TWO LETTERS FROM LEADERS QUOTED

H. R. Parker Sends "Hurry Up Call" to Classes of '06 and '80

Dr. H. C. Lakin Sends Message to Members of Classes of '06 and '08 to Contribute to Memorial Field Fund

The Memorial Field Fund had its last Ballyhoo, the final appeal for funds, last Saturday, and while the increase in its fund was not as large as had been expected, the final appeal for funds was made. The letter from Dr. H. C. Lakin which appeared in the Tuesday issue of this paper, was not without success, either, and the funds contributed as a result of it was an increase of $500.00.

The announcement of the $500.00 increase as a result of Dr. Lakin's appeal, was followed by a letter from H. R. Parker, better known as "Uncle H. R.," who was not content with merely writing a letter, but also sent $500.00 to the treasury of the fund.

Both letters appeared excellent "Hurry up Calls" and were quoted as follows:

H. R. Parker sends "Hurry Up Call" in Class of 1906—1908-

"Dear Uncle H. R.:

"I have been waiting for this opportunity to write you and to tell you of the wonderful news that has come to me from the Memorial Field Fund Committee.

"I am writing this letter from my home in New York City, where I have been for the past three weeks, attending the annual conference of the New York State Farm Bureau. I have been privileged to meet many of the leaders of the farm movement in this state, and I have been impressed by their enthusiasm and dedication.

"As you know, the Memorial Field Fund is a project that has been near and dear to my heart for many years. I have been a strong supporter of the fund, and I have been involved in its activities from the beginning.

"I am happy to report that the fund is now over $17,000, and we are well on our way to reaching our goal of $20,000. This is a remarkable achievement, and I am confident that we will reach our goal in the near future.

"I urge you to continue to support the fund, and to encourage others to do so as well. The Memorial Field will be an enduring tribute to the memory of those who have given so much to the cause of agriculture and to the betterment of our state.

"Thank you for your support, and I look forward to hearing from you soon.

"Yours truly,

"H. R. Parker"

Dr. H. C. Lakin Sends Message to Members of Classes of '06 and '08 to Contribute to Memorial Field Fund

"Dear members of Classes of '06 and '08:

"I am writing to you today to urge you to contribute to the Memorial Field Fund. As you know, the fund is still far from reaching its goal of $20,000, and we need your help to reach that goal.

"I have been active in the fund-raising efforts for the past few months, and I have seen firsthand the importance of the project. The Memorial Field will be an enduring tribute to the memory of those who have given so much to the cause of agriculture and to the betterment of our state.

"I urge you to consider making a donation to the fund, and to encourage others to do the same. Every dollar counts, and your contributions will be greatly appreciated.

"Thank you for your support, and I look forward to hearing from you soon.

"Yours truly,

"Dr. H. C. Lakin"

Entertainment Club to Talk on

Current Topics

The Engineering Club held its reg-

ular meeting at Dearborn Hall, Mon-

day evening, January 24, under the

presidency of G. J. Tice. "Fire alarm

in buildings," by E. H. Bogue, was

the first topic of the evening.

The second topic of the evening

was "Fire fighting," by E. A. Stave,

'22, "How the firemen operate."

A discussion of the topics followed,

the members indicating the pros and

cons of their respective views, but

the discussion did not last long, but

the members of the audience walked

in, in less than a minute, to hear the

discussion of the automatic rifle.

The rifle is operated by pulling the

trigger, thus releasing a spring which

roughens the mechanism.

The first topic that was discussed

was "Fire fighting," which is the

manner of operation of the automatic

rifle. The second topic was "Fire

extinguishing," which is the manner

of operating the automatic rifle.

The third topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The fourth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The fifth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The sixth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The seventh topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The eighth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The ninth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The tenth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The eleventh topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The twelfth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The thirteenth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The fourteenth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The fifteenth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The sixteenth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The seventeenth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The eighteenth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The nineteenth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The twentieth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The twenty-first topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The twenty-second topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The twenty-third topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The twenty-fourth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The twenty-fifth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The twenty-sixth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The twenty-seventh topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The twenty-eighth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The twenty-ninth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The thirtieth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The thirty-first topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The thirty-second topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The thirty-third topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The thirty-fourth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The thirty-fifth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The thirty-sixth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The thirty-seventh topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The thirty-eighth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The thirty-ninth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The fortieth topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.

The fortieth topic was "Fire fighting,

which is the manner of operating the

automatic rifle. The forty-first topic was

"Fire extinguishing," which is the

manner of operating the automatic

rifle.
