QUALITY NOT PRICE
We are diagnosed differently, during a recent conference by the Federation of Women’s Clubs, a New Hampshire projecté, where our lives are not based upon the good of the poor, but rather on the quality of life for all. We are not concerned with the number of lives we save, but rather with the lives we have saved.

The following report by the treasurer of the Women’s Club, M. E. Blair, reads by story of success.

"The best way to help the poor is to help them help themselves. After all, the poor are the ones who have the most to give. They are the ones who have the most to lose. They are the ones who have the most to gain."

"This is why I am so pleased with the work we are doing. It is not enough to give them a handout, we must help them help themselves. We must give them the tools they need to help themselves. We must help them help themselves."

Lorin F. Atkins will continue to work with the Women’s Club to help the poor help themselves.
