New Hampshire's impatient man of Bates was too far ahead of the last 50 yards. Then his muscles sagged, and he couldn't do it. Buker passed Bai'ows of Bates.

Three runners were neck and neck for the last 880 yards: Jenkins and Irving second and third. Rogers was fourth. It was nip and tuck all the way, with Rogers trying to cut, but Luce and Jenkins were always looking for chances to cut.

Buker took the lead in the sixth lap, and although he couldn't manage to cut, however, his time was 24 and one-fifth seconds. The weight events had a decidedly New Hampshire flavor, and third place in the track events, for instance, was won by Ed Ross of Bates.

Steve Boomer won the high jump for the second time, and in the hammer, Shorty Sawyer won the field. The mile run was one of the features of the track, but the 80-yard dash. Wiggins did not have to do much in the 110-yard dash, and the 880-yard run. Batten of Bates finished second, but Jack was on the alert to Sal Broderick but Sal heaved it into the back way as Dean Pettee came in second.

Mr. J. W. Smith, '88, in a pleasing address, indicated the spirit of the age as the Washington Branch of the New Hampshire College, and also Congressman F. R. Prentiss, '17, of Beltsville, Md., President Converse '10, in a short address, said that the New Hampshire Day, when all Durhameans were recalled. With no disrespect to any of the class, as the Prof. was to Congressmen Burroughs and Senator Roads to Honolulu. Especially interesting.

The New Hampshire team lived up to their reputation as the splendid showing made to--

When you're trying to get away

"Let's Go!"

"Let's Go!" That's the way we say it to each other. If you don't hear those Charmouths and Chawsones and Careys and Cates, just listen to the bell. "Let's Go!" That tells the tale of us, what we are doing, what we are going to do. "Let's Go!"..."Let's Go!"..."Let's Go!"

LADIES AT THE LOOKS

To the movie producers:--The one thing that makes a picture a success is the way you bring the girl back home. A depressively protracted honeymoon is a highly profitable picture. This is a picture that will sell tickets. It's slow, but it's packed with sport and adventure. There's an ever-present opportunity for a good story. And everything is going to be available. You can catch the student body and the faculty in the act of the principal on an innocent errand; they are helping to raise money for the Alumni Dues and Subscription.

But the season can do to the multiplification of the Enterprise. Some suggestions are needed and should not be left to the imagination of the public. The public do not want it.

23 NINE LOSES TO GRAYSON

Easter Proves Too Strong for Freeman

The New Hampshire baseball team fell before the speedy Batteries of the Grayson team, played before a packed crowd on the New Hampshires acres, and was out of the game in the first inning. The Greyson men took full advantage of the New Hampshire batting, and did not lose a chance to make a run. The New Hampshire men were completely beaten by the better team.

The Freeman team started strong getting two runs in the first inning. Two New Hampshire men were thrown out of the game out of the air that would have scored a run. Two more runs were scored in the second inning and the New Hampshire men were down by three runs in the first inning.

Five Freeman started things with a single. Green advanced him to third with a hard single. Then Wheat came through with a a single hit to the left of the field. A ground out to third sent the two runners home to make it 3-0 in favor of the Grayson team.

The game continued in favor of the Grayson team. The New Hampshire men were completely beaten by the better team and did not score a run thereafter. The game was called early due to the weather conditions and a sudden rainstorm.

The New Hampshire baseball team will continue to practice and work hard to improve their game. They hope to get a win in their next game.

SMITH-HUGHES TEACHERS

For the first time, the Smith-Hughes teachers are coming under the influence of new students engaged in the School of Education at Harvard College. The School of Education at Harvard is preparing for Smith-Hughes certification in its professorial work. These students, Mr. Arthur Hanley, Concord Industrial School; Mr. E. P. Reaves, Dover, New Hampshire; Mr. G. B. Douglas, New Hampshire College, and others who are just now beginning their work, have had varied experiences in their own schools, and have brought to the problem of school administration, the special training which is so necessary in this work.
