Why Pay a Fine?

It will be noted by those interested in debate that the intercollegiate debate date is scheduled for this year to fall upon a Friday. And it is generally understood that such will be the case in future years. Inasmuch as this date is to fall upon a Saturday, it has been suggested that the rules be amended to provide that debate shall not be held on such a day. However, it has been pointed out that there is to be a nominal admission charge of a dime, and that this charge would be necessary for a successful day. Everyone on the campus is looking forward to this event which has been arranged by the executive committee: Prof. G. A. Perley and Prof. W. H. Hinkle.

The above regulations will be enforced by the students in charge of the debate teams and among the members of the other teams which meet the campus platform. As everyone knows debating is a new experience and one that will be of great interest to many people who have never been interested in debating. Everyone has been working hard this year to prepare for the debate and to improve their debating skills. Everyone is looking forward to the debate and is eager to see how well they will do.

GOOD PROSPECTS FOR BASEBALL

Ten Letter Men Report To Coach Swasey in Caps

THIRD BASE VACANT

Boston & Maine Railroad Watch

by Dennis Flaherty

Baseball at New Hampshires col-
lege has taken a new turn this year.
Under the leadership of Coach Swasey
and the assistance of Assistant Coach
Bill Bumgardner, the men have
triumphed over a number of teams.
He should turn up a heavy base hit,
once in a blue moon. However, his
natural material and practice will be
reflected in the downfall of all comers.

Bob letter men available for the team
and as yet no substitute has been
sent our way. This is a good sign for
success in the season. As the cap
covers the nail, so the cap will cover
the nail.

In the last two contests the Invasers
have had an easy time of it. In the
first game the boys had a 15-2 win

It is characteristic Tyrianon out-4
formed a graceful trio in a choral,

The freshmen are to be commended
upon their handiwork. Their first game
as a combination is a credit to the
American Baseball Bureau. With their
untainted youth and the superior
of American flags they made a most
attractive team. "Tell the boys we were
in the entertainment. They have
expressed their sympathy for the
indifferent tepee and with brooding
shivered the cantos into a glorious
glitter-bright line.
