If Tablet Is to Be Placed Before Dedication Day More Must Be Done
Furnishing at Early Date

Whether the subscriptions of the alumni will be great enough to enable the committee to have the tablet completed in time for the dedication is a very doubtful question. As the New Hampshire has never applied for contributions, this committee has decided to take on the task of raising the necessary funds. So far the committee has received contributions in favor of this project, 

In New Hampshire. But, so far as the committee is concerned, a great deal of work remains to be done. The committee has now under way a drive to raise the remaining $300 to $400 needed for this purpose. The committee hopes to have the tablet completed in time for the dedication.

Senior classes have made the Pan-Field Fund a subject of discussion. The committee wishes to point out that they have accepted these pledges in the sense of guaranteeing to have the Tablet completed in time for the dedication. If the Tablet is not completed in time for the dedication, the committee will make the best of the Tablet and present it to the college. FRANCIS J. McDONALD,

"The possibility of giving some $1,000 more to the field fund is a real possibility. The committee has received contributions from many alumni who believe that the Tablet is a necessary part of the college's equipment. The committee hopes to have the Tablet completed in time for the dedication.
