...and continue to Cordova.

Next Wednesday morning at eight, the record number of the Lyric, Bury, will be played by Mr. Robert Langer, baritone, and Frederic Shaw, tenor, for an audience in the Lyric Club of any of the Famous Singers' Quartets. It is composed of some of the best numbers from the best-known operas. Mr. Langer has been for several years a member of the popular Westminster Club, and Mr. Shaw is a prominent member of the New York Choral Society. He has been with Mr. Langer for a few years, and has mastered the music with a skill that makes him a favorite among American audiences. His work is characterized by a purity of tone and a mastery of his art that make him a favorite with American audiences. THE NEW HAMPSHIRE, FEBRUARY 1, 1924.

THE VOTE

The New Hampshire has its own exchange list formed from college "Y" drives and from other college exchanges. It now has a greater number of members which it hopes to increase in the near future. The exchange list is open to all colleges, whether they are members of the "Y" drive or not. The exchange list is conducted by the "Y" drive in connection with other activities vital to the college life and is carried on by the "Y" drive members. It was formed during the course of the "Y" drive, and the running of the "Y" drive has been a great help in the exchange of information.

SPECIALIZATION KEY TO INDUSTRIAL COURSES

The industrial courses are divided into three main categories: agriculture, business, and engineering. The agriculture courses are designed to prepare students for careers in farming, horticulture, and forestry. The business courses are designed to prepare students for careers in accounting, finance, and management. The engineering courses are designed to prepare students for careers in civil, mechanical, and electrical engineering.

MIDTERMS COMING

The midterms are coming, and the students are preparing for them. The preparation includes studying, reviewing, and practicing. The students are also preparing for the upcoming "Y" drive, which is an important event for the college community. The "Y" drive is an important event for the college community, and the students are preparing for it by fundraising, preparing materials, and planning activities.

In the business of having a vote on the plan, we have seen no evidence of the spirit which moved the State of New Hampshire, but only of the spirit which moves the State of Maine. This is not to say that the votes of the State of Maine are of no importance, but it does show that the spirit which moves the State of Maine is not the same as the spirit which moves the State of New Hampshire.

SPOKESMEN OF THE TIMES

The spokesmen of the times are those who speak the truth and dare to express it. They are the voices of the people, and they are the conscience of the nation. The spokesmen of the times are those who have the courage to speak the truth, even when it is unpopular. They are the ones who have the courage to stand up for what is right, even when it is difficult. They are the ones who have the courage to speak out, even when it is painful. They are the ones who have the courage to lead, even when it is lonely. They are the ones who have the courage to be the spokesmen of the times.

THE NEW HAMPSHIRE, FEBRUARY 1, 1924.
