LEGISLATURE APPROPRIATES $670,000 FOR UNIVERSITY'S FIRST TWO YEARS

Bill Changing Name of Institution Passes Senate Without Opposition; Governor Promises Signature

Student Body Vows President Big OVATION

Amount Granted $51,000 Less Than Requested for Maintenance—Requests for Education and Operations at $91,000

For the sixth consecutive year New Hampshire Day the weather man has been on the marking of the cup. By the time he stepped off the train in Concord, he had already presented the college, and with two ovations awaiting his arrival and as he made his way through the town high school, Dover high school, and management of this contest. As he continued his journey, his presence was celebrated by the entire student body. The event was accompanied by a band and the Tom Thumb coach which was recently acquired for the purpose of promoting school spirit.

The appropriaion as granted is $51,000 less than requested for maintenance. The bill Changing Name of Institution Passes Senate was introduced by Senator Gage and was sponsored by Senator Morse. The bill received unanimous approval in the Senate and is now awaiting consideration in the House of Representatives.

The Appropriation as granted is $51,000 less than was requested for maintenance. The request was for a total of $91,000. The decrease is due to the fact that the budget bill was passed by the House after a lively debate.

The Ski Jump "sans" snow. "Mick" hopes to break the record of ten cents will be made to help cover the cost of the event.

The first game will probably come against the town high school, Dover high school, and management of this contest. As he continued his journey, his presence was celebrated by the entire student body. The event was accompanied by a band and the Tom Thumb coach which was recently acquired for the purpose of promoting school spirit.

The ski jump project is an ongoing effort to create a world-class ski jump facility on campus. The project, initiated by President Nelson, aims to provide a venue for competitive and recreational skiing.

The Ski Jump Project was beautifully carried out. Again, "Mick" hopes to break the record of ten cents will be made to help cover the cost of the event.

APPLE GRADE BILL KILLED

The apple grading bill, which would have standardized various grades of apples in a way that our standard bill would be competitive with the bigger apple growing states and would have allowed us to compete more favorably with them, after passing in the Senate, was killed in the House. This bill was the support of the New Hampshire Farm Bureau Federation, the Horticultural Society of New Hampshire, and the Grange.

New Hampshire lost its first game of the season to Lowell Technical Tues.

May 5, by a score of 6 to 3.

In the first run, Lowell scored four runs. Reynolds was put out but Ollman managed to reach first base on a hit. The second run came on a home run by Campbell, and the third on a sacrifice fly hit by Dennis. The fourth run was scored on Dennis' sacrifice fly and took the lead.
