SECOND ANNUAL COLLEGE DAY IS CELEBRATED WITH COMPLETE SUCCESS

Full Program of Intramural Sports and Contests
Gives Each Class Opportunity to Display Strength

SPECIAL CONTESTS ARRANGED FOR UNDERCLASSMEN

Freshmen Are Actuated With Much of Luck and Tradition of Alma Mater

Wimp-Ball and Goal-Point Contests-Drag Freshmen in by a Push-Ball Contest Between the Two Teams

Complete success in every detail marked the second Annual College Day held today. The weather was bright and sunny, and the cheers of the students and undergraduates were heard in every ear. The event was made enjoyable by an entertainment of the best type. The program consisted of a foot ball game and the spectacle of college songs by Mr. W. M. Shohet, who has come from Boston to give the performance.

The singing was done in a most enthusiastic manner. The audience was all on foot and the action was continuous throughout.

The football game was the big event of the day. It was played in front of the college chauffeur and the students in the dormitories. The game was won by the college team, and the undergraduates were given an opportunity to display their enthusiasm.

Engineering for the Buyer

It is not enough that electrical apparatus should be carefully conceived, skillfully designed, and exactly manufactured. Engineering, to fulfill all its functions, must go beyond these necessary steps and do a still more enlightened service. It must apply the apparatus to its use, so that not only its design and manufacture are in service, but in all conditions, the whole must be remedied with care fully satisfied.

This function of Westinghouse application engineering covers many fields, and changes itself with many responsibilities. It is engineering that concerns itself with almost every aspect of business: central station, transportation, industrial, marine, electrical, electromechanical. It has the buyer's interest constantly at heart. Westinghouse Application Engineering works with salesmen, with buyers, with consulting engineers, with contractors, and with sales and service men; it finds and investigates new fields; it checks the behavior of apparatus, old and new; it is a bridge over which information passes freely in both directions between Westinghouse and its thousands of clients and friends.

I am glad to be able to work and live in times when the spirit of service dominates commercial operations. The greatest change that has occurred in business in the last few decades has been in the minds of men. No longer need the buyer beware for it is now known that the seller's obligation reaches beyond the completion of the sale; and that it is both wise and right that every responsible effort be made to give the buyer full value in both product and satisfaction. The practice of this policy requires engineering of the highest type in research, designing, manufacturing and every other phase of Westinghouse operations, but nowhere to greater degree than in the field of application engineering, which is essentially engineered by the buyer.
Dear Alumni—

At the annual meeting of the Alumni Association on May 16, 1922, the undaunted was appointed chairman of a committee to work on the subject of the alumni scholarships. This work was taken over by the late Ernest (Chick) Judkins, '11, the committee chairman.

It has been decided to divide the alumni into three groups as follows:

1. All graduation classes prior to 1897.
2. All graduation classes of 1897-1900.
3. All graduation classes of 1901 and after.

Members of each group will be divided into sub-committees of eight, ten, and twenty members respectively, according to need. Each sub-committee will be responsible for the collection of the scholarship money as outlined in the approved plan. Members of the sub-committees will be entitled to receive one dollar per month for their assistance in the work of this committee.

The policy of this committee in brief is as follows: No funds will be solicited for the immediate support of classes as a whole, but only from members of the class who are interested in the work of the committee. All checks are to be made payable to E. D. Hardy. This is merely a matter of propriety.

There were from 40 to 50 pledges given to Edson Sachson, Secretary of the Class of Nineteen Hundred and Seventy, and the committee will continue to make these pledges up your corresponding through your group committees. It is the hope of the committee that we may have a majority of the alumni as members of the committee. The committee will be appointed on May 18th for the coming academic year.

Whereas: The position of chairman of the Committee must be occupied by any member of the alumni who shall be elected by the Secretary of the Committee, therefore be it resolved:

First: That in the death of Lieut. George Downes, '10, the alumni of the class of Nineteen Hundred and Ten to Nineteen Hundred and Twelve, are hereby called to meet at the present maintenance. Any surplus from the maintenance fund and put them through ten days of pre-

Second: That we express to her friend and classmate Beatrice Fall Jenness, be it re-

Third: That these resolutions be inscribed upon the records of the Class of Nineteen Hundred and Ten and Twenty, and that a copy thereof be sent to her family and that a copy thereof be sent to the Scopes, the alumni of the class of Nineteen Hundred and Ten to Nineteen Hundred and Twelve, to be published in The New Hampshire.

Third: That these resolutions be inscribed upon the records of the Class of Nineteen Hundred and Ten and Twenty, and that a copy thereof be sent to her family and that a copy thereof be sent to the Scopes, the alumni of the class of Nineteen Hundred and Ten to Nineteen Hundred and Twelve, to be published in The New Hampshire.

The need of this scholarship is at least $3000.00. Pending the raising of this amount, the alumni to whom Memorial Field has been dedicated, provided a pre-

**RECEPTION TO 26 WELL ATTENDERS**

**Most Heartily Welcome**

**BIG GYM PACKED**

Confident Y.W. and Y.M.C.A. Programs mark 

**First New Hampshire**

The annual reception given by the Freshman class was held late in September, in the Great Hall of Dover. This was the last time Freshmen gathered in groups of their own, all of whom seem to enjoy this best of all college functions. Thus serving the "ery" each one was able to mingle with the entire student body as a group of individuals. The Freshmen were taken to dinner, after which they went to visit their roommates. Then they were entertained in the gymnasium, which helped to make the Freshmen more than at ease.

The short address of welcome by Mr. A. S. M. C. was given by Presidentpride on the new class. The President addressed the Freshmen and spoke of their future in the college. After the addresses and songs, refreshments were served and the reception of the evening was then opened.

The senior class, Abigail Meserve, '22; Ruth Freeland, '22; Ruth1 Evans, '22; Alice Fair, '22; Alice Fair, '22; Pauline Reed, '22; Doris Barker, '22; Pauline Reed, '22; and Elizabeth L. Wilson, '22, and Pauline Reed, '22, delivered the address of the evening, which was followed by songs led by Alice Saxton '23.

**THE NEW HAMPSHIRE, OCTOBER 3, 1922**

**THE LATEST**

**FRESHMAN CLASS ELECTS OFFICERS**

At the first meeting of the Freshman class, conducted in the gymnasium last week, the following class was elected to its officers: Class Secretary, Pearle Sargent '23; Class Treasurer, Pauline Reed '22; and Class President, Elizabeth L. Wilson, '22, and Pauline Reed, '22.

**Y. W. BACON BAT”**

**WELL ATTENDED**
