PLANS NEARLY COMPLETE FOR ALUMNI HOME COMING DAY
Varying Showing Group—Colby in Trim—Hard Fought Game Predicted—Many Alumni Expected

The annual "Homecoming Football Game" for Colby College, scheduled for Saturday afternoon, Nov. 6th, promises to be one of the best of the year. Colby football, after a few years during which it has struggled against imposing odds, is once more a force to be reckoned with, not only on the football field but in social circles as well. The alumni, who have always taken a keen interest in Colby activities, are on the alert for a successful showing by their old Tiger rivals. This year, however, they face the task of supporting the efforts of the N. H. Club of the Y. M. C. A. for the benefit of the local Congregational Church.

PASTOR DURHAM CHURCH MEETING

Accepts Call to Large City Church

LEAVES DECEMBER FIRST

After Four Years' Successful Work in Community—Mr. Dabney Leaves

The resignation of the Reverend Vaughan Dabney, after four years' successful work and considerable progress in the development of the Congregational church in Madbury, N. H., as its pastor, has come as a surprise to many friends in the town, but as is but natural, the change shows a decided growth in the religious life of the town. The church building is a large structure, containing about 3,000 seats, and is comparable in function to the Durham Community Service building, a large three-story structure, containing over 1,000 seats. The main floor of the church building contains the church sanctuary, and social rooms. The main floor also contains the Congregational club rooms, an organization which is comparable in function to the Durham Community Service. The church building is beautifully designed and is comparable to the Durham Community Service in many respects.

NEW HAMPSHIRE BECOMES TITULAR CONTESTANT BY DEFEATING M. A. C. A.

Hard Fought Battle Proves Supreme Over Rivals—Hangs Up 9 to 0 Score

"DUTCY," "ANDY" AND "SMILES" STAR

Win Over Massachusetts Paces Blue and White Against Annuity. Among Contenders for State College Football Titles—Quinnipiac—Rowe Beals Well in All-Purpose.

NEW HAMPSHIRE put herself in the running for the big time by a first-rate win yesterday afternoon when the Blue and White defeated the Massachusetts Amherst College footballers, 9 to 0, in a game which was played before a capacity crowd on the Carroll Field at the New Hampshire college.

Following the kickoff New Hampshire kicked off to M. A. C. A. and the visitors promptly received the ball. For a time the game was considerably one-sided, Massachusetts playing better than New Hampshire. The visitors however, were unable to make a conversion and New Hampshire hauled the ball out of bounds, thus giving the possession to the Blue and White.

In the first kick off M. A. C. A. sent the ball back to New Hampshire but the Blue and White was again able to gain the possession of the ball on their own forty-yard line. On the second down the Blue and White gained a few yards and was then called for a penalty. The penalty was accepted, New Hampshire taking the possession of the ball on their own forty-six yard line. Massachusetts was then forced to kick the ball away and New Hampshire was able to gain the possession of the ball on the Massachusetts forty-five yard line. New Hampshire at this point had the possession of the ball on their own thirty-five yard line and gained a few yards on the next down.

In the second quarter New Hampshire gained another thirty yards, bringing the ball to the Massachusetts twenty-five yard line. The Blue and White was again penalized for a foul and was forced to kick the ball away again, thus giving the possession of the ball to Massachusetts on their own forty-five yard line. Massachusetts was then forced to kick the ball away again and New Hampshire was able to gain the possession of the ball on the Massachusetts fifty-five yard line. Massachusetts was then forced to kick the ball away again and New Hampshire was able to gain the possession of the ball on the Massachusetts fifty-five yard line.

In the third quarter New Hampshire was penalized for a foul and was forced to kick the ball away again, thus giving the possession of the ball to Massachusetts on their own forty-five yard line. Massachusetts was then forced to kick the ball away again and New Hampshire was able to gain the possession of the ball on the Massachusetts fifty-five yard line. Massachusetts was then forced to kick the ball away again and New Hampshire was able to gain the possession of the ball on the Massachusetts fifty-five yard line.

In the fourth quarter New Hampshire was penalized for a foul and was forced to kick the ball away again, thus giving the possession of the ball to Massachusetts on their own forty-five yard line. Massachusetts was then forced to kick the ball away again and New Hampshire was able to gain the possession of the ball on the Massachusetts fifty-five yard line. Massachusetts was then forced to kick the ball away again and New Hampshire was able to gain the possession of the ball on the Massachusetts fifty-five yard line.

In the fifth quarter New Hampshire was penalized for a foul and was forced to kick the ball away again, thus giving the possession of the ball to Massachusetts on their own forty-five yard line. Massachusetts was then forced to kick the ball away again and New Hampshire was able to gain the possession of the ball on the Massachusetts fifty-five yard line. Massachusetts was then forced to kick the ball away again and New Hampshire was able to gain the possession of the ball on the Massachusetts fifty-five yard line.

CROSS COUNTRY READY FOR MASS. AGGIES

Team Undergoing Intensive Training Alna Veredt Intermediate

With the cross country meet with Aggies at ten noon, New Hampshire's harriers are under going intensive training. Coach Seaton will journey to Anheur and all are determined to do their best this weekend.

NEW MEN IMPROVING

With the presence of last year's crew, the men squad is really on its way to new improvement, as is the women's squad. All the men are working hard and all are expected to do their best. The women's squad will do well in the meet this weekend.

DEAN OF WOMEN

In order to make "The Professor's" next meeting more enjoyable, the following new officers were elected to aid the current officers:

MRS. DOROTHY CARROLL

Office, Avis F. R. C., New Hampshire under the act of March 1918.

1. Use every advantage you have to become interested in your work. The better you understand what you are doing, the more effective your work will be. Look upon your work as an opportunity to learn rather than as a burden to be endured.

2. Don't apply for help until you have tried your best. The work is yours, and the reward of your efforts is yours. If you have tried your best and still need help, then seek it. But remember, help is only a part of the work. You must develop the ability to work independently.

3. Remember that the world is wide and that there are many things to learn. Make the most of your opportunities to learn and grow. The more you learn, the more you will be able to contribute to society.

4. Always be prepared to do your best. Be ready to meet any challenge that comes your way. The more prepared you are, the more successful you will be.

5. Never give up. Even when things seem impossible, keep trying. The only way to succeed is to never give up.
THE SUPREME EVIDENCE OF
DE LAVAL
CREAM SEPARATOR SUPERIORITY

Naturally the cream separator does not make or break the average farm town. The majority of the towns have no serious reason for having or not having one.

But the big user in the whole milk creamery or city milk and cream plant does know, and the long run the separator means success or failure of the plant.

That’s the reason why practically all the big cream separator firms have gone in for the De Laval, only to find that few machines of other make occasionally sold never made their way to the shop anyway. And it may well be realized that De Laval separator is not just as easy as the usual to the job.

That’s why the De Laval rating card helps to settle these facts fairly plain. The trial of the De Laval machine does not cost them any more.

And before De Laval agent stands ready to prove them.
