz, Fannie M. Spinney, '22; Milton George Washington Fitz, Elvira L. Benfield, '22; Nancy Melissa Fitz, Katherine M. Sargent, '22; Mrs. Brown, Freda Gould, '22; Kate Rollins, Gertrude M. Sprague, '22; John D. Bullock, Ruth E. Colburn, '21; Mrs. Bullock, Helen G. Adams, '20; Dorothy Bullock, Emma L. Wetherbee, '19; Hartley Bullock, Grace E. Atwood, '19; Ernest Rench, Helen B. Donahue, '20; Philip Gamboge, Kathryn M. Aldrich, '21.

This is the first play which has been given by the Dramatic Club this year.

Miss Helen Bartlett coached the play and Mrs. Harold Scudder assisted with the make-up and costumes.

Because of the resignation of Louise M. Richmond, '19, as treasurer. Caroline Perkins, '19, took charge of that part of the work and handled it in a very creditable manner. She deserves much praise for her faithfulness and interest in the work of the Club. The Dramatic Club is indebted to Mrs. Clarence Scott and Mrs. Charles Hoitt for furniture loaned and to Mr. Schramm for his services.

The ushers were Pauline McDonough, '22, Dorothy Shane, '21, and Esther Young, '22. Helen Whittier furnished music between the acts and dancing was enjoyed after the play until eleven o'clock. The play was also a financial success as \$75 was netted.

ATHLETIC ASSOCIATION TO NOMINATE OFFICERS.

Following chapel exercises on Wednesday, May 28, the Athletic Association will meet for the purpose of nominating officers for the year 1919-1920. At least two persons must be nominated for each office. The election to office will be held one week after the nominations are made and will be conducted according to the Australian system of balloting.

NEWSY ITEMS OF THE ALUMNI.

KENNEDY, '09, OFF FOR SUMATRA, D. E. I.

Goes Back After Short Visit to States—Atkins, '18, Leaves for Home—Other Snappy Notes from Alumni

C. D. Kennedy, '09, has left New York and is crossing the states to San Francisco, where he is to take a boat to Sumatra, Dutch East Indies. He returns to his work at Kisaran, Asahan, after having been to the states on business for the United States Rubber Plantations Corporation for which he is manager at Sumatra.

Stephen DeMeritt, '12, took up a position with the Highway Department of Trenton, N. J., last Monday in some phase of engineering construction work. He returns to this position having given it up during the war to assist in the production of war gasses at a plant in Saltville, Virginia.

L. D. Jesseman, '14, becomes horticultural advisor for the Hampden County Improvement League located at Springfield, Mass., this week. To do this he is giving up a position as instructor of pomology in the Department of Horticulture at the Pennsylvania State College, where he has been for about two and one-half years. Previous to the latter position he was principal of Jefferson High School and obtained a degree of Master of Arts in 1916 from graduate work in horticulture.

Perry E. Tubman, '13, has been transferred from the offices of the American Telephone and Telegraph Company at Boston to Providence, Rhode Island, being appointed to a more lucrative position.

E. D. Hardy, '06, is doing engineering work in Poutiset, Mass.

F. L. Haseltine, '19, "Merk," is at Exeter, N. H., working under the Agricultural Department of the United States.

D. B. Merrill, 2-yr. '16, and V. H. Smith, '16, were two names not included in last week's list of men in the service. The former was a corporal in the army, his home town was Sutton, N. H., and the latter was a second lieutenant in the army from Hudson, N. H.

Lieut. Harry C. Atkins, '18, will be in Durham at commencement if all goes well. His squadron was relieved from the Army of Occupation April 9 and left Coblenz, Germany, April 16. When he wrote, April 23, they were fully equipped and had their records up to date. His squadron was one of the many American aero squadrons to be presented with pennants embroidered by a society called "Women of France." Lieutenant Atkins finds Paris "some town." He flew from Coblenz to Toul as part of the journey. The day before his trip to Paris he had an N. H. reunion with Lieut. Walter Reid, '20, of the 88th squadron at Treves and Lieut. Sumner Carlisle, '08, of the 91st. Lieut. Reid had come to Coblenz to ferry one of the ships of the 91st back to the 88th squadron. From Colombeyles-Belles, France, Lieutenant Atkins is on his way "toward the dear old U. S. A. and his family and friends."

L. L. Sawyer, ex-'18, writes from "The Presidio of San Francisco," 44th U. S. Infantry, M. G. C., that he is hale and hearty and looking forward to seeing "the east" once more. At present "Bull" is working on "other men's discharges" in the Personnel Office of the Post. He has been in the service nearly a year.

Second Lieut C. S. Waterman, ex-'18, is an "M. P." officer at Brest. "Widder" has a big white horse to ride on, is feeling fine and expects to be among the last to be sent home to the United States.

P. C. Cole, ex-'20, is back in civilian life again and is working in the supply office at Camp Devens. "P. C." was lucky enough to enlist, go across, get back, and be discharged all in eight months. He looks forward to a visit to N. H. C. in the near future.

C. G. Sawyer, ex-'20, sends regards to all acquaintances at N. H. He is now in the "Black Watch," stationed in Scotland, and eager to see the states once more.

Carl D. Smith, 2-yr. '17, of the 102nd Machine Gun Battalion, B Company, left this week for Kansas to visit his mother. He but recently returned from across arriving in this country on the Patricia April 17, 1919. He went overseas September, 1918.

Lieut. Douglas R. Newbold, '20, now a strapping fellow of 190 lbs., has taken a position in Canada. He saw C. S. Waterman, '18, a short time ago in Brest where the latter was on duty as Military Police.

Gordon L. Fox, '20, is planning to return to college next fall. At present he is teaching in Lisbon, N. H.

Captain Geo. E. Perley, who was given leave of absence from his position as associate professor in chemistry, at the outbreak of the war, visited Durham this week while on leave from the U. S. Nitrate Plant No. 1, Sheffield, Alabama, where he has been superintendent of the oxidation building. He expects to get his discharge this month.

Alumni at Lisbon, N. H., gave a delightful breakfast party at the hotel there in honor of the visit of a member of New Hampshire College faculty, Professor Whoriskey. The hosts and hostesses of the party were L. S. Morrison, '10, Gordon L. Fox, '20, Miss Mary F. Murphy, '15, Miss Hazel S. Winn, '18. Mr. Morrison is superintendent of schools, head of the board of trade, and probation officer of Lisbon. The others are teaching in the Lisbon schools.

COL. HUNT TO LEAD TROOPS IN LONDON.

Colonel Charles A. Hunt, a graduate and former commandant of New Hampshire College, is to lead a regiment of American soldiers to parade before King George in London on Empire Day. A report printed in the New York Evening Post on May 6 follows:

A crack regiment which will participate in the Empire Day celebration in London, May 24, is being organized from the troops of the six regular divisions in the Army of Occupation. The regiment will be commanded by Col. Charles A. Hunt, of the Eighteenth Infantry, and will consist of two companies from each division. The regimental band will consist of picked musicians from the troops of the Army of Occupation, or Pershing's Band, now in the United States, will be sent to London to furnish music when the Americans march before King George.

CAPTAIN L. W. CRAFTS IN CHARGE OF CASUALS.

It was erroneously stated in the New Hampshire that Captain Leland W. Crafts has been discharged from the Regular Army.

Captain Crafts is at the present time on duty with District 6, Camp Merritt, N. J. He is in charge of the organization of Casual Companies, the rectification and completing of the men's records and the taking of these companies to various camps for discharge.

SENIOR CLASS ELECTS COMMENCEMENT COMMITTEES.

An important meeting of the senior class was held in Thompson Hall, Wednesday, April 30.

Louis Hoffman was elected treasurer to fill the vacancy caused by the resignation of John J. Shillaber. It was voted that all Seniors should wear caps and gowns to chapel during May and June.

The Commencement committees and officers were also chosen. The Class Day officers are: Address to Undergraduates and Faculty, A. B. White; Class History, Ethel Kelleher; Class Will, A. H. Moody; and Ivy Oration, Mary McCarty.

The committees in charge of Commencement are: Executive, W. E. Shuttleworth, A. B. White and Arthur Clapp. Invitations and Orders, C. C. Dustin, (chairman), Miss Muriel Chamberlain, and Frank Prescott. Class Day, Thomas Cochran (chairman), Miss Louise Richmond and Clement Belyea. Caps and Gowns, Carl Mathes and Miss Miriam Sanders. Commencement Ball, W. E. Shuttleworth, marshal; Miss Ada Langley, Miss Mary Poland, Miss Melba Shuttleworth, Hamilton Rumrill, Arthur Clapp, Oral Page, Willard Nudd and Louis Hoffman.

AGRICULTURAL CLUB TO HAVE BANQUET

Annual Banquet to Be Held June 6—Dr. Howes Discusses "Physics and the War"

An interesting meeting of the Agricultural Club was held in their club rooms in Morrill Hall on last Monday evening. It was decided by the club to have a banquet on the evening of June 6, and a committee composed of Arthur R. Mann, K. D. Blood and Pres. O. A. Page were placed in charge of the affair.

Dr. H. L. Howes was introduced as the speaker of the evening. Dr. Howes took as his subject, "Physics and the War." The fact that the stability of a plane varies with the curve of its wings was explained. The club was also told how new types of planes were tested out in wind tunnels with miniature planes and dummy engines, thus providing a larger safety factor when the real thing was tried out. Altimeters and their part in winning the war were mentioned in connection with their use in aeroplanes.

Two methods of locating big guns used in the war were explained by Dr. Howes. In the battle of Messines Ridge, the English troops were able to locate and destroy sixty big guns through the means suggested by physicists.

Another device that came into use along the last of the war was used to detect machine gun nests by means of the sound waves they sent out.

The detection of submarines by the sounds they made at both short and long distances were successful only through devices thought out by physicists.

How the wireless telephone is able to transmit sound by means of amplifying a small sound wave onto the larger wave of the wireless was explained by Dr. Howes.

In conclusion Dr. Howes brought out the need of men trained in science to help win any future war this country may be engaged in.

CERCLE FRANCAIS.

The Cercle Français held its regular meeting Thursday evening at 7.15 in Thompson Hall. The constitution has been finished and adopted, and the meetings are now to consist of programs carried on in French. Membership is still open to those who wish to join, and who can meet the requirements for membership.

PROF. WHORISKEY ON HARVARD VICTORY REUNION COMMITTEE.

Professor Whoriskey has been appointed as member of the '97 class at Harvard to be one of the committee to arrange for the big Victory reunion to be held June 17-18. Already arrangements have been made for a banquet at the Copley Plaza. There are 400 in the class and at least three-fourths of them are expected to be present.

ANNOUNCE PRIZE WINNERS OF GLEE CLUB CONTEST.

The prize winners have been announced for the song contest conducted by the Girls' Glee Club, which closed on April 15. Louis Hoffman, '19, won the first prize of \$5.00, with a song entitled, "Get in the Fight," of which both words and music were original; Harold Ladd, '19, won the second prize of \$2.50, with "New Hampshire in the Trenches," also with original words and music; and Alice Kemp, '19, was awarded third prize of \$2.50 for the verses called "Our N. H. C." to be sung to the tune of "Ach, Du Lieber Augustine." All of these new songs, as well as those of the song contest held last year, will be included in the new edition of the college song book, to be issued next year. The judges for the contest were Mr. Walter M. Dalglish, Dr. A. E. Richards and Mrs. Hetzel.

The regular meeting of the New Hampshire Young People's Society was held Sunday evening, May 4th, at the church vestry, with about 35 present. Following the social hour a brief business meeting was held, at which it was decided to continue the refreshments for the social hour, and to pay for these by voluntary contributions. The program was in charge of Norman Randlett, '22.

The Church in Durham

REV. VAUGHAN DABNEY, Pastor.

Welcome, Alumni and Friends

Of New Hampshire College

Durham Church extends a cordial greeting to all alumni and friends of the college who have returned for House Party Week. You are cordially invited to attend church services next Sunday, when Mr. Dabney speaks on "The Creed of a Country Church."

Remember the 200th Anniversary Celebration with the Historical Pageant on Saturday, May 31, and the special services on Sunday, June 1st.

ENGINEERS HEAR LECTURE ON ROADS

Fine Talk by Mr. P. P. Sharples of the Barrett Co. on New Hampshire Roads—Acquainted with Local Conditions

At the Engineering Society meeting on Monday evening, in the Physics lecture room, Mr. Philip P. Sharples of the Barrett Co., spoke in place of Mr. Crandell, who was scheduled for that time. Mr. Sharples took for his subject, "Roads in New Hampshire." This subject is a vital one to any person interested in the public welfare and the talk on Monday evening was made doubly interesting because of the fact that the speaker was closely acquainted with New Hampshire roads and with the best methods for improving them.

Mr. Sharples stated that we are fortunate in having a minimum amount of clay in this state. In some places there is a great deal of sand as along the Merrimac valley but gravels predominate in most districts. Gravel roads are cheap, easily built, and very satisfactory, where the traffic does not exceed 300 vehicles a day. If more than this number use the road a surface coating of some form is needed and where the daily traffic is in excess of 3,000, macadam is absolutely necessary. Our gravels are very good to use in making of macadam roads.

DRAINAGE IMPORTANT

One of the main points of road building is drainage. A road properly drained will last much longer with less care than an imperfectly drained road. Gravel or surfaced roads will "lump up" when used in excess of their capacity and it is then necessary to drag or roll them or better still to rebuild them.

A very important point was that there is never a "permanent" road. This applies to cement as well as other types. Constant care is necessary to preserve all roads, and a patrol system is the best way to give this care. A very thorough patrol system has been organized in New Hampshire which may be said to have as a motto, "A stitch in time saves nine."

After the talk the speaker was asked many questions which were illustrated by examples of local roads known both to the questioner and to Mr. Sharples. Lantern slides illustrated the talk.

COLLEGE HERD MAKES 100% RATING IN TEST.

The college dairy herd, numbering more than sixty animals in all, was tested for tuberculosis a few days ago by Mr. W. A. Naunery, a veterinarian from the Bureau of Animal Industry, U. S. Department of Agriculture. There were no reactors in the entire herd, much to the satisfaction of the herdsmen M. N. Quoregna, and Prof. J. M. Fuller, head of the Dairy Department.

This work carried on by the Bureau of Animal Industry was started in this state last fall and provides ultimately for the establishment of accredited dairy herds. Only dairy herds that had no reactors through several tests will be allowed to represent themselves as accredited, thus giving the man with a healthy herd a clean bill. Much interest is being taken in the work throughout the states, and calls for the testing work to be done are coming in rapidly.

MAJOR HALLS ELECTED NEW FIRE MARSHAL.

At a special meeting last week following the fire in Morrill Hall Major Harvard M. Halls was elected Fire Marshall of the new Fire Department which will be formed at once.

Specially selected men will be trained as captains, assistant captains and foremen of the several companies of Hose Wagons, Chemical Engines, Ladder Company and Extinguisher companies.

Each company will have specially trained men as nozzle men, coupler men, hydrant men and salvage men, in other words, everyone will know just what to do at a fire and not run around and do nothing.

The nozzle men will know just how to fight different kinds of fires. Coupler men will know how to make good non-leakable couplings in record time. Hydrant men will know where hydrants are in each building

and get their companies there at once without hunting for an hour to find a connection. Asst. chiefs will see that the main valve in the building are turned on full as they are kept at half pressure except during fire.

Cards will be printed and distributed to every person in Durham with the fire whistles signals on them. Everyone should carry one in their pocket as they are made small enough for that purpose. Every house should have one directly in front of the phone. Every building will have a large one just inside of entrance. There will always be large extinguishers on every floor of every building in the Hall.

Fire drills will be given to classes in all buildings.

All rooms in dormitories with fire escapes leading from them will be marked with a Fire Exit sign on top of door frame and a small red light for night.

Y. P. S. MEETING.

The New Hampshire Y. P. S. met at the church last Sunday with a large attendance. After the social hour and the refreshments of ice cream and wafers, the students opened the meeting by singing hymns. The topic for discussion was, "Are College Convocations Fulfilling the Religious Needs of the Students?" Miss Lora E. Sleeper, '22, was in charge of the meeting which closed with the singing of "Alma Mater."

DURHAM QUOTA JUMPS \$2,150 AT MOVIE RALLY.

Through the combined efforts of Doctor McKay, Major Halls, and Sergeant Wolf, at the "movies" last Saturday night, N. H. C. went over the top in the Victory Liberty Loan in a way which was highly creditable to the students, to the faculty and to the military department of the college.

Doctor McKay and Major Halls each gave a brief talk setting forth the necessity of standing behind the government and finishing the task so well begun. During the few moments that were left before the loan closed, \$2,150 were subscribed. At least \$300 of the money thus raised was due to the promise of Sergeant Wolf that he would sing a song as soon as he had disposed of certain applications that he held in his hand. The Sergeant proved that he was too "old a bird" to be caught easily, by insisting that the audience sing "America" with him. He had not agreed to sing a solo.

As time was so limited, all applications were taken to the Strafford Savings Bank in Dover, regardless of what bank the subscriber had designated. The place of payment can be changed later by anyone desiring to do so. The subscriptions credited to N. H. C. reach a total of \$12,050. It is not yet known whether or not this college will be one of the ten awarded war trophies by the govern-

ment, although it is certain that old New Hampshire must stand well in percentage contributions

GLEE CLUB AND ORCHESTRA HOLD CONCERT AT EPPING.

The second concert of combined Glee Club and Orchestra was given at Epping May 8. There were twenty-five men in all, who took the trip, eighteen of whom were in the Glee Club and seven in the orchestra.

The trip was not without its accidents. Upon leaving on the 5.42 train it was discovered that Hoffman and Weigel, with all the music for the orchestra, were among the missing. Some one on the last car saw the couple on the run, too late to catch the train. This fact, in addition to the absence of Nichols, who regularly sings second bass in the quartet, caused considerable anxiety. To make matters worse, one man left the coat of his dress suit behind and was unable to sing with the rest.

However, the concert went off much better than was expected. Hoffman and Weigel came over with Foster in his auto and appeared on the scene just as the curtain was going up. Pollard substituted for Nichols on the quartet and sang very well. Irish could not keep sober and produced laugh after laugh. The music by the orchestra was excellent and the chorus singing of the Glee Club went off in fine style.

THREE STRINGS

To the bow of Granite Monthly agents. New Hampshire College students, who will have some free time this summer, should address H. C. Pearson, Publisher, Concord, N. H., for particulars of his offer.

No Matter What Price A Man May Pay Us

For his Summer Clothes, he is assured satisfaction in Quality, in Style and in Service. He is also assured better value for his money than he can get elsewhere. Both of these assurances are backed by years of making good.

Investigate these advantages; it is well worth any man's time to do so, especially when every man wants fashionable apparel for summer.
