PROGRESS.

The announcement that a new regular course in both public speaking and debate offered next year brings with it a number of advantages for our students. In the first place, the opportunities for debates among college students are in our own town.

For many years our athletic meets have been supplemented by an interscholastic program of athletic gymnastics. This has proved itself so popular that this year it has been expanded and presented as a regular interscholastic event. All preparatory schools in the state have been invited to take part.

We are of the opinion that the interscholastic program will not only be more interesting and enjoyable than in the past, but also more competitive.

The magazine is very short this month. The editors that night. The spirit which
