CLASS VISITS AMOSKEAG PLANT

Senior Class in Accounting Take Instruction Trip

HAVE GOOD TIME

Go Through Amoskeag National Bank, Mill No. 11 and Sullivan Cigar Factory—No Mishaps on Trip

The advanced class in accounting, under the leadership of Mr. Victor W. Bennett, visited Manchester last Tuesday on the first instruction trip of the year. The Amoskeag National Bank, the Amoskeag Mills and Sullivan's 7-20-4 Cigar factory were visited by the class. The trip was for the purpose of seeing the various accounting systems that are in use in these different factories, and their relations to the respective business.

The class left Durham on the 8.54 and arrived at Manchester about 10.30. The first place visited was the Amoskeag National Bank. There under the supervision of the vice president the class was taken through the bank from top to bottom. The various kinds of forms that are used by the bank in its relations with other banks and the different kinds of checks that are placed on the different departments were all explained to the students.

After leaving the bank the students separated and each wended his or her way to a suitable eating place. After dinner the class visited the Amoskeag Mills. There under a very courteous guide the class was taken first through the employment office and then through the accounting department. In the latter much interest was displayed in the various multiplying, dividing and adding machines that were being used by the company. Other things (?) too, were of great interest to some of the members of the class.

GO THROUGH MILL NO. 11

Leaving the accounting department the class was taken through Mill No. 11. There they followed the making of the various kinds of cloth from start to finish and much enthusiasm was shown by the members of the class in the many different machines and methods that were used in the different processes. After leaving this mill, the class went through the heating plant. The brass rails that surrounded some of the dynamos were very suggestive to certain members but as New Hampshire is a dry state these suggestions could not be carried out.

Following the trip through this plant the class visited the Sullivan 7-20-4 cigar factory. Here labor conditions were deeply inquired into and much information was obtained. Upon the completion of the trip around this plant each member of the class was given a 7-20-4 cigar. This latter was especially pleasing to the men and as for the women nothing can be said (anyway none of the men saw the cigars that were given the women—they were probably thrown away?)

The class arrived in Durham on the 6.10 train feeling well satisfied that a day could not have been spent more beneficially or pleasing. The students who made the trip were, Miss K. S. Aldrich, Miss Mary Cressey, Miss Sarah Greenfield, Miss Grace Atwood, Miss B. Richmond, A. E. Clapp, John Stacord, M. H. Strain, C. A. Wakefield, C. J. O'Leary, Jr., G. W. Patten and O. L. Garland. Mr. Victor W. Bennett, instructor in the Economics department, was in charge of the trip and is to be complimented on the clock-like style with which everything was carried out.

On Wednesday, May 28, Professor Simmers addressed a meeting of the State Parent-Teacher Association in Concord on the subject of Co-operation in Education.

ENGINEERS HEAR E. W. MANTER TALK

Lectures on the Latest Type of Insulators as Developed by the Westinghouse Company—Brings Out Many Important Points

E. W. Manter of the Westinghouse Electric and Manufacturing Company spoke to the Engineering Society on Monday evening, in the physics lecture room. His subject was, "The Latest types of insulators as developed by the Westinghouse Company." Mr. Manter said in part:

"Insulator manufacture is a direct descendant of the art of pottery, some of the first insulators being made by pottery companies. Even now revolving wheels and molds are used which differ only slightly from the old potter's wheel.

MATERIALS NEEDED

The materials for insulators are flint, feldspar and clays. A great deal of research has been carried on to find just what proportion of these three is best for the many different conditions and climates to which insulators are subjected to. As there are many grades of these materials a further field for study is opened to determine the grade as well as the proportion.

The success of a batch depends a great deal on the thoroughness with which it is mixed. To obtain this result a complicated mixing system has been worked out which does not allow the batch to stop moving until it is taken for use.

"After the insulators are formed they are dried and then fired in large natural gas ovens. The temperature of these ovens is about 2,500 degrees F. and is regulated by aid of pyrometers. A glass like glaze is baked on the outside which protects the inner layers.

"FARADOID"

The Westinghouse Company's new insulators are sold under the trade name of "Faradoid" and are not only more sturdy but show a much higher and lasting insulating power than any previous type. This is especially true when they are compared with other types under adverse conditions such as in sleet storms. The secret of their success is that between the rain shields or aprons there is a paraboloid surface which conforms to the direction of the flow lines of the electrostatic field. The design of the individual shells is such that distribution of electrical stress is uniform. These principles make use of a natural phenomenon to aid in insulating the high tension currents. The insulator is also protective against rifle fire and stone throwing."

After his talk Mr. Manter answered many questions and related many experiences of his own, that had direct bearing on the work of an engineer.

The next meeting of the society will be June 9, at which the officers for the next year will be elected.

1921 ANNOUNCES ELECTION OF GRANITE BOARD.

At a recent meeting of the Sophomore Class Albert S. Baker of Contoocook, N. H., was elected Managing Editor of the 1921 Granite. The class chose a committee of four to assist the Editor in the appointment of the remainder of the Board. The committee met on Wednesday and announces the following elections:

- Albert S. Baker, Managing Editor
- Richard F. Carpenter, Business Manager
- Gilbert N. Wiggins, Assistant Business Manager
- Ralph N. Johnson, Photographic Editor
- John M. Cotton, Asst. Photographic Editor
- George McKenzie, Art Editor
- Louise Burdett, Asst. Art Editor
- John M. Cotton, Associate Editors
- Horace E. Hobbs
- Charles W. Shepherd
- Alice B. Scott
- Dorothy Chase
- Annie M. McWeeny
- Alice R. Knox
- M. Jemima Dore

ACADEMY HOLDS FIRST MEETING

New Hampshire Scientists Get-together at Concord

ELECT OFFICERS

Prof. O'Kane Elected Secretary and Treasurer—Dean Groves Talks on "Science and Social Unrest"

The first meeting of the New Hampshire Academy of Science was held Saturday, May 24, 1919, in the auditorium of the State Historical Society Building, Concord, N. H. The proposed constitution was ratified and the following officers elected:

President, John M. Gile; vice president, Hugh K. Moore; Secretary and treasurer, W. C. O'Kane; executive committee: four years, Prof. J. H. Gerould; three years, E. C. Hirst, State Forester; two years, Frederick E. Sears, St. Paul's; two years, V. E. Nunez.

Dean Groves of New Hampshire College spoke on "Science and Social Unrest." In this address he developed the ways in which scientific advancement in recent years had contributed to the growth of social unrest and the ways in which scientific advancement of recent years had contributed to the growth of social unrest and the ways in which science will in the future, help to correct this state of affairs.

In the evening Mr. Gerald H. Thayer spoke on "Camouflage and Protective Coloration." Prof. Goldthwaite of Dartmouth College also delivered an address on "Geology in New Hampshire."

Prof. W. C. O'Kane of New Hampshire College was elected secretary and treasurer.

The following are extracts from the constitution on the qualifications for membership.

ARTICLE III.

Membership.

Section 1. Qualification for membership.

There shall be two classes of membership; Active and Honorary.

Candidates for active membership must not be less than 25 years of age and must be proficient in some branch of recognized science. Candidates who hold no degree from an approved university or technical school must have had such training and experience and have attained such degree of proficiency in at least one branch of science as to meet the approval of the Committee on Membership.

Section 2. Applications.

All applications for active membership shall be made to the Secretary in writing and shall embody a concise statement of the candidate's professional training or experience and shall be in a form and such detail as the Membership Committee may prescribe. The applicant shall give the names of at least three persons to whom he is personally known, and whose scientific standing is satisfactory to the Membership Committee and at least two of whom shall be members of the Academy. Each of these shall be requested by the Secretary to certify to the standing of the applicant. On receiving a favorable report from at least two of these references, the applicant shall be eligible to recommendation by the Membership Committee.

(Continued on Page Two.)

MANY HUNDREDS RETURN TO DURHAM

Visitors from All Over New England Here Today for Big Pageant—Old Home People Throng Back for Glimpse of the New Durham

Hundreds of people came to Durham last night and this morning from all parts of the state to witness the celebration of the 200th anniversary of the founding of the Durham Congregational church which will take place here this afternoon.

The spot which has been selected for the pageant is most ideal and the spectators who will sit on the slope below the Sawyer home will command a view of both sides of the river.

On one bank will be an Indian village with its wigwams and campfire where the Indians will execute their war dance.

On the opposite bank is the settlement of the white men composed of log cabins, school and church. Realistic touches have been added by an old fashioned "stocks" where the "bad" men are kept, and by some old wooden cradles. Women will be engaged in spinning, soap making, weaving and other such employments. The fight between the Indians and settlers promises to afford some excitement.

An interesting part of the program is two swimming and canoe races for the girls.

TEA TO BE SERVED

The Durham Girls' Club under the direction of Rachel Bugbee, Helen Whittier and Miss Beulah Bettell are to open a tea room at the old library building for this afternoon. Tables will be set under the trees where people may secure sandwiches, tea, coffee and ice cream. Sandwiches will also be sold at the Pageant under the direction of Mrs. Lester Langley. The proceeds of the tea room are to go to the Pageant fund.

No admission will be charged to the Pageant but programs will be sold.

AGGIE CLUB BANQUET PLANS ROUND INTO SHAPE.

The Agricultural Club held a short meeting on Monday evening. It was announced by K. D. Blood, chairman, of the committee in charge of the banquet, that everything was already for the big banquet on the evening of June 6th. Around fifty are expected to be present, and a big time is assured for all Aggie men who can take advantage of this opportunity.

Prof. W. H. Wolff, of the horticulture department read a paper on "The Nursery Business in New Hampshire." Ten different nurseries throughout the state were named as examples of what can be done in this particular line of horticultural work. Some of these nurseries specialize on strawberry plants, ornamental shrubs and evergreens, while others carry on a general nursery business.

Due to the handicaps of a short growing season, relatively low summer temperature, rather poor soil and extremely low winter temperature, fruit trees of the best size can not be grown in this state. Prof. Wolff suggested that one year old whips might be grown, though, at a good profit.

The possibilities were given as very good, especially due to a favorable location, special training or experience of the manager and the right mixture of soils.

B. C. TRIMS NEW HAMPSHIRE AGAIN

SCORE 7-1

Takes Advantage of Blue and White's Errors

Andrews Pitching First Game of Year Allows but Six Hits—Fitzpatrick—in Box for Boston—New Hampshire's Team Lacks Punch

The Varsity lost to the strong Boston College nine last Wednesday by the score of 7-1. The visitors played good ball, taking advantage of New Hampshire's misplays and errors in the fourth to get six runs. B. C. got five of their six hits in that inning and these hits with five bad errors served to sew up the game for the winners. New Hampshire had men on the bases in every inning but the second, but was unable to produce hits to bring in the needed runs. Andrews, the freshman track star, pitched his first game and did very well, striking out five and issuing but three passes.

RALLY IN NINTH

In the ninth, it looked as though N. H. was going to start a rally; Rumazza beat out a slow grounder to the first baseman and was forced out at second on Jenness' grounder to the pitcher. After Shuttleworth struck out, Davis slammed one at the second baseman that was too hot to handle and Jenness advanced at third. On Lorden's roller to the pitcher "Les" was thrown out at the plate. Urban and Bond played well for Boston, Butler and Davis doing good work for N. H.

The score:

	AB	R	H	PO	A	E
Dempsey, c. f.,	3	1	0	4	0	0
Mahoney, c. f.,	1	0	0	0	0	0
Mulcahy, l. f.,	4	0	1	0	0	0
Halligan, 1b.,	3	1	0	9	0	0
Urban, c.,	3	2	1	1	1	0
Boyce, r. f.,	4	1	0	0	1	0
O'Dougherty, 3b.,	3	1	2	1	1	1
Cody, 2b.,	4	0	2	0	2	3
Bond, s. s.,	4	1	1	1	1	0
Fitzpatrick, p.,	4	0	0	0	4	0

33 7 6 27 10 4

New Hampshire.

	AB	R	H	PO	A	E
Broderick, s. s.,	4	0	0	1	5	0
Butler, 3b.,	4	0	2	1	0	0
Smith, c.,	4	0	0	7	0	0
Rumazza, l. f.,	4	0	1	0	0	0
Jenness, r. f.,	4	0	1	2	0	0
Shuttleworth, 1b.,	3	0	0	10	0	1
Davis, c. f.,	4	0	1	4	1	1
Lorden, 2 b.,	2	1	0	1	1	1
Andrews, p.,	3	0	0	1	4	2

32 1 5 2 7 11 5

Score by innings:

1 2 3 4 5 6 7 8 9

Boston College, 0 0 0 6 0 0 0 1 0 7

N. H., 0 0 1 0 0 0 0 0—1

Two base hits: Butler 2, Davis, Cody, O'Dougherty. Three base hits: Urban, Cody. Stolen bases: Jenness.

Struck out: by Fitzpatrick 9, by Andrews 5. Base on balls: off Fitzpatrick 2; off Andrews 3. Sacrifice fly, Lorden. Umpire, Howe.

C. C. DUSTIN ELECTED TREASURER OF 1919 CLASS.

A meeting of the Senior class was held in Thompson Hall, Monday afternoon, to discuss further arrangements for Commencement. C. C. Dustin was elected treasurer to fill the vacancy caused by the resignation of L. B. Hoffman.

YOUNG PEOPLE'S SOCIETY.

The New Hampshire Y. P. S. held a meeting at 7.00 o'clock Sunday evening. After the singing of a few hymns, sandwiches and punch were served. Mr. Babcock then spoke on the tudent Volunteer Movement. He said that the world is looking to the American College for its missionary material. Discussion of the subject followed.

DANCE TONIGHT

MEMORIAL DAY.

With the budding, blossoming days of Spring comes each year a day sacred in the eyes of every American citizen. Memorial Day brings back to all, memories of hardships and sufferings endured by the "men in blue" and it is with a deep realization of their sacrifices and their devotion to a noble cause that this day is set aside in memory of the defenders of a threatened nation.

Today, with a multitude of returning veterans on our shores and with many sleeping in Flanders Fields this realization of the sacrifice of service is quickened and it is indeed with solemn appreciation of their valor that our heads are bowed in prayer.

May God bless our veterans.

"THE LAST LAP."

We are now starting on the last lap of our college year and with the passing of Memorial Day it seems that we have secured our second wind. The final gun has been fired and the rough path strewn with the stumbling blocks of a broken year is lost to sight in the mad sprint to the finish on the home stretch.

Let's remember the bit of philosophy, "He who hesitates is lost," and sprint for the finish with a grit and determination that will carry us across the tape breakers of records, one and all

COMMENCEMENT PROGRAM

Saturday—Alumni Day.

- 10.00 a. m. Baseball, Alumni vs. graduating Class.
- 2.00 p. m., Worcester Tech vs. New Hampshire.
- 2.30 p. m., Alumni Meeting at Y. M. C. A. Hut.
- 7.00 p. m., Moving Pictures, Gym.
- 8.00 p. m., Fraternity Banquets, Chapter Houses.

Sunday, June 15.

- 10.45 a. m., Baccalaureate Address, Gymnasium, John Winthrop Platner, D. D., of Cambridge Professor of Ecclesiastical History at Andover.
- 2.30 p. m. Memorial Service, Gymnasium in honor of New Hampshire College men who gave their lives in the war.

Monday, June 16th, Class Day.

- 10.00 a. m., Senior-Faculty Baseball game.
- 2.30 p. m., Class Day Exercises, Gymnasium.
- 8.00 p. m., Commencement Concert, Gymnasium, New Hampshire College Glee Clubs. Operetta, "Little Almond Eyes."

Tuesday, June 17th, Commencement Day.

- 10.45 a. m., Commencement Exercises, Gymnasium. Subject to be selected. Speaker, Rev. Samuel McChord Crothers.

COMMENCEMENT SPEAKERS ANNOUNCED BY COMMITTEE.

Two fine speakers have been secured for the commencement exercises and as both are unusually gifted men the college is fortunate in obtaining them. John Winthrop, D. D. of Cambridge and Professor of Ecclesiastical History, who will give the Baccalaureate address Sunday, has received honorary degrees from Yale and Western Reserve and is the author of various articles in historical and theological reviews, besides being a contributor to the New International Encyclopedia. Rev. Samuel McChord Crothers is to be the speaker at the Commencement Day exercises. He has received honorary degrees at Harvard, Princeton and St. Lawrence University, and is the author of numerous books, among which are "The Endless Life," "Three Lords of Destiny" and "Among Friends."

DANIELS ENDORSES Y. M. C. A.

The war work of men in the uniform of the Red Triangle who followed the flag wherever it went, proved their heroism and devotion on the battle front and were always present to serve and comfort the American fighting men, says Josephus Daniels, Secretary of the Navy, will remain an enduring monument to the Y. M. C. A. "It is unthinkable," he declares in a letter to the "Y" War Work Council, "that criticism of minor defects here and there should be allowed to cloud for a moment the splendid record made by this great association."

His letter, made public by the Y. M. C. A. follows:

"Only those who were brought in intimate contact with it, and could survey the whole field, are able to appreciate fully the great extent and value of the Y. M. C. A.'s work for our soldiers and sailors. In camps and training stations, at home and abroad, at the fighting front, on transports and at naval bases, it cheered and aided our fighting forces. Its halls and huts were not only social centers, furnishing wholesome recreation and amusement, but were places for mental improvement and moral refreshment. They were bits of America set on foreign soil, reminding the boys of the homes from which they came.

"The men of the Red Triangle followed the flag wherever it went, and were there to serve and comfort our brave boys. They proved their heroism and devotion on the battle front a number being commended for bravery, and several sacrificing their lives in the line of duty.

"It is unthinkable that criticism of minor defects here and there should be allowed to cloud for a moment the splendid record made by this great Association. No big undertaking was ever carried out, without some imperfections, and no organization engaged in such a stupendous work, employing so many men over a vast area, could expect to carry it through without making some mistakes. But so far as I have been able to determine, these have been few and hardly enough to be considered in comparison with the magnificent service rendered. The war work of the Y. M. C. A. will remain an enduring monument to this great organization which is founded for the uplift and welfare of the young men who are the brain and brawn, the dependence and hope of America. There has been in our time no more inspiring exemplification of practical Christianity than the work of the Young Men's Christian Association and other agencies which ministered to the comfort and welfare of our fighting forces."

(Signed), Josephus Daniels.

USING THE TELESCOPE.

Spring is in the air and we are all looking ahead, "using the telescope," to borrow the title of a recent address by a Greater Boston clergyman. Victory gardens are being made and in perspective are bountiful harvests and beautiful flowers. Summer wardrobes are in preparation, "spring cleaning" is in progress, and vacations are being planned.

We are wonderfully prescient when immediate comforts and pleasures are concerned, but do we always extend the telescope far enough to look well into the future? There will be other years, and with them will come greater opportunities. Shall we be

ready to improve them? Are we practicing the thrift which is good business, distinct from hoarding, but paving the way for future success?

A little restriction of present wants; a few more vegetables from the garden; limiting replenishment of the wardrobe to essentials and buying good materials, always cheapest in the end and more satisfactory; less vacation expense, which need not mean less pleasure, these and other bits of carefulness, keeping in mind the margin of savings, will clear the way for wonderful things, perhaps a home, higher education, travel, business of one's own—there is no limit to what the telescope may reveal.

A safe investment is as important as saving, why not put the mites saved into Thrift Stamps, and when practicable convert those into War Savings Stamps, which will work for you night and day. This done the telescope will reveal a substantial accumulation for future needs.

COLONEL BAYARD-SCHINDEL INSPECTS COLLEGE CADETS.

The New Hampshire College R. O. T. C. was inspected Thursday, May 22nd, by Lieut. Colonel J. S. Bayard-Schindel of the Northeastern department. Although a rigid inspection was looked for, and the battalion had drilled each day that week, the weather was inclement and a light inspection was the result. At ten o'clock recitations ceased for the day. The battalion was formed in the gym, and was inspected by Col. Schindel. At about eleven o'clock the battalion was dismissed, the men having a holiday from then on.

THRIFTOGRAMS.

Money invested in War Savings Stamps is never idle.

By putting your money into War Savings Stamps you will be helping yourself.

If you provide against the "rainy day" by buying War Savings Stamps, there will be no "rainy day."

You can compound your interest and further assist your Government by re-investing your Liberty Bond coupons in War Savings Stamps.

Money invested in War Savings Stamps is working for you day and night.

ACADEMY HOLDS FIRST MEETING.

(Continued from Page One.)

Section 3. Election of Members.

It shall be the duty of any member who holds objection to a candidate to communicate that fact immediately to the Secretary. This objection shall be held strictly confidential. At the end of thirty days, the Secretary shall communicate to the Council a statement showing the total number of objections raised in the case of each candidate. If five members of the Academy object to a candidate his name shall be stricken from the list of applicants. If less than five members object the Council shall declare the candidate elected. Provided, however, that any member voting in the negative may address a confidential letter to the Council, stating his objections to the candidate with evidence for the charges made. If the Council upon investigation considers such objections valid, they may, by majority vote, declare an election void. A rejected candidate may make application again at any time after one year. Persons elected to membership shall be notified at once by the Secretary. Applicants elected to the Academy shall be considered thereby to have subscribed to the rules of the Academy. The form of application shall be so worded as to make this obligation clear.

Section 4. Honorary Members.

As the result of unusual ability and public recognition on the part of the scientific world, a person may, upon nomination of the Council and a vote of the Society at large, be made an Honorary Member, but at no time shall this number exceed ten.

Section 5. Expulsions.

For abuse or misuse of the privileges of the Academy or conduct unbecoming a member, a two-thirds vote of the Council may expel any member of the Academy.

Section 6. Dues.

The entrance fee for active members shall be \$2.00. Annual dues for active members shall be \$2.00, until

the first day following the first annual meeting of the Academy. Provided, however, that no entrance fee shall be exacted. The fiscal year of the Academy shall be the calendar year, and annual dues, no matter when paid, shall be construed as applying to the calendar year. Annual dues shall be payable each January 1 in advance. Any person in arrears for three months shall be notified by the Secretary. Any member one year or more in arrears may, on vote of the Council, be dropped from the Academy. All members shall be considered such unless actual resignations are formally presented and accepted. Honorary members shall be exempt from entrance fee and annual dues.

Through an error on the part of the Phi Mu Delta fraternity in reporting their house party the names of the chaperones were omitted in the account of the party published in last week's issue of the "New Hampshire." The chaperones were Mr. and Mrs. Guy Smart, and Doctor and Mrs. McKay.

Cheer for Alma Mater—Many "Grads" on Way Home from France—Roy Graham to Stay in Service

Raymond Smart, '15, saw quite a few of our boys at the intercollegiate Saturday. He is at present working for the General Electric Co. Schenectady, N. Y.

"Babe" Hunting, '19, with a number of New Hampshire men cheered lustily for their Alma Mater at the N. E. I. A. A. meet at Boston last Saturday. "Babe" is an ensign in the navy and has not received his discharge from it as yet.

"Bucky" Burke, '16, dropped into town for a visit Monday. He has been a first lieutenant in the artillery. He spent about a year in France, of which ten months in service at or near the front. He was discharged two weeks ago and has now returned to his home in Concord.

"Chuck" Sanborn, '09, was in Durham Saturday and took a crowd to the track meet in Boston.

"Maze" Wells, '10, spent the weekend in Durham.

E. S. Johnston, '17, is back from France and is now at his home in Springfield, Vt.

S. O. Austin, first lieutenant in command of S. A. T. C. at Carroll college, dropped in for a call this week. He has been recently discharged and is going out West to work.

R. B. Harvell, '18, is on his way home and expects to land at New York the latter part of this week.

Lieutenant Harry Atkins, '18, is also on his way home. He has been in the air service under the department of artillery observation.

"Roy" Graham, '17, captain in the Machine Gun Corps, visited Durham Saturday. He has decided to stay in the army and is at present stationed at Camp Hancock. He says that he expects to be shipped to Siberia soon.

Russell Jones, '18, has sent word that he expects to be home this month. He is with the 33rd Engineers in Italy.

"Harry" Baker, '99, an old first baseman and tackle, was at the track meet Saturday.

Capt. Ralph Monroe Manter, ex-'20, has recently been discharged from the service. He is at present affiliated with the Travellers' Insurance Co., who are giving him at their own expense a course of study so that he may take within eight months a position as a cashier in one of their branch offices. He is now residing with his wife at 54 Main St., Hartford, Conn. Capt. Manter obtained his training for a commission at Plattsburg between Aug. 26, 1917 and Nov. 27, 1917. Upon graduating he became a first lieutenant in the Reserve Corps and was stationed at Camp Devens as senior first lieutenant of a company. Four months later he was placed in the command of a company and was soon transferred to another outfit receiving at the same time a commission as captain in the Infantry. When the armistice was signed he was active commander of a battalion and upon its disorganization he was made personnel officer of the Depot Brigade. He was honorably discharged May 1, 1919.

ANNOUNCES RESULTS OF LOAN CAMPAIGN IN COLLEGES.

In a report recently received by Major H. N. Halls the following results of the Victory Loan Campaign in the R. O. T. C. is given:

The second R. O. T. C. district (New York and New Jersey) had the highest subscription which was \$17,474,400. The first R. O. T. C. district (New England) was second highest with a subscription of \$4,221,500.

The school receiving the highest subscription was St. John's School, Manlius, N. Y., which had a per capita subscription of \$57,239. Yale college was second with a per capita subscription of \$5,106. The other eight of the ten colleges or universities receiving the highest subscriptions were: Temple University, Philadel-

phia, Pa., with a per capita of \$4,468; Pittsburg University, Pittsburg, Pa., \$4,002; Peekskill Military Academy, Peekskill, N. Y., \$3,844; George Peabody College, Nashville, Tenn., \$3,831; Massey Military School, Pulaski, Tenn., \$2,581; Emory and Henry College, Emory, Va., \$2,250; Mass. Institute of Technology, \$2,167; Middlebury College, Middlebury, Vt., \$1,939. New Hampshire College's total subscription was \$12,050.

NOMINATE A. A. OFFICERS.

The regular chapel hour was given over last Wednesday to the annual meeting of the Athletic Association. The report of the previous meeting was read and accepted. Nominations were then made, according to the constitution, for officers for next year. These names are to be posted, and on next Wednesday the election will take place.

BALLARD HALL 1922 GIRLS ENTERTAIN SENIOR SISTERS.

Tuesday afternoon, May 27, the freshmen of Ballard Hall entertained their senior sisters in Ballard Hall parlor. Refreshments of sandwiches, cookies, candy and punch were served. Mrs. C. H. Pettee was present as a special guest. The seniors present were: G. Smith, K. Williams, M. Lewis, M. Baker, D. Hanson, H. Shedd, M. Sanders, M. Poland, S. Seawards and I. Wiggin. Miss Pauline McDonagh was in charge of the arrangements.

COLLEGE FOLK CLUB ENTERTAINS SENIOR GIRLS.

Wednesday afternoon, May 21, from four to six o'clock, the College Folk Club entertained the senior girls in the Y. M. C. A. hut. The picnic was to have been held out-doors, but this was impossible on account of the unfavorable weather. Nevertheless, everyone had an informal, sociable time, playing games and talking around a cosy fire.

Afterward, an excellent luncheon consisting of potato salad, buttered rolls, meat loaf, cake and cookies, ice cream, coffee, and toasted marshmallows, was served, cafeteria style, by the faculty women. The affair was a very successful one and may well set a precedent for other years.

SMITH-HUGHES ACT TO AFFECT ENGINEERS.

New Hampshire College has already instituted teacher training for vocational education, both in Agriculture and Home Economics, and the demand this year for teachers prepared in these courses will greatly exceed the supply.

The teacher training work in industrial education has been set up in the Mechanc Arts course for teachers, but will next year be shifted to the Construction course in Engineering. It will consist of the course exactly as laid out for construction work. Those who take this and wish to be eligible to teach in Smith-Hughes Industrial Schools should take psychology 10-a and follow it by Education 10-a, 11-c and 20-a. During the second term of the senior year the above should be followed by psychology 24-b, and special methods of teaching industrial education. The third term will largely be devoted to supervised practice and to Education 28-c.

This will prepare one to teach in either day or evening sessions of Smith-Hughes high schools. An agent of the Federal Board for Vocational Education is responsible for the statement that such individuals will likely enter Construction Engineering work upon graduation, but that they will likely find frequent opportunity to pick up a few hundred dollars per year by teaching in the part time industrial schools, because it is the practical man with professional training for teaching who is wanted for such work.

Students in the construction courses in Engineering who wish to be prepared for such teaching positions upon graduation from the college should begin their preparation by electing psychology 10-a in their junior year.

New Hampshire plans to have next year a specialist in charge of teacher training for industrial education.

Professor Simmers reports that the demand for teachers of Mechanic Arts for high school work is very much greater than the supply.

BLUE AND WHITE TAKE FOURTH AT N. E. I. A. A.

Make Remarkable Showing at Debut Into Big Track Meets—Nightingale Has Easy Time With Mile—Sawyer Wins Hammer

New Hampshire showed her ability on the cinder path last Saturday in the New England Intercollegiate's A. A., by taking fourth place at the Annual Meet at Tech Field, Cambridge, Mass., with 17½ points. Brown led New Hampshire by only a point and a half, while Wesleyan was only two points away.

Nightingale walked away with the mile and with nobody to push him made the fastest time that has been made in the East this year being clocked at 4:28. He let Jones of Middlebury clip off the first quarter close to sixty seconds; at the half he took the lead and gradually opened up a gap until he broke the tape fully thirty yards in the lead.

The quarter was a whirlwind. Melville easily placed in the second heat of the trials, qualifying thereby for the final. In the final Orman of M. I. T. took the lead with Driscoll of B. C. and Melville running at his heels and Blair of Tufts abreast of him. As they sped into the last straightaway Driscoll with Blair and Melville passed Orman. Then it was "nip and tuck" finally Driscoll having the edge hit the tape two yards ahead of Blair who in turn was a foot ahead of Melville. The fast time of 51 1-5 seconds was the fastest run this year.

"NIGHT" RUNS TWO-MILE

The two-mile run was called fifteen minutes after the finish of the mile and although "Night" had not recovered from his fast race in the mile and with his legs still tired he started the second race gamely. After running six laps and staging a private race with Goodwin of Bowdoin "Night" found himself tiring and dropped out of a race for the first time in his career. However "Cy" Leath and Billingham stuck to the finish and landed third and sixth places respectively.

Felker should have had a place in the 100 but due to an error on the part of an official was missed.

O'Leary ran a plucky race in the half mile, just missing fourth place by inches in the fast time of 1.59 3-5. "Chris" not being used to the "U" shaped track started his sprint too soon and although he fought hard for a place tired before reaching the tape. "Shorty" Sawyer showed them all how to throw the hammer by annexing first place with a mighty heave after a double turn. His distance was 120.7 feet.

ANDREWS IN TWO EVENTS

Andrews was the only New Hampshire man to place in two events taking third in the discus and jumping into fourth place in the broad jump.

Nute was one of seven tied for third in the pole vault. And (can you imagine it?) he won the toss and got the medal.

Vice-President Thomas R. Marshall is an enthusiastic supporter of the 1919 Savings campaign. He was one of the first persons in Washington to purchase \$1,000 of 1919 W. S. S. the limit one person can hold and he also has \$1,000 of 1918 stamps.

"Some girls have money to burn and are always looking for some one to strike a match." Instead of burning the money, why not buy War Savings stamps. There is an affinity between matches and thrift.

HAVE PLEASANT TIME AT COLLEGE BOX PARTY.

The college box party was held last Friday evening at eight o'clock. Although the attendance was not large, the party was a most enjoyable and a quite unusual one. Mr. Werkenthin, the "master of ceremonies," opened the evening by leading a grand march, which was followed by a Virginia Reel. A short entertainment followed, with reading by Annie McWeeney, '21, and a solo by Marion Lewis, '19. Some exciting relay races were next, and then came the auctioning of the boxes, with Professor Fuller as auctioneer. After the luncheon, informal dancing was enjoyed for a short time.

Take care of your dollars now and they will take care of you later.

FRESHMEN DEFEAT FARMINGTON HIGH

Play Good Ball and Score Eleven Runs
to Opponents Eight—Martin
Pitches Good Game

New Hampshire College Freshmen defeated Farmington High last Friday at Farmington by a score of 11 to 8. The Freshmen played good ball and helped Martin well in the tight places. Farmington connected with Martin's deliveries for nine hits while the Freshmen had two big innings, getting four tallies in the first and seven in the fifth. In the first "Deak" Woods knocked in two runs with a fine triple to left center. In the fifth thirteen men faced the Farmington pitcher scoring seven runs on four hits, two passes and four errors. The playing of Martin, Bishop, Marsh and Wood featured for the Freshmen while Hamilton and Anderson played well for the Farmington team.

The score:

Freshmen	AB	R	H	PO	A	E
Goggin, s. s.,	5	0	0	2	2	0
Keane, 3b.,	3	2	0	4	3	3
Carpenter, l. f.,	4	2	1	0	0	0
Marsh, 1b.,	5	2	1	10	0	0
Bishop, c. f.,	5	2	2	2	0	0
McDuffee, 2b.,	5	1	1	2	0	1
Wood, c.,	5	1	1	7	1	0
Osgood, r. f.,	5	1	0	0	0	0
Martin, p.,	5	0	0	0	5	1
	38	11	6	27	11	5
Farmington High	AB	R	H	PO	A	E
Gibbs, 3b.,	4	1	0	2	3	2
Hamilton, p.,	4	1	2	0	3	0
French, c.,	5	2	1	12	3	5
Anderson, s. s.,	5	2	2	0	1	0
Burbank, l. f.,	5	1	0	1	0	1
Huntress, 2b.,	5	0	2	1	1	1
Kimball, 1b.,	4	0	2	10	0	2
Dalpe,	4	1	0	0	0	0
Place, c. f.,	4	0	0	1	0	0
	38	8	9	27	11	11

Stolen bases: Bishop, Osgood, Martin, Gibbs, French 2, Anderson, Huntress. Two base hits: Marsh, Huntress. Three base hits: Wood. Hit by pitched ball: Hamilton, Gibbs. Base on balls: off Hamilton 3. Struck out: by Martin 7; by Hamilton 14. Passed ball: Hamilton. Umpire, Knox. Time, 2 hrs. 15 min.

Scores by innings:

	1	2	3	4	5	6	7	8	9
Freshmen,	4	0	0	7	0	0	0	0	—11
Farmington,	4	1	0	0	0	2	1	0	—8

DEAN GROVES ACCEPTS IMPORTANT CHAIRMANSHIP.

Dean Groves has accepted the chairmanship of the Commission for Social Service of the Congregational Churches of New Hampshire. He has also received an invitation to be the principal speaker at the banquet of the Tri-State Conference of Social Workers, June 26th, at Boston. This conference includes the most prominent social workers of Massachusetts, New Hampshire and Vermont.

NEW HAMPSHIRE MEETS M. A. C. IN FINAL DUAL MEET.

Next Saturday the New Hampshire track team meets Mass. "Aggies" at Amherst in the final meet of the year. So far the Blue and White has had a most successful season on the cinders and hopes to make a clean sweep although they are up against the hardest aggregation so far this year.

M. A. C. has defeated Trinity but has been handicapped in the Easterns and the New Englands by not having their whole team with them. She runs Middlebury today and no doubt will have the upper hand.

Rivalry between M. A. C. and New Hampshire State has long been keen and the two teams should make competition close.

Coach Cleveland has not decided just who shall make the trip but probably those who made the Springfield and Boston trips will go to Amherst.

ENTERTAIN Y. W. C. A. SECRETARY OVER WEEK-END.

Miss Mary C. Weisel, the Y. W. C. A. Field Secretary for this college, was the guest of the local association over the last week-end. During her stay, definite plans were made with individual members of the new cabinet for next year's work, and conferences were held also with the Advisory Board. On Sunday, May 25, the Secretary spent the entire day with the cabinet in a house party,

during which most of the time was given to sessions for cabinet training. On Monday, Miss Weisel spoke to the Rest Room girls at 12 o'clock, and explained, among other things, the meaning and purpose of the summer conferences of the Y. W. C. A. urging them to take advantage of the wonderful opportunities offered there.

ANNUAL INTERSCHOLASTICS START THIS MORNING.

The Seventh Annual Interscholastic Track Meet will be held this afternoon on the College Oval at 2 p. m. The trials will be held this morning beginning at 10 a. m.

Among the most important schools entered are Boston English High, Colby Academy, Maine Central Institute, Pinkerton Academy and Sanborn Seminary. Owing to conditions relative to the war most of the high schools and academies have no track teams.

Those who will bear watching are Emery of Maine Central Institute; Pinkham, Zwick and Whitcomb of Colby Academy; Feeney, Arbene and Mock of Boston English High; and Bakie and Nassikas of Sanborn Seminary.

HORT. 54 CLASS SETS OUT WHOLE NEW ORCHARD.

The class in Hort. 54 has put out more trees in orchards this year than any class for more than several years. The planting was done at the new horticultural farm under the direction of Prof. W. H. Wolff.

The new plantings consist of an apple orchard, pear orchard, cherry and plum orchard, and a new vineyard of 420 grapevines.

Prof. Wolff had the class first lay out the orchards from maps, using a transit to establish base lines, on which to build the planting system. After this work was completed the planting of the trees was done.

Besides the work mentioned above the class has done work in spraying, together with the usual practical work in pruning and grafting.

SENIORS ACCEPT POSITIONS FOR COMING YEAR.

Hamilton Rumrill, '19, has accepted a position to teach mechanical drawing and various related subjects in the high school at Plymouth, N. H.

Clarence Sleeper, '19, has accepted the principalship of the McGaw institute at Reed's Ferry.

Marion Lewis, '19, has been elected to the position of teacher of home economics at Raymond, N. H.

Madeline Pinkham, '19, has accepted the position of teacher of home economics at Hampstead.

Margaret Baker, '19, has been elected teacher of home economics at McGaw institute at Reed's Ferry.

DELTA KAPPA FRATERNITY HOLDS FIRST ANNUAL DANCE.

The first annual dance of the Delta Kappa fraternity was held last Friday evening in Thompson Hall.

The dance was a patriotic one and this idea was carried out in the decorations which included the flags of different nations. The men who at-

tended dressed in army or navy uniform.

Refreshments of punch, ice cream and cookies were served.

The chaperones were Professor and Mrs. O. R. Butler and Mr. and Mrs. Vickers.

Representatives from the other girls' fraternities were present.

The following guests were invited: Miss Sargent, Miss M. Leahy, Miss Sullivan, Miss Hessar, Akerman, Sawyer, Clark, Paine, Davis, Burpee, Harris, Childs, Slight, Brown, Staton, Hobbs, Spinney, Morse, Lagasse, Moody, Miss Poland, Miss Bugbee, Miss Marshall and Miss Atwood.

Music was furnished by Doolittle's orchestra.

COACH COWELL ELECTED DIRECTOR ON N. E. I. A. A. BOARD.

At a meeting of the conference for athletics in the colleges of New England, which was held at the Boston City Club on Friday, May 23, Prof. Whoriskey was made a member of the committee for the selection of officers. The progress that New Hampshire is making in athletics was recognized by the election of Coach Cowell as a director on the executive committee for the year 1919-20.

DRAMATIC CLUB ELECTS OFFICERS FOR COMING YEAR.

A meeting of the Girls' Dramatic Club was held last week for election of officers for the coming year.

The following officers were elected: President, Fanny W. Spinney, '22; manager, Annie McWeeney, '21.

A financial report of the play was given. The proceeds were about \$50.
