Under the wise leadership of Robert G. Grimes, formerly President of Florida University and now the head of the college of 1923, the Freshman football team was to be able to maintain the position of honor which it had achieved in 1922. The Freshmen squad had been carefully selected after long and arduous practice and it was hoped that the men would prove their worth on the gridiron. The Freshmen were to be a strong team and it was expected that they would be able to hold their own against the veterans of the Sophomore team.

The New Hampshire State College football team was to be the favorite to win the Eastern Intercollegiate Football Conference.
